SCALED A PRECIPICE.

AND INFLICTED SLAUGHTER ON THE TRIBESMEN.

Another Desperate Fight in Northern British India—A Handful of Men Storm the Enemy's Stone Breastworks and Kill 70.

CALCUTTA, Dec. 29.—News from Gilgit, the most northern agency of British India, is to the effect that Lieut. Manners Smith at the head of a body of Kashmirs in the British service has scaled a precipice opposite Fort Nilt, and after a desperate fight with the Hunsea-Nagar rebels, drove them from behind the stone breast-works they had erected above the precipice, killing 70 of the enemy and wounding many others. The force under the command of Lieut. Manners Smith was about 100 men. When the necessary preparations were made, fire was opened upon the enemy by the supporting body, and under its cover the scalers sprang up the sides of the precipice. There was no resisting the attack of the Kashmirs. They clambored and scrambled up the sides until they reached the vicinity of the stone breastwork. There the lieutenant gathered his men together and led the way right up to the rebels' fortification and sprang over it, followed closely by the Kashmirs. Sword, knife and bayonet did the rest in short order. The British force only had four men wounded

The Khan of Nagar, utterly discouraged by this defeat, has submitted to the British military authorities and will be taken under escort to Simla.

The engagement is the result of instructions sent to Lieut.-Col. Durand shortly after the capture of Fort Nilt. The officer referred to was ordered to teach the chieftains of Hunsea and Nagar a lesson they would not soon forget.

PEERAGE FOR BORTHWICK.

High Honor About to Be Conferred on a Newspaper Editor.

LONDON, Dec. 29.—A peerage for a journalist. This is the latest rumor at the clubs. It seems that Algernon Borthwick, editor of The morning Post, has always been a favorite with the Queen-Empress and of her family.

When the Clarence engagement was announced Sir Algernon sent a gorgeous diamond bracelet as a gift to the Princess Marie, or Mary as most people call her. Now, it is said Lord Salisbury has suggested a peerage for the editor, and that he will receive the great honor, the first ever granted to a newspaper man.

PUT IN ONE COFFIN.

All That Was Left of Five Miners Entombed in a Yorkshire Colliery.

LONDON, Dec. 29.—The bodies of five miners were recovered from a pit at Castleford, Yorkshire, which has been on fire for a fortnight. The bodies were so cremated that the ashes hardly filled a bucket. The remains were buried in one coffin.

ITALY AND FRANCE.

Two of the Powers to Arbitrate the Behring Sea Dispute.

WASHINGTON, Dec. 29.—It is believed that the court of arbitration in the Behring Sea case will be announced soon. The United States Government will select France and it is believed that England will select Italy. These powers will select a third.

Sir William White Dies of Grip.

BERLIN, Dec. 29.—The Right Hon. Sir William Arthur White, British ambassador to Turkey, died from influenza at the Kaiserhof in this city yesterday. Sir William was a son of the late Arthur White, and was born in 1824.

Collier, the Composer, Dead.

LONDON, Dec. 29.—Alfred Collier, the composer, is dead. He had been suffering from influenza about two weeks, and on that account was unable to finish the orchestration of "The Mountebanks."

More Pilgrimages to Rome.

ROME, Dec. 28.—The Catholic pilgrimages to Rome, which were interrupted by the incident in the Pantheon, when a French pilgrim insulted the memory of Victor Emmanuel, will be resumed after Easter. The first pilgrims will come from Spain, Austria and Germany, and French pilgrims will follow in April.

Russian Crop Reports.

ST. PETERSBURG, Dec. 29.—The Ministry of Finance has issued a report regarding the condition of the winter wheat crop recently sown. According to this report the condition is satisfactory in the whole of the Russian provinces in Central Asia, including many of the famine stricken districts. In northern Russia and in the Crimea the crop is in a medium condition, while in southern Russia, below the latitude of 52 degrees, it is unsatisfactory.

Burial of the Duke of Devonshire.

LONDON, Dec. 29.—The burial of the Right Hon. William Cavendish, the Duke of Devonshire, Lord Hartington's father took place to-day in Edenser churchyard. Earl Spencer and a number of other Liberal peers and members of the House of Commons were present. The floral offering included a wreath sent by Queen Victoria.

Romance of a French Count.

PARIS, Dec. 29.—The Count of Aranales who died a few weeks ago and left a large estate, experienced a real romance. He was wealthy and enjoyed great honors but was one day caught in a rain without an umbrella. A pretty young sewing girl offered him shelter. He fell in love and they were married and lived happily for six years ago when she died. The count never fully recovered from the shock and lived a lonely life thereafter.

A Big Seventeen-Year-Old Boy.

CUMBERLAND, Md., Dec. 29.—William W. Wittig, the biggest boy in Maryland, celebrated his 17th birthday anniversary at his home in Frostburg, Allegheny county, to-day. Throughout the county he is looked on as a giant. He was born in Baltimore. With his parents he moved to Frostburg in March, 1876. For the last two years he has been growing at the rate of half an inch a month. His height is 6 feet 4½ inches and he weighs 185 pounds. He wears a No. 7½ hat and a No. 11 shoe. His hands measure 13½ inches around the knuckles when closed. His chest measure is 44 and his wrist measure 41 inches. He has always enjoyed excellent health and possesses an enormous appetite

Children Cry for Pitcher's Castoria

TRAGEDY IN OTTAWA.

YOUNG MARRIED WOMAN FOUND DEAD IN BED.

Killed on the Railway—Death From Exposure—Drowned While Skating—Death Came Suddenly to Many Ontario People Yesterday.

OTTAWA, Dec. 29.—In a house overhanging the Rideau River yesterday lay a young married woman in bed with an empty bottle, which had contained carbolic acid, between her teeth, with black marks and bruises all over her arms and body, cold in death. By her side lay her husband, who on wakening gave the alarm and now the city detectives are working up the case. Lon Labelle, the unfortunate woman's husband, is a son of the late Captain Labelle, who represented Richelieu in the Dominion Parliament for some years, and was employed as clerk in the Secretary of State department until about a year ago, when he was transferred to the Printing Bureau to look after the type-setting machines. His wife's name was Flannigan, one of three girls who were well known and bore a respectable name in the city. Labelle came home late last night and, to use his own words, "Pretty full." He went to bed beside his wife and when he awoke early this morning found her cold and dead. This is all that he knows. On the empty bottle, marked poison, was the wife's own name, "Mrs. Labelle," which showed that she had purchased the carbolic acid from Walker's drug store, Rideau-street. The body when found this morning was naked.

Whisky, Exposure, Death.

ST. WILLIAMS, Ont., Dec. 29.—While out hunting yesterday Culver Smith and James Becker discovered in N. Newkirk's woods, about a mile west of here, the body of William Underhill, who has been employed cutting bolts in this vicinity for J. A. Sees.

Deceased was a bachelor, 45 years of age and lived alone. He was last seen alive on Friday, walking on the railway track on his way home from Port Rowan. He had been drinking and died from exposure.

Drowned While Skating.

BOWMANVILLE, Dec. 29.—While some boys were skating on Vanstone's pond yesterday, Walter Fogg, aged 11, son of Mr. John Fogg of the Upper Canada Furniture Factory, broke through the ice and was drowned. Fogg hung to the ice, but his hands became numb, and losing his hold the current carried him under. The body was recovered.

Through the Ice.

MINDEN, Ont., Dec. 29.—Mrs. E. B. Munn was drowned late Sunday evening in South Lake, about three miles from here. She was on her way home with her husband from visiting a neighbor and both walked into a large air hole in the ice. Her husband escaped but was unable to save his wife.

Still Another Victim.

CHARLESTON, Ont., Dec. 29.—Alexander Smith, aged 30, school teacher, a passenger from Toronto to Charleston on the Toronto, Grey and Bruce, jumped from the train at Caledon. One leg was drawn under the wheels and mangled below the knee, while the other leg was broken at the thigh. He may recover.

Another Sad Honeymoon Ending.

ORANGEVILLE, Dec. 29.—The funeral of Mrs. F. R. Parker (nee Miss Emily Island) took place yesterday. Six weeks ago she was married to F. R. Parker, assistant teacher of the High School here.

Hanged Himself to a Tree.

BRADFORD, Ont., Dec. 29.—Yesterday the body of a man named Begree, who has worked as a laborer with Mr. C. W. Magee, farmer of West Gwillimbury, for the past two years, was found hanging from the limb of a tree in the bush adjoining Mr. Magee's farm. The man disappeared about two weeks ago. No cause is given for the rash act.

Killed by a Train.

CHATHAM, Ont., Dec. 29. — Adelbert Brown attempted to cross the G.T.R. track at Louisville when he was struck by a train and killed.

THE BYE-ELECTIONS.

Personal Charges Against the Halifax Members Dismissed.

HALIFAX, Dec. 29.—The personal charges against Messrs. Penny and Stairs, [Conservative M.P.'s] were withdrawn yesterday and the court adjourned till next Saturday, the respondents having admitted an illegal act that renders the election void.

Carling Will be a Candidate.

OTTAWA, Dec. 29.—Hon. John Carling, who is a member of the Senate and holds the portfolio of Agriculture, will be a candidate at some one of the bye-elections, as he desires to strengthen his position in the cabinet by sitting in the House of Commons

Hon. Mr. Dewdney denies that he has been offered the Lieut.-Governorship of British Columbia.

OTTAWA, Dec. 29.—The Government seems to be determined now to rush the bye-elections and get them over in plenty of time before the meeting of Parliament. The writ for Glengarry has been issued and nomination will take place on Jan. 7, polling on the 14th. Major McLennan, the late member, will be again the Conservative candidate.

Dismissed With Costs.

WINDSOR, Dec. 29.—South Essex protest to unseat H. W. Allan (Liberal) came up before Judges Falconbridge and Street this afternoon and was dismissed with costs.

In Mr. German's Constituency.

ST. CATHARINES, Dec. 29.—The Welland County Liberals hold a convention at Crowland to-day to select a candidate for the House of Commons, made vacant by the unseating of Mr. German.

The Writ for Lincoln.

ST. CATHARINES, Dec. 29.—A local paper announces to-day that the writ for the election in Lincoln has been issued and that the nominations will take place on Jan. 14 and elections on Jan. 21.

A Berlin Tavern Burned.

BERLIN, Ont., Dec. 29.—At an early hour yesterday the Commercial Hotel was destroyed by fire. The loss is about $5000, nearly covered by insurance.

Fire at Collingwood.

COLLINGWOOD, Ont., Dec. 29.—Last night fire destroyed the dwelling of W. Carmichael in West Oak-street. Cause, explosion of a lamp.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

The Daily Examiner is delivered to any part of the Town for 10c. a week, 25c. a month, $2.00 for six months.

Daily Examiner.

TUESDAY, DECEMBER 29. 1891.

South Monaghan.

Fatal Accident to the Son of a Former Resident.

From the Auburn, N.Y. *Bulletin* are taken the following particulars of the sad death of a little son of Mr. Wm. Sandham, a former resident of Frazerville:

"William Alexander Sandham, the 7 year old son of William Sandham, of Bradford street, who was injured by being struck by an electric car on Owasco street Sunday afternoon, died at the city hospital at 11 p. m. yesterday, about thirty hours after the accident. It is the first fatal accident on the road.

Coroner Baker empanelled a jury consisting of N. H. Kennedy, E. R. Gardner, J. Lee Bandy, Abel H. Clark, James Bruce, E. B. Ives, Frank Phelps, E. C. Stanley, and an inquest was held at Talisman's undertaking rooms this afternoon.

Dr. E. S. Foreman, one of the physicians who conducted the post mortem examination, testified that he found some post mortem changes along the back. Found a general abdominal peritonitis. A rupture in the intestines which was undoubtedly caused by the collision with the car.

Dr. Green, who attended the boy immediately after the injury, said the boy said that he tried to run across in front of the car and he slipped and it hit him. He was suffering from a broken arm and internal injuries. He advised that the boy be taken to the hospital.

Joseph Hodgson, the motor man, described the accident as given in yesterday's *Bulletin*. He thought the car was running four miles an hour.

On questioning by Mr. Clarke, Mr. Hodgson said his schedule time was twenty minutes and the distance two miles and a half.

"That's seven miles and a half an hour," said Mr. Clarke.

On a question by Coroner Baker, Mr. Hodgson said the running schedule fixed by the city was not to exceed eight miles an hour.

Omemee.

(*From Our Own Correspondent.*)

Very dull, gloomy weather for Xmas.

The Methodist church soiree and concert are the attractions here.

Large numbers went up to the nominations at Lindsay, Mr. Thos. Walters was unanimously chosen by a large and enthusiastic assembly to contest Mr. Fairbairn. Many old Conservative farmers will support Mr. Walters this election for the first time, owing to the binding twine grievance, if for nothing else.

A large number from here attended the Peterborough Xmas market. They returned home well pleased with the prices obtained for their produce.

The first of January concert, under the auspices of the Presbyterian church, Omemee, promises to be a grand success. Mrs. Rose-Emselie, elocutionist, of Toronto, late of Edinburgh, Scotland, and Mr. James Belfour, comic vocalist, are amongst the foreign attractions, besides the best local talent. Should there be sleighing large driving parties are expected from Lindsay and Peterborough to enjoy the concert.

Natural, prompt, effective, for sick headache, foul stomach, and all liver troubles, Wm McGales Butternut Pills, they contain no mercury. Price 25 cents. dw

Children Cry for Pitcher's Castoria.

GOUGH BROTHERS
SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know that you know where you can get the values. Fair Dealing makes Fast Friends. We have had ample proof of this, and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the requirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be bettered than by your buying! A noticed point is to get value! This you can positively receive by buying your

Overcoats, Suits, Silk Mufflers, Ties, Slippers, Boots and Shoes, and Overshoes,

at our Great Sale now on. Make a Christmas Present of an Overcoat to Brother, Husband or Lover.

GOUGH BROTHERS wish their Thousands of Customers (and every Customer is a Friend) a Cheerful, Bright Christmas, and a Happy, Prosperous New Year.

GOUGH BROS,.

THE WONDERFUL CHEAP MEN, - - - - - PETERBOROUGH, TORONTO, BRANTFORD

Cavanville.

(*From Our Own Correspondent.*)

School closed on the 22nd inst., with a public examination. A great many of the friends of the pupils were present, and were entertained by the pupils and teacher. Mr. Whittington, ex-teacher, was there, and helped in the examination of the pupils. When the preliminaries had been gone through with a short programme was then taken up. It consisted of recitations and kindergarten songs by the pupils interspersed with a few instrumental selections by the Mount Pleasant orchestra. Near the conclusion the prizes in the writing contest, were given to the successful pupils.

The fourth division prize was given to Master Arnold Cook; it was a double set of ink-wells resting on a mounted frame; Miss Lila Graham won a copy of Mrs. Heman's poems as the prize for the third division, while Cassie Bullen was awarded a stylographic pen as the prize in the second division. In the junior second Master Roy Lough won the prize; in senior part second Ella Graham; in junior part second Oscar McGill; in part one Laurette Watt. The prizes were given by the trustees, Messrs. W. H. Lough, of Ida, J. J. McGill, of Cavanville and the teacher. The afternoon's diversion was pleasant to all, and seemed to be especially so to the pupils. The average daily attendance for 1891 was 52. School re-opens on Jan. 4th.

Pale and sallow cheeks mean disease and a premature death. Rosy cheeks are emblematical of long life. The use of Dr. Williams' Pink Pills builds up the blood and nervous system, and never fails to leave rosy cheeks. Try them.

Once Used, Always used.

This is a fact as regards Dyer's Jelly of Cucumber and Roses from its wonderful efficiency in curing chapped hands and making the skin smooth and soft. Druggists keep it. W. A. Dyer & Co., Montreal. 6d125

PERFECTLY RESTORED!

"I intended to let you know results of treatment, but thought I'd best wait, and after five months I must say, that I am thoroughly satisfied that I was perfectly restored to health, both as regards physical and nervous vigor, and I may also say, that I am engaged at work for the last five months, which I never could have stood but for your treatment."

The original of above letter is on file in our office. It is No. 81 in a collection of over 2,000 similar letters from actual patients. We have a

A POSITIVE CURE

For Lost or Failing Vitality; General and Nervous Debility; Weakness of Body and Mind, Effect of Errors or Excesses in Old or Young. How to enlarge and Strengthen Weak, Undeveloped Organs and Parts of Body. Absolutely unfailing Home Treatment—Benefits in a day. Men testify from 50 States, Territories and Foreign Countries. You can write them. Book, full explanation and proofs mailed (sealed) free. Address

ERIE MEDICAL CO.,
BUFFALO, N.Y.

DR. JAMES' NERVE BEANS

NERVE BEANS are a new discovery that relieve and cure the worst cases of Nervous Debility, Lost Vigor and Failing Manhood; restore the weakness caused by early or adult consequent by over-work, or the errors and excesses of youth. This remedy absolutely cures the most [illegible] and all other Troubles. Have [illegible] to relieve. They do not, like other preparations advertised for Lost Manhood, etc., interfere with digestion; but impart new life, strength and energy in a quick and harmless manner, peculiar to themselves.

Sold by druggists at $1.00 per package, or six for $5.00, or sent by mail on receipt of price. Address The James Medicine Co., Canada Life Bldg, [illegible] Peterborough by G. A. WHOLEY, 348 George St. Write for pamphlet. 1yd76w40

Cook's Cotton Root
COMPOUND.

Springville.

(From Our Own Correspondent.)

The blacksmith trade has been materially increased by Mr. Joseph Tully, who has reduced the price of new shoes from thirty to fifteen cents. Mr. Tally has a first class horse-shoer engaged and is building up quite a trade. Any person having his horse or his ox travelling without shoes should be liable to a fine, when shoes are so cheap.

The tea and entertainment held in the town hall on Tuesday evening, 22nd, under the auspices of the Union Sunday School, was a decided success. Tea was served from six to eight o'clock, after which a varied and lengthy programme was admirably rendered. The singing of Mr. H. Preston, of Bethany, was a very attractive feature of the programme, he being encored repeatedly; also the dialogue, "Visit to the Oil Regions." The acting of Mr. F. Wilson, as "distant relation," furnished the audience much amusement, the character being well represented. Notwithstanding the unfavourable weather there was a large audience.

PROGRAMME.

Song	By the school
Speech	By the Chairman
Recitation	Irene Walter
Solo	Mr. H. Preston
Reading	Mr. Whitfield
Song	By the children
Reading	Mr. Brown
Dialogue	"Scene in a backwoods school."
Solo	Mr. Steer
Reading	Mr. Middleton
Dialogue	"A visit to the oil regions"
Solo	Mr Preston
Reading	Mr. Stacey
Recitation	Robbie Walter
Reading	Mr. Brown

God Save the Queen.

Miss May Campbell of Warsaw, a former popular teacher was in attendance renewing old acquaintances. Much credit is due the ladies who furnished the elaborate spread; but special credit is due Miss Brown, Misses McRoberts and Miss Batter for their untiring efforts which the success of the entertainment is due to the gross receipts which amounts to twenty six dollars.

Mount Pleasant.

(From Our Own Correspondent.)

Christmas was rather verdant in our town; the day assumed much the appearance of an ordinary Sunday, although no service was held in our churches.

Mr. Herbert Smith has returned from Dakota. He looks haggard from his last illness, but we expect he will be like himself again soon. His many friends were pleased to see him back again.

David Best, of Queen's College, is home on his vacation. He looks very well, and we presume hard study is congenial.

Walter McLean has been confined to his room for a few days with a severe attack of neuralgia.

Dr. McKinnon spent Christmas at his home.

Geo. Jamieson is holidaying in Muskoka.

The Orangemen of No. 46, held a basket social and dance at the residence of Mr. Richard Bloxom on the 23 d inst. Although the weather had been unfavorable, a good house greeted their efforts and the venture proved a fair success.

Miss Emma Smith has been spending a few days at Pontypool.

Miss Shields, of Dakota, is visiting in our village.

Douro.

(From Our Own Correspondent.)

The pupils of school section, No. 3, Douro, at the close of the term on Tuesday of last week made a handsome presentation to their popular teacher Mr. Robert Armstrong. The pupils esteem their teacher very much and Mr. Armstrong, during his two year term, has advanced the interests of the pupils very materially, as well as satisfying the ratepayers of the section.

Most case of consumption are of catarrhal origin, and death follows inevitably. Catarrh can positively be cured by Nasal Balm. Thousands who have been restored, testify to its merits. Try it. dw

Good Advice.

DEAR SIRS—I have been troubled with headache for over forty years, and had it so bad about once a week that I was sometimes not expected to live. I was advised to use B.B.B., and have used 3 bottles. I now have an attack only once in four or five months, and feel that if I continue using it I will be entirely cured. Therefore I recommend it highly.

Mrs. E.A. STOREY, Shetland, Ont.

CHRISTMAS THOUGHTS.

Copyright, 1891, by American Press Association.

From heaven to earth at night's high noon
There flashed a ray of sacred fire,
And Nature's voice was all a-tune
With songs of sweet desire.
O wondrous night! O holy morn!
When peace and harmony were born!

The anthems of all nations ring
Over the seas from shore to shore;
The song the Christmas joy bells sing
Echoes forevermore.
O Christ, to think Thy baby hands
Could grasp and hold so many lands!

May joy abide in every breast!
May loving thoughts and kindness sway
The souls of men to quiet rest,
For Christ was born today!
Let bitterness and envy cease,
And all His children be at peace!

O spirit of this Christmastide,
Abide with us, and give us power
To conquer upon every side
The battle of life's hour.
And grant that we may know with Thee
The immortality!

HELEN S. CONANT.

Christmas Mottoes.

It is the blessed Christmastide,
The Christmas lights are all aglow.
—Whittier.

Above our heads the joy bells ring,
Without the happy children sing.
—Whittier.

Kindle the Christmas brand, and then
Till sunne-set let it burne.
—Herrick.

Give the honour to this day
That sees December turn'd to May.
—Herrick.

Let winter breathe a fragrance forth
Like as the purple spring.
—Herrick.

The neighbours were friendly bidden,
And all had welcome true.
—Old Song.

A man might then behold
At Christmas, in each hall,
Good fires to curb the cold
And meat for great and small.
—Old Song.

The Price Reduced.

Persons who may be undecided what to purchase for a Christmas present will be interested to know that a locomotive which cost $30,000 ten years ago can be bought today for $9,000. A reduction of $21,000 is a big item to consider when selecting a Christmas present.—Norristown Herald.

Harsh purgative remedies are fast giving way to the gentle action and mild effects of Carter's Little Liver Pills. If you try them, they will certainly please you. dw

Peterborough Bookstore Holiday Competition.

The public will kindly note that this competition closes with the present year—at 12 o'clock midnight on Thursday. The jar will be opened, the contents counted and the prizes awarded as soon thereafter as is possible. Those who wish to participate in the competition should take advantage of the opportunity before Thursday midnight next.

An Unusual Midwinter Incident.

The EXAMINER had the pleasure of encountering Mr. Gordon Mowat—"Moses Oates." Very naturally the conversation opened with reference to the weather and Moses touched bottom at once. He mentioned an unusual thing he saw on the streets this morning—men planting trees in the street in front of the Snowden House. This was most unusual, Mr. Oates said, but a "green Christmas" was a more frequent thing than was generally supposed. "I was looking over my records the other day and I noticed that one out of every eight Christmases is without snow, and there have been since 1852 eighteen green Christmas days."

Good News for Christmas.

Wm. C. Kirk, the only professional tea taster in Peterborough, thanks his numerous customers for their patronage up till now, and begs to state that he has received a consignment of Ceylon tea from the famous gardens of Ocnougabola, Scarbro and Mocongabola. These he has blended together and they form a perfect tea. For a Christmas present the price will be low—50c. per lb. Call at his place in Ashburnham or ring up No. six Ontario telephone. d135

For Groceries, Fine Wines and Liquors, dw

THE MAYORALTY.

The selection of mayor for a town of the growing importance of Peterborough is a matter that should be decided without reference to any other consideration than the fitness of the candidate for the proper and faithful discharge of the duties of the office, and in this respect Mr. Davidson fills the bill so exactly, that the right-thinking ratepayer can have little hesitation in giving him his support. It is especially important that during the coming year there should be a man in the Mayor's chair who has business ability, as Mr. Davidson has, to grasp the situation and meet matters and emergencies as they may arise. We shall have as live questions the coming year—the street railway question, the sewerage project, the extension of streets, and other important matters, and Mr. Davidson has shown, by his past record, that he is competent and qualified to deal with the various issues arising out of the prosecution of these matters in a business like and workmanlike manner. As he has been in the past, he will be always on hand ready to consult with his colleagues and to watch the interests of the town. He has a material stake in every ward in the town, and it will be to his interest to have the affairs of the town capably and efficiently managed. Mr. Davidson, is steady-going, cautious, not given to flights of fancy, and will keep a vigilant eye upon every interest of the town. He is able to discharge the duties of Mayor, as shown by his past record, and, also, judged by the same standard, he is willing to devote his time and energy to the performance of the onerous and responsible duties that the position of mayor demands. Mr. Davidson is meeting with great success in his canvas, and is receiving encouraging assurances of support from every quarter. Ratepayers who desire a capable careful and efficient man who is both able and willing to work for the promotion of the interests of Peterborough will accord Mr. Davidson their hearty support.

The Jubilee Singers

Give a Successful Concert in Town—A Good Audience—A Musical Treat.

Notwithstanding the counter attractions in town last evening, a large and appreciative audience gathered in the Charlotte st. ct Methodist church to hear the Canadian Jubilee Singers.

The troupe consists of 8 voices, these singers being descendants of parents who took refuge in Canada in the time of slavery in America. They have now been on tour five seasons, singing in all the principal towns and cities of Canada, being well received in all these places, and also singing in the various towns and cities of the old country, receiving there flattering press testimonials.

THE PROGRAMME OPENED

with the "Jubilee Greeting," being excellently rendered by the whole troupe. A noticeable feature of this performance was the harmonious blending of the different voices. Following this came "Steal Away to Jesus," and the "Lord's Prayer," by the company, after which the solo, "The Better Land," was given by Mrs. W. Lightfoot, in very sweet voice. To this succeeded "Heaven is Shining," "Swim Out and Shout for Glory," by the troupe, and a mixed quartette, "Mary had a Little Lamb." The next numbers were, "Move Along," by the company, and a baritone song and chorus, "No Night in Heaven," by Mr. W. Carter. This was exceedingly well rendered, the first part of the programme concluding with the chorus, "Ding Dong Bells."

During the intermission an instrumental selection was given in good style by Mrs. Carter, Mr. J. Carter, and Mr. J. E. Lightfoot. The second part of the programme opened with the "Class Meeting Hymn," followed by "Where is He?" and "Have you got de Glory?" by the troupe, succeeding which the boy basso, Jimmie Lightfoot, gave a bass solo, "The Hermit," in splendid voice. The remaining numbers were "Keep Moving," "The Tyrolean Ducks," "Swingdoo Gatepajer," "Mary and Martha," "All Hail the Power of Jesus Name." The whole concluding with the chorus "Breeze of the Night."

The audience appeared to be well satisfied with the programme presented, and signified the approval by applauding the various numbers. The Jubilee Singers have received an invitation to repeat their visit, and will at some future date again appear before a Peterborough audience, when it is hoped that a larger number of the townspeople will avail themselves of the opportunity of hearing them.

There have appeared from time to time in the EXAMINER during the past year accounts of remarkable cures in various parts of the Dominion. In each case the circumstances connected therewith had been investigated by well known newspapers, and there could be no doubt as to the entire reliability of the accounts given. Perhaps the case that attracted most attention was that of Mr. John Marshall, of Hamilton. This was not, perhaps because his case was any more remarkable than others, but because it was attended by some other peculiar circumstances that served to emphasize it in the minds of the public, as for instance the fact that he had been pronounced absolutely incurable by a half score of clever physicians, and was actually paid the $1,000 disability claim allowed by the Royal Templars of Temperance. Elsewhere in the issue is given the particulars of a cure in Cape Breton, which is quite as remarkable as that of Mr. Marshall. The particulars of the case are taken from the Halifax *Herald*, but they are also vouched for by Mr. Richardson, the editor and proprietor of the *Island Reporter*, Sidney, C. B., who says that in not a single particular is the story overdrawn. We fancy we hear some reader say, "Oh pshaw! this doesn't interest me." But it does. The story as told in Saturday's issue is worth reading, and we will guarantee before you are through with it you will be thoroughly interested.

Butter.

A few tubs and kegs of first class Butter; also a lot of Potatoes and Apples, selling very cheap at J. KINCAID'S, 326 Market Building. dtf

BIRTH.

TROMBLEY—In Peterborough, on Saturday, Dec. 26th, 1891, the wife of N. Trombley of a daughter.

Masonic Matters.

List of Officers for 1892—Address and Presentation—Installation of Officers.

The annual installation of the Masonic officers of Corinthian and Peterborough lodges took place on Monday evening in the Masonic hall, Water street. The newly elected officers were installed by R. W. Bro. Benj. Shortly, assisted by R. W. Bro. E. H. D. Hall, V. W. Bro H. C. Winch, and W. Bros. H. Rogh, W. Thompson, E. A. Peck, W. Brandrette and W. Martin. There was a very large attendance of the fraternity, including the local members and visitors from a distance. Following are the officers installed:

CORINTHIAN LODGE 101.

Bro. T. Joy	Tyler

PRESENTATION.

At the conclusion of the regular business V. W. Brother Charles Cameron read the following address:—

Benj. Shortly, Past Master Peterborough Lodge No. 155, P. D. D.G.M., Ontario District No. 12.

DEAR SIR AND BRO. — Your Masonic Brethren in Peterborough, to mark their appreciation of your long and faithful labors in promoting the interests of the Craft by every means in your power have had in contemplation their desire of conveying to you in some substantial manner their recognition of such valuable services.

It is not too much to say that since you were first received into the Order you have steadily persevered in not only perfecting yourself in the various degrees through which you have passed, but at the same time have been always ready and willing to extend light and knowledge to your uninformed brethren.

In addition to your having filled the highest offices in the gift of your brethren in Peterborough, you were unanimously elected to that of District Deputy Grand Master of the Ontario District No 12, on two successive occasions, during which period you have officially visited each lodge in your said district, which we doubt not were greatly benefitted by your efforts on their behalf.

In recognition of such valuable services we have great pleasure in asking you to accept this Past Master's Jewel, and long may you be spared to wear it with pleasure to yourself and credit to the order.

Signed on behalf of the brethren,
R. W. MCFADDEN, W.M.,
Peterborough Lodge No. 155.
THOS. A HAY, W.M.,
Corinthian Lodge No. 101.

At the close of the address R.W. Bro. E. H. D. Hall, on behalf of the the Masonic fraternity of Peterborough, presented Bro. Shortly with a magnificent past master's jewel. This beautiful piece of workmanship is of solid gold, and is suspended from three gold clasps bearing the words in order, in gold letters in blue enamel, "Peterborough Lodge, No. 155." From the clasps depend a gold square, with the all seeing eye in the angle of it. From the arms of the square hangs a Masonic insignium containing on its face the 47th problem in Euclid. The whole jewel is beautifully hand chased, and artistically engraved, and is the finest piece of this kind of work ever presented in Peterborough. The obverse side of the square bears this inscription:

"Presented to R. W. Bro. Benj. Shortly, P. D., D. G. M., Ontario District, by the Masonic fraternity of Peterborough, Dec. 28th, "1891.

A splendid setting for this jewel is the rich Morocco case lined with blue satin. The jewel and case were supplied by Messrs Clarke & Gibson, jewellers of this town and reflect credit upon their skill and taste.

The address was beautifully illuminated, and written in Old English characters. Tasteful columns adorned each side of the address, and the top and bottom bore emblamatic designs of the order. It was the handiwork of Bro. A. McCallum, designer with the Wm Hamilton Manufacturing Company The address was framed in handsome mouldings by W. Bro. D. Bengough.

The gift is a graceful mark of appreciation of the many services rendered the craft by Bro. Shortly. He was very deeply moved by the fraternal surprise sprung upon him and thanked the brethren cordially for their handsome gift, and more highly prized words of commendation

The brethren afterwards adjourned to the refreshment room where a pleasant hour was spent in the usual manner.

At the regular meeting of J. R. Hall lodge No. 145 A. F. & A.M. G.R.C. held at Millbrook on Monday evening, 28th Dec., the festival of St. John the Evangelist, the following officers were installed for the ensuing year by W. Bro. J. O'Donnell P.M., assisted by R. W. Bro. Dr. Turner, and V.W. Bro. J. C. Kells P.M.

W. Bro. J. H. Armstrong	W.M.
W. Bro. J. W. Fisher	I.P.M.

" R. Reid	J. W.
" Rev. W. R. Young	Chaplain
" E. J. Disk	Treas.
" W. T. Wood	Secretary
" R. H. Rogers	S.D.
" W. S. Pickup	J.D.
V. W. Bro. J. C. Kells	D. of C.
" D. Sutton	Stewards
" Dr. H. A. Turner	
" H. McCamsey	I. G.
" W. Pearcey	Tyler

18 Pounds of Blood

Is about the quantity nature allows to an adult person. It is of the utmost importance that the blood should be kept as pure as possible. By its remarkable cures of scrofula, salt rheum etc., Hood's Sarsaparilla has proven its claim to be the best blood purifier.

For a general family cathartic we confidently recommend Hood's Pills. They should be in every home medicine chest.

The Old Originals.

The original Fast Jubilee Singers (Loudin Troupe) will appear in Burnham's Opera House, on Tuesday, January 12th.

It will pay you to watch for the REFLEX!

From Judaism to Christianity.

Mrs. Beaver Gives the History of Her Conversion—Afternoon Meetings for Christians.

Mrs. Beaver held the first of her afternoon meeting for Christians in the Y.M.C.A. hall yesterday afternoon. The hall was well filled by 4 p. m., the time of the meeting, and the lady evangelist gave a very helpful and inspiring address, taking as her subject, "The Holy Ghost as Regards Christians." The address was listened to with great attention and was much appreciated by the assembled people. These afternoon talks to Christians are to be continued on each afternoon of the week from 4 to 5 p.m. and will no doubt result in great joy and comfort to believers.

MRS. BEAVER'S CONVERSION.

The evening meeting was held in the George street Methodist church, which was filled with people who were anxious to hear the story of the converted lady's conversion from the darkness of Judaism to the light of Christianity.

Mrs. Beaver gave a brief resume of her previous life, how she had after going to Melbourne, Australia. It was in this place she first met with her husband, who was a Christian, and it was a long time before she could bring herself to consent to an alliance with one of this (by Jews) despised creatures.

After a short but happy married life, she sustained a severe loss in the death of her husband, and it was sometime after this while studying the New Testament, that the truth of Christ, being the Messiah came upon her, as a

FLASH OF LIGHTNING.

The address was listened to with great intentness by the congregation, and all who were fortunate enough to be present enjoyed a great treat, and much blessing was received.

Mrs. Beaver speaks this afternoon to Christians in the Y.M.C.A. hall from 4 to 5 p.m. There will be public meeting tonight, but to-morrow night she will give an address to women and girls only, and on Thursday evening to men and boys only, on the subject: "Is there a hell? Is there a punishment after death? Is the punishment after death eternal?"

Personal.

Mrs. and Mr. Gilmour returned home from Montreal on Saturday. Mrs Gilmour's many friends will be pleased to know that her health has been considerably improved.

Mr. Geo. Hillinger, of the wire department of the Edison works spent his Christmas holidays in Toronto to some purpose. He returned home last night bringing his bride with him. Mr. Hillinger's many friends extend cordial congratulations on the occasion.

Mr. S. R. Payne, of Dummer, whose interest in dairy matters is shown by the fact of his being secretary of the Warminster cheese factory and also maker, being desirous of perfecting his knowledge of the subject, intends taking the dairy course in the agricultural department of the University of Wisconsin, of which Professor Babcock is one of the professors. Mr. Payne left on Monday, and will be absent till about the end of March.

A Rehearsal To Night.

There will be a rehearsal of the Philharmonic Society in the Y.M.C.A. rooms tonight at 8 o'clock. 1d

HOLIDAY COMPETITION.

Thursday is the Last Day for Guessing.

A Chance for You yet—For the Lady's or Gentleman's Gold Watch—And Silver Watch and Carving Set.

Tuesday is the last day for depositing your ballot and securing a chance of winning one the three splendid prizes offered of in the Peterborough Bookstore **Holiday Competition.**

The person marking his or her voting coupon with the number nearest to the exact number of beans, peas and nuts contained in the sealed jar in the show window of the Peterborough Bookstore, will receive the splendid, first quality, full jewelled, lady's or gentleman's **Gold Watch**, as he or she may select.

The person coming second nearest to the exact number will receive the gentleman's **silver watch.**

The person coming third nearest the exact number will receive the beautiful steel Sheffield **Carving Set.**

The counting of the articles in the jar and the voting ballots, will take place on Friday and the result (that is the prize winners) will be announced on Saturday evening and the respective prizes will be handed over as soon as called for.

The time for competing is short. Don't delay in calling at the Peterborough Bookstore and purchasing a dollar's worth of goods and getting a ballot, or a ballot for every dollar's worth of goods bought. Get your ballot and mark thereon your estimate of the number of articles in the jar, and if it is near enough to the exact number you will get one of the three splendid prizes.

Remember the competition closes on Thursday at midnight.

St Luke's Annual Sunday School Entertainment.

Presentation of Prizes—Complimentary Gifts.

The St. Luke's annual Sunday school entertainment and distribution of prizes took place yesterday evening in the school room. The room was beautifully decorated with flags kindly lent by J. J. Turner, and many potted plants in bloom added to the pleasing effect. Parents and children kept streaming in until the room was full to overflowing. Promptly at 8 p.m. the Rev. S. W. McCleary took the chair and called upon the Band of Hope for an opening chorus. This was followed by a very pleasing programme lasting about an hour in which the Sunday school children took a prominent part.

Next in order came the distribution of prizes under the supervision of the Rev. J. Hughes Jones, Assistant at St. Lukes. Over forty prizes in handsomely bound books were presented to those children who had, by good conduct, regular attendance, and well prepared lessons, been found worthy of such distinction.

Several other presentations took place. Col. H. C. Rogers, Superintendent, undertook this pleasing duty on behalf of the pupils and others. Miss Wilson, Miss Armstrong, and Mrs. Ward, teachers, were remembered by their pupils. Miss L. Long received a prize for—(here the words of the chairman were lost in the applause that followed.) The most important of these events, however, was a presentation to Mr. Bert Everett, the librarian. The only misdemeanor committed in the course of a long term of faithful service, as the speaker humorously remarked, was his getting married without consulting the rest of the teachers and officers. Even now they were prepared to forgive and forget if he would not do so again. In token of reconciliation he was presented on behalf of the teachers with an elegant dinner set. When the entertainment closed, many visited the infant class room to see the Christmas presents that had been given by the children to be sent to some of the poorer districts. A large collection of clothing, toys and books are on hand, and will at once be boxed up and sent away. The Sunday School is in excellent working order, has a good staff of teachers and commences the new year under very happy auspices.

The following is the prize list:

First Prize—Emily Shuter, Alice Tivey, Reggie Turner, Willie Armstrong, Annie Beattie, H. McWha, Bert Gerrans, T. Gerrans, Geoff. Pratley, George Mackie, Eddie Curtis, Bertie Pratley, Walter Ball, Edith Pratley, Sidney Tivey, Mary Long, Nellie Marshall, Emma Payne, Louie Scott, Mabel Scott, Edith Beattie, Walter Tighe.

Second Prize—Hettie Burnham, Frank Burnham, Achilles Turner, Webber Turner, Mary McWha, Minnie Lipsett, Mary Butcher, Bertha Bennett, Maggie Niven.

Third Prize—Maud Adams, Annie Peckenham, Nellie Carpenter, Willie Marshall, Helen Burnham, Robert J. Long, Lottie Ball, Jennie Scott, Eva Wood, Florence Butcher, Bruce Beattie, Claude Rogers.

Presentation and Address

Miss Dixon teacher of a Sunday School class in the George street Sunday School was presented Wednesday evening last with a handsome lady's companion by the scholars of her class in recognition of her kind services and instruction, accompanied by an address giving expression to their esteem, and wishing her a Merry Christmas and a Happy New Year. The address was signed on behalf the class by Misses Eva Cowie and Ethel McWhinnie.

Extra old Scotch, Irish and Canadian whiskies. Brandy, rum, gin, bottled ale, sweet cider, &c. Also a large and varied assortment of choice family groceries at moderate prices.

John Cameron,
dw Grocer, Wine and Spirit Merchant.

Who Stabbed Walter Kerr?

Preliminary Investigation at the Police Court—Wynn Elects to be Tried Without a Jury—Evidence Taken.

This morning at the police court Matthew Wynn was brought up on remand, charged with on the 15th of September last having maliciously wounded Walter Kerr by stabbing.

Mr. R. E. Wood conducted the case for the Crown, and Mr. E. B. Stone defended the prisoner. The prisoner elected to be tried by jury. The first witness called upon was

T. Cavanagh, who deposed that he kept the Cavanagh House. He saw Wynn twice on the day of the stabbing—about 3 and 4.30 in the afternoon. He also saw Kerr about 4 p.m. in the pool room. Wynn was taken to a box stall and left there; the door of which could only be opened from the outside.

Mr. McGill said that he boarded at the Cavanagh House. He rode a bicycle, which he usually kept in a box stall. On going to place his bicycle in the usual position about the 15th September, saw prisoner lying lying down. He had a farmer's bag with him and was covered with vomit. He (witness) placed his bicycle in another stall that night, and could not say whether he fastened the door of the first stall or not.

James Cavanagh gave evidence corroborating the statement of last witness, and testified to the shiftless character of Walter Kerr.

Wm Whelan and Thos. Norton gave evidence as to seeing Wynn in the hotel yard.

Timothy Patience, book-keeper at the hotel, was the next witness. He said he saw a man run out of the hotel yard on the night in question about 11.30 p.m. and go down George street—a man about the height of prisoner, but could not identify him, or describe his clothing. He then saw Walter Kerr come into the kitchen, out of the hotel yard, and asked him what he was doing there. Kerr replied, "the d—— b—— has stabbed me," and then went out and appeared to follow the man who had run down George street. Witness did not think Kerr was stabbed, and did not follow, but went into the basement to see if all was right. About half an hour after a man, came to the hotel for a lamp and told him Kerr was dying. He gave him a lamp and went down the street and saw Kerr lying on the sidewalk near the Custom building.

Jos. Gordon gave evidence to the effect that he saw Wynn in the police cell, and he told witness some one had attacked him in the hotel yard and taken some money from him. He did not accuse any particular person.

J. G. McDonald was the next witness. He saw prisonrr in police cell and was told by him that he had stabbed a man to save his own life. Two men had attacked him in hotel yard.

F. D. McKay said that he interviewed prisoner in the cell the following morning, and prisoner told him two men had attacked him in the hotel yard, one of them had him by the throat and they robbed him. He then drew his knife and stabbed one of the men.

Robt. Jamieson, Thos. Pratt and B. Lafort gave evidence as to finding Kerr lying on the sidewalk groaning.

Chief Boazel testified to the apprehending and searching the prisoner on whom was found the two-bladed knack-knife produced in court and stained with blood.

The trial was then adjourned until 2.30 p.m. at the hospital.

In the afternoon the magistrate and counsel together with the prisoner, met in the ward in which Kerr was lying.

The disposition was taken after which the prisoner having been cautioned, said he had nothing to say. Prisoner was committed for trial.

"Who said Hood's Sarsaparilla?" Thousands of people, who know it to be the best blood purifier and tonic medicine.

After Christmas What?

Why, a clean shave and fashionable hair-cut. To make sure you get the latest wrinkles in hair dressing, give the job to Billy Morgan, the tonsorial artist, near Commercial House, George street. d

Thanks to J. H. Adams.

As through him I have been freed from chills, biliousness, liver troubles, etc., etc. St. Leon Water did it; is the best medicine I ever found; is so good I tell all my acquaintances to go to your store in Brantford and get a supply. Truly, St. Leon is marvelous. A trial brings conviction. dw

Notice.

During the present week, Dec. 28th-Jan. 2nd, inclusive, all electric lights will be kept burning till 12.30 a.m.

The Mayoralty CONTEST.

To the Municipal Electors of the Town of Peterborough:

Ladies and Gentlemen,—At the request of a large number of the Ratepayers of the town I have accepted the nomination as a candidate for the office of Mayor of the town for the year 1892.

I fully appreciate the importance of the position, and the large responsibilities it involves, and am prepared, if honoured with your selection, to discharge the duties of the office with exclusive regard to the promotion of the material and moral interests of the town. I beg to submit that my experience of nine years in the Council as a representative of No. One Ward, and eight years at the head of the Finance Department, have given me an opportunity of learning the wants and needs of the town, and also the best means of meeting and providing for them. I unreservedly pledge myself if elected, to use my best endeavours to administer the affairs of the town with as full a regard to economy as is consistent with an efficient administration of civic affairs in all departments.

I shall use, as I have done in the past, every effort to promote the material interests of Peterborough. I shall consider it my duty to faithfully and fearlessly discharge every public duty which my position places upon me, and to deal in a progressive and public spirit with the several questions affecting the public interest which are likely to arise during the coming year, and in fine to deal in every way in my power with the great and growing interests of the town of Peterborough in a manner which their importance deserves.

I trust that my record for the past will be a guarantee for the efficient and diligent discharge of the duties of mayor if I am honoured with your confidence, which I again respectfully solicit

Your obedient servant,
R. S. DAVIDSON.

The Mayoralty.

To the Ratepayers of the Town of Peterborough:

Ladies and Gentlemen,—Learning that Mr. Stevenson has decided to retire from the position of Mayor, I am, at the request of a large number of Ratepayers, a candidate for the Mayoralty for 1892. The assurances I have received from ratepayers in all parts of the town and of all sections, are such as to cause me to feel that it is the desire of a large number of the electors, that I should offer myself for the position of Chief Magistrate of the town, and I respectfully ask the vote and influence of every ratepayer. As the time at my disposal before the election is too short to permit of my making a personal canvass of the town, I trust that this announcement will be accepted instead, and that my eight years record in the Council will speak for me to all who exercise the franchise. In municipal matters it is impossible to lay down a strict policy, as it is impossible, especially in a growing town, to know what the council may be called upon to deal with during the year; but I can safely say that if elected I will use my strongest endeavors to promote the best interests of our town and at the same time to hold within due bounds the expenditure of public moneys, and I will devote all the time necessary for the efficient performance of the duties of the office to that purpose. I am,

Ladies and Gentlemen,
Your obedient servant
JAMES KENDRY.

Peterborough, Dec. 28th, 1891.

REFLEX!

TO THE ELECTORS OF WARD No. ONE.

Having been strongly urged to accept the nomination of Councillor for this Ward, I have consented to do so. The support which I have been promised by so many of the influential ratepayers of the Ward, encourages me, if elected, to devote my time to the best interests of this Ward in particular, and of the whole municipality in general.

As the time is short before the elections, I will not be able to make a personal canvass of the ward, and therefore take this opportunity of soliciting your votes and influence.

Yours respectfully,
HENRY BEST.

Peterborough Dec. 29th, 1891. 4dlw

TO THE ELECTORS OF Ward No. Three.

Ladies and Gentlemen,—At the urgent request of a large number of ratepayers, I have accepted the nomination as Councillor for No. 3 Ward, and I ask your votes and support. If elected I pledge myself to place the advancement of the town's interests before every other consideration and to pursue a course that will meet the approval of all who wish to see straight and square dealing in the management of our civic affairs. I am

Your obedient servant,
W. B. FERGUSON.

" 27	35	35	Sold Off Board.	308
Between Oct. 27 & Nov. 10	5,350	5,350	Sold Off Board.	53,500
Nov. 10	800	800	"	7,600
" 17	97	97	"	923
" 19	4	4	"	38
	69,447	69,447		
	Total			$623,450

"2,500 boxes sold; 300 sold off Board.

You will notice that the difference in the prices at the different sales, goes to show the keen competition of the buyers to supply their customers, a circumstance which redounds to the benefit of the board. At the same time the factory men and salesmen will see how greatly to their interest it is to bring the products of their factories to the highest point of excellence, and that it is an indispensable condition, if they wish to command the best prices. While, no doubt, there are only a few factories that touch the highest or lowest prices, still the field is open to all and if a more uniform and superior quality of goods were placed on the market the advantage to the producer would be considerable in the aggregate, and the satisfaction and profit, which dealers would have in handling such goods, would establish a reputation and create a demand at more remunerative figures, which would in the long run prove that the adage, "what is worth doing is worth doing well," applies to cheese making as well as other departments of industry and human activity.

M. E. SANDERSON,
Secretary,
Peterborough Cheese Board.

Lindsay, Port Hope, Norwood and Hastings papers please copy.

Annual Cheese Meetings.

Annual Statements—Tabulated Reports of Work and Results.

CENTRAL SMITH DAIRY CO.

The annual business meeting of the Central Smith Dairy Co. was held December 16th at the Fourth Line Temple, when the auditors and secretary gave a report of the business done by the company for the season of 1891. The following is a summary of the report:—

	Lbs. Milk.	Average lbs. milk to lb. cheese.	Lbs. cheese.	Price.	Total price.
May	87,674	11 12	7,874	8.62	$ 674 90
June	184,924	11.14	16,599	8 59	1,426 47
July	180,292	11.33	15,905	8 81	1,401 75
August	143,319	11.28	12,705	9.81	1,249 59
September	125,131	10 82	11,561	9.64	1,115 41
October	74,948	9 85	7,612	9.62	731 89
Total	706,103	11 02	72,255	9.18	$6,600 01

The factory was in operation from 1st of May to 1st of November. Although there were fifty standards of milk less this year than last, after the company settling with the patrons and paying all expenses of the company, the directors were able to declare and pay a dividend of fifteen per cent. on the paid up capital stock of the company, leaving a surplus in the bank to the credit of the company to commence business next season.

JAS B McKWEN,
Sec.-treas.

NORTH SMITH DAIRY COMPANY.

The annual meeting of shareholders was held in the cheese factory on Dec. 8. 1891

After reading and adoption of the minutes of the general and directors' meeting, the secretary-treasurer submitted the following financial reports:

ON CAPITAL ACCOUNT

To amount of stock subscribed and paid up to date	$1 200 00
By amount expended on capital account	1 200 00

Cr. EXPENSE ACCOUNT.

By balance on hand from 1890	$ 145 41
" amount received for manufactured	3 01 1 22
" " " whey	189 56
" " " from all other sources	90 95
Total	$3,447 17

Dr.

To amt. paid for milk drawing	$1 124 38
" drawing cheese	155 00
" boxes	304 40
" rennet, bandage cotton tape etc	200 40
" paid Mr. Anderson, cheesemaker	317 93
" secretary and stenogh	116 30
" president, directors and auditors	96 00
" paid for all other expenses	149 60
" 6 dividend of 15 per cent. on paid up capital	331 00
" balance on hand	33 50
Total	$3 447 17

After hearing and disposing of the reports the shareholders re-elected the same board, as follows:—As directors, Messrs. Jas. Northey, Milton Blewett, W. A Graham, R. H. Braden and M. E Sanderson; auditors, Messrs. John Pearson and E1 A McKee; committee for inspection of milk, Messrs. Jas. Northey, Wm. Preston and N. McIlmoyle, sr. At a meeting of the directors held on the 18th inst., Mr. M. E Sanderson was re-appointed president and secretary, and Mr. Andrews was re-engaged as cheese maker.

WHERE THE PATRONS COME IN.

The meeting for settling the patrons' accounts for season was held in the cheese factory on the afternoon of Dec 4th and the annual oyster supper was held in the evening in the same place. But owing to the very unfavourable weather (it having rained nearly all day and evening) a large number of patrons could not attend, and only very few people not directly interested were able to attend. And although a lengthy, varied, and interesting programme of speeches, readings, music, etc. had been arranged for, those from a distance were not, and could not be expected to be present under the circumstances, except Mr. Galvin who very kindly braved the storm and gave us a pleasing and profitable address dwelling particularly on the importance of co-operation, not only of patrons of individual factories but of the factories themselves working together for the general good of the whole.

After those present had partaken of the good things provided the meeting was called to order by the president and the following programme was given:

Chorus by a number of pupils of Prof. Ketchum's class of 1891, who kindly consented to favour us without previous notice or preparation, Mrs. J. H. Sanderson, organist; secretary's report, (see below); song by Miss Minnie Blewett, with Mrs. Wm. Thornton, organist, which was encored and responded to; reading, Miss Pearson; duett, Misses Blewett and McIlmoyl which was loudly encored, to which the young ladies responded to the delight of all present; address, Mr. Galvin; chorus, ———; address, Rev. Mr. Railey, and concluding with the national anthem.

SECRETARY'S REPORT BUSINESS OF 1891.

Immigration Agents for the East.

WINNIPEG, Dec. 28.—Six immigration agents are being sent to Eastern Canada by the Manitoba Government and will leave here next Tuesday to begin operations at once. Several others will follow them in a few weeks.

Canada Wasn't In It.

NEW YORK, Dec. 27.—The tug-of-war prizes were distributed after the close last night, as follows: First, Germany, $500; second, Scotland, $300; third, Sweden, $150; fourth, Norway, $50. The affair has proved a most prodigious failure. The managers have spent $10,000 and taken in but $2200.

BUFFALO, Dec. 27.—The Times to-day says: "No baseball for us," is the ultimatum just sent broadcast by the Toronto papers. The statement is made that the Toronto people take absolutely no interest at all in America's national game and do not care to have it revived in their midst. Ex-President Cox was approached by a representative of President White of the Eastern Association and asked to lend his efforts towards the re-establishment of Toronto as a baseball centre, but declined with thanks. Messrs. Collins and Wright have also lost their enthusiasm and announce that they have abandoned the idea of placing a ball club in Toronto.

Colds are frequently the result of derangements of the stomach and of a low condition of the system generally. As a corrective and strengthener of the alimentary organs, Ayer's Pills are invaluable, their use being always attended with marked benefit. dw

Everybody Admires Soft White Hands and every lady ought to use Dyer's Jelly of Cucumber and Rose, as it makes the skin soft and smooth. Try it. Druggists keep it. W. A. Dyer & Co., Montreal. 6d152

A Change for the Better.

SIRS.—I have taken three bottles of Burdock Blood Bitters, and find it a splendid medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it.

Mrs. J. V. GREEN,
dw 5 Sydenham street, Toronto, Ont.

It is a Very Sad Thing

To see young and beautiful people die when they might just as well live and enjoy health and strength. Many who suffer with coughs, colds and lung troubles, leading to consumption, imagine there is no hope for them, when in reality there is every hope if Miller's Emulsion of Cod Liver Oil is taken regularly. Spread the news everywhere that this great emulsion will make flesh and blood, cure coughs, colds, bronchitis, sore throats and lung troubles tending to consumption. In big bottles, 50c and $1. at Peterborough Drug Store's. dw

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

For Pains or Colds.

GENTLEMEN,—Fifteen months ago I had a bursting breast. I tried a number of remedies but got no relief. I then tried Hagyard's Yellow Oil, which gave me instant relief. It is the best thing I ever used for all kinds of pain or cold.

dw Mrs. JOHN CORBETT, St. Mary's, Ont

Editorial Evidence.

GENTLEMEN,—Your Hagyard's Yellow Oil is worth its weight in gold for both internal and external use. During the late la grippe epidemic we found it a most excellent preventive, and for sprained limbs, etc., there is nothing to equal it.

WM PEMBERTON, Editor *Reformer*,
dw Delhi, Ont.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

It Seldom Fails.

DEAR SIRS,—I took two bottles of Hagyard's Pectoral Balsam and it cured me of hoarseness and tightness of the chest after other things had failed. I have also tried B.B.B., it works splendidly for weakness and headache.

dw SAMUEL MADDOCK, Beamsville, Ont.

New Sarum Notes

DEAR SIRS,—I have used 6 bottles of B.B.B. I took it for liver complaint. Before I took it I had headache, and felt stupid all the time, but now I am healthy and entirely well. In addition I have a good appetite, which I did not have previously.

dw LIZZIE POUND, New Sarum, Ont.

My wife and I had dandruff and lots of it, accompanied by almost continual itching of the scalp. Ayer's Hair Dandruff entirely relieved us both from annoyances and we think it the best preparation known to clean out Dandruff tone the hair and act as a dressing without giving an unnatural appearance.

HOLIDAY COMPETITION.

Thursday is the Last Day for Guessing.

A Chance for You yet—For the Lady's or Gentleman's Gold Watch—And Silver Watch and Carving Set.

Thursday is the last day for depositing your ballot and securing a chance of winning one the three splendid prizes offered of in the Peterborough Bookstore **Holiday Competition.**

The person marking his or her voting coupon with the number nearest to the exact number of beans, peas and nuts contained in the sealed jar in the show window of the Peterborough Bookstore, will receive the splendid, first quality, full jewelled, lady's or gentleman's **Gold Watch**, as he or she may select.

The person coming second nearest to the exact number will receive the gentleman's **silver watch.**

The person coming third nearest the exact number will receive the beautiful steel Sheffield **Carving Set.**

The counting of the articles in the jar and the voting ballots, will take place on Friday and the result (that is the prize winners) will be announced on Saturday evening and the respective prizes will be handed over as soon as called for.

The time for competing is short. Don't delay in calling at the Peterborough Bookstore and purchasing a dollar's worth of goods and getting a ballot, or a ballot for every dollar's worth of goods bought. Get your ballot and mark thereon your estimate of the number of articles in the jar, and if it is near enough to the exact number you will get one of the three splendid prizes.

Remember the competition closes on Thursday at midnight.

St. Luke's Annual Sunday School Entertainment.

Presentation of Prizes—Complimentary Gifts.

The St. Luke's annual Sunday school entertainment and distribution of prizes took place yesterday evening in the school room. The room was beautifully decorated with flags kindly lent by J. J. Turner, and many potted plants in bloom added to the pleasing effect. Parents and children kept streaming in until the room was full to overflowing. Promptly at 8 p.m. the Rev. S. W. McCleary took the chair and called upon the Band of Hope for an opening chorus. This was followed by a very pleasing programme lasting about an hour in which the Sunday school children took a prominent part.

Next in order came the distribution of prizes under the supervision of the Rev. J. Hughes Jones, Assistant at St. Lukes. Over forty prizes in handsomely bound books were presented to those children who had, by good conduct, regular attendance, and well prepared lessons, been found worthy of such distinction.

Several other presentations took place. Col. H. C. Rogers, Superintendent, undertook this pleasing duty on behalf of the pupils and others. Miss Wilson, Miss Armstrong, and Mrs. Ward, teachers, were remembered by their pupils. Miss L. Long received a prize for—(here the words of the chairman were lost in the applause that followed.) The most important of these events, however, was a presentation to Mr. Bert Everett, the librarian. The only misdemeanor committed in the course of a long term of faithful service, as the speaker humorously remarked, was his getting married without consulting the rest of the teachers and officers. Even now they were prepared to forgive and forget if he would not do so again. In token of reconciliation he was presented on behalf of the teachers with an elegant dinner set. When the entertainment closed, many visited the infant class room to see the Christmas presents that had been given by the children to be sent to some of the poorer districts. A large collection of clothing, toys and books are on hand, and will at once be boxed up and sent away. The Sunday School is in excellent working order, has a good staff of teachers and commences the new year under very happy auspices.

The following is the prize list:

First Prize—Emily Shuter, Alice Tivey, Reggie Turner. Willie Armstrong, Annie Beattie, H. McWha, Bert Gerrans, T. Gerrans, Geoff. Pratley, George Mackie, Eddie Curtis, Bertie Pratley, Walter Ball, Edith Pratley, Sidney Tivey, Mary Long, Nellie Marshall, Emma Payne, Louie Scott, Mabel Scott, Edith Beattie, Walter Tighe.

Second Prize—Hettie Burnham, Frank Burnham, Achilles Turner, Webber Turner, Mary McWha, Minnie Lipsett, Mary Butcher, Bertha Bennett, Maggie Niven.

Third Prize—Maud Adams, Annie Peckenham, Nellie Carpenter, Willie Marshall, Helen Barnham, Robert J. Lang, Lottie Ball, Jennie Scott, Eva Wood, Florence Butcher, Bruce Beattie, Claude Rogers.

Presentation and Address

Miss Dixon teacher of a Sunday School class in the George street Sunday School was presented Wednesday evening last with a handsome lady's companion by the scholars of her class in recognition of her kind services and instruction, accompanied by an address giving expression to their esteem, and wishing her a Merry Christmas and a Happy New Year. The address was signed on behalf the class by Misses Eva Cowie and Ethel McWhinnie.

Fine Old Wines
For the Festive Season.

I have laid in a large stock of fine old and reliable wines and liquors imported for the Christmas and New Year's trade. Rare old port wine bottled in Oporto, a quarter of a century old; rich native wines from the celebrated Pelee Island vineyards; pure fulce, unfermented wine for sacramental and other purposes; fine sherries, Madeiras, clarets and champagnes in splendid condition. Extra old Scotch, Irish and Canadian whiskies. Brandy, rum, gin, bottled ale, sweet cider, &c. Also a large and varied assortment of choice family groceries at moderate prices.

John Cameron,
dw Grocer, Wine and Spirit Merchant.

Who Stabbed Walter Kerr?

Preliminary Investigation at the Police Court—Wynn Elects to be Tried without a Jury—Evidence Taken.

This morning at the police court Matthew Wynn was brought up on remand, charged with on the 15th of September last having maliciously wounded Walter Kerr by stabbing.

Mr. R. E. Wood conducted the case for the Crown, and Mr. E. B. Stone defended the prisoner. The prisoner elected to be tried by jury. The first witness called upon was

T. Cavanagh, who deposed that he kept the Cavanagh House. He saw Wynn twice on the day of the stabbing—about 2 and 4 30 in the afternoon. He also saw Kerr about 4 p.m. in the pool room. Wynn was taken to a box stall and *left* there; the door of which could only be opened from the outside.

Mr. McGill said that he boarded at the Cavanagh House. He rode a bicycle, which he usually kept in a box stall. On going to place his bicycle in the usual position about the 15th September, saw prisoner inside lying down. He had a farmer's bag with him and was covered with vomit. He (witness) placed his bicycle in another stall that night, and could not say whether he fastened the door of the first stall or not.

James Cavanagh gave evidence corroborating the statement of last witness, and testified to the shiftless character of Walter Kerr.

Wm. Whelan and Thos. Norton gave evidence as to seeing Wynn in the hotel yard.

Timothy Patience, book-keeper at the hotel, was the next witness. He said he saw a man run out of the hotel yard on the night in question about 11 30 p.m. and go down George street—a man about the height of prisoner, but could not identify him, or describe his clothing. He then saw Walter Kerr come into the kitchen, out of the hotel yard, and asked him what he was doing there. Kerr replied, "the d—— b—— has stabbed me," and then went out and appeared to follow the man who had run down George street. Witness did not think Kerr was stabbed, and did not follow, but went into the basement to see if all was right. About half an hour after a man, came to the hotel for a lamp and told him Kerr was dying. He gave him a lamp and went down the street and saw Kerr lying on the sidewalk near the Custom building.

Jos. Gordon gave evidence to the effect that he saw Wynn in the police cell, and he told witness some one had attacked him in the hotel yard and taken some money from him. He did not accuse any particular person.

J. G. McDonald was the next witness. He saw prisoner in police cell and was told by him that he had stabbed a man to save his own life. Two men had attacked him in hotel yard.

F. D. McKay said that he interviewed prisoner in the cell the following morning, and prisoner told him two men had attacked him in the hotel yard, one of them had him by the throat and they robbed him. He then drew his knife and stabbed one of the men.

Robt. Jamieson, Thos. Pratt and R. Lafort gave evidence as to finding Kerr lying on the sidewalk groaning.

Chief Roszel testified to the apprehending and searching the prisoner on whom was found the two-bladed knife produced in court and stained with blood.

The trial was then adjourned until 2 p.m. at the hospital.

In the afternoon the magistrate and counsel together with the prisoner, went to the ward in which Kerr was lying.

The disposition was taken after which the prisoner having been cautioned, said he had nothing to say. Prisoner was committed for trial.

"Who said Hood's Sarsaparilla?" Everybody said of people, who know it to be the best blood purifier and tonic medicine.

After Christmas What?

Why, a clean shave and fashionable hair cut. To make sure you get the latter and wrinkles in hair dressing, give the job to Billy Morgan, the tonsorial artist of the Commercial House, George street.

Thanks to J. H. Adams.

As through him I have been freed from bilious, biliousness, liver troubles, etc., by St. Leon Water did it; is the best medicine I ever found; is so good I tell all my acquaintances to go to your store in Bethune and get a supply. Truly, St. Leon is marvelous. A trial brings conviction.

Notice.

During the present week, Dec. 28th to 2nd, inclusive, all electric lights will be burning till 12 30 a.m.

A. Stevenson,
Secretary Peterborough Light and Power Company (L'td.)

The Mayoralty CONTEST.

To the Municipal Electors of the Town of Peterborough:

Ladies and Gentlemen.—At the request of a large number of the Ratepayers of the town I have accepted the nomination as a candidate for the office of Mayor of the town for the year 1892.

I fully appreciate the importance of the position, and the large responsibilities it involves, and am prepared, if honoured with your selection, to discharge the duties of the office with exclusive regard to the promotion of the material and moral interests of the town. I beg to submit that my experience of nine years in the Council as a representative of No. One Ward, and eight years at the head of the Finance Department, have given me an opportunity of learning the wants and needs of the town, and also the best means of meeting and providing for them. I unreservedly pledge myself if elected, to use my best endeavours to administer the affairs of the town with as full a regard to economy as is consistent with an efficient administration of civic affairs in all departments.

I shall use, as I have done in the past, every effort to promote the material interests of Peterborough. I shall consider it my duty to faithfully and fearlessly discharge every public duty which my position places upon me, and to deal in a progressive and public spirit with the several questions affecting the public interest which are likely to arise during the coming year, and in fine to deal in every way in my power with the great and growing interests of the town of Peterborough in a manner which their importance deserves.

I trust that my record for the past will be a guarantee for the efficient and diligent discharge of the duties of mayor if I am honoured with your confidence, which I again respectfully solicit

Your obedient servant,

R. S. DAVIDSON.

The Mayoralty.

To the Ratepayers of the Town of Peterborough:

Ladies and Gentlemen.—Learning that Mr. Stevenson has decided to retire from the position of Mayor, I am, at the request of a large number of Ratepayers, a candidate for the Mayoralty for 1892. The assurances I have received from ratepayers in all parts of the town and of all sections, are such as to cause me to feel that it is the desire of a large number of the electors, that I should offer myself for the position of Chief Magistrate of the town, and I respectfully ask the vote and influence of every ratepayer. As the time at my disposal before the election is too short to permit of my making a personal canvass of the town, I trust that this announcement will be accepted instead, and that my eight years record in the Council will speak for me to all who exercise the franchise. In municipal matters it is impossible to lay down a strict policy, as it is impossible, especially in a growing town, to know what the council may be called upon to deal with during the year; but I can safely say that if elected I will use my strongest endeavors to promote the best interests of our town and at the same time to hold within due bounds the expenditure of public moneys, and I will devote all the time necessary for the efficient performance of the duties of the office to that purpose. I am,

Ladies and Gentlemen,
Your obedient servant
JAMES KENDRY.

Peterborough, Dec. 28th, 1891.

REFLEX!

TO THE ELECTORS OF WARD No. ONE.

Having been strongly urged to accept the nomination of Councillor for this Ward, I have consented to do so. The support which I have been promised by so many of the influential ratepayers of the Ward, encourages me, if elected, to devote my time to the best interests of this Ward in particular, and of the whole municipality in general.

As the time is short before the elections, I will not be able to make a personal canvass of the ward, and therefore take this opportunity of soliciting your votes and influence.

Yours respectfully,
HENRY BEST.
Peterborough Dec. 29th, 1891. 4d1w

TO THE ELECTORS OF Ward No. Three.

Ladies and Gentlemen.—At the urgent request of a large number of ratepayers I have accepted the nomination as Councillor for No. 3 Ward, and I ask your votes and support. If elected I pledge myself to place the advancement of the town's interest before every other consideration and to pursue a course that will meet the approval of all who wish to see straight and square dealing in the management of our civic affairs. I am

Your obedient servant,
W. S. FERGUSON.

Peterborough Cheese Board.

Report of the Business Done in the Season of 1891—Nearly 6300,000 Worth of Cheese Sold.

The following tabulated report of the business done on the Peterborough Cheese Board for the past season is furnished by Mr. M. E. Sanderson, the energetic secretary:

Date of Meeting.	Boxes Represented.	Boxes Boarded.	Selling Price.	Value.
May 26	36	1,120	8	$ 8,960
June 23	37	2,600	8	20,800
July 7	44	2,800	8 1-16	22,575
" 21	47	3,200	8 1-16 and 8	25,800
Aug. 4	50	3,675	8 1-16 and 8	29,720
" 11	46	Ballot Bd.	8	28,000
" 25	46	4,971	8 1-16 and 8	39,750
Sept. 8	48	4,782	8 1-16 and 8	38,250
" 22	48	4,133	8	33,000
Oct. 6 & 13	9	2,000	8	16,000
" 20	11	2,600	8	20,800
" 27	9	2,000	8	16,000
Between Oct. 27 & Nov. 10	17	4,350	8	34,800
Nov. 10	4	800	8	6,400
Total		49,447		$393,455

*2,500 boxes sold; 800 sold off Board.

You will notice that the *difference* in the prices at the different sales, goes to show the keen competition of the buyers to supply their customers, a circumstance which redounds to the benefit of the board. At the same time the factory men and salesmen will see how greatly to their interest it is to bring the products of their factories to the highest point of excellence, and that it is an indispensable condition, if they wish to command the best prices. While, no doubt, there are only a few factories that touch the highest or lowest prices, still the field is open to all and if a more uniform and superior quality of goods were placed on the market the advantage to the producer would be considerable in the aggregate, and the satisfaction and profit, which dealers would have in handling such goods, would establish a reputation and create a demand at more remunerative figures, which would in the long run prove that the adage, "what is worth doing is worth doing well," applies to cheese making as well as other departments of industry and human activity.

M. E. SANDERSON,
Secretary,
Peterborough Cheese Board.

Annual Cheese Meetings.

Annual Statements—Tabulated Reports of Work and Results.

CENTRAL SMITH DAIRY CO.

The annual business meeting of the Central Smith Dairy Co. was held December 16th at the Fourth Line Temple, when the auditors and secretary gave a report of the business done by the company for the season of 1891. The following is a summary of the report:—

	Lbs. Milk.	Average lbs. milk to lb. cheese.	Lbs. cheese.	Price.	Total price.
May	87,574	11 12	7,874	8.62	$ 671 90
June	194,926	11.14	16,860	8 50	1,426 47
July	180,292	11.83	15,206	8 81	1,401 75
August	143,319	11.98	12,198	9.81	1,249 59
September	125,134	10 89	11,534	9.64	1,115 41
October	74,948	9 85	7,612	9,62	731 89
Total	796,193	11 02	72,255	9.18	$6,600 01

The factory was in operation from 1st of May to 1st of November. Although there were fifty standards of milk less this year than last, after the company settling with the patrons and paying all expenses of the company, the directors were able to declare and pay a dividend of fifteen per cent. on the paid up capital stock of the company, leaving a surplus in the bank to the credit of the company to commence business next season.

JAS B McKWEN,
Sec.-treas.

NORTH SMITH DAIRY COMPANY.

The annual meeting of shareholders was held in the cheese factory on Dec. 8, 1891.

After reading and adoption of the minutes of the general and directors' meeting, the secretary-treasurer submitted the following financial reports:

ON CAPITAL ACCOUNT

To amount of stock subscribed and paid up to date	$1 200 00
By amount expended on capital acc.	1 200 00

Cr. EXPENSE ACCOUNT.

By balance on hand from 1890	$ 145 41
" amount received for manufacture	3 011 22
" " " whey	189 55
" " " from all other sources	90 95
Total	$3 447 17

Dr.

To amt. paid for milk drawing	$1 124 38
" drawing cheese	155 00
" boxes	304 40
" rennet, bandage colouring etc.	206 60
" paid Mr. Anderson, cheesemaker	617 93
" secretary and salesman	116 30
" president, directors and auditors	96 00
" paid for all other expenses	169 69
" 8 per dividend of 15 per cent. on paid up capital	331 00
" balance on hand	33 50
Total	$3 447 17

After hearing and disposing of the reports the shareholders re-elected the same board, as follows:—As directors, Messrs. Jas. Northey, Milton Blewett, W. A Graham, R. H. Braden and M. E Sanderson; auditors, Messrs. John Pearson and E1 A McKee; committee for inspection of milk, Messrs. Jas. Northey, Wm. Preston and N. McIlmoyle, sr. At a meeting of the directors held on the 18th inst., Mr. M. E Sanderson was re-appointed president and secretary, and Mr. Andrews was re-engaged as cheese maker.

WHERE THE PATRONS COME IN.

The meeting for settling the patrons' accounts for season was held in the cheese factory on the afternoon of Dec 4th and the annual oyster supper was held in the evening in the same place. But owing to the very unfavourable weather (it having rained nearly all day and evening) a large number of patrons could not attend, and only very few people not directly interested were able to attend. And although a lengthy, varied, and interesting programme of speeches, readings, music, etc. had been arranged for, those from a distance were not, and could not be expected to be present under the circumstances, except Mr. Galvin who very kindly braved the storm and gave us a good ringing and profitable address dwelling particularly on the importance of co-operation, not only of patrons of individual factories but of the factories themselves working together for the general good of the whole.

After those present had partaken of the good things provided the meeting was called to order by the president and the following programme was given:

Chorus by a number of pupils of Prof. Ketchum's class of 1891, who kindly consented to favour us without previous notice or preparation, Mrs. J. H. Sanderson, organist; secretary's report, (see below); song by Miss Minnie Blewett, with Mrs. Wm. Thornton, organist, which was encored and responded to; reading, Miss Pearson; duett, Misses Blewett and McIlmoyl which was loudly encored, to which the young ladies responded to the delight of all present; address, Mr. Galvin; chorus, ——; address, Rev. Mr. Railey, and concluding with the national anthem.

SECRETARY'S REPORT BUSINESS OF 1891.

	Total Milk.	*Total Cheese.*	*Total Value.*
May	190,437	16,574	$1421 70

Immigration Agents for the East.

WINNIPEG, Dec. 28.—Six immigration agents are being sent to Eastern Canada by the Manitoba Government and will leave here next Tuesday to begin operations at once. Several others will follow them in a few weeks.

Canada Wasn't In It.

NEW YORK, Dec. 27.—The tug-of-war prizes were distributed after the close last night, as follows: First, Germany, $500; second, Scotland, $300; third, Sweden, $150; fourth, Norway, $50. The affair has proved a most prodigious failure. The managers have spent $10,000 and taken in but $2200.

BUFFALO, Dec. 27.—The Times to-day says: "No baseball for us," is the ultimatum just sent broadcast by the Toronto papers. The statement is made that the Toronto people take absolutely no interest at all in America's national game and do not care to have it revived in their midst. Ex-President Cox was approached by a representative of President White of the Eastern Association and asked to lend his efforts towards the re-establishment of Toronto as a baseball centre, but declined with thanks. Messrs. Collins and Wright have also lost their enthusiasm and announce that they have abandoned the idea of placing a ball club in Toronto.

Colds are frequently the result of derangements of the stomach and of a low condition of the system generally. As a corrective and strengthener of the alimentary organs, Ayer's Pills are invaluable, their use being always attended with marked benefit. dw

Everybody Admires Soft White Hands and every lady ought to use Dyer's Jelly of Cucumber and Roses, as it makes the skin soft and smooth. Try it. Druggists keep it. W. A. Dyer & Co., Montreal. 6d152

A Change for the Better.

SIRS.—I have taken three bottles of Burdock Blood Bitters, and find it a splendid medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it.

Mrs. J. V. GREEN,
dw 5 Sydenham street, Toronto, Ont.

It is a Very Sad Thing.

To see young and beautiful people die when they might just as well live and enjoy health and strength. Many who suffer with coughs, colds and lung trouble, leading to consumption, imagine there is no hope for them, when in reality there is every hope if Miller's Emulsion of Cod Liver Oil is taken regularly. Spread the news everywhere that this great emulsion will make flesh and blood, cure coughs, colds, bronchitis, sore throats and lung troubles tending to consumption. In big bottles, 50c and $1. at Peterborough Drug Store's. dw

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

For Pains or Colds.

GENTLEMEN,—Fifteen months ago I had a bleeding breast. I tried a number of remedies but got no relief. I then tried Hagyard's *Yellow Oil*, which gave me instant relief. It is the best thing I ever used for all kinds of pain or cold.

dw Mrs. JOHN CORBETT, St. Mary's, Ont

Editorial Evidence.

GENTLEMEN,—Your Hagyard's Yellow Oil is worth its weight in gold for both internal and external use. During the late la grippe epidemic we found it a most excellent preventive, and for sprained limbs, etc, there is nothing to equal it.

WM PEMBERTON, Editor *Reporter*,
dw Delhi, Ont.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for *Coughs and Colds* does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

It Seldom Fails.

DEAR SIRS,—I took two bottles of Hagyard's Pectoral Balsam and it cured me of hoarseness and tightness of the chest after other things had failed. I have also tried B.B.B., it works splendidly for weakness and headache.

dw SAMUEL MADDOCK, Beamsville, Ont.

New Sarum Notes

DEAR SIRS,—I have used 6 bottles of B.B.B. I took it for liver complaint. Before I took it, I had headache, and felt stupid all the time, but now I am healthy and entirely well. In addition I have a good appetite, which I did not have previously.

dw LIZZIE POUND, New Sarum, Ont.

My wife and I had dandruff and lots of it, accompanied by almost continual itching of the scalp. Anti Dandruff entirely relieved us both from annoyances and we think it the best preparation known to clean out Dandruff, tone the hair and act as a dressing without giving an unnatural appearance.

CARTER'S LITTLE LIVER PILLS.
CURE Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing
SICK Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured
HEAD ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head
ACHE is the bane of so many lives that here is where we make our great boast. Our pills cure while others do not.
CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

WEDDED PRIESTS TREMBLE.

Thousands of Greeks Catholics Anxious to Hear From Rome.

WILKESBARRE, Pa., Dec. 29.—More people even than the thousands of Poles, Hungarians and Greeks who constitute the Greek Catholics of this diocese are interested in the Popes great decision to be brought back from Rome by a delegation on Febuary 1, as to whether Catholic priests may ever be permitted again to marry. There are 120,000 Catholics in this diocese. Many of them are followers of and believers in the numerous married Greek priests, whose wives and children accompany them when they go to say mass.

This shocks the good Irish and other Catholics. So much so that Bishop O'Hara will not dedicate a Greek church in Scranton till he can hear from Rome.

A committee of the married priests will come back with the Pope's decision in five weeks. The decision will vitally affect churches in Olyphant, Wilkesbarre, Pittston, Hazleton, Freeland and Scranton. Nearly all of the parish priests of these churches are married.

RACE TROUBLE IN FLORIDA.

A Railway Conductor Shot by a Negro—1000 Men with Bloodhounds Looking for the Murderer.

LEESBURG, Fla., Dec. 29.—Just before daylight this morning J. D. Parramore, a well-known and popular conductor on the Florida Central and Peninsula Railroad, was shot and instantly killed while on his train not far from here by Thomas E. Mike, a negro, who keeps a barber shop in this place. Parramore runs on the night express from Wildwood to Orlando. Mike got on the train at Leesburg and took a seat in the white passengers' car. The conductor took up his ticket and then ordered him forward into the colored people's car. Mike obeyed sullenly and used some insulting language as he passed out through the door. Passengers in the colored car say that when Mike entered the car he appeared much excited about something, and as he took a seat, growled out with an oath, "I'll kill him when he comes back here." He kept looking around nervously toward the door at which the conductor was expected to enter and to those nearest to him he began to relate what had happened. He had hardly begun to tell his story, however, and had been in the car five minutes, when the door suddenly opened and Parramore walked in. When the conductor was about five feet in front of his seat, Mike suddenly jumped to his feet, pulled a revolver from his pocket, rushed into the aisle, took a step toward Parramore, took deliberate aim and fired at him. He could not have been more than three feet behind his victim and his aim was good. The ball entered Parramore's head, just behind his right ear, and he fell forward in the aisle dead. Not a word, not even a groan, escaped his lips. Mike then jumped from the train and disappeared in the woods.

The train was backed up to Leesburg with the dead conductor, where the wildest excitement soon prevailed. Nearly 1000 white men, mounted and afoot, and armed with rifles, have started to find the murderer. They are led by Sheriff Gallaway, with six bloodhounds. If the negro is caught, he will surely be lynched. Nearly as many colored men here shouldered their Winchesters and are parading through the town. They say that they will protect Mike from harm if the posse brings him in. Nobody in the whole town will go to bed to-night. Governor Fleming has been asked to call out the state troops, and has telegraphed Leesburg Rifles to assemble at their armory and await orders. They number 60 men, all well drilled soldiers.

Up to 10 o'clock to-night nothing had been heard of the searching party. About 475 armed negroes have just started out to follow up the sheriff's posse, as there was a rumor that Mike had been captured. The situation is alarming. Nothing but a failure to capture the murderer can prevent an armed conflict.

Can Wrap Herself Up in Her Tresses.

SANTA TOMES, Texas, Dec. 29.—Mercedes Lopez, a Mexican woman living just across the river from this place, has an extraordinary suit of hair, probably the longest in the world. She is about five feet in height and when she stands erect her hair trails on the ground four feet and eight inches. When she sits down and draws her locks about her they hide her entire person so heavily that they are like thick clothing. The present growth on her head is only a little over 5 years old, for it gives her such headaches that she is compelled to cut it frequently. Every month she sells large quantities of it to a hair dealer. She is the wife of a common sheep herder and is herself ignorant, but her tresses are the beautiful black hair of the old Castilian women.

ASHBURTON JEWELS GONE.

Clever Thieves Capture the Historic Emeralds of Empress Josephine.

LONDON, Dec. 29.—Lady Ashburton is the latest of the nobility to lose jewels, which went under rather curious conditions. She was on her way to Highclere, Lord Carnarvon's place at Newbury, and had intrusted to the care of her maid the jewel case containing two of the historic emeralds which once belonged to the Empress Josephine, and a splendid fiery opal as well as several very highly prized souvenirs.

Lady de Grey's maid was in the same compartment, and someone, evidently a confederate, having attracted their attention, a man, dressed like a valet, came up, and asking if Lord de Grey's valet was there, quietly took up the box containing the trinkets and walked away with it.

The maid soon discovered the loss and gave the alarm, but it was then too late. Although the cabman who drove the thieves with their plunder to Islington has been discovered, the jewels have not been traced, and the theory is that they are already on their way to India.

ROUTED THE CHINESE PIRATES.

French Troops Have a Lively Brush at Tong King.

LONDON, Dec. 29.—Details have just been received from Shanghai of a bloody engagement between the French troops and pirates which took place at Tong King on Dec. 23.

The Civic Guard of Hai Duong met the piratical band near Dolan and immediately attacked them. The pirates fought desperately, and, after a conflict that lasted over three hours, the French put their opponents to flight with severe loss, capturing several prisoners and a quantity of arms and ammunition. Fortunately there was no loss whatever sustained by the French.

During the engagements Lieut. Colin of the Foreign Legion distinguished himself by a brilliant and successful attack on one of the piratical camps, which he carried with a rush. The camp was destroyed and its provisions were burned.

The engagement at Gialoc, reported a few days ago, appears to have been more important than was at first supposed. It was then reported that there were 14 dead bodies and three wounded men found in the fields by the inhabitants; but now it seems that the figures were reversed and that there were 14 wounded men found, but the inhabitants at once chopped off their heads. One of this number wore a peculiar-looking foreign cap and was supposed to have been the chief of the band.

SIR ANDREW STOOD FIRM.

The Biarritz Club Had to Admit Mr. Gladstone or Lose Its President.

BIARRITZ, Dec. 29.—Sir Andrew Fairbain, President of the Biarritz Club, who resigned when the club's committee blackballed Mr. Gladstone, whom Sir Andrew had nominated as a member, to-day withdrew his resignation in response to the unanimous request of the members of the club.

The action of the committee still ranks as the leading sensation in the South. The details of the affair are: After Sir Andrew wrote to the committee resigning his office in consequence of the insult to Mr. Gladstone, the committee as a body called upon him and asked whether a personal protest on his part would not suffice, in answer to which Sir Andrew indignantly said, "No." The committee then said that while they regretted the result, matters must take their course.

When the circumstances became generally known the members of the club protested earnestly against the action of their committee, and at a meting held on Dec. 24 a letter was drafted and signed by all but two of the members, asking Mr. Gladstone to accept an honorary membership. In response to this invitation Mr. Gladstone replied in courteous terms, accepting the invitation.

Suing to Recover Stolen Money.

CHICAGO, Dec. 29.—Thomas C. Platt and Chauncey M. Crosby, as representatives of the United States Express Company, have begun suit against Leonary Perrin for $50,000. Perrin is the father of Phelph Perrin, and it is alleged in the complaint that he received from his son and F. W Baker, the two men convicted of the Hurley, Wis., bank robbery, the $39,160 of the express company's money taken from the bank. In the complaint the details of the bank robbery are recounted with minuteness. The claim of $50,000 is made to cover the express company's loss and also the cost of the detective work and the prosecution of the prepetrators of the robbery.

Killed While Resisting Arrest.

MILWAUKEE, Dec. 29.—A Sentinel dispatch from Lake Linden, Mich., says that while two Finlanders were brandishing knives in the street Marshal Mayatte and Justice Bruie attempted to arrest them. The Fins stabbed both the officers, when the marshal shot and killed Alexander Perola. Michael Kotila, his companion, was also shot in the back and will probably die.

Only One Lunatic Missing.

GRAND RAPIDS, Mich., Dec. 29.—A dispatch to The Democrat from Pontiac says: "The situation at the burned Eastern Michigan Insane Asylum is much improved to-day. The 500 inmates who were left without protection by the fire have found quarters in neighboring asylum cottages and in houses in this city which citizens have kindly placed at the disposal of the asylum authorities. The injured are all greatly improved and a search has revealed but one inmate missing, a man named Steele, from Detroit."

MARRIED A HORSE THIEF.

How a Notorious Convict Fooled a Handsome and Wealthy Widow.

CINCINNATI, Dec. 28.—A letter from Vicksburg to relatives here of Mrs. M. E. Boyd of Crowley township, near Paragould, Ark., tells a romantic story. A year ago a dashing fellow, who gave the name of J. T. Howell, arrived in the neighborhood. He appeared to have plenty of money and was admitted to the best society. He became acquainted with Mrs. Boyd, a young and handsome widow, paid her assiduous court and soon won her affections. The engagement was announced and all appeared rose-hued, when suddenly the sheriff of the county appeared and arrested Howell, charging him with being an escaped convict from the Mississippi Penitentiary.

Howell asserted his innocence so vehemently that the widow believed him, though the Sheriff carried him off. In a few weeks he was back again and claimed there was a plot to get rid of him to secure a fortune of which he was about to become in possession. He had a hiding place in the bottoms of St. Francis River, keeping out of the Sheriff's way. Two weeks ago Howell went to Paragould, Ark., and secured a license, and on the next day was married to Mrs. Boyd.

Monday morning while Howell was out looking over his wife's plantation, the officers surrounded and captured him, and without informing his bride, started with him to Greenville, Miss. During the day the new wife was put in possession of evidence which proved that her husband is a notorious horse thief, who had been in the penitentiary on three sentences and escaped six times. He carried off with him about $1000 of his new wife's money, and her first husband's revolver. Mrs. Howell at once began divorce proceedings.

CUPID FOOLED BY TINTYPES.

An Aged Pair, Each Thinking the Other Young, Undeceived.

CHICAGO, Dec. 29.—Thomas Maxwell of Austin, Tex., owner of a cattle ranch, and with a hankering after a wife, read a Chicago advertisement to the effect that "a young, handsome brunette, 20 years of age, of lively disposition, wished to correspond with a wealthy gentleman, with a view to matrimony."

He wrote to the "young, handsome brunette" and sent her his portrait, taken years and years ago. He's 60 now, but that picture didn't show it.

The "young brunette" is venerable Belle Taylor, spinster of Green Bay, Wis. She wrote to Maxwell, sending him her youngest sister's portrait as her own.

As a result the old goose and gander came together in Chicago yesterday, each bent on marrying a young partner. Each hissed contempt at the other's actual age as disclosed, and each went home wishing that a suit for false pretenses could win in such a case.

A TENNESSEE HERO.

A SMALL BOY KILLS THREE GROWN BLACKGUARDS.

Shocking Story of the Life of the Belle of Upper Tennessee—Her Young Defender's Punctual and Effective, Though Bloody Work—Her Brutal Brothers.

NASHVILLE, Tenn., Dec. 30.—Marion and Dave Beatty and Gwynn Bowden of Fenton county lie dead in their houses and Edward Harris, their murderer, is a fugitive from justice. Three months ago Mary Beatty, sister of two of the dead men and the belle of Upper Tennessee, retired from society. Then it became noised about that the young woman had become a mother The story was substantiated some time after by the sudden arrest of Clairborne Beatty, a banker and the richest man in the county, at the instigation of his daughter, who charged him with being the father of her child. Beatty gave bonds and left the county. Mary Beatty went to live with some distance relatives, the Harris family, who live at Allardt. The Harris family, accompanied by Mary Beatty, came to town to-day to do some trading, and to appear before the grand jury to testify against the father. The Beattys were there with their friends and relatives, and some threats were made. When the Harris family left the court house Gwynn Bowden and the Beatty brothers mounted their horses and followed them. One mile from Jamestown Marion Beatty rode up to the wagon and said: "Mary, we have had enough of this foolishness. We want you to come." The girl replied: "I would rather be dead than live with you again," and turning to young Ed Harris, who had stopped the team, she ordered him to drive on. Marion Beatty called to her to be still, and laying his hand on his horse's head, said: "If you will not go home we'll beat hell out of you.' With that he struck her a cruel lash across the face with his whip. She screamed and fell fainting to the bottom of the wagon. Young Harris sprang to his feet. "Take the same medicine," said Beatty, and he lashed Harris thrice with his whip. The next moment Harris drew a revolver and shot Beatty through the heart. Dave Beatty clinched the boy, and Harris struck him with butt of the revolver, breaking his skull Three shots were fired at Bowden, and after finishing him Harris shot Dave Beatty through the head while that worthy was wriggling on the ground. Harris kissed the girl and his mother, and taking Bowden's horse, fled. His father drove the family home. Six years ago Clairborne Beatty was State representative. His daughter is an educated and strikingly handsome woman, about 20 years old.

HAS THE NEGRO BEEN LYNCHED?

Reported Capture of Conductor Parramore's Murderer by a Posse.

WILDWOOD, Fla., Dec. 30. — Nothing definite is known here about the reported capture and lynching of Conductor Parramore's murderer. The negro is said to have been caught at Long Branch, 10 miles from here and hanged. No details are given.

Another rumor is that a negro answering description of Mike, the colored murderer, took the train here last evening for the South, but even this cannot be verified.

The country is wild and the armed people are furious over the murderer's escape. If found no mercy will be shown him. Many think negro friends are harboring him and that they will do all possible to screen him from capture.

The funeral of J. E. Parramore, who was murdered near here, took place at 10 o'clock yesterday from the Church of the Immaculate Conception. Only the family and a very few friends were present. The services were conducted by Father Kenny. From the church the remains were taken to St. Joseph's Cemetery, where they were interred.

THE POROUS-PLASTER MAN.

General Thomas Allcock Dies in New York of Apoplexy.

NEW YORK, Dec. 30.—General Thomas Allcock died at his residence in this city last evening. He was born in Birmingham, England, and was 77 years old. On the breaking out of the rebellion he was made Assistant General-Adjutant under General Yates, and helped to organize the Fourth New York heavy artillery, with which he went to the front as a major. He served through the war and was made brigadier-general for bravery in the field. He was the inventor of the porous plaster that bears his name. His death resulted from an apoplectic stroke yesterday afternoon. He leaves two sons and two daughters.

FROZEN TO DEATH.

In the Populous Streets of Ohio's Capital City.

COLUMBUS, O., Dec. 30.—William Smith, aged 25, was found on the street this morning frozen to death. He was a consumptive.

This afternoon it was discovered that Smith was an inmate of the Franklin County Infirmary. He was suffering from consumption, and was seen drinking about the South End saloons. It is supposed that while in a defuddled condition he lay down in Noble Alley, where he was found, and was chilled to death.

An Offended Woman Seeks Revenge.

CHAMPAIGN, Ill., Dec. 30.—Mrs. James Wash, living at Ludlow, shot Robert Darnell, Friday. She fired three shots from a 32-caliber revolver, only one of which took effect, hitting Wash in the throat, the ball passing downward and lodging under the left shoulder-blade. The victim's recovery is doubtful. The cause of the shooting is unknown.

Mrs. Nellie B. Dunlap, whose death occurred at Furth, Bavaria, was buried at Mount Hope Cemetery in this city. She was the wife of H. J. Dunlap, who was appointed to the consular office at Furth, from this city, in 1889. The funeral was conducted by Esther Chapter No. 128, Order of Easter Star, of which deceased was its first Worthy Matron.

Found Dead in a Stable.

PORT HOPE, Dec. 30.—George Ardell, an old man who was working around the farm of Mr. William B. Greenaway, lake shore road, was found lying dead in the stall in the stable in front of one of the horses. There were no marks of violence on the body. He seems to have dropped dead.

Children Cry for Pitcher's Castoria.

A COLUMN OF CANADIAN

BARTRAM FIRED THE SHOT THAT KILLED HESLOP.

Text of The Confession Made by Goosey, The Indian Arrested in Brantford—Political News of a Day—Death of Sir Adam Wilson and Detective Caddy.

BRANTFORD, Dec. 30.—Your correspondent has obtained the text of the confession by the Indian Goosey in connection with the Heslop murder. Goosey tells the story of the murder as follows:

Bartram, Lottridge, Douglas and himself started for the Heslop house together in a rig. Goosey and Lottridge remained outside and Bertram and Douglas went inside. Goosey stayed at the door and Lottridge stood by the rig in the garden. Those outside heard a shot and Goosey ran down to Lottridge and exclaimed: "We'll hang for this." They got scared and drove away without Bartram and Douglas, but summoned up courage to return in a few minutes. They met their pals on the road outside the house and Lottridge asked: "Is anybody killed?" Bartram answered: "Well, he won't hit anybody on the head with a chair again."

The guilty men drove rapidly towards Ancaster, and when half way there they took a side road, and after doubling several times to avoid pursuit, headed direct for the Lottridge house. They remained there until morning, when Bartram told them that they had gone through the house carefully but found no money. He produced the jewelry and offered to divide it up, but none of the others wanted to have any of it.

Seven Thousand Canadian Indians to See the Passion Play.

MONTREAL, Dec. 30.—During the first week in June next an extraordinary gathering of Canadian Indians will take place at Kamloops, in British Columbia.

There will be present about 7000 Christian Indians from various parts of British Columbia, and probably a number of pagan Indians. The Rev. Father Lacombe has organized this unique gathering, and during the week the "Passion Play" will be presented by Christian Indians

This performance is not, of course, the prime reason for the gathering. There is understood to be a desire to meet one another, compare notes and consider educational matters and the progress in the arts of civilization.

It May Render Canadian Fishermen Independent of Newfoundland.

OTTAWA, Ont., Dec. 30.—At the suggestion of the Government, Mr. Whitman of Canso secured and froze a quantity of squid for bait. The result is that all the boat fishermen at Canso have continued to fish successfully long after the boats in other ports were laid up,

It seems to be generally admitted that an extension of this system will render Canadian fishermen independent of Newfoundland.

Terrible Fatality.

BLENHEIM, Ont, Dec. 30.—Yesterday morning Truman Reynolds, aged 15, son of John Reynolds, said he was going to the creek to shoot rats. About dusk Truman Warner found his dead and burned body on the ice. It is supposed that he used the butt of his gun to break the ice, which, breaking easier than expected, let the gun go through, striking the hammer and discharging the gun, the full charge of which struck him in the throat, then glancing took away the top of the heart. The fire from the gun then set fire to his clothing, which was completely burned except his boots The body was burned to a crisp.

This is the third shooting accident in the family this winter. A few months ago J. B. Reynolds, while shooting ducks, shot his uncle, George Reynolds, in the back, and on Christmas Day the young man who has now lost his life went to shoot off an old pistol. It did not go off. He went to look into the barrel, when it went off, the powder burning his face, but otherwise he escaped.

DONE UP BROWN.

The Miller of Dunnville and His Grist Did the Business.

CAYUGA, Dec. 30.—The Monck controverted election came up for hearing to-day before Hon. Justices Ferguson and Robertson. Mr. Colter, for the respondent, admitted that a miller at Dunnville named Stephen Haney had sent a letter to a voter in Wainfleet, named Riley Rogers, asking him to vote for Mr. Brown, Liberal M.P., and enclosing a dollar bill.

Judgment was given declaring the election void. Costs follow the event. The cross-petition was dismissed.

NO SEPULCHER FOR HIM.

Three Cemeteries Refuse to Receive the Body of Murderer Sawtelle.

BOSTON, Dec. 30.—Isaac Sawtelle's body, despite his expressed wish, will not be interred beside that of his brother Hiram in Forest Hill Cemetery. Hiram's widow objects to such interment, and the Board of Trustees of the cemetery denied Lawyer Edgerly's request to be allowed to bury the body there.

A Great Falls despatch says the directors of Forest Glade Cemetery voted to-day not to allow Sawtelle's body to be buried there. The Board of Trustees of Mount Hope Cemetery, Boston, to-day refused Mr. Edgerly permission to place the body of the murderer in the receiving vault of that cemetery preparatory to its final burial. The body is now at Great Falls.

Biggest Cargo of Wines Ever Shipped.

NEW YORK, Dec. 30.—Sturdy stevedores are working night and day to unload the big French steamship Chateau Lafite, which arrived in port on Wednesday with liquor enough aboard to furnish a jag to every voter east of the Mississippi for one day at least. The work of discharging her cargo, which is the largest ever brought to an American port, will be continued without intermission until the last cask is landed. The cargo consists of 5000 cases of fine wines, including champagnes; 150 barrels of brandy, 40 years old; 332 barrels of claret and port wines of the vintage of 1860 and 1870 respectively, three immense casks of claret wines of a later vintage, each cask containing 1000 gallons, and 443 cases of brandies. There are, besides, hundreds of barrels of cheaper wines and cases of French cordial. The vessel is five days overdue.

For Shooting His Wife

BRANTFORD, Dec. 30.—T. R. Saunders, at police headquarters to-day, was charged with shooting his wife with intent. After hearing evidence of three witnesses, the police magistrate sent the case up to a higher court.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are BLOOD BUILDERS, Tonic and Blood RESTORATIVE, as they supply in a condensed form the substances naturally needed to enrich the Blood, curing all diseases arising from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also Invigorate and BUILD UP the BLOOD and SYSTEM when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN Who finds his mental faculties dull or failing, his physical powers lagging, should take these PILLS. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

For sale by all druggists, or will be sent upon receipt of price (50c. per box), by addressing

If your Lungs are sore or Back Lame, use Shiloh's Porous Plaster, Price 25 cts. dw

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for six months.

Daily Examiner.

WEDNESDAY, DECEMBER 30. 1891.

Lakefield.

(From Our Own Correspondent.)

R. C. Strickland had a goat skin robe stolen on Christmas night.

Christmas day passed off very quietly in the village, being dull, showery, with lots of mud, the streets being almost deserted except at mail time.

Very little interest was taken in the municipal election, not over 20 or 30 ratepayers being in attendance. As will be seen by the result sent you on Monday, Councillor Richardson retired, Mr. Bird taking his seat, while on the school board Mr. Abel Headren declined to stand again and his place was filled by Mr. R. Q. Dench. The reeve made a full statement of affairs which appeared to give satisfaction to those present.

The council of this year is a thoroughly Masonic one, the reeve, council and clerk all being members of Clementi Lodge, No. 313.

Mr. W. M. Graham, on behalf of the school board, went over their financial statement at the nomination, showing the board is careful in the expenditure of the funds entrusted to them.

Saturday I sent you a short account of the shooting accident that had occurred at Mount Julian. Since that date both of the young men have been brought to the village, as it was too far to give them the frequent attention necessary. Brunston is doing well, Stone will have to have an operation performed on his shoulder to remove the ragged portion left of the head of the bone and clean out the splintered fragments, and form a false joint, which it is hoped will result in giving him a fair use of his arm in the future. The accident was entirely due to the careless use of firearms, loading rifles in a room surrounded by half a score of others and as many more on the verandah outside. Stone was only about a foot from the wall and received the bullet in the back of the right shoulder, it passing square through. Brunston was in front of Stone talking to him but when the shot was fired was turning round to go home; it struck him on the right shoulder blade and passed round the arm, missing the bones and all the larger vessels and came out in front of the arm, or rather was taken out as it only broke the skin at the point of exit, making a wound some nine inches long. It should prove a lesson for the future.

Our enterprising burglar made another raid on Xmas night, this time on the store of T. J. Bird druggist and again got off. The electric light had gone out and Mr. Bird who was alone in the store concluded to finish a cigar before going to bed; he was standing close the front door, when he heard a side door open, and thinking it one of the clerks back remarked "Have you it back." The door was instantly closed, and realizing who it was, Mr. Bird opened the door and gave chase up Queen street, down Reid and along Water street, [illegible] in the dark among the bushes and boats on the wharf. During the chase the thief threw away his overcoat which was secured and afterwards found to have been taken from a farmer's waggon in the shade of the Queen's hotel earlier in the evening. Constable Cochrane has been sent for to town, and will be empowered to search a couple of suspected houses, and put a stop to the annoyance caused by some worthless vagabond.

Natural, prompt, effective, for sick headache, torpid liver, and all liver troubles. Use McGale Butternut Pills, they contain no mercury. Price 25 cents. dw

Children Cry for Pitcher's Castoria.

A Warrant for Mrs. Osborne.

LONDON, Dec. 29.—A warrant was to-day issued for the arrest of the wife of Capt. Osborne, on the charge of obtaining under false pretenses the check for £550 which she received from the jewelers' firm of Spink & Son for the pearls stolen by her from Mrs. Hargreaves. She is believed to be in the south of France.

Churches Closed by the Czar.

VIENNA, Dec. 28. — A communication from Warsaw says that an official order has been issued closing the Catholic churches at Vedislav and Buzki, and that other towns will receive the same orders soon. This action is said to be taken in obedience to direct orders from the Czar, who is more than ever determined to stamp out all creeds not in accord with the orthodox church. A decree was issued some time ago, ordering that no repairs be allowed on Catholic churches, and that such church must be closed if found in a dangerous condition. It is believed that such is the authority under which the closing of the churches stated has been decreed

Boy Drowned While Skating.

TORONTO, Dec. 29.—John Callendar, the 15-year-old son of Henry Callendar, the well-known hotel keeper of 1211 Queen-street east, was drowned while skating on Ashbridge's Bay yesterday morning. This is the first fatal skating accident of the season.

Pale and sallow cheeks mean disease and a premature death. Rosy cheeks are emblematical of long life. The use of Dr. Williams' Pink Pills builds up the blood and nervous system, and never fails to leave rosy cheeks. Try them.

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

Once Used, Always used.

This is a fact as regards Dyer's Jelly of Cucumber and Roses from its wonderful efficiency in curing chapped hands and making the skin smooth and soft. Druggists keep it. W. A. Dyer & Co., Montreal. 6d125

Expel the worms by using the safe and reliable anthelmentic Freeman Worm Powders. dw

SPOONER'S

PHENYLE

("Sanderman's Patent.)

The Most Effective Powdered Disinfectant Deodorizer and Germicide known to modern science.

Manufactured by ALONZO W. SPOONER, Sole Proprietor, Port Hope, Ont.

Destroys all naive odors—Certain death to insect life—Prevents contagious diseases, and those arising from foul premises and sewerage things generally. For residences, hotels, factory offices, business places, halls, stations, stables, animal pens, &c., &c., and wild cats keep chickens. No family should be without it.

HENRY BEST,

d127-w New Market Block.

What Walter Had to Say

About the Stabbing—Walter Kerr Speaks at the Nicholls Hospital Yesterday—Evidence Taken in the Ward.

When Magistrate and counsel arrived at the Hospital yesterday afternoon, Walter Kerr gave the following evidence:

On the 15th September last I was at the Cavanagh Hotel. I saw Wynn there before tea on that day. After tea I saw him again in the pool room. I had just come from tea. Mr. Timothy Cavanagh was cleaning up the mess prisoner had made. He had vomited on the floor. Cavanagh said to me,

WALTER TAKE THIS MAN OUT.

Tom Shearer and Tom Trennum were in the room at the time. Cavanagh told me to take him out and put him in one of the stalls. He gave me a shove, and not wanting to make a disturbance I let him go. Then Tom Trennum took him out; I stayed in the house. Shearer was fiddling about prisoner and wanted to take his watch, but prisoner would not let him have it. He pushed him away from him. That was the last I saw of him until I was stabbed. I did not see him before he struck me, I had been in the house all the evening. I went out about twelve o'clock, and was going to the stable to sleep. I often slept there. Cavanagh knew I slept there. In the morning I usually acted as helper in the stable. The stalls are on the west of the yard and the stable on the south. I was just near the kitchen when I met prisoner, who stabbed me and said

"YOU HAVE ROBBED ME."

The kitchen is near the centre of the yard. He only struck me once. I knew who it was struck me when I saw the vomit on his vest. That is all I knew him by. Did not see him vomit. The last time I saw Trennum was when he took prisoner out. I did not see Shearer afterwards. No one else was in the yard. After stabbing me prisoner ran out of the gate and turned south down Water street. I followed him a little way and then turned on Charlotte street until I fell near the new Custom House. I do not know who came to me first. I first knew I was injured when I reached the gate. Blood then spurted out of the wound. I did not speak to anyone in the yard. Was not drunk, but had taken a few glasses. The man who struck me was carrying a grain bag, like the one produced, over his shoulder.

Cross-examined by Mr. Stone.—I went to Cavanagh House between six and seven in the morning. The reason of my going was because they wanted me to go and help. Got all my meals there that day. I had about three drinks before dinner and had six or seven more before supper. Could not say for certain, I might have had more; I had a good many after supper. I had a pretty good day's eating and drinking. Did not see prisoner "treating" that day. I did not know which stall prisoner was placed in in the yard. There was no light in yard when I was stabbed, and I did not notice if the stall door was open. Prisoner was coming direct to me from the stall door when he stabbed me. I did not see a knife in his hand. I just worked around hotels where I could get whiskey and food. The bookkeeper spoke to me when I was going out to the yard and I bade him good night.

This concluded the evidence of Kerr. The prisoner said he had nothing to say, and was committed for trial.

Most case of consumption are of catarrhal origin, and death follows inevitably. Catarrh can positively be cured by Nasal Balm, Thousands who have been restored, testify to its merits. Try it. dw

News About Town.

It is the current report about town that Kemp's Balsam for the throat and lungs is making some remarkable cures with people who are troubled with coughs, sore throat, asthma, bronchitis and consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles cost 50c and $1. dw

Women with pale, colorless faces, who feel weak and discouraged, will receive both mental and bodily vigor by using Carter's Little Liver Pills which are made for the blood nerve and complexion. dw

Victoria Carbolic Salve is a great aid to internal medicine in the treatment of scrofulous sores, ulcers and abscesses of all kinds.

Prompt relief in sick headache, dizziness, nausea, constipation, pain in the side, guaranteed to those using Carter's Little Liver Pills. One a dose. Small price. Small dose. Small pill. dw

Good Advice.

DEAR SIRS—I have been troubled with headache for over forty years, and had it so bad about once a week that I was sometimes not expected to live. I was advised to use B.B.B., and have used 3 bottles. I now have an attack only once in four or five months, and feel that if I continue using it I will be entirely cured. Therefore I recommend it highly.

Mrs. E. A. STOREY, Shetland, Ont.

Young's Point.

From Our Own Correspondent.

PROMOTIONS.—The following is a list of the promotions made in the public school:—From part I to part II.—Bruce Graham, Laura McFarlane, Alex. Chambers, Richard Fitzgerald, Fred Fitzgerald, Laura Gordon Frank Dunk, Ellen Northey, Lena Bullock. Mary Bullock. Part II to second.—Mary Walsh, Lemuel Godfrey, Ephraim Godfrey, Charlie Wright, Aaron McNaughton, Mary Quinlan, Joseph Gyotte, Wm. Anglesey, Nora Anglesey, Alma Godfrey, Lillie Northey, Eva Hockaday. Second to third.—Leo Young, Frank Walsh, Vernie McFarlane, Clarence Godfrey, Jemima Dever, Victoria Northey, Laura Hockaday, Lillie Quinlan, Mary Anglesey, Andrew Millar, Wm. Lane. Third to fourth.—Patrick Young, William Walsh, Gertie Young, Fred Quinlan, Sarah Gordon, Kate Gordon, George Millar, Robert Plymouth.

OYSTER SUPPER.—On Tuesday evening the friends of Mr. A. A. Smith, who has been a teacher in the public school here for the past three years, learning that he was about to sever his connection with them, in order to pursue his studies at the Normal school, tendered him at an oyster supper at the [illegible] house. After the guests had done ample justice to the delicious bivalves, served up in excellent style by mine host McFarlane, the evening was given up to pleasure and a very enjoyable time was spent. All expressed sorrow at the departure of their teacher, who had made many warm friends in the section, and he, in a few well-chosen words replied, thanking them for the kindness they had always shown him during his stay among them. Then various matters were discussed—mechanical, agricultural and educational—interspersed with songs and recitations. Then the following toasts were drank: The Queen, Our Dominion. The Premier, the Representatives of the West Riding. Dominion and Local, The Ladies and Our Host and Hostess. After these toasts had been honoured and responded to, the party broke up after singing the National Anthem.

Can You Eat

Heartily, with relish, and without distress afterward? If not, we recommend to you Hood's Sarsaparilla, which creates a good appetite and so invigorates the stomach and bowels that the food is properly digested and all its nutriment assimilated.

Hood's Pills are purely vegetable, perfectly harmless, effective, but do not cause pain or gripe. Be sure to get Hood's.

Harsh purgative remedies are fast giving way to the gentle action and mild effects of Carter's Little Liver Pills. If you try them, they will certainly please you. dw

Christmas Tree at St. Andrew's.

St. Andrew's school room last night was a centre of attraction, especially to the children of the Sunday school—the attraction *par excellence* being two beautiful christmas trees erected at the [illegible] and laden down with toys, books, etc. The school room was crowded with children and adults. The first part of the evening's programme consisted of a beautiful series of stereopticon views displayed by Mr. R. M. Roy. His first views were those incidental to a trip through Ontario and were exceedingly interesting and were received with great pleasure. These were succeeded by miscellaneous views of a similarly interesting character. The distribution of prizes was a jubilant feature of the evening. The pastor Rev. A. McWilliams, who had a general oversight over the evening's programme, read the names of the lucky youngsters, and the functions of Santa Claus *pro tem.* were assumed by Messrs R. Russell W. White and A. Hamilton. Then followed the distribution of prizes for those pupils, some half a dozen in number who had shown special proficiency in the catechism and other lessons. Perhaps the most interesting feature of the programme was a presentation to the Rev. Mr. McWilliams. Mr. White on behalf of the members of the pastor's Bible Class, presented him with an elegant silver water pitcher and goblet. Mr. McWilliams though entirely taken by surprise, gracefully returned thanks for the beautiful gift, which he appreciated more especially as an evidence of the pleasant relations that exist between himself and the members of his Bible class. He was delighted to see the Bible class growing in numbers with an increasing interest in the work of the class. A most pleasant and profitable evening was brought to a close by the singing of the doxology and prayer by the pastor. Several teachers were also remembered by their [illegible], and altogether a delightful evening was spent. St. Andrew's Sunday School is flourishing and has so grown in numbers that the room is inadequate, and it is the intention to greatly enlarge the school room in the spring.

Withdrawn from the Contest.

Mr. Noah T. Laplante has formally withdrawn from the contest for councillor in No. One Ward.

Christmas Ales.

Christmas ales in kegs and bottles; special brewing. Leave your orders at Celeste's Brewery. Telephone connection. dt48

After Christmas What?

Why, a clean shave and fashionable haircut. To make sure you get the latest wrinkles in hair dressing, give the job to BILLY MORGAN, the tonsorial artist, near Commercial House, George street. d

Mr. Wand is in the field.

A rumour is current that Mr. Wm. Wand has declined to stand as councillor. This is not correct, as Mr. Wand is in the field and desires his friends to rally and work for his election.

Thanks.

Mrs. Werde desires to thank the members of her Sunday School class for their kindly remembrance of her by so beautiful a gift, yet not for the gift only, but more for the generous spirit which prompted it.

Notice.

During the present week, Dec. 28th-Jan. 2nd, inclusive, all electric lights will be kept burning till 12 30 a.m.

A. STEVENSON,
Secretary Peterborough Light and Power Company (L'td.)

Early Maple Syrup.

Mr. Edward Emerson, of Otonabee, tapped a few maple trees two days before Christmas. The sap ran quite freely and a quantity of syrup was made for the Christmas tea. Mr. Emerson says he has never before known syrup to be made so early.

Local Union Y. P. S. C. E.

The Executive of the local Union of C. E. have decided to hold a consecration meeting in the Y. M. C. A. Hall on New Year's eve. All the young people of the town are requested to make an effort to meet there at 9 o'clock for one hour's service.

Salvationists Note.

Marechale Booth-Clibborn, who was announced in our issue of yesterday to speak from the cars at the C.P.R. station to-night, will not do so, different arrangements having been made in Montreal. She will not pass through Peterborough.

The Market.

There was only a moderate attendance of buyers and sellers on the market this morning, although the patent medicine man with his "cure all" was in full force. Prices for produce ruled about the same as on Saturday. Turkeys sold for $1 to $1.25, and geese at 75c. Sales were fair.

St. Paul's Y.P.S.C.E.

On Monday evening the consecration meeting of the above society was held. Miss Quinn, of Strathroy, conducted the meeting and gave an interesting address on the topic for the evening, "Preparation for the week of prayer." Although the weather was so unfavourable a large number of members answered to their names at roll call. The meeting closed with prayer by Rev. E. F. Torrance.

Interesting Presentation.

The boys of Miss Effie M. Turner's class in the George Street Methodist Church Sunday school having learned of her impending marriage, waited upon her at her home on Monday evening and presented her with a framed picture of themselves, accompanied by the following address:—

PETERBOROUGH, Dec. 28th, 1891.

DEAR MISS TURNER,—Loving you as we do for your many kindnesses to us as teacher, we learn with sorrow that you are about to leave us, and we desire to tell you of how greatly we esteem you as a Christian lady and teacher. We shall miss you very much, but shall ever, we trust, remember your earnest instructions as to what Christ would have us boys be, and we cherish the hope that you will often think of us as you look upon this picture, which we ask you please to accept. Wishing you very much happiness

From
THE BOYS OF YOUR CLASS.

Miss Turner having briefly responded, thanking the boys for their handsome present, refreshments were served to the boys and an enjoyable evening was spent.

Hymeneal.

At 514 Aylmer street this afternoon an interesting event was celebrated. It was the marriage of Mr. George W Mulligan, of Rochester, N. Y., to Miss Effie M. Turner, [illegible] street Methodist church, performed the ceremony in the presence of a large number of guests. Miss Butcher and Miss Braden were the bridesmaids, and little Miss Emma Junkin, of Ottawa, was maid of honour. Mr. — Mulligan, brother of the bridegroom, was "best man." The bride was attired in cream cashmere, with trimmings of chiffon lace, and the traditional bridal veil and orange blossoms. Miss Butcher, a pearl gray cashmere trimmed with chiffon. Miss Braden was dressed in cream cashmere, trimmed with chiffon lace. The pretty little maid of honour was dressed in silk embroidered cashmere. The bride received a handsome array of elegant bridal presents. The ceremony was followed by the wedding breakfast, at which the relatives and intimate friends were entertained. The newly wedded couple, who are both well known and highly respected in Peterborough, were given hearty congratulations and good wishes, and took the 5.15 G.T.R. express for Rochester, which will be their future home.

Personal.

Mrs. G. S. Casey, Napanee, has arrived in town to spend New Year's with her daughter, Mrs. M. T. Ostrom, 16 Weller street.

Mr. J. A. Richardson, of Toronto, Canadian Passenger Agent of the great Wabash Railroad Company, is in town to-day on business connected with the company.

News Nuggets.

—There was a clean slate at the police court this morning.

—Ashburnham is now the proud possessor of a barber shop. Mr. Wm. McGregor has commenced there in that business.

THE MAYORALTY.

Never, perhaps, has there been a time when it was more important that wise discrimination and good judgment should be exercised in the choice of Mayor. Next summer will be an active one in municipal affairs. Enterprises of great importance will be under execution, and there will be need of a not only thoroughly qualified Mayor, experienced in the management of civic matters, but of a Mayor who can and will be on the spot day after day, to give personal attention, supervision and watchfulness. Such a man is Mr. Davidson, who is always in town and who, having managed his own business so successfully that it is in an easy condition, has the time to devote his energies and attention very largely, and exclusively, if necessary, to the management of the affairs of the town. Mr. Stevenson's reason for retiring from the office he otherwise so efficiently filled was solely that he had not the time to attend to the duties of the office of mayor. He well knew that if a man attended properly to the demands of the position of head of the council, he would have all he could do, and, like a public spirited citizen, he retired from an office which he could not, though otherwise well qualified, efficiently fill on account of lack of time. Now, Mr. Davidson is, in all respects, well qualified for the office of mayor, and he has the time, and will, if elected, devote his time faithfully and diligently to the work which his office demands. Thoroughly skilled in finance, fully experienced in all the details of municipal matters, of unusual clerical proficiency, sound in judgment, steadygoing and cautious, Mr. Davidson combines in himself all the qualifications required in a model mayor and besides, he has the leisure time, that is the sum of all other qualifications and without which they are valueless. The people want a mayor whom they may have access to every day and one who has time to consult them upon public affairs and is always ready and willing to "muckle" civic work when it presents itself. Such a man is R. S. Davidson, and electors will serve both their own interests and the interests of the town by marking their ballots for him on Monday next.

HOLIDAY COMPETITION.

Thursday is the Last Day for Guessing.

A Chance for You yet—For the Lady's or Gentleman's Gold Watch—And Silver Watch and Carving Set.

Thursday is the last day for depositing your ballot and securing a chance of winning one the three splendid prizes offered in the Peterborough Bookstore **Holiday Competition.**

The person marking his or her voting coupon with the number nearest to the exact number of beans, peas and nuts contained in the sealed jar in the show window of the Peterborough Bookstore, will receive the splendid, first quality, full jewelled, lady's or gentleman's **Gold Watch**, as he or she may select.

The person coming second nearest to the exact number will receive the gentleman's **silver watch.**

The person coming third nearest the exact number will receive the beautiful steel Sheffield **Carving Set.**

The counting of the articles in the jar and the voting ballots, will take place on Friday and the result (that is the prize winners) will be announced on Saturday evening and the respective prizes will be handed over as soon as called for.

The time for competing is short. Don't delay in calling at the Peterborough Bookstore and purchasing a dollar's worth of goods and getting a ballot, or a ballot for every dollar's worth of goods bought. Get your ballot and mark thereon your estimate of the number of articles in the jar, and if it is near enough to the exact number you will get one of the three splendid prizes.

Remember the competition closes on Tuesday at midnight.

Y. M. C. A. Notes.

The Ladies' Auxiliary are arranging for the "annual at home" New Year's Day for the young men of our town and strangers away from home, when all will be welcomed between the hours of three and seven and receive the Association greeting for 1892.

The Ladies' Auxiliary therefore desire that all who in the past have so bountifully provided the refreshments and any others who desire to help with donations of provisions, to kindly send in the same to the new rooms not later than noon on Friday, January 1st, 1892. We trust the responses will be met heartily, for we shall have many more to provide for this year. Thanking the friends in anticipation of their gifts on behalf of the Ladies' Auxiliary.

Sincerely yours,
MRS. H. S. GRIFFIN, President. L. S. R. TUCKER, Sec. L. A., Y.M.C.A.

We return sincere thanks to Mr. Lucius Sherlock for handsome gifts of books for the library, the *Cosmopolitan* for 1891 and Historical Wonderbook.

Stevenson, Esq., Mayor; one bag of flour, Mr. W. Stock; one turkey and sundries, Mr. L. Smith.

Fine Old Wines
For the Festive Season.

I have laid in a large stock of fine old and reliable wines and liquors imported for the Christmas and New Year's trade. Rare old port wine bottled in Oporto, a quarter of a century old; rich native wines from the celebrated Pelee Island vineyards; pure juice, unfermented wine for sacramental and other purposes; fine sherries, Madeiras, clarets and champagnes in splendid condition. Extra old Scotch Irish and Canadian whiskies. Brandy, rum, gin, bottled ale, sweet cider, &c. Also a large and varied assortment of choice family groceries at moderate prices.

John Cameron,
dw Grocer, Wine and Spirit Merchant.

Society Notes.

Otonabee Lodge I.O.O.F. met on Monday evening. A good number of members turned out and an enjoyable session was held.

At the meeting of the Royal Templars held last evening in the R. T. of T. Hall, A deputation from Cavendish lodge No. 312, I.O.G.T., was received to consider with the Royal Templars what steps could be taken by the two bodies towards obtaining a reduction of the number of saloon licenses in the town. Some interesting speeches were made, and the matter was left over until Thursday.

Peterborough Lodge I.O.O.F. meet tonight. Good attendance expected.

Cavendish Lodge No. 312, I.O.G.T., will hold their usual meeting to-morrow evening. A large attendance of members is requested. Important business, consideration of bylaws, and reception of a deputation from the Royal Templars.

Last Night's Organ Recital.

The Best of the Week at the Last of the Feast.

To all enthusiastics in music—and every true lover of music is an enthusiast—who attended the organ recital in St. John's church last night, the words of that sanctimonious cynic, Dr. Young, must have been suggested:

How blessings brighten as they take their flight.

Never had Dr. Davies seemed in grander form than at his last of the series of recitals given in St. John's the past year and a half, nor had the large audience present been so deeply impressed with the great ability of the organist they were losing. The programme was pleasingly varied, containing compositions in both the classical and free styles. It opened with Mozart's overture to the opera of "Cosi Fan Tutte," and the developement of the two principal subjects were admirably wrought out. The execution was marvellously brilliant, and though passages were rendered with great rapidity, the terrific presto did not sacrifice, in the least, clearness of phrasing and accentuation. Every note was clear cut. In charming contrast was Mendelssohn's delightfully dreamy nocturne which followed. Bach's fugue in D was given with great clearness of effect, the entry of the pedal parts being marked with a boldness and precision characteristic of the preformer. Spindler's "Marche des Phantomes" with its mysterious and weird effects, is always welcome, and Dr. Davies last night gave an interpretation of it that indicated a careful study and perfect appreciation of its subtle spirit. Perhaps the grandest feature of the programme was Mehul's overture to "Henry IV," which was, in itself, as rendered, a truly wonderful example of what perfect orchestral effects may be produced by the organ under a master's touch. The pleasure which the number gave was repeated in the equally well executed volunteer number given later—Donizetti's overture to "Anna Bolena." Dr. Davies' own "Andante in A," with its melodious themes, gracefully varied and interwoven, formed a pleasing prelude to the contrasting number which followed, and concluded one of the most brilliant and brilliantly performed programmes ever presented in Peterborough. This number was Wagner's Grand March from "Tannhauser," as arranged by Frederick Archer. It contains all the striking features of the original orchestral score, reproduced in a most telling manner.

General regret is expressed at the severance of Dr. Davies' connection with St. John's, but it is hoped that opportunities for hearing him again in recital, on St. John's organ, may hereafter be afforded.

Masonic Matters.

List of Officers for 1892—Address and Presentation—Installation of Officers.

KEENE MASONS.

The members of Keene Lodge No. 374 A. F. & A.M., met on Monday, the 28th, when the following officers were installed by W. Bro. Jno. M. Shaw, assisted by V. W. Bro. McNeil:

W. Bro.	R. J McCamus	W. M.
W. "	W. D. Kerr	I.P.M
"	W. C. McCrea	S W.
"	J. Lancaster	J. W.
W. "	Jas. McNeil	Chap.
W. "	T. Campbell	Treas
W. "	Jno. M. Shew, M.D.	Sec.
"	H. J. English	S.D.
"	Jas R McCrea	J.D.
"	W. G. Birdsall	D. of C.
"	C. Blesard	S.S
"	R Hope	J.S.
"	T. Mather	I G.
"	Jno Duff	Tyler.

After the close of the lodge, refreshments were partaken of and the presentation of a jewel and address was made to Bro. W. Marks, S.D., who is leaving Keene, and who has filled every position in the lodge.

The jewel is a Past Master's jewel suitably initialled on the centre of the square.

The following was the address:—

Keene Lodge A F. & A.M.
St. John's A.L. 5891.

To Wor. Bro. Kenward Mark:

W. Sir and Bro.—Your brethren, the officers and members of this lodge desire to express the respect they feel at your departure from among them, and take this opportunity of presenting you with this jewel as a token of the esteem in which you are held by them, both as a man and a Mason, and pray that the G.A.O.T.U. may grant you and yours long life and prosperity. Sorry to part, happy to meet again.

W. D. Kerr, R. J. McCamus.
I. P. M. W. M.
Jno. M. Shaw, Secy.

Bro. Marks made a feeling reply thanking them for their kindness. He said he had come among strangers when he came to Keene, but he found himself helped and encouraged by his brethren and friends.

CLEMENTI LODGE NO. 313.

REFEX.

The Mayoralty CONTEST.

To the Municipal Electors of the Town of Peterborough:

Ladies and Gentlemen,—At the request of a large number of the Ratepayers of the town I have accepted the nomination as a candidate for the office of Mayor of the town for the year 1892.

I fully appreciate the importance of the position, and the large responsibilities it involves, and am prepared, if honoured with your selection, to discharge the duties of the office with exclusive regard to the promotion of the material and moral interests of the town. I beg to submit that my experience of nine years in the Council as a representative of No. One Ward, and eight years at the head of the Finance Department, have given me an opportunity of learning the wants and needs of the town, and also the best means of meeting and providing for them. I unreservedly pledge myself if elected, to use my best endeavours to administer the affairs of the town with as full a regard to economy as is consistent with an efficient administration of civic affairs in all departments.

I shall use, as I have done in the past, every effort to promote the material interests of Peterborough. I shall consider it my duty to faithfully and fearlessly discharge every public duty which my position places upon me, and to deal in a progressive and public spirit with the several questions affecting the public interest which are likely to arise during the coming year, and in fine to deal in every way in my power with the great and growing interests of the town of Peterborough in a manner which their importance deserves.

I trust that my record for the past will be a guarantee for the efficient and diligent discharge of the duties of mayor if I am honoured with your confidence, which I again respectfully solicit

Your obedient servant,

R. S. DAVIDSON.

The Mayoralty.

To the Ratepayers of the Town of Peterborough:

Ladies and Gentlemen,—Learning that Mr. Stevenson has decided to retire from the position of Mayor, I am, at the request of a large number of Ratepayers, a candidate for the Mayoralty for 1892. The assurances I have received from ratepayers in all parts of the town and of all sections, are such as to cause me to feel that it is the desire of a large number of the electors, that I should offer myself for the position of Chief Magistrate of the town, and I respectfully ask the vote and influence of every ratepayer. As the time at my disposal before the election is too short to permit of my making a personal canvass of the town, I trust that this announcement will be accepted instead, and that my eight years record in the Council will speak for me to all who exercise the franchise. In municipal matters it is impossible to lay down a strict policy, as it is impossible, especially in a growing town, to know what the council may be called upon to deal with during the year; but I can safely say that if elected I will use my strongest endeavors to promote the best interests of our town and at the same time to hold within due bounds the expenditure of public moneys, and I will devote all the time necessary for the efficient performance of the duties of the office to that purpose. I am,

Ladies and Gentlemen,
Your obedient servant
JAMES KENDRY.

Peterborough, Dec. 26th, 1891.

REFLEX!

TO THE ELECTORS OF WARD No. ONE.

Having been strongly urged to accept the nomination of Councillor for this Ward, I have consented to do so. The support which I have been promised by so many of the influential ratepayers of the Ward, encourages me, if elected, to devote my time to the best interests of this Ward in particular, and of the whole municipality in general.

As the time is short before the elections, I will not be able to make a personal canvass of the ward, and therefore take this opportunity of soliciting your votes and influence.

Yours respectfully,
HENRY BEST.

Peterborough Dec. 29th, 1891. 4d1w

TO THE ELECTORS OF Ward No. Three.

Ladies and Gentlemen,—At the urgent request of a large number of ratepayers, I have accepted the nomination as Councillor for No. 3 Ward, and I ask your votes and support. If elected I pledge myself to place the advancement of the town's interest before every other consideration and to pursue a course that will meet the approval of all who wish to see straight and square dealing in the management of our civic affairs. I am

Your obedient servant,
BRUCE FERGUSON.

4,000 MILES IN 6D. 7H.

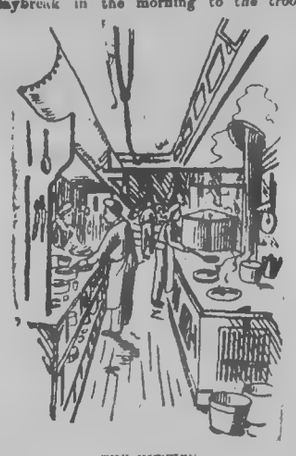
THE TROOP TRANSPORT TRAIN AHEAD OF TIME.

Successful First Trip Under the British War Office Contract With the C.P.R.—Telling Pictures of Life on Board the Cars—Arrival at Halifax.

The first trip, under the contract of Canadian Pacific Railway with the war office a England, has been brought to a satisfactory conclusion by the arrival in Halifax f the now celebrated naval special, which as transported the three hundred odd Bri-

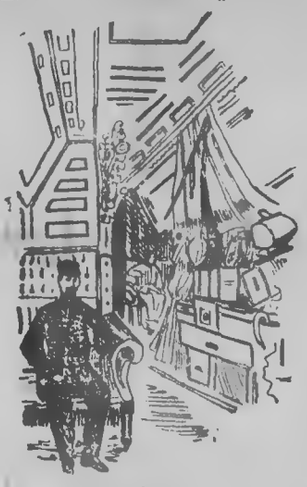
MARINES' SLEEPING QUARTERS

ish tars and their officers from Vancouver to Halifax, a distance of over 4,000 miles in the short space of 6 days and 7 hours. The arrival was earlier than at first expected, and the naval authorities determined that the men should remain on the cars all night, and be transferred at daybreak in the morning to the troop-



THE KITCHEN.

ship "Tyne," which awaited them in harbor. The men were very sorry to leave their comfortable quarters, which they have been making so very homelike during the week and many were the regrets expressed that the journey could not be continued to Portsmouth by the train all the way. It was then with many regrets that the jolly sailors awoke in the morning from their



OFFICERS' QUARTERS.

snug sleeping quarters and hastily gathered together their baggage for embarkation on the "Tyne."

The kitchen car had quite a melancholy air about it as the genial chefs set about preparing the last meal for the jolly crowd of fellows, whose fine and good company they have so much enjoyed on the trip, and who have in turn showed such a keen appreciation of the result of their labors on their behalf in the great culinary department.

All were astir betimes in the officers' car,

TYPICAL COOK AND MARINE.

their baggage piled up ready for the change and the owners sitting around to wait the final hours when they should give the word "march."

The trip across has been, they assert, the most delightful experience of their life, and their comforts have been looked after in a manner that simply astonished them, no detail having been wanting of any sort or description. The West bound contingent boarded the train the same day, and at once commenced their journey. The train is the same as before, save for the addition of one colonist sleeping car, which has been sent down only fitted up to allow for the increasing number making the return journey. The train is provisioned in such manner that in the event of a stoppage by snow covering the men could be fed for a whole week independent of an yfurther supplies.

It Does Double Duty.

"I think she is a two-faced creature," said one of the girls indignantly. "Oh, no," returned Miss Cordial, "if she had two faces she would never use this one."

The Lady Evangelist.

Mrs. Baeyertz, who is conducting the mission tour under the auspices of the Y. M. C. A. addressed the meeting for Christians yesterday afternoon in the Association hall. Despite the inclemency of the weather a good number of people attended. No meeting was held in the evening.

THE JEWISH PASSOVER.

On Friday evening Mrs. Bayerts will speak in the George street Methodist church on the subject which has always drawn large audiences, a subject on which she is specially qualified to speak, namely, "The Jewish Passover," as she must necessarily have been familiar with it from her earliest years. She will show the striking typical teaching of the passover, pointing, as it so clearly does, to the atoning work of our Lord Jesus Christ. Coming, too, from the lips of a Jewish lady, it is not to be wondered at that large audiences have always been present to hear this address. Speaking of this the Wellington correspondent of the Lyttleton *Times* says:—"Mrs. Baeyertz, the lady missionary, is very well spoken of as an elocutionist of the first order, remarkable for simplicity of diction, impassioned earnestness of style and great clearness of voice. Her account of the Jewish passover and the atonement is said to be the most masterly description ever heard here from a lecturer's platform." To-night the address is for women and girls only. All are invited.

Colds are frequently the result of derangements of the stomach and of a low condition of the system generally. As a corrective and strengthener of the alimentary organs, Ayer's Pills are invaluable, their use being always attended with marked benefit. dw

Everybody Admires Soft White Hands and every lady ought to use Dyer's Jelly of Cucumber and Roses, as it makes the skin soft and smooth. Try it. Druggists keep it. W. A. Dyer & Co., Montreal. f1152

To Invigorate both the body and the brain, use the reliable tonic, Milburn's Aromatic Quinine Wine. dw

A Change for the Better.

SIRS.—I have taken three bottles of Burdock Blood Bitters, and find it a splendid medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it.

Mrs. J. V. GREEN,
dw 5 Sydenham street, Toronto, Ont.

It is a Very Sad Thing

To see young and beautiful people die when they might just as well live and enjoy health and strength. Many who suffer with coughs, colds and lung troubles, leading to consumption, imagine there is no hope for them, when in reality there is every hope if Miller's Emulsion of Cod Liver Oil is taken regularly. Spread the news everywhere that this great emulsion will make flesh and blood, cure coughs, colds, bronchitis, sore throats and lung troubles tending to consumption. In big bottles, 50c. and $1. at Peterborough Drug Store's. dw

What is REFLEX?

Editorial Evidence.

GENTLEMEN,—Your Hagyard's Yellow Oil is worth its weight in gold for both internal and external use. During the late la grippe epidemic we found it a most excellent preventive, and for sprained limbs, etc., there is nothing to equal it.

WM. PEMBERTON, Editor *Reporter*.
dw Delhi, Ont.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of K mp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

It Seldom Fails.

DEAR SIRS,—I took two bottles of Hagyard's Pectoral Balsam and it cured me of hoarseness and tightness of the chest after other things had failed. I have also tried B.B.B., it works splendidly for weakness nd headache.

dw SAMUEL MADDOCK, Beamsville, Ont.

New Sarum Notes

DEAR SIRS,—I have used 6 bottles of B.B.B. I took it for liver complaint. Before I took it I had headache, and felt stupid all the time, but now I am healthy and entirely well. In addition I have a good appetite, which I did not have previously.

dw LIZZIE POUND New Sarum, Ont.

My wife and I had dandruff and lots of it, accompanied by almost continual itching of the scalp. Anti Dandruff entirely relieved us both from annoyances and we think it the best preparation known to clean out Dandruff tone the hair and act as a dressing without giving an unnatural appearance.

"German Syrup"

Croup. We have selected two or three lines from letters freshly received from parents who have given German Syrup to their children in the emergencies of Croup. You will credit these, because they come from good, substantial people, happy in finding what so many families lack—a medicine containing no evil drug, which mother can administer with confidence to the little ones in their most critical hours, safe and sure that it will carry them through.

ED. L. WILLITS, of Alma, Neb. I give it to my children when troubled with Croup and never saw any preparation act like it. It is simply miraculous.

MRS. JAS. W. KIRK, Daughters' College, Harrodsburg, Ky. I have depended upon it in attacks of Croup with my little daughter, and find it an invaluable remedy.

Fully one-half of our customers are mothers who use Boschee's German Syrup among their children. A medicine to be successful with the little folks must be a treatment for the sudden and terrible foes of childhood, whooping cough, croup, diphtheria and the dangerous inflammations of delicate throats and lungs.

Cold Springs, Otonabee.

Close of School and Presentation to the Teacher.

(From Our Own Correspondent.)

The closing examination of S. S. No. 16, Otonabee, was held on the afternoon of Tuesday, Dec. 22. A large number of the parents and others interested in the school were present. After the pupils had been examined in the principal subjects on the school programme, an entertainment consisting of music, reading, recitations and dialogues was given by the pupils. Before the afternoon's proceedings had been brought to a close, Mr. W. Matonett, who has been teacher here during the past two years, was presented with Macaulay's complete works, his History of England, in five handsomely bound volumes, and his reviews, essays and poems in a separate volume. The presentation was made by Nettie Stewart and the address was read by Marvin Kennedy. It was as follows:—

DEAR TEACHER,—It is with feelings of deep regret that we, your pupils, who have been under your instruction for the past two years, have learned of your intention to depart from us. We feel that we cannot let you leave us without giving you some slight token to show the esteem in which you are held by us. Your untiring diligence for our welfare has been marked all the way through your teaching here, and though we may at times have shown but little appreciation of your efforts, yet we trust that this may be forgotten, and that there may ever exist between us the warmest friendship. As you leave us and go into another field of labor it is our earnest wish and prayer that your pathway may be marked with success, and that God's blessing may rest upon you. We now beg you to accept this small gift as a remembrance of the time which you have spent with us in Cold Springs, and wish you a Merry Christmas and a very prosperous New Year.

Signed on behalf of the school,

NETTIE STEWART,
MARVIN KENNEDY.

CHRISTMAS TREE.—On Christmas eve the Cold Springs U. C. S. S. church School had an entertainment. The night was dark and the roads muddy, but in spite of these drawbacks, there was a good attendance. The following programme was presented:

Opening chorus
Recitation.....Mary Brooks
Solo with chorus..Misses E and A. Smith, Messrs. B. Hill and H. S. Armstrong.
Violin and organ..Miss and Messrs. Wilson (encored)
Reading.....Mr. McCallum
Solo and chorus....Miss Clarke, Miss Brandrette, Mr. Matthews, Mr. Gray, Mr. McCallum
Reading.....Miss C. Smith
Quartette.....Miss E. Smith, Miss A. Smith, Mr. B. Hill, Mr H. S. Armstrong.
Duet.....Miss Brandrette, Mr. Matthews
Recitation.....Mr. H. D. Kennedy
Chorus..Miss Clarke, Miss Brandrette, Mr. Matthews, Mr Gray.
Reading.....Mr. M. W. Malcbett
Violin and organ (encored).....Miss and Messrs. Wilson
Recitation—"A Boy's Speech".Lorne Brooks
Solo and chorus....Miss E Smith, Miss A Smith, Mr. Hill, Mr Armstrong.
Solo.....Miss A Brandrette
Mouth organ duet (encored)....M. Kennedy, W. Robinson
Solo and chorus.....Misses Clarke and Brandrette, and Messrs. Matthews, Gray and McCallum
Recitation.....Willie Huston
Duet.....Messrs McCallum and Gray
Quartette.....Misses Smith and Messrs. Hill and Armstrong.

When the entertainment was over the presents which were on and around the tree were distributed. The evening's entertainment was brought to a close by all joining and singing "God Save the Queen."

PERSONAL.—Mr. Donaghy has been engaged as teacher for S. S. No 16 for 1892 and will enter on his duties on Monday, January 4th.

MUNICIPAL NOTES.—Mr. D. Kennedy, of Cold Springs, one of the three candidates for the position of collector for this township for 1892 informs the electors will show their appreciation of his business tact and abilities by marking their ballots in his favor on Monday next. He is well qualified by his experience as collector, municipal and other public matters to fill the position worthily.

The wonderful cures of cures effected by Ayer's Sarsaparilla are kept on the file of the J. C. Ayer Company, Lowell, Mass. Probably no similar record can be found in the world can exhibit such a mass of convincing testimony. dw

THE PARNELLITE PARTY HOLD A MEETING

And Felicitate Themselves on the Result of the Waterford Election—The New Lord Clancarty and His Brother—The Halifax Lobster Shipment.

LONDON, Dec. 30.—Lord Clancarty is "tickled almost to death" over the fact announced yesterday, that the Countess of Clancarty, formerly the well-known music hall singer, Belle Bilton, and still later known as Lady Dunlo, has given birth to twins, both boys, one of whom becomes Lord Dunlo.

The difference in the ages of the young swells is said to be only twenty minutes. The younger of the two will be sorry for the rest of his life he was late less than half an hour.

The Countess of Clancarty telegraphed to a friend from Upper Hare Park this evening:

"Nothing succeeds like success. Double bill to-night. Pantomimes not in it."

The Countess took a leading part in the Drury Lane pantomime just a year ago.

The Countess of Clancarty and her twin sons are doing well.

As soon as the first child was born a piece of white ribbon was tied around his wrist, so that there could be no mistake afterwards, as, unless some accident should happen, he will be the next Earl.

IRONCLADS BUFFETED BY WAVES.

Recent Storms Demonstrate That Steel Warships Can Be Wrecked.

LONDON, Dec. 30.—Some idea of the power of waves at sea and of the weakness of vessels when exposed thereto, even the most powerful modern ironclads, has just been disclosed by despatches received at the Admiralty in regard to an accident which has happened to H M.S. Dreadnaught, Captain Arthur H. Arlington, four guns, 18,820 tons, 8240 horse power, attached to the Mediterranean squadron.

The Dreadnaught is an iron battleship; she was launched in 1875, has armor plating of from 11 to 14 inches in thickness, carries four 48-ton guns, and is credited with a speed of 13 knots. She has in addition to her armor, what was considered to be a most powerful steel protective deck.

According to the despatches just received, the Dreadnaught, while on a voyage from Malta to Salvean, recently encountered a severe storm and was badly damaged from the buffeting she received. During the height of the gale the Dreadnaught shipped several seas so heavy that they bent in her steel protective deck by the force of the water hurled aboard. It was not slight bending either, the deck having been bulged inward six clear inches by Neptune's pounding.

Fifteen Halifonian Lobsters Which Succumbed to Bad Weather.

LONDON, Dec. 30.—The first consignment of live lobsters from Halifax arrived at the London docks by the Historian, which took 16 days in making the passage, and of the consignment 13 lobsters died during that time, 15 were lost in a hurricane which occurred two days before her arrival. The vessel was detained for two days in the river by the fog and the Thames water proved fatal to the rest of the cargo.

Parnellite Hopes Revived.

DUBLIN, Dec. 30.—A meeting of the National League was held in this city yesterday with Mr. John E. Redmond in the chair. The members present congratulated themselves and Mr. Redmond on his election to represent Waterford City in parliament. Mr. Redmond in opening the meeting declared that the victory in waterford was the beginning of a revival of the trust formerly placed in the Parnellites.

Two English Spies Caught.

PARIS, Dec. 29.—The two English spies caught at St. Etienne, in the department of Loire, while trying to obtain samples of the new French and Russian carbines for the English Government contractors, are supposed to belong to a regular corps of such spies, who have been busily at work for years in an endeavor to place the British Government in possession of the valuable secrets connected with the army and navy departments of foreign countries.

Drowned at Sea.

HALIFAX, N.S., Dec. 30.—A special from Bermuda says: A boat belonging to H.M.S. Tartar was capsized at Great Sound yesterday while searching for a lost torpedo boat, and a gunner and a coxswain were drowned.

Crushed to Death By a Train.

BELLEVILLE, Dec. 30.—About 11 a.m. whilst Simon Sanford, a laborer, was attempting to board a moving freight train he fell under the wheels, which so horribly mangled his legs that he died in the hospital. He leaves a wife and family.

Walked to a Watery Grave.

BRANTFORD, Ont., Dec. 30.—John Coonin was found drowned in the river this morning. Deceased was on a spree Saturday and it is supposed on his way home Saturday night mistook the way and walked into the river.

Detective Cuddy Dead.

TORONTO, Dec. 30. — Detective John Cuddy, one of the shrewdest members of the Toronto police force, died last evening of typhoid fever.

OLD WORLD NEWS.

Chronicled and Criticised by Mr. Edmund Yates—Itinerary of the Queen's Continental Trip—Bishop of Carlisle.

LONDON, Dec. 30.—When visiting the Continent next spring the Queen will go from Portsmouth to Cherbourg in the royal yacht Victoria and Albert, and is to journey from that port direct to Hyeres. On leaving the Riviera Her Majesty will go to Germany, traveling by way of Genoa, Milan, St. Gothard Tunnel and Basle to Darmstadt, where the Queen will be the guest of the Grand Duke of Hesse two days before going to Cronberg on a visit to Empress Frederick. The Queen will stay at Cronberg ten days.

Extensive building operations have been commenced at Aldershot under Mr. Stanhope's Barrack bill. About £1,500,000 are to be spent at Aldershot in reconstructing the two camps, north and south, and increasing the accommodation generally, and when all the operations of the contractors are completed a considerable addition will be made to the numerical strength of the division. Aldershot, in fact, is to be made the headquarters of our First Army Corps.

When the late James Bardsley, vicar of Stann's, Manchester, resolved to send his seven sons into the church he was probably regarded as a very bold man. Wisdom was, however, as usual justified of her children. They are all, with the exception of one, who died in the course of this year, very comfortably placed ecclesiastics, and one of them has now reached the episcopal bench. Dr. John Wareing Bardsley, the new Bishop of Carlisle, may find among the hillsmen and the dales of Cumberland and Westmoreland a congenial sphere for his evangelical labors.

The Duke of Newcastle's ornate chapel at Clumber will shortly be adorned with exact copies of the four famous candlesticks in the choir of the Cathedral of St. Bavon, Ghent, which are to be placed on the altar. These candlesticks bear the arms and cipher of Edward IV. and are believed to have been stolen from Old St. Paul's in the time of the Commonwealth.

SIR ADAM WILSON DEAD.

The ex-Chief Justice Departs This Life Full of Years and Honors.

TORONTO, Dec. 30.—Saturday morning Hon. Adam Wilson, the recent Chief Justice of the Queen's Bench Division and president of the High Court of Justice, was seized by a paralytic stroke. He rallied a little and his friends and medical advisers thought recovery possible, but towards midnight he grew worse and began sinking rapidly, and yesterday he died.

Deceased was born in Edinburgh, Scotland, on Sept. 22, 1814. He was educated in his native city, and in 1830, with his father, he emigrated to Canada when he was about 16 years old, and settled in the township of Trafalgar, in the county of Halton. For a time he was employed by his uncle, the late Geo. Chalmers, as a clerk and continued in his service for three years. A year later he began the study of law, and in January, 1834, was articled to the late Hon. Robert Baldwin Sullivan, who was at the time in partnership with the great Reform leader, Hon. Robert Baldwin. In Trinity term, 1839, he was called to the bar of Upper Canada, and a year later was taken into partnership with Mr. Baldwin, which connection was maintained until 1849, when Mr. Sullivan retired. On Nov. 28, 1850, Adam Wilson was appointed a Q.C. by the Baldwin-Lafontaine government, and during the same year was elected a bencher of the Law Society of Upper Canada.

Turning his attention to municipal affairs Mr. Wilson was elected an alderman for Toronto in 1855. In 1859 he became mayor, and was re-elected in 1860.

In 1856 he was appointed a commissioner for the consolidation of the public general statutes of Canada and Upper Canada respectively.

In 1861 he published a text book, "A Sketch of the Office of Constable," which was received with favor by the legal profession and sustained its place as an authority upon the subject with which it deals.

His connection with politics dates from 1859, when in reform interest he was elected as the member of North York in the Canadian assembly. In 1891 he was an unsuccessful candidate for West Toronto. When the Conservatives were defeated in 1862, and the Sandfield Macdonald-Sicotte Administration was formed, he was appointed Solicitor-General and held a seat in the Executive Council until 1863.

On May 11, 1763, he was appointed a puisne judge of the Queen's Bench and three months later was transferred to the Common Pleas Division, where he remained until the Easter term of 1868, when he was again appointed to the Queen's Bench as the successor of Hon. John Hawkins Hagarty. In 1878 he was appointed Chief Justice of the Common Pleas Division. He was from 1884 to 1887 Chief Justice of the Queen's Bench Division and President of the High Court of Justice. After his retirement in 1887 he was knighted.

DYING FOR FOURTEEN YEARS.

Blakeman's Heart Became Weaker in Action and Finally Stopped.

OTSEGO, Mich., Dec. 30.—W. P. Blakeman, who died here yesterday, had a strange experience. He has been gradually dying for 14 years, and his pulse during this period has been slowly and steadily slackening. The pulse at the end of the first year was only 60 per minute. During the past year Blakeman's heart beats were less than 28 per minute. Stimulants kept him alive for a time. He had wasted away to a mere skeleton.

FELL INTO A 90-FOOT WELL.

The Boy's Lantern Exploded and His Dead Body Was Horribly Burned.

CADILLAC, Mich., Dec. 30.—George Stevenson, jr., 12-years-old, residing on a farm near Thorp, in this county, fell into a dry well Saturday evening. The well was 90 feet deep, and the fall probably caused death.

The oil in his lantern exploded and set fire to the remains. The father, surprised at the boy's long absence, started for the barn, and made the horrible discovery from the odor of burning flesh. The remains could not be recovered until Sunday. The head was burned beyond recognition.

Another Babe Fatally Plays With Fire.

BRAMPTON, Dec. 30.—A 4-year-old child of Mr. William Burrows, who had been left alone in the house, was seen running from the premises this afternoon enveloped in flames. A gentleman passing succeeded in smothering the flames with his overcoat, but the babe will die. It is supposed the little chap had been playing with fire.

Dairy Farm Buildings Burned.

WINDSOR, Dec. 30.—Tuesday morning fire destroyed the barns of Antoine Lapan, proprietor of Maple Grove dairy farm on the Walker-road, near the third concession, together with 17 cows, 3 horses. The winter's supply of fodder and a quantity of implements were consumed. Loss $5000; no insurance.

House Burned at Blenheim.

BLENHEIM, Ont., Dec. 30.—The residence of Coghlan Mead, on the back ridge, about four miles from here, was destroyed by fire yesterday. Loss on house, $1000; insured for $600. Loss on furniture, about $500; insured for $200. Cause of fire unknown.

Half Human, Half Animal.

TEDLER'S MILL, TEX., Dec. 30.—A strange monstrosity was born nearly a year ago to a negro family named Patterson. The creature is a well-developed male child, but its whole body is covered with silver grey hair nearly two inches long. It never cries, but when hungry whines and bites like an angry animal.

Taps From the Telegraph.

Australia has subscribed £25,000 to the McCarthyite section of the Irish party.

There were 177 deaths in New York yesterday, 16 of whom died from grip.

James E. Cooper, proprietor of the Great Forepaugh circus, is seriously ill at Philadelphia.

The Indian Congress is in session at Magpur. A Brahmin named Charu was elected president.

Consequent upon a collision between freight trains at St. Louis on the Hannibal and St. Joe four train hands were killed: Engineer Bushel, Firemen Barry and Price and Brakeman Gilmore.

Eczema on a Lady.

Stubborn Case of Skin Disease Covered Her Face and Body—Many Doctors Baffled.

Marvellous and Complete Cure by Cuticura—Six Years have Elapsed and No Return.

A lady customer of ours (Miss Fanny Atwood of Caroline Depot, N. Y.) has been cured of a stubborn case of skin disease by the use of CUTICURA REMEDIES. She remarked that her case had baffled the skill of many well-known physicians. They unanimously pronounced it Eczema, with Rheumatism lurking in the blood. Some predicted that any treatment strong enough to cure the Eczema would surely increase the Rheumatism. She used two sets of the CUTICURA REMEDIES. The effect was marvellous. Her case of Eczema was not only completely cured, but her Rheumatism was greatly relieved during the treatment. Six years have elapsed since the cure was performed, her Rheumatism has since never increased by the treatment, but rather diminished, and she has no symptoms of the return of the Eczema, which once so completely took possession of her face and body. Miss Atwood delights in telling of the good effect that the CUTICURA treatment had upon her, and recommends unsolicited the CUTICURA REMEDIES for Eczema and all kindred ailments. Your preparations find ready sale indeed. CUTICURA SOAP is on the lips to buy almost continuously.

HASKIN & TODD, Druggists, Ithaca, N.Y.

AND A
Happy New Year
TO ALL.

Is the wish of PETE SIMONS & CO. to all their friends and the citizens of Peterborough and they also wish to thank them for their liberal patronage during the short time they have been in business and trust that during the coming year, with their assistance they will be enabled to build up a Tailoring business second to none in the city.

PETE SIMONS & Co. employ a large staff of hands and notwithstanding the fact that they have the contract for our city police uniforms, they are open for a few more orders. Call early and you will get them in time and made right too. A perfect fit guaranteed every time; so call early if you want them for New Year's day.

Pete Simons & Co.,
No. 416 George Street,
PETERBOROUGH.

BRITISH AND FOREIGN.

HORRIBLE DEATH OF TWO MISERS FROM STARVATION.

A Fool at a Wedding Feast Poisons the Guests—Thirty Fatally Poisoned, Two of Whom Are Dead—England Puts Down the Indin Tribesmen.

MASTERTON, New Zealand, Dec. 31.—At a wedding feast here yesterday a practical joker mixed with the food a poisonous substance which he supposed to be epsom salts, and as a result 30 persons were poisoned, two being already dead, including the bride, and the others are critically ill.

LABOUCHERE ON CANADA.

The Editor of London Truth Gives His Views.

LONDON, Dec. 31.—Truth, Henry Labouchere's paper, yesterday publishes an article on Canada's future, drawn out by the trouble in the province of Quebec, which resulted in the ousting from office of Prime Minister Mercier and his Cabinet. Truth says it is the manifest destiny of the Dominion to become a new United States, or to become attached to the great republic. The change is inevitable, and the sooner it occurs the better. The emancipation of the grotesque Dominion and its absorption in the United States would be a benefit to the Canadians and also to Great Britain. Such a course would relieve Great Britain of the necessity of engaging in trans-Atlantic squabbles in which she has no concern. It would, moreover, give the Canadians energy and enterprise which no mere colony can possess. The only sufferers would be the Indians, who would be transferred to the tender mercies of what is probably the most corrupt and rascally institution on the face of the earth—the Washington Indian Bureau.

The paper also says that Canada once free Australia will soon follow. Indeed it is quite possible that Australia will be the first to sever the bonds by which she is attached to Great Britain. The talk of Australian loyalty to the British crown is all buncombe.

ALL TROUBLES OVER.

British Arms Successful in Effectually Subduing the Northern Indian Rebels.

CALCUTTA, Dec. 31.—Advices from Gilgit state that the advance movement recently inaugurated by the British has been entirely successful, and that the town of Hunza has been occupied by the advance column and the tribesmen have submitted. The British will now be able to complete their work of constructing a road from Gilgit to the Pamirs, which the Hunza and Nagar tribesmen sought to prevent.

AN IRISH HORROR.

Male and Female Misers Die of Starvation Although Worth $200,000.

DUBLIN, Dec 31.—James Murphy and his sister Mary were found dead in their house in Newry yesterday. They were misers and had died of starvation. The bodies lay upon heaps of straw. They left money and property to the amount of £40,000.

The Siege of Yemen.

VIENNA, Dec. 31.—A letter is published here describing ten weeks' siege of Yemen by the Arabs. The town was under bombardment daily, while a terrible famine prevailed in Yemen. Every person venturing out of the town to attempt to procure food was driven back naked, with nose and ears cut off or otherwise mutilated, the insurgent chief declaring that he would convert the Yemen Jews to Islamism or extirpate them. When the Turks relieved the city a general butchery of prisoners occurred on both sides.

Reform in India.

BOMBAY, Dec. 31.—At yesterday's meeting of the Indian National Congress at Nangpur, a resolution was adopted declaring that it is necessary that a legislature shall be established in India to which the people of India shall elect representatives. The resolution also says that it is imperative that reductions be made in the expenditures of the army in India.

Buried Alive.

CAIRO, Dec. 31.—Father Ohrwalder, who recently escaped from Omdurman, has written a letter to the widow of Olliver Pain, describing her husband's death.

Father Ohrwalder says that Pain, after captured by the Mahdi, was chained as a spy and caught a fever while en route to Khartoum. He was not allowed to halt, however, but was hoisted on a camel. Being too ill to retain his seat he fell headforemost, and was then buried alive to save further trouble.

Lord Vivian Gets There.

LONDON, Dec. 31.—Lord Vivian, who since 1884 has represented Great Britain at the Court of Brussels, with the rank of Minister, has been promoted to St. Petersburg, as Ambassador to the Czar.

Lord Vivian has been in the diplomatic service about 17 years. He has been Minister to Switzerland, but he won his diplomatic spurs as Consul-General in Egypt during the important years of 1876 to 1879.

It was stated that the Government had received an intimation from Lord Randolph Churchill that he was desirous of entering the diplomatic service, and would like to be appointed British Ambassador to St. Petersburg in place of Sir R. B. D. Morier.

The Atlantic Rolling Mountains High.

LONDON, Dec. 31.—A terrific gale is prevailing in Ireland. The Atlantic is rolling mountains high, especially at South Islands of Arrau, a group of small islands in Galway. A number of houses and considerable other property have been destroyed by the storm.

Baby in a Loaf of Bread.

BUDA PESTH, Dec. 31.—A rag picker here yesterday found a large loaf of bread which upon examination was found to contain fragments of an infant's body. The whole mass had been well baked.

A Frightful Wreck.

PARIS, Dec. 31.—A despatch from St. Petersburg says that a terrible railroad accident occurred yesterday, near Rosoff, on the railroad between Mirisk and Smolensk. An express train ran into the rear of a train carrying troops, 20 persons were killed and 100 injured.

Stole $10,000.

VIENNA, Dec. 31.—A man disguised as a postal official on the pretence of revising the contents of a mail cart stole registered letters valued at $10,000 in Kaiser Ebersdorf, a suburb of this city, yesterday.

Children Cry for Pitcher's Castoria.

KILLED BY A PATIENT.

SUPT. REEVES, OF THE TEXAS INSANE ABYLUM THE VICTIM.

Henry Purnell Had Frequently Been an Inmate of the Institution and Had Been Discharged a Month Previously as "Cured"—The Killing Was Deliberately Planned.

AUSTIN, Texas, Dec. 31.—Dr. W. W Reeves, Superintendent of the State Asylum for Insane, was shot and instantly killed by Henry Purnell, son of ex-United States Marshall Thomas Purnell. The circumstances are almost precisely similar to those of the Loyd-Dougherty tragedy in Brooklyn a few months ago.

The murderer has for ten years shown signs of insanity, and more than once during that time he has been confined in the asylum. He was sent there about a year ago, and remained until about a month ago, when he was discharged, "cured." He has conducted himself quietly since, but it is known that he has during the past two weeks been making threats to kill certain prominent men who are now in Washington city.

This forenoon Purnell obtained a double-barrelled shotgun and carefully loaded both barrels with buckshot. He then took an electric car for the insane asylum, reaching there about 10 o'clock. Some photographers were in the yard, getting ready to take a picture of the building and Purnell, knowing them, stopped for a moment and chatted pleasantly. He then proceeded to the main entrance of the building, where he met Dr. Reeves coming out. The doctor spoke kindly to him, and was descending the steps when Purnell raised his gun and emptied both barrels into the doctor's body. Dr. Reeves never spoke, but sank quietly to the ground and expired in a few moments.

Purnell took a cab and came back down town and surrendered to the officers.

NIPPED IN THE BUD.

Attempts of Wormwood Scrubbs Prisoners to Regain Their Liberty.

LONDON, Dec. 31.—It was reported yesterday that a number of prisoners at Wormwood Scrubbs had determined to make a break for liberty, and on Saturday last they attempted to put their plans into effect. The moment chosen was during the religious services held daily in the prison.

Everything was proceeding as quietly as usual when 30 of the convicts sprang from the benches and made a rush for the main door of the prison. The wardens were not napping, however, and the convicts had hardly started for the door before they were checked with drawn revolvers. They were immediately locked in their cells.

Wormwood Scrubbs is near Notting Hill. Upon the common of 194 acres—but recently a waste—used to be fought many of the fashionable duels which took place at the beginning of this century.

About a couple of years ago the Government began the erection there of a prison for the reception of male criminals, which was accomplished almost entirely by convicts. When it was ready the male occupants of Millbank Penitentiary were removed to it, Millbank being now used exclusively for female prisoners, in lieu of Tothill Fields Prison, recently abolished.

SOMEWHAT INCONSISTENT.

Russians Seek to Lynch a Thief and Then Emulate His Crime.

ST. PETERSBURG, Dec. 30.—Despatches from Baku, on the Caspian Sea, state that a riot occurred there owing to an attempt of the populace to lynch a thief who had plundered in the Bazaar. He was rescued by the police.

Subsequently the crowd, cheated of its "lynching bee," began to sack the shops of the city, when Cossacks were called out, who made short work of the affair, severely wounding several of the rioters.

BRAKEMAN PERRY CONFESSES.

His Repentance Is Pious, But Not by Any Means Practical.

TROY, N.Y., Dec. 31.—General Secretary Pinckney of the Railroad Y.M.C.A. here, this morning received a letter from Oliver C. Perry, the railroad brakeman accused of robbing the express car on the Central-Hudson Railroad, near Utica, three months ago. The letter bore a Canadian stamp, which covered a United States Stamp. The postmark is not very plain, but it is evidently the cancelling mark used by a railroad postal agent. The name of the railroad is, as nearly as can be determined, the "W.G. & B." It is not doubted that the letter is genuine. It contains Perry's confession, which reads as follows:

CANADA—To whom it may concern: I hear Messenger Moore and another man are suspected of being implicated in the robbery that occurred Oct. 1, 1891. I want to state that they are innocent. I alone am guilty. As sinful as I am, God knows that I am not guilty of all I am accused of. When I professed to serve God I was honest in all I said and did. Through some influence I became skeptical and neglected prayer, and then it was that I was overcome by the power of my past life.

When I heard that I was accused of so many things I was not guilty of my quick temper made me do some things that I would recall if I could. I would gladly refund the money, but it's all gone. Much of it was lost.

I will never give myself up to be imprisoned, for the laws of a land will not forgive a man, but God may. This is my only hope now. Sincerely.

OLIVER C. PERRY.

Twelve Feet Deep on the Level.

SAN FRANCISCO, Dec. 31.—The storm which has raged for 24 hours on the Pacific coast is the severest in years. It is a southeaster, and has brought floods of rain in low lands and very heavy snow in the mountains. The snow in Shasta and Siskiyou counties is 12 feet deep on the level from the Siskiyou Mountains, near the Oregon line, down to near Mount Shasta.

The Southern Pacific is forced to keep snow-plows going night and day. The Carleton Opera Company was delayed 18 hours by a snow slide in Cow Creek Canon. At Yreka several buildings were crushed in by the weight of snow.

The steamer Whitesboro went ashore last night at Little River, but all hands were saved. The wind has been blowing a gale inshore for 24 hours.

Growing in Strength.

SAN ANTONIO, Texas, Dec. 30.—Parties in from near the border report that the Mexicans working on the ranches in many instances are leaving their employment well armed to join Garza's band of revolutionists.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Patent Medicine. They are BLOOD BUILDERS and RESTORATIVE and supply what is lacking in the substances naturally needed to make the Blood, such as those from Foods and Weak Blood, or from Vitiated Humors in the Blood, and also Strengthen and Build up the Blood and System, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a Specific Action on the Sexual System of men and women. Lost Vigor and correcting all Irregularities and Suppressions.

If your Lungs are sore or Back Lame, use Shiloh's Porous Plaster, Price 25 cts. dw

The Daily Examiner is delivered to any part of the Town for 10c. a week, 25c. a month, $2.60 for six months.

Daily Examiner.

THURSDAY, DECEMBER 31, 1891.

THE END OF THE YEAR.

ANOTHER year has gone, and with its thousands of hopes and aspirations that brightened its beginning; thousands of lives that looked on its opening with promise of length of days, have gone out and now only grassy mounds in grave yards represent them. But still the busy world rolls on and the bustle and rush of business, the hum of achievement sound without cease. The world, after all, is made for the living and the living are not to be blamed for making the most of it. Peterborough has kept this in mind as much as any town in Canada. The material progress of the town the past year has been very gratifying. Our population has increased in due ratio, and when the clock chimes midnight, Peterborough will be a long way in advance of the time when a similar chime sounded a year ago. Business has been fair, if not brisk, and not a single business man or house, of any considerable importance, has gone to the wall—the best record the town has known for perhaps a score of years—and altogether it can be said that Peterborough has enjoyed a prosperous business year. It is true that some have complained that taxes were high, but if this were the case we have the fact that never before were taxes paid with such promptitude, never before was a larger proportion of taxes paid up at this date than the treasurer's books now show. This is due to the fact that the artisan and laborer have been greatly favoured. There has been an abundance of work, and the weather has been extremely favourable for outside work. This year the building boom has been brisk. This is the case especially in the South Ward. An unusually large number of new dwellings and shop buildings have gone up in answer to the increased demand created by a large increase in our population. And the prosperity of the present is only the suggestion of a brighter outlook for the future. There are signs on every side of the town, rapidly emerging from the town status to the dignity of city importance, and it is essential that we should have wise rulers to guide our affairs; men who will appreciate the position and be broad-minded, liberal and progressive, as well as careful and prudent. If we select wise representatives we may expect a substantial advance in every department of civic affairs. We are all proud of our town, and should let nothing influence our actions that would place one straw in the way of its advancement.

The EXAMINER has grateful pleasure in acknowledging that it has had its share of the prosperity that the town has enjoyed. While recognizing the liberality of the patronage it has received, it would take its cue from the progressive spirit of the town and announce that as early in the New Year, as is practicable, a new dress of type will be provided for both the Daily and Weekly EXAMINER. This will involve an outlay of about twelve hundred dollars, but we are sure that a substantial increase in the liberal patronage the EXAMINER has received will abundantly recoup the expense that will be incurred in making it still more worthy of public support. With a hopeful outlook of a prosperous future for both ourselves and the town, the EXAMINER cordially wishes its readers, the Town of Peterborough, and the world generally, a prosperous and

A HAPPY NEW YEAR!

Excess of Uric acid in the blood is conceded to be the cause of rheumatism. To remove this poison ask W. R. Greatrex, druggist, for a bottle of Royal Rheumatic Remedy. dw

New Saratoma Notes

DEAR SIRS,—I have used 6 bottles of B.B.B. I took it for liver complaint. Before I took it I had headache, and felt stupid all the time, but now I am healthy and entirely well. In addition I have a good appetite, which I did not have previously. dw LIZZIE POUND, New Saratoma, Ont.

Women with pale, colorless faces, who feel weak and discouraged, will receive both mental and bodily vigor by using Carter's Little Liver Pills which are made for the blood nerve and complexion. dw

Victoria Carbolic Salve is a great aid to internal medicine in the treatment of scrofulous sores, ulcerated abscesses of all kinds.

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

Once Used, Always used.

This is a fact as regards Dyer's Jelly of Cucumber and Roses from its wonderful efficiency in curing chapped hands and making the skin smooth and soft. Druggists keep it. W. A. Dyer & Co., Montreal. 6d125

GOUGH BROTHERS

SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know that you know where you can get the values. Fair Dealing makes Fast Friends. We have had ample proof of this, and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the requirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be bettered than by your buying! A noticed point is to get value! This you can positively receive by buying your

Most case of consumption are of catarrhal origin, and death follows inevitably. Catarrh can positively be cured by Nasal Balm. Thousands who have been restored, testify to its merits. Try it. dw

---

News About Town.

It is the current report about town that Kemp's Balsam for the throat and lungs is making some remarkable cures with people who are troubled with coughs, sore throat, asthma, bronchitis and consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles cost 50c and $1. dw

---

Natural, prompt, effective, for sick headache, foul stomach, and all liver troubles. Use McGales Butternut Pills, they contain no mercury. Price 25 cents. dw

---

Good Advice.

DEAR SIRS—I have been troubled with headache for over forty years, and had it so bad about once a week that I was sometimes not expected to live. I was advised to use B.B.B., and have used 3 bottles. I now have an attack only once in four or five months, and feel that if I continue using it I will be entirely cured. Therefore I recommend it highly.

Mrs. E. A. STOREY, Shetland, Ont.

Apsley.

Every resident of the township [illegible] be pleased to learn of the success of an [illegible]oy boy, which is shown by the following [illegible]om the Tilsonburg *Liberal* in reference [illegible]r. R. M. Anderson, son of Mr. Duncan [illegible]son of this township. The *Liberal* [illegible] Mr. R. M. Anderson, of Normanby & [illegible]son's leaves on the 23rd inst. for E[illegible] He will be away for about two month[illegible] will buy direct from the best manufac[illegible] in England, Scotland, Ireland and Ger[illegible] The very large turn over of this firm i[illegible] three places of business enables them t[illegible] in quantities and to reach the very [illegible] markets direct, thus shutting out the m[illegible] man's profit. We wish our friend[illegible] voyage and safe return.

Smith

Letter of Condolence.

TO BRO. DAVID COPLAND:

We the officers and members of Jub[illegible] L.O.L. No. 178 desire to convey to you [illegible] hearty sympathy for the loss you ha[illegible] recently sustained by the death of your [illegible] teemed [illegible]. We pray that the Divi[illegible] Give[illegible] will be ever near yo[illegible] A[illegible] may be pleased an Almighty [illegible] A[illegible] providences to remove by death yo[illegible] be[illegible] daughter from this earth to a hom[illegible] of [illegible] in the heavens, we assure you tha[illegible] we sincerely and deeply sympathize with yo[illegible] in your great trial, and that God may comfort you and your family, will ever be the prayer of Jubilee L.O.L. No 178

Signed on behalf of the Lodge by

ED SANDERSON, W.M.
T. A. YOUNG, Rec. Sec

You've No Idea

how nicely Hood's Sarsaparilla hits the needs of people who feel "all tired out" or "run down," from any cause. It seems to oil up the whole mechanism of the body so that all moves smoothly and work becomes a positive delight. Be sure to get Hood's.

Hood's Pills act especially upon the liver, *rousing it from torpidity* to its natural duties, cure constipation and assist digestion.

A Change for the Better.

SIRS,—I have taken three bottles of Burdock Blood Bitters, and find it a splendid medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it.

Mrs. J. V. GREEN,
dw 5 Sydenham street, Toronto, Ont.

Harsh purgative remedies are fast giving way to the gentle action and mild effects of Carter's Little Liver Pills. If you try them, they will certainly please you. dw

SCROLL WORK, BAND SAWING and TURNING done to order.

Prices moderate. Builders and Contractors liberally dealt with.

OFFICE AND FACTORY—On Dublin St., north of George Street Methodist Church.

WM. DONELL,

PROPRIETOR.

Ayer's Hair Vigor

IS the "ideal" Hair-dressing. It restores the color to gray hair ; promotes a fresh and vigorous growth ; prevents the formation of dandruff; makes the hair soft and silken; and imparts a delicate but lasting perfume.

"Several months ago my hair commenced falling out, and in a few weeks my head was almost bald. I tried many remedies, but they did no good. I finally bought a bottle of Ayer's Hair Vigor, and, after using only a part of the contents, my head was covered with a heavy growth of hair. I recommend your preparation as the best in the world."—T. Munday, Sharon Grove, Ky.

"I have used Ayer's Hair Vigor for a number of years, and it has always given me satisfaction. It is an excellent dressing, prevents the hair from turning gray, insures its vigorous growth, and keeps the scalp white and clean."—Mary A. Jackson, Salem, Mass.

"I have used Ayer's Hair Vigor for promoting the growth of the hair, and think it unequaled. For restoring the hair to its original color, and for a dressing, it cannot be surpassed."—Mrs. Geo. La Fever, Eaton Rapids, Mich.

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair and makes it glossy and soft. The Vigor is also a cure for dandruff."—J. W. Bowen, Editor "Enquirer," McArthur, Ohio.

"I have used Ayer's Hair Vigor for the past two years, and found it all it is represented to be. It restores the natural color to gray hair, causes the hair to grow freely, and keeps it soft and pliant."—Mrs. M. V. Day, Cohoes, N. Y.

"My father, at about the age of fifty, lost all the hair from the top of his head. After one month's trial of Ayer's Hair Vigor the hair began coming, and, in three months, he had a fine growth of hair of the natural color."—P. J. Cullen, Saratoga Springs, N. Y.

Ayer's Hair Vigor,

A Rising Peterborough Boy.

The following reference in the Brandon *Times* relates to Mr. W. G. McFarlane, eldest son of Mr. Andrew McFarlane, Homewood Avenue, and shows that the stuff Peterborough boys are made of, gives them the leading place in the race when pitted against the most hustling of outsiders. The *Times* says:—"A branch of J. L. Wells & Co., Winnipeg, under the management of Mr. W. G. McFarlane, opened their large store in the Fleming block in May, 1891, and in six years have worked up a business that in many ways surpasses any business of the kind in the city A leading specialty is made of hot water, heating and plumbing. During the summer they remodelled the plumbing in the asylum for the insane and have secured the contract for the heating and plumbing in the new Imperial Bank building and the heating of the City Hall, also the plumbing in the Brandon General Hospital. A very large stock in general hardware, metals, iron pipe, etc., is carried and the appearance of the store upon entering is more than pleasant. They have a magnificent display of silver plated ware, cutlery and heating, cook and box stoves. Every description of hardware is to be seen in the shelves. Rows of copper and brass kettles, granite ware, tinware, white enameled ware, pretty bird cages, carpet sweepers, lovely hanging and stand lamps. Trays in all shapes and sizes, bread and cake boxes, and many things that would take a volume to enumerate. They are also agents for the John Ball Steel plate range and the English grates and mantels. They have a branch house in Port Arthur. Mr. McFarlane has proved himself to be a man of splendid business ability, and is a desirable acquisition to the town of his adoption."

Not a Candidate.

Mr. Alfred Saunders wishes the EXAMINER to state that he is not a candidate for councillor in North Monaghan.

Watch-night Service To-night.

A watch-night service will be held in the George Street Methodist Church to-night at 11 p.m. All are cordially invited.

St. Peter's Cathedral.

Telferdian Temperature Topics.

PETERBOROUGH, Dec. 31, 1891.

December has at last dried up its tears, leaving us as a parting salute the thermometer, at sunrise, standing at zero. There are signs of an approaching storm—and probably from the east.

New Year's Day at St. John's.

There will be two services in St. John's to-morrow, one in the morning at 10 o'clock, and the other in the evening at 7.30. The choir will be present at the morning service as on Sundays, but the service will last but little more than half an hour.

Another Blaze.

Sparks from the smoke-stack of the Ontario Canoe Company's factory are supposed to have caused the roof of the factory to take fire on Tuesday, Dec. 28th. By the prompt action of the employees in bringing the Carr hand fire extinguisher to bear upon the flames the fire was soon subdued without much loss. 1d

SWEEPING REDUCTIONS.

The balance of our Ladies' Mantles, Children's Mantles, Scalettes and Mantle Cloths we offer regardless of cost—must go at any price.

2d154 **H. S. GRIFFIN & CO.**

Personal.

Mr. P. J. Moloney, of Enclamore, is home for the holidays from Trinity College, Toronto. In connection with his college work he has been appointed to the position of house surgeon to the asylum for the insane, Toronto.

Judge Weller left town yesterday for the States and will be absent for two or three weeks. His Honor Judge Ketchum, junior Judge at Cobourg, will attend to any business requiring attention during Judge Weller's absence, and the members of the legal profession may communicate with Judge Ketchum at Cobourg on any urgent matters. Judge Ketchum will be here on the 6th of January, and will take Division Court at Lakefield on the 7th, and will remain here the following day. He will again be here on the 11th, the first day of term, and remain for a couple of days to hear any motions. The sittings will then be adjourned until Monday, 8th February.

Nomination of Trustees for Separate Schools.

The nominations were held in the Murray street school and resulted as follows:—

DR BRENNAN, proposed by C. J. Leonard, seconded by J. P. Burley.

NO. 3 WARD.

J. J. LYNCH, proposed by J. Callahan, seconded by C. J. Leonard. There being no other candidate nominated in this ward Mr. Lynch was declared elected.

NO. 4 WARD.

CHAS. DUNN proposed by J. McCormick, seconded by J. Bogue.
M. O'BRIEN, proposed by J. Hickey, seconded by Noah T. Lepiant.
J. MCGRATH, proposed by J. Clancy, seconded by J Uppes.

The Baeyertz Meetings.

The converted Jewess had a Bible reading for professing Christians yesterday afternoon She took as her subject "Fruit bearing," and delivered a most telling address. A good number of Christians attended and an apparently profitable meeting was held.

The evening meeting was held in the George Street Methodist Church and was for women only. The church was well filled and Mrs. Baeyertz gave a practical and earnest address.

The meeting in the same place to-night is for men only and the three-fold subject will be:—"Is there a hell? Is there punishment after death? Is the punishment after death eternal?"

THE JEWISH PASSOVER.

On Friday evening Mrs. Baeyertz will speak in the George Street Methodist Church on the subject which has always drawn large audiences, a subject on which she is specially qualified to speak, namely, "The Jewish Passover," as she must necessarily have been familiar with it from her earliest years. She will show the striking typical teachings of the passover, pointing, as it so clearly does, to the atoning work of our Lord Jesus Christ. Coming, too, from the lips of a Jewish lady, it is not to be wondered at that large audiences have always been present to hear this address. Speaking of this the Wellington correspondent of the Lyttleton *Times* says:—"Mrs. Baeyertz, the lady missionary, is very well spoken of as an elocutionist of the first order, remarkable for simplicity of diction, impassioned earnestness of style and great clearness of voice. Her account of the Jewish passover and the atonement is said to be the most masterly description ever heard here from a lecturer's platform."

The Ladies' Auxiliary are arranging for the "annual at home" New Year's Day, for the young men of our town and strangers away from home, when all will be welcomed between the hours of five and seven, and receive the Association greeting for 1892.

Facing Both Ways.

To the Editor of the Examiner:

DEAR SIR,—Having considerable at stake in Peterborough, I am naturally anxious as to the issue of the contest for the Mayor's chair. As to business qualifications, I do not think there is the least room for doubting that Mr. Davidson is head and shoulders above Mr. Kendry, except, perhaps, in one point—Mr. Kendry has great ability for getting something for himself. This ability is shown in this contest, and if Mr. Kendry can succeed in keeping two promises, which he is using, to secure his election, each diametrically opposite to the other—I shall give him credit for more ability than he has yet shown. I understand, on the best of authority, that he is making a big bid for support from two very opposite quarters. In order to forward the interests of morality—and get votes—Mr Kendry is promising the temperance people that he will use his position of Mayor to reduce the number of hotel and saloon licenses, and, therefore, the number of these "dens of iniquity." At the same time he is pledging his good services to the hotel keepers, with, I suppose, the same object of promoting morality—and getting votes—to use the office of mayor to decrease the amount of the license fees. I have these facts on the best of authority and must believe them and ask honest ratepayers to believe them in the absence of Mr. Kendry's denial of them, which he is, I believe, not in a position to give—facts are chiels that winna dang. I have no desire to deal with Mr. Kendry, except as an aspirant for the office of mayor. I know him well and regard him as a worthy citizen. In fact, he is so good a private citizen that I shall not, as far as my vote goes, spoil a good citizen to make a bad mayor, for I am convinced that a candidate who can blow hot and cold, and sacrifice consistency with such free and easy grace as Mr. Kendry does, is not of the timber of which good mayors are made.

VOTER.

Peterborough, Dec. 31st, 1891.

Good Templar Notes.

Ashburnie Lodge, I.O.G.T., Ashburnham, are changing their night of meeting from Friday to Tuesday. A good attendance of members is requested for next Tuesday, 5th January.

Carswell Lodge, No. 312 I. O. G. T., meet this evening. Important business. All members expected to be present.

Surer foundation cannot be laid than the real merit which is the solid base for the monumental success of Hood's Sarsaparilla.

MARRIED.

REID—BORLAND.—At the residence of the bride's brother, Mr. Wm H. Borland, on Wednesday, 30th Dec., 1891, by the Rev. James Curts, Mr. Benjamin Reid, son of Mr. Henry Reid, to Miss Mary H. Borland, daughter of Mr. John Borland, all of Otonabee.

Purify the importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The taint of scrofula, salt rheum, or other foul humor is heredited and transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, or the water we drink. There is nothing more conclusively proven than the positive power of Hood's Sarsaparilla over all diseases of the blood. This medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also vitalizes and enriches the blood, thus overcoming that tired feeling, and building up the whole system Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

Extra old Scotch, Irish and Canadian whiskies Brandy, rum, gin, bottled ale, sweet cider, &c. Also a large and varied assortment of choice family groceries at modern prices.

JOHN CAMERON,
dw Grocer, Wine and Spirit Merchant.

From the East to the West.

The irrepressible business energy of Messrs. George Matthews & Son has found a new outlet. First Lindsay, then Peterborough then Ottawa and now Vancouver, British Columbia. Last night Mr. Geo. Matthews, jr, left for the Pacific Coast to establish a branch establishment to meet the demands of the western trade, which the excellent quality of their cured meats has created. Mr. Matthews will come into contact with live business men in the west, but we all know that he will not only hold his own, but give them points, especially in the business in which he has had such extensive training. Mr. Matthews will be a valuable addition both to the citizens, as well as business men of Vancouver, and his many friends here wish him the largest measure of success.

Oh, What a Cough!

Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

Address and Presentation.

Mr. and Mrs. Joseph Batten Remembered.

On Tuesday evening the members of Mr. Joseph Batten's class in the Charlotte street Methodist church, met at his residence, 379 Bethune street, and Mr. John Hart read the following address, and Mr. Oswy Carver presented the articles mentioned therein:—

BROTHER BATTEN,—It is with mingled feelings of gratitude and praise to Almighty God, that we, the members of your Sunday morning class, have waited upon you this evening; praise, because we realize that we are fellow workers with you, gratitude, because we have to thank God that in his wonderful dispensation he has granted unto us such a faithful and energetic leader, a leader who in the exercise of his position has not failed ever to hold up the Cross of Christ, and to teach both by precept and practice that it is gloriously possible to live well pleasing in the sight of God every day and every hour.

Dear brother, as a sower of the Divine Seed (the Word of God) you have not been negligent in the performance of your duty, but you have sown it when and wherever you could, and we know that it has been accompanied with your prayers that it might bring forth fruit to the honour and glory of God, and we have to praise Him that it has accomplished the purpose for which it was sent—that it has fallen into good ground in many instances and has brought forth fruit to the salvation and building up of *precious souls*.

We rejoice with you to-night, because we believe that your reward will be with the faithful steward, to whom the Lord said, "Well done, good and faithful servant. Because thou hast been faithful over a few things, I will make you ruler over many things. Enter thou into the joy of the Lord."

We believe that our Heavenly Father has a crown in store for you that will not be without its jewels—that in our home above you will not only hear the "well done" of our Lord, but will receive the greetings of souls that, by the blessings of God, you have been instrumental in saving.

Thus saith the Lord: "Behold I come quickly, and my reward is with me to give to every man according as his work shall be.

"Blessed are they that do his commandments, that they have right to the Tree of Life, and may enter in through the gates to the City.

"And they shall see His Face, and His name shall be in their foreheads."

And now, dear leader, we ask you to accept this fur cap and gauntlets as a slight token of our love and respect towards you, and we pray that you may be spared on earth to many happy useful years, made happy because used for the Lord.

Signed on behalf of the Sunday morning class of Charlotte street Methodist church.

JOHN HART,
GEORGE MAY,
OSWAY CARVER.

At the same time Mrs. Batten was also handsomely remembered. Mr. Hart read the subjoined address and Mr. James Goodwin presented her with a beautiful pair of fur trimmed kid mitts.

SISTER BATTEN,—We feel that we should be lacking in gratitude to Almighty God and love to you, were you forgotten on this occasion, for we believe you have been a faithful helpmate to our leader in all his efforts in the cause of Christ and we know as a co-worker with us, you have ever been ready to do what you could for the Master and have done with might what your hands found to do. And by the brightness of your testimonies and by you unswerving fidelity to our Lord and Saviour, you have helped to strengthen and cheer many of us who might have faltered by the way. Would you please to accept this pair of mitts as a small token of our appreciation of your sterling worth yet given in love withal.

Happy the souls to Jesus joined,
And saved by grace alone,
Walking in all His ways they find,
Their heaven on earth begun.

At the conclusion of the addresses there were devotional exercises. These were followed by refreshments and an hour or two of social enjoyment.

Butter.

A few tubs and firkets of first class Butter; also a lot of Potatoes and Apples, selling very cheap at J. KINCAID'S, 326 Market Building. dtf

Mr. DAVIDSON'S Committee Rooms Over Brisbin's Feed Store. Hunter Street. Entrance 157.

COMMITTEE ROOMS open every night. All members of committees and friends of Mr. Davidson's candidature are asked to be present.

After Christmas What?

Why, a clean shave and fashionable hair-cut. To make sure you get the latest wrinkles in hair dressing, give the job to BILLY MORGAN, the tonsorial artist, near Commercial House, George street. d

Notice.

During the present week, Dec. 28th-Jan. 2nd, inclusive, all electric lights will be kept burning till 12 30 a.m.

A. STEVENSON,
Secretary Peterborough Light and Power Company (L'td.)

All Young Men Invited.

The officers and members of the Y.M.C.A. intend holding the annual reception to-morrow, New Year's Day, in the Association hall. Any young man of the town or strangers, whether members of an association or not, will be welcomed between the hours of five and seven. Refreshments will be provided by the Ladies' Auxiliary. It is hoped that a large number of young men in the town, away from their homes, will avail themselves of this opportunity of meeting with friends who are ready and anxious to aid them in any way possible.

As a blood purifier the *Indigenous Bitters* holds the the first rank amongst medicines of any price or country, recommended for this purpose. These Bitters are sold at 25 cts. package. 1d

Salvation Army Notes.

Great preparations are being made for the New Year banquet which is to be given in the barracks to-morrow at 5.30 p.m. A large attendance of soldiers and friends is expected.

At eight p.m. a band recital will be given, and a number of officers from the neighbouring corps is expected to be present and take part.

An illuminated march will take place through the principal streets of the town before the band recital. The soldiers taking part will carry a number of coloured lanterns, lighted, through the streets.

A watch-night service will be held to-night, commencing at 11 p.m.

News Nuggets.

—The Fire and Light Committee held a special meeting last night.

—The band is making its yearly tour of the town serenading, and is meeting with much success.

—Skating is now in full swing on the ponds, &c., of the town.

—The Y.M.C.A. give a reception to-morrow to young men.

—There was no police court this morning.

The Mayoralty CONTEST.

TO THE MUNICIPAL ELECTORS OF THE TOWN OF PETERBOROUGH:

LADIES AND GENTLEMEN,—At the request of a large number of the Ratepayers of the town I have accepted the nomination as a candidate for the office of Mayor of the town for the year 1892.

I fully appreciate the importance of the position, and the large responsibilities it involves, and am prepared, if honoured with your selection, to discharge the duties of the office with exclusive regard to the promotion of the material and moral interests of the town. I beg to submit that my experience of nine years in the Council as a representative of No. One Ward, and eight years at the head of the Finance Department, have given me an opportunity of learning the wants and needs of the town, and also the best means of meeting and providing for them. I unreservedly pledge myself if elected, to use my best endeavours to administer the affairs of the town with as full a regard to economy as is consistent with an efficient administration of civic affairs in all departments.

I shall use, as I have done in the past, every effort to promote the material interests of Peterborough. I shall consider it my duty to faithfully and fearlessly discharge every public duty which my position places upon me, and to deal in a progressive and public spirit with the several questions affecting the public interest which are likely to arise during the coming year, and in fine to deal in every way in my power with the great and growing interests of the town of Peterborough in a manner which their importance deserves.

I trust that my record for the past will be a guarantee for the efficient and diligent discharge of the duties of mayor if I am honoured with your confidence, which I again respectfully solicit

Your obedient servant,
R. S. DAVIDSON.

REFLEX.

The Mayoralty.

TO THE RATEPAYERS OF THE TOWN OF PETERBOROUGH:

LADIES AND GENTLEMEN,—Learning that Mr. Stevenson has decided to retire from the position of Mayor, I am, at the request of a large number of Ratepayers, a candidate for the Mayoralty for 1892. The assurances I have received from ratepayers in all parts of the town and of all sections, are such as to cause me to feel that it is the desire of a large number of the electors, that I should offer myself for the position of Chief Magistrate of the town, and I respectfully ask the vote and influence of every ratepayer. As the time at my disposal before the election is too short to permit of my making a personal canvass of the town, I trust that this announcement will be accepted instead, and that my eight years record in the Council will speak for me to all who exercise the franchise. In municipal matters it is impossible to lay down a strict policy, as it is impossible, especially in a growing town, to know what the council may be called upon to deal with during the year; but I can safely say that if elected I will use my strongest endeavors to promote the best interests of our town and at the same time to hold within due bounds the expenditure of public moneys, and I will devote all the time necessary for the efficient performance of the duties of the office to that purpose. I am,

Ladies and Gentlemen,
Your obedient servant
JAMES KENDRY.

Peterborough, Dec. 28th, 1891.

It will pay you to watch for REFLEX!

Municipal Elections

All persons having conveyances to place at the disposal of

MR. DAVIDSON

to convey voters to and from the polls on Monday, will kindly report at the Committee Rooms to-night

Committee Rooms over Brisbin's flour and feed store. Hunter st Meetings each night this week.

RIGS! RIGS!

MR. KENDRY

MAYORALTY!

MR. KENDRY'S

COMMITTEE ROOM will be open every evening until election day. All favorable to his candidature are invited to be present. The Committee Room is at

325 George St.,

the store formerly occupied by Mr. George Ball, opposite the Market Building.

TO THE ELECTORS OF NO. ONE WARD

LADIES AND GENTLEMEN,—Having accepted nomination as Councillor for No. One Ward, I hereby ask your votes and influence. If elected I pledge myself to use every honest endeavour to promote the interest of this ward and of the town in general. Again asking your vote and influence, I am

Your obedient servant,
WM. RUDKINS.

TO THE ELECTORS OF WARD NO. ONE.

Having received the nomination as Councillor for No. 1. Ward, I take this means to inform the Electors that I am prepared to stand, and if elected I shall fulfill the duties incumbent on me as your representative at the council board, with honesty and fidelity, and will cheerfully do all in my power for the best interests of the town. Requesting your support and influence, I remain

Your obedient servant,
JAMES SUTHERLAND.
86 Albert Street.

TO THE ELECTORS OF WARD No. ONE.

Having been strongly urged to accept the nomination of Councillor for this Ward, I have consented to do so. The support which I have been promised by so many of the influential ratepayers of the Ward, encourages me, if elected, to devote my time to the best interests of this Ward in particular, and of the whole municipality in general.

As the time is short before the elections, I will not be able to make a personal canvass of the ward, and therefore take this opportunity of soliciting your votes and influence.

Yours respectfully,
HENRY BEST.
Peterborough Dec. 29th, 1891. 4d1w

TO THE ELECTORS OF WARD NO. ONE.

LADIES AND GENTLEMEN,—I have accepted nomination as councillor for this ward, and respectfully ask your support. If honoured with it I shall use my ability and time for the honest, economical and efficient management of town affairs. I remain

Your obedient servant,
WILLIAM WHITE.

REFLEX!

TO THE ELECTORS OF WARD No. TWO.

LADIES AND GENTLEMEN,—I have accepted the nomination for councillor for No. 2 Ward for the year 1892. I respectfully solicit your votes and influence.

I am,
Your Obedient Servant,
T. E. BRADBURN.

TO THE ELECTORS OF No. TWO WARD.

LADIES AND GENTLEMEN,—Having accepted the nomination for councillor for this Ward, I beg to solicit your vote and influence. If elected, I shall devote the time and attention necessary to the fulfilment of my duties, and shall endeavor to merit your approval.

I have the honor to remain,
Ladies and gentlemen,
Your obedient servant,
d153 3 A. V. R. YOUNG.

TO THE ELECTORS OF Ward No. Three.

LADIES AND GENTLEMEN,—At the urgent request of a large number of ratepayers, I have accepted the nomination as Councillor for No. 3 Ward, and I ask your votes and support. If elected I pledge myself to place the advancement of the town's interest before every other consideration and to pursue a course that will meet the approval of all who wish to see straight and square dealing in the management of our civic affairs. I am

Your obedient servant,
BRUCE FERGUSON.

TO THE RATEPAYERS OF WARD NO. FOUR.

GENTLEMEN,—I have been requested by a large number of ratepayers to offer myself as a candidate for election to the Municipal Council at the coming elections, and now beg to announce that I am in the field for the Fourth Ward. As I am unable to make a personal canvass I take this means of respectfully asking your vote and influence. If elected I will do my best to promote good and economical government and will keep the interests of our own ward especially in view.

I am, gentlemen,
Your Obedient Servant,
43152 H. A. MULHERN.

REAL CHANCE

you have had to buy so many Christmas Presents for so little money.

ROUTLEY'S

The People's Palace of Delight

Offers more inducements and better goods than anywhere to be found in Peterborough. Only look in and investigate.

You will have to rise early to beat our holiday presents and prices. Go into any of our departments and you will find the goods to be found from 10 to 25 per cent. lower than any other Fancy Goods House in the city.

Routley's,
Santa Claus Headquarters.
Open till 10 o'clock during the holidays.

WHERE TO DINE TO-DAY.

The management of the Palace Restaurant Dining Room, is ever on the lookout for obtaining delectable viands; the best in the market is always purchased, and those dining at this well-known house, will fully attest this statement. The Palace is open at all hours. Gentlemen accommodated with board by the day. Oysters always the best.

W. H. BOWMAN,
Palace Restaurant Dining Room.

The Truth About It.

Stuffer—What do you think? Jones has actually invited me to dine with him on Christmas day at his boarding house.

Dashaway—Ha! ha! Did you ask him if he had a grudge against you?

Stuffer—Yes. He said no; that he had no grudge against the landlady.

CHRISTMAS APHORISMS.

Pope Telesphorus, who died before the middle of the Second century, deserved canonizing, if for nothing else, for instituting Christmas as a festival. It has been celebrated ever since in all Christian lands, and has given more happiness to children than any day in the calendar. Making children happy is the essence of Christianity.

Of late years, Christmas has become far more a domestic and merrymaking holiday than a religious one. But it is religious in the best sense, since it is a day of peace and rest, and opens the heart to human needs and human sympathies.

The most satisfactory way to observe Christmas is to do at least one good act to some of our fellows. The consciousness of doing such an act will inspire us to do others, and so sanctify the day as to make it ever welcome.

Christmas is always associated with the good Jesus who, whether regarded as God or man, was the purest, kindest, noblest being that has walked the earth. He has inspired love in saint and sinner, in devotee and skeptic alike. Men may wrangle about creeds; but about Jesus and his beautiful life there can hardly be any difference of opinion, for he pitied all who suffered and strove to heal every aching heart.

Christmas has gradually evolved out of its theology and has come to stand for a festival of love. Therefore all men love it, for throughout the universe love is born of love and is worshiped for its own sake.

A clear conscience furnishes the best digestion for a Christmas dinner.

Christmas is a day to form good resolutions. It is easier to form them on that or any other day than to keep them for a single month.

No conscientious person can enjoy his Christmas dinner if he knows anybody else within reach to be hungry. The consciousness that we have given food to the needy provides us with the finest appetite.

Christmas was formed, in the era of theology, from Christ and mass. In these practical and luxurious days it might signify that we should try to imitate Christ in dealing with the mass of mankind, who are usually more or less unfortunate. By so dealing with them we should make all days Christmas days.

It is better to be a Christmas turkey on the table than a Christmas goose at the table.

He Got the Tree.

"Say, ma," said Tommy, "aren't we going to have a Christmas tree this year?"

"No, Tommy," answered his mother, "I haven't time to attend to it this year, and your father is so busy that he will not have time to fix it up either."

Tommy was silent for some time, then he went over and sat on a footstool beside his mother, who was doing some fancy needlework.

"Say, ma," said Tommy meekly, after a long pause. Seeing that her son was not inclined to finish the sentence she said kindly:

"Well, Tommy?"

He rested his elbow on her lap and leaning his head on his hand he watched her fingers working dexterously for a few seconds, then he continued slowly:

"Say, ma, you told me I mus'n't fight, didn't you?"

"I certainly did, Tommy."

"Well, say, ma, you know Jimmy Jones, what lives across the street?"

"Yes."

"Well, I was talking with him yeste'day and he said 't his mother was nicer'n mine, an I sed 't she wasn't, and then we got to fightin, an say, ma, you won't be mad if I licked him, will you? An I told him 't my mother was the nicest looking lady in the street, an don't you forget it, an I said 't mother wasn't old and wrinkled like his mother was, an he said 't his mother was more generous'n mine, an 't she was going to fix him up a nice Christmas tree, an then I couldn't help it, ma, an I licked him some more, and just then a big policeman came along an said 't he'd run us both in if we didn't stop fighting, an"——

But his mother had got up from her chair by this time. She called Bridget and told her to go to the grocery store and order a nice Christmas tree—the nicest one they had.—New York Tribune.

A CHRISTMAS PRESENT.

"I came to ask you"—his voice was low—
"For something"—his face had a ruddy glow;
"I hope that your answer will not be 'no;'
I came for my Christmas present.

"I think your heart knows what I mean;
I feel your eyes must have surely seen
How much I love you; I want, my queen,
Yourself for my Christmas present.

"My past is dark with grief and pain,
But not with any blot or stain.
Ah! shall I plead, my love, in vain
For thee as my Christmas present?"

"Forget the past; 'tis gone and dead;
Just think"—she bent her graceful head,
The color o'er her fair face spread—
"Just think of your Christmas present."

Children Cry for Peterboro's Castoria.

North Dummer Dairy Co'y.

Report of the Business Done in 1891.

The meeting for settling up the accounts of the patrons of the North Dummer Dairy Company was held in their new cheese factory, Dec. 2nd, 1891, when the secretary, Mr. M. E. Sanderson, read the following report:

SECRETARY'S REPORT BUSINESS OF 1891.

1891.	Total Milk Rec'd	Total Cheese.	Total Value.
May	56 926 lbs.	5,124 lbs.	$135 16
June	104,158	9,395	79 49
July	143,467	9 [illegible]	537 13
August	87,311	8,124	784 10
September	72 866	6,784	652 92
October	53,670	5,644	543 22
	468,978	44,393	$4,044 21

Equal to 169 2678-2000 standard cows, 44 503 lbs. cheese = 22 503-2000 tons.

The cost to patrons for milk drawing was $1.36¼ per standard cow, and the cost of salesman and secretary was 11½c. per 100 pounds of cheese. The whey was disposed off to the patrons at 5c. per barrel.

Though the price received for their cheese was not, in a few instances, up to some of the older and larger factories, the advantages and convenience of being close to a factory overbalanced the slight deficit in cash. The stockholders and patrons were well pleased with the result of the season's business.

MEETING OF STOCKHOLDERS.

The annual meeting of the stockholders of the North Dummer Dairy Co. was held in their cheese factory, Dec. 15 h.

The directors had made a call on the stockholders for one half of their subscribed stock to be paid at the annual meeting which was readily complied with.

After reading and adoption of minutes of general and directors' meetings the secretary submitted the following financial reports:—

FINANCIAL REPORT ON CAPITAL ACCOUNT.

	$	603 08

H. A. MOORE,
Treasurer.

After hearing and adopting the financial reports the stockholders appointed Mr. Hugh Dodds, and Robt. McCracken, auditors, and re-elected the old board of directors excepting Mr. John Hunter who has suffered from a partial attack of paralysis, so the board of directors now stand: Messrs. Wm. Caryeth, Francis Darling, Henry A. Moore, Richard Crow and Geo. A. Payne.

A pleasing feature of the meeting was the general good feeling, the directors being elected without opposition. A vote of thanks was tendered to the secretary, and general satisfaction was expressed with their undertaking and the result of the season's business.

Colds are frequently the result of derangements of the stomach and of a low condition of the system generally. As a corrective and strengthener of the alimentary organs, Ayer's Pills are invaluable, their use being always attended with marked benefit. dw

Everybody Admires Soft White Hands and every lady ought to use Dyer's Jelly of Cucumber and Rose, as it makes the skin soft and smooth. Try it. Druggists keep it. W. A. Dyer & Co., Montreal. 64152

To Invigorate both the body and the brain, use the reliable tonic, Milburn's Aromatic Quinine Wine. dw

It is a Very Sad Thing,

To see young and beautiful people die when they might just as well live and enjoy health and strength. Many who suffer with coughs, colds and lung troubles, leading to consumption, imagine there is no hope for them, when in reality there is every hope if Miller's Emulsion of Cod Liver Oil is taken regularly. Spread the news everywhere that this great emulsion will make flesh and blood, cure coughs, colds, bronchitis, sore throats and lung troubles tending to consumption. In big bottles, 50c. and $1. at Peterborough Drug Store's. dw

What is REFLEX?

Editorial Evidence.

GENTLEMEN,—Your Hagyard's Yellow Oil is worth its weight in gold for both internal and external use. During the late la grippe epidemic we found it a most excellent preventive, and for sprained limbs, etc., there is nothing to equal it.

WM. PEMBERTON, Editor *Reformer*,
dw Delhi, Ont.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

It Seldom Fails.

DEAR SIRS,—I took two bottles of Haggard's Pectoral Balsam and it cured me of hoarseness and tightness of the chest after other things had failed. I have also tried B.B.B., it works splendidly for weakness and headache.

dw SAMUEL MADDOCK, Beamsville, Ont.

EXCELLENCE.

RHEUMATISM.—MR. WM. HOWES, 68 Red Lion St., High Holborn, W.C., London, Eng., states he had rheumatism 20 years; suffered intensely from swelling of hands, feet and joints. He used St. Jacobs Oil with marvelous results. Before the second bottle was exhausted the pain left him. He is cured.

NEURALGIA.—MRS. JOHN McLEAN, Barrie Island, Ont., March 4, 1889, says: "I suffered severely with neuralgia for nine years and have been greatly benefited by the use of St. Jacobs Oil."

SCIATICA.—Grenada, Kans., U. S. A., Aug. 3, 1888. "I suffered eight years with sciatica; used five bottles of St. Jacobs Oil and was permanently cured." JACOB I. SMITH.

STRAIN.—MR. M. PRICE, 14 Tabernacle Square, E. C., London, Eng., says: "I strained my wrist and the severe pain yielded like magic to St. Jacobs Oil."

LAMEBACK.—MRS. J. RINGLAND, Kincaid St., Brockville, Ont., writes: "I was confined to bed by severe lumbago. A part of a bottle of St. Jacobs Oil enabled me to go about in a day."

"August Flower"

For two years I suffered terribly with stomach trouble, and was for all that time under treatment by a physician. I finally, after trying everything, my stomach was about worn out, and that I would have to cease eating food for a time at least. I was so weak that I could not work. Finally on the recommendation of a friend who had used your preparations

A worn-out Stomach.

with beneficial results, I procured a bottle of August Flower, and commenced using it. It seemed to do me good at once. I gained in strength and flesh rapidly; my appetite became good, and I suffered no bad effects from what I ate. I feel now like a new man, and consider that August Flower has entirely cured me of Dyspepsia in its worst form. MRS E. DEDERICK, Saugerties, N. York.

W. B. Utz, St. George's, S. C., writes: I have used your August Flower for Dyspepsia and find it an excellent remedy.

Berville.

(From Our Own Correspondent.)

CAIRO SCHOOL.—Tuesday, Dec. 22nd, the parents and friends of the pupils assembled in the school room, it being the close of the term in school. During the afternoon a short programme was given by the pupils. After the programme, the teacher, Miss A. Mance, who has been in charge of the school for the past three years, and who resigned her position, presented each with a Christmas gift. At the close of the children presented the teacher with an address and a beautiful jewelry case, photograph album and a copy of Milton. The address was read by Miss McCathwell, as follows:—

Miss A. M. VANCE.

DEAR TEACHER AND FRIEND—We, the pupils of school No 9, Cavan, and 4, North Monaghan, on hearing of your resignation of the office that you have so filled with such proficiency for the past three years cannot allow the occasion to pass without reflecting in a tangible manner. It is unnecessary to tell you that we regard your departure with regret. Your invariable kindness as instructor and friend, and above all, the moral precepts you have endeavoured to inculcate as they have been by the example of a consistent Christian walk and conversation have so bound us to you by the bond of affection, that the idea of parting is with regret. We would have our kindness go with you and would ask your dance of these accompanying gifts as one of the pleasant associations of the past as a reminder of the fact that wherever go the fervent petitions of your past Cairo school mates, and that we may meet in that better world where part unknown.

Signed on behalf of school, by,
MAUD ROTHWELL, EDDIE PUR,
ETHEL WATERMAN, MAUD MCCOY.

Miss Vance, in greatly surprised, made a suitable feeling reply. Miss Vance was greatly esteemed both as a teacher and friend, and beloved by her pupils.

th.

(From Our Correspondent).

An entertainment under the auspices of the day school and Sunday school assisted by talent from a dis., was held in Middleton's school on Wednesday, 23rd inst. Although the night an unpleasant one the school house owded so much that it was almost impossible to sit still. As Miss Hamilton who labored so successfully in our midst for the three years is now leaving, her pupils presented her with a very handsome glove and handkerchief box. She made a very nice reply, thanking the pupils and also thanks for the courteous treatment she had received while teaching in this school.

Mrs. G. Reid the recipient of a beautiful work, a present from her Sunday scholars. She made a short but suitable reply, thanking the donors. The concert fully sustained its previous reputation of good entertainments, and we feel sure people near here take hold of the matter the near future we shall have a more suitable place for holding public gatherings. The following is the programme:—Opening, "Doors Open Wide"; chairman address; reading, Blanche Brooks; Edith Tully; dialogue, Lena Tully, Lottie Calvert; song, Mabel Walton; recitation, Ernest Davidson; song, Fowler; recitation, Vally Tully; ?, Ada Middleton; song, Tully and Clara Middleton; reci Winnie Reid; instrumental, Mr. Samson and Miss Walton; dialogue, Mrs Walton and ?; recitation, Miss Jessop; reading, Mr Ernest Middleton, Mrs. Reid and Miss McGhee; solo Bert Tully; recitation, Lillie Middleton; reci Mrs Reid and Miss McGhee; Strategy; song Fred Tully; reci Miss Emma Darling; violin solo, D. Williamson; dialogue, Lillie and Middleton; song, Miss Mabel Walton Miss Lottie Middleton; song ister, Miss Edith Tully; recitation, Minnie Hamilton; song, Mrs. Sam dialogue, Rather Mixed.

The originals of certificates of cures effected by the use of Sarsaparilla are kept on file at the the J. C. Ayer Company, Lowell. Probably no similar establishment the world can exhibit such a mountable and convincing testimony.

My wife and I suffered and lots of it, accompanied by a continual itching of the scalp. Anti-Itch entirely relieved us both from which we think it the best preparation to clean out Dandruff, tone the hair, as a dressing without giving an unsightly appearance.

Self Application of Electricity

FOR MEDICAL PURPOSES BY THE

DORENWEND

ELECTRIC BELT And Attachments.

HEAD OFFICE—103 Yonge St., Toronto

THE WORLD'S BEST.

ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliances. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an ind pendent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is CURRENT of QUANTITY, not merely a sensational current and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DECLINE and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a com etent electrician, and ranks as the best in the world. Call and see it, or write anyone to bring proof to the contrary.

Do not cease the use of the Dorenwend combinations of leather and metals with which the country is being flooded. If you wish to experiment with one of these, buy THEM, but if you want to get the best Electric Belt, buy the Dorenwend Belt.

Send name and address for Illustrated book on Home Electro-medical treatment and mention this paper. J. TULLY, Agent, Peterborough.

CARTER'S LITTLE LIVER PILLS.

CURE SICK HEADACHE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK HEADACHE,

yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD ACHE

they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it, while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

CRYSTAL BLOCK.

TO ARREST MRS. OSBORNE

SHE IS NOW CHARGED WITH SERIOUS CRIME

Believed to Have Sailed For The United States. Where Her Methods Would Thrive Undisturbed—A Description of the Talented "Kleptomaniac."

NEW YORK Dec. 31.—A London dispatch says that when the Bothina reached Queenstown yesterday Scotland Yard detectives searched for Mrs. Osborne but failed to find her.

It is thought probable that Mrs. Osborne caught the City of Paris at Queenstown last Thursday and is now on her way to the United States. As the warrant out for her is for obtaining money under false pretences, she would be safe as the charge is not extraditable.

The Liverpool authorities are keeping a sharp lookout at all railway stations and outgoing steamers.

There has been wired all over the United Kingdom a description of Mrs. Osborne as follows:

"Mrs. Ethel Florence Osborne, wanted on a charge of obtaining a check for £550 on false pretenses; aged; 26; height, 5 feet 5 or 6 inches; complexion pale, slim built, hair dark and thick; shows teeth very much when talking; rather Jewish in appearance; dresses fashionable; is in delicate health; may be accompanied by a lady or gentleman; took with her when she left her lodging, Dec. 21, several lady's wicker baskets, one very large, covered with black American leather. Cause careful inquiries to be made in hotels, private lodgings and shipping offices. Should any trace be obtained wire at once to Superintendent McWilliams, city police."

Despite the issuing of this order, the police believe Mrs. Osborne to be in Spain. There is good authority for stating that she left Paris Monday. Capt. Osborne, overwhelmed with shame and grief has sent his resignation to the war office. The authorities are trying to get him to withdraw it, his superiors fully endorsing his action.

Influenza's Spread.

ROME, Dec. 31.—In Milan, influenza caused 73 deaths in one day and in Lucca 16 deaths. Cardinal Rampolla, the Popal Secretary of State, in confined to his bed with the prevailing malady.

An epidemic of influenza of the milder form prevails in Austria provinces. Few deaths are reported. Many deputies and governmental officials in Perth are incapacitated.

MARRIED FOR KEEPS.

A Warning to Young People Who Wed on a "Banter."

ST. LOUIS, Dec. 31.—Judge Withrow gave his decision in the divorce case of Sarah G. Darrow against Constantine C. Darrow, the young couple from New York who were married on a banter and who now wish to be separated. Judge Withrow rules that the marriage cannot be dissolved and that the parties must remain man and wife.

Mrs. Darrow is a handsome young lady, 17 years old, and is the daughter of Judge Gaskell of Lockport, N.Y. The circumstances of the marriage brought out at the hearing of the case were that the young lady, while not yet 16 years old, had several admirers. Among them was Constance C. Darrow, a young law student. Darrow was jealous of the other young men who sought Miss Gaskell's favor, and it was stated that he challenged his sweetheart to prove that she was not married to some of the other young men by going to a church and marrying him. Upon this she accompanied him to an Episcopal Church and they were married. The young lady returned to her parents and young Darrow resumed his law study and nothing was said about the marriage.

Reflection seemed to have cured the young people of their fancy for each other. Darrow came west about a year ago and began the practice of law in Buchanan county, Missouri. After his departure the minister who performed the ceremony informed Mrs. Gaskell, the young lady's mother, and steps were then taken to secure a legal separation.

MRS. CARROTHERS' TRIAL.

It Will Take Place at Port Arthur in July Next.

RAT PORTAGE, Ont., Dec. 31.—Mrs Carrothers, who was in jail here awaiting trial, on the charge of the murder of her husband, has been removed to Port Arthur jail by Sheriff Carpenter on the order of the Superior Court. Her counsel, in an effort to secure her release on bail, made a declaration that the jail here was an improper place to confine her as a prisoner. This removal means that her trial will take place at Port Arthur. This, The Record says, is a gross injustice to this portion of the district and an outrage to the witnesses who have to be brought from Rainy River, besides an expense altogether unwarranted by the circumstances.

INTERESTING ITEMS BY WIRE.

The Chicago grain blockade is at an end.

The Franco-Bulgaria dispute has been settled.

Two quarrymen were blown to atoms while thawing out dynamite in a Milwaukee quarry.

Three trainmen were fatally injured by a wreck on the Pittsburg, Fort Wayne and Chicago Railroad near Salem, Ohio, yesterday.

TO MEET IN FEBRUARY.

AN EARLY SESSION OF PARLIAMENT PROBABLE.

OTTAWA, Dec. 31.—The writ for Richmond, N. S., election was issued yesterday, nominations Jan. 14, polling 21. The sheriff is returning officer. All the other bye-elections will take place about the same time.

It was said in official circles yesterday that Parliament would be opened early in February, and that notices to officials have been sent out to that effect. The date mentioned is about the 10th.

WHERE IS HEERICK?

The Report That the Brakeman Was Intoxicated Denied.

NEW YORK, Dec. 28.—Station Agent Delancy of Hastings made his report about the accident which occurred on the New York Central road on Christmas, to the superintendent yesterday. In it he says that 25 minutes after the Niagara express had passed, A. M. Herrick, one of the brakeman on the express, came into his office and made a few casual remarks.

He gave Herrick a cigar and leaving him with the operator in his office, went across the track to the hotel to deliver some express packages. He had been gone about 10 minutes when the St. Louis express, which leaves New York at 8 o'clock, thundered by without slackening its speed. Then Herrick came out of the office and asked him what train it was that had just passed. Then Herrick said he hoped his train had proceeded.

The station agent says the statement that Herrick went into the barroom is absolutely false. He says Herrick was perfectly sober. No trace of the missing brakeman had been found up to last night.

The patients at the hospital at Yonkers are reported to be doing nicely.

AN OPERATOR'S LUCK.

Arrested For Burglary on the Eve of His Wedding.

BRANTFORD, Dec. 31. — W. A. Davis came to Brantford last evening and was to have been married to a young lady of excelent family in Marlborough-street. Late last night he was arrested by C.P.R. Detective Ross on a charge of burglarizing a C.P.R. station at which he had been operator. He was taken to Galt for trial.

The prisoner was much cut up. When the police entered the house a large number of wedding gifts were on display. Prisoner asked the police to let him get married, then he would surrender himself. The bride-elect's mother, however, objected and said the matter had better be straightened first.

GOOSEY'S CONFESSION.

The Prisoner Lottridge Continues Cheerful and Light-Hearted.

HAMILTON, Dec. 31.—The preliminary examination of Lottridge, charged with the murder of old man Heslop, to-day promises to be highly sensational. The crown will likely call Mrs. Heslop and Miss Heslop to tell the story of the brutal murder, and Goosey will be put into the box and tell all he knows about the tragedy. The prisoner's counsel will make a strong effort to shake the testimony of the Indian. The crown won't call any more evidence than is really necessary to commit the prisoners for trial.

Those who have seen Lottridge say that if he is a guilty man he is a clever actor, and does not betray any evidence of guilt. When he was told about Goosey's confession he laughed and said there was nothing in it. If Goosey's confession is true Lottridge has a good chance of saving his neck by turning Queen's evidence. Even though he remained outside he would be equally guilty with the man who fired the fatal shot.

J. V. Teetzel, Q.C., will defend Bartram.

J. W. Nesbittt, Q.C., who has been retained as counsel for Lottridge, had an interview with the prisoner yesterday. Mr. Nesbitt said to-day that from what Lottridge told him he believes the man had no connection with the murder. "Why, he laughs at the charge," said Mr. Nesbitt, "and is able to account for all his actions during the night of the murder, and to prove that he wasn't near the Heslop house. I take no stock whatever in that 'confession' of Goosey's. I shouldn't be surprised if the Indian Douglas made a similar 'confession.' Why, you could buy up half the Indian reserve for the amount of the reward offered."

Carried Away the Bridges.

JAMAICA, L. I., Dec. 31.—Three of the principal bridges crossing the Long Island R. R. at Washington-street, Prospect-street and East New York-avenue respectively were torn down and entirely demolished at about 8 o'clock last night by a large steam digger loaded on a flat car. It was part of the Sagharbor freight which was running into this station at a speed of 20 miles an hour. So far as can be learned no person was injured although a number of persons, who were crossing the bridges at the time, and some of the trainmen had very narrow escapes.

Lord Salisbury Advises a Settlement.

LONDON, Dec. 25.—Lord Salisbury is reported as having advised the Bulgarian Government to try and satisfy France in regard to the Chadenine affair.

Another French Critic Dead.

PARIS, Dec. 26.—M. Pessmeraye the critic is dead.

A ST. THOMAS FIRE.

The Immense Freight Sheds of the Michigan Central Railway Destroyed.

ST. THOMAS, Dec. 31.—Fire started last evening about 6.30 in the large Michigan Central freight depot here. The building was almost completely gutted, and a large amount of freight destroyed or badly damaged. Loss cannot be estimated at present, but will run up into the thousands. The structure was an immense brick affair, one of the largest in the province, and was used conjointly by the Michigan Central and the C.P.R.

HOW TOPERS WILL REJOICE.

The Analyst Says Alcohol Adulterations are No Worse Than Alcohol.

OTTAWA, Dec. 31.—Dominion Analyst MacFarlane has issued a bulletin of alcohol, having examined 680 samples, all from retail dealers. He says liquors sold by retail are not greatly adulterated and mostly by water or non-deleterious matter. He found occasional traces of amyl-alcohol or fusil oil, but none of methyl-alcohol.

Having spent 30 pages over details he concludes: This investigation leads generally to the following conclusions:

1. That the opinion held by many regarding the injurious character of the substances added to spirits or distilled liquors for various purposes is destitute of sufficient foundation. Some of the essences, etc., used by blenders or compounders taken by themselves may be said to be injurious, but the quantities used are so minute in the resulting product that they cannot be considered to have any worse effect on the human system than the dilute alcohols with which they are mixed.

2. That in very many cases liquors are sold under the designation of brandy and gin which have no right to such names on account of their being merely imitations.

KILLED BY LIZARDS.

Death of a Road Supervisor From a Strange Cause.

HANOVER, Pa., Dec. 29.—A post-mortem examination upon the body of Daniel Mummert, a farmer living near East Berlin, who died a few days ago, revealed the startling fact that his stomach was full of lizards. It was thought that he suffered from consumption, but a few days before his death he emitted six lizards and that aroused the physicians' supicions. He was a road supervisor and often lay down and drank from small springs.

Was She the Victim of a Vendetta?

NAPLES, Dec. 29.—Miss Wellesley Browning, a lady past middle age, who for three years has resided in Venero, a suburb of this city, was found dead this morning. She had been outraged and murdered. Her jewelry and money were found intact upon her person. The body lay near a street lamp, and the fact that no one living on the street heard any outcry nor saw anything of the murderer or his victim is considered remarkable.

Youthful Steps Upward.

Results of Promotion Examinations of Public School Pupils.

The following is a list of the promotion examinations held at the close of the late term. The names are arranged in order of merit:

Central School.

FROM JUNIOR PART I CLASS TO SENIOR PART I CLASS.

Olive Butcher, Addie Masters, Bessie Locke, Annette Collins, Harry Badden, Albert Graham, Sarah Welch, Bella Maxwell, Mabel Sattea, Fred Henderson. Bruce Roddy (admitted on trial).

FROM JUNIOR PART II TO SENIOR PART II.

Annie Vout, Bertie Boomer, Lloyd Morrow, Lesson Dunnigan, Cassie Mathieson, Robbie Parker, Ida Smith.

FROM PART II TO JUNIOR SECOND.

Maggie Pritchard, Albert Mims, Pearl Landy, Percy Jamieson, Ida Rutherford, Clayton Stapleton, Lizzie Armstrong, Hattie Melville, Frank Rossi, Ross Cameron, Arthur Grover, Annie Wainright, Mabel Routley, Edith Anthony, Harry Rush, Ethel Smith, Sydney Plummer, Willie Mann, Isabella Mann, James Drury (admitted on trial).

The number now passing from junior part I and junior part II is lower than usual owing to the fact that twenty of the best pupils were taken from each of these classes in the middle of the term, on account of the crowded state of these rooms.

FROM SENIOR SECOND TO JUNIOR THIRD.

BOYS—John Watt, Leslie Owens, Samuel Choate, George Long, Percy Easterbrook, Achilles Turner, Alf. Morrow, Ross Dobbin, Walter Mason, John Bellegham. GIRLS—Clara Strain, Maggie Wilson, Rebecca Maxwell, Isabella Hay.

FROM SENIOR THIRD TO JUNIOR FOURTH.

GIRLS—Eva Rutherford.

By order of the inspector there was no examinations in the junior fourth grade at the close of the last term.

The examination papers for the senior second and senior third classes were made out by the inspector, and from part second down by the Principal of the Public Schools.

South Ward.

FROM JUNIOR PART I CLASS TO SENIOR PART I CLASS.

FROM SENIOR II TO JUNIOR III.

Nora Fitzgerald, John King, Rollie Lee, Hugh Linn, Amy Mahaffy, Albert Renton, Eddie Webber, Willie Wareham.

FROM SENIOR III TO JUNIOR IV.

Emily Dixon, Gerald Hayward.

Police Court.

SATURDAY, Jan. 2.

John Butler was arrested on Thursday night, charged with being drunk. Owing to this being the first case for trial in the New Year, he was allowed to go.

John Lavery, who was fined $10 some days ago for being drunk, and was given ten days in which to pay the fine, failed to pay up in the time given him, and was arrested yesterday on a warrant of commitment.

A Prize Mother-in-Law.

The young lady remarked: "That gentleman's mother is my mother's mother-in-law." What relation was the young lady to the gentleman? The *Queen* will give a Mason & Rich fine toned upright piano to the first person answering the above problem correctly; an elegant gold watch for the second correct answer; a China dinner set for the third correct answer; an elegant silk dress pattern for the fourth correct answer, and many other valuable prizes, all of which will be announced in the January issue of the *Queen*. Valuable special prizes will be given for the first correct answers from each Province. As the object of offering these prizes is to attract attention to our popular family magazines, each person answering must enclose four three-cent stamps for sample number containing full particulars. The *Queen* is the most successful publication in Canada. By sending to-day you may secure a handsome prize. Address, the *Canadian Queen*, Toronto, Canada.

Children Cry for Pitcher's Castoria.

THE ANCASTER MURDER.

PRELIMINARY EXAMINATION OF THE SUSPECTS.

Douglas Makes a Statement Similar to Goosey's—Both Men Assert That Bartram Fired the Fatal Shot—Sensation in Court.

HAMILTON, Jan. 2.—The Police Court was crowded to the doors Thursday morning when the preliminary trial of the prisoners accused of the murder of old John Heslop in January last took place. Police Magistrate Cahill presided. The case opened at 10 o'clock, when John Lottridge and George Douglas were charged with the murder of John Heslop. Lottridge pleaded not guilty.

Douglas then stood up and said: "I plead not guilty. I was present when the murder was committed but I did not fire the shot. John Bartram did the shooting."

This statement—which was made by Douglas of his own free will on being assured that a free pardon would be granted him if he was not the real murderer and if he made a full confession—created a big sensation in court and Lottridge seemed to be very much agitated at the turn that affairs had taken.

The evidence of witnesses was then taken. Mrs. Heslop was the first witness. She told all she new in connection with the murder of her husband and all that had occurred on the night of Jan. 27. Miss Heslop followed her mother, and her evidence was in a great part a corroboration of the former witness. Thomas Young, hotel-keeper, Middleport, was the next witness, and was still on the stand when the court adjourned for lunch.

The confessions of Samuel Goosey and Douglas have both been sworn to. They are much the same and in brief, they tell how Lottridge and Goosey were outside the Heslop residence and Douglas and Bartram on the inside when the murder was committed. The shooting, they both affirm, was done by John Bartram.

Some very important evidence was given just before the adjournment for lunch. The witness was Thomas Young, an aged man from Middleport. He told how Douglas had, in conversation with him (witness) and Mrs. Young, detailed the story of the murder. Young said Douglas told him that Lottridge drove the rig; Goosey smashed in the door at the Heslop residence, and Douglass and Bartram went inside. Old Heslop struck at both men with a chair, then Douglass knocked the old man down and Bartram shot him.

The witness was cross-examined by Mr. Nesbitt, but his evidence was unshaken.

Mrs. Young was the next witness and corroborated the evidence given by her husband.

Samuel Goosey, the Indian, then went into the box. He swore that Bartram Lottridge, Douglas and himself went to the Heslop house about 2 o'clock on the morning of the murder in a wagon supplied by Bartram; witness broke open the door with a stick and Bartram and Douglass went inside; he heard the noise inside, but did not know who fired the shot; Bartram and Douglass came out shortly after and the four men drove to Middleport, where Lottridge took the wagon; Bartram walked home, and witness and Douglass walked to the Indian reserve; witness did not get any of the booty.

Mr. Nesbitt cross-examined Goosey in a very severe manner, but his evidence was not shaken.

The confession of Douglass was also of his own free will, on promise of pardon.

Lottridge was asked if he had anthing to say, but he remained silent. Douglass and Lottridge were committed for trial.

CHICAGO DOOMED.

An Engineer Says It Will be Engulfed in 1893.

CHICAGO, Ill., Jan. 1.—A German engineer of considerable ability prints a long article stating that Chicago will be engulfed by the lake in 1893. He says the stratum of ground upon which the city and Exposition buildings stand has been undermined by the lake and is only 16 feet thick. Hence the crust will break through, owing to the greatly increased burden in that year.

Rats Drove Him to Suicide.

JACKSON, Mich., Jan. 2.—Rats literally drove William Duryea, of the grocery firm of Brooks & Co., to suicide. He bought a piece of land at a lake resort near here and spent large sums of money in planting trees upon it. Some of the trees died, as Duryea believed, from the effects of gnawing by rats. He became discouraged and despondent, and yesterday drowned himself.

INTERESTING ITEMS BY WIRE.

The bark Alexander has been wrecked near Amsterdam.

The City of Paris, which arrived at New York yesterday, had a very stormy passage all the way over.

Adelina Patti arrived in New York on the City of Paris yesterday.

Dr. Charcot, the distinguished French physician, is suffering from a severe attack of influenza.

Sig. Ferraris, Italian Minister of Justice, is reported to have resigned. It is added that the Marquis di Rudini will fill the office ad interim.

Railway employes raided a train loaded with scabs at Argenta, Ark., yesterday, destroyed their baggage and ran them from the train.

Advices have been received from Samoa to the effect that another native war is imminent. Two hundred of King Malietoa's warriors are said to be advancing upon the village of Tuma with the object of expelling Mataafite insurgents.

John Meeker, a resident of the Sumner county poor farm at Wichita, Kansas, blew out the brains of Deputy Superintendent Newt. Howe yesterday because the latter chided him for impertinence. Meeker has been on the place since his legs were cut off by a train two years ago and always seemed peaceable.

Official despatches from Santos confirm the reports in regard to the ravages of smallpox and yellow fever. Eighteen captains of merchant vessels have died either from the black vomit or smallpox within two months. On some vessels the entire ship's company, officers and crew have perished from these awful maladies. Seven sailors died in the streets, so quickly fatal has been the shafts of disease. It is estimated that at least two-thirds of the persons attacked have been fatal. The great majority of the victims are emigrants and sailors.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are a BLOOD BUILDER and Nerve Restorer, as they supply in a condensed form the elements naturally needed to enrich the Blood, cure all diseases arising from Poor and Watery Blood, or from Vitiated Humors in the Blood, and also invigorate and Build up the Blood and System, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a Specific Action on the Sexual System of both men and women, restoring Lost Vigor and correcting all Irregularities and Suppressions.

EVERY MAN Who finds his mental faculties dull or failing, or his physical powers flagging should take these Pills. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities which inevitably entail sickness when neglected.

YOUNG MEN should take these Pills. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These Pills will make them regular.

SATURDAY, JANUARY 2, 1892.

The Mayoralty.

To the Editor of the Examiner:

DEAR SIR,—The following letter was declined publication by the *Review*:

DEAR SIR,—I do not know whether you allow an outsider to criticise the editorials in your own paper or not, but if you do I would like to take exception to some of the statements which appear under the heading of the Mayoralty in your issue of Saturday, and in which you endorse Mr. James Kendry's candidature. In the first place you state that Mr. Kendry has managed the business of the Auburn Woollen Company so successfully that you assume that he is a good business man. Now, Mr. Editor, everyone knows that this business was put on its present sound basis by the late Mr. James F. Dennistoun, and this was so thoroughly done by him that it required little business ability on Mr. Kendry's part to keep it so, even if it remain for him to manage his part of the business; but you should know that the Auburn Mills is controlled by a company, the board of directors of which manage its affairs and that Mr. Kendry is merely the manager and has only to carry out instructions received from the board.

If Mr. Kendry has any business ability and shrewdness I fail to remember when he has exercised them in the council. What has he done there during his term as representative of Ward No. Four? It is true that he has got three electric lights about his mill, which are paid for by the town, but beyond this and occasionally getting a new pair of trousers or a new waterproof for the police, what has he done?

Where was he when the by-law, granting the bonus to the Edison Co., was being voted upon? At a pic-nic or similar pleasure jaunt. If he took such a warm interest in the town's prosperity, would he not like like other councillors have been at the polls.

Where was he when the important question of the Street Railway Franchise was before the people last Wednesday? In Toronto where he would be if elected mayor on very many occasions when the chief magistrate's presence is required in the town; or in New York or Montreal or Chemong Park.

I deny that Mr. Kendry has been active in guiding the affairs of the town during the term he has been in the council. Nor is he acquainted with the town's requirements or familiar with the corporation affairs.

As I said before, what has he done to show his activity? As to his acquaintance with the requirements of the town, how has he shown it? It is well known he seldom attends the committee meetings, where the real work is done; and as to his familiarity with its affairs, I doubt if he knows its present rate of taxation or the amount of our present debenture debt.

Then what claim has he to the mayoralty?

Yours truly,
VOTER.

GOUGH BROTHERS
SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know at you know where you can get the values. Fair Dealing makes Fast Friends. We have had ample proof of this and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the requirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be better than by your buying! A noticed point is to get value! This you can positively receive by buying your

Overcoats, Suits, Silk Mufflers, Ties, Slippers, Boots and Shoes, and Overshoes,

at our Great Sale now on. Make a Christmas Present of an Overcoat to Brother, Husband or Lover.

GOUGH BROTHERS wish their Thousands of Customers (and every Customer is a friend) a Cheerful, Bright Christmas, and a Happy, Prosperous New Year.

THE WONDERFUL CHEAP MEN, - - - - - PETERBOROUGH, TORONTO, BRANTFORD

Salvation Army Notes.

"Soldiers" Celebrate the New Year's Birth

The Salvation Army of Peterborough commenced the celebration of the New Year on Thursday evening, when a watch night service was held, commencing at 11 p. m. The meeting was conducted by Ensign Steele and a very profitable and solemn service was held. After the dawning of 1892 a procession of about one hundred in line, headed by the band, had a march.

On New Year's Day the banquet which had been prepared and anticipated with much pleasure by the "soldiers" and their friends took place at 5 30 p. m. A large number of friends of the "army" and members were present and did ample justice to the viands which had been so unsparingly provided. A very successful banquet was held.

The banquet was followed by an illuminated march, in which the "soldiers" carried lighted lanterns of various colours through the streets, having a very pretty effect. At 8 p.m. the "band recital" commenced, which was interspersed with short but interesting addresses by local "soldiers" and officers, and also representatives from Norwood. There was a large audience.

The Salvation Army have reason to congratulate themselves on the successful issue of their New Year's programme.

New Sarum Notes

DEAR SIRS,—I have used 6 bottles of B.B.B. I took it for liver complaint. Before I took it I had headache, and felt stupid all the time, but now I am healthy and entirely well. In addition I have a good appetite, which I did not have previously.
dw LIZZIE POUND, New Sarum, Ont.

Victoria Carbolic Salve is a great aid to internal medicine in the treatment of scrofulous sores, ulcers and abscesses of all kinds.

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

Once Used, Always used.

This is a fact as regards Dyer's Jelly of Cucumber and Roses from its wonderful efficiency in curing chapped hands and making the skin smooth and soft. Druggists keep it. W. A. Dyer & Co., Montreal. 6d125

For [illegible] (domestic, steam, farm, factory offices, business houses, halls, residences, stables, animal pens, &c.) and will cure bad chickens. No family should be without it.

HENRY BEST,

d137-w New Market Block.

The Reception to Young Men.

A Large Number Avail themselves of the Y.M.C.A.'s Invitation.

To all strange young men that were obliged to spend their New Year's Day in town, the invitation of the Y.M.C.A. to their annual reception came as a veritable boon. Although the advertised hour of commencement was three o'clock p.m., yet considerably before that time, young men began to assemble in the new hall of the Association.

The first part of the afternoon was spent in social intercourse, and games of various kinds were provided in the large hall, which were fully taken advantage of by those present. About 3 30 p.m. refreshments were served in the refreshment hall, and were heartily enjoyed by the young men. It was through the hard-working and earnest Ladies' Auxiliary that the various eatables were supplied, and they deserve great credit for their praiseworthy efforts to make the New Year's reception the success.

A welcome was given to all young men, whether members of any association or not, up to 7 o'clock in the evening. Music was rendered at intervals by the Y.M.C.A. band, and each young men that attended was presented with an envelope by the ladies present, which bore the inscription "New Year's greetings from the Ladies Auxiliary," and which contained a beautiful lithographed card, bearing the Association motto for 1892. "Watch ye, stand fast in the faith, quit you like men, be strong," and "I can do all things through Christ which strengtheneth me."

The officers and members of the Association are worthy of great praise for their endeavours to make for strangers "a Christian home from home," and should be well supported in their work by all the the young men of the town.

New Year Church Chimes.

GEORGE STREET METHODIST CHURCH.

A watch-night service was held in the above church on Thursday evening, at which a large number of people attended, to see the old year die and the new year come in. A very impressive service was held.

ST. PETER'S CATHEDRAL.

Masses were said in the above place of worship three times on New Year's Day, at 6 a.m., 8.30 a.m., and 10.30 a.m. There was a good attendance at each mass, particularly at the first.

ST. JOHN'S CHURCH.

New Year's Day and the Festival of the Circumcision were celebrated in St. John's by services at 10 in the morning and 7.30 in the evening. Good congregations attended.

ST. LUKE'S CHURCH

celebrated the birth of the new year by a watch-night service on Thursday evening, which was well attended. A service was also held on New Year's Day at 10 a.m.

Honour Rolls for December.

S. S. No. 1, North Monaghan.

Fourth class — Jessie Campbell, Laura Davidson, Sadie Young, Bertie Davidson, Lillian Davidson, Minnie Lillico. Third class, senior—Celia Sanderson, Annie Sanderson, Wallace Patten, Lillie Armstrong, Arthur Stinson, Norman Lillico, Ella Paget. Third class, junior—Alfred Barney, Hattie Galloway, Fred Campbell. Second class—Leslie Sargisson, Tom Sargisson, Wesley Armstrong, Norman Stenson, Maud Spilsbury, Bella Galloway. Part second class—Ethel Davidson, Willie White, Sammy Fry, Willie Sanderson, Cecil Williamson, Bert Patten. Bertie Davidson, Lillie Armstrong, Wallace Patten and Leslie Sargisson were present every day during the month.

The New Canadian Monthly.

The announcement of the establishment of a Canadian illustrated monthly magazine is a source of gratification to the very large class of readers who have been waiting to welcome just such a periodical from a Canadian publishing house. The Sabiston Litho. & Pub. Co., Montreal, have taken the decisive step, and the first issue of the *Dominion Illustrated Monthly* will make its bow to the public during January. It will be a 64 page magazine, handsomely illustrated, and Canadian and patriotic in tone. The most gifted of Canadian authors will contribute to its pages, making it a most desirable family magazine for all Canadians especially. The subscription price, $1 50, places it within the reach of all.

The Head Surgeon

Of the Lubon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all disease peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada.

"My Daughter's Life

Was saved by Hood's Sarsaparilla," says Mr. H. B. Jones, of Alna, Maine. "She had seven running sores in different places on her body, but on giving her Hood's Sarsaparilla there was marked improvement, and now she is well, strong and healthy."

Hood's Pills cure constipation by restoring the peristaltic action of the alimentary canal. They are the best family cathartic."

News About Town.

It is the current report about town that Kemp's Balsam for the throat and lungs is making some remarkable cures with people who are troubled with coughs, sore throat, asthma, bronchitis and consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles cost 50c and $1. dw

C. E. Consecration Meeting.

The local union of the Y.P.S.C.E. held a consecration meeting yesterday morning at 9 o'clock. A good number of Christian Endeavourers from the various societies of the town were present. The service was conducted by Mr. E. A. Scott, of George street Methodist church, and a very interesting and apparently profitable meeting was enjoyed.

The New Patent Clasp Envelope.

A valuable improvement in the envelope has just been worked out by the well known Mr. Wm. McDonnel of Lindsay. Already it has been patented at both Ottawa and Washington, and has been publicly recommended by all the leading business men of the town. The weakness of the present envelope is that the clasp or tongue can be easily steamed open and then re-closed without leaving any trace whatever. Mr. McDonnel, therefore, simply lengthens the clasp, mucilages it on the outside, and passes it through a slit near the bottom of the envelope. The enclosed part of the clasp show perfectly secure from steam. However, "to make assurance doubly sure" the side of the envelope intended to receive the clasp is itself slit, and a second clasp folded down and mucilaged to the other side of the envelope. The invention it will be seen, fulfils the two requirements of popularity, simplicity and cheapness. It is therefore more than probable that it will soon largely supercede the ordinary envelope and perhaps, to some extent, the post-office money order.

A Change for the Better.

SIRS —I have taken three bottles of Burdock Blood Bitters, and find it a splendid medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it.

People Wonder

WHEN they find how rapidly health is restored by taking Ayer's Sarsaparilla. The reason is that this preparation contains only the purest and most powerful alteratives and tonics. To thousands yearly it proves a veritable elixir of life.

Mrs. Jos. Lake, Brockway Centre, Mich., writes: "Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony. I was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to do any permanent good until I began the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see an

Improvement

in my condition, my appetite began to return and with it came the ability to digest all the food taken, my strength improved each day, and after a few months of faithful attention to your directions, I found myself a well woman, able to attend to all household duties. The medicine has given me a new lease of life, and I cannot thank you too much."

"We, the undersigned, citizens of Brockway Centre, Mich., hereby certify that the above statement, made by Mrs. Lake, is true in every particular and entitled to full credence."—O. P. Chamberlain, G. W. Waring, C. A. Wells, Druggist.

"My brother, in England, was, for a long time, unable to attend to his occupation, by reason of sores on his foot. I sent him Ayer's Almanac and the testimonials it contained induced him to try Ayer's Sarsaparilla. After using it a little while, he was cured, and is now a well man, working in a sugar mill at Brisbane, Queensland, Australia."—A. Attewell, Sharbot Lake, Ontario.

Ayer's Sarsaparilla,

SUN LIFE
ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,355.98
Increase over previous year	3,421,372 84
New Applications received in 1890	6,271 599 15
Increase over 1889	2,968,888.60
Cash income for year ending 31st December, 1890	889 478 87
Increase over 1889	325,938.25
Assets at 31st December, 1890	2,473 514.19
Increase over 1889	687,691.47
Reserve for Security for Policy-Holders	2,109,222.63
Increase over 1889	567,732.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	143,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)	$[illegible] 07
" " " " 1886,	[illegible] 07
" " " " 1890, (four years)	232,175 69

Worthy of Special Notice.

Mr. Clegg's Window and display of artistic furniture is always attractive, and is a credit to the town. But to-day and Monday the suite on exhibition in the window is worthy of special notice. It is about the best suite made in Canada, and in design and workmanship it is all that could be desired. Be sure you see it. 2d

Peterborough Market.

In the poultry market this morning there was only a moderate show of farm products. Prices ruled, geese, 60 to 70c.; turkeys, 75c. to $1; butter, 20c. per lb.; eggs, 19c. per dozen. In the produce market a fair display of vegetables was presented. Apples were quoted at $1 per bag; potatoes, 60c. per bag; cabbage, three for 10c. Sales were reported brisk.

The Coming Lecture.

The illustrated lecture in George Street Methodist church promises to be one of the most interesting that one can attend. The children will be delighted and older heads will find it both profitable and instructive. The church will afford seating room for all to see and hear to advantage, so there should be a large attendance. Tickets, 10c. and 20c. Look for particulars next week. 1d1

Didn't Know Where he Was.

Tale morning a man was brought into the police station charged with being drunk and disorderly. He refused to give his name, and was locked up in one of the cells. Some time after the man who appeared to be quite stupid with drink wanted to see the landlady. He did not realize where he was and asked what hotel he was in now. No doubt he will be informed to-morrow by the Police Magistrate, after he has sobered up.

Drowning Accident.

On Wednesday evening a youth named William Foote, aged 10 years, eldest son of the late John Foote, who together with son and daughter, were drowned in Rice Lake last summer, was out skating on the same lake with a companion named Harry Cowe, a boy of about 13 years. They were having a race, and whilst skating Cowe fell and Foote passed him and skated into an air-hole in the ice. Cowe, young as he was, did his best to rescue his friend, but only saw his head come up once. The accident took place opposite Hiawatha, and the body was recovered about three quarters of an hour afterwards.

Entered into Rest.

Death of Mrs. Gilmour.

The public will be pained to learn of the death of Mrs. Gilmour, widow of the late John W Gilmour, which took place at her late residence, Park street, this morning. The deceased lady was a native of England, having been born in 1830 at Colne, Lancashire. She was a daughter of the late Thos. Lonsdale. She came to Peterborough to reside in 1850, and has since been a resident. She was the mother of seven children, four sons and three daughters — two of the latter being deceased. The surviving members of her family are Mr. John L. Gilmour, of Montreal, Mr. Thomas Gilmour, now of London, England, Rev. Joseph L. Gilmour, at present in Edinburgh, Scotland, Mr. William B. Gilmour, of Montreal, and Miss Gilmour, who has remained with her mother and with the most devoted filial piety has cheered the declining years of her life. For the past three years Mrs. Gilmour has been in a very delicate state of health but last fall her condition so greatly improved that she was able to spend the past two or three months in Montreal. She returned home on Saturday last, apparently in good health. On Sunday a cold developed into bronchitis, which was not considered serious till Thursday, from which time her malady increased till death closed her earthly career this morning. Mrs Gilmour was a lady whose memory will be long held in veneration. In addition to the social graces of character which distinguished her, she was deeply religious, and in her years of health actively devoted to the promotion of good works. She was a devoted and earnest member of the Baptist Church and always foremost in advancing its interests. She was exceedingly charitable and the Protestant Home was a particular object of her beneficence, though, wherever good was to be done, or suffering to be alleviated, Mrs. Gilmour was always ready with her sympathy and service. The funeral takes place on Monday next at 2:30 o'clock p.m.

Personal.

Mr. Fred W. Scott, of the *Empire* composing room, Toronto, is in town spending a holiday and renewing old acquaintances.

Mr. C. P. Phelan, of the Acadia College Y.M.C.A., Wolfville N.S., was a guest at the Peterborough Association reception yesterday.

Mr. and Mrs. Stubbs, of Orangeville, late of this town, accompanied by their son William, spent the holidays in town renewing old acquaintances.

Mr. N.H. Ramer, who is well remembered in Peterborough as an artist of much promise, is now in New York studying with Chase, the greatest portrait painter in America, and he is getting on very successfully, as his many friends here will be much pleased to know.

Y. M. C. A. Notes.

The young men's rally to-night in the Association Hall will be conducted by Mr. S. Bacon, who will speak on the Association motto for 1892.

To-morrow morning the Bible study and consecration service will be held, commencing at 9 15 a.m.

The Association desires to thank Miss Stevenson for parlour games, Mr. L. Sherlock, two books, Mrs. Paterson, book, Mr. H. Grundy, framed motto, and Miss Sanderson, table drape, presented by them as New Year's gifts to the Association.

A Carload of Apples.

Spies, Snows, Baldwins, Bellflowers, Russets, and other varieties, also a carload of potatoes to be sold cheap at
FRANK MERCER'S,
368 George Street.

Butter.

A few tubs and tinnets of first class Butter; also a lot of Potatoes and Apples, selling very cheap at J. KINCAID'S, 326 Market Building. dtf

The Skating Rink Opens.

The rink was opened for the season yesterday, when a large number of people attended. The first part of the day was spent in curling, and in the evening skating was the sport indulged in.

Remenyi.

Remenyi played with Seidel's orchestra at the Lenox Lyceum, New York, last Sunday. Every seat was sold before the doors were opened. A private despatch from him says: "An unprecedented triumph * * 14 calls after one number, 5 000 people yelled, shouted, waved with handkerchiefs. Seidl said he never saw anything like it."

Week of Prayer.

There will be union prayer meetings each night during the week, Saturday excepted, commencing at 7.30 p.m. The first meeting will be held in the George Street Methodist Church on Monday evening. At each meeting during the week Mrs. Baeyertz will be present. Full explanations will be made by the pastors of the different churches to-morrow. The Rev. Mr. Meikle, the evangelist, is expected here to commence union meetings on the 16th January. On that date he will preach in St. Andrew's Church in the evening.

Mr. DAVIDSON'S
Committee Rooms
Over Brisbin's Feed Store.
Hunter Street.
Entrance 157.

COMMITTEE ROOMS open every night. All members of committees and friends of Mr. Davidson's candidature are asked to be present.

Royal Arcanum Officers.

At a meeting of the Peterborough council of the Royal Arcanum, No. 735, held on Thursday evening, the following officers were elected for the ensuing year:—

Bro E A Peck	Regent
Bro Adam Hall	Vice Regent
Bro J R Stratton	Orator
Bro R E Wood	Past Regent
Bro John McKee	Secretary
Bro W G Ferguson	Collector
Bro J H Roper	Treasurer
Bro John Braden	Chaplain
Bro B Shortly	Guide
Bro D Bellsghem	Warden
Bro R A Morrow	Sentry

TRUSTEES—Samuel Price, J. T. Rogers, H. C. Winch.

POWERFUL TONIC—The most effective tonic for the liver, stomach and intestines is is without dispute *Dr. Sey's Remedy*, which removes rapidly the disorders of these organs.

THE MAYORALTY.

Next Monday the electors will decide at the polls who is to be Mayor for 1892. It is important for the electors that personal and party predelictions should entirely be lost sight of, and that the fitness of the candidates for the office, and their ability and the time at their disposal to look after the town interests should be the only consideration. Judged by this standard the EXAMINER has no hesitation in saying that Mr. Davidson is by all odds the best man—who would make the best mayor as he has shown by his past. As chairman of the finance committee he has saved the town hundreds of dollars, which under a less shrewd financier would have been lost. His close scrutiny of accounts presented, has resulted in throwing out hundreds of dollars in amount which under less watchful eyes would have been paid. He has thus incurred personal enmities, and men are to-day working against Mr. Davidson, because he considered the town's interest first—and refused to pay accounts which should not be paid. This is a key his to usefulness. If he is made mayor he will have the same watchful care over the town's finances, and devote all the time necessary to the work—being always on hand and ready for any emergency. Mr. Davidson is careful, cautious, and thoroughly versed with every department of town affairs, and is in all respects thoroughly qualified to fulfil the duty of Mayor. Let every ratepayer, laying aside every prejudice and every consideration but the welfare of the town and the wise administration of its affairs, mark his ballot accordingly and there will be no doubt of Mr. Davidson's election.

Church Chimes.

ST. PETER'S CATHEDRAL.—At St. Peter's Cathedral, Roman Catholic, there will be two masses celebrated, the first at 8 a.m., the second at 10:30 a.m. Vespers at 7 p.m.

GOSPEL TEMPERANCE MEETING Sunday afternoon at 4 o'clock in the Royal Templars' Hall, over Nugent's drug store, Hunter street. Mr. McCallum will address the meeting. All are welcome.

The Mayoralty.

To the Editor of the Examiner:

SIR,—I have been informed that a report has been circulated to the effect that I am taking part in the Mayoralty contest. I wish to deny the truth of this assertion in toto. I have not, neither is it my intention, to take any part in the election of either candidate whatsoever. I have expressed myself in like manner to both the candidates.

Yours, etc.,
A. V. R. YOUNG.

The Mayoralty.

To the Editor of the Examiner:

SIR,—In Thursday evening's EXAMINER there appeared a letter signed "Voter," in which it was said that I had made promises to both the temperance people and to the liquor dealers. I wish to say that that statement is entirely untrue. I have not been asked by either of the parties to make any promise, and have made none. My record as a citizen and a councillor is what I depend upon in asking the vote of the ratepayers, and I am glad to say that I am receiving support on that record from all classes.

Yours, etc.,
JAMES KENDRY.

Peterborough, Jan. 2nd, 1892.

A New Service.

The work in connection with St. John's mission has made such progress that a morning service is to be begun immediately. Hitherto the congregation has met only in the evening, but to-morrow the building will be opened for worship at 11 a.m. This service is intended primarily for children, but we understand that it will be adapted as much as possible for adults also, who will be heartily welcomed.

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes

That Tired Feeling

creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." ED. JENKINS, Mt. Savage, Md.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. BEGOLE, Editor Enterprise, Belleville, Mich.

Worn Out

"Hood's Sarsaparilla restored me to good health. Indeed, I might say truthfully it saved my life. To one feeling tired and worn out I would earnestly recommend a trial of Hood's Sarsaparilla." MRS. PHEBE MOSHER, 90 Brooks Street, East Boston, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. Insist upon having

Hood's Sarsaparilla

It contains 212 pages of valuable musical information, with full description of over 10,000 pieces of music and music books, biographical sketches of over 150 composers, with portraits and other illustrations. Also a choice selection of new vocal and instrumental music and other attractive features. Upon receipt of eight two-cent stamps, to prepay postage, we will mail free a copy of the Musicians' Guide, also a sample copy of Brainard's Musical World, containing $2 worth of new music and interesting reading matter. Address the S. BRAINARD'S SONS CO., Chicago, Ill.

Oh, What a Cough!!

Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

The Prizes Awarded.

The Great Holiday Competition Closed—Mrs. Wm. McAllister, South Monaghan, Wins the Gold Watch—Miss May Huffman, Town, the Silver Watch—Mr. S. H. Best, Town, the Carving Set.

The Peterborough Bookstore holiday competition, which was entered into by the public with such great interest, closed at midnight on Thursday.

There was a great diversity of judgment as to the contents of the jar, the estimates ranging from 251 to 151,000.

The counting of the ballots and the articles in the jar took place Friday morning and the prizes were awarded as per the following

REPORT OF THE COMMITTEE:—

We, the undersigned, and each of us, hereby certify as follows:

That we have carefully examined the sealing of the jar which was used in connection with the Peterborough Bookstore Competition, and which was filled with peas, beans and nuts and exhibited in the window of the said bookstore: that the seal of the said jar was not broken or in anyway disturbed from the time the said seal was affixed until it was broken by us this day.

That since opening the said jar we have ascertained by actual and careful count that the aggregate number of peas, beans and nuts which were placed in said jar was the number of 9,771.

That we have carefully examined all the tickets which were handed in as per the advertised conditions of the said competition, and placed in the ballot box, also exhibited in said window, and that no tickets of any kind were handed in or considered by us after the opening and counting of the contents of said jar.

That the following are the names of the three persons making the nearest estimate of the number of peas, beans and nuts in said jar, the numbers estimated and the prizes awarded respectively, viz:

Mrs. Wm. McAllister, South Monaghan, number 9,770, gold Watch.

Miss May Huffman, Peterborough, number 9,773, silver watch.

Mr. S. H. Best, Peterborough, number 9,765, set of carvers.

Dated this first day of January 1892.

Mrs. Baeyertz's Mission.

The Converted Jewess Continues to Hold Most Successful Meetings.

On Thursday evening the lady evangelist conducted a meeting for men only in the Y.M.C.A. hall, which was quite filled After the usual devotional exercises, she took as her three fold subject, "Is there a Hell? Is there punishment after Death? Is that Punishment after Death Eternal?" The address was based upon the latter part of the sixteenth chapter of St. Luke's Gospel, having reference to the story of the rich man and Lazarus. A very interesting and most impressive address was given by Mrs. Baeyertz and appeared to result in great good to those present.

On New Year's Day the afternoon meeting was held in the George street Methodist church from 4 to 5 p.m., this meeting being especially for professed Christians, when a most helpful address was given on "Worry."

The Jewish Passover.

In the evening a public service was held in the George Street Methodist church, which, in spite of the numerous counter attractions in the town, was well filled. Mrs. Baeyertz had been announced to speak on the subject of "The Jewish Passover," with which she was well qualified to deal, having been educated to observe this feast regularly every year.

Her thorough command of the English language added to her perfect knowledge of the topic on which she was speaking, combined to render most attractive the address, which was most earnestly and attentively listened to by her large audience.

Mrs. Baeyertz is the possessor of a peculiarly pleading voice, and at periods during her address took a most pathetic tone, which with her striking personality had its due effect upon the people who heard her, some of them being very much moved.

She introduced her subject by giving an account of the institution of the great Jewish feast, and said that the Passover was always kept up among the Jews now. A description of the method of keeping the Passover was given, after which Mrs. Baeyertz spoke of the last Passover in which Christ had taken part with His disciples. The Apostle Paul said "Christ our Passover is slain for us," and an analogy was drawn between the lamb slain by the priests at the Jewish feast, and Christ the Lamb slain on Calvary.

An earnest appeal was made to all present, who had not accepted Christ as their Saviour, to come forward and accept the glorious salvation offered through the blood of Jesus Christ.

At the close of the service an enquiry meeting was held for those in anxiety about their soul's welfare and a number remained to take part.

Though the soil of Virginia grows the best tobacco leaf in the world, it does not all grow equal qualities. The production even of adjoining counties is often quite different the one producing leaf which at once deteriorates if grown in the other. The leaf of the "Myrtle Navy" is the product of the choice sections of the State, which, through some combination of local influences, produce a better quality than any others. This is shown by its always commanding a higher price than any other smoking leaf.

The Mayoralty CONTEST.

TO THE MUNICIPAL ELECTORS OF THE TOWN OF PETERBOROUGH:

LADIES AND GENTLEMEN,—At the request of a large number of the Ratepayers of the town I have accepted the nomination as a candidate for the office of Mayor of the town for the year 1892.

I fully appreciate the importance of the position, and the large responsibilities it involves, and am prepared, if honoured with your selection, to discharge the duties of the office with exclusive regard to the promotion of the material and moral interests of the town. I beg to submit that my experience of nine years in the Council as a representative of No. One Ward, and eight years at the head of the Finance Department, have given me an opportunity of learning the wants and needs of the town, and also the best means of meeting and providing for them. I unreservedly pledge myself if elected, to use my best endeavours to administer the affairs of the town with as full a regard to economy as is consistent with an efficient administration of civic affairs in all departments.

I shall use, as I have done in the past, every effort to promote the material interests of Peterborough. I shall consider it my duty to faithfully and fearlessly discharge every public duty which my position places upon me, and to deal in a progressive and public spirit with the several questions affecting the public interest which are likely to arise during the coming year, and in fine to deal in every way in my power with the great and growing interests of the town of Peterborough in a manner which their importance deserves.

I trust that my record for the past will be a guarantee for the efficient and diligent discharge of the duties of mayor if I am honoured with your confidence, which I again respectfully solicit

Your obedient servant,
R. S. DAVIDSON.

REFLEX.

The Mayoralty.

TO THE RATEPAYERS OF THE TOWN OF PETERBOROUGH:

LADIES AND GENTLEMEN,—Learning that Mr. Stevenson has decided to retire from the position of Mayor, I am, at the request of a large number of Ratepayers, a candidate for the Mayoralty for 1892. The assurances I have received from ratepayers in all parts of the town and of all sections, are such as to cause me to feel that it is the desire of a large number of the electors, that I should offer myself for the position of Chief Magistrate of the town, and I respectfully ask the vote and influence of every ratepayer. As the time at my disposal before the election is too short to permit of my making a personal canvass of the town, I trust that this announcement will be accepted instead, and that my eight years record in the Council will speak for me to all who exercise the franchise. In municipal matters it is impossible to lay down a strict policy, as it is impossible, especially in a growing town, to know what the council may be called upon to deal with during the year; but I can safely say that if elected I will use my strongest endeavors to promote the best interests of our town and at the same time to hold within due bounds the expenditure of public moneys, and I will devote all the time necessary for the efficient performance of the duties of the office to that purpose. I am,

Ladies and Gentlemen,
Your obedient servant
JAMES KENDRY.

Peterborough, Dec. 26th, 1891.

It will pay you to watch for REFLEX!

TO THE ELECTORS OF NO. ONE WARD

LADIES AND GENTLEMEN,—Having accepted nomination as Councillor for No. one Ward, I hereby ask your votes and influence. If elected I pledge myself to use every honest endeavour to promote the interest of this ward and of the town in general. Again asking your vote and influence, I am

Your obedient servant,
WM. RUDKINS.

TO THE ELECTORS OF WARD NO. ONE.

Having received the nomination as Councillor for No. 1. Ward, I take this means to inform the Electors that I am prepared to stand, and if elected I shall fulfill the duties incumbent on me as your representative at the council board, with honesty and fidelity, and will cheerfully do all in my power for the best interests of the town. Requesting your support and influence, I remain

Your obedient servant,
JAMES SUTHERLAND.
88 Albert Street.

TO THE ELECTORS OF WARD No. ONE.

Having been strongly urged to accept the nomination of Councillor for this Ward, I have consented to do so. The support which I have been promised by so many of the influential ratepayers of the Ward, encourages me, if elected, to devote my time to the best interests of this Ward in particular, and of the whole municipality in general.

As the time is short before the elections, I will not be able to make a personal canvass of the ward, and therefore take this opportunity of soliciting your votes and influence.

Yours respectfully,
HENRY BEST.

Peterborough Dec. 29th, 1891. 4d1w

TO THE ELECTORS OF WARD NO. ONE.

LADIES AND GENTLEMEN,—I have accepted nomination as councillor for this ward, and respectfully ask your support. If honoured with it I shall use my ability and time for the honest, economical and efficient management of town affairs. I remain

Your obedient servant,
WILLIAM WHITE.

REFLEX!

TO THE ELECTORS OF WARD No. TWO.

LADIES AND GENTLEMEN,—I have accepted the nomination for councillor for No. 2 Ward for the year 1892. I respectfully solicit your votes and influence.

I am,
Your Obedient Servant,
T. E. BRADBURN.

TO THE ELECTORS OF No. TWO WARD.

LADIES AND GENTLEMEN,—Having accepted the nomination for councillor for this Ward, I beg to solicit your vote and influence. If elected, I shall devote the time and attention necessary to the fulfilment of my duties, and shall endeavor to merit your approval.

I have the honor to remain,
Ladies and gentlemen,
Your obedient servant,
d153 3 A. V. R. YOUNG.

TO THE ELECTORS OF Ward No. Three.

LADIES AND GENTLEMEN,—At the urgent request of a large number of ratepayers, I have accepted the nomination as Councillor for No. 3 Ward, and I ask your votes and support. If elected I pledge myself to place the advancement of the town's interest before every other consideration and to pursue a course that will meet the approval of all who wish to see straight and square dealing in the management of our civic affairs. I am

Your obedient servant,
BRUCE FERGUSON.

TO THE RATEPAYERS OF WARD NO. FOUR.

GENTLEMEN,—I have been requested by a large number of ratepayers to offer myself as a candidate for election to the Municipal Council at the coming elections, and now beg to announce that I am in the field for the Fourth Ward. As I am unable to make a personal canvass I take this means of respectfully asking your vote and influence. If elected I will do my best to promote good and economical government and will keep the interests of our own ward especially in view.

I am, gentlemen,
Your Obedient Servant,
43152 H. A. MULHERN.

MARRIES TO GET MONEY.

Arrest of a Man Who Has a Queer Way of Replenishing His Purse.

ST. LOUIS, Mo., Dec. 30.—The report received by telegraph that John Anderson was arrested in Albany, N.Y., is of great interest to many people in St. Louis where the man cut a wide swath as a matrimonial adventurer.

He came to St. Louis something like three weeks ago, and put up at a small but aristocratic hotel on Washington avenue. He seemed to have plenty of money and lived high.

His mail was heavy and it soon developed that he had advertised for a wife. He said he was a wealthy ranch-owner of California and he wanted a middle-aged lady of means to join her fortune with his. He received many answers and came to an understanding with a Mrs. Purcell, who owned a small store and had something like $2,000 in cash.

While he was negotiating with her a widow from Girard, Kan., accompanied by a young man, put in an appearance. It has since developed that Anderson had been to Girard, had met the woman, persuaded her to sell her home and join him here. He had told her to bring a stout young man with her to act as superintendent of his ranch. He met the pair and took them to a cheap hotel. Then he wanted her to let him have the money she got for the land, but she refused.

He then got the young man to give him $60, all he had, and saying he would go get the marriage license and then buy railroad tickets for the party, he departed.

It now develops that he went straight to the depot, and with Mrs. Purcell, departed for Cleveland, Ohio.

The Kansas widow returned to her home very much disgusted. When he reached Cleveland, Anderson robbed Mrs. Purcell, whom he had married, and leaving her destitute, disappeared. It is for this crime that he was arrested at Albany.

It has since developed that he also fooled three other women. One of these, a young girl apparently 16 years old, is believed to be an accomplice; another about 18 years old, eloped to Chicago with him several months ago. These two are apparently anxious to keep their experience secret, and so far as is known they do not claim that he married them.

The third, however, is a middled-aged woman, whom the people call the mystery. She has told the chief of police her name and who she is, but otherwise her identity is a secret. She says Anderson married her a year ago, and she will put him in the penitentiary for bigamy if possible. She says he is an American, although he claims to be a Hollander. He is, she says, an educated man, and possessed of some property, but he frequently gets into a tight place financially, and then his game is to get into the good graces of some foolish woman and get her money.

She says she has been on his trial for six months and will follow him to the end of the earth to see him punished.

Since his flight from this city it has developed that he has for the last three years frequently been in the city stopping at one of three hotels, always quiet and retired but aristocratic, and at all of these places he is highly spoken of an exemplary man. He was evidently a deep schemer, and there will probably be a sensational development if he is brought back here.

THE SIMS ATROCITIES.

Some of the Crimes Bob and His Gang Committed Before He Died.

MOBILE, Ala., Dec. 30.—H. A. Hendrix of Choctaw county, Ala., arrived Tuesday afternoon from the scene of the Sims troubles in Choctaw. He states that the firing between the two factions was continued all during Christmas Day, with occasional intervals of silence.

The posse of 200 men were placed in different positions about the Sims homestead, some behind trees and others in the bushes and outhouses. Christmas afternoon Thomas Bonner, an old man some 70 years old, said he would go forward and fire Bob's house. He succeeded in reaching one of the buildings close to Bob's main house and fired it. He then retreated under a storm of lead from Bob and the inmates of the house.

The flames began to spread, when Bob seized a bucket of water, ran out of the building where he was concealed, while volley after volley was fired by the posse, and extinguished the fire. Then he retreated to the house. He was shot once in the left arm and a bullet went through his hat. Some time after this incident Bob and his companions surrendered.

Hendrix gives additional particulars concerning the burning and looting of John McMillan's house and the subsequent murders committed by the Sims gang. A little 14-year-old girl ran out of the burning building, carrying a 3-year-old infant in her arms. Her leg was broken by a bullet from one of the gang's gun and she fell to the ground, when she was struck by another bullet and killed. The rescuing party the next morning on riding up found the infant playing alongside the dead girl and caressing her and occasionally dipping her hands in her would-be preserver's life blood.

Another child, a boy about 7 years of age, was shot down as he was running from the building. He was injured badly, but attempted to crawl away. Bob Sims saw this and darted over and kicked him into the flames, where he was burned to a crisp.

Blood an Iron.

BERLIN, Dec. 28.—Prince Bismarck had a narrowescape from a railroad accident yesterday. He was crossing the track in his carriage, immediately in front of the Friedrichsruhe station. The keeper was absent. The gates were not lowered, and no warning of the approaching train was given. When half over the rails, the coachman heard a train coming. He whipped up his horse and cleared the track. The train dashed into a wagon which was following close to the carriage containing the Prince and smashed it to atoms, killing the driver and horses.

Big Failure in Montreal.

MONTREAL, Dec. 29.—Business circles were greatly surprised when it was announced that Mills & McDougall of this city, the well-known woolen firm, had called a meeting of creditors. The firm did a large business in Western Ontario, where their suspension will be learned with regret. They are said to have had several very large accounts in Toronto, some of which will no doubt, be affected to some extent by the failure. The liabilities will amount to about $125,000.

Children Cry to Fletcher's Castoria

CUPID DEFIES WHIPS.

Lovers are Wed Despite a Father's Cruelties.

HOPKINTON, Mass., Dec. 31.—Horsewhipping and imprisonment failed to cool the love of pretty Almy J. Wood, and she has married the man of her choice, despite a long series of persecutions. Almy is the 17-year-old daughter of G. P. Wood, a relative of ex-Governor Claflin. Her father inflicted the cruelties to break off the match, but he was foiled in every step by the faithful young lovers.

On Saturday morning, long before daylight, she escaped from her father's house and eloped with William H. McCormack, a shoemaker. In a few hours they were married at Millville by Justice of the Peace James O'Reilly. After the ceremony the young couple went to Blackstone, where they passed the night. McCormack is a Catholic and Mr. Woods is a staunch Protestant, and therein lay the fathers objection to his daughters lover.

He forbade a continuance of the intimacy and in order to separate the couple, Miss Wood was sent away to school, where she remained a year. She had been home only a short time when another attempt was made to break up the intimacy, and Miss Woods was locked in the attic of her father's house, where she was kept for four days.

She found a piece of twine in the attic, which she used as a mode of conveying notes to and from McCormick. Two months ago McCormick says her father called on him and took him back to the girl's house, seating him in the parlor. The father then stepped outside and presently returned with a horsewhip. He told McCormick he could have his choice of going to a Justice and getting married or taking a horsewhipping. McCormick would take neither.

The girl was again confined in her room for three days, but she escaped with a shawl thrown over her head and went to her lover, who secreted her among friends.

A truce was declared, but as soon as the father reached home he locked his daughter in the attic and kept her a prisoner for two weeks. Then she got permission to go to the barn for a basket, and went to her lover.

Her father heard of it and he arrived at the house at noon. He whipped her with a horsewhip until she was unconscious.

The culmination of a continued series of these persecutions was the present elopement.

THE MESSIAH CRAZE.

Breaks Out Afresh Among Western Indians—Waiting for the Saviour.

GUTHRIE, O.T., Dec. 31.—A courier coming from the Cheyenne and Arapahoe reservations last night states that the Messiah craze has broken out anew among the Indians there. Left Hand, head chief of Arapahoes, and Old Crow and Whirlwind, chiefs of the Cheyennes, have gathered about a thousand Indians around them among the interior hills and for many days and nights have kept up the dance continually, declaring that they will not stop until the Saviour arrives. Other members of the tribe are daily joining them and trouble is feared.

At this season of the year the effects of catarrh and cold in the head are most likely to be felt, and danger to life and health will result if not promptly treated. For this purpose there is no remedy equals Nasal Balm. It is prompt in giving relief and never fails to cure. Beware of imitations and substitutes. Sold by all dealers, 50 cents a bottle. dw

Excess of Uric acid in the blood is acceeded to be the cause of rheumatism. To remove this poison ask W. R. Greatrex, druggist, for a bottle of Royal Rheumatic Remedy. dw

Natural, prompt, effective, for sick headache, foul stomach, and all liver troubles. Use McGales Butternut Pills, they contain no mercury. Price 25 cents. dw

Good Advice.

DEAR SIRS—I have been troubled with headache for over forty years, and had it so bad about once a week that I was sometimes not expected to live. I was advised to use B.B.B., and have used 3 bottles. I now have an attack only once in four or five months, and feel that if I continue using it I will be entirely cured. Therefore I recommend it highly.

Mrs. E.A. STORRY, Shetland, Ont.

Colds are frequently the result of derangements of the stomach and of a low condition of the system generally. As a corrective and strengthener of the alimentary organs, Ayer's Pills are invaluable, their use being always attended with marked benefit. dw

It is a Very Sad Thing.

To see young and beautiful people die when they might just as well live and enjoy health and strength. Many who suffer with coughs, colds and lung troubles, leading to consumption, imagine there is no hope for them, when in reality there is every hope if Miller's Emulsion of Cod Liver Oil is taken regularly. Spread the news everywhere that this great emulsion will make flesh and blood, cure coughs, colds, bronchitis, sore throats and lung troubles tending to consumption. In big bottles, 50c. and $1. at Peterborough Drug Store. dw

Editorial Evidence.

GENTLEMEN,—Your Hagyard's Yellow Oil is worth its weight in gold for both internal and external use. During the late fa grippe epidemic we found it a most excellent preventive, and for sprained limbs, etc, there is nothing to equal it.

WM. PEMBERTON, Editor *Reporter*,
dw Delhi, Ont.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

It Seldom Fails.

DEAR SIRS,—I took two bottles of Haggard's Pectoral Balsam and it cured me of hoarseness and tightness of the chest after other things had failed. I have also tried B.B.B. it works splendidly for weakness and headache.

dw SAMUEL MADDOCK, Beamsville, Ont.

INTENSE SUFFERING!

Mr. William Buchanan, 24 years engineer in the Cunard Steamship Company's service, 8 St. John's Road, Kirkdale, Liverpool, Eng., writes: "I suffered two years of agony from an affection in the head which six physicians pronounced incurable.

They were divided in opinion as to whether it was acute neuralgia of the head or rheumatic affection of the brain, but all agreed that I could never recover. In my paroxysms of pain it needed two and sometimes three men to hold me down in bed. When at death's door,

ST. JACOBS OIL

was applied to my head. It acted like magic. It saved my life. I am well and hearty, and have had no return of the trouble."

"ALL RIGHT! ST. JACOBS OIL DID IT."

It will pay you to watch for REFLEX!

THE BEST FAMILY PILL IN USE
FOR SALE BY ALL DEALERS

Keep the Works in good order.

NORMAN, Ont., January 15, 1890.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first, only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.

Yours faithfully,
H. F. ATWELL.

The Travellers' Safe-Guard.

AMAGAUDUS POND, N.S., Jan. 27, '90.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills.

Yours, &c.,

"German Syrup"

The majority of well-read physicians now believe that Consumption is a germ disease. In other words, instead of being in the constitution itself it is caused by innumerable small creatures living in the lungs having no business there and eating them away as caterpillars do the leaves of trees. The phlegm that is coughed up is those parts of the lungs which have been gnawed off and destroyed. These little bacilli, as the germs are called, are too small to be seen with the naked eye, but they are very much alive just the same, and enter the body in our food, in the air we breathe, and through the pores of the skin. Thence they get into the blood and finally arrive at the lungs where they fasten and increase with frightful rapidity. Then German Syrup comes in, loosens them, kills them, expells them, heals the places they leave, and so nourish and soothe that, in a short time consumptives become germ-proof and well.

A Germ Disease.

KILLED WITH A CRUTCH.

Ferocious Assault of a Young Maniac on His Father.

AMHERST, N. S., Dec. 31.—Silas Corbett and his 20-year-old son were in the barn, when Mr. Corbett, who has only one leg, dropped one of his crutches into the manger. He asked his son to bring the crutch to him. This the son proceeded to do. He approached his father with the crutch in both hands and struck him a ferocious blow upon the head, cutting a ghastly wound and laying the skull bare. The infuriated boy then showered blows upon the prostrate victim, cutting and bruising him terribly. Mr. Corbett's two daughters rushed to the rescue and disarmed the boy, who immediately seized the pitchfork and again assaulted his father. Mr. Corbett is in a very dangerous condition. His son is insane.

Failures in Canada.

NEW YORK, Dec. 31.—The total number of failures in the Dominion of Canada as reported to Dun, Wiman & Co.'s mercantile agency for the year 1891 was 1880, as against 1847 in the year 1890. The liabilities, however, show a decline.

Escaped From the Constable.

ORILLIA, Ont., Dec. 31.—Mel McNabb, wanted on 18 charges of burglary and theft, was arrested here to-day by Detective Douglass of Montreal, but shortly afterwards the prisoner bolted up a bylane and has not yet been located.

His Foot Blown Off.

PORT ARTHUR, Dec. 31.—Harry Rowe and James William were out hunting near Badger Mine, when the gun carried by Rowe accidentally discharged, the contents lodging in William's ankle. The foot will have to be amputated.

Under the Wheels.

PORT ARTHUR, Dec. 30.—Harry White was climbing between a train of cars when the train started, throwing him under the wheels. He was so mangled that death intervened in a few hours.

Shot for a Partridge.

LEAMINGTON, Ont., Dec. 31.—J. Harrison, M. Williams and G. E. Robinson went out to shoot partridges yesterday. A bird raised between Harrison and Robinson was shot by Harrison, and some of the shot struck Robinson in the face, two grains penetrating the ball of the eye and destroying the sight.

An Ottawa Mystery.

OTTAWA, Ont., Dec. 30.—The investigation into the mysterious death of Mrs. Leon Labelle was continued to-night. The medical testimony went to show that the woman died from a dose of carbolic acid. The jury are divided in opinion as to whether the poison was given to her or if she took it herself.

Prince Alfred Monte Nuovo, grandson of the Archduchess Marie Louise, once the wife of Napoleon I., died at Vienna yesterday from influenza.

Fifty Nihilists suspected of being connected with a conspiracy formed in Moscow, are on trial in the Warsaw citadel. Among the prisoners are four women.

At the meeting of the American Historical Association at Washington yesterday J. G. Bourinot of Ottawa read a paper on "Memorials of the French Regime in Cape Breton."

In the city of Canterbury, England, so many people are ill with influenza that many business establishments have been compelled to close on account of lack of hands.

An epidemic resembling influenza is causing ravages among horses at Normanton, England. In three pits there, 20 horses have died. Work has been stopped in the pits and thousands of men are idle.

Pale and sallow cheeks mean disease and a premature death. Rosy cheeks are emblematical of long life. The use of Dr. Williams' Pink Pills builds up the blood and nervous system, and never fails to leave rosy cheeks. Try them.

Prompt relief in sick headache, dizziness, nausea, constipation, pain in the side, guaranteed to those using Carter's Little Liver Pills. One a dose. Small price. Small dose. Small pill. dw

To Invigorate both the body and the brain, use the reliable tonic, Milburn's Aromatic Quinine Wine. dw

My wife and I had dandruff and lots of it, accompanied by almost continual itching of the scalp. Anti-Dandruff entirely relieved us both from annoyances and we think it the best preparation known to clean out Dandruff, tone the hair and act as a dressing without giving an unnatural appearance.

Baron Hahn, a well-known landowner at St. Petersburg, has been arrested for tearing down the imperial coat of arms which stood over the door of the court house at Milan.

The Czar has decided to depose and exile his brother the Grand Duke Sergius, owing to the latter's unpopularity on account of vigorous efforts taken to suppress Russian official thefts.

Rudyard Kipling will be married shortly to the sister of Wolcott Balestier, who collaborated with Kipling in producing the novel now running in The Century Magazine, and whose sad death from typhoid fever occurred three weeks ago.

The scandal arising from the discovery of adulterated flour in St. Petersburg is apt to make trouble for a number of people. The consignment comprised 300,000 poods (7,800,000 English pounds) of barley flour which had been purchased from dealers in Liban with the view to regulating the price of wheat in the St. Petersburg market as well as to afford relief to famine sufferers. An investigation proved that the entire consignment had been adulterated with chalk dust and other substances.

The originals of the certificates of cures effected by the use of Ayer's Sarsaparilla are kept on file at the office of the J. C. Ayer Company, Lowell, Mass. Probably no similar establishment in the world can exhibit such a mass of valuable and convincing testimony. dw

Self Application of Electricity

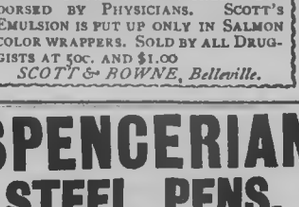
FOR MEDICAL PURPOSES BY THE

DORENWEND ELECTRIC BELT

And Attachments.

HEAD OFFICE—163 Yonge St., Toronto

THE WORLD'S BEST.



ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT of QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DECLINE and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not class this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy THEM out, if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D. TULLY, Agent, Peterborough. 6m

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it, while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

CARTER MEDICINE CO., New York

FLAXSEED EMULSION COMPOUND

BRONCHITIS

196 Lexington Ave., New York City, Sept. 19, 1888.

I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results.
JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N. Y., Feb. 14th, 1888.

I have used your Emulsion in a case of Phthisis (consumption) with beneficial results, where Iodide could not use Cod Liver Oil in any form.
J. H. DROGE, M. D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 20th, 1888.

I can strongly recommend Flax Seed Emulsion as helpful to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility.
JOHN F. TALMAGE, M. D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1888.

I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use.
D. A. GORTON, M. D.

WASTING DISEASES

137 West 34th St., New York, Aug. 6, 1888.

I have used your Flax-Seed Emulsion Compound in a severe case of Mal-nutrition and the result was more than hoped for—it was marvelous, and continuous. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

RHEUMATISM

DYNAMITE IN DUBLIN.

ATTEMPT TO BLOW UP THE IRISH PRIVY COUNCIL

Comments of the Dublin Newspapers—Signs of Gun Cotton Having Been Used Said to Have Been Discovered—The Privy Council Discuss the Outrage and a Large Reward Will Be Offered.

DUBLIN, Jan. 2.—There is now little doubt that the explosion which wrecked the Finance Office in Dublin Castle yesterday was the deliberate work of some person or persons who desired to do as much damage as possible to the Chief Secretary's office, without much regard as to who was hurt.

All the public buildings are guarded by extra watchmen and by extra police. A feeling of uneasiness and alarm prevails in all quarters. Nobody seems to be satisfied that the explosion of yesterday is merely the work of a crank or of some isolated member of the Fenian Brotherhood. The entire detective force of this city is ferreting about Dublin and its suburbs, and according to report the force of Scotland Yard detectives who did duty in this country at the time of the London dynamite scare has been sent for. Secret instructions have been telegraphed all over the country, especially to the seaports. All the railroad stations are carefully watched and the troops are held in readiness to turn out at the first signal of further trouble.

Mr. Frederick J. Cullinan, whose personal danger was the greatest, is popular and not known to have incurred the political or personal hostility of any one. Therefore it is not supposed that the "gunpowder plot," as the police call it, was directed against him.

His office is a small one, 5 by 20, is on the ground line, in the centre of the range, and the stout walls, five feet thick, protect the interior wall against any danger from without. Beneath the office is a vault filled with rubbish. Access to the vault could be had through a square ventilator.

It is believed that persons who laid the train understood the locality well, and there are signs of the use of guncotton in causing the explosion. That the explosive was not dynamite is assumed from the fact that it wrought destruction upward, instead of downward, which is the rule with dynamite.

The fact that the constables' office is near the aperture to the vault where the explosion occurred may, it is thought, suggest a motive for the outrage. The scene of the explosion has been visited by all the high Government officials, and by crowds from all parts of the city. The police, however, stand guard over the vaults and refuse access to the general public.

The Privy Council for Ireland held a meeting to-night. There was an earnest discussion as to the explosion and the necessity of bringing the guilty to justice, but no decision was come to pending the examination by an expert as to the cause. A large reward will probably be offered for the perpetrators.

Forty workmen had left the offices of the Finance Department just 35 minutes before the explosion occurred.

DRESSES ON THE SHOW BILL.

W.C.T.U. Ladies Objected to the Tights—Town Jokers Did the Rest.

EFFINGHAM, Ill., Jan. 1.—A female burlesque company was billed for a performance here New Year's night. The "paper" which the advance man put on the dead walls of the town aroused the ire of the W.C.T.U., and a big delegation of women called on Mayor Walker and asked to have the obnoxious paper covered or taken off. This morning the mayor put two men at work, with instructions to "remove," "cover up" or "drape" the alleged indecent portions of the figures. The jokers of the town volunteered to assist and the result has caused the greatest sensation Effingham has known for years.

On the City Hall billboards the lower limbs of an angelic creature in tights have been covered with strips of muslin trimmed with lace. Others have been provided with calico skirts of various hues, which are tacked on about the waist. Still others have been barbarously bisected, cut off from the waist and the limbs removed. Shawls and wraps have been provided for the shoulders and busts that still remain on the boards.

It is understood that the action of the Mayor does not meet with the full approval of the women who made the war. Mayor Walker says the showman paid a license and is entitled to some advertising. All indecent things have been covered up with laces, stockings, muslin and skirts and he asks what more can he do. Nearly one thousand persons stood laughing at the bill-boards and it is needless to say the show got a full house.

A CRAZY OXOMAN.

He Shows His Contempt For the Commons by Firing at Them.

LONDON, Jan. 2.—John Borlas, an Oxford B.A., was arrested on Westminster Bridge, where he was amusing himself by firing a pistol at the House of Commons. He had fired four shots when a policeman arrived and took him into custody.

In court Borlas declared he was an anarchist, and that he wanted to show his contempt for the House of Commons. He decided that shooting at the House of Commons would be the proper course to show the contempt he entertained for the members of that body and the building in which they sat.

SMUGGLED, THEN ROBBED.

How Masked Men Stripped the Soldier-Smuggled Chinamen.

LOCKPORT, N.Y., Jan. 2.—The smuggling of Chinamen over the Niagara River from Canada to this country by United States soldiers stationed at Fort Niagara, at the mouth of the river near Youngstown, as exposed on Tuesday has set the entire fort agog. Since then new and even more startling developments have come to light, which show that not only were the bluecoats violating Uncle Sam's laws, but also the law of the state in waylaying and robbing the poor victims after they had got them on this side.

As the matter now stands it is one of the most unsavory character.

A Chinese interpreter from Buffalo tells a very sensational story as coming from the four who were robbed on the Lewiston-road last week. When found the Chinaman had no money, papers or tickets. This is the general exception, as most all the Chinamen have tickets for New York either purchased at Toronto or St. Catharines, Ont. The Celestials when brought up to the Custom House at Suspension Bridge were searched. They made signs that everything had been taken from them, but it was not believed and they were entirely stripped. But nothing was found and they were turned over to the Deputy Marshal, who took them to jail.

Robbed By Masked Men.

Oh Bah, the leader of the quartet, told the story of their treatment. It seems that they had been ferried across the river and safely landed about half a mile above Youngstown by a soldier. He brought them up to the road and directed them to proceed a little further, where they would find a wagon which would take them to Lockport. The Chinamen started up the road in the darkness, when suddenly two men flashed dark lanterns on the group and commanded them to stop. Those wore masks and held guns to the Chinamen's faces, telling them to give up their money. The Chinamen were so frightened that they stood quietly in the road while the two men, probably soldiers, went through them.

The four had only about $45 among them, with through tickets to New York and their passports into Canada and out again. Everything of value was taken. The robbers made them stand alongside the fence with their hands up. One poor Chinaman had five shirts, three vests and two coats. Each of them was made to strip, although the night was very cold. Afterward they were marched into a vacant shed and told to kneel and remain there.

They were then taken in charge by the custom officer at Youngstown, who was notified that there was a party of Chinamen camped out in a shed up the river bank.

Warned Their Countrymen.

The Chinamen claim to have been robbed of their admission papers into Canada, for which they paid $50 apiece and also permit papers to cross the border, for which they paid $1 apiece. A number of Chinamen have been treated the same way. Immigrant Commissioner Frank B. Seely, who was sent to Toronto by Collector of Customs Major Low this week, learned from a prominent Chinaman there that the Celestials had stopped crossing at Youngstown, as they were almost sure to be caught and everything taken from them. The news of the treatment the Celestials received had gone back to Toronto, the headquarters of the Chinamen, before it was made public here.

The case of John Brann, the soldier of Company E, Eleventh Infantry, at Fort Niagara, came up to-day before United States Commissioner John E. Pound and he was committed for trial.

Brann thought he had hard luck, as this was the second load he had ever brought over. He knew that the business had been carried on for a long time past with great success, and the boys at the fort were just rolling in money. He asked Seeley what was the extreme penalty for the offence, and when told that it was a year's imprisonment and a fine of $1000 Brann said if the truth were known half the post would be in prison and in bankruptcy.

It is said that Brann's arrest and the robbing of the Chinamen has broken up the smuggling business at Youngstown for the present.

A Soldier, a Sailor and a Scientist Honored With a Peerage.

LONDON, Jan. 2.—Gen. Sir Frederick Sleigh Roberts, Admiral Sir Arthur W. A. Hood, retired, and Sir William Thomson have been raised to the peerage.

Gen. Roberts, V.C., was born Sept. 30, 1832. In 1885 he was appointed commander-in-chief of the forces in India, which position he still holds.

Admiral Hood entered the navy in 1843 and was retired in 1886.

Sir William Thomson, LL.D., D.C.L., was born in 1824 and was knighted in 1866 for his services in connection with the Atlantic cable. He is Professor of Natural Philosophy in the University of Glasgow.

85,000 Miners Idle.

LONDON, Jan. 1.—The contracts between the mine owners and miners in South Wales, having expired, 85,000 miners are to-day idle. The lapse of the contract acts a lockout and the men have appointed delegates to wait upon the coal mine owners.

After Forty Years' Service.

LONDON, Jan. 2.—Mr. Isway, senior partner in the White Star line, is about to retire from his present position, after 40 years of active business life. He will still, however, remain chairman of the Board of Directors.

THE NEW LORDS.

A German Tinker Gives His Dead Body to His Children for That Purpose.

BERLIN, Jan. 2.—A tinker of Charlottenburg named Mister, having prepared a Christmas tree, told his children to light the candles thereon and then to go to his workshop, where they would find something to hang upon the tree.

Upon the children following his instructions they found their father hanging dead from a beam in his workshop.

Pelican Club in Difficulties.

LONDON, Jan. 2.—It is announced that the famous sporting club known as the Pelican, in which a number of international prize fights have akon place, will be closed to-night. Mr. Wells, the proprietor, is understood to be in financial difficulties. The club is heavily mortgaged.

From Slavery to the Pulpit.

LONDON, Jan. 2.—Right Rev. Samuel Adjai Crowther, D.D., Bishop of the Niger Territory, a native of Africa, is dead. His history is a very romantic one, and extends over a period of 60 years. He rose from a state of servitude to the episcopate. In 1821 he was sold as a slave for some tobacco.

Another King Frustrated.

LONDON, Jan. 2.—King Leopold of Belgium is suffering from influenza. Many deaths from influenza have occurred in Vienna during the week and business is suffering in consequence.

Housewives Boycott a Butchers' Ring.

VIENNA, Jan. 2.—A Hausfrauen Verein (housewives' union) has been formed here, with the object of boycotting the butchers' ring, which has raised the prices of meat 15 per cent.

Eczema on a Lady.

Stubborn Case of Skin Disease Covered Her Face and Body—Many Doctors Baffled.

Marvellous and Complete Cure by Cuticura—Six Years have Elapsed and No Return.

A lady customer of ours (Miss Fanny Atwood of Caroline Depot, N. Y.) has been cured of a stubborn case of skin disease by the use of CUTICURA REMEDIES. She remarked that her case had baffled the skill of many well-known physicians. They unanimously pronounced it Eczema, with Rheumatism lurking in the blood. Some predicted that any treatment strong enough to cure the Eczema would surely increase the Rheumatism. She used two sets of the CUTICURA REMEDIES. The effect was marvellous. Her case of Eczema was not only completely cured, but her Rheumatism was greatly relieved during the treatment. Six years have elapsed since the cure was performed, her Rheumatism has since never increased by the treatment, but rather diminished, and she sees no symptoms of the return of the Eczema which once so completely took possession of her face and body. Miss Atwood delights in telling of the good effect that the CUTICURA threatment had upon her, and recommends unsolicited the CUTICURA REMEDIES for Eczema and all kindred ailments. Your preparations find ready sale; indeed, CUTICURA SOAP is on the lips to buy almost continuously.

HASKIN & TODD, Druggists, Ithaca, N.Y.

BRITISH AND FOREIGN.

CONCERNING THE EXPLOSION IN DUBLIN CASTLE.

Positive Evidence That the Affair Was the Result of Design—The Election of a Successor to Lord Hartington—General Foreign News.

LONDON, Jan. 4.—No bye-election during the existence of the present Government has approached in interest the coming contest for the Rossendale seat, vacated by Lord Hartington. Both parties, fully alive to the fact that the loss of this seat will be accepted throughout the country as an almost decisive test of the fate of the Ministry in the coming elections, will strain their resources in money and local influence and be alert in the use of every known electioneering art in order to compass a triumph.

Sir Thomas Brooke, the dissident candidate, is Lord Hartington's own choice. Joseph Chamberlain, Sir Henry James, T. W. Russell, Mr. Bright and a number of other Unionist members of the House of Commons will speak in the canvass of electors. The Gladstonians already muster 25 members of the House of Commons working for their candidate, Mr. Maden, who is a young and fluent speaker, almost an orator, with strong family connections in the district.

Victor Cavendish, who will succeed to the Dukedom of Devonshire if Lord Hartington does not marry and who was recently elected without opposition to the West Derby seat, vacated by the death of his father, Lord Edward Cavendish, was the first nominee for the Rossendale seat, but his youth and the danger of risking his present seat led to the withdrawal of his name. The report that the new duke will now marry the Dowager Duchess of Manchester is discredited in his own circle. Intimate friends hold that the duke will never marry.

DUBLIN, Jan. 4.—The theory of an explosion of gas at Dublin Castle Thursday was effectually disposed of to-day. It was learned beyond doubt that the affair was not due to natural causes and that it was caused by the discharge of some kind of explosive which had been placed in the cellar with malicious intent. The gentlemen who are conducting the investigation, in examining the beams supporting the floor directly over the cellar where the explosion occurred, found that a number of small pieces of metal had been deeply imbedded in the timbers. This is evidence that the explosion was enclosed in a metallic case, for there was no possible way of the metal getting into the wood save by means of an explosion.

1892 A Year of Peace.

PARIS, Jan. 4.—Monsignor Ferrara, the papal nuncio here, on behalf of the diplomats, made a felicitous speech at President Carnot's New Year's reception. The President responded to the New Year's greetings of the Pope's representative and thanked all the distinguished callers for the compliment of their visit. He hoped the year of 1892 would be a year of peace. He requested the diplomats to reassure their Governments that the policy of France was that of peace and international concord.

Cut In Two by an Ocean Liner.

LONDON, Jan. 4.—A steamer believed to be the Red Star liner Noordland, which sailed from Antwerp yesterday, for New York, ran down British bark Childwell off the Wielingen lightship and cut her to pieces. The bark sank and 15 of her crew were drowned.

The steamer continued on her voyage without offering assistance.

The Great Eastern Company's steamer Ipswich rescued the captain and the remainder of the crew who were found clinging to the only remaining mast.

Another Newspaper Palace.

CHICAGO, Jan. 2.—One of the finest newspaper buildings in America, it was formally announced yesterday, is to be erected as a home for The Chicago Times. The site is to be the ground at present and for many years back occupied by the paper and famous in newspaper and war annals as the place where General Burnside attempted to suppress The Times when the fiery Wilbur F. Storey was in editorial charge. The structure will be 12 stories and the cost will approximate $1,000,000. The building permit has already been issued by the city.

Divorced From Five, Takes Her Sixth.

GOSHEN, Ind., Jan. 2.—Mrs. Minnie Hansen, who was yesterday granted a divorce from her husband, was married in the evening to F. L. Morehouse of Elkhart, who makes her sixth husband, she having been divorced from all five before.

Grip Killed the Giant.

CINCINNATI, Jan. 1.—John Distel, who has been on exhibition here at a museum as a fat giant, died this morning from an attack of the grip. His waist measurement was given as 8½ feet and his weight 703.

A WATERLOO SENSATION

"KILLED HIS WIFE AND BURIED HER IN THE GARDEN"

A Miserly Farmer and His Son Locked Up at Berlin on a Charge of Murder, But the Supposed Murdered Woman Subsequently Turns Up.

BERLIN, Ont., Jan. 4.—Saturday a report was current around town that a man had murdered his wife at Waterloo some time last week and buried her body in the garden. An old couple named Schwartz, together with their son and daughter live on a cottage near the Elmira branch of the G.T.R. The couple are both over 60. They are also very miserly. They have plenty of money in the house, nevertheless the old woman frequently goes out into the country begging. The couple follow the occupation of repairing shoes. There are frequent quarrels in the house, in which the old man and his son will eventually beat the wife and mother. On Wednesday last, 23rd Dec., Mrs. Schwartz disappeared and has not been seen since.

That day, it is said, her husband beat her most cruelly. The neighbors not seeing her around for nearly a week, began to grow suspicious, and they went into the Schwartz garden and found in one place that some one had been digging a hole and had again covered it up. It looked extremely suspicious to them, they of course thinking Schwartz had killed his wife and buried her in the garden.

A warrant was issued by Benjamin Divitt, J.P., for the father and son, who were arrested by the Waterloo policeman and lodged in the lockup. Yesterday a farmer came into town and said that he had seen Mrs. Schwartz board a train at Berlin with a ticket for Baltimore, where she had a daughter living. Jaffray & Co. of this town then telephoned up that they had sold Mrs. Schwartz a ticket for that city.

This, of course, was a satisfactory explanation of the affair and the prisoners were released. The address of Mrs. Schwartz's daughter in Baltimore is not known, and as yet no word has been received from the missing woman.

The two murder suspects were not released until yesterday afternoon. They had not said anything about the woman's disappearance, as they fully well knew the cause, and did not want it to come out.

PITCHING INTO THE PRINCE.

London Agitated by a Scandal in Which the Heir-Apparent is Interested.

NEW YORK, Jan. 4.—A London special to The Herald says: There have been several serious interviews recently between Lord Salisbury, the Prince of Wales and Lord Charles Beresford with relation to a mysterious pamphlet which has been in circulation in high social circles for some time. It is a most virulent attack on the Prince of Wales, Lady Brooke and others.

Only 57 copies of this pamphlet were issued, and they were written because the author could not get a printer in London to do the work. The pamphlet has been freely canvassed and discussed, so openly, indeed, that among others the Duchess of Manchester, after a luncheon party read it aloud to her guests.

The result of the conference between the Prince of Wales, Lord Salisbury and Lord Charles Beresford has been that a most diligent search has been made for copies, which, after being bought, were instantly destroyed. All save three of the documents have been secured. One of these is missing and is said to be in America. It may interest people to know that the names of Lord and Lady Beresford continue to be included in the invitations that are sent out from Marlborough House.

OVER THE CONVENT WALL.

The Protege of a Well-Known Millionaire Tries to Escape But Fails.

ST. LOUIS, Mo., Jan. 4. — Pedestrians passing the convent of the Good Shepherd in Pine, Chestnut, Seventeenth and Eighteenth-streets Saturday, were attracted by the sight of a young girl running along the stone wallwhich surrounds that institution.

Excited voices of the nuns were heard within commanding the girl to return. The people in the street urged her to jump, but she hesitated as the distance was nearly 20 feet to the ground. Suddenly a hand was reached out to clutch the fugitive's dress, and the face of the Mother Superior, who was standing on a step ladder, peered over the wall.

The girl lowered herself on the outside, but the nun held on to her clothing, and after a protracted struggle she was dragged back into the convent yard. It was learned subsequently that the girl who sought to escape was a protege of Mrs. C. R. C. Kerens, wife of the millionaire, R. C. Kerens, a close friend of President Harrison and Secretary Elkins.

The White Star's Founder.

NEW YORK, Jan. 4.—Speaking of the retirement of the senior partner of Messrs. Ismay, Imrie & Co., who was the founder not only of the firm, but of the White Star Line, G. W. Smalley says he it was who first perceived that the passenger was a human being and not a parcel. He studied his welfare and studied it in minute details. He made the White Star ships a home and treated his customers as guests, with a wise liberality which commercial success has abundantly justified. He retains his place happily as chairman of the White Star Company, though its management passes or part of it passes into the hands of his son, Mr. Bruce Ismay. The founder of the line has lived to see two of his ships hold the double record for the fastest passages, the Teutonic and the Majestic having neither any rival but her consort.

INTERESTING ITEMS BY WIRE.

Influenza is raging all over Belgium.

Paris cabmen may strike to-day.

Discount was not in demand in London the past week. The money market is unsettled. The Stock Exchange opened strong, and a hopeful feeling prevailed in most of the departments throughout the week.

Seven New York thugs entered the house of William Parell at 2 o'clock Sunday morning, and pulling Parell out of bed threatened him with death if he made an outcry. All of the roughs than assaulted his newly wedded wife and escape. One was subsequently caught.

Historic Mayor Dead.

CHICAGO, Jan. 4.—Roswell B. Mason, who was mayor of Chicago at the time of the great fire, died at midnight at his residence. He was taken ill four weeks ago.

Children Cry for Pitcher's Castoria.

DR. GRAVES CONVICTED

THE FAMOUS BARNABY POISONING ENDS IN A CONVICTION.

End of the Most Sensational Trial of the Year—How a Physician Sent a Bottle of Poison to His Benefactress All the Way from Rhode Island to Denver, Colorado.

DENVER, Col., Jan. 4.—The jury in the case of Dr. Thatcher Graves for the murder of Mrs. Barnaby were sent out about 6 o'clock Saturday night. At 9.40 p.m. after three ballots they brought in a verdict of murder in the first degree.

The case has proven one of the most sensational on record. Mrs. Barnaby was the widow of a Providence, R.I., millionaire and Dr. Graves was made her heir to the extent of $25,000. She had threatened to change her will on April 6 last. She arrived in Denver and two days later received by express a bottle supposed to contain whisky. As a matter of fact it was the strongest solution of arsenic possible to compound. Mrs. Barnaby drank the contents and died from its effects. Six days later a private autopsy was held, and portions of the body were retained for analytical examination. The remaining contents of the bottle had been already submitted to one of Colorado's well-known chemists, Dr. Joseph A. Sewell of the Denver University. He was not long in coming to a decision. "The solution contains arsenic in very large quantities, certainly sufficient to kill," was his brief summary.

Suspicion Takes Shape.

It was not long before popular suspicion took shape. Private suspicion had already taken its course, even before the victim was dead. Could Dr. Graves have done this?" she said in her dying moments, "If he did he must be a terrible villain." The dying woman repeated this several times.

When the facts became generally known there was a fever of excitement raised through the country.

Was not the writing on the bottle like the inscription of T. Thatcher Graves' name on the register of the Gilsey House? Was not the solution a fine piece of chemical combination and evidently the work of a doctor? Was not the bottle itself identical in all appearances with some used in Dr. Graves' laboratory? The stamps used were bought in Providence, and they were bought by Dr. Graves, who had gone to Boston and mailed the deadly concoction.

ABOLISHED FREE RIDES.

This May Be the Cause of a Strike on the Indianapolis Street Railways.

INDIANAPOLIS, Ind., Jan. 4.—There is a prospect of a general strike on the Citizens' Street Railroad system here on account of a notice relating to free transportation posted at the stables this morning.

Heretofore policemen, firemen and employes of the company on showing their badges to conductors have enjoyed free rides. The new rule, though, that is to go into effect to-morrow, will require policemen and firemen to be in full uniform if they wish to ride without paying. The employes living six blocks or more from the stables will alone be carried free, and that only when they are going to and from work.

The Brotherhood of Street Railway Employes have taken the matter up and unless the rule is changed regarding them will give the company a great deal of trouble.

The Heslop Murder.

BRANTFORD, Ont., Jan. 4.—It is said Bartram has expressed a desire to make a statement in connection with the Heslop murder. It is understood that he admits all the circumstances of the murder, but claims that Douglas fired the fatal shot.

Lawyer Heyd, who has been retained by Bartram, denies the current report and states that the prisoner totally and absolutely denies any complicity in or knowledge of the crime.

Burned to Death.

MAXWELL, Ont., Jan. 4.—Last night during the absence of Hugh Thompson, about four miles from this place, his house took fire and his father, an aged and blind man, was burned to death. The house and everything in it was destroyed. Origin of fire not known.

MR. HERCHMEN DEAD

The Assistant Commissioner of the N.W.M.P. Suddenly Taken Off.

WINNIPEG, Jan. 4.—W. N. Herchmer, assistant commissioner of the Northwest Mounted Police, died suddenly at Calgary.

Drowned in the Thames.

LONDON, Ont., Jan. 4.—The body of George G. Challoner, who so mysteriously disappeared from his residence, South London, on New Year's eve, was found in the river near the sulpher spring, at the foot of Dundas-street, about 4 o'clock yesterday afternoon.

Destructive Fire at Seaforth.

SEAFORTH, Ont., Jan. 4.—A very disastrous fire occurred here about 3 o'clock this morning, by which the contents of the stores occupied by John Beattie, drygoods and millinery, and that of Jackson Bros., merchant tailors and gents' furnishings, were destroyed. Amount of loss not known, but building fully covered by insurance.

His Books Are Correct.

BELLEVILLE, Jan. 4.—W. A. Beamish, the customs officer who was missing, has written from Chicago stating that he will not return. His books are all correct, and no reason can be assigned for his action. He was 35 years in the service.

Murder Near Winnipeg.

WINNIPEG, Jan. 4.—A settler, whose name cannot as yet be ascertained, was foully murdered on Saturday. A tough named Nosey Ford has been arrested for the crime.

Death Roll of a Day.

Dr. J. B. Mills of Springfield, Ont., from rheumatism of the heart.

T. W. Daniel, head of the well-known wholesale house of Daniel & Boyd, St. John, N.B., Saturday afternoon remarked to a clerk in the office that he was not feeling well and proceeded home. Later on he was found in his bath room dead. Mr. Daniel was an Englishman by birth, 73 years of age and had been in business since 1847.

At Philadelphia, James E. Cooper, the well-known circus man, who was at different times the partner of Barnum, Bailey, Cole, Hutchinson, O'Brien, and Hemmings. He was ostensibly the only owner of the Forepaugh circus, but James A. Bailey was a silent partner.

THE JEWESS EVANGELIST

Preaches in the George Street Methodist Church.

Large Congregations Gather to Hear Mrs. Baeyertz—The Afternoon Service Well Attended—The Church Crowded in the Evening—The Fig Leaves and Coats of Skins—And the Offerings of Cain and Abel—Are the Subjects Dealt With by the Converted Jewess.

Mrs. Baeyertz continued her mission in the town yesterday by giving in the afternoon an address in the George street Methodist church. There was a large attendance and a very impressive discourse was rendered on the subject of "The contrast between the fig leaves and the coat of skins." It was based upon the first part of the third chapter of Genesis and was listened to with rapt attention by the congregation. At the close an enquiry meeting was held for anxious people, to which quite a number remained.

THE EVENING SERVICE.

As had been previously announced, Mrs. Baeyertz conducted the evening service in this church. It speaks well for the success of this series of meetings that this announcement was followed by an extra large congregation. Half an hour before the commencement of the service people began to arrive and by seven o'clock the church was crowded. Mrs. Baeyertz is herself a very attractive speaker and possesses great powers of pathos, keeping her audience wrought up to a high pitch of intense interest, and at times assuming such a pleading tone of voice that even the most careless are affected to a marked degree. A noticeable feature in the addresses given by this talented lady is her earnestness, shown in her manner and evidently entire belief in what she preaches, also her apparently thorough command of her subject. Speaking as she does without notes, one cannot fail to be impressed with her striking individuality. The address last evening was interspersed with instances of answer to prayer, some of them having taken place within her own knowledge. These formed, not the least interesting, nor impressive, features of her address; indeed some of them were very touching, and were listened to with bated breath by the large congregation.

After the usual devotional exercises had been conducted, an anthem was rendered by the choir, in excellent style, and was followed by the lesson of the evening, which was read by Mrs. Baeyertz, and taken from the fourth chapter of Genesis, dealing with

THE OFFERINGS OF CAIN AND ABEL.

In introducing her subject, Mrs. Baeyertz spoke of the general misunderstanding that existed in the world with regard to the characters of Cain and Abel. The former was generally represented as a wicked man who went to hell, while Abel was a good man and went to heaven. This was shown to be altogether wrong. Both men were sinners; the great difference was in their offerings. Another mistake usually made was that conveyed by ordinary Bible pictures, which showed them both as mere youths, when they were what would be called now-a-days old men—older than any man in the church. Cain was not, as is generally supposed, an athiest or infidel, or he would not have been seen bringing an offering to God. He had, however, a religion of his own, called in Jude "The way of Cain," and this religion had hundreds of thousands of followers even now in the world, who believed as Cain did, not in the atonement of Christ, but that there was something good in man, which only needed developing to fit him for Heaven. The speaker then made reference to the day on which Cain offered his sacrifice, showing it to have been on the Jewish Sabbath, the last day of the week, Saturday, and described the nature of the offering he brought. When all was prepared and the first fruits laid on the altar, Cain waited for the evidence of God's acceptance, which would have been shown by fire sent from heaven to consume the offering,

BUT IT WAS REJECTED.

Cain did not approach God as a sinner, but in the pride of his heart presented an offering that had been raised through his own labour. Turning next to Abel, Mrs. Baeyertz spoke of his offering, a lamb, the type of Christ, and described the manner of sacrificing it. This, she said, was God's appointed way of setting forth the atonement of Christ, and Abel and all the Old Testament saints were saved by His atonement alone. When Abel had prepared his sacrifice, he waited as Cain had done, for the evidence of God's acceptance, and the fire came down and consumed the lamb. Cain had not approached God in the right way and was rejected. His brother, on the contrary, had, and was accepted. There was only one way of approaching the Lord, by the atonement and substitution. Reference was made to the fall of man taking place in a garden, the Garden of Eden, and a vivid word-picture of Christ's agony in another garden, Gethsemane, was drawn by the preacher, and the Saviour was described as a scapegoat, who had to bear the sins of the whole world. The crucifixion was then spoken of and Mrs. Baeyertz said that if Christ had not died on the cross, there would have been no redeemed, and the devil could have

PLUCKED ABEL OUT OF HEAVEN.

Cain received two calls from God. One was offering mercy, giving him a chance to be saved, if he would only go to God in the right way, but in the pride of his heart he turned away from God, and refused his offer of mercy. He thus committed the sin for which there was no forgiveness, either in this world, or the word to come. The second call was after the murder of Abel, and was for sentence. All men have a call from God. There is a time when all have a definite choice, acceptance or rejection. The second call to men also is to judgment, as it was with Cain. "If men reject the Lord Jesus Christ, on his death," said Mrs. Baeyertz "when they go the way of Cain. There is no salvation apart from him, for there is no religion in the Bible that is not founded on blood and atonement."

Does Protection Protect?

Certainly, in one instance, it does. Hood's Sarsaparilla is the great protection against the dangers of impure blood, and it will cure or prevent all diseases of this class. It has well won its name of the best blood purifier by its remarkable cures.

The highest praise has been won by Hood's Pills for their easy yet efficient action. Sold by all druggists. Price 25 cents per box.

GOUGH BROTHERS
SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know that you know where you can get the values. Fair Dealing makes Fast Friends. We have had ample proof of this, and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the requirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be bettered than by your buying! A noticed point is to get value! This you can positively receive by buying your

Overcoats, Suits, Silk Mufflers, Ties, Slippers, Boots and Shoes, and Overshoes,

at our Great Sale now on. Make a Christmas Present of an Overcoat to Brother, Husband or Lover.

GOUGH BROTHERS wish their Thousands of Customers (and every Customer is a Friend) a Cheerful, Bright Christmas, and a Happy, Prosperous New Year.

No family should be without it.

HENRY BEST,

d3W-w New Market Block.

WAS A PRETTY PIRATE.

AS ADMIRAL PAUL KNEW WHEN HIS ROUBLES WERE GONE.

Money, Jewelery, Letter of Credit and Credentials All Disappeared With a Chicago Vision in White Who Thanked Him for Assisting Her.

CHICAGO, Jan. 1.—Vice-Admiral Paul de Nezienoff of the Royal Russian Navy, friend of the Czar and Commander of the Russian fleet in Chinese waters, will remember his present visit to Chicago for some time. Notwithstanding Admiral Nezienoff's known skill and ability as a strategist, some trim, clipper-built Clark-street craft hauled up close under his port quarter about 11 o'clock last night and lightened his cargo of valuables in artistic style. This is in the vernacular of the sea. In other words, the doughty sea-warrior had his pockets picked and every rouble he owned was taken. His watch, purse, letter of credit, letters of introduction, official credentials, railroad and steamship ticket to Paris, and even the checks for his luggage were deftly abstracted by a girl in white, who leaned half fondly against him in the throng emerging from the Chicago Opera House.

In consequence the admiral and his flag officer, Count Klador, are "marooned" at the Palmer House till they can obtain a fresh supply of cash from Russia. Admiral Paul de Nezienoff and Flag Officer Count Klador are on their way home to Russia. For the last three years the admiral has been in command of the Russian squadron in Chinese waters. The Admiral lost over $2000, not counting the letter of credit, on which payment has been stopped. The railroad companies have been notified to arrest any person presenting the baggage checks.

The Admiral's story is that after leaving the theatre a fine-looking woman crowded up against him several times. He took hold of her to protect her from the pushing throng, and she clung to him with an affection that somewhat surprised and at the same time flattered him. A bright glance and a winning smile thanked the tall, portly gentleman for extending his strong right arm and holding the crowd at bay. By mere chance he puts his hand in his trousers pocket and found it empty and flat, whereas before it had swelled outward like the sail of his own flagship before a sparkling breeze. He had been robbed, that was plain, but by whom? Then he remembered the woman who seemed to be trying to make progress through the jostling mass. He swore a mighty Muscovite oath, borrowed a few kopecks from his flag officer and called in the police.

MURDERED BY WHOLESALE.

The Cruel Work of Fanatics in Eastern Mongolia.

LONDON, Jan. 2.—According to a private letter received from Peking the number of Christians killed in the uprising in Eastern Mongolia was 500, while the rebels have burned two towns near the scene of the massacre.

The insurgents in the district of Fukien are now utterly demoralized. The leaders have taken flight and concealed themselves. Chenkun, a prominent leader, with his son, is attempting to make his way to the coast.

The advices state that the trouble in the North is apparently over, but as a matter of fact no one knows definitely what has been going on there.

TO SMASH THE MAHDI.

Father Ohrwalder as a Modern Peter the Hermit.

CAIRO, Jan. 2.—Father Ohrwalder, who recently escaped from Omdurman, is strongly in favor of reconquering the Soudan. He declares that Mahdism has been expiring ever since the death of the so-called Mahdi, the latter's followers realizing that he was not the true Mahdi, and that his successor, Mahdi Khalifa, pretended to be a believer because he had been nominated to power.

Mahdi Khalifa, who is now 43 years old, is losing his energy. He leads a luxurious life, possessing a harem with 150 inmates. He has abandoned all designs to extend his power northward.

Father Ohrwalder attributes the failure of the Mahdi's operations beyond Dongola solely to the presence of the British in Egypt.

The Mahdi means to attack the Italians at Bisha, first organizing an expedition of 4000 troops to take Kassala.

Destroying the Temples.

LONDON, Jan. 2.—A dispatch from Shanghai received yesterday states notwithstanding the punishment recently inflicted by the Imperial troops upon the Mongolian outlaws who committed so many depredations in Manchuria, lawless bands are again marauding in the northwestern part of China. It is reported that these bands have destroyed a number of the temples in that section of China, but no religious or political importance attaches to the movement, which is thus termed in lieu of a better word to describe the lawlessness. It is believed that it is not a pre-concerted rising against the Chinese Government. The despatch further says that Li Hung Chang, the Chinese Viceroy, is recovering from his recent attack of illness and that he is so far convalescent that he is able to attend to Government business.

Du Maurier Is Not Blind.

LONDON, Jan. 1.—George Du Maurier of Punch, is not, as erroneously reported, blind, but he has ceased work, waiting until an operation has been performed on his eyes, the result of which is uncertain.

A Crank Shoots At Parliament House.

LONDON, Jan. 1.—A crank yesterday fired three shots from a revolver at the Parliament buildings. He was promptly arrested.

At this season of the year the effects of catarrh and cold in the head are most likely to be felt, and danger to life and health will result if not promptly treated. For this purpose there is no remedy equals Nasal Balm. It is prompt in giving relief and never fails to cure. Beware of imitations and substitutes. Sold by all dealers, 50 cents a bottle. dw

Are free from all crude and irritating matter. Concentrated medicine only. Carter's Little Liver Pills. Very small; very easy to take; no pain; no griping; no purging. Try them. dw

Familiar Family Friends.

The family store of medicine should contain a bottle of Hagyard's Yellow Oil. Mrs Hannah Hutchins, of Rosseway, N. S., says: "We have used Hagyard's Yellow Oil in our family for six years, for coughs, colds, burns, sore throat, croup, etc., and find it so good we cannot do without it." dw

Smart Weed and Belladonna, combined with the other ingredients used in the best porous plasters, make Carter's S. W. & B. Belladonna Plasters the best in the market. Price 25 cents. dw

Entrance Class Marks.

Below is a list of the pupils of the Central School Entrance Class, with the number of marks made by each at the recent examinations. The maximum marks obtainable are 765. The marks entitling the candidate to an honour standing are 497, and the minimum number of pass marks is 382:

E. H. Grubbe, 628; M. Roy, 573; G. Berland, 545; W. Nicholls, 543; S. Frame, 507; Birdie Thompson, 504; Mary Dillon, 501; Charlie Halliday, 490; Roger Davidson, 489; Harry Pope, 482; Lizzie Armstrong and Maggie Frosts, equal, 479; J. Hamilton, 476; M. Webb, 475; M. Mason, 466; Leslie McWilliams, 463; W. Laing, 462; A. H. Kelly, 460; A. Ringer, 456; M. Boswell, 455; G. Earl, 454; J. D. Bell, 444; E. Martin, 443; A. Melville, 441; H. Stevens and F. Kelly, equal, 439; A. Ferguson and H. Stenton, equal, 434; E. Pratley, 432; W. Doxsee, 428; F. Sawers, 426; M. Sargent, 425; D. Langford, 423; W. Davidson, 422; T. Elliott, 420; M. Kennedy, 414; Bertie Thompson and M. McIntosh, equal, 411; B. Davis, 410; E. Moore, 405; S. Robinson, 399; A. Locke, 393; P. McFadden, 389; M. Greer, 384; L. Rountree, 378; M. [illegible], 376; P. Brandrett, 363; W. [illegible]; B. Law, 352; I. Mowry, 346; [illegible], 333; F. Nesbitt, 300; [illegible], 298; A. Wilkinson, 291; R. [illegible], 289; G. Arlidge, 282; B. Taylor, 275; W. McKibbin, 169; W. Carnegie, (only wrote a third of examination)

Papers for this examination were made by the teaching staff of the Collegiate Institute and valued by the principal of the public schools.

It is not what we say but what Hood Sarsaparilla *does*, that makes it sell. The people recognize merit in medicine as in everything.

South Dummer News.

PATRONS OF INDUSTRY.—On Tuesday evening the 22nd ult. the following officers were installed in P. I. Lodge, No. 9, for the year 1892:—

Wm. Knox	Pres.
J. S. Knox	Vice Pres.
Jos. E. Reynolds	Sect.
Jas. Long	Treas.
Jno. Elliott	Sent.
W. S. Scott	Guide
Nellie Webster	Demeter
Hannah Spence	Minerva
Paul Jenkins, G. H. Parker, Chris. Howson	Trustees

Immediately after the installation service the members partook of a grand supper provided from the funds of the society. South Dummer Lodge is in a flourishing condition having a very large membership and still growing. A literary programme will be presented monthly, by the members, consisting of debates, dialogues, readings and music. A kind invitation is extended to the neighboring societies to come along and enjoy our social gatherings.

PRESENTATION.—The pupils of Miss C. Baptie's, school section No. 11, Dummer, took advantage of the approaching holiday season on Wednesday and presented their teacher with an address expressive of their gratitude to her for her kind and loving counsel to them during her stay in their midst. The address was accompanied by a handsome lady's companion Bible and Autograph Album. Miss Baptie made an appropriate reply.

The Head Surgeon

Of the Lubon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, depositn in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada.

People Wonder

WHEN they find how rapidly health is restored by taking Ayer's Sarsaparilla. The reason is that this preparation contains only the purest and most powerful alterative and tonics. To thousands yearly it proves a veritable elixir of life.

Mrs. Jos. Lake, Brockway Centre, Mich., writes: "Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony. I was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to do any permanent good until I began the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see an

Improvement

in my condition, my appetite began to return and with it came the ability to digest all the food taken, my strength improved each day, and after a few months of faithful attention to your directions, I found myself a well woman, able to attend to all household duties. The medicine has given me a new lease of life, and I cannot thank you too much."

"We, the undersigned, citizens of Brockway Centre, Mich., hereby certify that the above statement, made by Mrs. Lake, is true in every particular and entitled to full credence."—O. P. Chamberlain, G. W. Waring, C. A. Wells, Druggist.

"My brother, in England, was, for a long time, unable to attend to his occupation, by reason of sores on his foot. I sent him Ayer's Almanac and the testimonials it contained induced him to try Ayer's Sarsaparilla. After using it a little while, he was cured, and is now a well man, working in a sugar mill at Brisbane, Queensland, Australia."—A. Attewell, Sharbot Lake, Ontario.

Ayer's Sarsaparilla,

Funeral of Mrs. Gilmour.

The remains of the late Mrs. Gilmour, particulars of whose death were given in the EXAMINER of Saturday, were interred this afternoon. The large number of relatives and friends who attended the funeral testified to the high respect in which the deceased lady was held.

Worthy of Special Notice.

Mr. Clegg's Window and display of artistic furniture is always attractive, and is a credit to the town. But to-day and Monday the suite on exhibition in the window is worthy of special notice. It is about the best suite made in Canada, and in design and workmanship it is all that could be desired. Be sure you see it. 2d

A Salvationist Funeral.

The funeral of Miss Sarah I. Robson, aged 24 years, a soldier in the local *corps* of the Salvation Army, who died on Saturday, took place this afternoon. It was conducted under the auspices of the "army." There was a large number of the deceased's late comrades, including the band, together with a large number of friends who attended the funeral to show their respect to the memory of a loyal and faithful soldier. The remains were interred in the Little Lake Cemetery.

One Hundred Years of Age.

One of the most interesting events it has ever been our privilege to record," says the Port Hope *Guide*, took place yesterday (January 1st) at the residence of Mrs. Timothy C. Haskill, Charles street. Many were the callers who came to offer their congratulations on her 100th birthday, among them Mayor Burnham. At 4.30 p.m. a party began to concentrate at Mr. Throop's store, supplied with material for a surprise festival. On arriving at the house, and after the introductions, salutations and hand-shaking, a neatly engrossed address was read to Mrs. Haskill, to which she replied by repeating, from memory, a poem of five stanzies, appropriate to the occasion. Mrs. Haskill was born in Vermont on Jan. 1st, 1792, and came to "Smith's Creek," now Port Hope, in 1803, when there were only four families besides her own living there—the families of Mr. *Heywood*, Mr. Ward, sr., Peter Smith, and Myndert Harris. "At a party given on Christmas eve we numbered seven, all the then available white inhabitants of this place. There was one house up on the hill and Indian Wigwams lined the banks. There were then in this neighborhood wolves, bears, deer and fish in great abundance. Mrs. Haskill's memory is good and her intellect active, and she spends her time industriously knitting."

Billiousness—Fever and Ague.

So pleasantly do Dr. Morse's Indian Root Pills search out and drive away the seeds of disease that all persons living in a country where fever and ague and all other billious diseases, are prevalent, will find they should never be without them. From two to four pills each night upon going to bed, will, in a short time, drive away the sickly yellow look of billious persons, and bring to their cheeks a beautiful glow of perfect health. Dr. Morse's Indian Root Pills are sold by all dealers in medicine.

Special Council Meeting.

A special meeting of the town council has been called for to-morrow night.

Telferdian Temperature Topics.

PETERBOROUGH, June 4th.—At sunrise this morning the thermometer stood at 4° below zero.

Vote Early at Thompson's.

All purchasers who received coupons in the candle burning competition at Thompson & Co.'s, and who have not yet deposited same in box, will do so at once. The issue of tickets was stopped on 1st Jan. All tickets out must be in by 8 p.m. on Monday Jan. 4th. 2d

Gratitude.

James McComb, the glove man, desires to publicly thank his customers for their very liberal patronage during 1891. He also announces a TWENTY per cent. reduction off all gloves and underwear in his store during the month of January in order to effect a clearance. See his advertisement in another column.

The Duty of the Hour.

It must be apparent to every right thinking young man that if he wants to appear dressed in a faultless suit of clothes on New Years' Day, that will put the stamp of a gentlemen upon him in fit, finish and fashion, he must leave his measure *immediately* with DUNCAN CAMERON & Co., the Y. M.'s tailor of George street. eod

Reduction of Liquor Licenses.

At the weekly meeting of Carswell Lodge, No. 312, I.O.G.T., a deputation was received from the local council Royal Templars of Temperance, to consider what steps could be taken with regard to having the number of liquor licenses in the town reduced. Some interesting addresses were given and committees were appointed from the Good Templars and the Royal Templars to meet and confer with the W.C.T.U. and ask their co-operation in the work. Reference was also made to the shooting galleries existing in the town and it was thought that Peterborough would be better without them. No doubt the new council will be approached with reference to this matter.

A Teacher's Work Appreciated.

Miss M. E. Friss was the recipient the other day of a present from the boys of her class in George street Methodist Church, as a mark of appreciation for her earnest work in connection with her class. The presentation was made by the boys at Miss Friss's home and took the form of a silver napkin ring and was accompanied by the following address:—

DEAR MISS FRISS,

We the members of your Sunday School Class, beg your acceptance of this napkin ring as a token of our affectionate regard for you, and appreciation of your loving service, given so cheerfully on our behalf. With our best wishes. Signed on behalf of the class.

HAROLD CARLISLE,
MELVIN GREEN.

A Prize Mother-in-Law.

The young lady remarked: "That gentleman's mother is my mother's mother-in-law." What relation was the young lady to the gentleman? The *Queen* will give a Mason & Risch fine toned upright piano to the first person answering the above problem correctly; an elegant gold watch for the second correct answer; a Coins dinner set for the third correct answer; an elegant silk dress pattern for the fourth correct answer, and many other valuable prizes, all of which will be announced in the January issue of the *Queen*. Valuable special prizes will be given for the first correct answers from each Province. As the object of offering these prizes is to attract attention to our popular family magazine, each person answering must enclose four three-cent stamps for sample number containing full particulars. The *Queen* is the most successful publication in Canada. By sending to-day you may secure a handsome prize. Address, the *Canadian Queen*, Toronto, Canada.

A Business Change.

For thirty-five years Mr. Wm. Yelland has carried on the carriage and blacksmithing business in a manner that won the establishment a large patronage and a reputation for honest and substantial work. During all that time Mr. Yelland has been actively and energetically engaged in the work, and has well earned the retirement and leisure he is entering upon. He has retired from the carriage building and blacksmithing business which will hereafter be conducted by his son Mr. Joseph H. Yelland, who has been brought up with the business and is eminently qualified in every way to conduct it satisfactorily to the public, which may count on receiving the same careful attention to their orders that distinguished the original establishment. Of the other members of Mr. Yelland's family who have been associated with him in the business, Mr. Wm J. Yelland will enter upon farming on the farm recently purchased by Mr. Yelland from Mr. Angus Davidson, North Monaghan, and Mr. Benjamin Yelland will go to British Columbia in the spring.

READ THIS CAREFULLY.—Professors Lallemand and Perrin, assisted by the chemist Duroy, after a thorough study of the effects of alcohol and a series of observations, on which they have written a book, have noticed the peculiar tendency of alcohol to accumulate in the brain, the liver and kidneys, where it is found after the death of inebriates. According to their observations the selective power of alcohol for the brain is nearly twice as great as that for the liver, and nearly three times as great as that for other tissues. The *Father Mathew Remedy* is the only specific known against the deleterious effects of alcohol. 1d

Acknowledgments of Prize Winners

In the Recent Peterborough Bookstore Holiday Competition.

Below are found copies of acknowledgments, by the several winners of prizes received by them in the recent Peterborough Bookstore Holiday Competition:

MR. STRATTON,

DEAR SIR,—I beg to acknowledge with thanks the receipt, for Mrs. McAllister, of the ladies' gold watch, being the first prize in your holiday prize competition.

Yours very truly,
WILLIAM MCALLISTER.

Peterborough, Jan. 2, 1892.

J. R. STRATTON, TOWN,

DEAR SIR.—Accept best thanks for silver watch received to-day for my daughter, May, and being second prize awarded her in your recent prize competition.

C. H. HUFFMAN,
No. 196 Dalhousie street.

Peterborough, Jan. 2, 1892.

MR. J. R. STRATTON,

DEAR SIR,—I received to-day the carving set awarded me as third prize in the Peterborough Bookstore prize competition. Accept thanks and best wishes.

Yours truly,
S. H. BELT,
No. 210 Antrim street.

Peterborough, Jan. 2, 1892.

Election Notes

Voting is proceeding very quietly, though at the same time a large vote is being polled.

In No. 2 Ward in the first hour over one hundred votes were polled.

In No. 1 Ward an extra large vote is expected.

Both mayoralty candidates are on the warpath—each confident of victory.

The mayoralty votes will be counted first, and it is expected that the result will be known about 5 30 p. m. As soon as the returns are in a bulletin will be placarded at the EXAMINER office.

The returns for the councillors and school trustees are expected to be in about 7 p.m.

Vehicles are being freely used by the friends of the various candidates.

Police Court.

SATURDAY NIGHT.

A special sitting of the court was held on Saturday evening to dispose of a batch of drunks.

Geo. S. Rice pleaded guilty to being drunk and disorderly. Prisoner declined to give his name when arrested. Fined $2 or ten days.

A woman was also brought up, charged with the same offence, and was given twenty-four hours in jail to sober up.

John Gairy and Edward Sullivan, charged with being drunk and disorderly, were both mulcted in the usual fine, $2 or ten days. The money was paid in each case.

Wm. O'Brien was charged with being drunk and remanded until to-morrow.

The Baeyertz Mission.

This afternoon Mrs. Baeyertz gives an address in the Y.M.C.A. Hall on "Assurance." This will be only the second time this address has been delivered by her, and is intended particularly for doubting Christians, though all who attend the meeting may be sure of hearing an excellent address.

This evening the converted Jewess speaks in the George street Methodist church, taking as her subject "The Lord's second coming, and how to get ready for his appearance." Coming as it does from the lips of one who has been educated to believe that Christ's first appearance has not yet been accomplished, this meeting will be specially interesting, and a large congregation should attend.

To-morrow afternoon's meeting will be held in the George street church, and the subject will be "A clean heart."

Y. M. C. A. Notes.

The young men's rally was a season of blessing to all who attended on Saturday evening. Mr. Bacon handled the topic, our "Motto for 1892," in an entertaining and interesting manner, and much blessing will be the result.

Mr. Albert Hamilton conducted the Bible study and consecration service Sabbath morning with much profit and blessing to those present.

The afternoon and evening meetings were withdrawn on account of Mrs. Baeyertz's mission.

Smith.

(From Our Own Correspondent.)

Oyster Supper.

Court Bridgenorth, No. 315, held a very pleasant entertainment in their hall on New Year's eve. There was a large attendance. The entertainment was an "At Home," including the wives and children of Foresters, and the good wives of the brethren had prepared excellent refreshments which together with capitally cooked and served oysters made this department of the entertainment quite a feast. The mental programme then followed. Mr. J. N. Telford occupied the chair and a very pleasant programme of vocal and instrumental music, readings, recitations, etc., was given. On the whole the evening was delightfully spent and the members of Court Bridgenorth are entitled to great praise. The Court is in a flourishing and prosperous condition in every way.

W. J. Morrow,

Good News for Christmas.

Wm. C. Kirk, the only professional tea taster in Peterborough, thanks his numerous customers for their patronage up till now, and begs to state that he has received a consignment of Ceylon tea from the famous gardens of Oonoogahela, Scarbro and Moonoogahela. These he has blended together and they form a perfect tea. For a Christmas present the price will be low—50c. per lb. Call at his place in Ashburnham or ring up No. six Ontario telephone. d135

For the past year I have been troubled to a very great extent with dandruff, also a dullness of color in my hair and through the advice of a friend (who spoke from experience) I tried your Anti-Dandruff, which upon the application of less than a bottle of your liquid I find my head not only thoroughly cleansed but a vast improvement in the color and growth.

I have, and do recommend it as highly beneficial to the profession and public generally as an agreeable and welcome innovation in the remedies put forth for public favor.

Yours, etc.,
W. P. WOLFE,
Advertising Agt, "Frank Daniels Co."
Season 1890-91.

McLellan—Sears.

Interesting Wedding at Brantford.

At the residence of Mrs. Sears, 208 Nelson street, Brantford, Miss Flossie Sears and Mr. A. McLellan were united in marriage by the Rev. D. Hutchinson. The bridegroom is connected with the Bell Telephone Company at Kingston, and is well known here. The bride was assisted by her niece, Miss Losey, while Mr. C. Davis, of London, acted as best man. Amongst the guests were Mr. and Mrs. Hooper and Mrs. Whitney, of London, and Mr. and Mrs. John McKee, of Peterborough. The bride wore a handsome dress of cream empress cloth, trimmed with lace and watered ribbon. She also had a bouquet of cream roses. The dress of the bridesmaid was of cream empress cloth, and she carried a lovely bouquet of pink roses. There were a large numbers of beautiful and costly presents. The young couple left for Kingston, after the ceremony, where they will in future reside.

Smith

On the 12th of January the Fourth Line Band intend holding a concert in the Temperance Hall. The programme will be largely provided by the band. Admission, children 15 cents, adults 25 cents.

Funeral from the family residence to Little Lake Cemetery, on Wednesday, Jan. 6th, at 2:30 p.m.

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEHR, 9 N. Railroad St., Kendallville, Ind.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

MRS. E. E. ROSS,

Will hold her ANNUAL CHRISTMAS OPENING of New and Handsome Christmas Goods and Novelties

MONDAY EVENING, DEC. 7th,

from 7 to 10. All are invited to come and inspect.

424 George Street,

This is for YOU, Read It!

A copy of the Annual Announcement of the Peterborough Business College, Peterborough, Ont., will be mailed to your address if you desire. It will aid you in determining whether to pursue one or all of its courses of study. You can begin a course any day; the best time is the beginning of the term. Don't delay. Write for information, or call at the office, 368 and 370 Water St. If you are interested in the Night School, the term will begin Tuesday evening, Jan. 5, 1892.

GEO. S. BEAN, B.A., LL.B.,
A. BLANCHARD, Chartered Accountant, } Principals.

LeBRUN'S OLD STAND,
George Street.

Daily Examiner.

MONDAY, JANUARY 4, 1891.

LOCAL NEWS.

THE MAYORALTY.

To-day the people are deciding a very important question at the polls—selecting a chief magistrate for the year 1892. The preliminary contest has been brief, but energetic, and, so far as the candidates themselves are concerned, has been conducted with a pleasing absence of personalities. To-day there has been a brisk polling of votes; the friends of both candidates have worked energetically, and whatever the result, it may perhaps be regarded as a pretty full expression of public opinion. From its knowledge of both candidates, the EXAMINER, believes that Mr. Davidson possesses the best qualifications for the office and for that reason has supported him. If the people think similarly Mr. Davidson will be returned, but in any event the EXAMINER will respect the popular verdict and give its support and help to the mayor, who may be selected, in every enterprise and matter that is for the interests of the town. The mayor whom the people select should have every assistance in every effort tending to promote the welfare of Peterborough.

Board of Education.

A regular meeting of the School Board will be held at the board room, on next Tuesday, at 7.45 o'clock p.m.

Merit Recognized.

Miss Minnie Hurley, daughter of Mr. T. Hurley, town, has resigned the position of organist and choir leader of St. Mary's Roman Catholic church, Grafton, which she has very efficiently filled for three years. After mass on Sunday, Dec. 27th, her last Sunday in her official capacity, Rev. Father Larkin, parish priest, on behalf of the choir, presented Miss Hurley with an elegant silver tea service. In making the presentation, Rev. Father Larkin referred in complimentary terms to the high state of efficiency to which Miss Hurley had brought the choir, and expressed the deep regret he, in common with the choir and congregation, felt at the loss of Miss Hurley's valuable services. Miss Hurley has left Grafton, and returned home a Tuesday last.

Wine Old Wines For the Festive Season.

I have laid in a large stock of fine old and reliable wines and liquors imported for the Christmas and New Year's trade. Rare old port wine bottled in Oporto, a quarter of a century old; rich native wines from the celebrated Pelee Island vineyards; pure juice, unfermented wine for sacramental and other purposes; fine sherries, Madeiras, clarets and champagnes in splendid condition. Extra old Scotch, Irish and Canadian whiskies. Brandy, rum, gin, bottled ale, sweet cider, &c. Also a large and varied assortment of choice family groceries at moderate prices.

JOHN CAMERON,
dw Grocer, Wine and Spirit Merchant.

Oh, What a Cough!!

Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Salloh's Cure will cure your cough. It never fails. dw

Skating and Curling.

The skating and curling rink is now open and there is capital ice for both skaters and curlers.

Hockey Match.

The recently organized Hockey Club of town open their season to-night with a match on the skating rink. The contestants will be the Peterborough Club against the Edison Club. Admission 10 cents.

Life, Love and Death.

During the last six months of 1891, there have been registered at the office of the Town Clerk, 47 marriages, 134 births and 98 deaths. During December the numbers registered were, 7 marriages, 25 births and 15 deaths.

The Nicholls Hospital.

Report for month ending December 31:—Number of patients remaining in Hospital, 18; admitted during the month, 13; treated, 31; pay, 12; free, 19; from Peterborough, 22; from other places, 9; cured, 8; improved, 4; died, 1 Dr. Holliday, attending physician for December. The lady superintendent gratefully acknowledge the following donations: Mrs. Richard Hall, two turkeys, one goose, two doz. oranges, one mould of jelly; Jas. Stevenson, six turkeys, three geese, one box oranges and apples; Mr. McGill, two doz. oranges; T. W. Robinson, one turkey, one doz. oranges, one pound of raisins; H. Thompson; twenty-one Christmas booklets; three pictures one *Dominion Illustrated*; W. C. T. U., one box candies for each patient; Miss Roger, Christmas letter for each patient; Mr. Kirk, two pounds tea; thankfully acknowledged old linen from Mrs. Lewis, Mrs. R. Hall, Mrs. W. Davidson, Mrs. Jas. Best, Mrs. Beck.

Personal.

Rev. Father Lynch, of Port Hope, was in town to-day.

Mr. and Mrs. Bruce Ludgate are spending the holidays in town.

The Lindsay *Post* says:—"Miss Maude Morrow, of Peterborough, was in town Thursday. Miss O'Brien returned with her and will be her guest to day (New Years.)"

Mr. Evans J Hair, secretary treasurer of school section No. 17, Ormabee, was in town to-day examining the interior arrangements of the Central School with a view to having the new school in his section arranged in a similar manner.

A Guilty Conscience.

DENVER, Col., Jan. 4.—A man named Demarcipt surrendered himself to the police here Saturday saying that two years ago he had killed Mr. and Mrs. Greenwood at Colfax, Cala., for the purpose of robbery. He said there was $5000 reward offered for his arrest and requested that the police give his son William half that amount, as he was in great want. After his surrender the man went violently insane. A telegram to the chief of police at San Francisco elicited the reply that the man's story was correct and that he is wanted in California for the murder.

A Western Blizzard.

CHICAGO, Jan. 4.—Despatches from Illinois, Iowa, Wisconsin and Minnesota state that a severe blizzard is raging in these states. Snow has been falling for several hours and the mercury is far below zero. At midnight at Winnipeg, Man., it was 24 below, 22 below at Minnedosa and 16 below at St. Vincent, Minn. At many Illinois points the first snow of the season is falling, while the thermometer registered a lower temperature than was experienced at any time last winter.

Oriental Scholar Dead.

LONDON, Jan. 4.—Sir James Redhouse, the Oriental scholar, is dead.

THE WHOLE FAMILY DIED.

Father, Mother and Sons Follow Each Other in Quick Succession.

ATCHISON, Kan., Jan. 4.—John Delaney, a wealthy farmer of Doniphan county, took sick a week ago and died in a few hours.

The day of the funeral his wife was taken ill and in 24 hours she also died. The two sons in California were sent for. They arrived in time for the obsequies of the mother, and yesterday both sons died apparently of the same disease.

It is supposed that the cause of the death of all of them was sleeping in the rooms of a house just completed.

Monaco No Longer a Refuge.

LONDON, Jan. 3.—England has just signed an extradition treaty with Monco, so that now there is no place where an English criminal can escape the pursuit of justice.

A Story of Speaker Crisp.

Capt. Parker, who commanded Company K, North Virginia Infantry, in which Charles F. Crisp, the Speaker of the House of Representatives, served during the war, is here to-day looking after the candidacy of the Judge of Shenandoah County, to be elected by the Legislature. The captain tells how Mr. Crisp, who was a mere stripling, weighing little more than 100 pounds, saved the former's life at the battle of McDowell, in the Valley of Virginia, in 1862.

In that engagement the captain was wounded and could not get off the field. Private Crisp undertook to carry him to a place of safety, but, finding the burden too great, had to place him on the ground. The young fellow, determined to save his commander's life, threw himself in front of him, to shield him from the storm of bullets and shell that were flying and whizzing over that part of the field. After the conflict was over, Capt. Parker was removed to a place of safety, where his wound was treated.

Some years after the war Capt. Parker called upon his friend Crisp in Washington and introduced himself. The incident of the battle of McDowell was, of course, the chief topic between the two gentlemen while together.—New York Times.

A Cashier Kills Himself.

BUDA PESTH, Jan. 4.—The discovery was made to-day that Herr Piuffaeich, cashier of the Buda Pesth National Savings Bank, had defrauded the bank of 6000 florins in coin and rents of the nominal value of 100,000 florins. As soon as Piuffaeich learned that his thievery had been discovered, he killed himself to escape the penalty for his crime.

AFTER DARK IN ARABIA.

He who died at Azan sends
This to comfort all his friends:

Faithful friends! It lies, I know,
Pale and white and cold as snow,
And ye say, "Abdallah's dead!"
Weeping at the feet and head.
I can see your falling tears,
I can hear your sighs and prayers.
Yet I smile and whisper this—
"I am not the thing you kiss:
Cease your tears, and let it lie;
It was mine, it is not I."

Sweet friends! What the women lave
For its last bed of the grave
Is but a hut which I am quitting,
Is a garment no more fitting,
Is a cage from which, at last,
Like a hawk my soul hath passed.
Love the inmate, not the room—
The wearer, not the garb—the plume
Of the falcon, not the bars
Which kept him from those splendid stars.

Loving friends! Be wise and dry
Straightway every weeping eye—
What ye lift upon the bier
Is not worth a wistful tear.
'Tis an empty sea-shell—one
Out of which the pearl is gone:
The shell is broken, it lies there.
The pearl, the all, the soul is here,
'Tis an earthen jar, whose lid
Allah sealed, the while it hid
That treasure of its treasury,
A mind that loved him. let it lie!
Let the shard be earth's once more
Since the gold shines in his store!

Allah, glorious! Allah, good!
Now thy word is understood:
Now the long, long wonder ends,
Yet we weep, my erring friends,
While the man whom we called dead
In unspoken bliss, instead,
Lives and loves you; lost 'tis true,
By such light as shines on you;
But in the light we cannot see
Of unfulfilled felicity—
In enlarging paradise
Lives a life that never dies.

Farewell, friends! Yet not farewell,
Where I am, ye too, shall dwell.
—Sir Edwin Arnold.

NEGRO ELOQUENCE.

White Bishops Failed to Rouse a Colored Congregation.

White preachers cannot move a colored congregation as the negroes can and do. In November, 1860, when the general convention of the Episcopal Church met in Richmond, the pastor of the largest colored congregation there—the Baptist Church, which had bought and owned its pastor—courteously invited some of the bishops to address them. The choice fell on Bishop Williams, of Connecticut, and Bishop Clarke, of Rhode Island, both extremely eloquent preachers, and they stood up before 3,000 hearers and did their best to rouse them. The colored people sat silent, respectful and admiring before the two prelates, but gave no outward sign of interest. Presently the pastor arose, thanked his visitors in the name of his flock, and then went on to make application of what they had heard. His first words were like a breath of wind over a field of ripening grain. Every head responded. Then came sighs, groans and shouts as the great deep of human feeling was broken up, and 3,000 people were in tears and in the throes of sympathy. "I tell you," said one of the bishops afterward, in narrating his experience, "I was ashamed of myself when I watched the power of the colored preacher and recognized my own failure."—New York Sun.

The "Siberian Bloodhound."

In view of the discussion regarding the Massachusetts law, it may be interesting to many to know the origin of the so-called "Siberian bloodhound." Some twenty years ago Mr. George E. Stevens first introduced to the general public a number of great Danes, which he imported for use in an "Uncle Tom's Cabin" company. He pictured them on his bills as great ferocious monsters with red mouths and blood-dripping lips, in pursuit of Eliza Harris. To further thrill the public he called them "Siberian bloodhounds." The name originated in his own fertile brain and was purely the inspiration of a theatrical manager who was seeking something sensational for advertising purposes. These animals heavily chained and muzzled he paraded up and down the streets in the different cities he visited. Other enterprising managers soon followed his example, and within a few years every place of any importance had been introduced to the "Siberian Bloodhound." It is not to be wondered at that an ordinary Legislature made the mistake of believing that these dogs lived on raw human blood.

Mr. Stephens now lives at St. Joseph, Mich., and while he has discarded the "Siberian Bloodhounds" and "Uncle Tom's Cabin" he maintains a kennel of sporting dogs and manages a theatrical company of a different kind.—Forest and Stream.

LIFE HAD NO CHARMS.

A Young Ohio Married Couple Commit Suicide with Morphine.

WHEELING, W. Va., Jan. 4.—At Flushing, a short distance from here on the Ohio side of the river, there arrived Tuesday evening of last week a young couple, who registered at the Flushing Hotel as J. G. Coventry and wife of Tippecanoe.

The man was apparently twenty-eight and the woman eighteen years of age. They spent yesterday quietly in their room, but this morning failed to appear at breakfast. Investigation developed the fact that some time during the night the couple had committed suicide. They both lay side by side on the bed and two empty morphine bottles told the story.

The only clew to their identity was a note on a table directing that their bodies should be forwarded to Luther Coventry at Tippecanoe.

COURT OF QUEEN'S BENCH

THE ORIGINAL COURT OF UPPER CANADA.

William Osgoode, the First Chief Justice and His Eminent Successors — Present Members of the Court — Biographical Sketches.

The Court of Queen's Bench, now one of the Divisions of the High Court of Justice for Ontario, is the original court of the Province of Upper Canada. When the Constitutional Act of 1791 divided Canada into two Provinces, William Osgoode was appointed by His Majesty King George III as chief judical officer of the new Province of Upper Canada. One of the first acts of the Legislature, which assembled at the town of Niagara in the year following, provided for the establishment of Courts, the law of England having supremacy in matters of property and civil right, this provision being necessary by reason of the fact that under the old indefinite and complicated system the French law had been, to some extent at least, supreme. Chief Justice Osgoode was succeeded by William Dummer Powell. Among others who have been Chief Justices of the Court of Queen's Bench since that day are Sir John Beverley Robinson, Bart., Robert A. Harrison, William Buell Richards and Sir Adam Wilson, all men whose names are among the most illustrious in the annals of the administration of law in Canada. The present Chief Justice who worthily holds the office in succession to his illustrious predecessors is John Douglas Armour. Mr. Armour is a native of the township of Otonabee, Peterboro' County, and was born on the 4th of May, 1830. He is the youngest son of the late Rev. Samuel Armour, Rector of Cavan. John Douglas Armour was educated in Upper Canada College and in King's College, now Toronto University. He was an active diligent student and, in graduating in 1850, he carried off the gold medal for classics of his year. He had early decided to wear the long robe and entered as a student in the office of Philip M. S. VanKoughnet, who was destined to become Chancellor of Upper Canada and one of the most eminent men who ever occupied a place upon a Can-

MR. JUSTICE STREET.

adian Bench. In 1853 Mr. Armour was called to the Bar, and immediately began to practice in Cobourg as a partner of the late Sydney Smith. He had been but a year in practice when he was appointed county crown attorney for Northumberland and Durham. This fact alone is an indication of the success which attended his professional career. He took an active interest in local affairs and was elected to the County Council, becoming Warden of the united counties in 1859. In the same year he was elected a member of the Senate of his alma mater the University of Toronto. He was enrolled as one of Her Majesty's Counsel learned in the law in 1807. His appointment to the Bench dates from 1877 when he was appointed puisne Judge of the Queen's Bench. On the resignation of Sir Adam Wilson, Mr. Armour was elevated to his present position. The learned Chief Justice is essentially a lawyer, and as a judge his mastery of detail, great power of application, and well-trained logical mind, make him one of the ablest judges now upon the bench. He has his peculiarities, one of which must be specially mentioned in this article—his rigid determination not to sit for a photograph. For this reason it is impossible to present his portrait along with those of his fellow Judges. There is an excellent oil painting of his honor in the main lobby of Osgoode Hall. What manner of persuasion was used in order to induce the Chief Justice to sit for this portrait is not known, but certain it is that when all the judges united to have a group portrait taken by one of the best photographers in Toronto, Mr. Armour flatly refused to have anything to do with it. He is of about the medium height, and heavily built, strong featured, white-haired, and clean shaven, save for white side whiskers, usually trimmed with less than dudish exactness.

The senior puisne judge is William Purvis Rochfort Street, who was born in London, Ontario, on the 13th of November, 1846. He is a son of William Warren Street, one of the best known of the old citizens of Upper Canada, and his grandfather on the maternal side was Major Leonard, formerly sheriff of Niagara district. Beginning his school life in the London grammar school Mr. Street graduated

MR. JUSTICE FALCONBRIDGE.

in Toronto University. He pursued his studies in the office of Mr. H. C. R. Becher, a well known barrister of western Canada and was called to the bar in 1868. He practiced with success in London and held a brief in many important cases, his opinion being specially valued in cases of succession and disputed title. When the half-breed troubles in the North-west required the appointment by the Government of a commission to adjust claims, Mr. Street was one of those chosen. The commission had an exceedingly difficult task to perform and, owing to the extreme party feeling aroused by the rebellion and the causes which led to it, it was a foregone conclusion that any mistake on the part of the commission would be criticised with the greatest severity. The rival claims of individuals, moreover, added greatly to the task. The report which was presented showed the work to have been so well done that criticism was disarmed in advance and, though the action or rather inaction of the Government before the outbreak was severely condemned, the commissioners received nothing but praise for the manner in which their duties had been performed. Mr. Street was appointed to his present office in 1886. Though not a brilliant man he is painstaking, careful, and impartial, and thus discharges the duties of his high office with general satisfaction.

The third member of the Court is William Glenholm Falconbridge. Mr. Falconbridge is the eldest son of John Kennedy Falconbridge, J.P., of Richmond Hill, where the subject of this sketch was born on the 12th of May, 1846. From his earliest years he exhibited unusual talent and his friends looked to him to enter one of the learned professions and to make a brilliant record. He began his education in the Barrie grammar school and studied with a view to a university course. When he matriculated in the University of Toronto in 1862 he won the scholarship for general proficiency, an auspicious opening of his collegiate career. He maintained steadily the pace at which he started and, on graduating with the degree of Bachelor of Arts in 1866, he was the winner of the gold medal. His brilliant course had attracted the attention of scholars elsewhere and he was offered the position of Professor of Modern Languages in Yarmouth College, Nova Scotia, which position he accepted, but in the same year, 1867, the authorities of Toronto University made him lecturer in Italian and Spanish, so that his talents were not lost to his native Province. He began the study of law in 1868 in the office of Messrs. Patterson, Osler & Moss, names which have since been enrolled among those of the ablest members of the Canadian Bench. He was called to the Bar in due course and became a member of the firm with which he had studied and achieved distinction among the many eminent lawyers of Toronto. He was well-known also in connection with many philanthropic movements. When the memorable accident at the Humber in the winter of 1884 caused the death of a number of workmen on their way to their daily labor and left their families in many cases unprovided for, Mr. Falconridge was among the first to undertake the formation of a committee to collect and distribute the funds which the charitably disposed people of the city contributed to the relief of those in distress. Mr. Falconbridge also took an active interest in the cause of higher education, and for years, even after his practice made it exceedingly difficult for him to attend to its duties, he held the position of Registrar of the University of Toronto. He was appointed to the Bench in November, 1887, his appointment being received with favor not only by the Bar but by all classes of the community. As a Judge he has fully justified the expectations of his friends. His brilliant scholarship and his high legal attainments, together with unlimited capacity for hard work, fit him eminently for the important duties he is called upon to perform.

"Now is the winter of our discontent made glorious summer" by Ayer's Sarsaparilla. This wonderful medicine so invigorates the system and ennobles the blood that cold weather becomes positively enjoyable. Arctic explorers would do well to make a note of this.

Cure for A Constipation and Headache.

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents a package. dw

---

Consumptives?

Do not give up until you have tried Miller's Emulsion of Cod Liver Oil, which makes flesh and blood, is a positive cure for coughs, and colds, bronchitis, sore throats, and all lung troubles tending to consumption. Persons have been known to gain from five to ten pounds in weight by taking one bottle of Miller's Emulsion of Cod Liver Oil, which contains hypophosphites of lime and soda. In b g bottles, 50c and $1, at Peterborough Drug Stores. dw

Children Cry for Pitcher's Castoria.

VERY MANY SUCH.

RHEUMATISM.—Col. DAVID WYLIE, Brockville, Ont., says: "I suffered intensely with rheumatism in my ankles. Could not stand; rubbed them with St. Jacobs Oil. In the morning I walked without pain."

NEURALGIA.—Mr. JAMES BONNER, 156 Yonge St., Toronto, Ont., writes: "St. Jacobs Oil is the only remedy that relieved me of neuralgia, and it effectually cured me."

BACKACHE.—"I can highly recommend St. Jacobs Oil as being the best medicine in existence; it promptly cured me of severe lumbago." G. N. BOYER, Carillon, Quebec.

SPRAINS.—"My mother received a very severe sprain and bruise by falling down stairs. St. Jacobs Oil cured her in a couple of days." R. BURNAND, 124 Tecumseth St., Toronto, Ont.

BRUISES.—Mr. AITCHISON, Hamilton, Ont., Fire Department, says he met with a serious accident and his back and shoulders were terribly bruised, but by the use of St. Jacobs Oil he was completely restored.

IT IS THE BEST.

"August Flower"

I had been troubled five months with Dyspepsia. The doctors told me it was chronic. I had a fullness after eating and a heavy load in the pit of my stomach. I suffered frequently from a Water Brash of clear matter. Sometimes a deathly Sickness at the Stomach would overtake me. Then again I would have the terrible pains of Wind Colic. At such times I would try to belch and could not. I was working then for Thomas McHenry, Druggist, Cor. Irwin and Western Ave., Allegheny City, Pa., in whose employ I had been for seven years. Finally I used August Flower, and after using just one bottle for two weeks, was entirely relieved of all the trouble. I can now eat things I dared not touch before. I would like to refer you to Mr. McHenry, for whom I worked, who knows all about my condition, and from whom I bought the medicine. I live with my wife and family at 39 James St., Allegheny City, Pa. Signed, JOHN D. COX.

Woodbury, New Jersey, U. S. A.

ANOTHER PRINCE DIES.

The Deadly Influenza Now Claims Victor of Hohenlohe-Langenburg.

LONDON, Jan. 2.—The influenza continues to claim victims among the princely families of Europe, the last person of that class to die from the disease being Prince Victor of Hohenlohe-Langenburg, who succumbed to the disease yesterday at his residence, Engine Court, St. James' Palace. He was a son of the late Prince Hohenlohe-Lagenburg by a daughter of the Duchess of Kent, this making him a nephew of Queen Victoria. He was born November 11, 1833. Prince Victor had been ill for some time past, suffering from a cancer. He contracted influenza a few days ago, but it was supposed that he was recovering from the effects of that attack. Complications suddenly set in, however, and he died to-day. He was an especial favorite of Queen Victoria, who has made many inquiries concerning him during his illness.

The Prince as Warrior And Artist.

Prince Victor, whose full name was Victor Ferdinand Francis Eugene Gustave Adolph Constantin Frederick of Hohenlohe-Langenburg, served in the Baltic and Black Sea and in the British naval brigade before Sebastopol in 1854-55. For his services before Sebastopol he was decorated by the Sultan of Turkey with the decoration of the fifth-class of the Order of the Medjidie. He also served in the China war in 1857 and was placed on the retired list of the British navy in 1873, with the rank of Admiral. In 1867 he was appointed Governor and Constable of Windsor Castle. In 1860 Prince Victor, who had formerly been known as Count Gleichen, resumed the name of Hohenlohe-Langenburg. He married in 1861 Lady Laura, sister of the fifth Marquis of Hereford. In 1887 the Queen appointed him a Knight Grand Cross of the Most Honorable Order of the Bath. He was the second brother of Prince Hermann Ernest Francis Bernard, the present head of the Hohenlohe-Langenburg branch of the Hohenlohe family and son of the late Ernest and therefore nephew of the Queen.

In common with many members of the Royal Family the Prince possessed a keen taste for the arts and has exhibited statues at the Royal Academy in London and other exhibitions of sculpture since 1867. Among his numerous works are a fine marble group of "The Deluge," an ideal figure for his mother's grave at Baden; a monumental figure of his father-in-law, Sir George Seymour; an effigy of the late King of Hanover in St. George's Chapel, and the colossal statue of Alfred the Great, erected at Wantage, his reputed birthplace. Besides those he has executed busts almost without a number, including all the members of the royal family. Count Gleichen's work is always graceful and pleasing, and many of his potraits are remarkably successful.

Mrs. Osborne Not to Be Arrested For Fear it Will Kill Her.

LONDON, Jan. 2.—Many stories have been told concerning the suspected whereabouts of Mrs Ethel Osborne, whose theft of the jewels of her friend, Mrs. Hargreaves, has been the cause of much scandal in aristocratic circles in which both ladies moved.

Mrs. Osborne's friends state that she will not be arrested. They say that her health has been shaken by the terrible strain she has undergone ever since the loss of the jewels was first discovered. She has otherwise been in a delicate condition for seven months, and should she be arrested her imprisonment would be almost certain to result in her death.

TO DECORATE A TREE.

No Light Thrown as Yet on Her Mysterious Death at Naples.

LONDON, Jan. 2.—The latest advices from Naples do not lighten the mystery of Miss Browning Wellesley's death.

It is admitted now as almost beyond doubt that the deceased was subjected to an outrageous assault, and that heart disease, which killed her, resulted from fright.

The British Consul has offered $400 reward for evidence leading to the conviction of her assailant.

The English chaplain at Naples says deceased was devout in her religious observances. She seems to have been solitary in her habits and of a nervous and gentle temperament.

His Heroism Unavailing.

OTTAWA, Dec. 31.—A boy named Lewis Harmer, 15 years of age, was skating on Snake Creek, on the Gatineau, near Wakefield, with another lad named Albert Hogan, when the latter broke through the ice. Harmer went to Hogan's assistance but broke through and was drowned. Hogan was saved by hanging to the ice.

Windsor Postoffice Robbed.

WINDSOR, Dec. 30.—The Essex postoffice was entered by thieves last night and considerable mail matter destroyed in a search for money. Only one registered letter was rifled. Kellert's clothing store near by was entered and three full suits of clothing, besides a number of other things, taken.

Children Cry for Pitcher's Castoria

IT DON'T PAY.

Consequently the Dynamite Style of Warfare Has Been Abandoned.

DUBLIN, Jan. 2.—The Express (Independent Conservative), commenting upon yesterday's explosion at Dublin Castle, admits that it is impossible to attribute political motives to the affair. Not long ago, The Express says, an explosion would have been a good investment and would have brought dollars from America, but since that time that style of political warfare has ceased to pay. The persons who were formerly engaged in dynamite politics have of recent years found their occupation gone.

The National Press, the organ of the McCarthyites, says it does not think the explosion can be attributed to an accident. It was undoubtedly the disgraceful and cowardly act of some blackguards for which it would be unjust to hold the Irish people responsible. There is no doubt, the paper says, that the Tories will try to make political capital out of the explosion. They would be very willing to sacrifice a few panes of glass from the castle windows for the sake of being furnished with an argument against the granting of Home Rule to Ireland.

London Opinion.

LONDON, Jan. 2.—The Globe, which for more than sixty years supported the Liberal party, but which since 1886 has been a staunch Conservative organ, yesterday says that the explosion yesterday at Dublin Castle was undoubtedly of malicious origin. Possibly Ford, Sullivan and company deem it necessary to stimulate the generosity of the American Irish in behalf of the cause. There are men in the U. S., The Globe declares, who would not think twice of blowing up Dublin Castle if that appeared to be the most likely means of filling their pockets with dollars.

The Globe adds that the authorities should take all these facts into consideration and should not be in a hurry to attribute the outrage to a lunatic. There are many professional dynamiters in the United States, it says, who would jump at the chance of a lucrative job.

The St. James Gazette, which is an independent supporter of the Conservative party, also has an article this evening on the Dublin explosion. It says that, although there is no doubt that O'Donovan Rossa will assume the credit of instigating the explosion, it seems unlikely that the affair was the result of a political plot.

The New Northwest Government.

REGINA, Jan. 2.—The new government for the Northwest Territories was announced yesterday. It will comprise Haultain, member for McLeod, Clinkskill of Battleford, Neff of Moosomin and Tweed of Medicine Hat. Mr. Haultain will be leader. It is rather surprising to find Dr. Brett left out of the Cabinet.

Whooping cough, croup, sore throat, sudden colds, and lung troubles peculiar to children, are easily controlled by promptly administering Ayer's Cherry Pectoral. This remedy is safe to take, certain in its action, and adapted to all constitutions.

A Sensible Statement.

SIRS,—Having used your Burdock Blood Bitters successfully for some time past, I must state that for my complaint of biliousness and acid stomach I have never found an equal, and I continue to use it and recommend it to my friends and neighbors.
W. SUTTON,
dw St. Thomas, Ont.

Failing Fast.

DEAR SIRS.—My mother was failing very fast after three months' suffering from dropsy being swollen from head to foot, but after she had used one bottle of your Burdock Blood Bitters it was removed, and she felt quite well. We think there is no better medicine, and are true friends to B.B.B.
MISS LEVINA TAYLOR,

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it, while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

CARTER MEDICINE CO., New York

FLAX-SEED EMULSION COMPOUND

BRONCHITIS

136 Lexington Ave.,
New York City, Sept. 19, 1888.
I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results.
JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N. Y., Feb. 14th, 1889.
I have used your Emulsion in a case of Phth (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form.
J. H. DROGE, M. D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 20th, 1888.
I can strongly recommend Flax Seed Emulsion as helpful to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility.
JOHN F. TALMAGE, M. D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1888.
I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use.
D. A. GORTON, M. D.

WASTING DISEASES

127 West 24th St.,
New York, Aug. 6, 1888.
I have used your Flax-Seed Emulsion Compound in a severe case of Malnutrition and the result was more than hoped for—it was marvelous, and continuous. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

CONSTABLES FIGHTING SOLDIERS.

The Latter Desired to Settle an Old Score Before They Left Jamaica.

KINGSTON, Jamaica, Jan. 4. A serious collision has occurred between the police and a number of privates belonging to the West Indian Regiment at Kingston, Jamaica, and several of the former were only rescued from the clutches of the soldiers after they had been well mauled.

The First Battalion of the West Indian regiment are under orders to proceed to Sierra Leone, on the east coast of Africa, and it would appear as if the soldiers had an old score which they desired to have settled with the constables before they left the shores of Jamaica. In January of the past year the soldiers of the same battalion got mixed up in a general fight between the police and some women, in the course of which a large number of constables were seriously injured.

The result was that the soldiers were confined to the barracks for some time after the fight, while a goodly number of them were courtmartialled and many of them were somewhat severely punished. The old grievance seems to have rankled in their breasts, and they were determined not to leave the island till they had avenged themselves for he punishment they were forced to undergo on the testimony of a few scared constables. The battalion had been moved into the city in the course of the day for embarkation on board the troop ship Atlas, which was lying in the harbor to convey them to Africa. Shortly after midnight the soldiers began to assemble in the neighborhood of the Jubilee Market, which is thickly populated with the lower classes of the community. About 9 o'clock they began to patrol the streets in that district in groups of about 50 each, and the force of constables on duty was considerably increased, while a larger force was held in reserve at the Police Headquarters. Shortly after 9 o'clock a large body of the soldiers made a rush on the police at West Queen-street and two of the constables were badly beaten, being unable to hold out against the overwhelming numbers.

The soldiers then made a rush toward Orange-street, where they again attacked the police, and in the melee a corporal of the police sustained severe injuries to his head and limbs. Meanwhile intimation of the fight had been sent to the Police Headquarters at Sutton-street, and Inspector Wedderburn, with a large force of constables, arrived on the scene. The soldiers had, however, abandoned the attack and contented themselves by watching the movements of the policemen. The inspector of police very wisely did not attempt to make any arrests, and it now became a case of the opposing forces watching each other. Citizens form a barrier. By this time large crowds of the citizens had begun to assemble, and they formed a barrier between the police and constables. The soldiers seemed to realize that their rowdy career had been checked in the city at least, and if they were to find any more victims on whom to avenge themselves they must necessarily change their grounds.

After some consultation the soldiers formed into line and with steady, measured step made for the outlying or district police stations, but here disappointment was laid up in store for them, and while the police in the city had allowed them to march out in order the district constables were in readiness to receive them. Inspector Wedderburn had anticipated this move on the part of the soldiers and had in the course of the day drafted large bodies of police into all the districts that were likely to be attacked.

The soldiers afterward returned to the city, but had to content themselved with doing street patrol duty and occasionally raising a cheer. Information had been sent to Up Park Camp, from which the soldiers had come that day, and a picket from there reached the city at midnight. Quiet was soon restored and the soldiers have embarked on board the troop ship.

A Wreath on Parnell's Grave.

DUBLIN, Jan. 4.—At Glasnevin Cemetery to-day the mother, brother and sister of the late Charles Stewart Parnell placed on his grave a floral Celtic cross with the inscription: "May the principle for which he died freshly revive with the new year and live forever."

England Alone Restrains the Khalifa.

LONDON, Jan. 4.—Cairo despatches say that Emin Pasha has reached the Nile and has seized a steamer belonging to the Khalifa. Osman Digna is probably holding the office of Emir of Berber. The Khalifa states that he could easily conquer Egypt but for the English.

Plan of Campaign.

DUBLIN, Jan. 4.—It is reported that the plan of campaign has been extended to Capt. Hill's estate at Gweedore Donegal, where only twelve out of eight hundred tenants have paid their rents.

Sending Troops to the Frontier.

LONDON, Jan. 4.—A despatch from Sebastopol says that within a fortnight two divisions of infantry have been sent to the Austro-Russian frontier, and that since August nearly 90,000 men have been massed there.

Floods in Austria.

VIENNA, Jan. 4.—Disastrous floods are reported in Upper Austria. Many bridges have been damaged by rising rivers, and hundreds of trees uprooted.

Revolted Against the Sultan.

GIBRALTAR, Jan. 3.—It is reported that the tribes in the vicinity of Tangiers are in open revolt against the Sultan of Morocco.

WEALTHY DETROITER MISSING.

Ten Detectives and the Local Police Force Searching for W. W. Hannan.

DETROIT, Mich., Jan. 4.—Ten detectives and the entire city police force are bending every energy to discover some trace of the whereabouts of W. W. Hannan, a wealthy and prominent real estate agent, who mysteriously disappeared about 10 o'clock last night. Hannan is one of the best-known and most enterprising men in the city, is worth about a quarter of a million dollars, has a high character for honesty and morality, and the city is, in consequence, much excited over his strange disappearance.

He left his home early last evening to make a business call on H. G. Levy at the Hotel Cadillac. About 9.30 o'clock Hannan departed from the hotel, going in the direction of his home, about two miles distant. From the time he left the hotel steps until now not a trace has been found of him. He has disappeared as completely as though the earth had opened up and swallowed him.

Several theories are advanced in exlanation of his condact. The one most generally believed is that he has been abducted and is now being held for ransom. The recent abduction of Joseph Perrin, a wealthy miller of this city, by five men, who held him prisoner for 48 hours in an effort to secure $20,000 as ransom, is brought vividly to mind in this connection, and many of Hannan's friends are of opinion that he has been spirited away with similar purpose.

A second theory is that he has met with foul play. Hannan always wore on his person a number of valuable diamonds, and was known to carry large sums of money. The police are inclined to believe that robbers have waylaid him, and in the struggle which ensued killed him and concealed the body. His family thinks he has wandered away during a fit of aberration induced by overwork.

His conduct all day yesterday and his interview with Levy last evening go to show, however, that he was not deranged in mind in the slightest, and was enjoying excellent health.

INSURANCE CIRCLES.

City of London Fire Ceases to Write Business.

NEW YORK, Jan. 4.—The City of London Fire Insurance Company of England ceased writing business in the United States Saturday, discontinuing all acceptances, and will let all its risks run off its books. The move is an important one, but is not generally a surprise to underwriters. John C. Paige of Boston, United States manager of the company, issued a notice to agents in which the following appeared:

"The directors of the City of London Fire Insurance Company have decided to discontinue the acceptance of risks in the area of this branch, and you are notified that your authority to accept new risks or continue ones is canceled from this date. The licenses of the company will be renewed in all the states in which it does business, and your authority as agent will be contained to make indorsements and to generally transact such business as may be incident to carrying out the contracts and obligations, the company has entered upon, as it is decided not to reinsure, but to carry its risks to maturity. The company is thoroughly solvent and its policies are good."

BRAKEMAN HERRICK.

He and Train Despatcher Osman Give Bail to Appear.

YONKERS, N. Y., Jan. 4.—The train which reached the Yonkers depot at 11.15 o'clock Saturday contained among its passengers Chief Detective Humphreys of the New York Central Railroad and Train Despatcher Osaman, who was held partially responsible by the coroner's jury for the disaster on the New York Central and Hudson River at Hastings on Christmas eve. At 11.25 the detective and Osaman, who was accompanied by a lawyer from the New York Central office reached Coroner Mitchell's office. The lawyer had been assigned by the railroad company to protect the interests of Osaman. His bonds were ready and the preliminaries before the coroner were brief.

Timothy Herrick, father of Albert Herrick, the brakeman who was charged with manslaughter by the coroner's jury for the same accident, was on hand to look after his son, who was expected every moment. At 11.45 Albert Herrick arrived with his counsel, Lawyer Walsh. William R. Dinsmore, one of the directors of the Adams Express Company, was on hand to go on Albert Herrick's bond. Herrick refused to say a word. He walked into the coroner's office with his lawyer and gave himself up. He was immediately surrounded by a number of reporters, who asked him a thousand questions, but Lawyer Walsh said to him: "Herrick, don't you say a word," and Herrick refused to speak. At 11.55 o'clock Albert Herrick, Osaman, Detective Humphreys and Deputy Sheriff Verplanck of Westchester county, got into a closed carriage and drove off to White Plains, where Herrick and Osaman will give bail before Judge Eykeman in the Supreme Court. They were followed in another carriage by their bondsmen and lawyers.

Herrick and Osaman were both released on bail.

TRAVELED IN MEN'S CLOTHES.

Story of a Missouri Maiden Who Uses a Revolver for a Railroad Pass.

MOULTON, Iowa, Jan. 4.—This place has had considerable to talk about the last three days on account of the strange action of a young woman from Browning, Mo. Last Saturday she clad herself in male attire, and boarding a night stock train on the Kansas City Railroad came to this city. When the conductor asked her for her ticket she presented a revolver and remarked that she guessed it was good for her passage to her destination. The conductor said it was a better haud than he held and passed on to the next station.

Arriving here the young woman went to a hotel and secured a room. That night she took morphine with suicidal intent. Her groans aroused the guests, and one Bentley and the hotelkeeper went into the room and discovered her condition. A physician was called and succeeded in saving her life.

Word was sent to her parents at Browning, and her mother came up and pleaded with her to go home, but the girl refused to do so, having taken a strong liking to young Bentley. Then the girl was put under arrest and taken to the Gault House and locked into a room. One os Mr. Bentley's friends followed and went into the room, and by force took the girl back to the first hotel. Papers were issued for her arrest on the ground of insanity, but Mr. Bentley's young friends, in his absence, have taken it upon themselves to secrete the strange acting girl so that the officer cannot find her.

CRUEL WAY TO STEAL.

A Poor Girl Pays $5 for a Bogus Telegram Announcing Her Father's Death.

LEON, Ia., Jan. 5.—Miss Rachel Lundegreen, who is working in Argentine, Kan., arrived in this city expecting to find her father dead. When she found him in his usual good health she was overjoyed but greatly surprised.

She said a young man had handed her a telegram in Argentine which said that her father was dead, and she paid the fellow $5 charges that he claimed to be due.

She is a poor girl and the loss by the trip and bogus telegram is heavy upon her.

The New Duke of Devonshire.

LONDON, Jan. 4.—G. W. Smalley cables: It was ever one of Lord Hartington's merits that he did put things fully and fairly before the people. He will, I think, continue to do so. As the Duke of Devonshire, he retains his leadership of the Liberal Unionist party as a whole. Lead it in the House of Commons he cannot. Lead it before the country he can and will. There is no more reason why he should pass out of public life than why Lord Salisbury should or Lord Rosebery should. He will continue to give his party and his country the benefit of his counsel, his well-earned authority, his great knowledge of affairs, and his devotion to the union.

Killed by His Slipper.

GUELPH, Ont., Jan. 4.—Dr. Orton died this afternoon from blood-poisoning, after a few days' illness, caused from the green lining of his slippers. He was a brother of Dr. Orton of Winnipeg.

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. DIED BITING HIS MOTHER.

Eddie Ball Squirmed and Yelped Like a Mad Dog.

NEW YORK, Jan. 5.—Eddie and Harold Ball, aged 4 and 6 years respectively, of No. 340 Second-street, Harrison, were playing about a month ago in Passaic-avenue. A shout of "Mad dog!" reached them and a huge mastiff tore along the avenue and made straight for the boys, who were too frightened to jump out of the way. The brute bit Eddie's nose and then its teeth pierced his left ear. The animal turned on Harold and bit him three times on the head. Chief of Police Turnbull shot the animal, which was subsequently pronounced to have been suffering with rabies.

Edward began to show unfavorable symptoms last Wednesday. He had several violent spasms and refused any nourishment. The boy would also tear and bite at everything within his reach as he rushed around the house in agony. He was put to bed Friday last and had a succession of spasms. Everything in the room, with the exception of the bed he lay on, had to be removed, as the sight of even a piece of furniture drove him into convulsions. A piece of white cloth held before his eyes would bring on a spasm, and the trickling of water would make him foam at the mouth.

Injections of morphine were given to ease the boy's pain. After the injection the little sufferer slept for a while, but on awakening would tear the bedclothes. An hour later he seemed possessed of the strength of a man. He yelped, kicked, squirmed and bit every one at his bedside. His mother and Mrs. Wade, his aunt, had to hold him down.

The little fellow foamed at the mouth and strained terribly, while the tears of the watchers at his bedside fell fast on the boy's distorted face. At last the end came, shortly before noon yesterday, and the boy fell back dead.

The boy Harold does not show any symptoms of the disease as yet, but he moved around uneasily yesterday and his face was flushed.

IN FAMINE-STRICKEN KOURSK.

The Horrible Stuff That the People Have to Eat.

ST. PETERSBURG, Jan. 5.—In an interview the proprietor of a small estate in the famine-stricken province of Koursk, who is now visiting the capital, tells of the misery that prevails about his home. He expresses surprise at the gaiety and luxury to be seen here, as being in such violent contrast with the suffering in his own district. He says the people there are reduced to the necessity of burning their door and window frames for fuel and pulling the thatch from the roofs of cottages to feed the few cattle still unkilled. He continues thus: "The horrible compounds eaten in order to stave off the pangs of hunger induce disease, the progress of which is most rapid among the inmates of the overcrowded houses, where whole families are huddled together for shelter. After denuding their own houses, many of the suffering peasants band together and politely but forcibly compel more fortunate neighbors to divide their resources with them. Government relief is wrongly allocated. It always comes too late. Local officials desiring to hide the true state of affairs, organized banquets and gambling parties for the entertainment of government commissioners sent to the districts. Any attempt to send appeals direct to the Czar is nipped in the bud by the officials, with threats of expulsion, if such an attempt is repeated."

It is reported that the flour recently bought by the municipal authorities, which was found to be adulterated and totally unfit for use, was originally intended for export, and if it had not been for the decree prohibiting the exportation of flour the fraud might never have been discovered. A thousand wagon loads of corn, which was sold by a large exporting firm to the town of Samaria, has been found to be similarly adulterated. The practice of adulterating food supplies is becoming universal and Gen. Gressar, chief of the St. Petersburg police, is taking the matter in hand. The Czar has given offence by declaring publicly that no famine exists and that there has been merely a partial failure of the crops. This expression of opinion is general in official circles.

Agricultural Hall Burned.

ALMONTE, Jan. 5.—Fire broke out in the north end of the agricultural hall, which was completely destroyed. The building had been in use as a skating rink. Loss, $2500; insured for $1000.

Ridgetown Votes for the Railway.

RIDGETOWN, Ont., Jan. 5.—The bylaw to aid Detroit, Lake Erie and Essex Railway was carried here to-day by an almost unanimous vote, as follows: 297 for, 24 against. The sum voted is $12,000.

Two More Vacancies.

TORONTO, Jan. 5.—The South Ontario election petition was allowed by the judge at Osgoode Hall yesterday, and Mr. J. I. Davidson (Lib.) loses his seat.

Judgment was also given in the East Middlesex election case. Mr. Joseph Marshall was unseated.

AWFUL AFFAIR REPORTED FROM RUSSIAN POLAND.

A Physician Returns to Consciousness in His Coffin and Frantically Endeavors to Raise the Coffin Lid, Subsequently Dying of Suffocation.

ST. PETERSBURG, Jan. 5.—Intelligence reached here yesterday of a fearful accident that occurred at Proschivitaaks, a village in Russian Poland. It appears that a physician who had been practicing at that place, recently became ill, and to all appearance died. The body was prepared for burial and conveyed to the village cemetery, where it was interred.

A few hours after the mourners had departed from the cemetery some men who were engaged about the ground were startled by hearing a succession of the most unearthly shrieks, which to all appearance came from the newly filled grave. They decided to investigate the matter. The earth was hastily removed from the grave and the coffin lifted out. Upon opening the coffin it was found that the doctor had been alive when he was buried, but that he had subsequently died from suffocation.

The body gave evidence of the terrible agony endured by the physician when he regained consciousness and found himself in his coffin. He had made almost superhuman efforts to burst off the coffin lid, but the weight of earth prevented this and then frantic with the horror of his situation the imprisoned man had bitten his fingers to the bone, he had turned on his side and in the agonies of suffocation had beaten his forehead against the coffin until his head was terribly bruised. The affair has caused great horror.

KILLED HIS RIVAL.

Editor Flores Picks a Quarrel With Young Rasch and Kills Him.

BOGOTA, Colombia, via Panama, Jan. 5.—Bogota society is shocked by the assassination of young Ernest Rasch, the son of a leading local merchant, by Editor Flores of El Gladiator, who had been his rival for the hand and heart of one of the most beautiful of the national capital's social stars.

Rasch and a friend named Paez were at the Cafe Gaudalquiver when Florez appeared. After some conversation Florez spat in Rasch's face, and the latter struck Florez over the head with a heavy umbrella. Paez made an effort to come between them and stop the row, but without avail.

Florez drew a dagger from his umbrella handle and attempted to stab Rasch, but Paez warded off the blow.

Rasch grabbed up a footstool then and hurled it at Florez's head. The latter drew a revolver and shot Rasch dead, then walked to the police headquarters and gave himself up. An investigation of the case promises to develop several sensational features.

Death or Illness of Many Noted Men.

BRUSSELS, Jan. 4.—The great political economist and writer, Emile de Laveleye, died to-day at a friend's house at Devon, near Liege, suddenly from an attack of influenza.

He was well known throughout the civilized world before being called to the chair of political economy at the University of Liege.

Guy de Maupassant, the well-known litterateur attempted to commit suicide at Cannes. He fired six revolver shots in his head during an attack of delirium; but as his servant had taken the precaution to draw the balls, M. de Maupassant was not injured. Then with a razor he tried to cut his throat, inflicting a bad but not fatal wound in the neck. He is reported to be now much calmer.

A TOBACCO RIOT.

Many Killed by Troops in an Attempt to Disperse a Mob.

TEHERAN, Jan. .—A riotous mob assembled at the Shah's palace to demand satisfaction for the tobacco monopoly. The Shah's son, who is Minister of War, failed to pacify the mob and a detachment of troops was then ordered to disperse the rioters. Several persons were killed in the encounter. The feeling of alarm has not yet subsided.

The Pahang Revolt.

LONDON, Jan. 5.—Advices from Pahang, capital of the state of that name on the Malay Peninsular show that the rising among natives, which began on Dec. 24, has become general. At the beginning of the outbreak armed police were sent to put down the revolt, but it has been found the rebels were in too strong force for the police to cope with them. The British Resident and the Sultan with a strong force of Malays have gone to suppress the revolt.

They Lacked a Quorum.

DUBLIN, Jan. 5.—No little comment has been occasioned by the action yesterday of a majority of the corporation of the City of Dublin. A meeting of that body had been fixed for to-day, the object being to draft an address of congratulation to the Queen upon the approaching marriage of her grandson, the Duke of Clarence and Avondale, to Princess Mary of Teck. When the time for opening the meeting came around it was found that not enough members were present to form a quorum, and a sufficient number did not put in an appearance.

The Noordland Collision.

LONDON, Jan. 5.—The steamer Noordland, from Antwerp, January 2, for New York, which was in collision with the British barque Childwell, has returned to Antwerp. Her bows were stove in in the collision. The steamer Wyoming at Liverpool, from New York, reports on December 29 she passed the steamer Regina from New Orleans for Bremen, having in tow the British steamer Llandaff City with her shaft broken. The Llandaff City sailed from New York December 7 for Liverpool.

SWALLOWED THE ROSARY.

A Crank Who Thought the Beads Would Give Him Eternal Life.

PHILADELPHIA, Jan. 7.—Inspired with the idea that his act would give him everlasting life James Mullen, while demented, forced down his throat the rosary which he wore around his neck. To accomplish this he used a 10-inch long stick which went down also. The brass cross on the rosary caught in his throat and this probably saved the madman's life. When the police arrived Mullen was black in the face. Vigorous thumping caused the ejectment of the rosary, which was two feet long and contained 50 beads.

Children Cry for Pitcher's Castoria.

MUNICIPAL ELECTIONS.

HOT FIGHT IN SEVERAL OF THE PLACES.

Osler Defeated in Toronto and Sunday Street Cars Also Voted Down—An Immense Vote Polled—Two Members Unseated—General Canadian News.

TORONTO, Jan. 5.—Yesterday witnessed one of the most exciting contests for the mayoralty in this city, no less than 22,264 votes being polled. There were four candidates, R. J. Fleming, E. B. Osler, John McMillan and James Beaty. The latter was not in the running, securing only 603 votes. The real contest was between Fleming and Osler, the vote at the close standing:

Fleming	8604
Osler	8365
McMillan	4709
Fleming's plurality	239

Added interest was given to the contest—in fact the greatest factor of the campaign was the question of running street cars on Sunday, the immense total of 24,262 votes being polled. Of this number 14,230 voted against the running of cars on Sunday and 10,324 favored Sunday cars.

The vote on free schools resulted in the carrying of the measure. For, 12,040; against, 7993. Majority 4069.

Mayors Elected Yesterday.

Paris—H. Stroud.
Orangeville—Johnston Lindsay.
Bowmanville—W. F. Allen.
Lindsay—Duncan Ray.
Alliston—Dr. Armstrong.
Whitby—James Campbell.

Will Probably Die.

TRENTON, Jan. .—Robert Carr, while attempting to jump off the front end of a passenger car on the C.O.R. at a road crossing, slipped and fell back under the train, the wheels crushing one arm above the elbow and one leg above the knee and injuring him about the head. Recovery doubtful.

Dropped Dead While at Work.

HAMILTON, Jan. .—William Fagan, an old man who has been doing odd jobs at Burgess' Imperial Hotel, John-street south, for some time, dropped dead this afternoon, between 2 and 3 o'clock, while working around the hotel.

The body was taken in the patrol to the hospital. Dr. White, who was notified, did not consider an inquest necessary.

Shot in the Shoulder.

BERLIN, Ont., Jan. 5.—As a young man of this town named Cramer was walking past Herteises blacksmith shop, he was shot in the left shoulder by some one unknown. There is not the slightest clue as to who did the shooting, though it is thought that some persons were fooling with a pistol, when it was discharged, the ball striking Cramer in the shoulder.

Under the Wheels.

PORT HOPE, Ont., Jan. 5.—John Harrigan, baggageman at the Grand Trunk station, was returning to his home in Alexander-street with Mr. Boundy, when he undertook to crawl under it rather than walk around. While he was between the wheels the train started and he received terrible injuries, but may recover.

Sudden Death at Belleville.

BELLEVILLE, Jan. 5.—Mr. J. M. Hyde, health inspector for the city, died suddenly last night, the immediate cause being apoplexy. On Monday last the deceased sustained a fall which injured his spine, confining him to the house. Yesterday he was somewhat better, but the fatal stroke descended near midnight.

All the Foundries in the United States Gobbled Up.

BUFFALO, Jan. 5.—C. M. Lyman of the firm of W. E. Lyman & Son, type and electrotype founders, related the story of big deal in which an English syndicate has invested $25,000,000 to $30,000,000. This syndicate has bought all the type foundries in the United States. Besides Lyman's works there four in New York, four in Chicago, one in Cleveland, two each in St. Louis, Cincinnati, San Francisco, Philadelphia and Boston, and one in Baltimore. A few of the smaller foundries may be moved to the south or west and some of them may be closed. The foundries are to sell out absolutely to the syndicate.

NASAL BALM

It is a certain and speedy cure for Cold in the Head and Catarrh in all its stages.

SOOTHING, CLEANSING, HEALING.

Instant Relief, Permanent Cure, Failure Impossible.

Many so-called diseases are simply symptoms of Catarrh, such as Headache, partial Deafness, Loss of smell, foul breath, hawking, and spitting, nausea, general feeling of debility, etc. If you are troubled with any of these or similar symptoms, you have Catarrh, and should lose no time in procuring a bottle of NASAL BALM. Be warned in time, neglected cold in head results in Catarrh. Followed by consumption and death. NASAL BALM is sold by all druggists, or will be sent, post paid, on receipt of price (50 cents and $1 00) by addressing

SHILOH'S CONSUMPTION CURE.

The success of this Great Cough Cure is without a parallel in the history of medicine. All druggists are authorized to sell it on a positive guarantee, a test that no other cure can successfully stand. That it may become known, the Proprietors, at an enormous expense, are placing a Sample Bottle Free into every home in the United and Canada. If you have a Cough, Sore Throat or Bronchitis, use it, for it will cure it. If your child has the Croup, or Whooping Cough, use it promptly, and relief is sure. If you dread that insidious disease Consumption, use it. Ask your Druggist for SHILOH'S CURE, Price 10 cts., 50 cts. and $1. If your Lungs are sore or Back Lame, use Shiloh's Porous Plaster, Price 25 cts. dw

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for six months.

Daily Examiner.

TUESDAY, JANUARY 5, 1892.

THE ELECTIONS.

The municipal elections yesterday passed off with as little friction as might be expected in the spirited conflict that was waged. As to the result of the elections, it will take time to show whether the popular choice has been a wise one or not. At any rate it is decisive. Mr. Kendry has been elected by a large majority, which was expected by those who noticed the trend of the contest. Mr. Kendry entered into the campaign with energy and worked from start to finish, as if his future depended upon the result, while Mr. Davidson depended upon his record and his services, and did not make that exhaustive personal canvass which seems to be absolutely necessary to success in an electoral contest. Mr. Kendry moulded into harmony, several conflicting interests, having at his back the solid temperance vote, while at the same time he had an entirely opposite influence working energetically in his behalf. Add to this the influence of two-thirds of the Conservative party, which showed itself yesterday without any apparent attempt at disguise and the personal support of a number of Liberals, and we have a combination which, while it does not furnish wise grounds upon which to base the claims of a candidate to a municipal position, easily accounts for Mr. Kendry's success at the polls. It is now incumbent upon him, if possible, by his administration of civic affairs to justify the confidence of his supporters. On the other hand Mr. Davidson merited better recognition of his undeniably valuable services as a councillor. The people, as was their right, evidently saw fit to decide the contest on other grounds beside the fitness of the respective candidates. However, the mayor elect will have the support of the EXAMINER and the ratepayers generally in any effort he makes to promote the interests of the town.

In ward Number One Mr. Henry Best succeeds Mr. Davidson, and Messrs. Winch and Cahill being re-elected. Mr. Best is a careful man and should make an excellent councillor. Mr. White and Mr. Rudkins made a good showing at the polls, and should not be discouraged at their *first* attempt. There was a very large vote polled, and for two young men, who could not have time to make a personal canvass, received very creditable support.

In Number Two Ward Messrs. Kelly and Bradburn have been re-elected, and Mr. A. V. R. Young succeeds Mr. E. H. D. Hall, and will require to give a good deal of time and attention to municipal matters to emulate the record of Mr. Hall, who was the most prominent factor in bringing to Peterborough the Edison Company. Mr. Young will no doubt apply himself diligently, and h will have to be judged at the close of his term as to the success of his efforts to worthily represent his ward.

In Number Three Ward, Messrs. Meldrum and Dawson have been again returned, while Mr. Ferguson succeeds Mr. Moore, who made a good all-round councillor, whose service in connection with collating the information required to decide the matter of the Street Railway Franchise were very creditable. Mr. Ferguson has had a large experience in dealing with large matters, as superintendent of th Midland Railway and also as agent of the Rathbun Company, and will, no doubt, worthily fill the position.

In Number Four Ward Mr. Dennistoun has been re-elected, and Mr. Malhern and Mr. Mollwain succeed Messrs. Kendry and Langford. Both of the new members will make good councillors, and doubtless give the town effective service. Mr. Langford, whose services the people have seen fit to dispense with, was an active and attentive councillor, and one act of his especially deserves recognition—his naming fully and numbering the streets of the town.

The council as now constituted is the choice of the people, and it is the duty of all good citizens to help the new council in all its deserving endeavours to promote the interests of the town—and to watch it as well. The present year will demand the best energies of the council in the carrying out with due and sole regard to the interests of the town, of the various details of business in connection with the Street Railway and the sewerage system. In both of these we will expect that the business will be done in a business-like manner without regard, within of course the limits of equity, to any other interests than those of the Town of Peterborough.

One thing the new town council must attend to in due time is the providing of better facilities for voting. One polling place in each ward is entirely insufficient, as was shown yesterday. Voters in many instances had to wait as long as an hour for the chance of casting their votes, and with the intense cold it is something that should be provided against. The vote was a large one, and would, perhaps, have been larger if proper facilities for voting had been provided.

In Ashburnham all the old councillors have been elected, except Mr. Calcutt, who is succeeded by Mr. Frank Adams, who is a young man of good business training and should make a good member of the council.

The Best Authorities,

Such as Dr. Dio Lewis, Prof. Gross, and others, agree that catarrh is not a local but a constitutional disease. It therefore requires a constitutional remedy like Hood's Sarsaparilla, which effectually and permanently cures catarrh. Thousands praise it.

Hood's Pills cure liver ills, jaundice, biliousness, sick headache, constipation and all troubles of the digestive organs.

Winter Sports.

The gay winter season exposes many to attacks of colds, coughs, hoarseness, tightness of the chest, asthma, bronchitis, etc., which require a reliable remedy like Hagyard's Pectoral Balsam for their relief and cure. Known as reliable for over thirty years. The best cough cure. dw

If you had taken two of Carter's Little Liver Pills before retiring you would not have that coated tongue or bad taste in the mouth this morning. Keep a vial with you for occasional use. dw

Find Out The Meaning Of Reflex!

Self Application of Electricity

FOR MEDICAL PURPOSES

BY THE

DORENWEND ELECTRIC BELT

And Attachments.

HEAD OFFICE—168 Yonge St., Toronto

THE WORLD'S BEST.

ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, constant current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT OF QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER and KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DECLINE and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and combines the best in the world; we defy anyone to bring proof to the contrary.

Do not close this file with the humbug compositions of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy THEM not, if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D. TULLY, Agent, Peterborough. 2d2 w

SPOONER'S

PHENYLE

(Spooner's Patent.)

The Most Effective Powdered Disinfectant Deodorizer and Germicide known to modern science.

Manufactured by ALONZO W. SPOONER, Sole Proprietor, Port Hope, Ont.

Destroys offensive odors—Corrects death in insect life—Prevents contagious diseases, and those arising from foul premises, and overcomes them generally. For residences, halls, stores, factory offices, business places, halls, stallions, stables, animal pens, &c., &c., and will save many doctors. No family should be without it.

HENRY BEST,

New Market Block.

Death of Lieut.-Col. Gillmor.

The Venerable Clerk of the Legislative Assembly Passes Peacefully Away—Short Sketch of his Career.

Lieut.-Colonel Charles Todd Gillmor, Deputy Lieut.-Governor of the Province of Ontario, and for 24 years clerk of the Legislative Assembly, died at 9.30 o'clock Sunday night, at his residence, 256 Huron street. He had only been ailing since Tuesday of last week, when he caught a chill, but Dr. Strange, his medical adviser, did not anticipate serious complications until New Year's Day, when bronchitis and pneumonia developed, and the patient sank rapidly until Sunday evening, when he passed peacefully away at the hour mentioned.

Charles Todd Gillmor was the son of Gowan Gillmor, of Balligrass, County Sligo, Ireland, an officer in the British service. He was born in that place about 70 years ago, and was one of five children, his two brothers being Episcopalian ministers, and all predeceased him. The military instincts of the family were evidently inherited by young Gillmor, for early in life he joined the Sligo militia, and on July 10, 1839, was appointed an ensign in that regiment under Colonel John Irwin.

In March, 1858, he came out to Canada and almost immediately entered the office of the late Sheriff Jarvis, where he remained until the end of 1867, when he was appointed the first clerk of the new Legislative Assembly, his commission being dated December 26 and signed by Gen. Stisted, the first Lieutenant-Governor of the Province. On the same day he was also commissioned, in conjunction with the late William Henry Boulton, to administer the oath of allegiance to the members of the first Legislative Assembly. The office of clerk of the Local House he filled with general acceptance until a few weeks ago, when he retired from the position, and was appointed Deputy Lieutenant-Governor of the Province of Ontario. Very shortly after coming to this country he attached himself to the 3rd Battalion of the Toronto militia, and on January 24, 1862, he was gazetted an ensign therein. In 1863 he transferred to the 2nd Battalion Queen's Own Rifles, and on May 20, 1864, was appointed captain of the 7th Company, known as the old Civil Service Company, his certificate of qualification for a captaincy being signed by Col. George Peacock, President of the Board of Military Officers conducting the examination. He served on the frontier in 1865, during their uneasiness occasioned by the American civil war, and in 1866 while holding the rank of major in his battalion he commanded the Queen's Own at Ridgeway under Lieut.-Col. Booker. His appointment to the colonelcy of the Queen's Own in succession to Lieut.-Col. W. S. Durie was not made until the following year, but dated from June 1, 1866, the day before the memorable Ridgeway event. The following year he was stationed with his regiment at Stratford and afterwards at Thorold under Col. now Lord Wolseley.

In official, military and private life Lieut.-Col. Gillmor had many friends and few enemies. Of genial and courteous disposition, he was a universal favorite among the employees of the Ontario Government, and his familiar figure and cheery voice will be sadly missed around the Parliament buildings. In the ranks of the Queen's Own he was beloved and respected as an ideal soldier-citizen and an efficient officer, while in private life, his integrity, liberal sympathies and open handed hospitality won for him the good will and esteem of all classes of the community. He was a Royal Arch Mason and a member of the Grand Lodge of Ireland, his certificate dating from Dublin, May 4, in the Masonic year 5853, and being signed by the Duke of Leinster. In Toronto he was on the membership roll of the Toronto and Victoria Clubs, and was a supporter of the Irish Protestant Benevolent Society.

At this season of the year the effects of catarrh and cold in the head are most likely to be felt, and danger to life and health will result if not promptly treated. For this purpose there is no remedy equals Nasal Balm. It is prompt in giving relief and never fails to cure. Beware of imitations and substitutes. Sold by all dealers, 50 cents a bottle. dw

Weather Notes for December.

PETERBOROUGH, Jan. 4.—December, 1891, has come to a close, and has left behind it a full proportion of accidents, suicides, murders and crimes of other descriptions; also leaving many a home lonely, fireside chair empty, and many hearts aching for ever absent friends. The month has been one of peculiarly mild weather and sudden changes, being the finest for the last eleven years, only reaching zero twice—6° below on the morning of the 17th and at zero on the 31st. The highest temperature was on the 26th, then going up to 42°, making the mean temperature of the month at 29 12 31°. December, 1881, comes next. Although never coming to zero, on the whole it was a lower temperature than 1891. Rain fell on 9 days to the depth of 2 inches and 17-100 of an inch; snow fell on 6 days to the depth of 6 inches. On the evening of the 7th several lights and on the 14th again. We had twice solar fog on the 16th and 21st, and one sunset with a bright golden eastern sky on the morning of the 4 h, indicating an approaching storm, which followed, 1 inch and 3-100 of rain falling. Once halos on the 21st and some wind but none approaching to a gale. The following are the different points from which the wind was blowing at sunrise during the month. Southwest, 10 days; west, 7 days; south, 4 days; northwest, 6 days, east, 1 day; and southeast, 3 days.

"Now is the winter of our discontent made glorious summer" by Ayer's Sarsaparilla. This wonderful medicine so invigorates the system and enriches the blood that cold weather becomes positively enjoyable. Arctic explorers would do well to make a note of this.

Cure for A Constipation and Headache.

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents a package. dw

Thanks to J. H. Adams.

As through him I have been freed from chills, biliousness, liver troubles, etc., etc. St. Leon Water did it; is the best medicine I ever found; is so good I tell all my acquaintances to go to your store in Brantford and get a supply. Truly, St. Leon is marvelous. A trial brings conviction. dw

Are free from all crude and irritating matter. Concentrated medicine only. Carter's Little Liver Pills. Very small; very easy to take; no pain; no griping; no purging. Try them. dw

Mount Pleasant.

(From Our Own Correspondent.)

Court Primrose, C.O.F., had a farewell supper on 28th ult. in honor of one of their brethren, Mr. Angus Morrison. The oysters were served in first-class style and ample justice done to them by the masculine assemblage. After supper Mr. Morrison was presented with a badge of the order, the presentation of which occasioned many speeches of regret over the departure of this brother, who had so well filled the calling of a member, as well as an officer, of the society. A short programme of songs, speeches, &c., prolonged the entertainment to a late hour, and with a vote of thanks to the Mount Pleasant orchestra for their musical part of the programme and singing of Auld Lang Syne, the meeting closed with the greatest good humor.

At the annual school meeting James McLean was elected trustee in the place of C. R. Courtney, retired.

There are six candidates for councillors in our township, three of whom will be sufficient for the magnanimous duties of this part of our municipal machinery. Whether the lo[illegible] drainage tax has changed [illegible] remains to be told on the 4th la[illegible]

The Methodist tea and entertainment on New Year's Day was a decided success. A good financial result and a happy time spent, were encouraging to the committees who had the work in hand. The tea was held in the I. O. G. T. hall, and in the church an excellent programme was rendered. The pastor invited the superintendent of the Sabbath school, Mr. W. S. Graham, to fill the duties of chairman which he did in an able manner.

The Sunday school children sang songs with good effect. Dr. Thompson gave a pleasing temperance reading; the choir contributed some well prepared selections, while Miss Ethel Sharpe and Miss Cook earned well merited applause by their recitations. J. D. Denny ably assisted with a reading. Miss Jenny Graham and Miss Eva Elliott by solos, which showed careful training and aptitude for such duties. Mr. J. A. V. R. Preston, of Millbrook, made a brilliant speech on Sunday School work, as did also Mr. Millar, of Omemee. J. W. McLean gave a short reading; Miss J. Graham and Flora Sanderson delighted the lovers of vocal melody with a duet, and near the close Rev. Mr. Banford, of Omemee, gave a very instructive and practical address on the "Probabilities and Possibilities of Life."

School opened January 4th, under the dictatorship of last year's teacher, Mr. J. D. Denny.

Mr. T. W. McLean has been re-engaged as teacher of Cavanvilla school at an advanced salary.

Miss Annie Best is in Toronto, taking lessons in the art of painting, we understand.

Mrs. W. J. McLean of Toronto, Mrs. W. G. Marsh of Richmond Hill and Mrs. J. F. Gill of St. Thomas, Dakota, are the guests of Mr. James McLean.

Miss Lou McIvor, of Millbrook, was visiting at the parsonage this week.

Mr. D. R. Gardiner of Peterborough was in the village on New Year's day.

Miss Emma Smith visited friends in Peterborough last week.

Mr. John Kells of Millbrook was in the village on New Year's day.

The Head Surgeon

Of the Lubon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada.

Consumptives?

Do not give up until you have tried Miller's Emulsion of Cod Liver Oil, which makes flesh and blood, is a positive cure for coughs, and colds, bronchitis, sore throats, and all lung troubles tending to consumption. Persons have been known to gain from five to ten pounds in weight by taking one bottle of Miller's Emulsion of Cod Liver Oil, which contains hypophosphites of lime and soda. In big bottles, 50c and $1, at Peterborough Drug Stores. dw

People Wonder

WHEN they find how rapidly health is restored by taking Ayer's Sarsaparilla. The reason is that this preparation contains only the purest and most powerful alteratives and tonics. To thousands yearly it proves a veritable elixir of life.

Mrs. Jos. Lake, Brockway Centre, Mich., writes: "Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony. I was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to do any permanent good until I began the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see an

Improvement

in my condition, my appetite began to return and with it came the ability to digest all the food taken, my strength improved each day, and after a few months of faithful attention to your directions, I found myself a well woman, able to attend to all household duties. The medicine has given me a new lease of life, and I cannot thank you too much."

"We, the undersigned, citizens of Brockway Centre, Mich., hereby certify that the above statement, made by Mrs. Lake, is true in every particular and entitled to full credence."—O. P. Chamberlain, G. W. Waring, C. A. Wells, Druggist.

"My brother, in England, was, for a long time, unable to attend to his occupation, by reason of sores on his foot. I sent him Ayer's Almanac and the testimonials it contained induced him to try Ayer's Sarsaparilla. After using it a little while, he was cured, and is now a well man, working in a sugar mill at Brisbane, Queensland, Australia."—A. Attewell, Sharbot Lake, Ontario.

WHAT IS REFLEX?

SUN LIFE

ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,255.92
Increase over previous year	2,421,272.84
New Applications received in 1890	6,371,522.15
Increase over 1889	2,265,555.60
Cash income for year ending 31st December, 1890	889,078 87
Increase over 1889	225,228.25
Assets at 31st December, 1890	2,473,514 19
Increase over 1889	657,691.47
Reserve for Security for Policy-Holders	2,109,422.63
Increase over 1889	547,730.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	143,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.94 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)		$64,924 07
" " " " 1886,		89,452 97
" " " " 1890, (four years)		232,175 69

Charity as Well as Honesty.

By reference to advertisement it will be seen that a purse containing a 20-dollar bill has been lost. As the family who met the loss can ill afford it, especially at this season of the year, the finder will not only do an honest, but also a charitable act in returning it as per advertisement.

Union Prayer Meeting.

The union prayer meeting will be held tonight in St. Andrew's church, commencing at 7 30 p.m. The Rev. Mr. Meikle, the evangelist is expected to arrive here on Saturday of this week and will preach next Lord's Day in St. Andrew's church. The hymn book chiefly used during these meetings will be "Sacred Songs and Solos." 750 pieces compiled and sung by Ira D. Sankey. All should procure a copy.

Charged With Stealing a Watch.

County police magistrate Edmison held a court this morning, when Joseph Hagan was charged with stealing a gold watch valued at $90 from Joseph Henshall. Prisoner elected to be dealt with summarily, and pleaded guilty. Evidence was given by complainant and an appeal was made for leniency by Mr. E. B. Stone, who appeared for the prisoner, on account of its being his first offence, and previous good character. He would never have taken the watch but for being drunk at the time, it was pleaded. Prisoner was remanded until to-morrow. Mr. R. E. Wood appeared for the prosecution.

I. O. R. E. S. Installation of Officers.

Last evening the newly elected officers of Lansdowne Lodge were duly installed by Bro. E. L. Sammerville, D. D. The officers as installed were:

Bro. R. Warnan	W. P. P.
" W. Saxby	W. P.
" H. Martin	W. V.P.
" E. W. Bloombe	W.R & F.S.
" V. Eastwood	W. T.
" H. Pigeon	W.S.
" G. Horsfield	W. C.
" W. Taylor, J. E Downing, C. W. Roberts, W Foster, C. W. Raby, J. Cranfield	Committee Men
" D. Curtis	I. G
" S. Convey (Son)	O. G

After the installation, the newly-elected president called for Bro. Taylor and addressed him at some length, commending him for his untiring labours in the lodge, and at the close of which Bro. Sammerville, D. D., presented Bro. Taylor with a handsomely-framed life sized portrait of himself, which was acknowledged in a few well chosen words. At the close of the lodge, the Brethren adjourned to the handsome dining room of the Lodge, and regaled themselves with an oyster supper which had been supplied by the newly-appointed officers, and yet provided by Bro. Hoopw, which did him much credit to observe. After discussing with the [illegible] the [illegible] concluded [illegible] and Save the Queen.

THE COMPARATIVE VOTE POLLED.

There was no mayoralty contest last year but, there was a keen contest for councillors, and the largest vote up to that time was recorded. This year the total number of votes polled was nearly nine hundred greater than last year—897, as the following figures will show:—

	1891	1892.
Ward No. 1	1,245	1,458
Ward No. 2	998	1,175
Ward No. 3	1,018	1,282
Ward No. 4	745	962
Total	3,976	4,878
Excess in 1891		897

THE JUBILATION.

As soon as the returns, received at Mr. Kendry's committee rooms assured his return, an adjournment was made to the opera house which was soon pretty well filled with his friends and supporters. The Fire Brigade Band was present, and on the platform were Messrs Kendry, Kelly, Poussette, Cahill, A. V. R. Young, T. Cavanagh, and Mr. Bert Thompson, son of Elias Thompson.

Mr. CAHILL and Mr. YOUNG were there as councillors elect, and returned their thanks for the support given them; Mr. Cahill, however, making two little speeches, one as a defeated candidate (before the ballots were all counted), and the other as a successful one.

Mr. T. KELLY made a few remarks, congratulating Mr. Kendry on his election by so large a majority.

Mr. POUSSETTE followed in a similar strain, congratulating the successful candidates.

Mr. BERT. THOMPSON said a few congratulatory words.

Mr. T. CAVANAGH expressed his great pleasure at seeing Mr. Kendry elected, and thought he was the best man in the town for the position. He referred to the hard work he and his friends had done in promoting Mr. Kendry's election, and expressed his pleasure at the successful issue of their efforts.

Mr. KENDRY'S speech, in which he naturally thanked the electors for their hearty support and the speakers for the kind things they had said about him, which he would try to deserve, closed the proceedings with the usual accompaniment of hearty cheers, the band closing with "God Save the Queen."

Ashburnham.

REEVE

John Barnham, by acclamation.

COUNCILLORS.

The first three elected.

Township Elections.

OTONABEE.

REEVE.—Wm. Anderson.

FIRST DEPUTY REEVE—David Nelson.

SECOND DEPUTY REEVE—Thomas Johnston. All elected by acclamation.

COUNCILLORS—John Dyell and John Lancaster.

In connection with the polling in the Keene division, it is to be noted that Mr. Lancaster received twenty-nine "plumpers," Mr. Kennedy one, and Mr. Dyell one. The Liberals seem to have supported Mr. Dyell and Mr. Lancaster on their merits as men, while the Conservatives "plumped" for Mr. Lancaster.

NORTH MONAGHAN.

REEVE—Joseph Forster, by acclamation.

COUNCILLORS—T. M. Hunter, John McIntosh, Robert Dunlop and M. J. Johnson.

Mr. Hunter is the new man in the council and it is creditable to him that he stood so high in the popular confidence in the township. He is a bright, active and intelligent young man who will, doubtless, justify the confidence the people have reposed in him. The fact of Mr. Brownscombe's removal from the township operated against his chances. He has served the township well in the council, but the electors seemed to have pronounced in favor of a resident councillor.

DUMMER.

The elections have resulted apparently in the defeat of Mr. Kidd and the return of Mr. Robb. During the counting of the ballots in North Dummer the returning officer took suddenly ill and the counting of the ballots was not quite completed. So far as the counting went Mr. Robb had a majority of 7 Mr. Hawthorne is elected reeve, and the councillors are H. Moore, Thos. Webster and Charles Nicholls.

Eastnor.

REEVE.

Cornelius O'Connor, majority 11.

COUNCILLORS.

J. K. Galvin, P. J. Galvin, Jas. Murphy and M. Perdue.

Asphodel.

REEVE.

Jas. Moore.

DEPUTY-REEVE.

John Fitzpatrick.

COUNCILLORS.

Wm. Buck, Jas. Andrews, John Christie.

Norwood.

REEVE.

John Finlay.

COUNCILLORS.

R. J. Stewart, Hiram Reynolds, James Cumming and W. C. Harrison.

Toronto's Mayoralty.

The latest information obtainable gives Fleming the mayoralty by a majority of about 300.

Police Court.

TUESDAY, Jan. 5th, 1892.

At the police court this morning Wm. O'Brien was brought up on remand, charged with vagrancy. He was given a ticket for three months' lodging in the jail.

Personal.

Miss Minnie Cummings, of Hamilton, is visiting her cousin Miss Callanan, of the Stewart House.

Mr. Joseph Moses, son of Mr. Moses, proprietor of the Grand Union Clothing House arrived in town Monday for a short visit with his parents, previous to leaving for New York.

Entitled to the Best

All are entitled to the best that their money will buy, so every family should have, at once, a bottle of the best family remedy, Syrup of Figs, to cleanse the system when costive or bilious. For sale in 75 c. bottles by all leading druggists.

Epiphany Services.

Services will be held in St. John's to-morrow as follows: Holy Communion at 7.30; Children's Service at 4.15, and Evening Prayer at 8 o'clock. The Children's Service is placed at 4 15 so that children leaving the schools may attend the services before going home.

To Lovers of a Good Cup of Coffee.

Do not fail to try Kirk's blended Java, Mocha and Ceylon It is as fine a coffee as the most fastidious coffee drinker can wish for. Price 40c. per lb. W. C. KIRK. Ontario Telephone No. 6, Bell Telephone No. 312. d

Remember.

It must be remembered that people will not be admitted to the hall to-morrow evening during the playing of any number on the programme. This is to prevent the disturbance of the concert. A very fine Evan's piano has been supplied by Jackson & Co. for to-morrow evening. 1d

This You Should See.

It's not everyone who can pack a gripsack and trot off to Europe. The expense forbids the point. If you can't travel in foreign places you can still see what they are like by attending the illustrated lecture at the George street Methodist church on Monday evening next, by Rev. Hugh Johnston, D.D., "From England to Italy." Everyone who has heard the lecture and seen the pictures is loud in praise. Don't forget to attend and bring the children. Only 10c. and 20c.; for young and old. 213

South and West Ward Schools.

The principals of the South and West Ward Schools have handed in the following figures of attendance at the opening of the schools on Monday:—

WEST WARD SCHOOL.—Division No. 1, Mr. McCreary, principal, 53; No. 2, Miss Richardson, 55; No. 3, Miss Rutherford, 48; No. 4, Miss Might (*pro tem.*), 39; total, 195.

SOUTH WARD SCHOOL.—Division No. 1, Mr. J. D. McKay, principal, 38; No. 2, Miss Sim, 57; No. 3, Miss Aldridge, 49; No. 4, Miss Lough, 42; No. 5, Miss Martin, 44; No. 6, Miss Perrin, 40; total, 269.

The Hockey Match.

The members of the newly organized Peterborough Hockey Club played their first match of the season last night at the rink. The opposing team was one from the Edison works, assisted by several players from the Peterborough club. The match was fairly well played, and resulted in a victory for the Peterborough club by five games to two. During the match Mr. J. Connal, of the Peterboroughs, had the misfortune to fall on the ice and severely bruise his knee. On making enquiry to-day it was found that the injured limb was improving. The satisfactory result of their first match ought to encourage the Peterborough club to go forward.

—So many have been cured of rheumatism by Hood's Sarsaparilla that we urge all who suffer from the disease to try this medicine.

Dandruff.—If you wish a preparation upon which you can rely for the complete destruction of *Dandruff*, use *Capilline* and you will be satisfied.

Gilbert Laird, St. Margaret's Hope, Orkney, Scotland, writes: "I am requested by several friends to order another parcel of Dr. Thomas' Eclectric Oil. The last lot I got from you having been tested in several cases of rheumatism, has proven relief when doctors' medicine have failed to have any effect. The excellent qualities of this medicine should be made known, that the millions of sufferers throughout the world may benefit by its providential discovery. w1

Dyspepsia

Intense Suffering for 8 years—Restored to Perfect Health.

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 132 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Sarsaparilla. It had wife of Hood's Pills, as cured his dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."

Intense Suffering 8 Years

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

100 Doses One Dollar

Card of Thanks.

To the Municipal Electors of Peterborough:

LADIES AND GENTLEMEN,—I desire to tender my sincerest thanks for the handsome manner in which you elected me yesterday to the office of Mayor for the year. I appreciate highly the honor you have done me and I shall endeavor to serve you to the best of my ability.

I also desire to heartily thank the many who aided me by volunteering the use of vehicles and otherwise assisting to poll the large vote that was recorded, and all who aided me during the short campaign and on polling day.

Having received this marked evidence of your confidence I shall endeavor to show my appreciation of the honor by doing all that I can to promote the interests of the town and of the ratepayers. Again thanking you, ladies and gentlemen, I remain

Your obedient servant,
JAMES KENDRY.

Peterborough, Jan. 5th, 1892.

Card of Thanks.

To the Electors of No. One Ward:

LADIES AND GENTLEMEN,—I take this opportunity of returning my warmest thanks to all those who voted for me and assisted me at the election in this ward yesterday. Although not elected I came very close, in one of the hardest fought municipal ward elections that has taken place in Peterborough for some years.

Yours truly,
WILLIAM WHITE,
Dalhousie Street.

Peterborough Jan. 5th, 1892.

Card of Thanks

To the Electors of Ashburnham:

LADIES AND GENTLEMEN.—I beg to thank all who gave me their votes and in any way assisted me in the municipal election contest in the village yesterday.

Though not elected, I appreciate the efforts put forth in my behalf.

Yours truly,
LEWIS S. DOWNER.

CANADA'S STRONG MAN.

LOUIS CYR'S RIVAL IN ENGLAND OVER-STRAINS HIMSELF.

Sampson Strives to Lift Nearly 4,000 Pounds—A Terrible Strain—Vivid Description of His Failure—Cyr's Muscle Wins Him a Longer Engagement.

Owing to Louis Cyr's great success there is much jealousy among the other strong men at present in England. C. A. Sampson is the most annoyed of the lot, and on November 23, at the Imperial theatre, London, he essayed to lift nearly 4,000 pounds. A strange feature of the rivalry is that the sporting papers take sides in the matter, the Sporting Life, for instance, warmly exposing the cause of Cyr and the Sportsman that of Sampson. Speaking of the latter's record feat the Sportsman says:

"There had been erected on the stage a structure of two platforms, the upper one on which Sampson stood being seven or

LOUIS CYR.

eight feet above the lower, to the four corners of which were locked as many chains. They passed through holes in the upper platform and were attached to a strong leather gorget, or broad collar, resting on the athlete's shoulders. On either side of him, for his hands to bear on and to afford him a purchase, were two wooden horses such as are used in a gymnasium, but shorter and smaller, and suitable for their special purpose. On the lower platform stood two big cart-horses, about 16 hands high, and two men. The weights were stated to be as follows: Lower platform 540 lbs., a horse 14 cwt. and some odd pounds, a horse 13 cwt. and odd pounds, a man 12 st. 9 lbs., a man 11 st. 13 lbs., the total figuring out at say 3,930 lbs., or rather over one ton 12 cwt. No check was made of the weights. All being arranged, Sampson cried out that he was ready, and braced himself up for the task. With a freightful exertion of his strength he straightened himself from the slightly stooping attitude he had been in since passing his head through the aperture in the collar, and thus he raised the mass dependent from the chains. The strain was a terrible one. Not satisfied, however, with this, he cried out that he would try again, complained that one chain was interfered with by the position of a horse. This fault—which had made the task harder because of the unequal distribution of the weight—having been remedied, Sampson prepared to repeat the lift. Two or three times he tried it unsuccessfully. Then, with starting eyes, corded muscles, quivering frame and a horribly congested face, he applied every ounce of his strength to the task and raised the platform and its burden two or three or four inches, perhaps—it was impossible to say exactly how many. The next moment, the chains slackening, Sampson fell forward in a heap on his face, and so lay, seemingly at the point of death. There were those who thought the pitcher had gone once too often to the well; and it seemed, indeed, for a while, as if the strongest man had reduced himself, in that moment or two of time, to the state of the weakest, as for several minutes he could not rise to his feet, but knelt, his chest heaving spasmodically, his body trembling, his face hidden on one bent arm, which rested on the wooden horse on the left. Water was called for, and the curtain fell. In a few minutes it went up again, and Sampson came forward amid thunders of applause. He made a short speech, which he modestly wound up by assuring the audience that he was the strongest man in the world, or that ever had been in it, and he felt he might say that ever would be in it throughout the course of future ages."

THE MONTREAL MAN'S MUSCLE.

One of the most exciting scenes imaginable was enacted at the South London Music hall on Saturday. An immense crowd had gathered at the barriers, and becoming unruly, they broke down the doors, and poured into the establishment. Mrs. Poole's ready tact, however, stood her in good stead, and instead of trying to stop the rush at the portal, she collected the admission tariff as soon as the advance guard had taken its seat. The crowd had come to see Louis Cyr, and was a most orderly one, so that there was no trouble with it. The Canadian was in good form and introduced a new feat—the elevation of the 170-lb. dumb-bell with the left hand. The platform lift was a big one, the 14 men on it and other weights totalling 3,225 lbs. The names of those on the board were: G. Gold, a stalwart guardsman of 13 st.; Sergt.-Major Morgan, the champion swordsman of America, 12 st. 13 lb.; H. Martin, 13 st. 6lb.; W. Plant, 13 st. 4lb.; E. Thomas, 15 st. 12lb.; H. Grenop, P. Power, H. Cook, A. Pallery, G. Marsden, G. Haynes, W. Turner, H. Kraukawitz and F. Randall. Mrs. Poole has found Cyr to be such a great attraction that she has engaged him for a month instead of two weeks, as originally intended. London Sporting Life.

Still in the Ring.

"Are you still engaged?" asked the old friend, who had not seen the dear girl for some time. "Oh, yes," she answered, "but it's to another man."—Harper's Bazar.

Right After All.

"You should not speak of a man serving a term in prison under a nom de plume. Alias is the better word." "A nom de plume is a pen name, isn't it?"

One Mode of Expressing It.

Wholesale sentence has been passed on stockings, and they will be hung on December 24th, before midnight.

The Bacyertz Meetings.

The converted Jewess gave an address on "Assurance" at the Y.M.C.A. Hall yesterday. The hall was crowded, and a good meeting was held.

The George street Methodist church was well filled last evening to hear Mrs. Bacyertz give an address on "Christ's Second Coming and how to get ready for his appearance." An enjoyable and interesting address was given, and much blessing apparently received.

The address this afternoon will be in the same church and the subject "A Clean Heart."

No meeting will be held by Mrs. Bacyertz to-night.

To morrow's meetings will be held in the George street church, and the subject will be in the afternoon "Seven steps to the blessed life," and in the evening, "The Jewish Atonement, how observed by Jews in the beginning, and now."

Pupils will enjoy the advantages of participation in concerts and free attendance at educational lectures. Residence—45 McDonnel St. New term begins Sept. 16.

DEAD IN THE DESERT.

A CHRISTMAS STORY BY ALFRED R. CALHOUN.

[Copyright, 1891, by American Press Association.]

IT WAS the 24th of December, 1870. I was at that time in charge of a division of engineers who were making a survey of the Mojave desert from the Needles on the Great Colorado to Los Angeles on the Pacific.

For a month the officers and men had been eagerly looking forward to spending the Christmas holidays in the beautiful town of San Bernardino, on the other side of the Sierras.

On the 23d the wagons, pack mules and all the men, excepting three who remained back to complete some work with myself, crossed the range that separates the Mojave (pronounced Mo-hav-ee) desert from the flowering and fruitful paradise of southern California.

For six weeks we had been working in the desert, running lines, taking elevations and plotting our work at night by the smoky light of dried greasewood and sapless sage brush. At times we were sixty miles from the nearest water, and when obtained the water was alkaline. Many of our pack mules, maddened by thirst, broke their ropes and wandered further into the desert to die.

Hard tack and bacon, and not too much of that, had been the only food of the men since we entered the desert, and so the most cheerful became grum, and the skin of the youngest grew dry and parched as that of a mummy.

We did our work in silence; even the officers came to speak in whispers, for our throats were dry and our lips cracked. Everything with moisture in it parched as if in a furnace.

The alkali on the level expanses looked like dazzling snow. The fantastic hills and mesas were crumbling and burning up in the forceful and persistent fires of oxidation. And amid all this the mirage would appear to mock us with lakes and streams in which were reflected the spires, domes and minarets of grand oriental cities, such as might have been built by the genii of architecture.

It was half past 5 in the afternoon, and we hoped to reach the pass by dark, where fresh horses would carry us to the town before midnight and Christmas day.

As our horses staggered on, we saw three vultures rising from a dark object a little to the right. A glance through my field glass revealed the outlines of a prostrate man and horse, stretched out side by side.

Years of this wild life had accustomed us to such sights. Yet as our hearts were full of thoughts of the joyous Christmas days of the past and of the rest, fresh food and water for bathing, which we were to enjoy on the morrow, there was something inexpressibly sad in the presence of death at such a time and at the foot of the purple mountains, beyond which lay Eden.

We reined in our thin, panting horses and dismounted. In that atmosphere no organic substance decays—it shrivels up and becomes as hard and indestructible as the glistening volcanic rocks that surround it; but enough remained to tell us that the horse had once been a noble creature, and the saddle and equipments were such as the wealthy Mexicans of southern California delight in.

The man was of medium height, and the carbine, pistols and knife, still belted about his shrunken waist, indicated ability to resist. He was young. The long, dark hair and the silky mustache, through which the white teeth gleamed, told this. We opened the saddlebags and found $200 in gold, the titles to a lot of California mining lands made out to one "Louis Bolton," and a bundle of letters tied with a blue ribbon.

In the middle of the bundle there were two vignettes—one that of a sweet faced, motherly lady, the other that of a beautiful girl, the name "Dora" at the bottom of the picture being surrounded by a delicately painted wreath of forget-me-nots.

These letters were dated at "The Elms," but, as the envelopes were destroyed, there was nothing to indicate the town, state or land. One read as follows, and, curiously enough, it was dated Christmas eve, a year before:

"MY DARLING BOY—I think of you at all times, but on Christmas eve you fill my heart so that I can think of nothing else, and if it were not for Dora, who had come to cheer me, I fear I could not stand it. 'Where is my Louis tonight?' This question haunts me, and I picture you out in the deserts of that wild land, homeless and friendless, still hunting for gold. Ah, my boy, come back! Better poverty than this awful anxiety. But we cannot be poor where there is so much love."

The letter continued at length in this vein, and it ended, "With love and kisses and blessings from Mother."

The next letter was also written at "The Elms" on Christmas eve, just a year before. I cannot pretend to quote it in full, but every line bespoke a noble womanhood and a profound love for the absent Louis.

"Do not think me impatient," she urged, "but I feel more and more that wealth does not mean happiness, and that the noblest manhood is not developed in the fierce struggle for gold. And then, my darling, the world is not so full of objects worthy our love that we can afford to live our brief lives apart.

"You must not think that I am indifferent to the self denial you exert and the sufferings you endure. I often fancy myself a man out seeking my fortune in that land of wonders; but I shudder when I think that you are surrounded by the dangers which my fancy conjures up. * * *

"Nero, grown fat and lazy, lies at my feet as I write. I call your name, 'Louis, my Louis!' and the dog starts up and

STRETCHED SIDE BY SIDE

rushes to the door with a joyous bark, but he hears no loved voice or footstep, and he comes back dejected and lies down with a moan. Ah, dear boy! if that dumb brute mourns your absence, how must it be with us?" * * *

And so the letter went on, full of love and gossip and gossip and love, till it ended with "Ever and forever, Dora."

We laid the body at the base of a volcanic cliff, and covered it with stones to save it from the vultures, then we distributed the arms and saddlebags, so as to save our horses, and resumed our march for the west, where the peaks of the purple Sierras glowed like mighty fire opals in the light of the setting sun.

We found fresh horses at the pass, and then, although quite tired, we pushed on with all speed for the beautiful town of San Bernardino.

We were out of the desert. The odor of orange blossoms and perennial heliotrope filled the air, and the ripple of water came to our ears whenever we reined in our horses.

There never was such a clear, glorious Christmas eve since the wise men from the east followed the star to Bethlehem and the manger in which lay the Christ child. Lights flashed through the groves, indicating the happy abodes of settlers, and now and then we heard a song that told of home, and the musical laughter of children whose special eve it was.

We found the hotel ablaze with light. There were wreaths and banners over windows and doors. There were flowers and

A WEDDING PRESENT.

the faces of beautiful women and handsome men wherever one turned. From the wide parlors came the rythmic fall of feet and the swell of music.

Here was Eden, but on asking the landlord the reason for these festivities, he replied:

"It is a wedding. Mr. Louis Bolton, whose bride and mother reached here yesterday from the east, was married tonight."

"Louis Bolton?" I repeated, and I thought of the dead man out on the desert.

"Yes; here he is. Let me introduce him."

The landlord introduced me to a tall, handsome young man, and I at once took him to my room and showed him the arms and saddlebags.

As soon as he saw the titles, he threw his arms about my neck, and to my surprise he kissed me and shouted:

"You have brought a wedding present that makes me rich, rich as any honest man wants to be!"

Briefly, Mr. Bolton's papers and much of his ready money had been stolen six months before by a Mexican desperado named Guan Chanz. The man was chased into the desert where he perished, and so my sympathy was wasted.

I met the dear mother, and I met "Dora" that night, and I drank to their health and prosperity as the church bells rang in Christmas day

Whooping cough, croup, sore throat, sudden colds, and lung troubles peculiar to children, are easily controlled by promptly administering Ayer's Cherry Pectoral. This remedy is safe to take, certain in its action, and adapted to all constitutions.

When Baby was sick, we gave her Castoria
When she was a Child, she cried for Castoria
When she became Miss, she clung to Castoria
When she had Children, she gave them Castoria.

German Syrup"

Throat
Lung
ecialty.

Those who have not used Boschee's German Syrup for some severe and chronic trouble of the Throat and Lungs can hardappreciate what a truly wonder- medicine it is. The delicious ations of healing, easing, clear-, strength-gathering and recover- are unknown joys. For Ger- Syrup we do not ask easy cases. ar and water may smooth a t or stop a tickling—for a while. is as far as the ordinary cough licine goes. Boschee's German up is a discovery, a great Throat Lung Specialty. Where for s there have been sensitiveness, , coughing, spitting, hemorr-, voice failure, weakness, slip- down hill, where doctors and licine and advice have been swal- ed and followed to the gulf of pair, where there is the sickening viction that all is over and the is inevitable, there we place man Syrup. It cures. You are e man yet if you take it. ●

AUNT VICT'R'Y.

"...m, VICT'RY, IT'S ME," SAID POOR LIGE. "...he Temples' cook was from the ...ntry, and it was the surprise of Mrs. ...ple's Southern life that she was such ...ed cook.

...e explained it very lucidly: "Laws. ...ows a heap on'y I done forgot it!" ...vidently, at some period in her life, ...had cooked for a table of some pre... Every now and then, a most ...xpected accomplishment would sail ... our admiration. Thus, once she ...e out:—My marster! Mis' Temple, ...e lawd, dat ar cream sass er yourn, ...aint noways diffrunt to my ole mis- ...' white sass 'cept like you all don't ... no cream in yourn. But ye cripses ...outter jes de same."

...nother time, "Scallop isters? I ...todly kin, Mis' Temple. Allers done ...llop de isters fo' ole Miss."

...ndeed she suggested a number of ... viands to Mrs. Temple—generally ...m the frying pan, but toothsome and ...eate.

...he brought her only child with her, ...im, brown lad of 14, who waited on ...e better than we feared from his first ...earance, at which he brushed the ...mbs off with the hearth broom into ... dust pan. He was his mother's pet ..., considering that fact, a marvellous- ...ood darkey, almost industrious, and ... best tempered boy in the world.

...We were not long in discovering Aunt ...tory's history. One evening we ...nd her at the smallest kitchen table, ...h Reme and the slate, plainly getting ...esson.

..."Why, Aunt Victory, can you read?" ... Mrs. Temple.

..."Yes'm," with a smirk of modest ...e, while Reme added, "Maw, she ... read a right smart I learned her."

..."How nice! Then you can read the ...le?"

...Up went Aunt Victory's braids in a ...s:—"Laws, Mis' Temple, I'se outer ...Bible an inter de newspapers!"

..."And I writes fo' the newspapers," ...s Reme with an indescribable air of ...ughtiness.

..."He does so," said his mother. "Aint ...u never seen de Mosaic Temple?" We ...mitted our ignorance. "Well; he ...s write reg'lar fo' dat."

..."And you like it?"

..."Yes ma'am, I like living in the city. ...t maw likes the country better."

..."Yes'm yes'm, you all got mighty ...an' 'ouse yere, but gimme de kentry!" ... was one of those nut-brown Afri... that have hair long enough to ...aid; to-night, her head was cover- ... with a red bandana, drawn out ...uare cornered, back of her ears, ...ving her a queer resemblance to the ...phinx. Slinging herself forward on ...e table with a supple, sinuous motion ...at few negroes get too old to use, she ...t her head fall into the open palm of ...e hand, above the bent elbow; and as ...e talked this sphinx-like head rolled ... her hand like a ball in a cup. "Oh, ...e kentry wid de wavin' fiel's an de red ...ds dat comes a peck-peckin' at de ...nder an de darkies a snatchin' cotton, ...sech a heap er room! Oh, de kentry ...s so pleasureful! I'se tiresome in de ...ty; got t' cyar' Reme longer me if I goes ...t in de night. But in de kentry, I rents ...y little fyarm an' I'se got my two ...ules Mis' Carrol give me. Las' year ...e uns did make five hundred dollars. ...ome so! When I paid out t' de sto' dar ...n hunerd an' fifty-five dollars comin' ... me."

..."An it all been stole!" interrupted ...eme in a lugubrious tone.

..."Nev' you mine bout dat, Reme Sand...rs! Dat come longer havin' no purtec ...r, dat huccome dat."

A more sullen look than I had ever ...en on Reme's handsome brown face ...nswered this speech. He pushed back his chair, muttering something about ...ing to the office, quite with the white man's air; and so smuggled himself out of the lesson or further conversation. Rather to our surprise, his mother made no effort to detain him.

..."My, my!" she gurgled in the negro fashion, swaying herself to and fro, "dat boy caynt b'ar a word bout me needin' a man t' look out fo' me! Now, he are gone off rarin' on me; an' won't have a word t' say fo' a whole day. He's tempered jes' like he paw; sulks twel he gits ober it."

I asked Aunt Victory if Reme's father was dead. "Laws, no," said she. "Has he left you?" said Mrs. Temple.

"He has dat."

"And doesn't Reme want you to let him come back?"

Aunt Victory rubbed her right ear against her right shoulder with a coquettish gesture; and for the first time I realized that, according to African notions, she was a pleasing woman. "Well sir! why Miss Freddy, 'taint my ole man, Reme jects to, 'cose not! Hit am de torrer gentleman."

We were too well used to negro morality to either feel or show any particular surprise. But it seemed decent to inquire whether the departed husband was divorced from her. No, of course he was not; that was why she had come to the Rock—as the Arkansans call Little Rock.

"I gwine get a divorcement fo' fo'ty dollar, de lawyer man say" she explained: "done guv 'im t'irty dollar a'ready. Den I go back 't de kentry. I pintedly does crave 't be in de kentry agin'."

"But it's such hard work, Victory!" I suggested, loath to see a promising cook depart.

"Hard wuk? Taint nuffin t' do stove wuk. Gimme my hoe an' my row an' I'se happy. An' laws, Missy, it do pear like I cayn't brevo in dis yere shut up town. Aint no sunshine yere. I does love de sunshine. All cullud folks jes natchelly drinks up de sun. I knows song bout dat."

She had a beautiful voice, and we easily persuaded her to sing. I fancy that "ole Miss," whom she was always quoting, had written the song for her:—

"Oh, give de darky sunshine,
An' fair an' softly wedder.
Wid a bite to eat, an' he will wuk,
Fo' days an' days togedder!
Take away his fine clo'es,
Still he'll dance an' sing.
Take away his 'musements,
Still de laff will ring.
But take away his sunshine—
Good-by wuk an' play,
Darky, he go hide his haid,
Twell sun come back some day!"

It was easy to learn her story when she was in such a mood. Sitting at ease, alone with us, in the kitchen, (for Manda, the chambermaid, was at a colored ball), she poured out her whole humble tragedy.

The ole Miss who had "raised" her and taught her to cook had died. After her death she married a negro, and they went to "making a crop" on the plantation. This negro, Lige by name, accepting her picture, was a very decent man. "Yent never seen de like er Lige t' wuk. He raise de bigges' crap on de place, and he cyar so much mischief wid 'im, too, I does jes be laffin all de time. An' ho done ben pintedly kind t' me, I says dat fo' him, and nev' did fault his vituals. Allers so proud er my cookin' w'en we all has a festival or a log rollin'! Yes'm, we did give a festival onct an' made ten dollars." Perhaps I should explain that negro festivals are purely private affairs, wherein hospitality is exercised at a profit, instead of expense, since the thrifty host sells the refreshments, after which there is dancing at the less pious houses and games at the houses of the "professors."

(To be continued.)

Biliousness—Fever and Ague.

So pleasantly do Dr. Morse's Indian Root Pills search out and drive away the seeds of disease that all persons living in a country where fever and ague and all other bilious diseases, are prevalent, will find they should never be without them. From two to four pills each night upon going to bed, will, in a short time, drive away the sickly yellow look of bilious persons, and bring to their cheeks a beautiful glow of perfect health. Dr. Morse's Indian Root Pills are sold by all dealers in medicine.

For the past year I have been troubled to a very great extent with dandruff, also a dullness of color in my hair and through the advice of a friend (who spoke from experience) I tried your Anti-Dandruff, which upon the application of less than a bottle of your liquid I find my head not only thoroughly cleansed but a vast improvement in the color and growth.

I have, and do recommend it as highly beneficial to the profession and public generally as an agreeable and welcome innovation in the remedies put forth for public favor.

Yours, etc.,
W. P. WOLFE
Advertising Agt, "Frank Daniels Co."
Season 1890-91.

Just why so many people suffer pain when a remedy of known and certain effect like Hagyard's Yellow Oil may be had at every drug store, is not very clear. This peerless pain soothing remedy is a prompt and pleasant cure for sore throat, croup, colds, rheumatism, lame back, etc. Price 25 cents. dw

Familiar Family Friends.

The family store of medicine should contain a bottle of Hagyard's Yellow Oil. Mrs. Hannah Hutchins, of Rossway, N. S., says: "We have used Hagyard's Yellow Oil in our family for six years, for coughs, colds, burns, sore throat, croup, etc., and find it so good we cannot do without it." dw

BRITISH AND FOREIGN.

A STRANGE LIFE ENDS IN AN AWFUL DEATH.

Sir Charles Tupper and the Southampton Chamber of Commerce—The Troopship Tyne Missing—It is Feared That She May Have Foundered With all Hands.

LONDON, Jan. 5.—The alleged Englishwoman who was murdered in Naples a week ago yesterday was associated for ten years in Naples with Pastor Barff of the English Church there, without either Mr. Barff or his congregation learning anything whatever of her past history. She was always regarded in Naples as a secretive and most eccentric woman, who took especial pains to court obscurity.

On the night the woman was murdered she was on her way to dine with Pastor Barff. She lived in the Villa Quarento, in Posilippi, about one mile away from Barff's house. In reaching the pastor's house she had to pass through the low quarter leading to the customs gate. At this gate she was stopped by customs officers because she was carrying a package, which they examined, it being suspected to contain something contraband. The officials discovered their mistake and the woman continued her walk towards the residence of Mr. Barff.

A few minutes afterwards some policemen saw a young Neapolitan of the lower class following her. Nothing more was seen of the woman until daylight of the following morning, when a lamplighter found her dead. No package was found and what her package contained has not yet been discovered.

On the first examination of her effects at the villa nothing was found which could give a clue to her identity. She was buried without any relatives or friends turning up to claim her body, but in going over the papers left by the murdered woman the British Consul discovered a letter from Frank Lazenby, president of the Capital and Counties Bank of Basingstoke, England. This letter referred to some property which the dead woman had owned seven miles from Basingstoke. It appeared that she had purchased the Basingstoke property in April, 1890, had lived there until six weeks ago, when she went back to Naples, taking considerable money with her. This letter was addressed to Hulda Wenzel Wellesley. The British Consul showed this letter to the American Consul at Naples. They decided that the best thing to do was to communicate at once with the Basingstoke Bank.

The British Consul accordingly wrote Lazenby asking if he knew anything about the dead woman's relatives, saying that if he did not the Consul would be obliged to administer the estate and turn the property into Queen Victoria's treasury.

This letter was received yesterday and a representative went to Basingstoke to inquire about Miss Wellesley's life there. He found that she lived absolutely alone in a small house called the Hermitage. Her life there seems to have been even more lonesome and mysterious than it was in Naples. The few people who came in contact with her say she was highly emotional, almost sullen in her temperament, suspicious and sensitive. She often told Lazenby about her home in Naples, but never volunteered any explanation as to why she came to England to live or chose such an out-of-the-way place for her home here. Judging by the woman's pronounced foreign accent and the name Wenzel, in which she kept her account at the bank, Lazenby concluded that she was a native of Austria or Southern Germany.

It seems certain that she was not born an Englishwoman, despite the name Wellesley, which she seems to have assumed. But she certainly appeared to be a lady and a woman of culture.

When Miss Wellesley left the Hermitage six weeks ago she turned the key in the door and gave no instructions about the property. The house remains to-day exactly as she left it.

Of course all this, while it helps to establish the dead woman's identity, does not clear up the mystery of the alleged murder. The woman's body was found in a street of the vilest quarter of Naples several hours after she had passed the customs gate with a package. This package, whatever it may have contained, was not found with the body. Where she went or what happened after passing the customs gate nobody knows, but there seems to be no doubt in the minds of the Naples police and the British Consul that she was the victim of assault and robbery.

LONDON, Jan. 4.—A deputation from Southampton Chamber of Commerce to-day waited upon Sir Charles Tupper, the Canadian High Commissioner to England, for the purpose of urging upon him the claims of Southampton to be a port of departure in England for steamers of the proposed Anglo-Canadian mail service.

After listening to the views of the deputation Sir Charles promised to consider their statements and arguments.

He said that the proposed service would form an alternative route to the far east in the event of any obstruction preventing the passage of steamers through the Suez Canal. He added that the proposed service arose in consequence of the McKinley tariff in the United States, which had struck a serious blow at the trade of Canada. It bore, he said, especially hard on Canadian farmers.

Sir Charles was happy to say that the intention of the McKinley Act to subordinate Canada to the great republic had not proved successful. It had tended to unite communications between the Dominion and Great Britain, which latter country offered equally as good a market for Canadian goods excluded from United States.

He added that he had found that Great Britain and the Dominion felt that time had arrived when they should not depend on a foreign port for their mail. They could send passengers and mails for the far east by way of Canada in a much shorter period than now occupied in sending them by way of New York.

HALIFAX, Jan. 5.—Considerable anxiety is felt here over the whereabouts and safety of H. M. troopship Tyne, which left here on the morning of Dec. 14 for Plymouth, England. The Tyne, it will be remembered, brought out here about 300 officers and men for service on warships on the Pacific station, who went from Halifax over the C. P. R., and took on board here an equal number of officers and men, whose time of service on the Pacific station had expired and whose places the others were going to take. The party which came here from Vancouver and left on the Tyne for Plymouth formed the first military transport party over the C.P.R., and the majority of the party were in hopes that they would spend Christmas in England, but they were disappointed, and it is to be hoped that they have met with no worse mishap than that. To reach a port in the Old Country by Christmas Day would allow the Tyne about 11 days, and if she has not yet arrived, counting 11 days as a fair passage for her, would leave now about 10 days overdue. It is possible that she may have arrived home and the military authorities here were not notified, but this is not at all probable.

FRANK SMITH THE MAN.

To Succeed Sir Alexander Campbell as Lieut.-Governor of Ontario.

OTTAWA, Jan. 5.—The report is revived that as Hon. John Carling is anxious to remain in the Cabinet, the Hon. Frank Smith will succeed Sir Alexander Campbell as Lieut.-Governor of Ontario.

Bloated by a Pencil Slate.

ASHLAND, Pa., Jan. 5.—John Flannery, aged 12 years, fell on a pencil a few days ago. It passed through the lung and was lodged in the liver, causing him to swell to an enormous size. It was removed last night, but the boy will hardly recover.

Local Option Carried in Pickering.

PICKERING, Ont., Jan. 5.—The Local Option bylaw was carried in Pickering township with about 75 majority.

Bonus Bylaw Carried.

BROCKVILLE, Jan. 5.—The bylaw granting $50,000 to Brockville Carriage Co. was carried yesterday by 135 majority.

For Fire Protection.

BLENHEIM, Ont., Jan. 5.—The vote on the bylaw buying the Ronald fire engine and putting down tanks to give the Town Class D insurance was carried by a big majority.

No Bonus for the Railroad.

BLENHEIM, Jan. 5.—The bylaw granting a bonus to the Walker railroad was defeated in the township of Harwich by a big majority.

Davitt to The Times.

LONDON, Jan. 5.—The explosion at Dublin Castle has brought out many theories to account for the affair. The Conservative organs as a rule have placed the responsibility upon the shoulder of the leader of the "physical force" party, and this has had the effect of drawing from Michael Davitt a letter, which he has sent to The Times for publication. Mr. Davitt protests that it is cowardly for The Times to insinuate the explosion might be traced to his friend Ford. Mr. Davitt says it is more probable, as The Times' friend Piggott is dead, that that paper has another agent to preach the gospel of dynamite as Piggott did the gospel of forgery.

Lord Rosebery to Wed Again.

LONDON, Jan. 5.—The engagement of Lord Rosebery to the youngest daughter of Sir Charles Tennant is yesterday confirmed. His first wife, one of the Rothschild family, died in 1890. Miss Tennant is younger than his lordship, though she is scarcely in the first bloom of youth and is possessed of a fair fortune. Her father is an ardent Gladstonian.

New Boilers for Warships.

LONDON, Jan. 5.—The Pall Mall Gazette says that 17 British warships are furnished with a certain class of boilers which are unable to generate steam sufficient for the vessels to attain the speed with which they are credited to make the changes necessary The Gazette says will involve an outlay of £100,000. The Vulcan, the new protected torpedo depot ship, is being repaired at a cost of £30,000 and according to The Gazette the Thunderer and the Devastation will be the next vessels to have their boilers changed.

The Pope and France.

ROME, Jan. 5.—Count Lefevre de Behaine, the French ambassador to the Vatican, had a long interview yesterday with the Pope They came to complete accord regarding a future mutual policy. The Pope accepted France's terms for conciliation, including the cessation of the episcopal letters to the Archbishop of Aix and the suppression of Catholic electoral catechism.

Richard Potter Dead.

LONDON, Jan. 5.—Richard Potter, president of the Grand Trunk from 1869 to 1876, and for some years director of the Hudson's Bay Company, died yesterday at Minchinhampton, aged 75.

Paris Cabmen Strike.

PARIS, Jan. 4.—A cab strike has commenced in this city. None of the cabs of the Compagnie Urbaine are out,

NINE YEARS' CAPTIVE.

Father Ohrwalder's Escape From the Mahdi—Two Sisters Came With Him.

LONDON, Jan. 5.—Telegrams have been received here from the Congo which confirm the statements made by Father Ohrwalder, the priest of the Soudan Austrian Mission, who was taken prisoner by the Mahdists some nine years ago, but who recently escaped from Omdurman and made his way to Korosko.

Father Ohrwalder, who was accompanied in his flight from captivity by Sisters Chincarini and Venturini, says that 40 Europeans are still in the hands of the Mahdists at Omdurman. He added that they are loaded with manacles and are often cruelly beaten. They are so closely watched, he said, that they had lost all hope of ever escaping.

Amongst the prisoners are nineteen Greeks, eight Syrians, eight Jews, two Austrian missionaries and Slatin Bey and Herr Neufold. The last-named prisoner was captured in 1886 at Selina. His imprudence was the cause of the capture by Nejumni of the convoy of arms and ammunition sent by General Grenfell to Selah, the chief of the friendly Kababish tribe. He is now employed in making saltpetre

Mode of Life in Captivity.

In telling of his mode of life while in captivity Father Ohrwalder said that the Mahdi granted no provision for the subsistence of the Captives, but allowed them sufficient liberty to earn a living as best they could. Father Ohrwalder lived by tailoring and weaving and the sisters by baking and selling bread. The three refugees show painfully the traces of the suffering which they have endured during their nine years' captivity, and they state that the latest news which they received from the civilized world was in 1882 by an Arabic newspaper relating to the bombardment of Alexandria.

During the last 18 months the fugitives lived in mud huts, but previously their only shelter was made with their own hands from canes and maize stalks.

Khartoum is a Ruin.

They describe Khartoum as all destroyed excepting the only Christian church and General Gordon's palace, and they say that vegetation is covering the sites of the houses.

One of the New Made Peers.

LONDON, Jan. 5.—The greatest surprise in Queen Victoria's New Year's honors is a peerage for Sir William Thompson. His researches into electrical science have made for Sir William a world-wide name. Many of the electrical wonders which we marvel at now were foretold by him 20 years ago. Sir William is a genial homely Scotchman. He is above all suspicion. No amount of money could buy from him a favorable opinion for an unworthy object. He is slightly lame and walks with the aid of a thick oaken stick. He dresses more for comfort than show, and his care of bawbees is frequently illustrated by contentions with London cabmen. He has the knack of gauging how far he can ride for a shilling to a mathematical nicety.

BRITISH AND FOREIGN.

CONTROVERSY REGARDING GLADSTONE'S LOST FINGER.

Shall It Appear in His Presentation Portrait—Canada and England—What the Chronicle Says Regarding Reciprocity. General Foreign News.

LONDON, Jan. 6.—The controversy is revived regarding Mr. Gladstone's lost finger in the portrait of him by Mr. John C. Forbes, the Canadian artist, shortly to be presented to the National Liberal Club.

Mr. James Keith writes to The Pall Mall Gazette:

Not one person in a hundred who knows Mr. Gladstone by sight, not one person in a hundred thousand of the general public knows that when quite a young man Mr. Gladstone lost the fore-finger of his left hand by an accident. Mr. Forbes, by advice, meanwhile, has painted this finger in, in the original portrait intended for the National Liberal Club, because this picture is to be reproduced for photogravure.

Before presentation, however, Mr. Forbes is quite willing to paint out the said finger and substitute the little black silk finger glove, should it be shown to him that the majority of the members of the club desired this to be done, but only on this condition.

Mr. Forbes has only followed the example set him by all the other artists and sculptors who have already created representations of Mr. Gladstone, witness particularly the colossal statue of the right honorable gentleman in the City Liberal Club, on which the finger in question is shown in all perfection.

It may not be generally known that Mr. Forbes has painted two portraits of Mr. Gladstone, namely, the large one named for the club, and an exact copy of it for Canada, and the picture intended for Canada, not being required for reproduction in photogravure, shows the little black patch, with the elastic band, on the left hand in all it realism, in the place of the lost finger referred to.

This replica of the portrait will shortly take the place of the original club picture now on view while it is in Munich for photogravure purposes. The length of the figure alone in Mr. Forbes' painting is six feet ten inches, and it is not too much to state that Mr. Gladstone's near relatives and most personal friends who have seen the picture assert that the proportion throughout is marvelously perfect, while the pose and likeness and strength combine to make the representation the very finest of Mr. Gladstone they have ever looked on.

A Farmer's Strange Death.

LONDON, Jan. 6.—The horses of Walter Walters, a Westminster farmer, came home with only the whiffletrees at their heels, and subsequent search revealed the dead body of Walters lying beneath the wagon-box, his head scarcely buried in the little creek that crosses the Wharncliffe-road, where the second concession of the township intersects it. One side of the wagon-box held the deceased across the back of his head and had evidently fallen in this position, stunning Walters, and before he could recover he was drowned. From the circumstances it would appear that the horses were traveling at a lively gait, when the the bolt which held the whiffletrees came out, resulting in the wagon being upset in the manner in which it was found.

The Famine in Russia.

LONDON, Jan. 6.—A correspondent making a tour of the famine districts of Toula, writes: The wealthier landowners keep away from their estates leaving the entire burden of helping the shiftless peasantry upon the poorer gentry who are little better off than starving.

Lists that have been prepared of the stores of each family show many instances where a peasant with six children has only 180 poods of grain to last through the winter. There is a general fear that the famine will recur, leaving Russia in a state of national bankruptcy.

In the meantime aid from the Zemstvos is visionary. The chief reliance is placed in the Red Cross Society. At the first meeting of the local branch of the society it was disclosed that only the sum of £110 had been subscribed for a district having 83,000 population verging on starvation. Many million roubles have gone into the coffers of the central committees of the society in St. Petersburg and Moscow and nobody knows how the money has been expended.

The Queen's Pipe Gone.

LONDON, Jan. 6.—Another one of the relics of the past—the custom of years—has been done away with, and the last week of the old year saw it fall into innocuous desuetude. This was the Queen's pipe, a system of furnaces which went by that name, and which have been used for many years to burn up all the tobacco seized by the Custom House authorities which was not subsequently released by the payment of the necessary duties within six months after the seizure. It will now go to the inmates of alms-houses and prisons.

Caught on the Fly.

BERLIN, Jan. 6.—Dr. Pfeiffer, son-in-law of Prof. Koch, has discovered the influenza bacillus and has transplanted it in six cases with complete success. He has also discovered the original cause of infection. The bacillus of influenza is the smallest bacillus yet discovered.

Another doctor of Berlin an assistant in the city hospital discovered the microbe of influenza almost simultaneously with Dr. Pfeiffer. The latter discovered the germ in the sputum while the former found it in the blood. This micro-organism strongly resembles the common inflammatory microbe streptococcus progenes. Both doctors have reared it artificially and have inoculated animals with the pure cultures.

France Will Come to Terms.

LONDON, Jan. 6.—The statement that the Bulgarian Government has politely declined to rescind the decree expelling the French journalist, Chadouine, from Bulgaria is confirmed. The Standard's Paris correspondent says: "It is officially denied that M. Ribot, the French foreign Minister, has sent a note imputing bad faith to Bulgaria. There is reason to believe the matter will be arranged amicably."

Starving Germans.

LONDON, Jan. 6.—The Berlin correspondent of The News says: The pastors of a number of German colonies in Russia have appealed direct to the German consulate in St. Petersburg for assistance to prevent thousands of Germans from starving. Several Germans have been killed and their houses burned.

Children Cry for Pitcher's Castoria.

THE OTTAWA BOODLERS

TRUE BILLS RETURNED AGAINST THE ACCUSED.

Arnoldi, Talbot and Larose Before the Grand Jury—Their Trial to Take Place To-day—A Missing Bookkeeper—What the Judge Said.

OTTAWA, Jan. 6.—The assizes of the county of Carlton opened here yesterday, Judge Rose presiding. After the panel a jury was formed and the foreman elected. His Lordship addressed them, pointing out that some important cases would come up for their consideration. There would be, for instance, charges of conspiracy, alluding to the boodle cases, and while charges were no proof of guilt it was for them to say if the cases should go to trial and if the evidence justified the charges or not. He did not wish them to think that there was a desire to convict. It was his duty to say that possibly the sovereign and those whose duty it was to address them would rather that a verdict of innocence was found.

Arnoldi and the "Joe."

In the case of J. R. Arnoldi, late mechanical engineer in the Public Works Department, His Lordship said that this was a matter of malfeasance in public office. If this were a clear case between subjects it would only be actionable, but as between king and subject it was indictable. Referring to the steamer Joe, His Lordship said that the defendant made a contract as between another party and the Government, but really it was between himself and the Government, or rather the Department of Public Works. It was a matter of no consequence whether the Government received full value or not. The retaining of a piece of land in the name of another, which was really owned by the accused for alleged storage of dredging plant, was also an indictable offence, showing deceit and malfeasance of office.

Turning to the case of Talbot and Larose—the former an employe of the Public Works Department and now in jail on a charge of obtaining goods from the latter for his own private use and charging them to the department—His Lordship said that if this were proved it was a serious offence against the laws.

True Bills Returned.

At 4 o'clock this afternoon the grand jury brought in two true bills against Arnoldi, ex-mechanical superintendent of Public Works Department.

The grand jury also found true bills against Horace Talbot of the same department and against A. C. Larose, merchant, for obtaining money under false pretences. Larose sold the goods to Talbot, who charged them to the Government.

The trials will begin on Friday.

A. E. Richard, ex-bookkeeper for Larose could not be found. It is reported he has left the city.

Arnoldi and Larose are out on bail.

KILLED FOR IMPOLITENESS.

A Hotel Porter Kills a Man For Wiping His Feet Upon Toilet-Room Towels.

CHICAGO, Jan. 6.—Edward Hurley, a carpenter, hailing from Toronto, Ontario, died at the hospital last night. His death was caused by injuries he received two weeks ago in the Hudson Hotel, at No. 301 South Clark-street.

Daniel Clark is a porter employed in the Hudson Hotel. He states that about two weeks ago he went into the wash room on the second floor and saw Hurley, who had been stopping at the place for several weeks, washing his feet in a basin and using one of the face towels. He told him to stop, but Hurley took no notice of him.

Clark hurried off and told Chief Porter James Carey what Hurley was doing. Hurley had been caught doing the same thing several times before and Carey became very angry.

He rushed to the washroom and told Hurley to leave the place. Hurley, with an oath, struck at him and soon the two men clinched. Over and over upon the floor they rolled, each fighting for supremacy. Finally Carey lifted Hurley up and hurled him through a window on to a shed, the roof of which was but a foot below the window. Hurley was badly cut about the face and body and several arteries were severed.

Dr. Carey dressed Hurley's wounds and advised those about to look out for him as his case was serious.

Hurley remained at the place all night, but the next morning D. H. Loveless, the proprietor, told him to go.

He went and after wandering about for several hours, hungry and penniless, found his way to the county hospital. Last night at midnight he died.

Carey has been arrested on a charge of murder.

Kiralfy Burned Out.

NEW YORK, Jan. 6.—The house of Bolossy Kiralfy, the spectacular showman, took fire last night and considerable valuable property was destroyed. Elise Kiralfy, the showman's wife, was carried down stairs from a sick bed to the house of a neighboring physician. The loss will exceed $30,000.

Fire In Waterford.

WATERFORD, Ont., Jan. 6.—The Public School building in this place was totally destroyed by fire at 2 o'clock yesterday. The fire is supposed to have caught in the cellar from furnaces. Insurance $4000.

Scalded to Death.

BELLEVILLE, Jan. 6.—A 4-year-old boy named Lindsay was so badly scalded by falling into a pot of boiling water that he died.

Madame De Boucherville Dies Suddenly.

MONTREAL, Jan. 6.—Madame De Boucherville, wife of the Premier, died last night at her residence, Boucherville, her death was sudden and unexpected.

Worse Than Ever in New Brunswick.

ST. JOHN, N.B., Jan. 5—Physicians report that the influenza is very prevalent here, even more so than last year.

Chat from Over the Sea.

The Ameer of Afghanistan is ill, and has sent a private agent to the Government in India asking that the latter shall guarantee the succession of his throne to his youngest son against a number of claimants, who are ready to begin a civil war to seize the throne, the strongest or wiliest achieving the prize. The Government is understood to be willing to guarantee the succession to the Ameer's choice of heir by force of arms if necessary. The real question is, of course, the prevention of the intervention of Russia in behalf of this or any other candidate. Prince George of Wales will take his seat in the House of Lords as Duke of Kent, the Queen conferring upon he favorite grandson her own father's title.

NASAL BALM

It is a certain and speedy cure for Cold in the Head and Catarrh in all its stages.

SOOTHING, CLEANSING, HEALING.

Instant Relief, Permanent Cure, Failure Impossible.

Many so-called diseases are simply symptoms of Catarrh, such as headache, pain, partial deafness, loss of smell, foul breath, hawking, and spitting, nausea, general feeling of debility, etc. If you are troubled with any of these or similar symptoms, you have Catarrh, and should lose no time in procuring a bottle of NASAL BALM. Be warned in time, neglected cold in head results in Catarrh, followed by consumption and death. NASAL BALM is sold by all druggists, or will be sent, post paid, on receipt of price (50 cts and $1.00) by addressing

FULFORD & CO., Brockville, Ont.

If you have a Cough, Sore Throat or Bronchitis, use it, for it will cure it. If your child has the Croup, or Whooping Cough, use it promptly, and relief is sure. If you dread that insidious disease Consumption, use it. Ask your Druggist for SHILOH'S CURE, Price 10 cts., 50 cts. and $1. If your Lungs are sore or Back Lame, use Shiloh's Porous Plaster, Price 25 cts. dw

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for six months.

Daily Examiner.

WEDNESDAY, JANUARY 6, 1892.

ONE of the recent American census bulletins shows that the tobacco crop of the United States in 1889 was 483,255 896 lbs., and its value to the 205,862 planters who produced it $34,844,449. The average production per acre was 705 pounds.

A bulletin issued by the Ontario Department of Agriculture shows that there has been rapid growth in the number and attendance of Farmers' Institutes for the year. For the year ending June 30th, 1880, the number of institutes reported to this bureau was 64, with a total membership of 4,656, or an average of 73 to each institute. For the year ending June 30th, 1891, there are on the books 78 institutes, with a total membership of 7,566, or an average of 97 to each institute. The lowest membership in any institute for the year was 30 and the highest 267 (Carleton). The list of meetings for the present winter has already been published. A college professor, a practical farmer and a horticulturist will be present at each meeting.

LT.-COL. GILLMOUR, who has for nearly a quarter of a century held the position of clerk of the Legislative Assembly of Ontario, died at Toronto on Sunday evening after a brief illness. He had held the post continuously since Confederation, when he resigned in view of the very serious illness of the Lieut. Governor, to assume the duties of Deputy Lieut-Governor. He holds a warm place for courtesy and kindheartedness in the memory of every member who has frequented the House within that time. It would seem that military men are a favourite for this position. Lieut.-Col. Gilmour's successor is Lieut.-Col. Clarke ex-speaker of the Legislative assembly who was speaker of the house from Jan. 1880 till the dissolution of the house in 1883, and again from January 1884, till December 1886. Lieut.-Col. Clarke as speaker won the respect and esteem of every member of the House during his term, and the recollection of his pleasant *regime* as speaker will make him popular with all the members. We congratulate him heartily on his selection for this responsible position.

Prevention is Better

Than cure, and those who are subject to rheumatism can prevent attacks by keeping the blood pure and free from the acid which causes the disease. For this purpose Hood's Sarsaparilla is used by thousands with great success. It is the best blood purifier.

Constipation is caused by loss of the peristaltic action of the bowels. Hood's Pills restore this action and invigorate the liver.

A Sensible Sentiment.

SIRS,—Having used your Burdock Blood Bitters successfully for some time past. I must state that for my complaint of biliousness and acid stomach I have never found an equal, and I continue to use it and recommend it to my friends and neighbors.

W. SUTTON,
dw St. Thomas, Ont.

Are free from all crude and irritating matter. Concentrated medicine only. Carter's Little Liver Pills. Very small; very easy to take; no pain; no griping; no purging. Try them. dw

GOUGH BROTHERS
SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know that you know where you can get the values. Fair Dealing makes Fast Friends. We have had ample proof of this, and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the requirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be bettered than by your buying! A noticed point is to get value! This you can positively receive by buying your

Overcoats, Suits, Silk Mufflers, Ties, Slippers, Boots and Shoes, and Overshoes,

at our Great Sale now on. Make a Christmas Present of an Overcoat to Brother, Husband or Lover.

GOUGH BROTHERS wish their Thousands of Customers (and every Customer is a Friend) a Cheerful, Bright Christmas, and a Happy, Prosperous New Year.

GOUGH BROS,.

THE WONDERFUL CHEAP MEN, - - - - - PETERBOROUGH, TORONTO, BRANTFORD

The Head Surgeon

Of the Lubon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada.

Cure for A Constipation and Headache.

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents a package. dw

REFRESHING.—*Capilline* is the most pleasant and cooling lotion. By using it every morning you will promote a healthy growth of the hair. 1d

Winter Sports.

The gay winter season exposes many to attacks of colds, coughs, hoarseness, tightness of the chest, asthma, bronchitis, etc., which require a reliable remedy like Hagyard's Pectoral Balsam for their relief and cure. Known as reliable for over thirty years. The best cough cure. dw

If you had taken two of Carter's Little Liver Pills before retiring you would not have that coated tongue or bad taste in the mouth this morning. Keep a vial with you for occasional use. dw

Referred to Finance Committee.

FINANCE.

Mr. DAVIDSON, chairman, presented the following report of the Finance Committee :

To the Mayor and Council of the Town of Peterborough :

Your Finance Committee be leave to report and recommend the payment of the following accounts :—

Dickson Co.	$1639 51
" "	96 41
Geo. Hilliard	73 96
Warren Trickey	5 00
B. Shortly	6 10
C.W.N. Tel Co.	80
Cox & Davis	25 50
Peterborough Water Co	25 00
" "	18 00
Bell Telephone Co.	85
A. McDonald	40 94

Your Committee would recommend that a grant of $50 be made to the Chief of Police for extra services in connection with the police court returns.

Your Committee would further recommend that the offer of the Nicholls Hospital to take over the town and school debentures, be accepted, such debentures to be taken at par.

All of which is respectfully submitted.

R. S. DAVIDSON, Chairman.

The report was adopted.

Mayor Stevenson entered and took his seat on the floor of the council.

STREET EXPENDITURE.

Mr. ROBERT POPE, Street Inspector, presented a detailed report of the expenditure on the streets during the year ending Dec. 31st, 1891.

The report showed that the total amount of material used was of the value of $5,880.00, of labour $4,068. The total amount of sidewalk laid was 16,784 lineal feet.

The expenditure was distributed as follows :

No. 1 Ward	$1,251 00
No. 2 "	1,240 00
No. 3 "	873 00
No. 4 "	704 00
Total	$4,068 00

The report was received and referred to the Street and Bridge Committee.

THE COUNCIL'S "COUNTERBLAST."

Mr. E. H. D. HALL introduced a by-law to prevent the sale of cigars or cigarettes to children under the age of 14 years, which provides:—That no person shall within the town of Peterborough, sell any tobacco, cigars or cigarettes to any child under the age of fourteen years without the written order of the parent, guardian or employer of the child, and that any person guilty of violating this bylaw shall, on conviction thereof, be liable to a penalty of not less than $100, or more than $50 exclusive of costs, and in default of payment be liable to imprisonment in the county jail with or without hard labor for a period not exceeding 21 days.

The bylaw was duly passed.

THE STREET RAILWAY FRANCHISE AWARDED.

Mr. W. H. MOORE introduced a bylaw to provide for the construction of a street railway in the town of Peterborough and to exempt the same from taxation.

The bylaw authorized the mayor and corporation to execute a contract in duplicate according to the identical terms of the report adopted last August, between the corporation of the town of Peterborough of the first part and John Kreusi, H. M. Francis, John Langton and Marshall D. Barr, of the second part.

That the town of Peterborough, upon the execution of the contract by the parties of the second part, and on the payment by them of the sum of $1,000 as a guarantee of *bona fides* on the part of the company, shall grant the exclusive franchise of the streets, excepting Crescent street, for the term of twenty years from Jan. 1st, 1892, for street railway purposes, according to the terms of the report referred to.

That the rolling stock and other personal of the parties of the second part and other personal property used in the working of the street railway shall be exempted from taxation for the period of ten years from January 1st, 1892.

The agreement also stipulated, under pain of forfeiture of the franchise, that two and a half miles of the street railway shall be completed and in operation by July 1st, 1892.

In committee, Mr. DENNISTOUN moved, seconded by Mr. KENDRY, an amendment, by adding after the words "Crescent street" (on which no track shall be laid), the words, "or any other street, in the event of three-fourths of the ratepayers resident thereon objecting to the laying of a track thereon and in the opinion of the municipal council the request is a reasonable one."

The amendment was lost, and the by-law received its second and third readings and was duly passed and numbered 647.

ELECTRIC LIGHT CONTRACT.

The council went in committee on the second reading of a bylaw, introduced some time previously to authorize a contract with the Peterborough Light and Power Company for a supply of seventy five arc lights for a term of five years from January 1st, 1892, the contract to be according to the terms of an agreement which stipulates that sixty of these lights shall be of 2000 candle power, and fifteen of 1200 candle power, the lights to be lighted from sunset till sunrise for at least three hundred nights in the year. The company is required to pay 25c. for each light on each night on which the same is not lighted according to contract; the council to pay 25c. per night for each light kept burning according to contract, all gas lamps supplied by said Light and Power Company to be discontinued from Jan. 1st, 1892.

A motion of Mr. Hall to amend the contract on which the bylaw was based by adding a light at the intersection of Brock and Sheridan streets, to light Court House Park, did not get a seconder, it being suggested that the county would consent to pay a portion of the cost of a light at this point.

The bylaw was duly passed.

THE DEBENTURE BYLAWS.

Mr. Davidson moved the third reading of the school and town debenture bylaw, approved by popular vote, which was passed.

DE MORTUIS NIL NISI BONUM.

Mr. Kendry Mr. Cahill, seconded by Mr. Meldrum, That this council, in giving expression to its regret at the retirement of James Stevenson, Esq., from the office of Mayor, desires to heartily recognize the faithful services he has given the town of Peterborough during his lengthy term of office, and that we also regret that the town will be deprived for the coming year at least of the valuable services of Messrs. R. S. Davidson, E. H. D. Hall, W. H. Moore and Wm. Langford, whose career in the council in the interests of the town we have witnessed, and with whom we have worked so harmoniously.

MR. CAHILL said the resolution conveyed very faintly his feeling of regret at the loss of the services of the mayor and of the councillors who, with the mayor, have worked so zealously and energetically. He felt, moreover, that the town owed it to the mayor to recognize his services in some more tangible manner—say in the form of an oil painting.

MR. KELLY added his regrets, especially deploring the loss of the services of the mayor and Mr. Davidson, who has so long filled the important position of chairman of the Finance Committee, and it would take a long time for any other member to attain so great proficiency. It was to be regretted that Messrs. Hall, Moore and Langford, members of the Manufacturers' Committee, who had done such good service in their capacities, were out of the council.

MR. BRADBURN heartily concurred in the remarks of Mr. Kelly.

MR. MELDRUM, in adding his regrets, said that it would be hard to replace the retiring members. He said it was a pity that men who had served the town so faithfully should be left at home, for lack of personal canvassing. It was a poor recognition of their services. The loss of these old and experienced members would be a serious loss to the town. To these gentlemen and the mayor was due the credit of bringing an important industry the Edison Works, here, and in this connection the services of these gentlemen deserved to be remembered with gratitude.

MR. DAWSON was heartily sorry that the council had lost the services of these men, who had been very efficient workers in the interests of the town.

MR STEVENSON was glad that his humble services had been recognized. He had never known, in a council membership of twenty-six years, a more faithful and hard working council than that of last year, and if his personal vote could have returned the old council, they would all have occupied their seats the current year. He would have been glad to continue in the service of the town if he had the time to attend to the duties of the position. He concluded by saying that the town was deeply indebted to the four gentlemen who were with himself retiring from the council. He could not understand how the people could not avail themselves of the services of Messrs. Davidson, Hall and Moore, whom the council would badly miss. He would do all he could to assist the new council in furthering the interests of the town.

MR. KENDRY said he was sorry to see the council broken up—the loss of experienced councillors would be felt.

The resolution was carried.

MR. LANGFORD said (amidst a laugh) that he, too, sympathized with the town on the loss it had sustained.

MR. DAVIDSON, in thanking the council for the kind words they had said of him, said he had during the nine years he had been in the council tried to do his duty faithfully, (hear, hear.) but he was willing to bow to public opinion.

MR. HALL then thanked the council for the kind words they had said. He was an unwilling candidate, but had consented to stand, with the result which they all knew. He said also that it would be hard to replace men like Messrs. Davidson, Moore and Langford.

MR. MOORE in returning thanks, said the force of his fall was broken by the fact that he retired in such good company. He paid a glowing tribute to the services of Mr. Stevenson for the past forty years he had been associated with municipal matters. Mr. Stevenson's successor would have, so to speak, a hard row to hoe in keeping up the reputation which Mr. Stevenson had given the mayor's chair in the past six years. In Messrs. Davidson, Hall and Langford, the council had lost three first class men.

The council adjourned.

At this season of the year the effects of catarrh and cold in the head are most likely to be felt, and danger to life and health will result if not promptly treated. For this purpose there is no remedy equals Nasal Balm. It is prompt in giving relief and never fails to cure. Beware of imitations and substitutes. Sold by all dealers, 50 cents a bottle. dw

People Wonder

WHEN they find how rapidly health is restored by taking Ayer's Sarsaparilla. The reason is that this preparation contains only the purest and most powerful alteratives and tonics. To thousands yearly it proves a veritable elixir of life.

Mrs. Jos. Lake, Brockway Centre, Mich., writes: "Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony. I was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to do any permanent good until I began the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see an

Improvement

in my condition, my appetite began to return and with it came the ability to digest all the food taken, my strength improved each day, and after a few months of faithful attention to your directions, I found myself a well woman, able to attend to all household duties. The medicine has given me a new lease of life, and I cannot thank you too much."

"We, the undersigned, citizens of Brockway Centre, Mich., hereby certify that the above statement, made by Mrs. Lake, is true in every particular and entitled to full credence."—O. P. Chamberlain, G. W. Waring, C. A. Wells, Druggist.

"My brother, in England, was, for a long time, unable to attend to his occupation, by reason of sores on his foot. I sent him Ayer's Almanac and the testimonials it contained induced him to try Ayer's Sarsaparilla. After using it a little while, he was cured, and is now a well man, working in a sugar mill at Brisbane, Queensland, Australia."—A. Attewell, Sharbot Lake, Ontario.

Ayer's Sarsaparilla,

Union Prayer Meeting.

The union prayer meeting in connection with the week of prayer, was held last evening in St. Andrew's church. There was a very good attendance and the meeting was presided over by the Rev. A. McWilliams. The Reverend Messrs. Torrance and Locke, delivered short addresses and Reverend Messrs. Edwards and Trotter conducted the devotional part of the meeting.

Tribute to Peterborough and a Former Citizen.

In his "parting shot" speech in the mayoralty contest in Toronto, Mr. E. B. Osler made the following remarks: "The reason that the city of Peterborough progressed as it did, more than doubling its population within the past few years, was because it elected Mr. George A. Cox, of the Midland railway, and thereby united the interests of the town and road. (Hear hear.)"

This You Should See.

It's not everyone who can pack a gripsack and trot off to Europe. The expense forbids the point. If you can't travel in foreign places you can still see what they are like by attending the illustrated lecture at the George street Methodist church on Monday evening next, by Rev. Hugh Johnston, D.D., "From England to Italy." Everyone who has heard the lecture and seen the pictures is loud in praise. Don't forget to attend and bring the children. Only 10c. and 20c.; for young and old. 213

A Prize Mother-in-Law.

The young lady remarked: "That gentleman's mother is my mother's mother-in-law." What relation was the young lady to the gentleman? The *Queen* will give a Mason & Risch fine toned upright piano to the first person answering the above problem correctly; an elegant gold watch for the second correct answer; a China dinner set for the third correct answer; an elegant silk dress pattern for the fourth correct answer, and many other valuable prizes, all of which will be announced in the January issue of the *Queen*. Valuable special prizes will be given for the first correct answers from each Province. As the object of offering these prizes is to attract attention to our popular family magazine, each person answering must enclose four three cent stamps for sample number containing full particulars. The *Queen* is the most successful publication in Canada By sending to-day you may secure a handsome prize. Address, the *Canadian Queen*, Toronto, Canada.

REPORTS OF COMMITTEES.

Dr. BURNHAM, chairman, presented the report of the Finance Committee:

To the chairmen and members of the Board of Education:

GENTLEMEN,—Your Finance Committe recommend payment of the following accounts:

James Irwin	$32 87
H. S. Macdonald	32 60
Review Printing Co	21 46
Miss Kelly	5 00
C. Cameron	39 00

All of which is respectfully submitted.

GEORGE BURNHAM, Chairman.

The report was adopted.

Mr. DUMBLE presented the following report:

INCREASE OF SALARIES.

To the chairmen and members of the Board of Education:

GENTLEMEN,—Your Committee on Appointments beg to report that, Miss Broad having resigned, they recommend the following promotions and appointments:

That Miss Sim be promoted to Miss Broad's room, salary $360;

Miss Aldridge to Miss Sim's room, salary $300;

Miss Rutherford to Miss Aldridge's room, salary $275;

And that Miss Might be appointed to Miss Rutherford's room, salary $250.

Your committee, in view of the number of pupils at the Central School being largely beyond the ability of one master to prepare for entrance, recommend that an additional entrance class be formed to be under the charge of Mr. J. C. Smith at a salary of $600 a year, and that the distribution of the students and classes be left to the principal and the inspector.

Your committe recommend that Miss Jenkins be promoted to the charge of a junior fourth division, salary $400.

Miss Davidson to Miss Jenkin's room, salary $360.

Miss Blackwell to Miss Davidson's room, salary $300.

Miss Peters to Miss Blackwell's room, salary $275, and

That Miss Noble be appointed teacher of Miss Peters' room, salary $250.

Your committee recommend that Mr. Fessenden's salary be $1,600, Mr. Jeffries $1,100, Mr. Fife's $1,100 and Mr. Drope's $950.

Your committee in view of the fact that many high school in the province, charge resident pupils $10 to $20 a year, recommend that, all resident pupils of the Collegiate Institute pay a fee of $10 a year, to be paid in quarterly payments in advance.

Your committee also recommend that country pupils be admitted to the Peterborough Collegiate Institute on the same terms as in High Schools in the municipalities not separated from the county.

All of which is respectfully submitted.

D. W. DUMBLE, Chairman.

THE REPORT DISCUSSED.

In moving the adoption of the report, Mr. Dumble gave a few explanatory remarks relative to the last clause and some little discussion ensued, in which Messrs. Hamilton and Bradburn, Drs. Boucher and Barnham took part, after which the report was considered clause by clause. The first paragraph relating to promotions, etc. was carried.

Before taking up the second part referring to the salaries of the principals in the Collegiate Institute, Mr. Deane asked that the secretary be allowed to read a list prepared by Mr. McBain, of the salaries paid to teachers in some other schools.

The list having been read, Mr. Dumble moved and Mr. Hamilton seconded the adoption of the second part of the report referring to the increases of salary—Carried.

Mr. Dumble moved and Mr. Hill seconded the adoption of the third part of the report relative to the payment of fees of resident pupils—Carried.

With reference to the concluding portion of the report, Mr. Hamilton took exception. He did not see the advantage to the schools in adopting it. The expenses of the board had increased during the last three years to a large extent. The increased expenditure did not come on the board all at once, but in small items. He referred to the expense attached to the new school buildings which instead of costing as anticipated, about $4,000, had cost $10,000 He thought the board very liberal to the country people already and thought it would be better to

LEAVE IT OVER FOR

another year.

Mr. STEVENSON referred to the number of county pupils attending the schools and thought the board would do well to adopt this clause of the report. Their former policy had been to discourage as much as possible county pupils coming to the town schools. There was no necessity for this now. He spoke also of the increased accommodation and conveniences of the new building and thought they had ample room for a larger attendance of county pupils.

Mr. BRADBURN and Mr. HILL spoke briefly on this subject, after which

Mr. HAMILTON moved, and Mr. DENNE seconded, an amendment, that the final portion of the report be laid over for another year.

Mr. DUMBLE moved that the final clause of the report be adopted.

The amendment being a direct negative was not admitted.

On the motion for the adoption of the clause, no members voting for it, the chairman declared it lost.

Mr. STEVENSON, chairman, presented the report of the

COMMITTEE ON PROPERTY.

The report was as follows:

To the chairmen and members of the Board of Education:

GENTLEMEN,—Your committee, in accordance with instructions, asked for tenders for a table and chairs. Mr. Billeghem being the lowest received the contract, *viz.*:—200 chairs @ 32 cents each, and the table for $20.00

Your committee also ask power to purchase the necessary wood for the use of the schools, by tender or otherwise.

The grates also ordered were put under the boiler, but the janitor has had to remove them, as he cannot get up the necessary heat with the grates in.

All of which is respectfully submitted.

J. STEVENSON, Chairman.

A letter was then read from Mr. Geo. Tighe, the caretaker, asking for an increase of salary, as his duties had been considerably increased since the erection of the new buildings.

Mr. STEVENSON said that he knew the circumstances of the case, and considered that the duties were too heavy for one man. An assistant ought to be provided for Mr. Tighe if the work was to be attended to properly. The matter was left in the hands of the Property Committee.

JUNIOR FOURTH EXAMINATION.

Mr. Hill drew attention to complaints that had been made in reference to no examination having been held as in former years for promotion from Junior fourth to Senior fourth. Many parents had complained, and some had threatened to send their children to the Separate schools. Some further discussion took place after which the matter was referred to the principals of the schools to make the necessary promotions.

NEW BLINDS FOR WEST WARD.

Mr. DENNE mentioned the need that existed for new blinds in the West Ward school, and asked that some steps be taken in the matter at once. He moved and Dr. Boucher seconded that the property committee be instructed to look into and act in this matter.—Carried.

MORE SEATS WANTED.

Mr. DUMBLE read a memorandum from Mr. J. D. McKay, principal of the South Ward School, asking for some new seats, &c., for that school.

This was left in the hands of the chairman of the Board, Mr. Wrighton.

The Board then adjourned.

The Baeyertz Meetings.

Mrs. Baeyertz will speak in the George Street Methodist Church this afternoon at 4 p.m. on the subject of "The seven steps to the blessed life."

In the evening, at the same place, the address will be "The great day of atonement—how it was conducted by the Jews in the beginning and how it is conducted now." This promises to be a most profitable and interesting address, and Mrs. Baeyertz will give a complete account of the dress worn by the Jewish High Priest during the services. A full church is anticipated.

Police Court.

WEDNESDAY, Jan. 6th, 1892.

James Murphy was brought up on a charge of being drunk and disorderly. He pleaded not guilty, and after hearing evidence the magistrate discharged him.

"Now is the winter of our discontent made glorious summer" by Ayer's Sarsaparilla. This wonderful medicine so invigorates the system and enobles the blood that cold weather becomes positively enjoyable. Arctic explorers would do well to make a note of this.

DIRECTION.—For the cure of pimple, blotches and all stains and eruptions of the skin use *Persian Lotion* pure. As a preventive and beautifier, use it with water. 1d

DIED.

BEAUDRY—At 613 West Harrison street, Chicago, on Sunday morning, January 3rd, 1892 Rev. Louis N. Beaudry, formerly Superintendent French and Indian Missions, Montreal Conference.

WHAT IS REFLEX

Card of Thanks.

To the Municipal Electors of Peterborough:

LADIES AND GENTLEMEN,—I desire to tender my sincerest thanks for the handsome manner in which you elected me yesterday to the office of Mayor for the year. I appreciate highly the honor you have done me and I shall endeavor to serve you to the best of my ability.

I also desire to heartily thank the many who aided me by volunteering the use of vehicles and otherwise assisting to poll the large vote that was recorded, and all who aided me during the short campaign and on polling day.

Having received this marked evidence of your confidence I shall endeavor to show my appreciation of the honor by doing all that I can to promote the interests of the town and of the ratepayers. Again thanking you, ladies and gentlemen, I remain

Your obedient servant,

JAMES KENDRY.

Peterborough, Jan. 5th, 1892.

WM. FITZGERALD,

Contractor and Designer

for Buildings, etc., has a large number of Houses and Lots for sale in town and Ashburnham Special attention is called to the western locality—Homewood Avenue and Erin Property, which are unexcelled for beauty of situation. Lots are selling very rapidly. The west, we believe, is the most desirable place to invest in. It advances very rapidly in value.

NOW IS THE TIME TO PURCHASE.

Card of Thanks

To the Electors of No. Two Ward:

LADIES AND GENTLEMEN,—I beg to assure you of my grateful appreciation of the honour you have conferred upon me by my election to the position of councillor for this important ward. I shall endeavour to perform the duties devolving upon me, in such a manner as to merit your approval.

I have the honour to be,

Ladies and gentlemen,

Your obedient servant,

A. V. R. YOUNG.

FRANK MERCER'S,
368 George Street.

Butter.
A few tubs and tinnets of first class Butter; also a lot of Potatoes and Apples, selling very cheap at J. KINCAID'S, 326 Market Building. dtf

The Choice of the People
For Mayor of 1892 has been declared in favor of James Kendry, Esq. Now let the choice of the people be declared in favor of BILLY MORGAN as their favourite hairdresser and barber, and *civic affairs* will be done clean and smoothly. d

The Oratorio of "Emmanuel.
Contrary to report, the oratorio of "Emmanuel" will be produced early in February. Rehearsals were reduced during the holidays, but there was a splendid rehearsal last Tuesday night. There will be fine solos, and excellent orchestral accompaniments.

Canadian Society of Civil Engineers.
In connection with the annual meeting of this society, which takes place at Montreal on the 12th and 13th inst., a conversazione and reception to visiting members will be held on Tuesday evening the 12th inst. The committee having charge of the arrangements are sparing no efforts to make the entertainment a brilliant success, and if we are to judge from past experience of the Society, those favored with invitations will have a most enjoyable evening. The reception will take place in the rooms of the new Workman building at McGill College. During the evening there will be an exhibition of apparatus and workshop practice by the students. The latter will include a "cast" in the foundry, thus initiating the ladies into some of the mysteries connected with practical engineering. Col. Sir Casimir Gzowski, A. D. C., C. M. G., the president of the Society, has intimated his intention to be present, and will also preside at the annual meeting.

Fine Old Wines
For the Festive Season.
I have laid in a large stock of fine old and reliable wines and liquors imported for the Christmas and New Year's trade. Rare old port wine bottled in Oporto, a quarter of a century old; rich native wines from the celebrated Pelee Island vineyards; pure juice, unfermented wine for sacramental and other purposes; fine sherries, Madeiras, clarets and champagnes in splendid condition. Extra old Scotch, Irish and Canadian whiskies. Brandy, rum, gin, bottled ale, sweet cider, &c. Also a large and varied assortment of choice family groceries at moderate prices.
JOHN CAMERON,
dw Grocer, Wine and Spirit Merchant.

Oh, What a Cough!
Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

NORWOOD.—Reeve, John Finlay.
OTONABEE—Reeve, Wm. Anderson; first deputy-reeve, David Nelson; second deputy-reeve, Thomas Johnston.
SMITH—Reeve, M. Sanderson; deputy-reeve, H. C Garbutt.

North Dummer.

(From Our Own Correspondent.)

The annual Christmas tree entertainment which was given in Zion church Christmas night was a great success. In spite of the dampness of the weather, the church was filled to the doors. Great credit is due to our organist Mrs. H. Batten, and to the friends who had charge of the singing. In view of the fact that a great damper has been thrown on the getting up of of the entertainment by some of the church members, we had one of which the success was surprising. We have much pleasure in giving to Mr. William Batten who set some of our friends a worthy example, by the enthusiastic manner in which he assisted, our hearty and disinterested thanks. A long and well selected programme of vocal and instrumental music, readings and dialogues was well rendered. We are glad also of having this opportunity of thanking our superintendent, Mr. J. J. Crowe, who has so ably conducted the Sunday school and who was instrumental in getting up this entertainment. Some of the selections most worthy of mention were an instrumental duet, organ and violin, by Miss Essie Carveth and Mr. Alex Darling, and an instrumental trio by Mr. David Hunter, of Norwood, and Messrs. John and Alex Darling.

Personal.

Alderman Blaitcher, of Hamilton, has been elected Mayor of Hamilton. It takes Peterborough boys to get to the top of the ladder. Mr. Blaitcher was at one time a teacher in the Peterborough High School

The Cobourg *Post* says:—Mr. and Mrs. M Cree, of Peterborough, spent several days in town at the residence of Mr Samuel Collins, Division street.....Miss M. AFTER THE 'STUFF.'

Columbus, Discoverer of America, De-Heroized.

WINSOR'S RESEARCHES.

A New Book Which Shows Popular Ignorance of Columbus—Nautical Art in 1473—Belief in a Western Passage—Columbus' Not a Discoverer, But a Seeker After "The Mammon of Unrighteousness."

Mr. Justin Winsor's scholarly and popular biography of Columbus has just been issued. From a mass of data, much of it a jumble of contradictions, he decides upon Genoa as Columbus' place of birth, and the time 1445-1447, and his parents were poor, with a hardly compensating respectability, to judge from the notarial records of his father's pecuniary transactions.

Educated to the family trade of woolcombing, young Christopher displayed no phenomenal characteristics further than an aptitude for bold and rapid outline sketching. There is a dubious story of a short career at the University of Pavia, where he is said to have studied the sciences of cosmography and astrology.

The date of his taking up a maritime life is not certain; he himself gives his age as fourteen when he first went to sea, but "he had a talent for deceit, and sometimes boasted of it, or at least counted it a merit;" and the present biographer inclines to the opinion that he was a man of twenty-six when he adopted a seafaring life. At any rate, it is certain that in 1473 he disappeared from Italy and turned up in Portugal.

NAUTICAL ART IN 1473.

The Portuguese were a nation of mariners, and this was a time of restlessness and of activity. In 1452 Valaso had followed a flight of birds to the island of Flores, the westernmost point of land known to the Old World. For generations the mariners of the Mediterranean had been puzzling their brains about a southern passage to India, the land of pearls, spices, and luxury, where only man was vile. The life-long efforts of Prince Henry, the Navigator, had given a great impetus to voyages of discovery, and he, with the band of skilled seamen whom he collected about him, developed to an astonishing extent what was then known of the nautical arts. The magnetic needle had been in use since the fourteenth century. Regiomontanus had lately improved the old thirteenth-century astrolabe so that altitude could be gauged with comparative accuracy. Strange to say, the simple log method of measuring speed was not known, though the Romans had used it in the days of the Republic; an hour-glass and a practised eye constituted the apparatus of Columbus' time.

BELIEF IN A WESTERN PASSAGE.

The idea of the sphericity of the earth was not a new one. Certainly in the sixth century before Christ it was taught by the Pythagoreans. Two centuries later Aristotle proved it by observation of the heavenly bodies, and in 200 B. C. Crates is said to have constructed a globe-map ten feet in diameter. Pliny, Cicero, Virgil, and Ovid mention such a belief, and Eratosthenes, Strabo, Seneca, and others had the idea of a western voyage to India. Columbus is known to have been profoundly impressed by the Medea of Seneca. It is pretty well established, too, that he had read Marco Polo, Sir John Mandeville, and Æneas Sylvius. Of the greatest importance in the development of Columbus' theories was his correspondence with Toscanelli, the famous Florentine scholar of the fifteenth century. Toscanelli not only believed in the sphericity of the earth, but had calculated its circumference. In his ignorance of the extent of a degree on the earth's surface he made the circumference about 18,000 miles, so that on his planisphere the coast line of China about cut the meridian which runs through New Foundland.

"The problem lay in Columbus' mind thus: he accepted the theory of the division of the circumference of the earth into 24 hours, as it had come down from Marinus of Tyre, when this ancient astronomer supposed that from the eastern verge of Asia to the western extremity of Europe there was a space of fifteen hours. The discovery of the Azores had pushed the known limit a single hour farther toward the setting sun, making sixteen hours, or two-thirds of the circumference of 360 degrees. There were left eight hours, or 120 degrees, to represent the space between the Azores and Asia. This calculation in reality brought the Asiatic coast forward to the meridian of California, obliterating the width of the Pacific at that latitude, and reducing by so much the size of the globe as Columbus measured it, on the assumption that Marinus was correct. That, however, he denied. If the 'Historie' [the history of Christopher, written by his son Ferdinand] reports Columbus exactly, he contended that the testimony of Marco Polo and Mandeville carried the verge of Asia so far east that the land distance was more than fifteen hours across; and by as much as this increased the distance, by so much more was the Asiatic shore pushed nearer the coasts of Europe. 'We can thus determine, he says, 'that India is even neighboring to Spain and Africa.'"

CHRISTOPHER COLUMBUS.

COLUMBUS LEAVES PORTUGAL.

Columbus had married in Portugal and was the father of one child, possibly several. From the date 1473, when he came hence from Genoa, until 1487, nothing exact is known of his movements. According to the "Historie" of Ferdinand Columbus, the plan for discovering the western passage was laid before Joao II., King of Portugal, accompanied by demands for titular and pecuniary emoluments, in case of success, that the King was not willing to grant, and which seem even to us, who know the magnitude of that success, to be decidedly arrogant. The story proceeds that the treacherous Portuguese fitted out a vessel to test the truth of Columbus' theories, and that the vessel sailed away to the west while negotiations were pending. When they returned, unsuccessful and discouraged, they seem to have added insult to injury by their loud-mouthed condemnation of Columbus and his schemes. When the Genoese found out with whom he was dealing, he at once deserted the cause of Portugal and proceeded to Spain, the date assigned being 1484.

AT THE SPANISH COURT.

Those of us who have absorbed our views of Spain and of Columbus from Prescott and Irving must be prepared for some more shattering of traditions. The fugitive Genoese proceeded to the court of Ferdinand and Isabella at Cordova. Here he found favor in the eyes of Cardinal Mendoza, who found opportunity to present the proposals for a voyage of discovery to the king and queen.

Ferdinand and Isabella, who were so intimately bound up in the future interests and fate of Christopher Columbus, may count themselves fortunate in having received for several centuries an adulation to which they were by no means entitled. Says Mr. Justin Winsor: "It may be possibly too much to say that habitually, but not too much to assert that often, these Spanish monarchs were more ready at perfidy and deceit than even an allowance for the teachings of their time would permit. Often the student will find himself forced to grant that the queen was more culpable in these respects than the king."

The result of Columbus' advances was that his case was referred to a council of "wise men" and rejected. The luckless adventurer travelled about in the train of the court, losing no chance to press his claims,

AMERICUS VESPUCIUS.

and finally, after many vicissitudes of fortune, the avarice and ambition of Queen Isabella succumbed to the allurements held out by the hoped-for route to the land of plenty. The king and queen were to fit out and authorize the expedition, and Columbus secured unto himself the main chance in the following agreement:

"1. That Columbus should have for himself during his life, and for his heirs and successors forever, the office of admiral in all the lands and continents which he might discover or conquer in the ocean, with similar honors and prerogatives to those enjoyed by the high admiral of Castile in his district.

"2. That he should be viceroy and governor-general over all the said lands and continents, with the privilege of nominating three candidates for the government of each island and province, one of whom should be selected by the sovereigns.

"3. That he should be entitled to reserve for himself one-tenth of all the pearls, precious stones, gold, silver, spices, and all other articles of merchandise, in whatever manner found, bartered, or gained within his admiralty, the costs being first deducted.

"4. That he or his lieutenant should be the sole judge in all causes or disputes arising out of traffic between those countries and Spain provided the high admiral of Castile had similar jurisdiction in his district.

"5. That he might then and at all after-times contribute an eighth part of the expense in fitting out vessels to sail on this enterprise, and receive an eighth part of the profits."

The story of the queen pawning her jewels must go, unfortunately. In providing for the success of the expedition, the royal patrons cast an anchor to windward by promising to devote the golden proceeds of the voyage to a new crusade for the rescue of the Holy Sepulchre.

They also equipped Columbus with a gracious letter of introduction to the great Khan of Tartary.

(Concluded to-morrow.)

Whooping cough, croup, sore throat, sudden colds, and lung troubles peculiar to children, are easily controlled by promptly administering Ayer's Cherry Pectoral. This remedy is safe to take, certain in its action, and adapted to all constitutions.

Consumptives?

Do not give up until you have tried Miller's Emulsion of Cod Liver Oil, which makes flesh and blood, is a positive cure for coughs and colds, bronchitis, sore throats, and all lung troubles tending to consumption. Persons have been known to gain from five to ten pounds in weight by taking one bottle of Miller's Emulsion of Cod Liver Oil, which contains hypophosphites of lime and soda. In big bottles, 50c and $1, at Peterborough Drug Stores. dw

THE BEST FAMILY PILL IN USE
FOR SALE BY ALL DEALERS

Keep the Works in good order.

NORMAN, Ont., January 15, 1890.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first, only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.
Yours faithfully,
H. F. ATWELL.

The Travellers' Safe-Guard.

AMAGAUDUS POND, N.S., Jan. 27, '90.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills. Yours, &c.,

"August Flower"

Biliousness, Constipation, Stomach Pains.

"I have been afflicted with biliousness and constipation for fifteen years; first one and then another preparation was suggested to me and tried but to no purpose. At last a friend recommended August Flower. I took it according to directions and its effects were wonderful, relieving me of those disagreeable stomach pains which I had been troubled with so long. Words cannot describe the admiration in which I hold your August Flower—it has given me a new lease of life, which before was a burden. Such a medicine is a benefaction to humanity, and its good qualities and wonderful merit should be made known to everyone suffering with dyspepsia or biliousness

Jesse Barker, Printer, Humboldt, Kansas.

G. G. GREEN, Sole Man fr, Woodbury, N.J.

AUNT VIC'T'R.

At log rollings, however, the dinner is provided by the host. The log rollers clear the ground of felled trees, which they collect in heaps for burning.

As Victory's memory recalled the days of her past domestic joys and social triumphs, we could see that she was moved.

"Yeas'm, Lige nev' did give me ha'sh wuds. Nev' did raise his hand agin me," so she continued, rocking her supple body to and fro, "onlies' ting I have agin his behavior, den, ben he did be so fond er coon an' possum huntin'. Mos' de onlies time I ever given him a pint-blank hard time ben de time he 'sisted on gwine 'possum huntin' an' whilst he ben gone dat boy, my fustis chile, ben bawn, Oh! I tell ye, Lige he was struck by dat. He did jes cry out loud; an' he name dat baby Remorse, he did, kase t' bar 'im in mine allus, an' he didn't go 'possum huntin' fo' a terrible long spell, not twell I say I kinder cravin' 'possum meat, myself. Oh, he did ben a good man t' me. I'se sorter highstrung an' feery an' w'en de stove didn't bake right, or it rain, wash day, or my fingers git so numb pickin cotton dat I caynt sew like I uster, why, I does be sorter ill like; but, laws, he jes laff an' conx it outer me. Den de torrer two chillen come an' die." Her face changed and quivered. "He ben mighty kind to me, dem times," she said. For a little space she was silent, then with a perceptible hardening of her mellow voice she went on.

"We got on fine fo' a spell. Me an' Lige, we uns done been raised by white folks—we ain't no niggers. We done wuk hyard an' 'sess a heap o' goods, an' live so happy an' feels so proud—not biggoty, jes' hones' proud—twell—My Lawd!" a look of anguish keen enough to startle us came over her face while the swift flow of her words was broken by a sudden sob, and she covered her face with her hands and screamed, "Oh, my Lawd, he lef me! He done taken up wid a nigger 'oman!"

Then, just as suddenly, she lifted her head, dried her eyes and said: "But bye'm by Lige he got tired o' her. He ben raised by white folks, an' he come a beggin' back to me to take 'im in!"

"And you took him back?" asked Mrs. Temple,

The sphinx-like head was reared again with indescribable pride. Victory's grandfather was an African prince, she told us once, and I can well believe her.

"Miss Temple, I taken him back! Me ben raised by white folk. He leff me fo' a black nigger: I never take him back!"

"But dow did he happen to do such a wicked thing?" said Kate Temple.

"How I know?" sullenly; "she live down de ribber, whar he go 'possum huntin', an' she gaily young thing an'—an' dey call her mighty harnsome; an', some way, she 'tice him off. He been too shamed come nigh me; but he sen' wud dat he give me de truck in de house an' de mules an' ever'ting, cep' only hundred dollars he have at de sto'. An' so he light out. But he nev' did get no satisfaction livin' wid her. She cudn't no mo' cook a meal o' vituals dan she cud match me pickin' cotton, an' she taken t' goin' on mighty bad wid torrer niggers: so dey pahted an' Lige came straight t' me. Mist' Thompson, he say Lige done make mighty sho' he git me back. Huh—Huh!"

I somehow inferred from her conscious air that Thompson was the other man in the case. I asked her, and she admitted that he was; "he was a mighty pleasant, good man," a preacher with a gift for prayer, and all the sisters admired him.

I said:—"But didn't it ever occur to you, Victory, that Mr. Thompson might be prejudiced witness against Lige?"

"How dat, Missy?"

"He wants to marry you himself, you know; mightn't he tell lies about Lige?"

"No'm. He's a plumb good man. Dar aint no such prayin' like hisn in the kentry. He done hah a revival er 'ligion sence he come."

"But hasn't he another wife somewhere?" said Kate, who has cynical notions about negro pastors.

"Dat jes' Reme's meanness!" declared Aunt Victory vehemently. "Brer' Thompson swar t' me dat jes de talk o dem ornery, pusillanimous niggers in Dogtown, dat wudn't give nuffin t' de chu'ch. Me an' Reme, we give $5. Dat Reme, he is a good boy, but I'se consarned baout him, kase he won't go t' meetins nur t' chu'ch nur nuffin, and says dat Mist' Thompson aint a mor'l man. He is prejdeeced, dat all, Mist' Temple. Dat story 'bout Sal Miller and got wud o truff in it. She got t' swar dat ar baby on somebuddy, an' so she taken po' Brer' Thompson dat aint skacely pahted lips wid her. He say he skacely seen her. Aint nare critter 'cept Reme Sanders does believe it. An' he believe anything on earth agin Brer' Thompson. I knows Reme; he jes aimin' de plumb wile; git me take his paw back!"

"But could you? Would he come?" said my artful friend.

Victory's great eyes flashed? "He does come ev'ry month, ober t' see me from Newport, in de cyars, an' walk out six mile, fo' seben months pleadin' wid me!" said Victory, "look like he aint 'jeetin'."

"Dont you think you could forgive him?"

Victory's handsome face hardened again. De fust time I say t' him: 'Lige Sanders, I aint gwine to take you back fo' my husband twell de sun drop! You git outer my house!' Dat how I talk t' him. An' he go off mighty down, wid Reme. Nex' time, I says: 'I don't want no wuds wid ye, Mist' Sanders.' But I let him come in speak wid Reme, kase he did set a heap o' store on Reme an' Reme on him. An byme by he got t' stayin' longer, an' den Reme wud hab him stay t' dinner. An' Mist Thompson says he make his braggs er dat, an' say I ben turning my mind t' him. Dat rile, me. But de las' time w'n he come, he done shaved his Leard an' look so like de Lige I married dat"—she flung out a clinched hand to strike her breast furiously—"something hot come up, dar, mindin' me o' all dem times t'gedder an' de li'le dead chillen an' all, an' ben fair choked. So I hilt my haid mighty boyish like, an marched outer de house, nev' passin' a wud wid him. An' de next dey I done rent de house t' Br'er Thompson to him an' norrer culled man wot batches (meaning they were both bachelors.) t'gedder, t' keep twell I come back, an' I drawed out my money dat I got leff t' de sto'; an, I come on yere. I done prommus Mist' Thompson I git a divorcement from Lige."

"And promised him, I daresay to marry him afterwards, said I.

But Victory drew herself up, proudly, "No'm, I doesn't go so easy. I only done prommus git divorcement fum Lige. I show Lige I don't nebber furgive him!"

We both surmised that it was more anger against the erring Lige than love for Thompson (whom we unreasonably disliked) that was at the bottom of Victory's motives.

From this time our sympathies were entirely with the husband. Reme declared that Thompson stole his mother's money. He knew about the hiding place. "She wouldn't tell me where she hid it," says Reme with indignation, but she owned up she told him."

There had been suspicions of Thompson, it appeared, in regard to some church moneys that were in his hands. Oh, yes, Reme, admitted, he had paid the money back, but not until they had lost their little hoard.

"I know maw, she sets store by paw, still," said Reme, "but this fellow talks so smooth he's fairly bewitched her. I did write to paw where we ben, and I'm hopin' he'll git round. I sent him all the money maw let me keep outer my wages and my grips."

The grips, I suppose, were Reme's tips, which he received on various occasions.

(To be continued)

Biliousness—Fever and Ague.

So pleasantly do Dr. Morse's Indian Root Pills search out and drive away the seeds of disease that all persons living in a country where fever and ague and all other bilious diseases, are prevalent, will find they should never be without them. From two to four pills each night upon going to bed, will, in a short time, drive away the sickly yellow look of bilious persons, and bring to their cheeks a beautiful glow of perfect health. Dr. Morse's Indian Root Pills are sold by all dealers in medicine.

For the past year I have been troubled to a very great extent with dandruff, also a dullness of color in my hair and through the advice of a friend (who spoke from experience) I tried your Anti-Dandruff, which upon the application of less than a bottle of your liquid I find my head not only thoroughly cleansed but a vast improvement in the color and growth.

I have, and do recommend it as highly beneficial to the profession and public generally as an agreeable and welcome innovation in the remedies put forth for public favor.

Yours, etc.,
W. P. WOLFE
Advertising Agt, "Frank Daniels Co."
Season 1890 91.

Just why so many people suffer pain when a remedy of known and certain effect like Hagyard's Yellow Oil may be had at every drug store, is not very clear. This peerless pain soothing remedy is a prompt and pleasant cure for sore throat, croup, colds, rheumatism, lame back, etc. Price 25 cents. dw

Familiar Family Friends.

The family store of medicine should contain a bottle of Hagyard's Yellow Oil. Mrs. Hannah Hutchins, of Rideway, N. S., says: "We have used Hagyard's Yellow Oil in our family for six years, for coughs, colds, burns, sore throat, croup, etc., and find it so good we cannot do without it." dw

Headache yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach stimulate the liver and regulate the bowels Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail

CARTER MEDICINE CO., New York.

FLAX-SEED EMULSION COMPOUND

BRONCHITIS

721 Lexington Ave.,
New York City, Sept. 19, 1888.
I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results.
JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N. Y., Feb. 14th, 1888.
I have used your Emulsion in a case of Phth (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form.
J. H. DROGE, M. D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 20th, 1888.
I can strongly recommend Flax Seed Emulsion as helpful to the relief, and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility.
JOHN F. TALMAGE, M. D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1888.
I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use.
D. A. GORTON, M. D.

WASTING DISEASES

137 West 84th St.,
New York, Aug. 6, 1888.
I have used your Flax-Seed Emulsion Compound in a severe case of Mal-nutrition and the result was more than hoped for—it was marvelous, and continuous. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

FRIGHTFUL EXPLOSION IN A LONDON OIL REFINERY.

The Father of Mayor-Elect Spencer Terribly Burned—Political Notes—Scalded to Death—A Chinaman Burned to Death in an Opium Den.

LONDON, Ont., Jan. 6.—An explosion followed by a disastrous fire occurred at W. Spencer & Sons' oil refinery, Simcoe-street, yesterday. William Spencer, sr., aged 72, father of the mayor-elect, received painful injuries and had a narrow escape from a terrible death. The loss will be $5000; insurance $2500. It appears Mr. Spencer, while in the bleaching and barreling room attending to some business, put his hand in his vest pocket and finding a match there, threw it on the floor and tramped upon it. This caused the match to ignite.

The flames must almost immediately have communicated with the oil in the bleachers, causing a terrific explosion, which was heard blocks away.

Mr. Spencer was in the centre of the building when the explosion occurred, and he wrapped a heavy overcoat around his head and ran straight for the door; but, quick as he was, his clothes were a mass of flames when he gained the outside, but the flames were extinguished by passers-by.

DIED IN AN OPIUM DEN.

A Chinaman Burned To Death While Hitting the Pipe.

VICTORIA, B.C., Jan. 6.—During the high wind at 3 o'clock this morning a fire was discovered in a Chinose wash house in Cormorant-street. During the fire one of the hosemen discovered the body of a Chinaman on the floor. The owner of the wash house will also die from his injuries, which are terribly painful. Both his head and hands were badly burned.

The dead Chinaman was either under the influence of opium or else he was suffocated with smoke before he could awake.

THE BREATH OF DEATH.

Two Young Men Suffocated at Halifax in the Same Old Way.

HALIFAX, N.S., Jan. 6.—Last evening David Power, and J. Oxner, young men belonging to Mahone Bay, arrived from that place and registered at the Revere. They were on their way to Quebec to join the artillery school and intended leaving to-day. This morning about 8 o'clock one of the domestics knocked at the door of their room and announced breakfast. The girl noticed that there was a very strong smell of gas. She called repeatedly without getting a reply. The door was forced and the young men found unconscious, having blown out the gas. Power was restored to consciousness, but his companion will die.

Shot in a Lumber Camp.

TORONTO, Jan. 6.—Alexander Beaty, aged 20, whilst working in the Frank's Bay lumber camp for J. B. Smith & Sons of Strachan-avenue, Toronto, was accidentally shot in the calf of the leg by a companion. The bullet went through the leg. The sufferer had to go 20 miles over water and 15 by land before a doctor could be reached and his leg dressed. He was yesterday brought to the Toronto General Hospital.

Foul Play Suspected.

TORONTO, Jan. 6.—William Hickerson was admitted last month to the Toronto General Hospital, suffering from what was thought to be pleurisy. On close examination a fracture of a rib was discovered. He had been carousing with some companions and could not explain the circumstances of his injury. He died last night. Coroner Johnson will hold an inquest.

Took Paris Green.

TORONTO, Jan. 6.—Thomas Holland, a youth employed by Mr. Wood of Prospect Park, suicided yesterday by taking a quantity of paris green. After it was discovered that he had taken the poison a physician was summoned but too late to do any good and the young fellow died in terrible agony. Deceased was weak minded.

Race Discrimination in R. C. Schools.

PHILADELPHIA, Jan. 6.—The third congress of colored Catholics of the United States was opened here yesterday. A resolution was passed asking that race discrimination be abolished in Catholic schools.

McKee Rankin Wants a Divorce.

SAN FRANCISCO, Jan. 6.—McKee Rankin, the well-known actor, has begun suit in this city for divorce from his wife on the ground of desertion.

"Uncle Ben" Dead.

BOSTON, Jan. 6.—Benjamin J. Wright, familiarly known to horsemen of the entire country as "Uncle Ben" Wright, died at Medford to-day from a complication of diseases. He was born in 1819.

A Steamer Stranded.

LONDON, Jan. 5.—News has been received that the Austrian-Lloyd steamer Juno has stranded at Smyrna, a seaport of Asia Minor.

Roumania's Queen Dying.

LONDON, Jan. 5.—The Queen of Roumania is lying dangerously ill at Pallanza, a town in Italy.

The Noted Dead

LONDON, Jan. 5.—Sir George Biddell Airy at one time the astronomer royal, is dead, aged 91 years.

THE WORLD OF LONDON.

Chronicled and Criticized By Mr. Edmund Yates—Carlyle's Opinion of Ireland.

LONDON, Jan. 6.—The death of Prince Victor of Hohenlohe has upset all the court arrangements and also the intended hospitalities of the Prince and Princess of Wales at Sandringham, where there is not now likely to be either a ball or a lawn meet of hounds this winter. Contemplated tableaus and theaticals at Osborne and other projected entertainments have been abandoned and the Queen has given up the intention of opening parliament and will now remain quietly in the Isle of Wight until within a few days of the Royal wedding. The Queen will not now be in London until the second week of March, when she is coming up to Buckingham Palace for two nights, in order to hold the first drawing-room, at which Her Majesty will receive the diplomatic corps. There is to be another drawing-room the following week.

Although the late Prince Victor was a nephew of the Queen and a brother of the head of his house, he never occupied more than four lines of the "Almanach de Gotha," which does not condescend to trouble itself either about his marriage or his children. With his English relatives he was universally popular. For a quarter of a century he was known as Count of Gleichen.

Count Gleichen used to say with all sincerity that soulpture was his bread, and he realized a considerable fortune by his chisel. Although he worked with great rapidity he always managed to keep up the quality of his productions, which may be numbered by the hundreds. Perhaps the happiest statue was that of Lord Beaconsfield for the Conservative Club.

At the Suggestion of the Queen.

The Queen is so favorably impressed with the picturesque turbans worn by her own Mussulman attendants that she has requested Lord Lansdowne to restore the old-fashioned Oriental head dress whenever practicable. In accordance with this intimation, the hideous caps of the Viceroy's body-guard have been replaced by gorgeous turbans of red, dark blue and gold.

Candidates for a £1200 Sinecure.

The best place in the personal gift of the Queen, with the exception of the Black Rod, became vacant by the death of Prince Victor of Hohenlohe-Langenburg, who was appointed Governor-Constable of the Round Tower, Windsor Castle, after the death of the Prince Consort. The salary is £1200 a year and there are now no duties. The governor and constable of the Round Tower are nominally under the Lord Chamberlain, and the salary is paid out of the civil list. It is certain that either the Duke of Connaught, Prince Christian or Prince Henry of Battenberg will be selected by the Queen, the chances being in favor of the last, whose appointment is anxiously desired by Princess Beatrice.

Urged to Come to the Royal Wedding.

The Princess of Wales is most anxious that the King and Queen of Denmark shall come to England for the royal wedding, and such a pressing invitation has been despatched to Copenhagen that they may possibly consent to do so. They have not visited this country for more than 16 years.

King George Recovering From Smallpox.

There has been much anxiety both in Copenhagen and at Marlborough House concerning the illness of the King of the Hellenes, and the Princess of Wales was in great alarm about her favorite brother. There was an absurd attempt made at mystery about the nature of King George's malady by the Court and Ministers at Athens. He has really been suffering from a serious attack of smallpox and one day was in danger, but is now advancing favorably toward recovery, and will probably soon go to Corfu for a change of air.

Carlyle's Opinion of Ireland.

Carlyle's opinion of Ireland as recorded by Sir Charles Gavan Duffy, who is passing the winter in Nice, is exceedingly neat and characteristic: "It is not repeal from England but repeal from the devil that will save Ireland. Great Britain married Ireland by the ground plan of this world—the thick-skinned laboring man to the drunken, ill-tongued wife." EDMUND YATES.

Arrested for Manslaughter.

TORONTO, Jan. 6.—Barbara McDonough was last night found guilty of manslaughter and arrested on a coroner's warrant by a coroner's jury. Her child was suffering from diphtheria. The health officers called to remove it to the hospital. The sister of the prison told the inspector that Mrs. McDonough and child had left the house. About a week afterwards the child died and the mother is now under arrest charged with being the cause of its death through criminal negligence. Her brother, Colman McDonough, in giving his evidence before the jury swore that the child's name was Greelish, that he was its father and that his name was John Greelish. He, too, was promptly placed under arrest on a charge of perjury.

ENGLAND AND CANADA.

How the Chronicle Would Realize Sir Charles Tupper's Aspirations.

LONDON, Jan. 6.—The Chronicle this morning says: "A more effective method of realizing Sir Charles Tupper's aspirations would be unrestricted reciprocity between England and Canada. We do not expect that Sir Charles will agree with us when we affirm that it would be better for Canada to establish free trade both with America and ourselves, but it is of the highest importance to preserve friendly relations with America.

"If we are to use the Canadian Pacific Railway as a highway to the East this is an additional reason why Canada should aim not only to strengthen the bonds of union with England, but to retain such relations with America as will obviate any just cause of American jealousy against England. America hopes to compel the entrance of Canada into the union by the severity of her commercial policy. The best way to defeat such tactics is not to be found in imitation—for a nation of five millions cannot wage a successful commercial war against a nation of sixty-five millions—but in a policy of unrestricted commercial intercourse with the rest of the world."

RAVAGES OF GRIP.

The Salubrious Climate of Guernsey Affords No Protection.

LONDON, Jan. 6.—The influenza is prevalent throughout Great Britain and the number of cases daily grows larger. A marked feature of the present visitation of the disease is the large number of deaths resulting either directly from it or from the complications attending it. In London alone, during the last week, 19 deaths due to these causes have been reported. It is believed that the dense fog which hung over the city nearly the whole of week before last is largely responsible for the increase in the number of deaths resulting from influenza and lung diseases.

At Aylesbury, capital of the county of Bucks, 38 miles from London, nearly all the inmates of the workhouse are prostrated with influenza.

At Reading, the capital of Berkshire, whole families have been attacked by the disease and many deaths have occurred. The people in many of the towns of Berkshire are affected.

In East Kent and Canterbury there are not enough doctors to cope with the epidemic.

The epidemic is spreading in Guernsey, the second largest of the Channel Islands. The climate of Guernsey is noted for its salubriousness, but the weather conditions prevailing there do not seem to prevent the spread of the disease. The islanders fall victims as readily as the people of the mainland. Several deaths have been reported.

In Dorsetshire the work of the dairy farms has been much impeded by the general prevalence of the disease.

The reports received from all the places where the epidemic has made its appearance show that it is of a more serious type than before known.

Scratched 28 Years

A Scaly, Itching, Skin Disease With Endless Suffering Cured by Cuticura Remedies.

If I had known of the CUTICURA REMEDIES twenty-eight years ago, it would have saved me $200.00 and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body, and got under my nails. The scales would drop off me all the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have it as it was ever again. I am a poor man, but feel rich to be relieved of what some of the doctors said was leprosy, namely, PSORIASIS, psoriasis, etc. I cannot praise the CUTICURA REMEDIES too much. They have made my skin as clear and free from scales as a baby's. All I used of them was $3 worth. If you had been here and said you would have cured me for $200.00, you would have had the money. I looked like the picture (No. 2 page 47) in your book, "How to Cure Skin Diseases," but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times.

DENNIS DOWNING, Waterbury, Vt.

Cuticura Resolvent

The new Blood and Skin Purifier, internally (to cleanse the blood of all impurities and poisonous elements), and CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally (to clear the skin and scalp and restore the hair), instantly relieve and speedily cure every species of itching, burning, scaly, crusted, pimply, scrofulous, and hereditary diseases and humors of the skin, scalp, and blood, with loss of hair, from infancy to age, from pimples to scrofula.

Sold everywhere. Price CUTICURA, 75c; SOAP, 35c; RESOLVENT, $1.50. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston.

OTTAWA'S SENSATION.

LABELLE TAKEN INTO CUSTODY FOR KILLING HIS WIFE.

Sequel to the Tragic Death of a Young Wife—Her Brother Swears Out an Information Against Her Husband for Wilful Murder—Some Interesting Developments Promised.

OTTAWA, Jan. 7.—Leonce C. Labelle, who is in charge of the Linotype machines in the Government Printing Bureau, and son of the late Captain Labelle, M.P. for Richelieu, was arrested this morning by Sergeant Moylan and Policeman Hanrahan on a charge of feloniously killing one Catharine Labelle.

"What!" said the prisoner, "am I arrested?" "Come to the police station and see," was the reply. This was in front of the Russell House just as the big clock on Parliament Hall was striking the hour of 11.

When told of the grave charge which was laid against him Labelle said: "I am innocent. But out of kindness for my wife I may not have told all I knew. Her people, the Flannigans, especially her brother Patrick, are down on me. But perhaps it is best that the whole affair should be settled finally by the court." It will be remembered that the wife of Labelle, a young woman about 20 years of age, was found dead in her bed nearly two weeks ago. The alarm was given by her husband. An inquest was held and the coroner's jury returned a verdict that the woman died from a dose of carbolic acid, but how administered was not known. The woman was found in a nude state in her bed and her underclothing could not then be found.

Since the coroner's inquest the clothes have been found, torn into shreds and between the detective and the family of the deceased additional evidence was procured, and finally Patrick Flannigan swore out information last evening to the police, which enabled them to arrest Labelle. It was said that Labelle intended leaving the city to-day, and consequently he was arrested sooner than was expected.

POLITICAL.

Dr. Ferguson Declines the Conservative Nomination for Welland.

PORT ROBINSON, Ont., Jan. 7.—A very large and representative meeting of the Conservative party of the county of Welland convened here yesterday.

Dr. John Ferguson, ex-M.P., was unanimously nominated as a candidate for the coming Dominion bye-election.

Dr. Ferguson rose, and after thanking the mover and seconder he in very feeling words declined the honor, saying reasons of a private character prevented him accepting.

It was then moved that James Lawson, Thorold, be the candidate.

The motion was carried by the unanimous vote of the convention and Mr. Lawson accepted.

A Candidate for East Simcoe.

ORILLIA, Ont., Jan. 7.—A mass meeting of the Liberal-Conservatives of East Simcoe was held here yesterday. Mr. W. S. Bennett, who was defeated in the general election, was the only name brought before the meeting and his nomination was hearty and unanimous.

The Reformers meet in convention on Tuesday.

The Alleged Boodlers.

OTTAWA, Jan. 7.—The case against Arnoldi, Talbot and Larose will come up on Friday at the Assizes.

Mr. Blackstock, Q.C., Toronto, has given notice of application on behalf of J. R. Arnoldi to have the trial laid over to the spring assizes owing to the illness of Mr. Perley, late chief engineer of the Public Works department, who is a material witness.

Another Langlais Scandal.

QUEBEC, Jan. 7.—It was reported here yesterday that another letter of credit in favor of J. A. Langlais has been discovered in the Treasury Department. The amount of this letter is $5000 for 10,000 additional copies of Sylviculteur Canadien and was discounted by N. S. Hardy, stationer, of this city.

The Algoma Case.

OWEN SOUND, Jan. 7.—The petition of James Copeland, protesting the election of George Hugh Macdonell as member of the House of Commons for Algoma, has been dismissed.

TEEMER AFTER THEM.

He Challenges Hanlan or Gaudaur to a 3 or 4 Mile Race.

NEW YORK, Jan. 7.—John Teemer, the McKeesport oarsman, has written to a sporting paper of this city challenging either Hanlan or Gaudaur to a race of 3 or 4 miles for $1000 a side on any fair course in America the race to come off in the latter part of May or June.

[Hanlan will undoubtedly accept this offer if an agreement as to the course can be come to. Gaudaur will require time to consider and may accept in the spring.]

Toronto Delegates Invited.

COLUMBUS, Ohio, Jan. 6.—A call has been issued by James A. Williams for a meeting in Columbus, Jan. 18, to organize a baseball league. Delegates have been invited from Milwaukee, Indianapolis, Toledo, Buffalo, Rochester, Syracuse, Albany and Toronto.

Reduced Tavern Licenses.

BELLEVILLE, Jan. 5. A majority of 22 was cast for the proposal to reduce the number of tavern licenses.

Gloom at the Gathering.

DURHAM, Ont., Jan. 6.—Charles Furaman, a farmer of Bentwick township, had come to town to attend the annual meeting of the Farmers' Institute held here yesterday. About 5.30 Mr. Furaman was sitting in a chair in the Middaugh House when those near him noticed a peculiarity in his breathing. Medical aid was summoned, but too late. His death was caused by failure of the heart.

Children Cry for Pitcher's Castoria.

BRITISH AND FOREIGN.

FAMINE IS EMPEROR OF RUSSIA JUST NOW

A Son of Henry Irving the Actor Shoots Himself—How His Spartan Father Took the News—A Brilliant French Novelist Incarcerated in a Mad House

ST. PETERSBURG, Jan. 7.—A ruler before whom both the poor Czar and the humblest tremble now holds sway in this mighty empire. Famine is emperor! Famine, accompanied by pestilence and murder, holds Russia in its relentless grip; and an agonized cry of woe rises from the lips of rich and poor alike. A terrible feeling of dreaded forebodings pervades all classes of society. The rich and aristocratic circles feel the icy blast of these cries of hunger rising all about them and ask themselves tremblingly if the time is near at hand when the order of society which as yet flourishes in Russia is to be replaced by one more just and beneficial for the poor, though less pleasant for the rich and powerful.

The Government has troubles without end, chiefly arising from the fact that it was entirely unprepared for this dreadful catastrophe. Certain it is that of the vast sum of $75,000,000 already expended by the Government the starving peasantry received little or nothing, and it will be necessary to expend an equal sum before the winter is over, without the certainty even then that the misery has been in any appreciable degree alleviated, because it is impossible to tell how many of these millions during the long journey from the treasury to the poor find their way into various pockets and how many reach the cottages of the starving peasants. Really, of what use is it to give the starving wretches a few paper roubles when there is no way for them to change the money for bread?

The approaching crisis is shown from the wild panic which has seized all classes, even the higher and intelligent ones. A vague, unconquerable terror has deprived the people of the ability to act rationally. Even the Government suffers from this cause, which is plainly shown from the manner in which relief is distributed and from the way the taxes are enforced. Heavy taxes are exacted not only from the wealthy classes of the peasantry, but the poor are also burdened, the Government evidently forgetting that the latter are always in debt to the former.

The same deplorable confusion reigns among the officials. Everybody is running hither and thither without aim or action, while the peasants in thousands rush blindly about, seeking work in the large cities, and always returning without having secured employment. Tolstoi ends with an eloquent appeal, or rather command, to the rich and well-to-do classes to look the danger squarely in the face and take the necessary measures to meet it. Bread must be had! He also urgently advises the government to purchase from America not less than 150,000,000 bushels of grain; and, if need be, twice that amount. It is said that Vyshnegradsky, the Minister of Finance, is in hearty sympathy with this move.

There is a report from Saratov that the authorities fear serious trouble on account of a rich merchant named Schewjagin, who three months ago purchased enormous quantities of grain and then refused to sell except at most exorbitant prices. The smaller dealers follow his example. When the authorities asked him to remember the terrible sufferings of the poor the merchant replied that he found the famine nothing to complain of, but rather the reverse. "Besides," he added, "I gave the whole of 25 roubles to the relief committee. What more do you expect?" When this became known among the peasants they took swift revenge by looting both his house and stores and murdering him and a number of his household.

The condition in some districts is about as terrible as one can imagine. While in certain places the people become unmanageable and resort to violence, in others the stillness of death pervades—a gruesome calm that freezes the heart and benumbs the tongue of the witness to such scenes as the representatives of Novoe Vremya describe.)

Affecting details are given by the correspondent of the mournful scenes to be witnessed in the huts of the starving peasants in the vicinity of Kasan, where whole families were found dead or dying of starvation.

All the villages in this district appear to be totally deserted. The people have closed the doors of their huts and are stolidly awaiting death. The newspaper man notes, as a curious illustration of in what little value life is held by these Kasan peasants, that if a peasant has had a quarrel with his neighbor he steals away in the night and hangs himself on his door-post, simple to spite him and cause him trouble.

In the Vjatka district an epidemic of hunger-typhus is raging, killing the people like flies.

In Ufa all kinds of food are held at prices entirely beyond the reach of anybody but the rich, and the suffering in consequence is terrible.

Large numbers of armed peasants roam through the famine-stricken districts. Several thousand railroad laborers on the Kursk-Rorustsch and Moskiva-Nijni-Novgorod lines have joined them. They have formed regular bands of robbery, holding up trains and plundering the passengers. The estates of the aristocracy are in a state of siege in several places, and the owners neither can nor dare leave their houses. The authorities are powerless and fear that, through Nihilistic agitation, the movement will assume political character.

Imperial orders, proclamations, etc., will not avail when the terrible pains of starvation commence in earnest among the millions of people who are not inclined to follow the example of the Kasan peasants and lie down calmly to await death.

The interior department has, during the past week, received the most alarming news from different points in the southern districts, where open revolt is threatened. The universal question is: "How will all this misery end?"

Blown to Pieces By Dynamite.

OTTAWA, Jan. 7.—Alfred Lynn of New Edinburgh, foreman of the works at Hog's Back dam, was attempting to dig from a hole a dynamite cartridge that had missed fire, when it exploded, throwing the man some distance away, tearing off both his hands and smashing in his face and head. He was only 24 years of age and was unmarried.

Leaves a Widow and Child.

ST. THOMAS, Jan. 7.—David Robb of Point Edward, a Grand Trunk conductor, fell between the cars while walking over his train at Tilsonburg this morning and was instantly killed. He leaves a widow and one child.

NASAL BALM

It is a certain and speedy cure for Cold in the Head and Catarrh in all its stages.

SOOTHING, CLEANSING, HEALING.

Instant Relief, Permanent Cure, Failure Impossible.

Many so-called diseases are simply symptoms of Catarrh, such as headache, partial deafness, loss of smell, foul breath, hawking and spitting, nausea, general feeling of debility, etc. If you are troubled with any of these or a hundred symptoms, your have Catarrh, and should lose no time in procuring a bottle of Nasal Balm. If you dread that insidious disease Consumption, use it. Ask your Druggist for SHILOH'S CURE, Price 10 cts., 50 cts. and $1. If your Lungs are sore or Back Lame, use Shiloh's Porous Plaster, Price 25 cts. dw

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for six months.

Daily Examiner.

THURSDAY, JANUARY 7, 1892.

Lakefield.

(From Our Own Correspondent.)

Last meeting of the old council next Monday night.

Cold and fine, but not enough snow to make sleighing.

A number of our village sports had a shooting match for turkey's at the range on New Year's Day.

A vag passed the last couple of nights in the police cells.

The steam fire engine was by permission of the reeve, used to flood the skating and curling rink on Monday.

School opened on Monday, and the youngsters are again settled down to their regular work.

Miss Madden and Miss Kerr, the two new teachers, have arrived and taken their places on the teaching staff; the former takes the ward school, the latter the room lately taught by Miss Boughner.

District Master Stinson paid Berresford Lo.O.L., No. 122, an official visit last Monday night and was entertained by the brethren.

Stone and Brunston the victims of the Xmas shooting at Mount Julian are both doing well, Stone being now out of danger.

At the last regular meeting of Lakefield Council, No. 93, R T. of T., the following officers were elected :—

Bro. W. M. Graham	C
Sister Mary White	V.C
Bro. H. R. Patterson	R.S
Sister R. Buchanan	F.S
Bro. W. J White	Treas
" W. Harper	Chap
" Z. McIlmoyle	Herald
" T. Redpath	Guard
" R. M. Graham	Sentinel

PROMOTIONS.

The following are the names of the pupils who were promoted as a result of the examinations held last month in the Lakefield Public School :

From Part II to II.—Blanche Graham, Bruce Campbell, (Lizzie Harrigan on trial.)

From Room III —Mary White, Florence Rogers, Jas. Quinn, Chas. Nicholls, George Cunningham, (Lillie Martin on trial.)

From II to III—Gordon Galvin, Raymond Bullock, Robt. White, John O'Connell, Laura Northcott, Alma Stinson, Etta Simpson, Lila Simpson, Hannah O'Connell, (Lillie Redpath on trial.

From III to IV.—Phoebe McCormack, Florence Madill, Alfred Doidge, Bruce McDonald, May Scrimger, (Bruce Garbutt and Geo. Noyes on trial.)

From junior IV to senior IV.—Vincent Strickland, Herb. Montgomery, Harry Moore, (Ada Cox and Fanny Northcott on trial.)

From junior V to senior V.—Gertie Wynne, Jack McIlmoyle.

A young man named Armstrong about 20 years of age, and unmarried, was killed in the woods at Braban's shanty on Monday afternoon, by the top of a tree another man was falling, breaking off and striking him on the head. Death was instantaneous. The body was brought down on Wednesday morning and taken to his mother's home near Nassau. His father was killed about a year since by a calf he was leading home jumping and throwing the old man on the ice with sufficient force to break his neck.

A.S. S. TEACHER REMEMBERED.

On the evening of Dec. 22nd, at the mission band meeting held at Mr. John Todd's, Miss Duff's Bible class presented her with the following address :

DEAR MISS DUFF,

It is the desire of your pupils in the Sabbath School, as the year is drawing to a close, to show that we appreciate very highly your interest in our welfare in the Sabbath school.

We feel that it has often been by sacrifice on your part that you have made the lessons that interesting part of the day's devotions, which we can testify that it has been to us, and we hope that you will accept this chair from us as a token in some measure of that appreciation.

It is our hope and prayer that you may long be enabled to be with us Sabbath after Sabbath, and while blessing others may you yourself be blessed.

May the choicest blessings of the season be with you this Christmas time.

Signed on behalf of the class,

E. HENDREN,
F. RAY.

Miss Duff replied very suitably thanking them for their comfortable gift.

Omemee.

(From Our Own Correspondent.)

The municipal elections created considerable excitement, but, notwithstanding this, they passed off without any serious mishaps. In the village Dr. Cornwall was re-elected reeve, and the council is John Beatty, Jos. Beatty, J. T. Parsons and John Bell. There was quite a contest for the reeveship for the township of Emily between T. H. McQuade and W. C. Switzer. The latter was elected by eight majority, and there was an unusually large vote polled. Politics and religion were dragged into the fight. Wm. Adams is deputy reeve, and in the council are D. Scully, R. J. Boat and Geo. Ashmore.

The remains of Miss Susan Sutherland, of Ops, were interred in the Presbyterian cemetery on Tuesday last. The funeral was largely attended. Rev. John Ewing officiated.

Jas. Morris has gone to Peterborough to Peterborough to take a course in the Business College.

There are a few cases of scarlet fever and grippe in this neighborhood.

The concert under the auspices of the Presbyterian church was a grand success, the receipts being about $100 00. The local talent was assisted by Mrs. Rose Emslie, elocutionist, of Toronto, and Miss Annie Fawcett, soloist, of Peterborough. The latter was in excellent voice and was obliged to respond to an encore on each appearance. She is a decided favorite with an Omemee audience. The accompaniments were played by Miss Mollie English and Miss Rose Williamson alternately.

15 Pounds of Blood

Is about the quantity nature allows to an adult person. It is of the utmost importance that the blood should be kept as pure as possible. By its remarkable cures of scrofula, salt rheum, etc., Hood's Sarsaparilla has proven its claim to be the best blood purifier.

For a general family cathartic we confidently recommend Hood's Pills. They should be in every home medicine chest.

Winter Sports.

The gay winter season exposes many to attacks of colds, coughs, hoarseness, tightness of the chest, asthma, bronchitis, etc., which require a reliable remedy like Hagyard's Pectoral Balsam for their relief and cure. Known as reliable for over thirty years. The best cough cure. dw

If you had taken two of Carter's Little Liver Pills before retiring you would not have that coated tongue or bad taste in the mouth this morning. Keep a vial with you for occasional use. dw

GILLETT'S PURE POWDERED 100% LYE

PUREST, STRONGEST, BEST.

Ready for use in any quantity. For making Soap, Softening Water, Disinfecting, and a hundred other uses. A can equals 2½ pounds Sal Soda.

Sold by All Grocers and Druggists.

E. W. GILLETT, Toronto, Ont.

Children Cry for Pitcher's Castoria.

GOUGH BROTHERS
SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know that you know where you can get the values. Fair Dealing makes Fast Friends. We have had ample proof of this, and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the requirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be bettered than by your buying! A noticed point is to get value! This you can positively receive by buying your

Overcoats, Suits, Silk Mufflers, Ties, Slippers, Boots and Shoes, and Overshoes,

at our Great Sale now on. Make a Christmas Present of an Overcoat to Brother, Husband or Lover.

GOUGH BROTHERS wish their Thousands of Customers (and every Customer is a Friend) a Cheerful, Bright Christmas, and a Happy, Prosperous New Year.

GOUGH BROS.,

THE WONDERFUL CHEAP MEN, - - - - - PETERBOROUGH, TORONTO, BRANTFORD.

I AM A MAN

"I have been treated by doctors, who had long lists of so-called cured patients, but they could not reach my case, and hope had been murdered in me by fair promises, but on first application of your magical appliance, hope and confidence came flocking in stronger than the combined powers of the four winds. I knew then that you would cure me, and now that I am a man and well again, I cannot thank you sufficiently for the cure. So again I say, use my name as reference whenever you wish. You nor any one else cannot use words too strong to express my sentiments in favor of so wonderful a treatment as that given by you."

For residence, house, farm, factory, offices, business places, halls, stables, closets, cesspools, &c., &c., and will save heavy doctors' bills. No family should be without it.

HENRY BEST,

413-w No Mosley Street.

THE FARMERS' INSTITUTE.

An Very Interesting Session at Norwood.

A Large Number of Farmers Present—Interesting and Practical Addresses—The Swine Industry—Grape Growing—Dairy Cows—Horse Keeping—All Fully Elucidated.

The opening session of Division Number Seven of the Farmers' Institutes was opened in the town hall, Norwood, on Wednesday morning. The president of the Institute, Mr. F. Birdsall, was in the chair.

The first part of the day's proceedings was the reading of a paper by Professor Grenside on "The Diseases of the Stomach of Cattle that Farmers should Understand." This was a very interesting and instructive paper, and was illustrated by a diagram of the stomach of an ox. The paper would, no doubt, prove valuable to the large number of farmers who attended.

An essay followed on "General Farming," by Captain Birdsall, son of the president. The captain dealt with his subject in a masterly manner, and showed a thorough knowledge of his subject.

Next came a paper on "Growing Grapes," by D. W. Beadle, Esq. This was a paper of special interest to fruit growers and some valuable and practical advice was given to them by the speaker, referring to grape culture. He had not time to deal with any other fruits and confined himself to speaking on this one branch of fruit growing.

THE AFTERNOON SESSION.

The session was called to order by the president at 2 10 p.m. who called upon Mr. T. Linfield, B.S.A., to give a paper on "The Dairy Cow."

Mr. Linfield in introducing his subject mentioned that although he was a young man he had studied scientific farming very largely. He said that it was practical men that farmers depended for their knowledge and spoke of the great advantage to farmers of the institutes, offering as they did such facilities for exchange of ideas. The dairy cow was on the farm for a purpose. He compared it to a steam engine, and spoke of the materials each were fed by, to generate force. Profit was expected from the cows, but about half the cows in the country did not pay for their keep. There were two reasons for this. First, not the right kind of cow, not giving the right quantity of milk. Farmers should find out the amounts of milk each cow gave in a year. The cows should be tested. One way was by weighing the milk occasionally.

Chemical tests of milk were then spoken of, particularly one for finding out the amount of fat in the milk. The second reason was that some cows, instead of the feed going to milk, went to beef. Great care was required with dairy cows, more so

THAN ANY OTHER KIND.

The question of selection of cows was next spoken of. This was a difficult thing to deal with. People asked what breed should be obtained. Cows varied more in themselves than in the breed. Some characteristics of the various breeds were briefly spoken of. The Jersey cow was a butter cow. She gives a large quantity of fat in her milk. Perhaps she would not give such a large quantity of milk as other breeds, but the quality would be better. Ayrshires were next treated upon. They were a hardy cow, and gave a larger quantity of milk than the Jersey. These did best on the high lands. The Holstein was then dealt with. This cow gave a large quantity of milk, but would have to be kept on the low lying lands. They would not do very well where the Jersey would. The Devon was the next spoken of. They are a hardy cow, but not a large milker. The Shorthorn was referred to as a cow that would repay great care. The grading up of stock from one particular breed was here emphasized. There must be no changing about from breed to breed. In the selection of sires, a thoroughbred should be used. The farmer would not depend upon an animal that had not a pedigree. The pedigree of performance was better

THAN PEDIGREE OF BLOOD.

A description of a model dairy cow was quoted from a paper by Mrs. Jones, of the Belvidere Jersey Farm, Brockville, giving the various points and characteristics of the best cows. The main points to be looked for were, she must have a large udder, a soft mellow, moveable skin, and soft hair, must must have a capacious barrel, and have a good constitution to get away with a large quantity of coarse fodder, a strong back, and be wide behind. These things make a good dairy animal. The aim of the farmer should be improvement. First in the farmer himself, who should study the feeding of the cows properly. It was cheaper in the end to put up a warm stable for the cows, than to put fodder in them to warm them, besides milk. The cow should also be kept clean, and the stable should be well ventilated. Sunlight is a very important thing in the lives of animals as well human being. Regularity of feeding was emphasized, also plenty of pure water. Cows should have salt always before them, or the results will be, a less quantity and inferior quality of milk.

Mr. Linfield concluded his very practical and thoughtful paper by speaking of the pasturage of cows. If once a cow runs down in her milk, owing to lack of feeding, it is impossible to raise her again to the the same standard she was on before. The speaker was heartily applauded at the close of his address, and answerd several questions asked by farmers present, relative to the feeding of cows and raising calves. It was better to feed calves on skim milk, than to allow them to be nursed by the cows.

SWINE BREEDING.

Mr. R. Vance, president of the Agriculture and Arts Association was next called upon to read a paper. The subject was: "The Swine Industry, and how it may be Made Profitable." In introducing the paper Mr. Vance referred to the old Mosaic code which prohibited the use of swine's flesh as food. In spite of this the industry had grown to a remarkable extent. Excessively fat hogs do not find such a good market as formerly, and the object of the breeder was to find out exactly what kind of hogs were required by the public. They should not be too fat but of good build and weigh from 200 to 240 pounds. The importance of grading in hogs was often overlooked. As a rule they could be more economically raised by feeding with grass than with corns and peas. The breed should be hardy and able to withstand the effects of the climate. They should also be very prolific. First litters as a rule should be sent to market as porkers. The feeding capacity of hogs were also touched upon, and reference was made to Berkshire stock being the best breed of hogs. They had reached a great degree of prominence in the public estimation. Other breeds had their excellence, but Berkshire were in the speaker's opinion the best for breeding purposes. Sires should be taken from thoroughbred stock; this would have a very great effect on the industry. Applause followed the reading of this paper and questions were asked on several portions of it, and comparisons were made between the Yorkshire and Berkshire hogs.

The next address was

THE ECONOMICAL MANAGEMENT

of horses and horse stables by Professor Grenside.

The speaker said that the economical management of horses was not keeping horse on as little food as possible, but keeping them in the best possible condition, at the least possible cost. The question of condition was dealt with, and digestive troubles were shown to be the most frequent in horses. Improper feeding was responsible for this to a great extent. Concentrated food had been largely used but this alone was injurious. A certain amount of bulky food was necessary. Hay and straw were good bulky foods, and a mixture of hay and straw was very good. If hay alone were used, however the effect would be even better. The quantity of hay fed to horses as a rule was largely in excess of what it should be. The feeding of too much bulky food was not only a waste, but was injurious to the animal, and caused several diseases of the digestive organs. The inferior quality of food was also touched upon, particularly "dusty hay." Clover hay was also injurious to horses, as some people thought, but the excessive use of it was. A limited or restricted quantity of hay was best to feed horses. The best guide he could give as to the exact quantity was about one pound of hay to every 100 pounds of the horse's weight. Long hay was just the same in feeding value as cut hay, although cut hay was less wasteful. Speaking of grains, he said that oats were much better to feed than other grains. Where oats, however, are scarce and expensive, barley, peas or oatmeal might be fed, taking the precaution, however, to mix with them a little

CUT HAY OR STRAW.

It was not necessary to have the oats or grain ground, only in the case of young colts or old horses. Horses with good teeth could do their own grinding. No strict rule could be laid down as to the amount of grain food to be given. Exercise had to be considered on this point, as it was absolutely necessary to keep a horse in the best condition. One pound of oats to every one hundred pounds of the horse's weight was a good allowance. Larger horses, of course, would therefore require a little more than others. Horses in hard work should have a little pea meal fed, as well as oats. The watering of horses was then taken up. The best time to water a horse was when his stomach was empty or just before meals. They should be allowed to drink just as much as they want. When on the road horses should be watered frequently. This lessens the liability of their taking too much at one time. A change of diet was good for horses at times, such as roots, bran mash, &c. These should be given at night, after the day's work, as then they are less liable to cause trouble. Great care was necessary in their use. Horses, like other animals, required salt. Rock salt was best, and should always be before him. 'Stables" was the next part of the subject. They should be clean, well ventilated, and contain pure air. One of the greatest difficulties was to get a good stable floor. A description of several kinds was given by the speaker, who further said that it was very injurious to bore holes in a stable floor. A tamarac plank floor was about the best and most durable that could be made. Cleaning out and bedding of horses were spoken of, and the Professor said that straw should be kept under the animals all day. The ventilation of stables was fully spoken of, keeping the interior full of pure air. In conclusion, the speaker dwelt on the importance of light for horses. It was just as necessary to them as to man. The address was listened to with great attention and heartily applauded. At the close a few questions were invited and answered by the professor, one of which was on cribbing. He said that this was very difficult to prevent. Muzzles were used to a great extent, with

MORE OR LESS SUCCESS.

Mr. Hy. Humphrey then read a paper on "General Farming" which showed great care in the preparation of it.

In the evening an interesting and varied programme of vocal and instrumental music was given in the town hall. A large number of farmers and friends attended and a most enjoyable evening was spent.

At this season of the year the effects of catarrh and cold in the head are most likely to be felt, and danger to life and health will result if not promptly treated. For this purpose there is no remedy equals Nasal Balm. It is prompt in giving relief and never fails to cure. Beware of imitations and substitutes. Sold by all dealers, 50 cents a bottle. dw

People Wonder

WHEN they find how rapidly health is restored by taking Ayer's Sarsaparilla. The reason is that this preparation contains only the purest and most powerful alteratives and tonics. To thousands yearly it proves a veritable elixir of life.

Mrs. Jos. Lake, Brockway Centre, Mich., writes: "Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony. I was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to do any permanent good until I began the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see an

Improvement

in my condition, my appetite began to return and with it came the ability to digest all the food taken, my strength improved each day, and after a few months of faithful attention to your directions, I found myself a well woman, able to attend to all household duties. The medicine has given me a new lease of life, and I cannot thank you too much."

"We, the undersigned, citizens of Brockway Centre, Mich., hereby certify that the above statement, made by Mrs. Lake, is true in every particular and entitled to full credence."—O. P. Chamberlain, G. W. Waring, C. A. Wells, Druggist.

"My brother, in England, was, for a long time, unable to attend to his occupation, by reason of sores on his feet. I sent him Ayer's Almanac and the testimonials it contained induced him to try Ayer's Sarsaparilla. After using it a little while, he was cured, and is now a well man, working in a sugar mill at Brisbane, Queensland, Australia."—A. Attewell, Sharbot Lake, Ontario.

Ayer's Sarsaparilla,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Price $1; six bottles, $5. Worth $5 a bottle.

SUN LIFE

ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,355.92
Increase over previous year	2,421,372 84
New Applications received in 1890	4,371,598.15
Increase over 1889	2,266,886.40
Cash income for year ending 31st December, 1890	882,073.27
Increase over 1889	325,938.25
Assets at 31st December, 1890	3,473,514.19
Increase over 1889	687,691.47
Reserve for Security for Policy-Holders	2,109,223.63
Increase over 1889	567,733.71
Surplus over all Liabilities and Capital Stock	223,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	143,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,600 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6 04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)	$64 824 07
" " " " 1886,	39,452 97
" " " " 1890, (four years)	232,175 69

Sunday School Christmas Entertainment.

The Christmas Sunday School entertainment for the pupils and friends of St. John's Sunday School will be held in the school House to-night. Mr. R. M. Roy will be present and delight the audience with a fine series of views. The prizes will also be distributed to the pupils. There will be singing by the children with orchestral accompaniment. At 7 o'clock.

We Would Like this Read.

In this day's issue of the EXAMINER will be found an advertisement from Mr. J. J. Sheehy. It is well worth reading, especially to any one requiring the particular class of goods which he advertises. Mr. Sheehy has been a constant advertiser in this paper for the past six years, and evidently thinks that if a thing "is worth doing, it is worth doing well." His ads are always brief and to the point, and at once impress the reader with their genuineness. Mr. Sheehy assures us that the line he always follows is this—when you have a special line advertise it, and advertise it well, and when, as the result, the customers ask for what has been advertised, be sure to have just such goods as you have promised them and at the prices quoted. dw

Acknowledgment.

The Committee of Management of the Peterborough Protestant Home acknowledge with thanks the following donations for the month of December:—Mrs. Walsh, plum pudding, Mrs. Cameron, two suits underclothing; St. Andrew's Y.P.S.C.E., benches and cakes; Mrs. Bain, coat and vest; Mrs. John McKee, suit of clothes; Mrs. McGill, rolled oats, apples and mosto; Miss M. J. Moore, goose; a friend, bag of snow apples; Mrs. R. Fife, basket of apples; Mr. Wallis, (Merino) two bags of potatoes, bag of turnips, ham and fruit cake; Mrs. Fairbairn, turkey; Miss Roger, candles; Mrs. Dunlop, two turkeys; Rev. V. Clementi, turkey and roast of beef; Mrs. Weller, goose; Mr. Jas. Stevenson, four geese, four turkeys and box of apples; Miss Mann, goose; Mrs. Tassie, turkey and fruit cake; Mrs. T. W. Robertson, turkey, nuts and candies; Mrs. R. A. Morrow, turkey; Mrs. Haslitt, turkey and cakes; Mrs. Innes, currant loaf and preserves; Mrs. J. B. McWilliams, fruit cake, jelly and clothing; Mrs. Bacon, fruit cake; Mrs. H. A. Mulhern, one hundred flour and turkey, Christmas letters; Mrs. Ferguson, aprons for each aged woman; S. A. papers; Y.M.C.A. papers; Mrs. John Kincaid, barrel of apples; Mrs. J. J. Howden, ham a friend, apples; Mrs. John Best, quilt; Mrs. Paton, per W. C. T. U., aprons, candles and nuts; Mr. T. J. McWilliams, pan of bread, ten apples and potatoes; Mrs. J. G. Hall, preserves; Mr. H. Thompson, books and pictures; Baptist Sunday School teachers, cake; Mrs. Wm. Davidson, cakes; Mrs. Jno McPherson, quilt and coat; Mrs. W. H. Miller, apples. If there have been any omissions in this list, the friends of the Home will kindly overlook it as an accident befal the list of donations for December.

Twelve years trial in English climate with increasing demand, proves the Royal Rheumatic Remedy to be the best remedy for Rheumatism. For sale by W. R. Greatrex. dw

Worms cause serious sickness. Dr. Low's Worm Syrup destroys and expels all kinds of worms quickly and surely.

Remenyi.

This was the word that doubtless filled the minds of the large audience that last night at eight o'clock filled Bradburn's Opera House to listen to Remenyi, and hear the members of his concert company. Expectations of an exquisite treat ran high, and there was no disappointment. The veteran violinist was in grand form, and magnificently justified his reputation as the leading living interpreter of the infinite resources of the instrument whose mastery he has accomplished as nearly as any living man. No description can give the faintest idea of the wonderful playing of Remenyi. It was not to be expected that one, with the infrequent opportunities of hearing such music in Peterborough, should forego the pleasures of listening—entirely—with a passionate absorption of the magnificent music, of the great artist, for the sake of crudely analysing the style, technique, and methods of the player. One might possibly detect some trifling flaw, like a petty hostility to pitch, or a harmonic that "hung fire," but still the bizarre flourish of the maestro's bow swept away all such trifling incidents, overwhelmed the puny cavil of criticism, and one only heard the magnificent music which Remenyi drew from his marvellously fine fiddle under the enchantment of his genius. In technique the impossible becomes child's play with him. The dainty dance of his clean-cut arpeggios, the lightning-like ripple of his staccato, the liquid clearness of his harmonics, the broad, penetrating richness of his cantabile, invested his playing with indescribable charm, which no words are even approximately adequate to express. The programme, reprinted below, indicated his numbers, but these are only a part of his performance. He was recalled nine or ten times, and at each re-appearance seemed to surpass what a moment before seemed impossible of improvement. Peterborough has never seen a greater than Remenyi, and it will be many a day before his equal is heard here. The other members of the company all appeared in solo. Mr. Fessenden and Mrs. Rice being recalled. Mr. Fessenden, the tenor, has a voice some of whose clarion notes are magnificent. His enunciation is one of the chief charms of his cultured singing. Mrs. Rice, the soprano, possesses a voice of exquisite clearness and much strength. The most pleasing part of the vocal section was the concerted pieces in which Miss McGregor's robust contralto blended beautifully with the tenor and soprano. Miss Berry played a polacca by Weber on the pianoforte with more delicacy than strength, but it was as an accompanist that she won her laurels. The concert was a magnificent musical treat. All the members of the company were well received. Remenyi's reception was of the most enthusiastic character.

The local impresarii are to be congratulated upon providing such a splendid musical entertainment for the public. All the details were well managed and excellent order was maintained; that is, no interruption, of any moment, of the music was made. Below is the

PROGRAMME.

1. Trio, "Pace a quest alma," .....*Campana*
Mrs. Rice, Miss McGregor, and Mr. Fessenden.
2. Tenor Solo,
"The song that reached my heart," *Jordan.*
Mr. Fessenden.

Toboggan Slide Notes.

The snow of last night and to-day insures the opening of the toboggan slide at Charlotte and Park streets to-morrow, Friday, evening, Jan. 8th. The open season and want of snow obliged the management to postpone the event from the first announced evening, but they trust that hereafter the slide will be in shape for the enjoyment of those who are fond of this sport. The roadway of the slide is smooth as a floor, and the Electric Light Company have placed their lamps in readiness to make the entire course as "light as day." Accommodations are furnished for those parties having private toboggans to leave them there in care of Mr. John Cousins, who will look after the interests of the patrons and to the safety of the youngsters who may wish to enjoy tobogganing, day or evening. The slide will be open from 12 o'clock noon to 10.30 each night after to-morrow.

Merit Recognized.

Mr. W. A. Whitney, son of Mr. John Whitney, No. 623 George street, has just been appointed an observer in the United States Weather Bureau at Washington. Mr. Whitneys' appointment is practically a re-instatement to the position he resigned in June, 1890, on account of poor health. His new post of duty will be at Cornell University, Ithaca, N. Y., where he will hold the position of assistant to the chief of the New York weather service. Mr. Whitney came to Peterborough for the benefit of his health a year ago last November. He spent little of his time in town, passing most of his time roughing it in the wilds of northern Peterborough and beyond. He pays a warm tribute to the health-giving and restorative qualities of the bracing climate of this section. He was terribly prostrated with Texan fever, and in the space of one short year he was completely restored to health and strength. Mr. Whitney was a graceful writer and contributed many piquant sketches of Canadian sport and scenery to *Outing*. The EXAMINER congratulates him upon the recognition of his services which his new appointment involves.

Obituary.

The Late Walter Paterson.

On Wednesday afternoon at four o'clock a telegram was received recording the death of Mr. Walter Paterson, one of Peterborough's most respected citizens. About six weeks since Mr. Paterson went to Clifton Springs, New York state, for the benefit of his health, which had been failing for some time previously. His wife accompanied him and remained with him till the last. When he first went to the Springs his physicians held out hopes of his recovery, but his disease proved to be too firmly established to yield to treatment, though it was only within a day or two that his illness became alarming. On Christmas day his eldest and youngest daughters spent the day with him. But yesterday a telegram was received that he was in a dangerous condition, and his son, James, at once left for the bedside of his dying father, which he reached at 9.30 yesterday, morning, in time to be with him in the last few hours of his life, which closed at two o'clock. The late Mr. Paterson was the second son of the late Walter Paterson, sr., and was born and grew up in Peterborough. Early in life he became associated with his father in the prosperous business to which he succeeded on the latter' death. From his youth Mr. Paterson showed the characteristics that made him one of our most trustworthy and respected citizens. Under a quiet and unassuming manner he held an energy and quiet persistence which made him a successful business man. Sterling and unimpeachable honesty was another element of his character which made him trusted among men. In the course of his life he discharged efficiently and faithfully the duties of several offices of trust. He was at the time of his death a member of the the Town Trust Commission, and he was a member of the Hall Poor Trust, representing St. Paul's Church on the board, and was treasurer for several years. For ten years in succession he was a member of the town council, occupying the chairmanship of several important committees. He discharged this trust with the same quiet fidelity that marked all his dealings. Mr. Paterson was an enthusiastic Mason, being one of the oldest members of Peterborough Lodge No. 155, also of Corinthian Royal Arch Chapter 36 and held the highest offices in both. In politics he was an ardent Liberal, and in his years of health took an active part in political contests, having filled one term as President of the West Peterborough Reform Association. In religion he was a Presbyterian, an elder and a manager of St. Paul's church, and was a liberal contributor to all the funds and schemes of the church. Mr. Paterson, about thirty years ago, married Miss Euphemia Menzies, daughter of the late Jas Menzies, and to this union were born several children, of whom five are living—one son and four daughters.

Mr. Paterson's death leaves a blank in the citizenship of Peterborough, which it will be hard to fill. Personally he was popular with all classes. He was of a generous open nature, a faithful friend, kind and charitable, in fine, a genuine man through and through, and it is no exageration to say that he was one of nature's noblemen.

Funeral from family residence on Friday, Jan. 8th, at three p.m., under Masonic auspices.

Dummer.

Bro. A. W. Batten.....Lecturer.

Purify the importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The taint of scrofula, salt rheum, or other foul humor is heredited and transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, or the water we drink. **Your** nothing is more conclusively proven than the positive power of Hood's Sarsaparilla over all diseases of the blood. This medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also **Blood** vitalizes and enriches the blood, thus overcoming that tired feeling, and building up the whole system. Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

New Designs In Corsets.

MRS. ENSIGN

(Formerly with the Vermilyea Corset Co.)

Wishes to announce to the ladies of Peterborough and vicinity that she will open in a few days a full stock of New and Greatly Improved styles of Corsets. Attention is specially invited to the

Jennes-Miller Close-Fitting Bodice,

highly recommended for delicate ladies, and cannot be purchased elsewhere.

Having secured the sole agency for a number of Leading Corset Manufacturers, I will be in a position to handle Corsets from 50c. to $6.00 each, thus giving ladies the benefit of a large choice of new and modern designs. Measures taken on the premises and fitted to the form.

I am also Agent for the **Ypsilanti Full Fashioned Jersey Fitting Underwear**, and several other lines of exquisite American Goods.

Please remember the place—No. 178 Simcoe St., Snowden Block, opposite Phelan House, Peterborough. d

Self Application of Electricity

FOR MEDICAL PURPOSES

BY THE

DORENWEND ELECTRIC BELT

And Attachments.

HEAD OFFICE—168 Yonge St., Toronto

THE WORLD'S BEST.

ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent battery, which generates a mild continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT of QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DECLINE and all diseases of the Nerves and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and makes the best in the world; we defy anyone to bring proof to the contrary.

Do not allow their with the humbug combinations of leather and moss with which the country is being flooded. If you want to experiment with cheap articles, buy them, but if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send stamp and address for Illustrated Book on Home Electrical Treatment and mention this paper. J. D. TULLY, Agent, Peterborough. 2nd w

This is for YOU, Read It!

Separate School Trustees.

The polling in the Separate School trustee election took place in Ward No. Two yesterday, the only place where a contest was held, and resulted as follows:—Dr. Brennan 43, James Bogue 43. In Ward No. One Mr. O. Halpin retired, leaving Mr. Letellier returned by acclamation. In Ward No. Three Mr. J. J. Lynch was elected by acclamation. In Ward No. Four Mr. M. O'Brien's retirement left Mr. John McGrath returned by acclamation. The new members elect are, therefore:—

Ward Number One—A. Letellier.
Ward Number Two—Dr. Brennan.
Ward Number Three—J. J. Lynch.
Ward Number Four—J. McGrath.

Fine Old Wines
For the Festive Season.

I have laid in a large stock of fine old and reliable wines and liquors imported for the Christmas and New Year's trade. Rare old port wine bottled in Oporto, a quarter of a century old; rich native wines from the celebrated Pelee Island vineyards; pure juice, unfermented wine for sacramental and other purposes; fine sherries, Madeiras, clarets and champagnes in splendid condition. Extra old Scotch, Irish and Canadian whiskies. Brandy, rum, gin, bottled ale, sweet cider, &c. Also a large and varied assortment of choice family groceries at moderate prices.

John Cameron,
dw Grocer, Wine and Spirit Merchant.

Oh, What a Cough it

Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

The Graves of a Year.

Record of Interments in Little Lake Cemetery—The Ages, Nationalities and Religion of the Interred—Cause of Death.

Through the courtesy of Mr. Wm. Foord the efficient superintendent, the Examiner is able to lay before its readers his report of the interments in Little Lake Cemetery during the year 1891, together with other information, incident to such a return. In considering the number of interments it must be remembered that the total is not properly 196 but 185; eleven were re-interment from other places of burial. The sexes of those buried were nearly equal, 98 males and 87 females:—

Municipal Election.

(From Our Own Correspondent.)

Galway—Messrs. J. Doherty, C. Greany, J. Coulter and M. McGee withdrew their names before the poll was opened, which left the old council in for the next year. Charles Cobea, Reeve; David Curtis, John Gilmore, Charles McMahon and Thomas McNamara, councillors.

—Popularly called the king of medicine—Hood's Sarsaparilla. It conquers scrofula salt rheum and all other blood diseases.

Slavenville.

(From Our Own Correspondent.)

A society event which caused a flutter of interest was solemnized in our flourishing township on Wednesday, Dec. 30th, at the home of the bride. It was the marriage of Miss Maggie Robinson, the only daughter of Mr. R. Robinson, to Mr. R. Rudy. The ceremony was performed amidst beautiful floral surroundings, by the Rev. Mr. Kilgour, of Frenchville, while the bride was "given away" by her brother, Mr. W. Robinson, of Benefort, Miss Annie Robertson, of Benefort was bridesmaid, and Mr. Howard Barnard supported the groom. The bride was attired in a costume of blue silk, trimmed with blue lace, and flowers were her only ornaments. After the ceremony had been performed, the wedding party and guests, numbering about forty, sat down to an elaborate wedding supper. The well wishes and regards of a host of friends were represented in a handsome array of wedding presents. There are many warm friends in Slavenville and Benefort who will wish them all happiness and success. They will reside in South Monaghan.

Personal.

Miss Fowlie, of Niagara Falls, and Mr. White, of Hamilton, are visiting with Mr. and Mrs. Warde, Ashburnham.

Strengthen It.

Mr. R. Pope, Street Inspector, to-day reported two spans of the Smith street bridge in need of repair.

A Sad Home Coming.

The body of the late Walter Paterson was brought home from Clifton Springs, N.Y., at noon to day.

Everybody Pleased

With the bargains they are getting at the Red and White store, on Simcoe street. Goods going out faster than we can get them in.

WINSOR'S RESEARCHES.

(*Continued from Yesterday.*)

THE FIRST VOYAGE.

The sailing from Palos and the events of the first voyage were about as we know them from Irving, Prescott, and the school histories. From the latest estimates—by Captain G. V. Fox—the admiral's flagship was sixty-three feet over all in length, fifty-one feet keel, twenty feet beam, and ten and a half in depth. The other two ships were smaller, but the three carried, according to one account, one hundred and twenty, according to Ferdinand's "Historie," ninety, men. "There was no lack of the formal assignments usual in such important undertakings. There was a notary to record the proceedings, and a historian to array the story; an interpreter to be prepared with Latin, Greek, Hebrew, Arabic, Coptic, and Armenian, in the hopes that one of these tongues might serve in intercourse with the great Asiatic potentates; and a metallurgist to pronounce upon precious ores."

Every school boy knows the story of those thirty-three days of doubt, distress, and mutiny, as the little fleet felt its way through the great sea of darkness which, for centuries, the European imagination had peopled with all sorts of portentous shapes and chimeras; how, on the 12th day of October, 1492, land gladdened the gaze of those eager watchers, and the fleet lay-to near the small island of Guanahani, as it was called in the Indian tongue. Out of the many claimants for this landfall, Mr. Justin Winsor thinks the balance is in favor of that insignificant member of the Bahamas now known as Watling's Island.

The history of the admiral's explorations and return; the rejoicings in Spain; the triumphal processions, with the strange inhabitants of the new-found world decked out in their native finery; the second voyage for colonization in 1493-94; Columbus' return and work in Spain; his failing reputation and his struggles to maintain it; and the *third and fourth voyages*, in 1498 and 1502, respectively—these make an interesting story, and interest is added by Justin Winsor's manner of telling the tale; but, in their very considerable detail, these events must be passed over by the reviewer.

THE MAMMON OF UNRIGHTEOUSNESS.

The narrative of this discovery of the Western Hemisphere, when surveyed in the cold light of historical criticism, discloses one not reassuring, or at least unromantic, fact. It was a search for gold. It was prompted by the avarice of Ferdinand and Isabella, of Columbus, and of the adventurers who were willing to risk their lives in the race for wealth. It would be too high praise to call it a business venture, for that conveys the idea of legitimate exchange and barter. These Spaniards were determined to tap the supposed wealth of the new lands, and were only willing to pay when they were forced to. When Columbus comes to a new island, he inquires if there are gold mines about; tries to wheedle the wretched natives out of their golden ornaments; levies a tribute of a hawksbill of gold per man—for caciques or chiefs, half a calabash of gold; if gold is not there, its equivalent in cotton is accepted. He deceives the royal patrons at home with tales of fabulous wealth about to be attained. When the hour of his degradation and neglect is at hand, his only resource in trying to avert it is a voyage home with the report that he has found in the mines of Hayna the Ophir of Solomon; and this he seems to have believed firmly.

The charges against him were that he had made false promises, which, indeed, he had; that he had mismanaged the colonies, which was most miserably true; and that he practised nepotism, which could not be denied in the face of the careers of his brother Bartholomew, his legitimate son Diego, and his illegitimate son Ferdinand. The treatment of the natives by the Spaniards was abominable: when gold could not be procured, and often when it could, the Caribs were captured by force or treachery, and were sent to Europe into slavery. Indeed, we find a distinct barefaced proposition from the admiral for the establishment of a slave-trade between Spain and the Bahamas. We all know the anecdote so illustrative of the petty avarice in Columbus—his claiming the reward for first seeing land, when the money undoubtedly belonged to one of the sailors.

But this is only one side, though an important side, and one especially necessary to the reader who only knows Irving's hero and Prescott's paragon, or who has not learned to appreciate the absurdities of the rhapsodizing followers of Roselly de Lorques, who wish to add the admiral's name to the calendar of saints. Mr. Justin Winsor goes far in his very plain duty of annihilating the claims of those adulators, and the demands of this task leave him little opportunitity to appreciate the indomitable perseverance, the unflinching faith, and the undoubted ability of Christopher Columbus.

"Hardly a name in profane history is more august than his. Hardly another character in the world's record has made so little of its opportunities. His discovery was a blunder; his blunder was a new world; the New World is his monument! Its discoverer might have been its father; he proved to be its despoiler. He might have given its young days such a benignity as the world likes to associate with a maker, he left it a legacy of devastation and crime. He might have been an unselfish promoter of geographical science; he proved a rabid seeker for gold and a viceroyalty. He might have won converts to the fold of Christ by the kindness of his spirit; he gained the execration of the good angels."

GEOGRAPHICAL RESULTS.

Columbus died under the delusion that he had touched the eastern coast of Asia: half a century passed before men understood that a great new continent had been discovered; and it was two hundred and thirty years after the death of the admiral before it was proved by Bering's voyage that the new continent was not connected with Asia. It is a moot question whether Columbus or Vespucius first set foot on the American Main. People at first hesitated in giving a name to the new world; in 1516 the name America first appears on a map, and in 1541 it was first employed by Mercator to denote North and South America collectively. Hard upon the wake of the admiral's ship followed that succession of bold mariners and discoverers—Balboa, Da Gama, Cabot, Pizarro, Cortez, Drake, Gilbert, Cartier, and dozens of others.

"Now is the winter of our discontent made glorious summer" by Ayer's Sarsaparilla. This wonderful medicine so invigorates the system and encircles the blood that cold weather becomes positively enjoyable. Arctic explorers would do well to make a note of this.

My First and Last Moustache.

I had been full ten years married, two chicks played at our fireside,
Through a husband and a father I possessed a little pride;
I was not self-conceited in my dress, my looks or pose,
But I tried to move in fashion's line among my fellowmen.
At that time came out a fashion, a new widespread popular craze,
Every face that could produce a hair tried a moustache to raise;
As my hair was strongly rooted, needing no hair growing wash,
To appear spry as my neighbors I went in for a moustache.

For three long months no razor ever scraped my upper lip,
And the growth was strong and rapid and soon long enough to clip,
And I trimmed it in true fashion, from the centre did divide
Ever hair stretched like a grape vine with a curl at either side.
I looked a perfect lady's man, one of the purest stamp,
I dared not give a smile for fear it raised war in our camp,
And when two lawful lips touched mine I thought it rather rash,
To ask how a husband's kiss felt through a moustache.

In the mirror it looked warlike, as a trooper for the fray,
But when supping soup or porridge it seemed quite a different way;
If I wished a sparkling soda or a glass of beer to share,
My pure black moustache was whitened like a froth-mouthed grizzly bear.
At the table such a moustache, for my duty was between
Every bite and sup put in my mouth to wipe my moustache clean;
Oyster soup, hot grease or gravy, seasoned stews or savory hash
Adhered tenacious to the hairs of my admired moustache.

Sirs, when I went out to threshings how that moustache made me frown,
While the hairs hung down like streamers clad with dust and thistle down,
And when I went into my mess the waiters all took fright—
Such washing and such combing before I dare eat a bite.
But to crown my moustache troubles, winter frosts came on severe,
With icicles hanging from it like the house eave did appear;
My lip seemed screwed up in a vice, tight as a window sash,
With watery eyes I rued that I had raised my fine moustache.

One day came out a terror, bringing moisture from my nose,
With my breath became united in the hairs and quickly froze,
I appeared like one from Greenland bound upon a southward trip
And just dropped right down in Smithtown with an iceberg on my lip.
My hands rubbed it, with breath blowed it, against cursing strong I strove,
In my pain and desperation I believe I said "By Jove,"
At that time the lovers of good ice might cut a swellish dash
Who her skating, yes, or curling, right along my freze moustache.

I can form my resolutions quick as any other man,
With hand upon my ice-bound lip straight to the house I ran;
My wife sprang up astonished, in wild frenzy fear and dread,
As close up to the red-hot stove I thrust my aching head.
My self-cure was quite effective, though the process was but slow
Upon the damper and the floor the water round did flow.
I arose and grasped the scissors, my wife said don't be so rash.
But I clicked the scissors through the hairs of my thawed-out moustache.

It may suit in the mechanic's shop, bank, offices or stores
And likewise all professional men set snugly within doors,
But for one exposed all winter, when it dips to thirty three,
If he keeps it from freezing is a smarter man than me.
I find no fault with any man that a moustache does wear,
But since that day mine formed to ice I do not leave one hair,
It never shall grow there again, for looks, for praise or cash,
I cut off fashion with the hairs of my first and last moustache.

WM. TELFORD,
Smith.

Whooping cough, croup, sore throat, sudden colds, and lung troubles peculiar to children, are easily controlled by promptly administering Ayer's Cherry Pectoral. This remedy is safe to take, certain in its action, and adapted to all constitutions.

Cure for A Constipation and Headache.

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents a package. dw

---

Pale, Weak Women need a tonic, strength giving flesh building medicine like Milburn's Beef, Iron and Wine.

Consumptives?

Do not give up until you have tried Miller's Emulsion of Cod Liver Oil, which makes flesh and blood, is a positive cure for coughs, and colds, bronchitis, sore throats, and all lung troubles tending to consumption. Persons have been known to gain from five to ten pounds in weight by taking one bottle of Miller's Emulsion of Cod Liver Oil, which contains hypophosphites of lime and soda. In big bottles, 50c and $1, at Peterborough Drug Stores. dw

THE BEST FAMILY PILL IN USE

FOR SALE BY ALL DEALERS

Keep the Works in good order.

NORMAN, Ont., January 15, 1890.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. *Life is as the time-piece: frail and delicate* are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first, only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.

Yours faithfully,
H. F. ATWELL.

The Travellers' Safe-Guard.

AMAGAUDUS POND, N.S., Jan. 27, '90.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills. Yours, &c.,
M. R. MCINNIS.

A valuable Article sells well.

BORACHOIS HARBOR, N.S., Jan. 13, '90.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—This is to certify that I deal in Patent Medicines, including various kinds of Pills. I sell more of the Dr. Morse's Indian Root Pills than of all the others combined. *Their sales I find are still increasing.* Yours, &c.,
N. L. NICHOLSON.

AUTHORS & COX

121 Church st., Toronto.

—MANUFACTURERS OF—

Trusses, Artificial Limbs and Appliances for all Deformities of the Human Body, Spinal Diseases, Hip Joint Diseases, Diseases of the Knee and Ankle, Knock Knee, Bow Legs, Club Feet, etc. Also Crutches.

MESSRS. AUTHORS & COX,

Gentlemen,—I have great pleasure in being able to give you a hearty testimonial for the workmanship and wearing capacity of your artificial leg, made by you for me nearly four years since. It has given perfect satisfaction, and has never been out of repairs, and is doing its work well.

Yours truly,
W. TOWNES

"German Syrup"

For Throat and Lungs

Hemorrhage Five Years.

"I have been ill for "about five years, "have had the best "medical advice, "and I took the first "dose in some doubt. This result-"ed in a few hours easy sleep. There "was no further hemorrhage till next "day, when I had a slight attack "which stopped almost immediate-"ly. By the third day all trace of "blood had disappeared and I had "recovered much strength. The "fourth day I sat up in bed and ate "my dinner, the first solid food for "two months. Since that time I "have gradually gotten better and "am now able to move about the "house. My death was daily ex-"pected and my recovery has been "a great surprise to my friends and "the doctor. There can be no doubt "about the effect of German Syrup, "as I had an attack just previous to "its use. The only relief was after "the first dose" J.R. LOUGHHEAD, Adelaide- Australia.

AUNT VICT'R'Y.

"Maw'll git her divorcement in two weeks she says," Reme went on gloomily, "and she lows to go back t' the country right straight, but I ain't going with her if you will keep me."

Reme's prediction came true. With a profusion of thanks for our kindness, Victory gave us warning. She was going back in three weeks to her own house. We couldn't complain as far as we were concerned, especially as she had hunted up a new cook of great gifts in sauces and salads (according to her former employer), neat, industrious, indeed lacking little of perfection except a good temper.

Reme, on this official confirmation, as it were, of his fears, became a walking statue of gloom. It was at this period that he broke a Royal Worcester plate and three cut glass wine glasses, all of which, of course, just slipped from his hands while he "wasn't doing nothing." His misery over the wreck was such that Kate hadn't the heart to scold him.

He came to us later, and begged Kate not to take any money out of his wages, due the next day.

"Maw, she sayd you'd keep 'most all," he whimpered, "cause there the nicest kind of dishes and costs a terrible sight, she say. But if you'd please not this month, I'll sure work for you, all next month."

Kate reassured him. She wasn't going to take his money, but why was he so anxious to have the wages this month?

Then Reme confessed that his father was in town, and so was Mr. Thompson.

"And Thompson, he's all fixed up," cried Reme, "out of our money. In a black preacher coat and a silk hat. Oh, he looks mighty fine. But paw does look pint blank ghastly. You see, Mrs. Temple, he did ben sick ever since he went home the last time, and the house where he ben burned down and he lost his good clothes and ever' cent er money, and now he's come here, all ragged, aimin' to git some work and some clothes and make it up to maw. And I don't want maw t' see him all in his rags, and Thompson strutting round in his high hat. So I was reckoning I'd buy him some clothes."

We sympathized with Reme, but, as it turned out; our sympathy came to naught.

Either Victory's lawyer got the divorce sooner than expected, or Victory, herself, found the money sooner; anyhow, a few evenings later Kate came to me to say that Thompson was calling on Victory. I at once wanted to look at a new experiment in puddings, left in the "cold closet," to reach which one must pass through the kitchen.

True enough, there sat a smug-faced, six-foot negro, gleaning all over in a black broadcloth, with a gorgeous gold watch and chain and dazzling linen.

Victory would not let us pass without introducing him.

It was at this moment that there came a timid kind of half hearted knock at the door.

Victory opened it and absolutely staggered back. "My Lawd! Lige!" she screamed, "whut's got ye?"

Lige, indeed it was, and a forlorner spectacle than he presented is difficult to picture. He looked sick and wretched, and his clothes were no better than rags. What a contrast to the resplendent Thompson!

"Yes, Vict'ry, it's me," said poor Lige, "I know I aint fit t' come t' see ye in such cloes, but I did wanter see ye so bad!"

All Victory said was, "Mymy! mymy! Lige!"

By this time—for half unconsciously Victory had opened the door—Lige had shambled into the circle of light. He saw Thompson. As if by magic his humility was rent from him, his limp form straightened, head erect and eyes burning, he shook his fist at the preacher.

"You black nigger! is you darin' come twixt me an' my wife?"

Mandy, who was on the other side of the table, an admiring listener to Brother Thompson's elequence, jumped up with a scream.

"You hush!" said Victory quietly, "he won't do no hyarm!" She turned herself to Lige with actual dignity. "Who you talkin' 'bout, Mist' Sanders? Not me. I ain't no wife er yourn. I got my bill o' divorcement dis very day."

Lige gasped. The tears rose to his eyes.

"Anyhow, she ain't aiquin' to demean herself to a low down, trampin' niggar like you," said Thompson, from his glistening height of broadcloth. "Miss Victory lows t' become the bride of a gentlemen in the profession——"

A swift blow from Lige's fist knocked the rest of the sentence out of time.

Like a tiger Lige flew at the white shirt bosom and the gorgeous watch-chain. But, weakened by illness he was no match for the brawny preacher, who knocked him half across the kitchen.

Mandy tittered.

"Stop!" cried Mrs. Temple, "Victory! stop!"

Heeding her no more than the wind, as Lige, bleeding but undismayed, dashed again at Thompson, Victory herself flung the dish towel tight over Thompson's unsuspecting head, pulling from behind with such force and fury that, thus harassed in the rear, he made a misstep and all three went down together under Lige's onslaught.

"Git you' razor, Lige!" shrieked Victory "You let my husband 'lone or he cut you wid a razor!"

I believe that it was quite as much the bewildering effect of Victory's conduct as Mrs. Temple's commands that sent a calm on the turmoil.

Thompson crawled to his feet and glared at Lige, also on his feet, flourishing a razor, while Victory panted, supporting herself by the table, and Mandy called on the police out of the dining-room door, as if they were hidden upstairs.

Reme's appearance at this moment rather helped the confusion, since he supposed the house to be afire, and ran to the water faucets.

"What does all this mean, Victory?" Kate demanded, as soon as she had suppressed Mandy.

"Hit mean dat I ain't gwine hab no black nigger sass my husband!" answered Victory. "Mist' Thompson, 'sah, I bids you good-day, fo' eber mo'. An' I b'lieves ever' word Reme done tell me gin ye."

"I shall have to ask you to leave, too," added Kate.

In vain Thompson begged Victory to think of the past and her promises.

"I didn't prommuse you nary," cried Victory in high wrath; "I nev' sayd like I'd marry you, I sayd I'd git a divorcement fum Lige; an' a big fool I ben t' do it; but I done it."

"Maybe," snarled the goaded Thompson, "you didn't prommus you'd never take Lige Sanders fo' your husband——"

"Well, I ain't taken him back," came the reply with a toss of Victory's head and a roll of Victory's eyeballs. "Fo' de Lawd, I gwine marry him fresh. Dat what I gwine do?"

"Lawd bress you, Victory," cried Lige, "I sho' did reckon you turn me loose, w'en ye see me in dem po' ragged cloes an' him so fat an' sassy."

"Yes, on de money he stole from us!" shouted Reme, who was for having his oar in the matter.

"Lige, you a fool sho'!" retorted Victory; "ain't I jes' ben' had my hairt turned t' ye longer dem po' cloes de minnit I seen ye, ye did look so distressid! An' w'en he begun a pickin' on ye, looked like I cudn't bar de sight er him."

"Oh! laws. Vict'ry!" gasped Lige.

Thompson gave his former mistress a murderous glance; but he fished his hat from under the table and, muttering a kind of apology to Mrs. Temple, went out with Mandy.

Perhaps Mandy consoled him.

There is nothing more to say except that on the following Wednesday Aunt Victory baked her own wedding cake.

The Head Surgeon

Of the Lubon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada.

Billiousness—Fever and Ague.

So pleasantly do Dr. Morse's Indian Root Pills search out and drive away the seeds of disease that all persons living in a country where fever and ague and all other billious diseases, are prevalent, will find they should never be without them. From two to four pills each night upon going to bed, will, in a short time, drive away the sickly yellow look of billious persons, and bring to their cheeks a beautiful glow of perfect health. Dr. Morse's Indian Root Pills are sold by all dealers in medicine.

Just why so many people suffer pain when a remedy of known and certain effect like Hagyard's Yellow Oil may be had at every drug store, is not very clear. This peerless pain soothing remedy is a prompt and pleasant cure for sore throat, croup, colds, rheumatism, lame back, etc. Price 25 cents. dw

Familiar Family Friends.

The family store of medicine should contain a bottle of Hagyard's Yellow Oil. Mrs. Hannah Hutchins, of Rosway, N. S., says: "We have used Hagyard's Yellow Oil in our family for six years, for coughs, colds, burns sore throat, croup, etc., and find it so good we cannot do without it." dw

A Sensible Statement.

SIRS,—Having used your Burdock Blood Bitters successfully for some time past, I must state that for my complaint of biliousness and acid stomach I have never found an equal, and I continue to use it and recommend it to my friends and neighbors.

W. SUTTON,
St. Thomas, Ont.

HAMILTON'S BIG BLAZE.

THE MAMMOTH WANZER FACTORY REDUCED TO ASHES.

One of the Fiercest and Most Destructive Conflagrations the Ambitious City Has Witnessed for Years—The Total Loss Will Exceed One Hundred Thousand Dollars.

HAMILTON, Jan. 7.—The fiercest and most destructive conflagration which has visited this city for a number of years broke out about 5.15 this evening in the Wanzer Sewing Machine Company's premises in Barton-street. The building was a two-story brick structure, and extended along Barton-street for a full block, between Mary and Elgin-streets, with two-story addition facing on Elgin-street

In the building was a quantity of valuable machinery, also oils, unfinished machines and a large quantity of lumber. The premises have been unoccupied for some months since. Mr. Wanzer became financially embarrassed and the property passed into possession of the Toronto Permanent Loan and Mortgage Company, which held a mortgage for $140,000.

The fire originated in the japanning room, in the second story of the southwest corner of the building. The fire spread rapidly, and when the firemen arrived the whole top story of the building facing on Barton-street and extending for over 300 feet was in flames.

The entire department was soon at work. At the rear of the Wanzer factory and facing on Mary-street is the Hamilton Cotton Co.'s mills and in the immediate vicinity are the F. W. Hore & Son's hub and spoke manufactory, Jacob Zingsheim's cabinet factory and the county jail. These were all saved, but the Wanzer building, with its valuable machinery, etc., was destroyed.

In the county jail, which is directly opposite the Wanzer building, the anxious faces of the prisoners within could be seen peering through the barred windows.

The fire burned with terrible fury among the old woodwork and machinery of the Wanzer premises until it had exhausted its resources, and it was nearly 8 o'clock in the evening before it was within the control of the fire department.

All the upper story of the main building facing on Barton-street, as well as a portion of the ground flat, was destroyed. A portion of that part of the factory fronting on Elgin-street in which was stored a quantity of lumber and other material was saved.

The building and plant is insured for a large amount. The total loss will probably reach $100,000.

HOT SHOT FOR DEWDNEY.

Serious Charge Against the Minister—How Regina Came to Be Chosen as Capital of the Territories.

REGINA, Assa., Jan. 7.—The Leader (Mr. Davin's paper) is out with a red hot shot at Dewdney. It commences the publication of a history of the selecting of the Regina town site and Dewdney's speculations in connection therewith, and says it has further particulars and letters, which will be published. The Leader says: "While the line of the C.P.R. was under the control of Mr. Rosser, and there was some chance of it passing through Fort Qu'Appelle, Mr. Dewdney hovered around there, and in the name of the Indian Department set up a notice that a certain property which really belonged to a private person was an Indian reserve. The moment, however, he saw how the line would go, the course of himself and his brother boodlers was plain. The line was laid out past Regina on the present route early in the summer of 1882 and Dewdney came up here accompanied by his groom, Robert Green, and fixed on the site for the capital, a mile west from the present station, and centering on section 26. The pile of bones, as it was called, now the Wascana, ran through it. He got Robert Green to squat on a half section which would border the town, but which proved to be actually within the town as laid out.

Dewdney's fac simile letter reads as follows. It is addressed to his groom at Regina:

"Office of the Commissioner of Indian Affairs, Northwest Territories, July 23, 1882.

DEAR GREEN,—I find the Government have determined to hold on to the mile limit reserve on each side of the railway track, so it will be well not to make too great improvements. I expect the sections not utilized for town site will be sold by auction. Occupy it and hold it, if any ask any questions, for the Government. I have been obliged to go to Ottawa, so have not been able to return as soon as I expected, but I shall get things into good shape before I go away. Cut all the hay you can. I do not expect to meet you before the middle of August. Yours truly,

(Signed) E. DEWDNEY."

The Leader gives an expose of the formation of a syndicate of 15, in which Dewdney was the prime mover, and which included A. W. Ross, M.P.; Sydney Blanchard, Fred Brydges, Tom Howard, two relatives of the Brydges and a certain personage at Ottawa who wielded great influence. It shows how Dewdney selected the Regina town site plump on the section which he himself owned, and then through Green tried to secure another section and if any questions were asked to say it was for the Government.

Recovered $35 Damages.

OTTAWA, Jan. 7.—At the assizes yesterday Mr. Antoine Choquette, a printer, sued the Canadian Debt Collecting Company for compensation for injury done his reputation by having his name posted on one of the Debt Collecting Company's black and yellow posters advertising debts for sale when he did not owe the sum of 60 cents mentioned on this poster.

Judgment was given for plaintiff for $25 and costs.

DEADLIER IN ITS EFFECTS.

Antipyrine a Remedy More Dangerous Than the Dread Disease.

BERLIN, Jan. 6.—One of the most extensively used medicines in cases of influenza has been antipyrine. The physicians have uttered repeated warnings of the dangers of unprofessional administration of this drug, but apparently without much deterrent effect.

It is now announced by various doctors of unquestionable reputation that several deaths have occurred which to their positive knowledge were due to the excessive use of antipyrine.

It is strongly urged by some that the Government prevent the sale of the drug except upon a physician's prescription.

Jack Tars at Tangier.

LONDON, Jan. 9.—It is reported that the British minister at Tangier has warned the Governor of the disturbed district that if he cannot guarantee the safety of the town against rebel tribes sailors will be landed from two British warships that have arrived in the harbor.

Striking Paris Cabmen.

PARIS, Jan. 6.—The Parisian public evidently sympathize with the striking cabmen. At a meeting yesterday the sum of 3000 francs was collected as the nucleus of a strike fund. Men who propose to become cab drivers are subjected to a rigorous examination in the topography of Paris, and this requirement will prevent the employment of provincials.

Italian Anarchists.

ROME, Jan. 6.—At Grosseto Tuesday some anarchists exploded a bomb in front of the Prefecture as a protest against the arrest of riotous comrades. The explosion caused much excitement.

Baden-Powell off for Washington.

LONDON, Jan. 6.—Sir George Baden-Powell of the British Behring Sea Commission announced at Liverpool yesterday that at Lord Salisbury's request he will start for Washington on Saturday next, and that the two Governments have agreed to a basis of arbitration on the seal question.

Nihilism in Poland.

LONDON, Jan. 6.—Nihilist proclamations have been discovered among the troops in Poland. A number of non-commissioned officers have been sent to St. Petersburg prison for circulating Nihilist manifestos.

Davitt Sues for Libel.

LONDON, Jan. 6.—Michael Davitt has sued the Parnellite organ, The Dublin Independent, for libel in charging him with fraud in connection with the management of the Irish Industrial Company.

Ten Bodies Found in the Wreck of a Banking Schooner.

ST. JOHN'S, Nfld., Jan. 6.—The steam tug Progress of St. Pierre, whilst cruising off that port, picked up a vessel, bottom up, and towed her into harbor. When she was righted it was discovered that she was a banking schooner belonging to Lacroux of St. Pierre, which had disappeared while at anchor on the bank during one of the heavy September gales. When she was dried on the dock the bodies of 10 men were discovered in her. She had a crew of 16 or 17. The others must have been on watch when the vessel turned over. It is a curious circumstance that she should have drifted from the Grand banks to St. Pierre.

Fate of the Caviler.

LONDON, Jan. 6.—The bodies of the steward and second officer of the steamer Caviler have been washed ashore on the coast of Cornwall. The Caviler left Gibraltar Dec. 8 for Falmouth. Several days ago a boat marked Caviler was picked up off the Scilly Islands.

Dying From Starvation.

ST. PETERSBURG, Jan. 6.—The mortality among the Russian troops in the western provinces is heavy. The Government finds difficulty in supplying them with an adequate quantity of provisions.

INTERESTING ITEMS BY WIRE.

L. N. Y. Parlin, a Nashau jeweler, tore up $100 in currency and $16,000 in drafts on the highway at Hoosic, N.Y., yesterday and then blew out his brains.

A Socialist named Lewis was arrested on Sunday in Chelsea, London, for delivering an incendiary speech.

A boy named Manfred Lipski, aged 12, living with his parents on Steinmetz-strasse, Berlin, hanged himself because he received no Christmas presents.

The limit of a day's work to eight hours went into effect yesterday at the Scotia Engine Works and Short's shipyards, in Sunderland. The men accepted a reduction of 5 per cent. in wages with the lowering of time.

Engineers Bouchard and Wilson and four Italian emigrants were killed and eight passengers wounded by a collision between two passenger trains on the Wabash at Alladin, Ills., yesterday. The train took fire and both smokers and baggage cars and one chair car were consumed.

Will Lose Both Feet.

BELLEVILLE, Jan. 7.—A young man named Percy Noyes in the hospital here will probably lose both feet, which were badly frozen whilst walking from Napanee to Deseronto last week.

Another Vacant Chair

LOCHVILLE, Que., Jan. 6.—The Maskinonge contested election case came up for hearing yesterday before Messrs. Justice Bourgeois and Pelletier.

Isidore Damphausse was placed in the witness box and on examination admitted that he had received $40 from Edward Lamirande and that he had illegally distributed this sum by giving $20 to his brother, Hormisdas Damphausse and $10 to Hilaire Paille. Irene Gravel, the next witness, was placed in the box and Mr. Bisaillon began interrogating him with the intention of proving that he had distributed a large sum of money and considerable whisky, when Mr. Choquette offered to admit the agency of Edouard Lamirande, who had given the $40 to Damphausse. He also offered to accept judgment annulling the election upon this case. The attorneys for the defence accepted this and the court declared it annulled, with costs against the defendant.

Conservative Candidate for Peel.

BRAMPTON, Jan. 6.—The Conservative convention of the County of Peel met here to nominate a candidate for the House of Commons to fill the vacancy caused by the unseating of Joseph Featherstone. Mr. James Jackson, fomerly of Toronto township, received the unanimous support of the convention.

East York Dismissed.

MARKHAM, Ont., Jan. 6.—The East York election petition came up yesterday before Judges McClellan and Burton. Mr. Woodcock, the petitioner, offered no evidence and the petition was dismissed with costs. Judge Burton congratulated the electors of East York and said that the most bitter enemies of Mr. Mackenzie would not think him capable of a corrupt act.

A Horseman Dead.

ST. CATHARINES, Jan. 6.—Horsemen throughout Ontario will hear with regret of the death of Robert James, the well-known horseman, from blood poisoning Bob, as he was familiarly called, was a splendid, fearless horseman, upright in all his dealings and has during his life made many warm friends, not only in this city, but throughout the province and in the States. He came to St. Catharines about 25 years ago and for the past 10 or 12 years has kept the James Hotel on the Queenston-road.

DYING, EGYPT, DYING.

THE KHEDIVE DIES FROM THE INFLUENZA.

He Had Only Been Ill a Few Days—The Discovery of the Influenza Bacilli Regarded as Most Important—General Foreign News of a Night.

CAIRO, Jan. 8.—The Khedive is dead. He had been suffering from influenza which developed into congestion of the lungs. This was complicated with a cardiac affection and this afternoon he succumbed.

The death of the Khedive was entirely unexpected. It was stated this evening that he was in no apparent danger from the attack of influenza, when suddenly the complication set in and developed with startling rapidity. Two physicians were in attendance, but they did not appear to realize that the Khedive's condition was critical until this morning, when it became known that the ruler of Egypt was dangerously ill. Groups of people gathered at the gates of the Helorian Palace, where the Khedive was lying. At 6 o'clock this evening (Cairo time) a bulletin was issued stating that the Khedive was dead. He will be succeeded by Prince Abbas Pacha, his eldest son, who was born July 14, 1874.

Had Been Sick Some Days.

LONDON, Jan. 8.—A despatch to The Times from Cairo says: "The Khedive had been ill for a week and had been treated for simple influenza until Wednesday, when an acute disease of lungs and kidneys surpervened. Three European doctors were summoned and every known remedy was administered without success. The Khedive succumbed after a long period of insensibility. The Vicereine is inconsolable over his death and has retired to another place.

The heir to the throne, Abbas Pacha, has attained his majority under the Mahommedan law. He has displayed ability and force of character.

The present Cabinet has the confidence of the country.

The Times, in commenting on the death of the Khedive, says that the accession of a youthful ruler affords a good reason why England should have a tighter hold on Egypt.

The Standard says should the Sultan consider the time opportune to reopen negotiations he will find that while we entertain a punctilious respect for his Suzerain rights we cannot expose both him and Egypt to a repetition of the dangers from which England alone rescued them.

The Dix Neuvienne Siecle of Paris, foreseeing that arguments like the foregoing would be advanced by the British demands that the powers combine to prevent the placing of Abbas Pacha under English tutelage.

Mohammed Tewfik Pacha, Khedive of Egypt, was born Nov. 19, 1852, being the eldest son of the late Khedive Ismail. He succeeded to the vice-royalty of Egypt by a decree of the Ottoman Empire June 26, 1879, upon the forced abdication of his father, and received the investiture on August 14. He is the sixth ruler of Egypt in the dynasty of Mohammed Ali Pacha, who was appointed Vali or Governor in 1806.

Since his appointment the Khedive has acted in close harmony with the British authorities. He was a loyal and honest man, was neither cruel, vicious, extravagant nor an intriguer, and was thus as far as character goes a very paragon among Khedives. Tewfik married on Jan. 18, 1873, the Princess Emineh, daughter of the late El. Hami Pacha, by whom he had two sons and two daughters. He behaved with noble devotedness during the outbreak of cholera in 1883; in company with his wife he visited the sick and dying, in spite of the remonstrance of his Ministers.

A BADLY SINGED BUTTERFLY.

"Mere Papillon" Lies at the Morgue After a Chequered Career.

PARIS, Jan. 8.—The whole city was surprised to learn that "Mother Butterfly" is lying at the Morgue, for she was a character, who, in one way and another, had managed to make herself very well known.

She was the daughter of a Prefect under the Second Empire, who had educated her and her brother, his only children, in the best possible manner, and who, after spending his money with a lavish hand, died absolutely penniless, in consequence of his extravagance.

The daughter went on the stage and became notorious at the Alcazar d'Niver, whom Theresa ran it. She was taken off the stage by a very rich American, who, after making her his companion on his journeys all over the world, and spending a fortune on her, quarreled with her and left her in Philadelphia without a cent in her pocket.

She managed, however, to return to France and then went to live with her brother, shortly after which she fell in love with an actor and eloped with him, taking 10,000 francs which belonged to her brother. With this sum they started a circus, the lover doing the equestrian act. Eventually the circus was burned out and "Mere Papillon" had a narrow escape from a terrible death. Then she was taken ill and finally became insane, when she was sent into an asylum, where she spent a long time.

After recovering her reason she returned to Paris and obtained a position at the Grands Magasins du Louvre as a saleswoman, and she also began a career as a fortune-teller, in which role she attracted all Paris. She was so skilful in this that she drew customers from all classes, even the richest, and a line of private carriages was often to be seen standing in front of her house.

She made so much money at this that she became reckless and took to drink. Thus she dropped out of sight, and was last heard of as a frequent visitor of the Chateau-Rouge, in the Rue Galande, which was once the palace of Louis XV., and is now the nightly resort of criminals and drunkards of a very low type. There she used to tell anybody's fortune for two sous and a glass of absinthe.

She died three days ago from the effects of drink, in a squalid den in the Quartier de la Villette, where she lived.

The morgue was crowded to-day with all sorts of people who were elbowing each other in their eager desire to see the bloated remains of "Mere Papillon."

Horrible Tragedy in Algeria.

LONDON, Jan. 8.—A remarkable crime has just been committed at Oran in Algeria. Diego Lopez and his wife, natives of Spain, lived at La Mecheria, near Oran, upon a farm which they had brought into cultivation, the other occupants being their son, 2 years of age, and a Spaniard named Juan Baesa, who was a sort of general servant. One evening last March they had invited they had invited three of their compatriots who were employed as navvies upon a railway in course of construction to spend a few hours with them. About 11 o'clock their guests left, and Diego Lopez and his wife went to bed. About 2 o'clock in the morning the three navvies returned and were let into the house by the servant, Juan Baesa. Having first shot the husband, they knocked down the wife and rendered her unconscious, then proceeding to pillage the house and lay hands upon all the portable articles of furniture. While they were doing this the woman came to her senses, whereupon the three men all outraged her and then killed her, taking the little boy and burning him alive. Before leaving the house they set fire to it, in the hope of destroying all traces of their crime, and while it was in flames they stood unconcernedly outside, advising the people whom the fire had attracted to the spot not to risk their lives in trying to extinguish it, as the inmates must certainly have been burnt to death by that time. Fortunately their advice was not taken, and when the fire was got under, and the bodies of their victims discovered, suspicion at once fell upon them and they have all three been condemned to death.

Forged Bills Negotiated in America.

PARIS, Jan. 8.—The real name of the man calling himself Reimer who was arrested yesterday for passing forged bills on the Huanchaca mines is Starke. To-day when examined by a magistrate he admitted that he had negotiated the bills and that he knew they were forged. They were given to him, he said, by three men in Mexico, who accompanied him to France and who he believed were now in Australia. He also said that some of the forged bills had been negotiated in America.

Ontario Bee Keepers.

LONDON, Jan. 8.—The Ontario Bee Keepers' Association has elected these officers for 1892: F. A. Gemmell, Stratford, president; A. Picket, Nassagaweya, vice-president. Walkerton will be the next place of meeting. Mr. W. McEvoy was appointed foul brood inspector and S. Bray sub-inspector; W. Couse, secretary.

Irish Libel Suits.

DUBLIN, Jan. 8.—The two Irish factions have changed the scene of their quarrels to the courts, pending the lull between elections. Davitt's libel suit against the Parnellite Dublin Independent has been followed by another libel suit, which the anti-Parnellite National Press has instituted against The Independent for allegations which The National Press considers damaging.

Lawrence Irving's Condition.

BELFAST, Jan. 8.—Lawrence Irving, who shot himself yesterday, is progressing favorably. The doctors in attendance upon the wounded man held a long consultation this morning, and discussed the sufferer's chances of life. They announced that there was no immediate danger, but that the patient must be kept quiet and away from all visitors likely to put irritating questions to him. The bullet has not yet been extracted.

Murdered the Whole Family.

VIENNA, Jan. 8.—A horrible story of murders committed by robbers comes from Obasanka in Poland. A band of robbers forced an entrance into the house of a wealthy Jew named Feibel there and murdered the whole family consisting of eight persons. They then collected a quantity of booty with which they made their escape.

Influenza's Ravages in Denmark.

COPENHAGEN, Jan. 8.—During the past week there have been reported in this city 2728 fresh cases of influenza. During the same time there were 110 deaths from the disease.

IRELAND'S WEDDING GIFT.

It Is Proposed to Present the Clarences With a Castle.

DUBLIN, Jan. 7.—It has been proposed that Ireland's wedding present to the Duke of Clarence and his bride shall take the form of a residence in Ireland. One of the estates that has been mentioned is Clifden Castle, situated on Clifden Bay in the Western Highlands. The town of Clifden is 43 miles northwest of Galway, on an inlet of Ardbear Harbor.

Another place that has been suggested is the former residence of the Earls of Clare on the Shannon, near Limerick.

The Earldom of Clare became extinct in 1864.

The steamer Friesland, which is scheduled to sail from Antwerp to New York on Jan. 9, will take on board the passengers and the sound portion of the cargo of the steamer Noordland, which had her bows stove in in collision with the British bark Childwell in the North Sea and had to return to Antwerp.

Anna M. Dunigan, 70 years of age, fell dead last evening on the street within a few doors of her home in New York. Before her body was removed to her apartments her fingers were stripped of three valuable diamond rings and a bracelet of gold and enamel was torn from her wrist. Her son is one of the principal performers in the Lillian Russell Co.

Children Cry for Pitcher's Castoria.

STORIES FROM RUSSIA.

WHAT A CORRESPONDENT SAW IN TOULA.

People, Without Food or Fuel, Packed Together to Keep Warm — Absolute Cessation of All Work—The Peasantry Ripe for Revolt.

ST. PETERSBURG, Jan. 8.—A correspondent making a tour of Russia writes: Count Tolstoi has established a number of eating houses, where he has fed people at three shillings each per month, giving them cabbage soup, good bread and occasionally eggs, but never meat. Count Tolstoi has limited himself and his assistants to the same diet. He and his helper are erecting huts of refuge for peasants, many of whom have burned their own barns and homesteads piecemeal in order to keep warm before starting to tramp.

Count Tolstoi has kept open the village schools and the children look bright and healthy.

LONDON, Jan. 8.—A correspondent who accompanied a Government inspector on his rounds in the famine districts of Toula, Russia, writes that many houses were found packed with families, the members of which tried to keep warm by crowding together. Unclad women and children of three generations slept huddled together on the same benches above stoves. Barns and outhouses were destroyed for fuel. The interiors of the huts were without light and bare of furniture, and permeated by an intolerable stench. The people in most of these houses have been three days without food and waiting relief. The roofs of many huts had been partly used for fuel. In several cases unprotected children were discovered in a starving condition, having been deserted by their parents, who had gone to look for work. Most of the sufferers hide whatever stores they secure. The area of "pauperized Russia" is ten times that of England. The tour disclosed the absolute cessation of industrial and productive work. The failure of the harvest is keenly felt in towns. Manufacturing is stopped. The country swarms with beggars and the entire population seems to be on the tramp. The peasants affect the most extreme self-abasement before the gentry, but really feel intense hatred for this class and are ripe for a revolt.

The Russian Monthly European Messenger contains such alarming accounts of the famine in Russia that it is astonishing how the paper succeeds in passing the Censorship. The Messenger compares the present famine in Russia with that in Ireland in 1846, and contrasts the measures adopted by the two governments to alleviate the distress of the people. It says: "Nobody in Russia ever imagined that her economic condition was so wretched. Now that the true state of affairs is revealed only a madman would plunge the country into war or foreign complications for years to come."

The Standard's correspondent at St. Petersburg says: "The Minister of the Interior is made a scapegoat for the official blundering in famine affairs, and will probably be dismissed as a mark of the Czar's anger. The Czar displayed extreme anger upon learning of the adulteration of food received for the starving peasants."

FATAL CHRISTIAN SCIENCE.

Faith Failed to Cure a Bracebridge Child of Diphtheria.

BRACEBRIDGE, Ont., Jan. 8.—About two years ago, Mr. and Mrs. Austin came here from the city to practice Scripture science as a profession. For a few weeks they did an immense business, treating all kinds and conditions of persons possessed of all manner of diseases. They undertook to cure cripples and deformed persons. But after a considerable time, the business got down so small that Mr. Austin left his wife to attend to it alone, which she has been doing ever since. Two weeks ago her little daughter took very sick. Mrs. Austin did not send for a physician. The child got worse. A city scientist was sent for. Five hours after his arrival the child died. The disease was diphtheria. As the child was dying, or shortly after its death the scientist made quick time for the railway depot to catch the first train for Toronto, leaving Mrs. Austin alone with her dead child, while she also had taken the disease.

DONNELLY'S TART TONGUE.

The Baconian Advocate Scores the Newspapers Before the Alliance.

ST. PAUL, Minn., Jan. 8.—The convention of the Farmers' Alliance of Minnesota opened in Minneapolis yesterday. The only feature of interest in the forenoon session was the annual report of Ignatius Donnelly, president, in which he made an unmerciful attack upon the newspapers. Among other things he said:

The lying capacity of the newspapers of America is the most colossal exhibition of mendacity known in the world since the Almighty tumbled Lucifer over the battlements of heaven. It is stupendous; it is illimitable; it takes away the breath of simple virtue and bewilders honest truth into a paralysis; it threatens all our conceptions of criminal right and forbodes the destruction of civilization. It is a new and terrible force in society of which antiquity knew nothing. Whatever is necessary to be done to insure the prosperity of the people, the Government must do. Or, as the Government and the people are convertible terms, we can state the proposition thus: Whatever the people are convinced is essential to their prosperity that the people must have. If this be not true then the converse of the proposition must be true—to wit: that whatever the hostile influences which prey upon the people find to be necessary for their continued work of plunder that the government (to wit: the people) must concede their robbers.

At the afternoon session the election of president took place. In the proceedings the latent hostility to Donnelly in the organization cropped out. Donnelly was finally re-elected, receiving 472 votes, against 49 for C. W. Braudenburg of Fergus Falls and 29 votes divided among four other candidates. The Sage made a speech of thanks and promised not to seek this office again.

Prohibition Deathblow in the Territories.

WINNIPEG, Jan. 8.—Prohibition in the territories received its death blow when an ordinance respecting the sale of intoxicating liquors and issue of licenses therefor received its second reading in the Legislative Assembly yesterday.

Cayley, member for Calgary, made a lengthy and lucid explanation of the bill. It provides for three classes of licenses, hotel, restaurant and wholesale. Fees proposed are: Hotels $300, restaurants $300 and wholesale $200. Municipalities are also authorized to charge additional fees not exceeding the above.

NASAL BALM

It is a certain and speedy cure for Cold in the Head and Catarrh in all its stages.

SOOTHING, CLEANSING, HEALING.

Instant Relief, Permanent Cure, Failure Impossible.

Many so-called Cures are simply a suppression of Catarrh, [illegible] partial destruction of smell, foul breath, hawking, spitting, nausea, general feeling of debility, etc. If you are troubled with any of these or similar symptoms, you have Catarrh, and should lose no time in procuring a bottle of Nasal Balm. Be warned in time, for neglected cold in head results in Catarrh, followed by consumption and death. Nasal Balm is sold by all druggists, or will be sent, post paid, on receipt of price (50 cents and $1 00), by addressing

SHILOH'S CONSUMPTION CURE.

The success of this Great Cough Cure is without a parallel in the history of medicine. All druggists are authorized to sell it on a positive guarantee, a test that no other cure can successfully stand. That it may become known, the Proprietors, at an enormous expense, are placing a Sample Bottle Free into every home in the United and Canada. If you have a Cough, Sore Throat or Bronchitis, use it, for it will cure it. If your child has the Croup, or Whooping Cough, use it promptly, and relief is sure. If you dread that insidious disease Consumption, use it. Ask your Druggist for SHILOH'S CURE, Price 10 cts., 50 cts. and $1. If your Lungs are sore or Back Lame, use Shiloh's Porous Plaster, Price 25 cts. dw

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for six months.

Daily Examiner.

FRIDAY, JANUARY 8, 1892.

A Canadian Explorer.

The vast area of unexplored land in Canada is being steadily diminished by the labors of the explorers in the Department of the Interior. Mr. Ogilvie, D.L.S., recently completed six months of travel through the Northwest of Canada, in which he was accompanied by Mr. Charles Gladman, son of Mr. Thomas Gladman, of Peterborough. An account of his labors is given in the Edmonton *Bulletin*. Mr. Ogilvie left Edmonton on the 10th July last and arrived at Athabaska Landing on the 14th. At a later stage of the trip, in surveying the mouth of Slave River and a part of the southwest shore of the lake, the party encountered a violent hurricane and got to shore with difficulty. Going down the Mackenzie river to Fort Simpson Mr. Ogilvie learned of the total destruction of the few acres of grain sown at Fort Providence by the H.B. Co. and the Roman Catholic mission, by grasshoppers. Although the post is 61½ degrees north latitude these pests were almost as numerous as they were in Manitoba in 1873 and 1875. Nothing was left of the grain but the stub of the stalk.

AT FORT SIMPSON

the party left the Mackenzie and prepared to ascend the Liard, which at that point flows into the Mackenzie from the south. The ascent was begun on the 28th of August, reached the mouth of the Nelson—(marked on the maps as the east branch of the Liard) From this point forward little was known of the route to be travelled. Three Indians, returned from the summer's hunt, were engaged to accompany the part to Fort St. John, on the Peace River, about 101 miles due south from Fort Nelson. Before the start was made a great snowstorm, which lasted three days, so loaded the tops of the trees with snow and ice that they broke, and the bank of the river was so thickly strewn with the broken tops and branches that the progress of the party was greatly impeded. The ascent was made by "tracking," that is, one or two men walking along the beach and hauling the boat or canoe by line. After four days the Indians, for some unknown reason, deserted. This misfortune and the increasing shallowness and rapidity of the stream

MADE THE PARTY TRAVEL VERY SLOWLY

and with great labor and hardship, and it soon became apparent that the provisions would become exhausted before St. John could be reached. Mr. Ogilvie decided to abandon the river and strike across country for St. John, 93 miles distant, on foot. The greater part of the outfit was left behind, but each man carried 70 pounds on his back. The valley of the Nelson at this point is a veritable canyon, with banks from 1,300 to 1,600 feet high; in some places the bank is a perpendicular wall of sandstone rock, and it is only where creeks join the river it is possible to get out of the valley. Nearly a whole day was occupied in getting from the river to the plateau above. After fourteen days' hard work the party reached St. John tired, hungry and ragged. The journey down the Peace River was beset with hardships. A violent snowstorm set in, the river was filled with pieces of ice, and in the midst of the war of elements Mr. Ogilvie on a raft drifted helplessly down stream for 100 miles. The Peace, like other northern rivers,

BEGINS TO FREEZE VERY EARLY,

but the strong current breaks the ice from the shores and carries it down stream until it lodges in beads, shallows or bars. The drifting ice accumulates until only a narrow channel is left in midstream. This channel is filled with drifting ice, and some frosty night the progress of the drift is arrested for a moment and the whole mass is frozen solid. Mr. Ogilvie was much interested in Shaftesbury Mission, near Peace River crossing, where the Rev. J. G. Brick has a farm and an Indian school. The crops of grain and vegetables grown on the farm were excellent and Mr. Ogilvie brought out samples of wheat, oats and barley which, it is said, will compare favorably with any grown in America. Mr. Brick, however, has little success in his efforts to wean the Indians from the chase to agriculture. Fifteen or sixteen of the native children attend his school, some of them attracted by free dinners. The whole distance travelled by Mr. Ogilvie's party from the time of leaving Edmonton was 2 500 miles, of which 1,800 miles were made in canoe.

Can You Eat

Heartily, with relish, and without distress afterward? If not, we recommend to you Hood's Sarsaparilla, which creates a good appetite and so invigorates the stomach and bowels that the food is properly digested and all its nutriment assimilated.

Hood's Pills are purely vegetable, perfectly harmless, effective, but do not cause pain or gripe. Be sure to get Hood's.

Just why so many people suffer pain when a remedy of known and certain effect like Hagyard's Yellow Oil may be had at every drug store, is not very clear. This peerless pain soothing remedy is a prompt and pleasant cure for sore throat, croup, colds, rheumatism, lame back, etc. Price 25 cents. dw

Thanks to J. H. Adams.

As through him I have been freed from chills, biliousness, liver troubles, etc., etc. St. Leon Water did it; is the best medicine I ever found; is so good I tell all my acquaintances to go to your store in Brantford and get a supply. Truly, St. Leon is marvelous. A trial brings conviction. dw

Worms cause serious sickness. Dr. Low's Worm Syrup destroys and expels all kinds of worms quickly and surely.

Smart Weed and Belladonna, combined with the other ingredients used in the best porus plasters, make Carter's S. W. & B. Backache Plasters the best in the market. Price 25 cents. dw

Small Sugar-coated Birdock Pills do not gripe or sicken. They are mild and effectual.

Twelve years trial in English climate with increasing demand, proves the Royal Rheumatic Remedy to be the best remedy for Rheumatism. For sale by W. R. Greatrex. dw

If you had taken two of Carter's Little Liver Pills before retiring you would not have that coated tongue or bad taste in the mouth this morning. Keep a vial with you for occasional use. dw

IMPERIAL CREAM TARTAR BAKING POWDER

SHADE TREES AND HORSES

Were Discussed at Keene Yesterday.

A Good Session of the Farmer's Institute Held—The Cause of Leakages on the Farm—Utility of Shade Trees—Horses and Horse Markets—Injurious Fungi—All Ably Treated.

Thursday morning's session of the Farmers Institute opened in the Town Hall of Keene at 11 a.m. President, Mr. F. Birdsall in the chair. The attendance was only moderate at the morning session, but those present appeared to be deeply interested in the various lectures.

Mr. T. Linfield, B.S.A., was first, called upon to give a lecture on

SMALL LEAKAGES ON THE FARM.

Mr. LINFIELD in introducing his subject referred to the profit that was usually made on the farm, being chiefly owing to the small things. Ashes, as manure, was the first part of the lecture, and the speaker told of their value to the farmer here, although not generally taken advantage of by them. Ashes and bones collected together on the farm made a capital manure. Composts were next spoken of, and the lecturer dealt with this in a very practical manner. Farmyard manure should be taken care of. The liquid manure in particular should be saved, owing to the greater assimilation by plants of this. The manure should be kept in a compact mass in the farmyard. The management of farmyard manure on an experimental station in the United States was here illustrated. The manure should be taken right out to the fields every two or three days. This might appear to be wasteful, but it was not so. Fields manured in winter time gave a better crop than those left until the spring. This was also much cheaper owing to the low value of labour in that season. The effect of the decrease in extent of the forests of Canada on the climate was dealt with, and farmers were advised to plant more trees round about the farm. The vegetable garden was, in conclusion, enlarged upon by the speaker. This was very often neglected, although even a small patch, well looked after, amply repaid any outlay of time or trouble.

TAKEN IN ITS CULTIVATION.

In reply to a question, Mr. D. W. BEADLE said that wood ashes made an excellent fertilizer for fruit trees. They should be spead over the ground round about the roots. Other fertilizers of course were necessary, but judgment was required, so that too much of one kind of manure would not be given.

Mr. LINFIELD said that Norway spruce was the best tree to plant in this locality for shelter, or a wind break, and the maple was a good tree for ornamenting. The Norway Spruce was not the same as the white Spruce of Canada, Mr. Beadle said, although they were very much alike. The Norway spruce were grown generally from seed, imported, and were of very quick growth. Evergreen tree should not be planted closely enough to receive the drips from deciduous trees, or they will be robbed of their nourishment. It was a great mistake for farmers, to clear all their land, thus leaving the country open to the sweep of the wind. Better crops would result from the ground being properly sheltered.

The discussion which followed as to the utility of shelter trees, was joined in by several of the practical farmers present, who gave their experience with raising trees for wind breaks.

Mr. BEADLE in answer to another question said that for this district the spring was the best time for planting. The reason of evergreens dying, was that the sap being resinous, had been allowed to get dry.

The morning session was brought to a close by an announcement by the President of the conditions of membership in the Institute, and an invitation was extended to all farmers present to join.

Before those present separated, Dr. Harrison drew attention to the fact of pine forests being very healthy places to live in—particularly to the weak lunged.

THE AFTERNOON SESSION.

The president having taken the chair at 2 p.m., called upon Mr. J. Lancaster to give his paper on "Some Reasons why Farming does not Pay." This was a very instructive paper, and a larger number than were present in the morning session listened to it. The reader said that, as a general rule, the farmer tried to work too much land at once. The care and quality of the stock kept by farmers was also referred to. Farmers were also warned not to imitate others too much. What proved a success on one farm did not always pay on others. Farmers should grow just the stuff that suited their land best, and keep a few of each of the best classes of animals. It was one of the best things the farmer could do to attend the Institute meetings. The time and money spent in this way would be amply repaid in the good received.

Mr. Lancaster concluded a very thoughtful and instructive paper by urging all farmers to respect and love their calling more. Remembering that their business was one of the oldest and most honourable in the world.

Professor Grenside was then called upon to give a lecture on "Ontario horses and horse markets." He said that there was not such a boom in horseflesh now as some years ago. The markets had altered considerably. He spoke of the cause of the boom that existed in the horse market years ago. One reason was the change of ideas with regard to heavy horses. People would then buy anything whether good or not, as long as it had weight. Another reason was the fact of the North West people now raising their own horses. They did not now need as formerly to purchase from Ontario. Again, horse-breeding was carried on by them to a very large extent, and they are able to

SUPPLY THEIR OWN MARKETS.

The McKinley Bill had not had so much influence on the horse trade as some people imagined. The price of horses in the United States had declined in the last four or five years, no less than 40 per cent. Canadian horses had a very good reputation abroad. Some reasons were given for this, and the speaker said that beginning to work horses on an early age, judiciously, helped to build up their stamina and constitution. Continuing the speaker said that although Canadians had lost the Northwest and American markets, there were still markets available. Amongst them might be mentioned the home market, and for certain high class heavy grades of horses, the old country. Fair prices could be obtained there for this class of animal. There were a great many horses in the country, however, for which there was no market, whatever. This was to a great extent due to carelessness in breeding. What the speaker advised in future was to be more careful in breeding, only using the best class of mares that could be procured. If this were attended to, a profit might yet be made. A colt cost, to the time he was fit to work, on an average about $75 to $90, and $150 was not too much for them to sell at. He advised farmers to raise as far as possible the heaviest grade of horses. He thought that the breeding of heavy horses had been more successful in this country than light ones. The larger majority of light horses were nothing more than "scrubs," and their value was scarcely known. This was owing to their being lacking in quality, style, symmetry and action. They might be improved by a larger infusion of

THOROUGHBRED BLOOD INTO THEM.

The thoroughbred horse was one of a very pure breed. The Clyde should be called simply a pure bred horse. They were not the same as the thoroughbred. The latter was a heavier breed than the other. Farmers should not breed for speed. It was a very precarious undertaking. They should breed for general utility. Quality of horses was also spoken of. This was absence of coarseness. A good horse had a clean-cut and thin neck; the hair of a fine silky texture, while the hoof should be of a fine and closely-knit texture. Quality and breeding were almost synonymous terms when speaking of light horses. Good light horses could not be reared without an infusion of thoroughbred blood in them. In breeding with thoroughbred sires, mares of substance should be used. There was a large demand for good carriage horses, in use only America and the home market, than in the old country markets. The high action a carriage horse has, the better price he could command. Action should not be confused with pace. Hook action was briefly referred to, as being very much required. Roadster horses should not only be bred from the trotter, but from the thoroughbred. The latter could produce better looking horses than the trotter. In addition to breeding carriage and roadster horses, the Canadian farmer would get good prices for saddle horses. There was a very great demand for this class of horses in the American and English markets. A farmer could do better by raising two classes of horses on his farm than only one. It was almost impossible to get a good coach horse, and a description of one was given by the lecturer. Hackney horses were also treated upon. They were a short legged horse, stoutly built, of a roadster breed, fairly good appearance,

AND PLENTY OF STYLE.

They were, however, a very expensive class of horse. The breeding of trotting horses was spoken of as a very unprofitable business.

In answer to a question, the professor said that a saddle horse should walk, trot and canter well, and have an easy motion. They should have bone and substance. The length of the neck was another important point. The shoulders should slant, and the withers come well back. The height should be from 15·2 hands to 16·1 hands, and not have too long a back or weak loins. The shoulders should not be too thick through, and should have good quarters. A good hunter is a good saddle horse. They should also show evidence of good breeding. Several other questions were asked and answered relative to cavalry horses. These should be from 15·2 to 16 hands high.

Mr. T. LINFIELD was next called upon to speak on

"CORN AND THE SILO."

In growing the corn, Mr. Linfield said, the soil should be carefully prepared, and the planting should be done early in the spring. Seeding should not be very heavy. The rows ought to be three and a half feet apart and four and six inches in the row. It must also be well cultivated. A description of a silo was next given by the lecturer. The size of a hundred ton silo was either 18x18 feet and 20 feet high, or 16x16 and 25 ft. high The corn before being cut should be allowed to grow as long as possible, and various methods of cutting were dealt with. The proper way of filling the silo was, in conclusion, ably dealt with by the speaker, who also demonstrated the great value of ensilage as a cattle food.

FUNGI INJURIOUS TO FRUIT.

The above was the subject on which Mr. D. W. BEADLE spoke at the conclusion of Mr. T. Linfield's lecture. The first part of the address was relating to "Apple scab," which was a fungus growing upon the skin of apples, Mr. Beadle giving a full account of its origin and growth. There was a remedy for preventing this apple scab. It was a fungicide composed of carbonate of copper, and dissolved ammonia, sprayed on the fruit, or even before the fruit was formed, on the tree. The following is the formula for this preventive—"prevention is better than cure," in the case of apple scab:—Take two pounds of sulphate of copper, dissolve it in hot water, but NOT in an IRON vessel, or an injurious chemical action will take place. Use about half a gallon of water in doing this. Next dissolve two pounds of carbonate of soda in a SEPARATE vessel. Take then a thirty or forty gallon barrel and pour in first one solution, then the other, which will cause a chemical action to take place, resulting in carbonate of copper being formed. A precipitate may, perhaps, be noticed at the bottom of the barrel. Add to the contents of the barrel one and a half pints of the very strongest ammonia, known as "22 Beaume." This, placed with the combined solution, will dissolve the precipitate, leaving a perfectly clear blue tinted liquid. Add water to make thirty to thirty-two gallons, when the solution is ready for use. The spraying should be done early in the spring. There is a similar fungus which affects pears and also potatoes. This solution will prevent both the fungus and stop the potatoe rot. It will also drive away the potato beetle. The same solution used on tomato plants, will save them when they are attacked by the spot or

DISEASES PECULIAR TO THEM.

Mr. BLIZARD told of his experience in keeping tomatoes by allowing them to ripen while covered with corn stalks. He had found them of a better quality than the sun-ripened tomatoes. A discussion pro and con followed this statement, which was joined in by several farmers present. The Institute then adjourned until 7 30 p.m.

At the evening session Professor Grenside spoke on "The germs of disease." Mr. T. Linfield gave a very interesting account of "A course at the Ontario Agricultural College," and Mr. D. W. Beadle lectured on "Horticulture on the farm."

An excellent musical programme was provided and interspersed with the addresses, making this a most enjoyable meeting. A large number of farmers and friends attended, together with a number of ladies.

The next session of the Institute in this county will be at Lakefield on Monday, commencing at 10 a.m.

At this season of the year the effects of catarrh and cold in the head are most likely to be felt, and danger to life and health will result if not promptly treated. For this purpose there is no remedy equals Nasal Balm. It is prompt in giving relief and never fails to cure. Beware of imitations and substitutes. Sold by all dealers, 50 cents a bottle. dw

ORGANIST and Choirmaster, St. John's Church. Lessons given on the Organ, Piano, and in Singing. The development and culture of the voice a specialty. Voices tested free of charge. Pupils will enjoy the advantages of participation in concerts and free attendance at occasional lectures. Residence—45 McDonnel St. New term begins Sept. 16.

WHY COUGH,

WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use

Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefits I have derived for my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the winter of 1885 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years old, weigh over 160 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—G. W. Younger, Salem, N. J.

"Last winter I contracted a severe cold, which, by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Brasell, Secretary Holston Conference and P. E. of the Greenville District, M. E. C., Jonesboro, Tenn.

Ayer's Cherry Pectoral,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists. Price $1; six bottles, $5.

Runaway Accident.

Last night about nine o'clock a horse driven by a young man took fright at the corner of Simcoe and Bethune streets and ran away up the latter street. The occupants of the cutter were "spilled," fortunately without serious injury, at the corner of Hunter street. The horse crossed the street, leaving the cutter in front of Sheriff Hall's grounds, and kept his wild way down to George street.

Runaway Accident.

At noon to-day, an accident that might have had serious results took place. A horse that was being driven by the owner, a farmer, became frightened, and ran away. The driver jumped out of the sleigh and was unharmed, but the horse, ran into a telegraph post, striking it with its head with such force that it was stunned. On examination the veterinary surgeon, found that the horse's back was not broken as feared, but it was paralyzed. He is exceedingly doubtful of its recovery from the injury sustained.

News Nuggets.

—There was no police court this morning.

—The toboggan slide will be opened this evening. The track has been put into first-class condition.

—Curling and skating are in full swing now at the rink.

The Converted Jewess.

Mrs. Baeyertz, the converted Jewess, gave an address last night in the George Street Methodist Church on the "Great White Throne." The church was well filled and a very interesting meeting was enjoyed.

This afternoon at four p.m the theme will be "The over-coming life." An interesting address may be expected.

Special attention should be paid to this evening's meeting. It will be held in the George Street Church, and a large congregation is anticipated. The three-fold subject will be: "The second coming of Christ; the return of the Jews to Jerusalem; and the ushering in of the millenium." This is a subject with which Mrs. Baeyertz is well qualified to deal, and no doubt a pleasant and interesting address will be given.

NO MEETINGS TO DAY.

Owing to Mrs. Baeyertz, the lady evangelist, being so sick, she will hold no meeting this afternoon.

At present it is admitted by physicians that diabetes and Bright's disease generally arise from a derangement of the liver. *Dr. Sey's Remedy* is undoubtedly the best known for the prevention of these diseases.

Twelfth Night Entertainment

The Sunday School Children of St. John's Remembered—Distribution of Prizes and Other Articles—Music and Addresses—Around the World with Key.

St. John's School room last night was crowded to the door—the large part of the seating room being taken by the children, while adults thronged the aisles. The occasion was the annual entertainment and distribution of prizes. The teachers sat with their classes, while the rector, the superintendent, Mr. Brandrette, and Mr. Somerville, exercised a general oversight. The programme included an opening hymn, "Hark the Herald Angels Sing," prayer by the rector, and a finely rendered selection by the Sunday School orchestra "The Siege of Paris," and a stereopticon entertainment by Mr. R. M. Roy—a voyage round the world, in which were displayed a magnificent series of views of places, scenery, etc., judiciously interspersed with pictures as comical as Punch for the delectation of the children, for whom a better treat could not have been provided. This was followed by the singing of the hymn "Christ who once Amongst Us." This, as well as the other hymns, was sung, with orchestral accompaniment, with great vim, and correctness by the children.

THE DISTRIBUTION OF PRIZES,

one of the pleasantest features of the evening was preceded by a brief address by the rector, after which the prizes were distributed by Mr. Brandrette and Mr. Somerville, as follows:

Four special prizes—each a $2.50 gold piece, were presented to the pupils who had been present at the school every Sunday in the year, won by Maggie Dougan, Lizzie Armstrong, Gordon White and Harry Lush.

Special prizes were also presented to the four head scholars of the schools, the winners of the greatest numbers of marks, who were Maggie Dougan, Lizzie Armstrong, Birdie Dawson and Gordon White.

The general distribution of prizes consisted of books of value, presented to the several classes as follows:

GIRLS BIBLE CLASS.—Blanche Foote, Annie Dawson, Louisa Frost, Maggie Pratt, Alice Cooke.

BOYS BIBLE CLASS.—W. Brandrette, Walter English.

CLASS No. 1.—Ruby Burnham, Maggie Frost, Lily Foote, Marion Sherwood.

CLASS No. 2.—Stanley Clark.

CLASS No. 4.—Chas. Sheffield.

CLASS No. 5.—Charlotte English, Tory Elliott, Emma Judge.

CLASS No. 6.—John Head.

CLASS No. 7.—Jessie Budden, Nellie Budden Maggie English.

CLASS No. 8.—Fred Sawers, Harry Pope, Maitland Boswell.

CLASS No. 9.—Grace Dainty, Jodie Kennedy, Sarah Horsefield, (honourable mention).

CLASS No 20.—John Dawson, John Comstock, Nelson Roddy, Manson Comstock, Arthur Binger.

CLASS No. 11.—Maud Foote, Dolly Comstock, Maud Roberts, Mamie McNiel, Annie Hetherington, Pearl Lundy.

CLASS No. 12.—Harry Lush.

CLASS No. 13.—Ruth Dawson, Mabel Hay, Bernice Hayward.

CLASS No. 14.—Sam Choate.

CLASS No. 15.—Ed. Kennedy, Walter Hagel and Archie Hagel, the last two honourable mention.

CLASS No. 16.—Jack Fessenden, Harry Long, Geo. Long, (honourable mention), Harold Byerr.

CLASS No. 18.—Harry Roberts, Albert Brandrette, Clayton Stapleton, Harry Lush.

Special prizes for attendance at church were awarded to Gordon White, gold mounted pencil, and Harry Lush, order on *Mills Bros.* for $2 hat.

A special prize offered to the family bringing the greatest number of new pupils to the *Sunday school*, was awarded to the Roberts family, three boys and a girl, and a fine pair of skates was presented to the latter.

Then followed the distribution by the teachers of candies, oranges and nuts to all the children, and a very enjoyable and profitable evening was brought to a close.

One feature at least was prominently brought out last night, and that is that St. John's Sunday school has grown so steadily that the school house is quite inadequate to its accommodation.

Smith Street Bridge.

To the Editor of the Examiner:

DEAR SIR,—A paragraph in yesterday's EXAMINER says:—"Mr. Pope, street inspector, to-day reports two spans of the Smith street bridge in need of repair." That is its chronic state. The old bridge has ever been a rickety, crooked, cumbrous structure, badly laid, badly made, and of poor material from the bottom up. To expend more money upon it now would be practically so much lost. Another span will need repair next year, and so on. What is necessary is a good iron bridge with stone abutments and piers of well-built masonry. Smith street might be an important thoroughfare, but it has been neglected. Besides advantage to the general public that would accrue from a good solid bridge here. It is time the North Ward received some tangible, substantial consideration at the hands of our City Fathers who expend money so freely in other wards.

J. W. FITZGERALD,

January 8th, 1892.

Peterborough Curlers.

A contingent of Peterborough curlers left for Toronto yesterday to take part in the great bonspiel held in that city to-day. The following composed the team: C. McGill, R. S. Davidson, W. S. Ferguson and G. W. Hatton.

The Old Original Gerrymander.

Troopship Tyne Safe.

HALIFAX, N.S., Jan. 6.—Advices have been received here of the safe arrival of the troopship Tyne in England.

North Monaghan.

The Nathan Grange-Brealey Matter.

The dispute between the trustees of the above grange and Mr. J. J. Brealey, respecting the title to the building known as the Grange Hall, situated on Mr. Brealey's farm on the 12th concession of North Monaghan, which has been somewhat of a local *cause celebre* for some time past, assumed an acute form last night. Council No. 356, of the Royal Templars of Temperance, have used the hall for their place of meeting for the past two years. About six months ago Mr. Brealey, who claims the building as his property, demanded rent, but in face of a notification from the Grange trustees, Messrs. Wm. Swinton and George Young, sr., this demand was not complied with, but the treasurer of the Council paid the rent in advance to the trustees. Everything went smoothly till last night, when about thirty five members of the council assembled for their regular meeting, but they could not gain admission. The door was locked. Mr. Brealy had taken possession and armed with a rifle (as was shown subsequently) was in a position to maintain his occupancy. Mr. W. D Williams, the select councillor, at once notified Messrs. Swinton and Young who immediately came to the hall. They saw Mr. Brealy inside, rifle in hand. They forced the door but did not enter, for, at the same instant the sound of the discharge of a firearm was heard. The next step was that the trustees demanded admittance, which Mr. Brealey, of course, refused. After a little further conversation ensued the trustees retired, leaving Mr. Brealey "holding the fort." Of course the Templars did not hold a session, though some of the male members remained on the spot till about half past twelve. It is expected that legal proceedings will grow out of the incidents of last night. It is supposed that Mr. Brealey did not fire the shot that was heard at the time of the forcing of the door with the intention of doing any harm, for early in the evening he fired a shot, as if in warning, when no person was seeking admission, though the Templars were arriving at the hall.

Since the above was set in type the EXAMINER has been informed that the door of the Grange hall has been examined and there are two bullet holes in it, about six inches apart, and that one was made while a young man was investigating early in the evening, through the key hole, the bullet passing about six inches above his head.

Personal.

Mr. Jas. Good, of Marcellus, N.Y., is in town.

Mrs. Cornwall, of Bishop Bethune College, Oshawa, Ont., is visiting in town.

Mrs. Baeyertz, the converted Jewess, is suffering from a severe cold.

Mr. Hill, brother of Mr. B. Hill, of Ashburnham, is in town to-day from Buffalo, N. Y. He reports four feet of snow there.

Miss Bradburn and her sister Mabel from Peterborough, says the Port Hope *Guide*, are guests of Mrs. Jno. Heim, Cobourg road.

The Dummer Election.

To the Editor of the Examiner:

DEAR SIR,—The election returns for Dummer show that the honest yeomanry of this municipality are not to be hoodwinked by any whitewashing report, and Mr. Robb, whose evidence at the recent investigation was believed by the people, was elected by a good majority, considering the short time he was in the field and the influences used against him. His evidence was believed by the people, and the Stone that struck Mr. Kidd on the day of election was the X on the municipal ballot that gave to Dummer an honest reeve, in the person of James Robb. Mr. Robb is to be congratulated, as well as the people of Dummer, on his successful candidature, as Judge Weller's report only reached Warsaw on the morning of nomination, and as soon as its contents were made known, Mr. Robb was placed in the field, and his evidence vindicated by his election and by the defeat of the Reeve who has held the position for years.

Yours truly,

DUMMER.

Warsaw, Jan. 7th, 1892.

Keep in Mind

St. Thomas papers please copy.

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes

That Tired Feeling

creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." ED. JENKINS, Mt. Savage, Md.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. BEGOLE, Editor Enterprise, Belleville, Mich.

Worn Out

"Hood's Sarsaparilla restored me to good health. Indeed, I might say truthfully it saved my life. To one feeling tired and worn out I would earnestly recommend a trial of Hood's Sarsaparilla." MRS. PHEBE MOSHER, 29 Brooks Street, East Boston, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. Insist upon having

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

The Choice of the People

For Mayor of 1892 has been declared in favor of James Kendry, Esq. Now let the choice of the people be declared in favor of BILLY MORGAN as their favourite hairdresser and barber, and civic affairs will be done clean and smoothly. d

These are a Few

of the interesting views to be shown among the hundred or more illustrating the lecture to be delivered in George street church on Monday next, 11th inst, by Rev. Dr. H. Johnston: Liverpool, Motherland scenery, London, castles, cathedrals; Paris, cathedrals, Boulevards, Palaces; mountain scenery; Turin, Milan, Venice, Italian lakes, Pisa, Florence, Rome, St. Peter's, etc. Following the above will be a cyclorama of Jerusalem at the time of Christ, and a number of dissolving views. Come early and bring the children. 10 cents and 20 cents admission. 2d6

Society Notes.

At the meeting of the R. T. of T. Tuesday evening a committee was appointed to work with similar committee from the I. O. G. T. and W. C. T. U. in circulating petitions in the town, praying for a reduction in the number of saloon licences, etc.

Osonabee Lodge, I.O.O.F. held a team practice on Wednesday evening which was well attended.

Ashburnie Lodge, I.O.G.T., Ashburnham, will hold their first session this year next Tuesday evening. A visit from the sister lodge in town will be received, and a large attendance of members is requested.

Carswell Lodge, No. 312 I.O.G.T. held their weekly meeting last night. There was a good attendance of members and some important business was transacted.

Oh, What a Cough!

Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

THE PREMIER OF QUEBEC.

The Premier the new Quebec Government has at its head the representative of an old French-Canadian family. Mr. De Boucherville is a descendant of that Pierre Boucher, Governor of Three Rivers in the seventeenth century, who made a trip to France to urge the King to send out soldiers to colonize the country. Boucher's proposition was backed by Avangour, who was then returning from Canada after his quarrel with Laval on the brandy question; and the result was that a regiment was despatched with orders to take up land. It was after this that the importation of women by the shipload to become wives for the soldiers, who had beaten their swords into ploughshares, took place. A picturesque period of French-Canadian history was that during which the hardy settlers hastened to Quebec to welcome the arrival of the promised damsels. The maidens stepped ashore and marched to a convenient hall, where they were reviewed by the colonists. Some liked the short and some liked the tall; but each chose the object of his fancy, the fat, however, being the first to go, as it was assumed that such could best weather the northern winter. The marriage was solemnized immediately and the farmer drove home with his prize, carrying with him the pledge that as his olive branches multiplied he would be rewarded by the King. Boucher was indeed the Canadian originator of Colbert's colonization scheme. A seigneur and governor, he was himself a well-to-do man. It is recorded that when his sister Magdeleine married she brought her husband no end of wealth. There were two hundred francs in money, to begin with, and then four sheets, a blanket, a mattrass, six spoons, six tin plates, one kneading trough, and, to crown all, a cow and a pair of hogs. The modern Boucher, though described as Mr. De Boucherville, is not properly so called. He is really Mr. Boucher, of Boucherville. We have in Ontario Mr. Walker, of Walkerville. Were his name developed as Mr. De Boucherville's has been he would be known to fame as Mr. De Walkerville. But there is little in the name. Mr. De Boucherville is a man of seventy. He was called to the Senate of Canada in 1879.

M. DE BOUCHERVILLE, PREMIER OF QUEBEC.

SKETCHING A GIANTESS.

The Very Big Girl Just Now Astonishing London.

"Well, sir!" "I'm from the Pall Mall Budget to get sketches of 'Aama.'" "Oh, yes—well—you will find the guv'nor right in there by the bar—he'll attend to you"—this in the lobby of the "Trocadero." The "guv'nor" heard my business, drained his glass of S***, crossed with me to the far corner of the stalls promenade, opened a panel with his private key, and we descended a narrow flight of steps into that mysterious subterranean realm known as "behind the scenes."

I was introduced as "a newspaper man to draw the giantess." "There she goes now!"

AAMA.

exclaimed the person. We turned and looked. "Shades of Gulliver! Out of one of the dressing rooms there had just emerged a giraffe-like apparition which, bent half double to keep its head clear of the stone ceiling, was groping its way down the corridor to the room at the foot of the stairs.

We all pursued, and the guardian of Aama (for indeed 'twas she) corraled this child of fifteen years and ninety inches and backed her up to a table, upon which she seated herself. The "guv'nor" took his leave, Mademoiselle was cautioned to poser bien, and I commenced my sketch. One of the supers worked around to where he could see over my shoulder and remarked: "Ain't she a whale! Look at her now—she's always like that—never smiles, and looks at everything as though she thought 'twas to eat." She is enormous, in truth, and, as we used to tell the models after dinner at Julian's, "quite out of drawing."

"Could I get a tracing of her foot?" I inquired. "Certainly." Here you have it. Her boot was just an inch longer than the Budget is high.—Pall Mall Budget.

Only a Spool of Thread.

"To make a spool of thread," says a manufacturer, "is a complicated process. Only the very best Sea Island cotton can be used for this purpose. The cotton is taken in the raw state and torn all to pieces by a machine called a 'breaker.' It then goes through several other machines by which it is carefully combed and freed from impurities. A machine called a 'slubber' then takes it up and twists it out into soft white yarn. This is carefully combed again and it is then taken into another department, where several small strands of this yarn are twistad into one fine one. Three of these are then twisted together and you then have six-cord thread, which, after it is bleached, is ready for the market. Another interesting thing is the numbering of the thread. Every lady knows the size of the thread that she requires for doing a certain piece of work, but very few of them know how it came to be so numbered. You see, when cotton thread was first made, 840 yards of it weighed just one pound. This was called No. 1, and if a pound contained just twice that number of yards it was called No. 2, and so on."—New York Tribune.

How to Use the Telephone.

Some practical hints as to how to use the telephone have recently been published, and some of them are well worth repeating. One man will get right up to the telephone and say what he has to say loud enough to be heard a square away. The next one stands away back and does the same thing, while a third will almost whisper into the instrument. There is only one way to talk through a telephone, and the "Central" will be saved a world of trouble and undeserved abuse if all users would carefully learn and follow it. That way is to stand just a little back and talk in an ordinary tone, as if you were talking to a man a couple of feet away instead of one, two or more miles away over a wire. Don't yell, don't whisper: simply speak in an ordinary tone and distinctly. The words are carried on by electricity, not by the force of your enunciation. The instrument is not like a deaf man, but, on the other hand, it is extremely sensitive.—Chicago News.

Par-Boiled.

"Tell Bridget to take a pitcher of hot water up to papa's room," called mamma to Bertie.

Bertie delivered his message.

"Shure, the wather's good and hot now,' said Bridget. She poured out a pitcher full.

"Take it up now, there's a good gossoon, an' I'll not be leavin' me work."

"I think the water's too hot, Bridget," said Bertie, taking it with reluctant hands.

"Shure, an' he wants it hot."

"Yes—but this is boiling, Bridget! I can't hold it! Why—if I took this up to papa to use he'd be par-boiled!"

Signals on Moving Trains.

One of the Dutch railroads is trying a new arrangement of train lights, by means of which the moving or stationary position of the train is indicated. When the train is standing three lamps are visible, and when in motion two of the lamps are continuously visible, the third shining only every alternate three seconds.

Father Killed; Son Injured.

BRACEBRIDGE, Ont., Jan. 8.—A man named Flannigan, a resident of Brunel, was thrown from his wagon, in consequence of his team running away, and instantly killed. His son was also badly hurt. Both were pitched forward, falling at the horses' heels. Flannigan was killed by a kick from one of the horses.

Almost Cut in Two.

WINNIPEG, Jan. .—Hans Fisher, employed at the elevator of Lake of Woods Milling Co.'s mill, Keewatin, was instantly killed yesterday, being caught in a belt and drawn under a pulley. His body was nearly cut in two.

An M.P. Dying.

BELLEVILLE, Jan. —Mr. S. B. Burdett, M.P., is reported to be at the point of death.

—For scrofula in every form Hood's Sarsaparilla is a radical, reliable remedy. It has an unequalled record of cures.

MESSENGERS STRANGLED.

The Sultan of Morocco Evidently Does Not Appreciate Disagreeable Messages.

LONDON, Jan. 7.—Advices received here from Tangier show that the Moorish mission sent to Tou t in order to arrange for the formal annexation of the Oasis to Morocco failed to accomplish their object. The Touatans told the Moorish envoys that they had reconsidered their desire to have the Sultan of Morocco for their protector and that they now preferred to form a connection with Algeria, in other words with the French.

When the envoys returned and reported their failure to the Sultan the latter was deeply incensed. The envoys were strangled by the Sultan's order.

Moors in Revolt.

TANGIERS, Jan. 7.—Seventeen of the Kahybiles districts, containing thousands of fighting men, have revolted. Early Monday morning the leaders decided to resist the force that the Sultan is sending to support the Bashaw. Great anxiety is felt here lest the Kahybiles should attack Tangiers, hoping to embroil the Sultan with the powers. Her Majesty's ships, the Grappler and the Thunderer, have arrived and a British fleet is on its way from Cadiz. The Consuls have agreed to ask that a large force of bluejackets be landed for the defence of the city. The Sultan's force numbers 500 men. It is approaching Tangiers.

Guy De Maupassant is Mad.

PARIS, Jan. 7.—A great misfortune has befallen French literature. Guy de Maupassant, the famous writer, is mad. The day before yesterday he tried to shoot himself with a revolver, pulling the trigger five times. Happily the weapon was only charged with powder, and he did not kill himself, though he burned himself badly. Having failed in this attempt at suicide he cut his throat with a razor. But, although he wounded himself badly, his doctor was able to sew up the gashes. This morning he had smashed a good deal of furniture before his attendants seized him, and having first put him in a straight waistcoat, conveyed him to a lunatic asylum. Guy de Maupassant is only 41 years old. He ranks with Zola, Alphonse Daudet and Paul Bourget. As a stylist he is perhaps superior to them all.

An Actor Shoots Himself.

LONDON, Jan. 7.—Henry Irving had hardly finished reading in the morning news papers yesterday, the critic's praise of his triumph at the Lyceum last night, when he was summoned from glory to misery by the news of the attempted suicide of his son Lawrence who was recently a member of a Shakespearean touring company.

The Benson Company opened at Belfast on Monday. This afternoon young Irving attended a rehearsal of "The Merchant of Venice." He was well up in his part, and it was noticed that he put more than usual energy into his lines. After the rehearsal he went back to his lodgings. A fellow-actor heard a pistol shot in the direction of Irving's room, followed by a groan. The actor rushed upstairs into Irving's room. Across the bed lay Irving twisting in agony. Blood was streaming from a bullet wound in the right breast and a pistol on the floor with the barrel still warm and a curl of smoke still floating near the ceiling told how the deed had been done.

Physicians were summoned and will try to save the actor's life.

It appears that the news of his son's attempted suicide did not reach Irving until the play had already commenced at the Lyceum this evening.

The theatre was thronged by an audience enthusiastic as that of the previous night. Irving determined to proceed. He even kept the contents of the telegram to himself, and the officials of the theatre were unaware of the terrible news that he had received. It is now said that he put more pathos than before into the lines of the fallen and broken-hearted Cardinal and that his face bore an expression of pain that was something more than the effort of the actor in a play.

The King of Dahomey's Raids.

PARIS, Jan. 7.—A despatch to The Temps from Portonovo says that the King of Dahomey is raiding that country, taking slaves destined for sacrifices and others and setting them to work on the Belgian Congo Railway and in German coast factories. The Temps demands an explanation from the Belgians.

Forged Bolivian Bills.

PARIS, Jan. 7.—A German named Reimer has been arrested here for passing forged bills on the Huanchaca mines in Bolivia. It is reported that over 100,000 francs of the forged bills are in circulation in America.

Enquiring Into the Explosion.

DUBLIN, Jan. 7.—A magisterial enquiry was begun yesterday into the cause of the recent explosion in Dublin Castle.

Killed in the Pit.

BERLIN, Jan. 7.—Three persons were killed and six severely injured by an explosion in the Monopole pit in Munster yesterday.

United States' Crops.

WASHINGTON, Jan. 7.—The estimates by States and territories of area, product and value of the principal cereals of the United States for 1891, made by the statistician of the Department of Agriculture, are given to the press to-night. The total for corn has only been exceeded once. The wheat product is the largest ever grown in any country and the yield per acre in the United States is the largest ever reported by the Department. The total for oats was slightly exceeded in 1889. The aggregates are as follows:

Corn—Area 78,214,515 acres, product 2,060,154,000 bushels, value $839,439,228.

Wheat—Area 34,916,857 acres, product 611,780,000 bushels, value $513,472,711.

Oats—Area 25,551,861 acres, product 736,394,000 bushels, value $232,312,267.

The aggregate of all cereals is the largest yet produced and will supply 54 to 55 bushels per unit of population.

The average value to the farmer is 40.6 cents for corn, 83.9 for wheat and 31.46 for oats.

"Now is the winter of our discontent made glorious summer" by Ayer's Sarsaparilla. This wonderful medicine so invigorates the system and enobles the blood that cold weather becomes positively enjoyable. Arctic explorers would do well to make a note of this.

Cure for A Constipation and Headache.

Dr. Silas Lee[illegible] in the Rocky Mountains, discovered a root that, when combined with other herbs makes an easy and certain cure for constipation. It is in the form of dry roots and herbs and is known as Lee's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents a package. dw

Are you troubled with pimples and irritating matter? Carter's Little Liver Pills cure. Only one pill a dose. Very small; very easy to take. No griping; no purging. Try them. dw

An Unlucky Day for Actors.

TORONTO, Jan. 7.—During the matinee performance at the Academy yesterday, while the heroine is struggling in the grasp of the villain, John Murphy, who plays the part of the Bronchal Bawn, comes to her rescue by means of a telegraph wire. Just as he had got a firm hold of the wire and started on his journey the frame work to which the wire was affixed tumbled and down came actor, timber and all. Mr. Murphy, who weighs about 180 lbs., fell about six feet and lighted on his back. Mr. Murphy retired to his room in his hotel where he still lies, his doctor having forbidden him to move for 24 hours.

About the same time that Murphy met with his mishap John S. Ellick, who plays the harbor policeman in "The Power of the Press," now running at the Grand, met with a somewhat similar misfortune. In the fifth act when the policeman arrests the villain on the vessel Ellick lost his footing and fell backward, breaking his collar bone.

Twisted His Arm Off.

OSMEE, Ont., Jan. 7. Isaac Glenny was rubbing soap on the cylinder pulley of a threshing machine on the farm of Thomas Wilson when his left hand and arm were caught by the belt, twisting his arm completely off at the elbow.

Shot His Sister Dead.

WINNIPEG, Jan. 7.—A daughter of Engineer Turner at Ignace was shot dead by her brother yesterday. "Didn't know 'twas loaded."

Adonis Dixey in the Tolls.

BOSTON, Mass., Jan. 7.—Henry E. Dixey was arrested late on Saturday night in the Columbia Theatre, in a civil suit brought by William Gill for $2705, alleged to be due for services in writing "The Seven Ages." Gill and Dixey were to write the piece together, Gill to get $5000 for his work.

Yellow Fever and Riots.

NEW YORK, Jan. 7.—The steamer Seguranca, which arrived yesterday from Brazil, reports terrible mortality from yellow fever at Santos.

At Pernambuco on Dec. 17 a riot occurred caused by the Government at Rio Janeiro sending a military governor to replace the civil governor at that city. The riot took place between the military and police and citizens. Over 30 persons were killed and some 50 to 70 wounded.

INTERESTING ITEMS BY WIRE.

A heavy snow storm prevails in the northern portion of Scotland.

Sir Glyn Petrie, British Minister to Portugal, has resigned, giving ill-health as the cause.

At Columbus, Ohio, yesterday Sherman was nominated as U. S. senator, defeating Foraker by 53 votes to 38.

The Law and Order Society of Pittsburg has entered suits against 35 employes of the Sunday papers charging them with engaging in worldly employment on Sunday.

The Dominion Express authorities in Toronto deny the correctness of The Montreal despatch published yesterday that the G.T.R. is likely to absorb the company, and intimate that the Canadian Express Company is the one meant.

William J. Macdonald, Crown Timber Agent of the Ontario Government in Ottawa, died yesterday from an attack of la grippe. The deceased gentleman had resided in Ottawa for about eight years, previous to which he was for many years a resident of Arnprior as a provincial land surveyor and slide master. His eldest son George is now finishing his studies in Toronto.

Jean Baptiste Alphonse Lusignan, F.R.S.C., is dead at Ottawa. Mr. Lusignan was a gentleman well known in the field of journalism, having been in his early years editor-in-chief of Le Pays, at that time the French organ of the Montreal Liberals. In 1873, when the Liberal party came into power, he removed to Ottawa as private secretary to Sir A. A. Dorion, then Minister of Justice. Later he became secretary to Hon. Mr. Fournier, then Minister of Inland Revenue, in which department deceased remained to the time of his death.

Whooping cough, croup, sore throat, sudden colds, and lung troubles peculiar to children, are easily controlled by promptly administering Ayer's Cherry Pectoral. This remedy is safe to take, certain in its action, and adapted to all constitutions.

Pale, Weak Women need a tonic, strength giving flesh building medicine like Milburn's Beef, Iron and Wine.

Winter Sports.

The gay winter season exposes many to attacks of colds, coughs, hoarseness, tightness of the chest, asthma, bronchitis, etc., which require a reliable remedy like Hagyard's Pectoral Balsam for their relief and cure. Known as reliable for over thirty years. The best cough cure. dw

Consumptives!

Do not give up until you have tried Miller's Emulsion of Cod Liver Oil, which makes flesh and blood, is a positive cure for coughs, and colds, bronchitis, sore throats, and all lung troubles tending to consumption. Persons have been known to gain from five to ten pounds in weight by taking one bottle of Miller's Emulsion of Cod Liver Oil, which contains hypophosphites of lime and soda. In big bottles, 50c and $1, at Peterborough Drug Stores. dw

When Baby was sick, we gave her Castoria.
When she was a Child she cried for Castoria.
When she became Miss she clung to Castoria.
When she had Children, she gave them Castoria.

Would Not be Without It.

"August Flower"

Dyspepsia. There is a gentleman at Malden-on-the-Hudson, N. Y., named Captain A. G. Pareis, who has written us a letter in which it is evident that he has made up his mind concerning some things, and this is what he says:

"I have used your preparation called August Flower in my family for seven or eight years. It is constantly in my house, and we consider it the best remedy for Indigestion, and Constipation we

Indigestion. have ever used or known. My wife is troubled with Dyspepsia, and at times suffers very much after eating. The August Flower, however, relieves the difficulty. My wife frequently says to me when I am going to town, 'We are out

Constipation of August Flower, and I think you had better get another bottle.' I am also troubled with Indigestion, and whenever I am, I take one or two teaspoonfuls before eating, for a day or two, and all trouble is removed." ❁

COURT OF CHANCERY.

ONE OF THE BRANCHES OF THE HIGH COURT OF JUSTICE OF ONTARIO.

History of the Institution and its Members—Eminent Men Who have been Chancellors—Portraits and Biographies of the Present Judges.

To those who are so fortunate as to have no personal experience of legal proceedings the name of the Court of Chancery suggests the old English court with its complicated procedure and heart-wearing delays. It is long since the abuses of the Court of Chancery, which at one time were the disgrace of the judicial system were done away with in England, and Upper Canada passed through a somewhat similar experience before the Court of Chancery was fairly established as a separate part of the judicial machinery. In the old days, before 1849, the system was hardly worthy of the name, and litigation was delayed rather than advanced by the court as it stood. As Mr. D. B. Read says in his excellent work "Lives of the Judges":

"The Court of Chancery, under the old system, with no perceptible Chancellor but only a Vice-Chancellor in the person of Mr. Jamieson, V.C., had got into great disfavor. The delays were terrible. The whole administration of the court seemed to have got into an unrecognizable mass of stale equity."

The man to reform this state of things was Hon. William Hume Blake, father of Hon. Edward Blake and Hon. S. H. Blake. The father became the first Chancellor of the Court, the elder son became the greatest pleader that ever stood at its bar and the younger for a time held the position of Vice-Chancellor. As constituted in 1849 the court was to have one Chancellor and two Vice-Chancellors, and it was to have jurisdiction such as was possessed by the Chancery Court in England, covering matters relating to trusts, executors, infants and their estates, wills, alimony and other causes of a like nature. The court, it was declared, was "to prevent multiplicity of suits," and a comprehensive but simple system of proceedure was provided. It is upon the constitution of this court more than upon any other single act that the high reputation of Hon. William Hume Blake as a law reformer rests. The Chancellors of Ontario succeeding Mr. Blake included Mr. Vankoughnet, Mr. Spragge, and the present occupant of the office, Hon. J. A. Boyd. Under the sweeping law reform by which the courts were fused the Chancery Court lost its distinctive character and became a branch of the High Court of Justice. It now has a Chancellor and three puisne judges.

Hon. John Alexander Boyd is not only the Chancellor of Ontario, but, as the senior chief justice, he takes precedence as President of the High Court of Justice and all writs are issued in his name. Mr. Boyd is a native of Toronto, where he was born on the 23rd of April, 1837. He was educated in Toronto University and attained the degree of Master of Arts in that institution in 1861. In the previous year he had made his name favorably known by a "Summary of Canadian History," which gave a graphic and faithful account of the events of the history up to that time of the Provinces, which then made up the Provinces of Canada. Mr. Boyd studied law and was called to the bar in 1863. He became one of the partners in the firm of Blake, Kerr & Boyd, which included, not only the brothers Blake, but also Mr. J. K. Kerr, who, like the others, has since that time attained eminence in his profession. In 1870 Mr. Boyd was appointed Master in Chancery, a position in which he showed in a marked degree the qualities of mental alertness, impartiality and patience, which are so necessary in the proper discharge of the duties of a judicial office. He was enrolled as Queen's Counsel in 1880, and in the following year, on the venerable Chancellor Spragge being elevated to the position of Chief Justice of the Court of Appeal, Mr. Boyd was appointed to succeed him. In 1885 Mr. Boyd was appointed one of a commission of eminent jurists, under the chairmanship of Mr. Justice Burton, to consolidate the laws of Ontario, the results of

HON. CHANCELLOR BOYD.

their work appearing two years later in the Legislature to receive the imprimatur of that body and to be set forth in that oft-quoted work, the Revised Statutes of Ontario, 1887. Mr. Boyd has always been known as an enthusiastic Canadian. He has done much by addresses on public occasions to foster the love of country, which is so marked a characteristic of the Canadian people. He is a model of all that a judge should be and is without a superior in legal knowledge and judicial acumen among the ablest men who sit the bench of Ontario to-day.

The senior puisne judge in the Chancery Division is Hon. Thomas Ferguson. Mr. Ferguson was appointed in the same year as the Chancellor. He was named Vice-Chancellor under the old system, under which he was appointed, being given the office in succession to Hon. Samuel H.

MR. JUSTICE FERGUSON.

Blake, who resigned to resume his place in the firm which had been made famous mainly through the abilities of his eminent brother and himself.

The Czar Wilfully Blind.

LONDON, Jan. 7.—Advices from St. Petersburg received here show that the Czar is either wilfully blind as to the situation of affairs in his empire or that the true condition of the peasants has been kept from him. The latest instance of His Majesty's opinion on the subject was given at a recent review of the Semonoffsky Regiment of the Guards. The officers of this regiment, moved by the stories of destitution and distress which had reached them, started a subscription, which they intended to devote to the relief of the famine sufferers. It was necessary for them to get the Czar's sanction for the distribution of money thus raised, and the colonel of the regiment on the occasion of the review begged the Czar to give the desired permission. Before the Colonel could finish his appeal, however, he was interrupted by the Czar, who angrily exclaimed: "There are no starving people in my empire. There is only some suffering due to a bad harvest. The measures taken by the Government will preserve them from famine."

The Head Surgeon

Of the Luhon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada.

Dr. Low's Sulphur Soap is a delight shampoo. It cleanses the scalp and darkens grey hair.

Failing Fast.

DEAR SIRS,—My mother was failing very fast after three months' suffering from dropsy being swollen from head to foot, but after she had used one bottle of your Burdock Blood Bitters it was removed, and she felt quite well. We think there is no better medicine, and are true friends to B.B.B.

MISS LEVINA TAYLOR,
177 Jamieson Ave., Parkdale,
dw Toronto, Ont.

A Sensible Man

would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merits of this great remedy. Large bottles 50c. and $1. dw

Biliousness—Fever and Ague.

So pleasantly do Dr. Morse's Indian Root Pills search out and drive away the seeds of disease that all persons living in a country where fever and ague and all other bilious diseases, are prevalent, will find they should never be without them. From two to four pills each night upon going to bed, will, in a short time, drive away the sickly yellow look of bilious persons, and bring to their cheeks a beautiful glow of perfect health. Dr. Morse's Indian Root Pills are sold by all dealers in medicine.

No Lady's Toilet is Complete

THE INFLUENZA BACILLI

RESULTS FROM A CULTIVATION OF THE ORGANISM.

Prof. Koch Examines the Specimens and the Methods of Investigation Pursued by the Two Doctors and Establishes the Identity of Their Results.

BERLIN, Jan. 7.—Dr. Pfeiffer presented a report on his discovery at a meeting of doctors in Charite Hospital last evening. He said that he had discovered minute bacilli in the sputum of 24 patients suffering from influenza, and that he had inoculated monkeys and rabbits with a cultivation of the organism with positive results.

Dr. Canon of the City Hospital also made a report. He had examined 20 patients and had discovered the bacilli in the blood of 17.

Prof. Koch examined the specimens and the methods of investigation pursued by the two doctors and established the identity of their results.

Dr. Pfeiffer showed specimens of the bacillus enlarged with the magic lantern. A characteristic of these bacilli is their remaining dispersed and not eglomerating in colonies or groups. They have been found in no diseases of bronchial tubes or lungs other than those associated with influenza. The Doctor suggested the disinfection of the sputum as aprophylactic.

A Japanese student read an interesting paper describing experiments he had made in cultivation of influenza germs in kelatine. These experiments showed the germs to be enormously prolific, a fact which fully accounts for the rapid spread of the disease.

Many prominent medical men who listened to the reading of the papers privately expressed their conviction that the discovery of the influenza germ is an event of great importance.

GARZA'S MEN BEATEN.

United States Soldiers Drive Them Into the River.

LAREDO, Texas, Jan. 8.—A telegram received last evening from General Reyes, commander of the Mexican troops now operating on the border against the Garza revolutionists, states that a considerable engagement took place on Tuesday evening between the United States troops and a band of Garza's men at the Lajoba crossing on the Rio Grande, in which the Garza men were put to flight, leaving a number of horses and arms in possession of the United States forces. The fight took place on the bank of the river and the bandits jumped into the water to make their escape. One of them was shot and another taken prisoner by the Mexican troops, who had moved along the river front on the Mexican side in conjunction with the United States troops. A later telegram from Gen. Reyes says a report has reached his headquarters that a detachment of American cavalry escorting a lot of captured Garza men to Brownsville for trial by the United States court were attacked by a company of Garza's men below Edinburgh, and the prisoners rescued.

SAN ANTONIO, Tex., Jan. 8.—One of the clerks at the government headquarters said last night the capture of Garza is regarded as a question of about a few hours, and while the officers are guarding the secret closely, he has been located positively at a ranch 18 miles from San Diego, and a force sufficient to insure his capture is now after him.

A train of pack mules and scouts for service against Garza has arrived here from Fort Russell, Wyo. It consists of 27 mules and six experienced frontier guides in charge of Henry Dailey, who has seen much service against the Indians. They will leave on a special train to-morrow morning for Fort McIntosh.

WHY MONEY IS FLAT.

All Owing to the Threatening Attitude of France—Trouble in Morocco.

LONDON, Jan. 8.—The tide of the Stock Exchange here is extremely flat. This feeling is due to the depression of the Berlin Bourse. The business is especially dull in Turkish and Egyptian securities, and is owing to statements that France will not permit the landing of English sailors at Tangier. The question of landing British sailors at Tangier arises from the rebellion among the natives in the vicinity of that city. Two British warships are lying off Tangier to protect British interests there, and the British Minister, it has been reported, warned the Governor of Tangier that if he could not guarantee the safety of the city against the rebels he (the British Minister) would have a force landed from the warships for that purpose.

GREAT LYNCHING BEE.

Three Men and Two Sisters Lynched in Alabama.

MOBILE, Ala., Jan. 7.—While Neal Sims the brother of Bob Sims, two other men and Laura and Beatrice Sims, the two daughters of Bob Sims, were on their way from Womack on Tuesday night, going in the direction of Leake, Miss., the rendezvous of the Sims gang, they were met by a posse searching for Neal Sims, who was wanted for murder. It is said Neal Sims resisted arrest and was hanged and afterwards shot, also that the rest of the party attempted to interfere in Neal's behalf and were strung up to an oak tree along the roadside, the women as well as the men. Great excitement is said to prevail.

EVOLUTION OF THE BIBLE

Rev. Lyman Abbott Begins a Series of Sensational Lectures

BOSTON, Jan. 8.—Dr. Lyman Abbott of Brooklyn delivered yesterday the first of a series of lectures before the Lowell Institute on "Evolution of Christianity." A notable audience was present. He announced the object of his course substantially as follows: Evolution is the continuous progressive change of phenomena according to certain laws and by means of resident forces. Religion is the life of God in the soul of man. I accept the verdict of all modern scientists in favor of evolution. I agree with them that all life proceeds by a regular and orderly sequence from simple to more complex, from lower to higher forms, and I desire to show that religion is itself subject to the laws of evolution, and that the Christian religion has proceeded by a regular and orderly sequence from simple to more complex and from lower to higher forces resident in humanity itself. Assuming the truth both of evolution and of Christianity by divine life I shall attempt to show how the latter has grown up in accordance with the laws of the former; that the Bible is an evolution of man's consciousness of God or history of the growth, of the knowledge and life of God in a specially endowed and chosen nation; that the church is the growth of the human organism inspired by this life, making its way against error and superstition and gradually conquering paganism; that theology is the necessary mixture of truth and error, the truth winning its way over theory by intermingling with it. We shall not be surprised to find errors in the Bible. We shall remember that it is the work of God, as it is expressed in human lives, struggling through the imperfections of human intellect and human passion. We shall not be surprised to find limitations of knowledge in Christ Himself. The word of the Bible to us is not "halt," but "forward, march."

COLLIDED WITH A HAND CAR.

One Man Killed and Another Probably Fatally Injured on the C.P.R.

SAULT STE. MARIE, Ont., Jan. 8.—A man named William Weathers was killed on the railroad track and another man named Smith was severely but not fatally injured. An engine was running, tender first, in the direction of the two men, who were on a handcar, and before they had time to get out of the way the engine was on them. Weathers leaves a wife and seven children to mourn his loss. He formerly lived in Sandfield township, Manitoulin Island. Both men were in the employ of the C.P.R. as section hands.

INTERESTING ITEMS BY WIRE.

The Czarina is ill and unable to leave her apartments.

Windsor will apply to the Legislature for incorporation as a city.

The trial of Arnoldi has been adjourned until the next Ottawa assizes.

Rory McLennan was again nominated by Glengarry Conservatives yesterday.

Actor W. J. Scanlan was yesterday removed to the Bloomingdale insane asylum.

Eleven persons belonging to one family have just died of trichonisis in New Silesia.

Twenty laborers were injured in a wreck on the Southern Railroad, caused by sinking of the track.

Ernest Wilhelm Brucks, the well-known German physicologist, died at Berlin yesterday, aged 72.

Leonce Labelle of Ottawa, accused of murdering his wife, has been remanded for a week.

The Tangier troubles and the death of the Khedive made the tide of the Stock Exchange extremely flat yesterday.

A railway train from Hastings for London was derailed near the London Bridge yesterday. One person was killed and six injured.

In a running fight with the outlaws at Arkalon, Kansas, last night, four men were killed. The number of wounded has not been ascertained.

The Earl of Lichfield, Thomas George Anson, died yesterday, aged 66 years. The earldom was created in 1831 and Viscount Anson succeeds to the title.

A telegram from Tangier says that three British men-of-war are anchored in the harbor and that the rumor of the landing of British marines is without foundation.

The truth of the statement made by La France that a military expedition will be sent to the oasis of Touat to enforce French claims on the region is officially denied.

Harry Miller, son of Joaquin Miller, "Poet of the Sierras," was sentenced to two years' imprisonment at San Francisco yesterday for holding up the stage in Mendocino County some weeks ago.

Sir John Thompson in his capacity of Attorney-General for the Dominion, has entered suit in the Exchequer Court against H. J. Bronskill to recover the amounts paid him by firms with which he had dealings on behalf of the Government while acting as superintendent of stationery.

The troop-ship Tyne arrived from Halifax at Plymouth on Christmas Day with the contingent of British tars from Vancouver, and which left by the C.P.R. on the 5th. The Standard of the 26th ult., speaking of the arrival of the ship, says that men and officers were alike loud in their praises of the new route, and no doubt the English authorities will duly avail themselves of it in the future. Only two days ago the safe arrival of the Tyne was telegraphed to Halifax in reply to a question from that port and after the most serious apprehension had been entertained as to her safety.

THE CENTRAL LEAGUE.

A Baseball Organization That Toronto Was Invited to Join, But Didn't.

CHICAGO, Jan. 8.—At a meeting held here yesterday of baseball men formerly connected with western clubs a permanent organization was effected and a committee appointed to select a circuit of eight clubs, to receive applications and arrange for the protection of the league. An adjournment was then taken subject to call.

The league will be called "The Central League," and will be composed of Kansas City, Omaha, Minneapolis, St. Paul, Milwaukee, Indianapolis, probably, and Columbus and Toledo, subject to certain contingencies. A meeting for the perfection of the organization will be held soon, probably within a week.

$30,000 Fire at Thorold.

THOROLD, Ont., Jan. 7.—About 12 o'clock last night a fire broke out in the C.M.B.A. rooms, over John Clay's grocery store, completely destroying that building, also two stores adjoining belonging to Mrs. Andrew Hardie and two dwellings owned by Thomas Conlon. Over Mrs. Hardie's stores were the rooms of an Orange Lodge, the Temperance and other lodge rooms.

The losses: John Clay, loss on building $8000, insured for $4000; loss on stock $7000, insured for $5000; Thomas Conlon, loss on building $2500, insured for $1800; Mrs. Hardie, loss on buildings $3500, insured for $2000; C.M.B.A., loss $300, covered by insurance.

SEALERS GETTING READY.

The Fishermen Will Take More Risks This Season.

SAN FRANCISCO, Jan. 8.—There is considerable activity among the sealers and many of them are preparing for the season's work. Most of the fleet fit out at Victoria, B.C., and fully 50 vessels will leave that place at once. Besides the fleet now on the coast it is learned that 15 schooners will be brought out from the east to engage in the catching of seals; in fact, some of them are on the way now. It is said the men will take far greater chances this season than they did before and the war ships will have their work cut out to prevent the raiding of the seal islands.

Death in a Coal Mine.

NEW ORLEANS, Jan. 8.—The Times-Democrat's McAllister, I.T., special says: About 5 o'clock this evening an explosion occurred at mine No. 11, a coal mine operated by the Sage Coal and Mining Co., near Krebs. Reports say about 200 men are entombed. No particulars can be learned as to the cause of the explosion.

Killed by Her Brother.

RAT PORTAGE, Jan. 8.—A shooting accident occurred at Ignace yesterday by which Miss Ward, a daughter of the C.P.R. engine turner at that place, lost her life. It appears that a brother of the unfortunate girl was carelessly handling a gun, which he imagined to be unloaded. The gun, however, carried a heavy charge of shot, which, suddenly exploding, struck his sister who was standing near, killing her almost immediately.

Mr. Wade's Sudden Call.

BRANTFORD, Jan. 8.—Henry Wade died suddenly yesterday from heart disease. He was walking around town at 2 o'clock this afternoon, went home complaining of pain in his chest and at 4 o'clock he passed away.

Bible study and consecration service Sabbath morning at 9.15, conducted by Mr. Frank Brisco. Topic, 8.8. lesson, "A song of salvation"—Isa xxvi. 1-10.

Gospel and song service Sabbath evening at 8.30 in Y.M.C.A. Hall. Short gospel address and hearty singing. Public invited.

Installation of Officers.

Officers of "Mount Hebron" and "Hiawatha" Encampment I.O.O.F. Installed.

Last evening a joint installation of officers of the two local encampments of I.O.O.F was held in the Lodge room of Otonabee, Lodge No. 13. A very enjoyable evening was spent, and at the close of the ceremony, an adjournment was made to Long's refreshment room. Here "the inner man," had been provided for by Chief Patriarch R. J. Stewart, of Norwood. The remainder of the evening was spent in social intercourse. The officers installed were as follows:—

Custom Returns.

It may interest the readers of the EXAMINER to learn the amount of business done at the Port of Peterborough as represented by the following customs' returns, which are accompanied by a comparative statement of the values of goods imported and duties collected thereon for the corresponding period of 1890—the three months ending Dec. 31st:

	Value.	Duty.
1890	$83,932	$10 375 70
1891	97,519	18,597 61

TWO HUNDRED VICTIMS.

FRIGHTFUL CALAMITY IN AN AMERICAN MINE.

More Than Two Hundred Men Entombed in a Burning Coal Mine—The Gas Takes Fire From the Explosion of a Blast—No Hope of Rescue.

McALLISTER, I.T., Jan. 9.—The calamity which occurred near here last night was most appalling in nature. As a result over 200 men lie dead and 40 fatally and as many more fatally burned at 510 mine No. 1, owned by the Osage Coal Mining Company at Kribs, four and one-half miles east of here. At the time of the explosion 350 men were in the shaft, most of whom were waiting for the cage to take them out, and the foot of the shaft was a mass of dead bodies. Eighty-five men came out by an entry and 42 were saved by the shaft, most of whom are more or less burned or bruised, and half will probably die.

Wives and mothers eagerly watched each cage as it came up, hoping to see their loved ones, only to turn away disappointed. The explosion was caused by firing a shot when gas was in the mine.

Twenty-four hours have elapsed since the terrible fatal explosion in the Osage mine at Krebs, but it is still impossible to even estimate the number of the victims.

From the facts now at hand it is believed that the killed will number fully 100 and the injured 115, about one half of whom will probably die from the effects of their injuries.

400 Men in the Mine.

At the hour of the explosion, 5 o'clock yesterday afternoon, there were as near as can be learned, about 400 men in the mine. They composed the day shift and were just preparing to ascend when the explosion took place.

Six men, who had already been hoisted from the cage, had just stepped on the platform at the side of the shaft when the accident occurred. The cage was blown through the roof of the tower and 50 feet into the air.

A tongue of flame shot up from the shaft and above the ground fully 100 feet, followed by a terrific report, which was heard for miles around and shook all the neighboring country so violently that people in the surrounding mining towns four and five miles away thought an earthquake was rocking the ground

The men already above ground were prostrated by the force of the explosion, but did not receive severe injuries.

Awful Scenes.

The scenes about the mouth of the shaft immediately following the accident were fearful in the extreme. Weeping wives, mothers and sisters flocked there from the villages at the sound of the explosion, their faces blanched with dread and many of them were hysterical to a point of insanity.

The air shaft, the only means of escape for the entombed miners, was a point where relatives of miners congregated. Many of the miners were able to make their way out of the mine and were welcomed at the surface by their friends.

One man with a broken leg climbed all the distance of 400 feet through the air shaft and fell unconscious as he reached the surface. Others who were terribly burned labored painfully up the ladder, strips of flesh falling from their hands and arms as they grasped the ladder rungs. It is believed that fully one-half of the entombed miners escaped by the air shaft. Many of them, however, received mortal injuries.

Willing Rescuers.

The news of the disaster spread quickly through the villages surrounding Krebs. Every physician at once volunteered his services and hastened to the scene. Hundreds of miners from the Broidwood and McAllister fields hurried to Krebs to do what they could in assisting in the rescue of entombed men and recovery of the bodies of the dead.

The work of rescue was begun at once and has continued all through the dreary hours of last night and to-day.

The work was terribly hazardous, but hope that some of the unfortunate men might be rescued alive spurred the rescuers on to many deeds of bravery and possible self-sacrifice.

The explosion had entirely changed the topography of the mine. Many tunnels were closed entirely and big loose boulders were balanced perilously on shelves of rock adjoining the air shaft and main shaft which a breath of air might hurl down upon the rescuers. Notwithstanding these dangers the rescuers kept bravely at their work, and at 5 o'clock this evening had recovered about 40 bodies. The rescuers worked at both the air and main shafts and bodies were rescued by both routes. Those identified were immediately claimed and were carried away by relatives or friends, so that an accurate count of the number has not yet been made. Those identified number 23.

At the various places used as morgues there were about 17 unidentified bodies and pieces of human flesh.

The rescuers can hear faint knockings and far-off shoutings. They are digging in the direction whence the sounds come and hope yet to recover some of the men alive.

Over 200 Perished.

ST. LOUIS, Jan. 9.—The officials of the Osage Mining Company in this city, the owners of mine 2 at Nuebs, I.T., where the terrible disaster occurred last night, have received a dispatch from McAllister stating that 143 miners have been taken out of the shaft alive, but many of them are badly injured. As the press despatch from McAllister states that 350 men were in the shaft, this report leaves 207 men unaccounted for. The miners are all white men.

The broom manufacturers association, comprising large manufacturers throughout the United States, held a meeting in Chicago yesterday to further advance the price of brooms 20 cents per dozen, making an advance of 75 cents since November, when the association was organized. The advance is said to be due to the short crop of broom corn.

In the McGreevy-Connolly conspiracy case at Ottawa yesterday Judge Ross charged the grand jury very briefly, but in direct favor of the case receiving a verdict from a jury. He severely censured the local press for dealing with a matter still sub judice, and spoke in no measured tones of men who would continue to receive public moneys not rightly their due, especially in the face of the fact that one was a member of Parliament.

Children Cry for Pitcher's Castoria.

BRITISH AND FOREIGN.

BURIAL OF THE DEAD KHEDIVE OF EGYPT.

Complications Which May Arise Between England and France—The Defunct Ruler's Son Favorable to the Continuance of the British Regime.

CAIRO, Jan. 9.—The funeral of the Khedive took place this afternoon. The route of the procession from the Heloun Palace where he died, to the Abdin Palace, where the ceremony was held, was lined by a crowd numbering 200,000 persons. The services throughout were of a simple character, but though they were devoid of all ostentation they were very imposing.

The body of the Khedive was enclosed in a plain Arab coffin. The remains, guarded by an escort of soldiers and accompanied by a few body servants, were taken from the Heloun Palace at 11 o'clock in the morning and were conveyed by rail to Cairo.

All the ministers and the members of the household were waiting at the station the arrival of the body. When the train reached Cairo the coffin was removed from the funeral car and the procession was formed slowly, and with many manifestations of mourning the cortege proceeded to the Abdin Palace. The coffin was escorted by a detachment of military. From the palace the real procession was held to the mausoleum. The route was lined with British and Egyptian troops. At the head of the procession were a number of camels loaded with gifts to be distributed among the populace. Then followed Major-General T. Walker, commander-in-chief of the British troops in Egypt. After him came a number of men bearing banners, sheikhs, dervishes, representatives of the various local bodies, the members of the ministry, government officials, judges, coptic and clergymen, diplomats in full uniform. After these came representatives of the household and harem, and then followed the coffin, which was borne from the palace to the Mausoleum by servants.

Immediately behind the coffin walked bands of wailing women. Then came a number of carriages conveying the widow and the Khedive and the members of the harem.

The rear of the procession was brought up by General Grenfell Sirdar of the Egyptian army and a regiment of Egyptian troops commanded by British officers.

The utmost order marked the whole ceremony upon the arrival of the procession. At the mausoleum the Mollah prayed, after which the coffin was placed in the vault.

Religious services will be held to-night and for several nights afterwards.

PARIS, Jan. 9.—The death of the Khedive of Egypt has afforded occasion for the French papers to again take up and discuss at great length the long-standing Egyptian question. They all agree in the belief that England will take advantage of the situation to prolong her occupation of the country, and all express the fear that the new Khedive will prove only a puppet in the hands of the British. The Journal des Debats demands the appointment of a regency to govern Egypt. The Figaro and the Autorite consider that the death of Tewfik has given France the occasion to again insist upon a definite settlement of the Egyptian question. The Gaulois says the Porte will concede much to England in return for a partial restoration of Turkish authority in Egypt. Lord Salisbury, The Gaulois adds, will probably try to enlist the Sultan on the side of the Dreibund in return for some concessions in Egypt upon the understanding that Riaz Pasha, who was in May last deposed from the Presidency of the council and the ministerial position he then held, again assumes the position of President of the Council and that extended authority be given to Moukhtar Pasha, the commissioner of the Porte at Cairo.

BERLIN, Jan. 8.—The German newspapers, in commenting upon the result that may be expected to follow the death of the Khedive, express apprehension that the event will give rise to the renewal of the French agitation to secure the withdrawal of the British troops from Egypt. The popular opinion is that should it again be started it will prove unsuccessful.

CAIRO, Jan. 8.—Abdas Pasha, the eldest son and successor of the Khedive, was in Vienna when the intelligence of the death of his father reached him. Abdas Pasha announced his intention of starting immediately for Cairo to assume the duties which devolved upon him through his father's death.

LONDON, Jan. 9.—The Cabinet yesterday considered the new situation in Egypt. After the council, Sir Redvers Buller, who had been summoned for consultation, while descending the Foreign Office steps slipped and fell, injuring his arms and back, but he was able to return to the War Office. According to information gleaned, the Cabinet has decided to treat the accession of Abbas Pasha as an event not altering in any wise the British policy. As Abbas Pasha will not attain his majority until July 14, the Ministers foresee and probably have already been warned that France and Russia will incite the Sultan and will support his claim as Suzerain to establish a regency. Even six months of a regent nominated by the Sultan might destroy British power in Egypt and certainly would lessen British prestige. Abbas is credited with imbibing English ideas and sympathies from his tutor A. J. Butler, who was long in the Khedive's service and who is now a lecturer in Brasnose College, Oxford. Abbas is out-spoken on the Egyptian question. During his sojourn in Vienna he freely expressed his conviction that the British occupation was necessary. He has kept up his studies in English during his residence in Vienna and has been a constant visitor to the English Embassy. Mr. Phipps, an attache of the Embassy (Minister Paget being ill), waited upon Abbas to-day at the Oriental Academy in Vienna to convey the minister's condolence and a telegram regarding the interview between Abbas and Mr. Phipps afterward reached the Foreign Office in London. It is understood that this telegram was of a promising nature regarding the new Khedive's inclination not to trouble the British regime in Egypt. The action of the British Government points to its determination to keep a grip upon nominal rule in Egypt.

$10,000 Fire At Brandon.

BRANDON, Jan. 9.—Fire at Brandon last night badly damaged the premises of W. Senkabeel, boots and shoes; W. J. Young & Co., Bower & Co., J. S. Lottan and H. E. Henderson. The buildings were owned by Messrs. Anderson, Howe and Hughes. The total loss is about $10,000. The blaze was caused by the explosion of a lamp in the store of J. S. Lottan.

SATURDAY, JANUARY 9, 1892.

The Too Active Organ Agent Worsted.

An Interesting Division Court Case—The Honest Farmer Overcomes the Fluent Organ Agent.

His Honour Judge Ketchum, of Cobourg, held Division Court at Lakefield Thursday in the absence of Judge Weller. One of the most interesting cases on the lists, which was listened to by a large number of persons, took up most of the day. This was a suit brought by John Conley, general agent at Stirling, to recover $100 from Andrew Carveth, a farmer residing near Warsaw, for the price of an organ, which was left at the defendant's place about six years ag . It appeared from the evidence that Conley went to Carveth's place on the evening of the 20th of March, 1886, and tried to sell him an organ, but Carveth would not buy. The night being very wet, at the request of Conley, Carveth consented to allow the organ to remain at his place until Monday morning. From that time until last June the organ remained in the possession of Carveth, as Conley had never called to remove it, although he had been asked many times by Carveth to take it away. About the 9th of June a Division Court Summons was served on Carveth for the price of the organ, and the party who served the summons seems also to have had an interest in the organ business, for he then suggested that an arrangement should then and there be made for the purchase of an organ, and that nothing further would be done in the matter. An arrangement was accordingly made between the parties, by which Conley was to take the organ away from Carveth's place and replace it by another at the same price, the party who served the summons stating that it was of no use now, and that he would say "he had never served it." Nothing further was heard of the matter until some months after when Carveth was notified that judgment had been recovered against him in Hastings, and that execution had been issued. He thereupon consulted Mr. Edwards, solicitor, with the result that the judgment was set aside and a new trial ordered, which was that of yesterday before a jury. The jury after lengthy arguments by counsel found that there was no contract and returned a verdict for the defendant, with costs to defendant, of all proceeds of this trial and that of the 5th Division Court at Hastings—Mr. J. E. Halliwell, of Belleville, appeared for plaintiff; Mr. E. B. Edwards, for defendant.

Trustees' Seats Declared Vacant.

It is Unlawful for School Trustees to Accept Remuneration for their Official Services.

Before Judge Ketchum, who is acting for Judge Weller, at his chambers here in the Court House yesterday, Mr. E. B. Edwards on behalf of Patrick Farley, of the township of Douro, moved for an order declaring vacant the seats of James Armstrong and James Condon, two of the trustees of public section number eight, of the township of Douro; on the grounds that by the books of the school section which were produced at the annual meeting of the ratepayers held on the 30th of December last, it appeared that they received during the year 1891, various sums of money in respect of compensation for work done by them on behalf of the corporation. Both of the trustees were present, but were not represented by counsel. The judge, after hearing the petition and affidavits of Jas. McCliggott and Thos Edward Whibbs, who were the auditors of the school section accounts for 1891, made an order declaring the seats vacant and ordered a new election.

Children Cry for Pitcher's Castoria

None Left of All the Crew.

LONDON, Jan. 7.—An unknown vessel was wrecked in Papa Sound, Shetland Islands, Sunday night last. Everybody on board was lost.

A quantity of wreckage drifted ashore, including a piece bearing the letters "A. L." The size of the spars indicates that the vessel was a large one.

The French mail steamer Comte Joseph Valery is reported to have been lost on the Island of Giraglia, a mile and a half north of Corsica. Her passengers, crew and mails were saved.

A Merchant Charged With Fraud.

KINGSTON, Jan. 7.—Weaver, who assigned a few days ago, was yesterday arrested by two Montreal detectives on a charge of obtaining goods on false pretences. He has been taken to Montreal for examination.

You've No Idea

how nicely Hood's Sarsaparilla hits the needs of people who feel "all tired out" or "run down," from any cause. It seems to oil up the whole mechanism of the body so that all moves smoothly and work becomes a positive delight. Be sure to get Hood's.

Hood's Pills act especially upon the liver, rousing it from torpidity to its natural duties, cure constipation and assist digestion.

Just why so many people suffer pain when a remedy of known and certain effect like Hagyard's Yellow Oil may be had at every drug store, is not very clear. This peerless pain soothing remedy is a prompt and pleasant cure for sore throat, croup, colds, rheumatism, lame back, etc. Price 25 cents. dw

Thanks to J. H. Adams.

As through him I have been freed from chills, biliousness, liver troubles, etc., etc. St. Leon Water did it; is the best medicine I ever found; is so good I tell all my acquaintances to go to your store in Brantford and get a supply. Truly, St. Leon is marvelous. A trial brings conviction. dw

Winter Sports.

The gay winter season exposes many to attacks of colds, coughs, hoarseness, tightness of the chest, asthma, bronchitis, etc., which require a reliable remedy like Hagyard's Pectoral Balsam for their relief and cure. Known as reliable for over thirty years. The best cough cure. dw

Smart Weed and Belladonna, combined with the other ingredients used in the best porous plasters, make Carter's S. W. & B. Backache Plasters the best in the market. Price 25 cents. dw

Small Sugar-coated Birdock Pills do not gripe or sicken. They are mild and effectual.

Twelve years trial in English climate with increasing demand, proves the Royal Rheumatic Remedy to be the best remedy for Rheumatism. For sale by W. R. Grentrex. dw

If you had taken two of Carter's Little Liver Pills before retiring you would not have that coated tongue or bad taste in the mouth this morning. Keep a vial with you for occasional use. dw

PROF. WORKMAN'S HERESY

Messianic Prophecy His Great Stumbling Block.

His Famous Lecture—The Board of Regents' All-Night Session—A Very Warm Discussion—Dr. Workman's Resignation Accepted.

The Board of Regents of Victoria University had to deal at their meeting in Toronto on Wednesday with a question of Biblical interpretation, or, as some call it, heresy, which is exciting great interest not only among Methodists, but in other denominations of the Christian church. Rev. Dr. Carman occupied the chair. Among those present were: Revs. Chancellor Burwash, Dr. Potts, Dr. Dewart, Dr. Withrow, Dr. D. G. Sutherland, Dr. Alexander Sutherland, Dr. Ryckman, Dr. Griffin; Dr. Antliff, Montreal, Dr. Aylesworth, Dr. Johnston, Dr. A. Burns, Dr. J. W. Annis; Rev. J. S. Ross, Woodstock; Judge Dean, Lindsay; Messrs. J. H. Beatty, Thorold; W. W. Ogden, J.J. Maclaren, Q. C., Vice-Chancellor Kerr, C. H. Geoderham; H. C. McMullen, Picton. The trouble arose over a lecture on "Messianic Prophecy," delivered by Prof. G. C. Workman to one of the theological unions in Victoria in October, 1890, and repeated subsequently in the Elm Street Methodist Church, Toronto. The lecture took a view of Messianic prophecy which has aroused a warm controversy. It may be summed up thus:—There is no Messianic prediction in the common Christian sense of the words; and there is no New Testament fulfilment in the sense of persons and events which had been foretold by the prophets.

SOME EXTRACTS.

A few selections from the lecture will give Prof. Workman's views in his own words.

"In order to obtain a true idea of the subject we must at the outset carefully distinguish prophecy from prediction. The distinction is of fundamental importance."

"While, according to certain declarations of Scripture, the element of prediction some times belongs to prophecy, this element may be regarded as comparatively unessential and subsidiary."

"Thus, it must be carefully borne in mind, prediction constitutes but one feature of Old Testament prophecy, and that by no means the most common or important factor. Notwithstanding these facts the predictive element has generally been pressed and emphasized. This unfortunate emphasis has produced a powerful and wide-spread revulsion in the minds of scientific students of the Old Testament."

"In the prophetic age Messianic prophecy proper appears; but even here there is no prophetic passage that has an original reference to the New Testament Messiah. While, therefore, portions of the Hebrew Scriptures abound with Messianic prophecy, there is no passage in the Old Testament that refers directly and predictively to Jesus Christ; that is, there is no passage in which the future Messiah stood objectively before the writer's mind, or in which the prophet made particular and personal reference to the historic Christ."

"As none of the numerous Messianic passages in the Old Testament refers directly or originally to the historic Christ, but appear in the New Testament merely as quoted by Him or as applied to Him, it becomes important to consider carefully the application of Messianic prophecy."

"Had there been a definite personal prediction of Christ in the Old Testament why did not His disciples recognize it? One must reply, they did not recognize it because there was nothing sufficiently definite respecting Christ in Scripture to convince them absolutely of His Messiahship."

"In other words Old Testament prophecy is an evidence, not of Christ or of Christianity, but of Old Testament revelation."

"It might be shewn that every prophetic passage that is applied to Christ in the New Testament refers originally either to an ideal person who was expected in the future or to a real person who was living at or near the time of its delivery."

"It should be said that Jesus of Nazareth is the realized rather than the predicted Christ of the Old Testament."

"From the foregoing discussion it will be seen that it is only what the Old Testament Scriptures teach and testify in general, or in fundamental truths and principles, that is fulfilled or realized in Jesus Christ. For this reason, as has been shown, we should speak of Messianic prophecy, not as having a reference to Christ, but as having a fulfilment or realization in Him."

THE ACTION OF LAST MAY.

Prof. Workman, at the time of the lecture, held a dual position in the university, being professor of Old Testament exegesis in the theological department and professor of Oriental languages and literature in the arts department. In consequence of the objections raised to these views, the Board of Regents last May relieved him of his duties in the theological department. Prof. Workman wrote a sequel to the lecture and several letters, in which he complained that he was misunderstood and relating his position. One cause of the misconception seems to have been the different sense put on such words as "prophecy," "foretell," "prophet."

AT WEDNESDAY'S MEETING.

At the meeting of the board on Wednesday, Prof. Workman made an application to be restored to his old position in the theological faculty and presented a statement of his views, defending them from attacks made upon them. He maintained that he did not hold that there was no original predictive prophecy in the Old Testament referring to the Messiah. He affirmed his unequivocal belief in the evangelical system of Christian doctrine and the inspiration and authority of Scripture. He held that many passages in the Old Testament which have been regarded as Messianic are not so, except in a secondary and accommodating sense. In conclusion he complained that his case had been prejudiced by the way in which Rev. Dr. Dewart had presented his views.

A long and earnest but calm and thoroughly good-tempered discussion followed. While there was every disposition to allow Prof. Workman all reasonable latitude, it was felt that the chief questions for the Board to consider were these: (1) Do Prof. Workman's teachings contravene the current belief of the church regarding Messianic prophecy? (2) Is the divergence of his views sufficiently radical to necessitate his removal from the professorship of Old Testament exegesis?

THE DISCUSSION.

Rev. Dr. Stewart reviewed the positions taken by Prof. Workman, and concluded with a motion of censure. Rev. Dr. Burwash replied in defence of the professor, and moved a conciliatory amendment. Mr. J. J. Maclaren, Mr. H. C. McMullen and others thought the Board of Regents was not the proper tribunal to try Prof. Workman's orthodoxy or heterodoxy, which was a matter that should be left to the church. Rev. Dr. Sutherland and others, while disposed to allow every latitude to original research, criticism and opinions, thought that this was a matter affecting the management of the college; that whatever opinions Prof. Workman might be entitled to hold as a man or even as a member of the church, he should not teach to the rising pastorate doctrines at variance with the accepted doctrines of the church. Further discussion elicited from Prof. Workman an emphatic statement to the effect that he could not conscientiously consent to remain in the college if not allowed to continue his work in Old Testament exegesis, and that he would continue his work only along the same lines of interpretation as before.

ASKED TO RESIGN.

It became apparent that the divergence of the professor's views from the current belief of the church was too radical to admit of compromise, and it was proposed on that ground to ask him to resign. Finally Judge Dean moved that the previous action of the board last May in transferring Prof. Workman to the arts faculty be reaffirmed. This motion was adopted on the following division:—

Yeas—Withrow, Ryckman, Dewart, Potts, Griffin, Antliff, Ross, Aylesworth, Dean, Beatty—10.

Nays—Burwash, Burns, Johnston, Annis, Kerr, Alexander Sutherland, Maclaren, McMullen—8.

HIS RESIGNATION ACCEPTED.

As Prof. Workman considered the adoption of this resolution equivalent to a demand for his resignation he tendered it. His resignation was accepted on the same division, 10 to 8. A committee was appointed to take the necessary steps to fill the vacancy. It was about two o'clock on Thursday morning before the board adjourned.

At this season of the year the effects of catarrh and cold in the head are most likely to be felt, and danger to life and health will result if not promptly treated. For this purpose there is no remedy equals Nasal Balm. It is prompt in giving relief and never fails to cure. Beware of imitations and substitutes. Sold by all dealers, 50 cents a bottle. dw

Worms cause serious sickness. Dr. Low's Worm Syrup destroys and expels all kinds of worms quickly and surely.

Consumptives?

Do not give up till you have tried Miller's Emulsion of Cod Liver Oil, which makes flesh and blood, is a positive cure for coughs, and colds, bronchitis, sore throats, and all lung troubles tending to consumption. Persons have been known to gain from five to ten pounds in weight by taking one bottle of Miller's Emulsion of Cod Liver Oil, which contains hypophosphites of lime and soda. In big bottles, 50c and $1, at Peterborough Drug Stores. dw

Cure for A Constipation and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents a package. dw

—MANUFACTURERS OF—
Trusses, Artificial Limbs and Appliances for all Deformities of the Human Body. Spinal Diseases, Hip Joint Disease, Diseases of the Knee and Ankle, Knock Knee, Bow Legs, Club Feet, etc. Also Crutches.

MESSRS. AUTHORS & COX,
Gentlemen,—I have great pleasure in being able to give you a hearty testimonial for the workmanship and wearing capacity of your artificial leg, made by you for me nearly four years since. It has given perfect satisfaction, and has never been out of repairs, and is doing its work well.
Yours truly,
W. TOWNES.

WHY COUGH,

WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use

Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefits I have derived for my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the wintor of 1885 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 180 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—G.W. Younger, Salem, N. J.

"Last winter I contracted a severe cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Russell, Secretary Holston Conference and P. E. of the Greenville District, M. E. C., Jonesboro, Tenn.

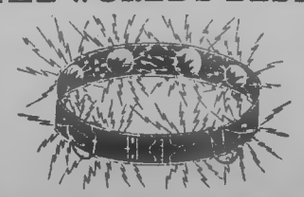
WM. FITZGERALD,
Contractor and Designer
for Buildings, etc., has a large number of Houses and Lots for sale in town and Ashburnham. Special attention is called to the western local ity—Homewood Avenue and Erin Property, which are unexcelled for beauty of situation. Lots are selling very rapidly. The west, we believe, is the most desirable place to invest in. It advances very rapidly in value.

NOW IS THE TIME TO PURCHASE.

Self Application of Electricity
FOR MEDICAL PURPOSES
BY THE
DORENWEND
ELECTRIC BELT
And Attachments.
HEAD OFFICE—103 Yonge St., Toronto
THE WORLD'S BEST.



ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT OF QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCY, SEXUAL DECLINE and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not clean this Belt with the humbug combinations of leather and resin with which the country is being flooded. If you wish to experiment with cheap articles, buy THEM but if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D. TULLY, Agent, Peterborough. ced w

It will pay you to watch for REFLEX!

SUN LIFE
ASSURANCE COMPANY OF CANADA.
The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,255.92
Increase over previous year	2,421,272.64
New Applications received in 1890	6,371,598.15
Increase over 1889	2,265,585.60
Cash Income for year ending 31st December, 1890	889,078.87
Increase over 1889	285,938.25
Assets at 31st December, 1890	2,473,514.19
Increase over 1889	667,691.47
Reserve for Security for Policy-Holders	2,109,222.66
Increase over 1889	567,732.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	143,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)	$64,824 07
" " " " 1886,	99,452 97
" " " " 1890, (four years)	232,175 69

A Large Funeral.

The funeral of the late Walter Paterson took place yesterday afternoon. Notwithstanding the inclement weather, a large number of our most prominent citizens attended to show their respect to the deceased and his bereaved family. The officers and members of the local Masonic lodges attended in a body, and their solemn and impressive funeral ceremony was conducted by W.Bro. A. St. A. Smith over the remains of their lamented and well-beloved brother. The Rev. Mr. Torrance, of St. Paul's Church, assisted in the last rites. A very large number of relatives and friends were in the funeral cortege, which was of a considerable length, there being between two and three hundred, thus testifying to the high esteem and great respect in which the deceased was held. The pallbearers were Messrs. C. Cameron, H. Rush, E. H. D. Hall, R. E. Wood, E. Peplow and D. Bellegham.

Collegiate Institute Lecture Course.

Some time ago the EXAMINER announced that a series of lectures under the auspices of the Collegiate Institute Literary Society would be given this winter. Arrangements have been completed, and the following is the list of subjects, date of lectures, and the lecturers, who are all members of the Institute staff:

"The Poet and His Art," Jan. 22nd—Mr. Jeffries.

"Electricity," introductory, Feb. 5th—Mr. Fessenden.

"Electricity," practical application, Feb. 12th—Mr. Fessenden.

"Combustion, and some of its Products," Feb. 26th—Mr. Fife.

"The Working Man in the Middle Ages," March 11th—Mr. Heap.

"The Nebular Hypothesis," March 25th—Mr. Dupe.

The lectures will be given in the lecture room of the Institute, and at each lecture a brief musical programme will give variety. Tickets admitting to the series may be procured for 75c. Single admission, 20c., payable at the door.

"Now is the winter of our discontent made glorious summer" by Ayer's Sarsaparilla. This wonderful medicine so invigorates the system and enriches the blood that cold weather becomes positively enjoyable. Are we ourselves would do well to make a note of this.

Brown Bread and Cakes.

Bates Bros.' Brown Bread takes the lead. Our cakes are always fresh and made of the best materials. Fresh Oyster patties to-day. 422 George street. Both telephones. d7

Gospel Temperance.

Rev. A. McWilliams will address the Gospel Temperance meeting to-morrow, (Sunday) afternoon, at 4 o'clock. Come to the Royal Templars' hall and you will find a hearty welcome, and hear a good address.

Calisthenic Classes.

Sergt.-Major Randall opened his ladies' calisthenic class last night in the hall over Mr. W. Crosby's music store. There was a fair attendance of ladies, and a larger number is expected. Further particulars will be given in Mr. Crosby's advertisement in the EXAMINER of Monday next.

Dancing for Peterborough.

Mr. A. Roy McDonald, the dancing master of Montreal, who conducts such successful dancing classes in that city and other places, is arranging for the opening of similar classes in Peterborough. This will be good news for those who wish to learn to "trip the light fantastic," and have had not opportunity of learning under the best instruction.

The Street Railway.

There is little doubt that the Electric Street Railway cars will be running through our streets on Dominion Day. The Edison syndicate will not go to sleep over the matter. Mr. M. D. Barr, district manager of the Edison General Electric Company in Canada, is in town and pushing preparations for the prompt and speedy completion of the line, which he is sure will be in running order by July 1st.

Salvation Army Notes.

A memorial service will be held in the barracks to-morrow evening, conducted by Ensign Steele and the "soldiers," for their late comrade Miss Sarah I. Robson, whose funeral took place early in the week in the under "army auspices. She was well respected and love by all who knew her, and a large attendance is expected.

Col. McKie the International Travelling Commissioner accompanied by his A.D.C., Staff Captain Plant, "The musical wonder," will be here in two weeks.

Real Merit

is the characteristic of Hood's Sarsaparilla, and it is manifested every day in the remarkable cures this medicine accomplishes. Druggists say: When we sell a bottle of Hood's Sarsaparilla to a new customer we are sure to see him back in a few weeks after merely proving that the good results from a trial bottle warrant continuing its use. This positive merit Hood's Sarsaparilla possesses by virtue of the Peculiar Combination, Proportion and Process used in its preparation, and by which all the remedial value of the ingredients used is retained. Hood's Sarsaparilla is thus Peculiar to itself and absolutely unequal in its power as a blood purifier, and as a tonic for building up the weak and weary, and giving nerve strength.

Local Curlers in Toronto.

The team from the Peterborough Curling Club took part in the great international bonspiel in Toronto yesterday. They were pitted against the Empire City club, of Albany, N.Y., and worthily upheld the honour of their native town, defeating the Yankees by a score of 25 to 10. This is a performance that reflects great credit on the club, as the Albany club are hard to beat. The teams were:—

EMPIRE CITY CLUB, ALBANY,

1st E. Skinner, 2nd Captain Foster, 3rd T. Spencer, 4th J. Lehmann, skip.

PETERBOROUGH CLUB.

1st G. W. Hatton, 2nd R. S. Davidson, 3rd C. McGill, 4th W. S. Ferguson, skip.

More Runaways.

The noon-tide hour is becoming quite the rage amongst gay and festive young horses who wish to indulge in a little "fun" on their own account. To-day a horse belonging to Mr. Bell, gardiner, took fright and ran wildly down Water street. When it was passing the Mechanics' Institute, a double team that was standing near there became suddenly possessed with a desire to follow its mad example and run off after it. The three horses continued their wild career down Water and along King streets, being stopped near Hamilton's foundry. The only damage done was to the vehicles, the horses themselves being unhurt. Constable McGinty is deserving of credit for the manner in which he stopped one of the horses. This is the second occasion in which he has shown his prowess in this same way. He apparently has a *penchant* for this kind of thing, and is in a fair way soon to win the Victoria Cross, or some similar decoration.

A Popular Professor.

The following from the Daily *Globe* refers to Dr. Willmott, whose marriage to Miss Thom, daughter of Rev. J. Thom, B.A., Ashburnham, was recently reported in the EXAMINER: "In the interval between lectures at the Royal College of Dental Surgeons Wednesday afternoon, Dr. W. E. Willmott, professor of materia medica and demonstration, was presented by the students with a handsome cabinet, rolling pin, potato stamper and rattle box as a mark of respect and esteem on the occasion of his late marriage. It was evident from the feeling shown and expressed that the doctor is a favourite with each of the students of the present class. The presentation was made by Mr. E. Billings and Mr. F. Woods on behalf of the class. The doctor made a pleasant and happy reply. Drs. Teskey, Willmott, son, and Stewart, members of the faculty, were present and enlivened the proceedings with short and witty speeches, all wishing to their mutual friend and his bride health, wealth and prosperity."

The Toboggan Slide.

Last evening the toboggan slide was formally opened. The tobogganers of the town have been several times disappointed, owing to the unfavourable state of the weather it could not be opened before. Now, however, they have apparently made up their minds to make up for lost time This was shown by the large number who attended last night and the evident zest with which the somewhat dizzy, though exhilarating, sport was enjoyed. Both ladies and gentlemen were there, and seemed to vie with each other as to who should show their appreciation of the sport most. Before the fixed time had arrived for closing the slide, and when the fun was at its highest, the slide had to be closed for the evening, owing to the snow having become worn off and no ice being yet formed on the slide. This was remedied this morning, as men were flooding the slide, and it is expected that all will be in order for good sport to-night. On account of the lateness of the season the management have decided to reduce the price of season tickets from $2 50 to $1.50. Notice the new advertisement in another column.

Church Chimes.

ST. PETER'S CATHEDRAL.—At St. Peter's Cathedral, Roman Catholic, there will be two masses celebrated, the first at 8 a.m., the second at 10:30 a.m. Vespers at 7 p.m.

ST. PAUL'S CHURCH.—The services on Sabbath at 11 a.m. and 7 p.m. will be conducted by Rev. E. F. Torrance, M.A. Sabbath school and Bible class at 3 p.m. Strangers cordially welcome.

7th, service at 11 a.m. and 7 p.m. by the

ST. ANDREW'S CHURCH.—Services at 11 a.m. and 7 p.m. It is expected that the Rev. Mr. Meikle, the evangelist, will conduct both services. He will arrive this evening from the east, where he has been conducting a series of most successful meetings, the spirit of God working mightily in old and young. May it be so in our town, and so it shall if the Christians of the various churches, uniting, do their duty. Let us be much in communion with God, setting aside every thing possible that all our energies may be directed to the one object. This he requests. Further information will be given to-morrow by all the pastors regarding these meetings.

CHARLOTTE STREET METHODIST CHURCH—Rev. George Edwards, pastor. Services at 11 a.m. and 7 p.m. by the pastor, Sabbath school and Bible class at 2 30 p.m. After meeting in school room at the close of the evening service. All invited.

METHODIST CHURCH, Mark street, (Ashburnham).—Rev. Jas. Thom, B.A., pastor. Services at 11 a.m. and 7 p.m. Free pews, all welcomed. Messrs. Brady and Johnston ushers. Sabbath school at 2 30 p.m. Mr. H. S. Armstrong, superintendent,

GEORGE STREET METHODIST CHURCH.—Rev. J. H. Locke, pastor. Sunday, Jan. 10 Sunday School anniversary. Services at 11 a.m. and 7 o'clock will be conducted by Rev. Hugh Johnston, D.D., of Toronto, who will preach at both services. Dr. Johnston will also address a meeting of the Sunday School held in the church at 2.30, to which the parents of the children and the public generally are invited. Special collections for the Sunday School. On Monday evening Dr. Johnston will deliver a lecture on his travels in the east, illustrated with splendid views thrown on canvas. Strangers cordially invited and will be conducted to seats by obliging ushers.

ST. LUKE'S CHURCH—First Sunday after Epiphany, Jan. 10. 8 a.m., Holy Communion; 11 a.m., Morning Prayer and Litany; 3 p.m., Sunday school and Bible class, 7 p.m Evening prayer and sermon. All seats free, strangers are welcome. Services are conducted by the Revs. J. W. McCleary and J. Hughes Jones.

ST. JOHN'S CHURCH—Rev. J. C. Davidson, M.A., Rector. Rev. C. B. Kenrick, M. A., Curate. Rev. W. Loucks, M.A., Assistant Curate. First Sunday after Epiphany, Jan. 10th. 8.30 a.m. Holy Communion; 11 a.m. Morning Prayer, Litany and Sermon, 3 p.m, Sunday school and Bible classes, 7 p.m. Evening Prayer and Sermon. All seats free in evening. Seats provided for strangers at all services. Ushers on duty, Messrs. H. Long, Macfarlane Wilson, Frank Perry and Alex. Elliott.

ST. JOHN'S MISSION (corner Rubidge and Sherbrooke streets)—Jan. 10th, first Sunday after Epiphany.—11 a.m. Children's service, 3p.m., Sunday School, 7 p.m., Evening Prayer and Sermon. A bright and hearty service to which all who will come are welcome.

BAPTIST CHURCH (Murray Street)—Rev J. E. Trotter, pastor. The regular meetings of each week are as follows.—Sunday—Service at 11 a.m. and 7 p.m.; Sunday School at 3 p.m. MONDAY—Y.P.S.C.E, at 8 p.m. WEDNESDAY—Prayer meeting at 8 p.m. Seats are free! A welcome is extended to all.

BAPTIST MISSION (Corner Dalhousie and Stewart streets)—On Sunday services will be held as usual. Sabbath school at 3 p.m. Gospel service every Friday evening at 8 p.m. Hymn books provided. Come!

CHRISTIAN ALLIANCE.—The Christian Alliance meet every Sabbath morning in the W.C.T.U. hall at 9.15; also on Thursday evening at 8 o'clock in the same place. All are cordially invited. See Hebrews xiii, 8

Salem Methodist Church, Otonabee.

The services on Sabbath, 10th January, at 2.30 p.m., at Salem church will be conducted by Mr. James Sutherland.

THE BRAIN.—The most immediate effect of alcohol is on the nervous centres and the brain which are intimately connected. The brain of inebriates is found after death to be hardened—literally hardened—by the alcohol, which has driven out of it the water it contained in its healthy state. 1d

DIED.

PUSEY—At the residence of her son-in-law, Mr. Robert H. Kingan, 417 Stewart street, Peterborough, on Friday, Jan. 8th, 1892, Ruth A. Pusey, wife of C. J. Pusey, Esq., president and general manager of the Irondale, Bancroft and Ottawa Railway, in the 58th year of her age.

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system. I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEHR, 9 N. Railroad St., Kendallville, Ind.

Hood's Sarsaparilla

Three Long Years in Bed with Spinal Disease.

CHAS. CLUTHE, Esq., Toronto.

DEAR SIR.—I wish to inform you how I am getting on. I am splendid now. I can walk any distance. I work all the time. My mother and I do all the housework for a large family. You know when you came to measure me, I had to be held up, but after you put the instrument on I could walk through the house, and the third day I could walk out. I feel that I can never thank you or say enough for you, when I think that for three long years I was a poor helpless girl, sometimes in bed for four months at the time and getting worse every day. Anyone wishing further particulars refer them to me. Thanking you once more, I remain your true friend.

Peterborough Markets.

There was a full market this morning, and buyers were out in large numbers. Prices ranged: Apples, 60c. to $1 per bag and $2 per barrel; potatoes, 60c. per bag; cabbage, three for 10c.; beef, hind quarters, 6c. per pound; eggs, 19c. per doz; butter, 22c. per pound; geese, 75c., and turkeys, 90c. to $1.25. Sales were reported to be quite brisk.

The Silver Cave.

Messrs. A.P. Poussette, Q.C., A E Dixon, E Brown, J. E. McIntyre, J. W. Butcher and A. V. R. Young returned this morning from the examination of the silver cave which was reported to have been found on the Peterborough syndicate's property. The EXAMINER is informed that the result of their visit has proven beyond all doubt that the report was true in every particular. In this event Peterborough will bristle with millionaires. As soon as full particulars are available they will be published.

The Original Fisk Jubilee Singers. Opera House, Jan. 12th. Tickets 25c and 50c

Reserved seat plan at Gastler's Drug Store. Hear what Rev. J. H. Bowen pastor of the Presbyterian church Tunkhannock, Pa., says:—"Loudin's Fisk Jubilee Singers gave us one of the best and most delightful entertainments I ever attended, and the people of our town were more than delighted. As for myself, I will never miss an opportunity, Providence permitting, of hearing them."

Oh, What a Cough!

Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

Obituary.

The Late Mr. W. E. Sherwood.

The public were painfully surprised at the fact as mentioned in yesterday's EXAMINER of the death of Mr. W. E. Sherwood, which took place at eleven o'clock the previous evening. He had not been in good health for some time but his condition was not considered serious till within a few hours of his death. Mr. Sherwood has been for many years a most highly respected resident of Peterborough. He was a native of England, but spent the early part of his life in Germany. At the age of about twenty years he came to Canada, and engaged in farming in Douro township, near Lakefield. After passing a short time in Peterborough, he engaged in mercantile pursuits in Bobcaygeon. He was also for some time clerk of the Division Court in that village. Some seven or eight years ago Mr. Sherwood came to Peterborough and purchased "Inglewood," the property of the late D. G. Hatton, where he has since lived, one of Peterborough's most respected citizen—respected for his sterling qualities of character and esteemed for his personal amiability. In 1858 he was united in marriage to Miss Charlotte Carnegie, daughter of the late John Carnegie, who, together with seven children, survives him. Mr. Sherwood was a faithful member of St. John's Church, which will greatly miss his active help in the promotion of her interests, and his regular attendance at her services. The funeral takes place from "Inglewood" on Sunday afternoon at 3 o'clock.

The Late Mrs. C. J. Pusey.

It had been known for some time that Mrs. Pusey, wife of Mr. C. J. Pusey, president and general manager of the Irondale and Bancroft railway, was lying seriously ill at the residence of her son-in-law, Mr. R. G. Kingan, 417 Stewart street. Mrs. Pusey came to town about a month ago for the better medical attendance she could get in Peterborough. Her illness took a serious turn about a fortnight ago, and she has been gradually growing worse, till last night, when death brought her rest. Mrs. Pusey was a native of Pennsylvania, but since her marriage the family have lived at different times in New York, London, Eng., and Paris for the education of the children, the daughters having all been educated in the two latter cities. About five years ago Mrs. Pusey joined he husband at Irondale. She was a member of the English church, and showed her fidelity by procuring through her own efforts, and largely by her own means, the erection of a new church at Irondale, now nearly completed. She was of a most amiable character, large-hearted, kind and unselfish, almost to a fault—for during the sufferings of her closing days she showed herself more solicitous for the comfort of those who were about her to minister to her in her illness than for her own. Her death leaves bereft a husband and four daughters, two of whom are married—Mrs. Howland, of Irondale, and Mrs. Kingan, town. Mrs. Pusey is the last member of her family, her brothers, who conducted exceedingly extensive iron works in Pennsylvania, having passed away.

Personal.

Mr. F. Gooden, of the Edison Works, leaves to-day for Port Huron.

Rev. Mr. Meikle, the evangelist, will arrive in town by the 6 p.m. train to-day.

Mr. Samuel Jordan, formerly with Mr. F. Mason, but now of Toronto, is spending his holidays in town.

Mr. Thomas Kennedy, architect, of Barrie, is registered at the Cavanagh House. Mr. Kennedy is so favorably impressed with Peterborough that he will shortly become a citizen.

Mr. David Boyle, of Toronto, who was appointed agent of the commission to collect specimens of minerals for the Permanent Exhibit of Ontario minerals in the Imperial Institutes of the United Kingdom, Colonies and India, is in town to-day.

Dr. Butler, at present of Coldwater, who makes a specialty of the treatment of cancer, intends to remove to Peterborough as soon as he can close up his business at that place His wife and family are already living here, residing at 430 Donegal street.

Mr. C. E. Roach returned to town last evening, after enjoying a short vacation, which he spent at Kingston. During his absence he visited the head office of the Rathbun company at Deseronto to exchange greetings with his old associates.

News Nuggets.

—The market this morning was a good one.

—The curlers are enjoying "braw sport the noo."

—The skating rink was well filled with skaters last night.

—Invitations are being issued for an Edisonian skating party on the 18th Jan.

—There was again a clean slate at the police court this morning The police are in danger of getting lazy.

—The Edison boys are forming a minstrel troupe for the town. Mr. Johnson Bane is training a guitar and banjo club for them.

Extensive Auction Sale.

Mr. C Young, of Young's Point, will sell by auction at his mills, on Monday, January 18th, 1892, about 250 000 feet of different demensions of pine, oak, hemlock, ash, elm and basswood lumber, and a quantity of pine and cedar shingles.

NOTICE.

All Persons having accounts against the "Peterborough Examiner," or the "Peterborough Bookstore," will please send them in at once for settlement. We are sending out our accounts, and we would be glad to have them paid as promptly as possible. It it urgently necessary that all accounts due us should be settled by cash or note during the present month.

J. R. STRATTON.

MEANING OF "REFLEX"

Explained at the Midland Oil Works.

A Luminous "Reflex" of China Hall Enterprise—Mr. Macfarlane Wilson Gives a Lucid Explanation—The New Industry Flourishing—Peterborough Barrels Her Own Oil Now—An Interesting Visit to the New Oil Works.

Yesterday afternoon the EXAMINER paid a visit to the new oil works situated on a triangle of land bounded by the river side spur of the C. P. R., the main line, and

THE BANK OF THE RIVER.

Mr. Macfarlane Wilson, the genial proprietor was on the premises and kindly explained the various departments of the works. The business occupies an acre of ground, and the buildings and equipments are well adapted for their purpose. The main building is 40 x 80 feet in area and is a frame structure covered with sheet iron on the outside, thus avoiding any possibility of its taking fire from stray sparks from locomotive engines. It is divided into two parts by a wooden partition. The first compartment of the building is used as a cooperage and also a painting and glueing room Here the dry oil barrels are repaired and glued inside. The glueing is done by pouring inside the barrels, melted glue, taken from a gigantic glue pot set in the floor, and heated by steam. The barrel is then well shaken so that the glue will reach all parts of the interior.

This renders the barrel not only waterproof, but air-tight, thus avoiding any possibility of leakage The barrels after being glued are painted, this being done in a remarkably skilful and rapid manner. The ends of the barrel are painted white, and the outside blue or green. After the barrels have been painted and glued, they are removed to to the second part of

THE BUILDING FOR FILLING,

This is accomplished by means of a patent filler, fitted into the bung of the barrels, and communicating by means of an iron pipe, with the tank, which latter stands on the railway car, at the east end of the main building. While one barrel is being filled, the workman may be preparing or weighing other barrels, as there is no danger of them being over-filled, for when a certain amount of oil has run into the barrel the filler automatically shuts off the supply and gives notice by a loud "click"

When a tank has been emptied the filled barrels are graded and inspected by the revenue officers, weighed, and branded on the ends, after which they are ready for shipping. A tank containing 4 000 gallons can be barrelled in four hours, and the works have a capacity of three hundred barrels a week. From three to five hundred barrels of the various brands of oil are continually kept in stock. There are, it may be said here, three grades of Canadian oil dealt with at these works, viz:—XXX, Midland Safety and Reflex. These are prime brands of oil, and particular attention is paid to the last named. "Reflex" is a brand of oil manufactured exclusively for the Midland oil works, and they have the sole sale of it for Canada. As evidence that this oil is rapidly growing in public favor, it may be mentioned that two travellers are continually on the road selling it and are

MAKING LARGE SALES.

At the west end of the main building is the engine house, a building 20x30 feet, and on the grounds of the works the barrels are dried before being glued. This is done by stacking them with the bung-hole downwards, in the form of a pyramid, thus allowing any superfluous oil to drain out. About 1,000 barrels are usually stacked at one time.

The whole of the buildings are heated by means of steam pipes, and are very comfortably and substantially built. In addition to the Canadian oil, American is not neglected, some people preferring that kind. This is not received in bulk as the former, but already barreled. Two car-loads a week of this oil are received and re-shipped. The sole agency for Canada of one of the best and largest oil refineries in the United States is in the hands of the new

MIDLAND OIL WORKS.

At the east end of the main building, outside, is situated the inspection platform, used for the examining and branding of the American oil. This will hold one hundred barrels at one time.

The energetic and pushing proprietor of "China Hall," Mr. Macfarlane Wilson, is deserving of great credit, for the manner in which he has worked up the oil business in the town. His is the only barreling works at present in this district and promises to become one of our most prominent industries. He is well supported by his faithful herculean Mr. Lewis Fox, late of Petrolea, who attends to the repairing, painting and filling of the barrels.

The EXAMINER wishes every success to the new enterprise, and it is to be hoped that the proprietor may be still more encouraged to go forward, by the result of his introduction of "Reflex."

Entitled to the Best

All are entitled to the best that their money will buy, so every family should have, at once, a bottle of the best family remedy, Syrup of Figs, to cleanse the system when costive or bilious. For sale in 75c. bottles by all leading druggists.

St. Andrew's Annual Meeting.

The annual congregational meeting of St. Andrew's church held last evening, was very largely attended. The pastor's report showed a membership in good standing of 198, 56 having joined during the last six months. There have been three deaths in the congregation, and ten baptisms since June. The report of the managers showed an income of $6 199.80 during the year, and an expenditure of $6 160.10, leaving cash on hand (mission contributions) $39.70. The Sabbath School report showed that institution to be in a increasingly prosperous condition, the average attendance being, 1st quarter 84, 2nd quarter 90, 3rd quarter 114, 4th quarter 141. Receipts $180 05. expenditure $180 95. Balance on hand, $7 10. The Ladies' Aid Society showed a balance on hand and in bank of $133.97. and the Women's Foreign Missionary Society, $0.47. The Y P.S.C.E. presented a good report, which was not in the printed pamphlet. The election of officers and managers then took place and resulted in the re-election of all the old ones, with one exception. Mr. W. Manson retires from representing St. Andrew's on the Nicholl's Hospital board, his place being taken by Mr J. D. Tully. The church appears to be in a flourishing condition since the earnest and energetic pastor Rev. A. McWilliams took charge.

"Listed," as the brokers say, at "100 Doses One Dollar." Hood's Sarsaparilla is always a fair equivalent for the price.

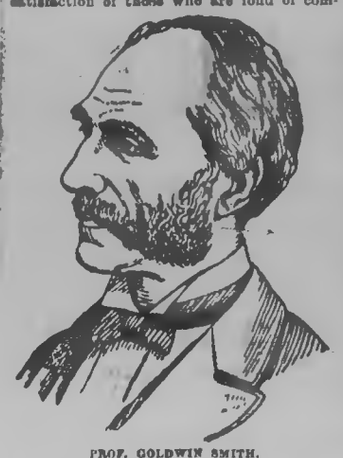
PROF. GOLDWIN SMITH.

THE HOME OF A PHILOSOPHER AND SCHOLAR.

Brief Sketch of His Early Life—College Days that were well Spent and Rewarded with Many Honors—The Professor's Home Life at the Grange.

It is just thirty years since Goldwin Smith, then Regius Professor of Modern History at the University of Oxford, challenged the attention of the literary world by the publication of his "Lectures on the Study of History." Up to that time his reputation as a scholar and thinker had been mainly confined to his own university, with which he had been connected as fellow and tutor for some ten years prior to his appointment in 1858 to the chair of modern history. He was born on the 23rd of August, 1823, at Reading, where his father was a well-known and highly esteemed practising physician. For the satisfaction of those who are fond of com-



PROF. GOLDWIN SMITH.

paring ages, I may mention that Matthew Arnold was about eight months his senior, while Ernest Renan comes between the two. In these three names we have the most consummate literary artists of the century.

The school days of Goldwin Smith were spent at Eton, whence he passed to Oxford. There he carried off the Hertford and Ireland scholarships, as well as prizes for English prose and for Latin prose and verse, and in 1845 he was graduated with first class honors in classics. His undergraduate life covered much the larger part of Sir Robert Peel's second Premiership, and we can readily believe that the discussions which were carried on at that time with so much vigor and heat within the walls of Parliament found their echo within those of the university. After graduation he thought of law as a career, but soon abandoned the idea. Literature and the scholastic life had more charms for him, so he accepted a fellowship and tutorship in University College. That gave him ample opportunity for literary work; and on the establishment of the Saturday Review, he became one of its regular contributors. During that period he was named assistant secretary of one Royal Commission and as secretary of a second, to enquire into the condition and administration of the university, and in the same year in which he received his Regius professorship he was appointed as member of another Royal Commission to enquire into the state of popular education in England. Evidently the brilliant graduate must have distinguished himself for something more than mere scholarship, or he would hardly have been chosen for positions calling for the exercise of a high measure of practical and executive ability.

Mr. Smith was unmarried when he came to Canada, but a couple of years after his arrival he married the widow of a prominent citizen of Toronto. His residence since that time has been the Grange, a fine old property several acres in extent situated in the heart of that city. The house, which dates from the early years of the century, is plain in appearance, but ample in extent, and admirably adapted for hospitality, a virtue to which Mr. Smith has always been prone. The extensive lawn in front of the house contains some noble elms, which give it a decidedly park-like appearance. Everything in the interior of the house bespeaks comfort, taste and refinement, without any of the obtrusive luxury which mars so many abodes of wealth. The Grange, in short, is, in the best sense, a home, and as fitting a home as could be well imagined for a scholar and philosopher. I have not before applied the latter term to Mr. Smith, but, in its general sense, no man better deserves it. His mind is so constituted that it naturally seeks for the broadest views of every subject. He always aims at seeing what some French writer has called "the durable aspect of things," and for the most part he succeeds. Then, as has been said, he has a mind absolutely open to the truth.

In presence Mr. Smith is far from being an ideal John Bull, but the ideal John Bull, it must be remembered, is not a professor. His frame is tall and spare, his countenance full of refinement and dignity, his manner unaffected, although precise. He speaks with almost as much command of accurate phrase as he writes, and many of his extempore addresses in public have been marvellously felicitous. In conversation he is not quite so responsive as an ardent interlocutor, anxious for information, or perchance desirous of developing with his aid some idea or fancy of his own, could wish, but the interlocutor, if he does not get exactly what he wants, is sure to get something good. Sir Robert Peel has been called "a proud, shy man," and the words are not inapplicable to Goldwin Smith; but the pride is not a pride that stands in the way of an ardent zeal for human rights or a keen interest in the every-day concerns of the community. No one, indeed, is better entitled than he, to repeat in his own name the oft-quoted line of Terence: "Homo sum; humani nihil a me alienum puto." So, too, of his shyness it may be said that he does not allow it to stand in the way of the performance of any public duty. A keen intellect, a balanced judgment, a brilliant wit, a high sense of honor, a marked capacity for affairs, and an indomitable courage, are the main elements in the character we have been studying. If a certain genial ingredient of true moral greatness, love, without which the tongue even of an angel sounds amiss," seems to be lacking, do not rashly conclude that it is altogether absent. Those who know Goldwin Smith intimately have caught many a gleam from another source of radiance and warmth, and many a heartfelt testimony could be borne to his practical beneficence. When a man of great gifts misses popularity it is not because he loves the people less than the man who wins it, but simply because he respects them and himself more. Popularity, however, is not honor. If Goldwin Smith has not received the former he has gained the latter, for he is more highly thought of even by his enemies than many a man whose great popularity has been by his friends. W. D. Le Sueur, in the New York Sun

Children Cry for Pitcher's Castoria.

DEATH OF SIR ADAM WILSON.

Sir Adam Wilson, formerly Chief Justice of the Queen's Bench Division, and President of the High Court of Justice, died on Tuesday morning at his residence, corner of Spadina crescent and Russell street, Toronto.

Since his retirement from judicial life he has been active as a bencher of the Law Society, and within the last few days was engaged as a member of the Discipline Committee in hearing a charge against a barrister. For his years, which numbered 77, he appeared strong and in good health. On Saturday morning he was seized by a paralytic stroke. He rallied slightly, but on Monday night grew rapidly worse, and expired about two o'clock in the morning.

Sir Adam Wilson was born in Edinburgh, Scotland, on the 22nd of September, 1814. He received his primary education in his native city, and in 1830, when he was not yet sixteen years of age, he came to Canada and settled in the township of Trafalgar, in the county of Halton. His maternal uncle, the late George Chambers, conducted large mills and a store in that district and in these young Wilson was engaged for upwards of three years. During this time he gave evidence of considerable business ability, but the occupation was not to his liking, and he determined upon the study of law. In January, 1834, he entered the office of the late distinguished lawyer, Hon. Robert Baldwin Sullivan, who was then in partnership with the Reform leader, Hon. Robert Baldwin. He applied himself faithfully to his studies, and was called to the bar of Upper Canada in the Trinity term of 1839. In the following year he went into partnership with Mr. Baldwin and the connection was maintained until the senior partner retired from professional life in 1849. In November of the following year Mr. Wilson was appointed a Queen's counsel by the Baldwin-Lafontaine Government, and very shortly after was elected a bencher of the Law Society of Upper Canada. He now began to turn his attention to politics, and at first concerned himself in municipal matters. In 1855 he was elected alderman for Toronto, where he had taken up his residence, and in 1859 he became mayor, being the first chief magistrate of the city elected by popular vote. He proved a capable man, and was re-elected in the following year. In 1856 he had been appointed a commissioner for the consolidation of the public general statutes of Canada and Upper Canada respectively. In politics, Mr. Wilson was inclined to the Reform party. In 1859, upon the death of Mr. Hartman, the member for the north riding of the county of York in the Canadian Assembly, he was offered the nomination for that constituency, accepted and was elected. He was returned again at the next general election, but in 1861 he was defeated in West Toronto. When the Sandfield Macdonald-Sicotte Administration was formed in 1862 Mr. Wilson was invited to take the Solicitor-Generalship, and he held this portfolio, with a seat in the Executive, till 1863. In May of the same year he was elevated to a puisne judgeship in the Court of Queen's Bench for Upper Canada. Three months later he was transferred to the Court of Common Pleas, where he remained until Easter term, 1868, when he was again appointed to the Queen's Bench as successor to the Hon. John Hawkins Hegarty, who had been appointed chief justice of the Common Pleas. In 1871 Judge Wilson was appointed a member of the Law Reform Commission, and in 1878 his brilliant judicial attainments received a more fitting measure of recognition by his appointment to the position of Chief Justice of the Court of Common Pleas, and afterwards Chief Justice of the Queen's Bench Division. On the 14th November, 1887, he retired from the bench, being then the senior chief justice and the president of the High Court, and was on the 20th December following knighted by Her Majesty in recognition of his long and eminent judicial services.

Sir Adam was a most learned and industrious lawyer, and was gifted in an unusual degree with sound judgment and discretion. He has left behind him his own monument in the many carefully considered opinions to be found in the pages of the Common Pleas, Upper Canada and Ontario reports.

Whooping cough, croup, sore throat, sudden colds, and lung troubles peculiar to children, are easily controlled by promptly administering Ayer's Cherry Pectoral. This remedy is safe to take, certain in its action, and adapted to all constitutions.

Pale, Weak Women need a tonic, strength giving flesh building medicine like Milburn's Beef, Iron and Wine.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

THE BEST FAMILY PILL IN USE

FOR SALE BY ALL DEALERS

Keep the Works in good order.

NORMAN, Ont., January 15, 1890.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first, only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.

Yours faithfully,
H. F. ATWELL.

The Travellers' Safe-Guard.

AMAGAUDUS POND, N.S., Jan. 27, '90.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills. Yours, &c.,
M. R. MCINNIS.

"German Syrup"

Here is an incident from the South—Mississippi, written in April, 1890, just after the Grippe had visited that country. "I am a farmer, one of those who have to rise early and work late. At the beginning of last Winter I was on a trip to the City of Vicksburg, Miss., where I got well drenched in a shower of rain. I went home and was soon after seized with a dry, hacking cough. This grew worse every day, until I had to seek relief. I consulted Dr. Dixon who has since died, and he told me to get a bottle of Boschee's German Syrup. Meantime my cough grew worse and worse and then the Grippe came along and I caught that also very severely. My condition then compelled me to do something. I got two bottles of German Syrup. I began using them, and before taking much of the second bottle, I was entirely clear of the Cough that had hung to me so long, the Grippe, and all its bad effects. I felt tip-top and have felt that way ever since." PETER J. BRIALS, Jr., Cayuga, Hines Co., Miss.

GOLD VS. LOVE.

"I M NOT WORTH HIS LOVE," SHE CRIED.

She was so pretty—so very pretty—so childishly willful, with her face puckered into frowns, and her lips pouting, that the heart of the man looking at her ached with heavy pain, and responded with throbs of agony as she stabbed it again and again with her words. He loved her deeply, and yet so unselfishly, that he was honestly trying to hope she would be happy without him, although his life-dream had been to contribute to that happiness.

"You are so unreasonable," she protested, "to tell me now that you love me."

"But I hoped to-day," he said, sadly, "you might still be free to choose your own future."

"Why, so I am; but my grandfather's choice for me is—" She hesitated, and then, leaving her sentence unfinished, rushed on, in rapid utterance: "Frank and I have known each other since we were little children, and you know I was always a mercenary little wretch."

"Were you?" he asked, with a smile more pitiful than tears.

"You know I was! You know I used to fondle grandpa, and coax and flatter him, just because he was rich; for he was not very affectionate. I was planning for a legacy, and I must have one, even if I have to take Frank with it; and Frank is good-natured, and fond of me."

"And your grandfather leaves you nothing if you do not marry Frank?"

"Nothing! He can refuse me, but I cannot refuse him without forfeiting all share in grandfather's money. I call it shabby, but there it is! And I am so tired of being poor, so tired of turning old dresses, patching my boots, saving car fares to buy gloves. Oh, Bert! don't look as if you wanted to cry. You are well rid of such a selfish little horror as I am, you are indeed!"

"I will try to think so," he said pressing his white lips together for a moment before speaking. "I hope you will be very, very happy. But—if you should find, on consideration, that—"

"Now, please!" she said, looking up at him with misty eyes.

"I only want to say, dear—I may call you dear once—that life with me, although not such a life of luxury as your cousin Frank offers, will not be absolute poverty, while I have my strength to work for you."

"But you have only a salary, and not a large one."

"Very true! Still, if you can think of me and my salary with favor—with love, dear—one word, 'Come,' will bring me to your side. I will not tease you any more to-day. Good-bye."

He was gone a moment later, and the unreasonable little lady was crying like a baby. "I'm not worth his love!" she sobbed, tearing her very best handkerchief with her nervous fingers; "I'm only a nasty little bunch of avarice and selfishness! But I am glad it is over, and now—good-bye to poverty, music lessons, and make-shifts. I will accept Aunt Jane's invitation!"

Aunt Jane's invitation had been to the effect, that as her father had wished her son and her niece to marry, she thought it would be well for said niece, Elsie Reed, to make a visit to L—— and become accustomed to her future home.

So it was only three hours after her parting with Herbert Bedlow when Elsie drove to the depot to take a train for L——and leave poverty, music lessons, and, perhaps, true, earnest love behind her, forever. So she assured herself.

Her welcome was a warm one from her aunt, but Frank was stiff and embarrassed. Every wish of the little heart was gratified in the new home. Dresses, bonnets, jewelry, were given her with lavish hands, and she flitted from one superb room to another, trying to fancy herself the mistress of the wealth around her.

The grand piano, under her skilled fingers, gave forth treasures of music, all of the showy, brilliant type, and her voice, like a bird's, carolled the blithest ballads.

But surely no bird or butterfly was ever more restless in a gilded cage than Elsie in her new home. She was never still. Walking, riding, driving, gardening, flitting here and there, till Aunt Jane, a model of repose, wondered she did not drop down with actual exhaustion.

"I don't sleep well unless I am tired," she said once, in answer to some gentle remonstrance.

"But, my dear, at twenty, you surely know, you ought to sleep well."

"Twenty! I feel as if I was fifty!" and having made this tremendous assertion, she flitted from a French window, and down the balcony steps like a child of ten.

It was April when old Mr. Reed died, and in September his grandchildren were to be married. There was only Aunt Jane to care for the details of Elsie's trousseau, for the young girl was an orphan, and her father's marriage had been displeasing to her grandfather. But for the kindness of Aunt Jane and Frank, she would have had scant welcome at L——during the old man's lifetime.

But Aunt Jane was equal to the emergency, and the profusion of Elsie's bridal wardrobe was a good earnest of the luxuries to come after her marriage.

"I wonder, now," Elsie thought, after the rapid flight into the garden already described, "what is Frank's opinion of all this. Four blessed months have I been in this house, and he has not once spoken a word of love to me. He is all courtesy, gentleness, and—I will say it once—stupidity, but about as much like a lover as a walking cane. I suppose he don't like having his wife willed to him, like a teapot or a cake-basket. Why couldn't my grandfather have left me a tiny, tiny little fortune all my own? I can't wear more than one dress at a time, after all, and nobody can eat more than one dinner, if they order enough for fifty. Oh, dear! There is Frank now, in the summer-house, looking like—h'm, let me see! Downcast face, brooding eyes, hands clenched fast! Not like happiness—grief is too mild a word—he looks like despair! Why? I believe I'll have it out with him now!"

(*To be continued.*)

The Head Surgeon

Of the Lubon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart quicker than the first, pain about the breast bone, etc., can positively be cured. Nature, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada.

Dr. Low's Sulphur Soap is a delight shampoo. It cleanses the scalp and darkens grey hair.

Failing Fast.

DEAR SIRS,—My mother was failing very fast after three months' suffering from dropsy being swollen from head to foot, but after she had used one bottle of your Burdock Blood Bitters it was removed, and she felt quite well. We think there is no better medicine, and are true friends to B.B.B.

Biliousness—Fever and Ague.

So pleasantly do D. Morse's Indian Root Pills search out and drive away the seeds of disease that all persons living in a country where fever and ague and all other bilious diseases are prevalent, will find they should never be without them. Take two to four pills each night upon going to bed, will, in a short time, drive away the sickly yellow look of bilious persons, and bring to their cheeks a healthful glow of perfect health. Dr. Morse Indian Root Pills are sold by all dealers in medicine.

Familiar Family Friends.

The family store of medicine should contain a bottle of Hagyard's Yellow Oil. Mrs. Hannah Hutchins, of Rosseway, N. S., says: "We have used Hagyard's Yellow Oil in our family for six years, for coughs, colds, burns, sore throat, croup, etc., and find it so good we cannot do without it." dw

A Sensible Statement.

SIRS,—Having used your Burdock Blood Bitters successfully for some time past, I must state that for most complaints of biliousness and acid stomach I have never found an equal, and I continue to use it and recommend it to my friends and neighbors.

W. SUTTON,
dw St. Thomas, Ont.

Children Cry for Pitcher's Castoria

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold by druggists everywhere, or sent by mail.

CARTER MEDICINE CO., New York.

FOR FLAXSEED EMULSION COMPOUND

BRONCHITIS

136 Lexington Ave.,
New York City, Sept. 19, 1888.

I have used the Flaxseed Emulsion in several cases of Chronic Bronchitis and the early stages of Phthisis, and have found it associated with the results.

JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N. Y., Feb. 14th, 1888.

I have used your Emulsion in a case of Phthisis (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form.

J. H. DROGE, M. D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 20th, 1888.

I can strongly recommend Flax Seed Emulsion as helpful to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility.

JOHN F. TALMAGE, M. D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1888.

I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use.

D. A. GORTON, M. D.

WASTING DISEASES

137 West 24th St.,
New York, Aug. 6, 1888.

I have used your Flax-Seed Emulsion Compound in a severe case of Malnutrition and the result was more than hoped for—it was miraculous, and continuous. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

A VAST PLOT SPOILED.

A GANG OF ANARCHIST BOMB-THROWERS ARRESTED

Scotland Yard Detectives Make an Important Capture in Birmingham—Believed to Be the Men Who Attempted to Blow up the Dublin Castle.

LONDON, Jan. 9.—The police raided a socialist club at Walsall, near Birmingham, yesterday, and discovered a dynamite bomb factory there. Dacken, the leader of the club; Victor, a clerk; Frederick Charles, a molder, and Cailes' wife were arrested. Documents were found showing the extent and objects of the conspiracy, and also half finished bombs, with destructible explosives. Dacken was the agent of anarchists on the continent, and several crowned heads would have been in danger had the conspiracy gone undetected. It is also reported that Dacken intended the bombs for use in extorting money from rich men, to be devoted to the advancement of anarchy, and Charles was led into the plot by the promise of a rich reward from the blackmail thus to be obtained. It is said the bomb manufacturers received frequent remittances of money from America.

Cailes has been identified as a man who is wanted in France on the charge of intending to commit murder.

The Walsall Club has been the centre of the anarchist propaganda for several years throughout the Midland counties. Of the many lecturers who explained anarchistic doctrines to the club Prince Krapotkine, the well-known Russian agitator, was the favorite.

A firm of ironfounders have informed the authorities that in November they were offered extensive orders for hollow castings similar to a bomb which was produced by the chief constable in court yesterday.

Among the articles seized by the police in Walsall is an abundant supply of anarchist pamphlets teaching the manufacture of explosives, besides a quantity of material for bombs and bolts.

Deliberately Planned.

The examination of workmen at Dublin Castle with reference to the recent explosion was without result beyond the discarge of suspects. The official report concludes with a distinct affirmation that the explosion was planned and that the plotters aimed to blow down the walls supporting the council chamber. The explosion was timed for 2 o'clock. The council convened at 1.30 but was postoned at last moment in order to enable Lord Zetland to attend a Xmas fete at the poor house. The explosive was ignorantly handled and took a wrong direction. The enquiry left no doubt that that the conspirators were in intimate touch with the work and life of the Castle. Lord Zetland and his wife are thoroughly scared and the double chain of guards and military detectives has been renewed around the vice regal lodge.

DRAMATIC SCENE IN COURT.

A Plaintiff Swoons at the Feet of Judge MacMahon.

HAMILTON, Jan. 9.—At the Assizes yesterday Alfred Green sued for $1500 damages for injuries to his head received at the Incline Railway by a falling derrick on Jan. 27, 1891. Green said in the course of his examination that since the accident whenever he shuts his eyes he becomes dizzy and falls down. The defence had an idea that Green was shamming, and Mr. Carscallen, with the judge's consent, decided to test the man in the presence of the jury. Green had said that when he shut his eyes that usually in 30 seconds or less he would become so dizzy that he would fall to the ground. Mr. Carscallen drew a stop watch on him and proceeded to try the experiment. Amid a profound silence in the court room the judge told Green to step back three paces, then walk forward three paces, stop and then close his eyes. The judge meanwhile left the bench and stood at the top of the steps near the witness box looking down at the man.

Every eye in the court was fastened on Green as he came deliberately forward, stopped and shut his eyes. In a moment he changed color, reeled back and, clutching the rail of the witness stand, swung round and fell in a heap on the steps at Judge MacMahon's feet. Instantly all was confusion. The scene was too real to doubt the genuine character of the man's affliction. The judge directed the windows to be opened. Dr. Leslie and Dr. Husband, who were in court, came forward and several constables carried the man from the court room.

THE BOODLE TRIALS.

Larkin and Connolly Indicted Before the Grand Jury.

OTTAWA, Jan. 9.—At the Carleton assizes yesterday, Mr. Justice Rose presiding, Mr. Osler, Q.C., made formal presentation of the indictments against Patrick Larkin and Michael Connolly for conspiracy in connection with the boodle charges, and they were referred to the grand jury.

Mr. Osler then announced that owing to absence of L. N. Charlebois, brother-in-law of A. C. Larose, and the most important witness for the Crown in the Talbot-Larose prosecution, he would be unable to proceed with those cases at the present assize and asked His Lordship to lay them over till the next assizes.

His Lordship refused Gorman's request to allow Talbot personal trial, saying if Talbot had lived in Ottawa and no citizen was willing to go his bail, the court could not entertain any application involving the assumption by the Crown of the responsibility of accepting personal bail. Talbot was then led back to prison and Larose's securities were renewed.

KILLED BY A STEER.

Tragic Death of a Farm Hand While Slaughtering Beeves.

OTTAWA, Jan. . —Michael Connolly, a farm hand employed by Thomas Acres of Templeton, was killed by a vicious steer yesterday. The lad was engaged slaughtering and had already despatched two beasts when the steer's turn came. He fastened the animal as he thought most securely and struck it a heavy blow with an ax. The animal enraged lashed out, hurling Connolly unconscious against the wall. The animal managed to slip the rope, and getting free attacked him fiercely, goring him repeatedly. The animal's horn penetrated the right lung, inflicting a wound which proved fatal in half an hour.

The Villain Still Pursues Her.

HAMILTON, Jan. 9.—Charles Thompson still with New York. About noon yesterday Smith, who alleged in the information sworn to before the magistrate that the prisoner had "threatened to do something desperate to her." Miss Smith hails from Barrie, where she is said to be well-connected, having a brother who is deputy sheriff. She came here a few months ago and shortly after her arrival became acquainted with the prisoner, who, it is alleged, immediately developed a very warm feeling for Miss Smith, which was evidently not reciprocated. The young lady alleges that Thompson has persecuted her with his unwelcome attentions and also objects very strongly to her having any male friends other than himself. He is a married man with a family. He was bound over to keep the peace.

Fined for Pulling Teeth.

GALT, Jan. 9.—Detective Newhall of Toronto, representing the Royal College of Dental Surgeons, arrived in this town a few days ago and instituted proceedings against one Jesse Willard, who was practising dentistry without a license. On the 6th Willard was fined $20 and costs in each of two cases and to-day three other charges were preferred against him. Willard was not present to-day, it being understood that he has left the town. In his absence, however, he was fined $20 and costs in each of the three cases, making in all $100 and costs in the five cases.

The Outlook for Spring.

NEW YORK, Jan. 9.—Special telegrams to Bradstreet's indicate a continuance of dulness in mercantile circles this week. Stock-taking has not been universally completed as yet, and where it has been traveling salesmen are only beginning to get out after the holidays. Very widespread confidence is expressed in the outlook for a good spring trade, with exceptions at some points in the south. Business in nearly all lines is reported as quiet or unchanged.

Canada had 46 business failures this week against a like number one and two years ago.

Fined to be An Indian Fighter.

BUFFALO, Jan. 9.—Charles Todd, 16 years of age, was arrested last evening on telegraphic instructions received from Toronto. Todd had been indulging in a long course of sensational reading and had come to the conclusion that he was intended to shine as a cowboy and an Indian fighter. Under this belief he left his home and beat his way from Toronto to this point. When arrested he had in his pockets a new English "bulldog" revolver and a stock of five-cent "librarys." He refuses to go to school and declares he will run away and seek adventure in the wild west on the first opportunity.

Dropped Dead in the Barn.

MILTON, Ont., Jan. 9.—James Winterburn, employed by Mr. Arthur Norris, farmer, of Trafalgar went out to his employer's barn after dinner and very shortly afterwards dropped dead. Cause supposed to have been heart disease.

An Actor Dead.

CINCINNATI, Jan. 9.—John Dean, who personated "Cy. Prime," in Denman Thompson's Old Homestead Company, died suddenly to-day at his hotel from heart disease. He came here to attend the funeral of a friend.

Their Heroism Rewarded.

CALCUTTA, Jan. 9.—The terms of the female convicts who rescued part of the crew of the steamer Enterprise during a cyclone at Port Blair in November last have been materially shortened as a reward for their bravery. The leader of the gallant band has been pardoned.

INTERESTING ITEMS BY WIRE.

Lord Randolph Churchill has arrived home from South Africa.

In Berlin the belief is that the influenza epidemic has passed the acme and is waning.

Lady Victoria Alexandrine, wife of Baron Sandhurst, died to-day. She was a sister of Earl Spencer.

The Hartmann Manufacturing Company will remove their extensive wire manufactory from Pittsburg, Pa., to Hamilton, Ont.

Recorder Smyth yesterday sentenced "Billy" McGlory to one year in the penitentiary and to pay a fine of $300 for keeping a disorderly house.

Five boilers exploded last night in the Warren Springer Manufacturing Company building on Canal-street, Chicago, killing four men and injuring two others.

The snowstorm prevailing is severe in the County of Waterford, Ireland. Traffic is for the most part suspended. In Cornwall a similar state of affairs prevails.

CURLING BONSPIEL.

The Canadians Easily Defeat Their United States Brethren—The Full Score.

TORONTO, Jan. 9.—The first international curling match between representatives of the Ontario branch and the Grand National Curling Club took place here yesterday. Thirty-four rinks on each side contested in the four city covered rinks. The Canadians had no difficulty in defeating their opponents and won by 146 shots. Several friendly matches were also played to-day, and more will occur to-morrow. All the visiting Ontario and Yankee curlers leave the city to-morrow evening. Sub-joined is the complete result:

Charged with Trainwrecking.

HALIFAX, Jan. 9.—Fred Renauld, an Intercolonial Railway employe, was arraigned yesterday on a charge of changing a switch on the Dartmouth branch last Saturday night and causing the derailing of a passenger train. The engine fell over an embankment into the harbor, and it was a miracle that the whole train was not wrecked and many killed. Renauld had lately been reduced to a minor position and is said to have manifested considerable ill-feeling over the way he was treated.

Scratched 28 Years

A Scaly, Itching, Skin Disease With Endless Suffering Cured by Cuticura Remedies.

If I had known of the CUTICURA REMEDIES twenty-eight years ago, it would have saved me $200.00 and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body, and got under my nails. The scales would drop off me all the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved of what some of the doctors said was leprosy, some ringworm, psoriasis, etc. I cannot praise the CUTICURA REMEDIES too much. They have made my skin as clear and free from scales as a baby's. All I used of them was $5 worth. If you had been here and said you would have cured me for $200.00, you would have had the money. I looked like the picture (No. 2, page 47) in your book, "How to Cure Skin Diseases," but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times.

DENNIS DOWNING, Waterbury, Vt.

Cuticura Resolvent

The new Blood and Skin Purifier, internally (to cleanse the blood of all impurities and poisonous elements), and CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally (to clear the skin and scalp, and restore the hair), instantly relieve and speedily cure every species of itching, burning, scaly, crusted, pimply, scrofulous, and hereditary diseases and humors of the skin, scalp, and blood, with loss of hair, from infancy to age, from pimples to scrofula.

Sold everywhere. Price CUTICURA, 75c.; SOAP, 35c.; RESOLVENT, $1.50. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston.

Send for "How to Cure Skin Disease," 64 pages, 50 illustrations and 100 testimonials.

PIMPLES, blackheads, red, rough, chapped, and oily skin cured by CUTICURA SOAP.

ACHING SIDES AND BACK, Hip, kidney, and uterine pains and weaknesses relieved in one minute by the Cuticura Anti-Pain Plaster. The first and only pain-killing plaster.

410 GEORGE STREET.

—THE—
Little Lake Cemetery
COMPANY.

THE ANNUAL MEETING of the Shareholders of the Little Lake Cemetery will be held in the COUNCIL CHAMBER, Peterborough, on

Monday, the 18th day of Jan., 1892

at THREE o'clock p. m. for the purpose of electing Directors for the current year. The reports for the past year will then be submitted and any other necessary business transacted.
HENRY DENNE, President. E. A. PECK, Secretary.
Dated 11th January, 1892. 7d8-1w

Y. M. C. A. Notes.

The young men's meeting was well attended, and all present were interested and helped by the earnest address given by Mr. Albert Hamilton. A very helpful after-meeting was held with good results.

Mr. Frank Brisco conducted the Bible study and consecration service Sabbath morning with profit and blessing to all present.

Last evening the general secretary led the Gospel and song service and gave a short Gospel talk, a number of young men taking part, which made the service interesting and profitable.

Sergt.-Major Randle will meet those young men who are desirous of taking up the physical work, and to arrange for classes in same. All those who propose joining are urged to attend at eight p.m. to-night.

Mr. Macfarlane Wilson has our sincere thanks for kind favours for New Year's reception.

Springville.

(From Our Own Correspondent.)

There will be a grand opening carnival of the new skating rink at Springville on Wednesday, 13th Jan. A large attendance of the public is expected. A good entertainment will be provided.

Harvey.

A little daughter of Mr. Alex. Thompson, South Harvey, went to call the men to dinner, and a colt in its frisking about knocked the child over and trampled on her, breaking her arm. It was a narrow escape from death.

A Child's Peculiar Death.

MILLBROOK, Ont., Jan. 11.—The 6-year-old daughter of Mr. R. Staples and two other children were going from the barn to the house, when while shutting a gate she by some means fell heavily with her neck against it. The others gave the alarm and her mother was at her side in a minute, but life was already extinct.

Sir William's Successor.

LONDON, Jan. 11.—It is reported on good authority that Sir Francis Clare Ford, at present British Ambassador to Spain, will be appointed to succeed Sir William A. White, who died recently, as British Ambassador.

Printers Join the Socialists.

BERLIN, Jan. 11.—At a Socialist meeting held here yesterday, the speakers declared that the whole printers' union had joined the Socialist party. The strikers are still holding out, obstinately refusing to accept the masters' terms.

Will Visit Dublin.

LONDON, Jan. 11.—Mr. Balfour, First Lord of the Treasury, Mr. Jackson, Chief Secretary for Ireland, and Lord Ashbourne are going to Dublin to discuss the proposed Local Government Bill.

The Strike Collapsed.

ROME, Jan. 11.—The Roman cabmen's strike has collapsed.

An Archbishop Dead.

PARIS, Jan. 11.—Archbishop Thibaudier of Cambra died to-day of influenza.

A German Disaster.

BERLIN, Jan. 9.—An explosion of fire damp occurred to-day in the Wafs Bank coal pit at Essen. Six miners were killed and seven terribly burned.

COLUMN OF POLITICAL.

A NEW ROYAL COMMISSION IN QUEBEC.

More Startling Revelations as to Letters of Credit—Will Meredith be a Candidate for South Ontario?—The Conspiracy Trial Postponed until Spring.

OTTAWA, Jan. 11.— A new Royal Commission has just been appointed. It consists of;

JUDGE MATHIEU, chairman.
DONALD MACMASTER, Q.C.
DAMASE MASSON.

Prominent Mercierites are almost wild with excitement. Said a well-known politician to-night: Should the three Tories bring in unfavorable report just before election day trouble is bound to follow.

The Cabinet again met at 8.30 last evening. The principal business discussed at last night's meeting is understood to have been in connection with the Royal Commission.

The preparation of work for the commission is being actively pushed forward, and there will be any amount of it. The scandals in connection with the railway subsidies alone and with the Crown Lands Department are said to be something frightful. It is probable that the commission will begin its sitting on Monday or Tuesday next.

More Revelations.

More important disclosures have been made, this time in the department of Crown Lands and in the Public Instruction branch of the Provincial Secretary's department. The Caisse d'Economie of Quebec, a local financial institution, has at the request of the Provincial Treasurer supplied a list of the letters of credit and other obligations entered into by the members of the late Government and which now have to be met by the province. None of these obligations were provided for by the subsidies of the previous sessions. Along with these are letters from the cashier of the bank calling upon the then Premier Mercier to take up the Langlois letters of credit for $60,000, which had then become due, and which had been left unpaid and are still held for payment.

The first letter in connection with the Caisse d'Economie's account is dated, Aug. 14, 1891, and is signed by Sec.-Treas Marcoux. It notifies the Premier that the two letters of credit of $30,000 each, signed by Mercier in favor of J. A. Langlais, bookseller, had been negotiated and were payable Sept. 1.

A Strong Appeal For Payment.

On Sept. 9, two days after the Lieutenant-Governor had called upon Mr. Mercier to appoint a royal commission to investigate the Baie des Chaleurs scandal and when the existence of the National Administration seemed most precarious, another letter was sent by the Caisse d'Economie to Mercier insisting upon payment of the letters of credit.

A formidable list of letters is furnished by the cashier of the Caisse d'Economie. They extend from Feb. 10, a short time before the general Federal elections, and are continued into September. The letters are certified by three Ministers, Messrs. Mercier, Duhamel and Langelier. The list includes 29 letters, in all over $200,000.

Provincial Secretary's Department.

The Caisse d'Economie supplies along with this list copies of the various letters of credit and orders by which the persons named were enabled to raise money. The first three letters of credit given by Mr. Charles Langelier are dated March 6, May 14 and July 13, and are for $37.50, $1388.25 and $587 51 respectively and are in favor of Victor Lafrance, a bookseller of Quebec. The letters, apart from being signed by Mr. Charles Langelier as Provincial Secretary, bear a federal endorsement from his brother, Sub-Treasurer J. C. Langelier. The signatures are in the handwriting of Paul de Coyes, secretary of the Department, who is also Mr. Mercier's brother-in-law.

The last engagement made by the ex-Provincial Secretary, and which will have to be met out of the moneys to be voted at the next session, is one signed by the two Langeliers in favor of Cyrille Dugal for $989.73 for transcribing the French archives.

In the Crown Lands Department.

The letters of credit and obligations contracted by the Department of Crown Lands under the sanction of Hon. George Duhamel are numerous and extend from April 25 up to Oct. 22, over a month after the Lieutenant-Governor had required the then Premier to limit the action of the Government to matters of routine. The first obligation constitutes an advance of $1200 to John Bignell, surveyor, to be met in the subsidies of next year. Elzear Boivin, on May 1 last, also succeeded in obtaining on account $1000, which was immediately transferred to the Caisse d'Economie and discounted on the same day.

The same methods of raising money were employed in favor of three or four others who are named.

Last, but Not Least.

The last but not the least of all these specimen letters of financing is that of Hon. Geo. Duhamel, dated Oct. 22, over a month after the Lieutenant-Governor had called the Ministry to him and cut off the supplies. The transaction was one in which the Hon. Horace Archambault, a strong supporter of the Mercier party and its leader in the Legislative Council, figured very prominently. On June 30, 1891, as the financial year expired, Mr. Archambault managed to obtain a recognition of his claim by a letter for $5157.38, for which there were no funds.

THE CONSPIRACY CASES.

The Trials of McGreevy, Connolly & Co. Adjourned Until Spring.

OTTAWA, Jan. 11.—When the court resumed Saturday Mr. Osler renewed his formal motion for pleading in the McGreevy-Connolly case.

Mr. Ferguson, on behalf of the accused, asked for particulars of the charges against his clients, which Mr. Osler agreed to give after His Lordship had expressed the hope that the counsel in this very important case would work together in harmony. Mr. Ferguson laid special stress upon the necessity of the Crown giving particulars of the overt acts charged in the indictment, especially on the count charging Thomas McGreevy with breach of trust as a member of Parliament and as a member of the Quebec Harbor Commission.

Mr. Ferguson then entered a plea of not guilty on behalf of the two defendants, and made the formal motion for the postponement of the trial.

Mr. Osler offered no objection, but asked for the examination of foreign witnesses by commission.

Mr. Ferguson promised to consider this point and answer later.

The Case Postponed.

His Lordship then made the formal order for the postponement of the trials of both Thomas McGreevy and Nicholas Connolly until the spring term of the court. He ordered that the defendant's bail be renewed to the satisfaction of the Crown.

Mr. Ferguson pleaded that they should be allowed to go on their own recognizances, as at the preliminary investigation. The conduct of the accused since this charge had been brought against them was proof that they had no desire to escape justice.

His Lordship said he would not assume the responsibility of fixing the bail. That was a matter for the crown.

Mr. Osler: An indictment has been found against the prisoners and bail must be substantial. I cannot make any difference between these parties and other parties in a less fortunate financial position. All parties must be treated alike.

Bail for Ten Thousand.

After a consultation between the counsel the bail was fixed at $10,000 for each of the accused, themselves in $5000 and two sureties of $2500 and the two defendants were formally bound over, their sureties being Mr. Hugh Ryan of Toronto and Chevalier John Heney of Ottawa.

Martin P. Connolly was also bound over to appear at the April assizes.

The case of Johnson v. Smith was then resumed. Judgment was given for plaintiff for $115, less $32, amount of a note due.

Larkin and Michael Acquitted.

The grand jury returned into court at 11.40, and presented no bills against both Patrick Larkin and Michael Connolly for conspiracy.

Mr. Osler stating that the Crown had no further business to submit to the grand jury, the jurors were ordered to inspect the public buildings and prepare their presentiment.

BRONSKILL SETTLES.

The Superintendent Pays Back His Commission.

OTTAWA, Jan. 11.—Bronskill, late Superintendent of Stationery at the Government Printing Bureau, against whom a suit was entered to recover the sum of $408, alleged to have been paid him to the detriment of the Government, has settled the case on the payment of $208, the other $200 being acknowledged as a present to Mr. Bronskill.

Meredith for South Ontario.

WHITBY, Ont., Jan. 11.—Supporters of James I. Davidson, the unseated M.P. for South Ontario, met here yesterday to consider political situation. It was decided not to appeal against the decision of Judges Falconbridge and Street but to call a mass meeting of electors of the riding to be held in Music Hall here, next Wednesday afternoon, Jan. 13, when there is little doubt Mr. Davidson will receive a unanimous nomination. Additional interest attaches to the forthcoming by-election in this constituency from the possibility that W. R. Meredith will be the Government candidate. Rumor to that effect is currently believed in the two towns of Whitby and Oshawa. Liberal-Conservative nomination is announced to take place here Tuesday.

Both Burned Alive.

HALIFAX, N.S., Jan. 11.—Mrs. Campbell, aged 45, wife of Neil Campbell, was going upstairs in her house at Fort Lawrence Dock, Cumberland, last evening with a lighted lamp in her hand. The lamp suddenly exploded and in a moment the hall was in flames. The woman rushed upstairs to save her six-year-old daughter Annie, but was overcome by smoke and fell back just as men with ladders reached the windows of the house. Mother and child perished and the dwelling was consumed. The terribly charred bodies were found in the ruins, and a newly-born infant was lying beside the body of Mrs. Campbell.

Bishop Philpott Dead.

LONDON, Jan. 10.—Right Rev. Henry Philpott, D.D., formerly Bishop of Worcester, is dead in his 64th year.

Chat from Over the Sea.

The wife of M. Markowsky, the noted composer, is missing and an elopement is rumored.

Herr Bebel, the Socialist leader, in an address to a conference of workmen at Mulhouse, Germany, began to comment upon the annexation of Alsace-Lorraine, when the police broke up the meeting.

John Borlas, who was recently arrested as an Anarchist for firing a pistol at Westminster Hall, has been discovered to be a prominent Oxford scholar and a friend of Oscar Wilde and of many litterateurs. He used to write poems copiously under the nom de plume of "Evelyn Douglas." He spent an inheritance of £20,000 and became crazed through literary failures.

The winter is unusually severe throughout the British Isles. The cold becomes more intense daily, and in London and other large cities causes great suffering among the poor. The snow fall is the heaviest since 1881 and has extended to many portions of England, and especially to Ireland, where it has not been known for 10 years. Reports from all parts of England show that the influenza is spreading and taking on a more virulent form.

The first reported words of Lord Randolph Churchill, upon his arrival at Southampton, was a denial of the story that he was ready to relinquish a political for a diplomatic career. Lady Randolph met him at Southampton, and they both went the same afternoon to Canford Manor, the seat of his brother-in-law, Lord Wimbourne, where a family party is assembled to welcome the wanderer home.

The unanimous choice of the Duke of Devonshire as Chancellor of the University of Cambridge in succession to his father is a tribute not to scholarship, but to character. To scholarship, the present Duke, unlike his father, has no pretensions. Nor is the University Chancellorship an office which requires Greek or Latin, or even mathematics.

A City Pageant.

LONDON, Jan. 10.—The London City Council has decided to present the Duke of [illegible]'s bride a diamond necklace valued at [illegible] guineas and a silver dinner service valued at 900 guineas to the Duke.

At the request of the Prince of Wales the [illegible] municipal authorities have decided to [illegible] the Duke of Clarence and his bride [illegible] reception when they return from [illegible] honeymoon.

Children Cry for Pitcher's Castoria.

NASAL BALM

It is a certain and speedy cure for Cold in the Head and Catarrh in all its stages.

SOOTHING, CLEANSING, HEALING.

Instant Relief, Permanent Cure, Failure Impossible.

Many so-called diseases are simply symptoms of Catarrh, such as headache, partial deafness, loss of smell, foul breath, hawking and spitting, nausea, general feeling of debility, etc. If you are troubled with any of these or kindred symptoms, you have Catarrh, and should lose no time in procuring a bottle of NASAL BALM. Be warned in time, neglected cold in head results in Catarrh, followed by consumption and death. NASAL BALM is sold by all druggists, or will be sent, post paid, on receipt of price (50 cents and $1.00), by addressing

FULFORD & CO., Brockville, Ont.

SHILOH'S CONSUMPTION CURE.

This GREAT COUGH CURE, this successful CONSUMPTION CURE, is without a parallel in the history of medicine. All druggists are authorized to sell it on a positive guarantee, a test that no other cure can successfully stand. If you have a Cough, Sore Throat, or Bronchitis, use it, for it will cure you. If your child has the Croup, or Whooping Cough, use it promptly, and relief is sure. If you dread that insidious disease CONSUMPTION, *don't fail* to use it, it will cure you or cost nothing. Ask your Druggist for SHILOH'S CURE, Price 10 cts., 50 cts. and $1.00.

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for six months.

Daily Examiner.

MONDAY, JANUARY 11. 1892.

Another Victory for Mowat.

The Court of Appeal Again Vindicates His Knowledge of Constitutional Law.

Another victory for Mr. Mowat in the courts. The Ontario Court of Appeal has decided that the provincial governments have the right to exercise the power of pardoning persons found guilty of violating provincial statutes. The case was first argued before Chancellor Boyd, upon a joint reference by the Provincial and Federal governments, the latter holding that the pardoning was vested exclusively in the Governor-General-in-Council. The chancellor gave judgment in favour of the Province, and Friday the Court of Appeal decided that the position taken by Attorney-General Mowat was constitutionally sound, and gave judgment in his favour upon every issue. In every instance in which the federal ministers have entered the legal arena against Mr. Mowat they have been compelled to bite the dust. As a constitutional lawyer Ontario's premier is invincible, and the Dominion minister of justice is not likely to worry himself over the question of grand jury abolition since Mr. Mowat has warned him that the subject is one with which the Dominion parliament has nothing to do. The victory won by Mr. Mowat with respect to the pardoning power is an important one, as it adds greatly to the independence of each province in the administration of its own laws.

Both Recently Married.

OTTAWA, Jan. 11.—Two lumber jobbers from Papineauville named Arthur Killop and Jacques Rochon were accidentally drowned while endeavoring to cross the Lower Ottawa to the Ontario side, Lochaber bay. The boat was stove in by some floating shore ice and immediately filled. Both men were married recently and each leaves a widow to mourn his loss.

The Prohibition Commission.

OTTAWA, Jan. 11.—It is reported that Dr. Oronhyatekha, Supreme Chief Ranger of the Independent Order of Foresters, is likely to be appointed on the prohibition commission as the representative of the Sons of Temperance.

Perished on the Prairie.

WINNIPEG, Jan. 11.—Grassick and Mowat, the Regina ranchers who recently disappeared, are supposed to have been lost on the prairie and frozen. Searchers can find no trace of them.

Fractured His Skull.

STRATFORD, Jan. 11.—William Doig, while doing some work in his barn at Fairview Saturday afternoon, lost his balance and fell to the floor, a distance of 18 feet, fracturing his skull. He only lived a short time.

Brakesman Killed.

ST. THOMAS, Jan. 11.—Henry Carver, Michigan Central brakesman of this city, while crossing in front of a railroad train at Woodslee was struck by the pilot and instantly killed yesterday morning.

Killed By a Sleigh.

ST. THOMAS, Jan. 11.—Charles Mitchell, the 7-year old son of Thomas Mitchell, Regent-street, was killed Friday. He, with a number of other boys, was riding on a load of wood and somehow missed his hold, falling under the runner of the sleigh, which passed over him, killing him instantly.

A REMARKABLE CASE — Mr. Walter Wheeler, of the Washington Mills Lawrence Mass., for two years afflicted with varicose veins, accompanied by a troublesome eruption, was completely cured after taking only eight bottles of Ayer's Sarsaparilla.

GOUGH BROTHERS

SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know that you know where you can get the values. Fair Dealing makes Fast Friends. We have had ample proof of this, and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the requirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be bettered than by your buying! A noticed point is to get value! This you can positively receive by buying your

Overcoats, Suits, Silk Mufflers, Ties, Slippers, Boots and Shoes, and Overshoes,

at our Great Sale now on. Make a Christmas Present of an Overcoat to Brother, Husband or Lover.

GOUGH BROTHERS wish their Thousands of Customers (and every Customer is a Friend) a Cheerful, Bright Christmas, and a Happy, Prosperous New Year.

Fire at St. Kitts.

ST. CATHARINES, Jan. 11.—About 4 o'clock Saturday the Keating block in Queen-street, next to the postoffice, was destroyed by fire. The building was occupied on the ground floor by M. Y. Keating, bookseller, and N. W. Gowan, agent for the Dominion Piano Co., and the upper floor as offices. The fire started in the cellar of N. W. Gowan's music store and completely destroyed the stock of pianos, organs, etc. Mr. Keating's stock is considerably damaged. The loss on the building owned by M. Y. Keating will be about $3000; fully insured.

Shot by His Companion.

INOQUOIS, Ont., Jan. 11.—Two young men, sons of Gordon Strader and Richard Seeley of Rowena, while out hunting Saturday were amusing themselves running backward when Seeley who was in advance of Strader fell. His gun went off, the charge passing through Strader's body killing him almost instantly.

Killed at Stratford.

STRATFORD, Jan. 11.—James Slow, while working on the derrick platform of the coal shutes at the G.T.R. round house, was accidentally struck by the handle of the winding apparatus and felled to the ground. He sustained such injuries that death resulted last evening. Deceased was 30 years of age and only married seven weeks ago.

The great popularity of Ayer's Pills as a cathartic is due no less to their promptness and efficacy than to their coating of sugar and freedom from any injurious effects. Children take them readily. See Ayer's almanac for this year, just out.

Just why so many people suffer pain when a remedy of known and certain effect like Hagyard's Yellow Oil may be had at every drug store, is not very clear. This peerless pain soothing remedy is a prompt and pleasant cure for sore throat, croup, colds, rheumatism, lame back, etc. Price 25 cents. dw

Thanks to J. H. Adams.

As through him I have been freed from chills, biliousness, liver troubles, etc., etc. St. Leon Water did it; is the best medicine I ever found; is so good I tell all my acquaintances to go to your store in Brantford and get a supply. Truly, St. Leon is marvelous. A trial brings conviction. dw

ANNIVERSARY SERVICES.

Of George Street Methodist Sunday School

Held Yesterday—Doctor Johnston of Toronto Preaches Morning and Evening—Rev. W. Meikle Addresses the Afternoon Meeting—Large Congregations—Earnest and Impressive Sermons—The Bible as the Sunday School Text Book and as an Instructor.

The Anniversary services of the George street Methodist Sunday school were held yesterday. The Rev. Hugh Johnston, D.D. of Toronto, was the preacher as had been previously announced. Dr. Johnston is well known as an eloquent and able preacher, and this together with the fact that it was children's day, served to attract large congregations.

THE MORNING SERVICE.

Owing to the learned doctor having contracted a severe cold, he could with difficulty make himself heard all over the church. He however preached a most eloquent sermon, after the devotional exercises had been conducted by the pastor, Rev. Jos. H. Locke.

The sermon was based on the twelfth verse of the thirty-first chapter of Deuteronomy; "Gather the people together men, women and children, and the stranger that is within thy gates, that they may hear and that they may learn, and fear the Lord your God, and observe to do all the words of this law." It had special reference to work amongst children and the Sunday School, and was listened to with great interest. There was a fair attendance of scholars.

THE AFTERNOON SERVICE

was held in the church, the members of the school being present in a body together with a large number of parents and friends. The opening part of the service was conducted by the superintendent, Mr. H. S. Griffin, who then called upon Rev. W. Meikle, the Evangelist, to give an address. Dr. Johnston was to have done this himself, but owing to his indisposition, he was only able to speak morning and evening, and Mr. Meikle had consented to take his place. The reverend gentleman gave a very touching and interesting address, urging upon the boys and girls present to become Christians. It was possible for them to do this, and it was necessary, as the Bible commanded it in the text, "Remember thy Creator in the days of thy youth." There was such a thing as putting it off too long. He concluded by an earnest appeal to all the scholars to give themselves to Jesus at once.

Dr. JOHNSTON then said a few words to the scholars, and urged them to make this new year, (which he hoped would be a happy one) not only a praying and watching one, but a year of Bible study and work.

This was a very enjoyable service and one that would be remembered by the scholars who were present for a long time to come.

THE EVENING SERVICE.

At the evening service the church was well filled. The devotional exercises were conducted by the pastor, who read, as the lesson, from the second Epistle of Timothy, the first and the last part of the third chapter, after which the choir sang in good style "Just as I Am."

Dr. JOHNSTON, whose voice had somewhat improved since the morning, then delivered a beautiful and impressive sermon, based on the last four verses of the third chapter of the second Epistle of Timothy. In commencing he said that the text was a most appropriate one for a Sunday school anniversary. He then dealt with the text as it referred to teachers. Theirs was a grand and noble work, and a very important one. It had been said that children of godly parents turned out to be wicked. This was so in some cases, but not in the majority. As a rule, the way a child was trained so it would grow up. In the case of children who have met godly parents the Sunday school teacher discharges a duty that the parents ought to perform. An oak tree when a sapling could be bent by a man, but let it grow up and then it could not be moved. It was easy to divert the course of a stream at its source with a stone, but when it had become a river this could not be done. Childhood was the period when the teacher or parents were able to guide their boys and girls

IN THE RIGHT PATH.

The preacher then spoke of the text book to be used by the teacher. This was the Bible—a text book inspired of God, holy, sent from the living God. This was a book, wonderful in its age, and although many writers had laboured on it, and the compilation had occupied more than two thousand years, yet when the sixty six books were put together to form one, the whole of the contents were in harmony. This was owing to the fact that though so many had written, it was planned by but one—God—whose personality would be found permeating the whole of it. It was the "Book of Books," telling to all the story of sin and salvation.

The truth of the Bible narratives was here demonstrated by the preacher, as instanced in the recent discoveries in the Holy Land. Science in its present advanced stage also had contributed its share of proof of the genuineness of the inspired word of God. The prophecies of the Old Testament were also shown to have been remarkably fulfilled. The Bible rested upon a rock and was

THE BOOK OF GOD.

Dr. Johnston then gave instances from the works of the early Christians and other sources, proving beyond doubt, that our Bible was the true one, containing the scriptures. Amongst other early followers of Christ, Polycarp the martyr was mentioned, he having lived in the time of the Apostle John, being thirty years old when John died.

The value of Biblical instruction was next enlarged upon by the reverend gentleman, who showed that the education received from Bible study tended to length of days. Health was one of the blessings that resulted from it. It made wise unto salvation all who studied it and acted according to its precepts. As the church paper introduced the Christian to the world, and the hymnbook introduced him to Watts & Montgomery, so the Bible brought him into close communion with divinity. The Bible helped in Christian experience, and helped in character building. Money was illustrated as having great power, but even it

COULD NOT DO EVERYTHING.

People sometimes worked hard to get it, guessed it as a child does a bubble and find that like the bubble, when they have gained that for which they have striven so hard, they are no better off for it but perhaps worse, as it might lead to their destruction. In the midst of trial and affliction the Bible came as a comforter, bringing solace to the tried and wounded heart. Some very touching instances illustrative of this, were there given by the preacher, in a very impressive manner.

The parents present, who had children in the Sabbath School were also addressed and urged to co-operate with the teachers who were trying to train up their children

IN THE FEAR OF GOD.

A word of cheer and encouragement was then given by the preacher to the teachers and they were urged not to become discouraged in their work. Dr. Johnston concluded an excellent sermon by speaking a few word specially to the children present, urging them to love God and do their very best to serve Him.

During the collection Mr. Bone sang a solo "Oh Hear Us," in good voice. Mr. Crane presided at the organ all day owing to the sickness of Mr. Seward.

Binder Twine.

The farmers of Victoria county are deeply concerned in the binder twine problem, and Mr. Fairbairn's famous speech in the House on the question is being picked to pieces at every gathering of farmers. It is only fair to Mr. Fairbairn that exactly what he said on that occasion should be placed before the public, and we therefore again print his speech. Some farmers say that Mr. Fairbairn must be wrong in stating that it only cost him *nine cents* an acre to bind his oats, which were heavy, being 80 bushels to the acre. His statement is exactly as printed in the official report, and is therefore correct. Any farmer who has had practical experience in the use of twine can figure out the problem himself. It is a question that comes right home to the farmer. It is doubtful if Mr. Fairbairn's statements will stand careful examination. It seems to us that he has been stretching things a little. The farmers of the riding will, no doubt, carefully examine the question, and if they do, and are open to conviction, they will not vote for Mr. Fairbairn. Mr. Fairbairn voted for the combine and against cheaper twine. The farmers will want to know the reason why they should not vote for their own interests and against Mr. Fairbairn.—*Lindsay Post.*

"My Daughter's Life

Was saved by Hood's Sarsaparilla," says *Mr. B. B. Jones, of* Alna, Maine, "She had seven running sores in different places on her body, but on giving her Hood's Sarsaparilla there was marked improvement, and now she is well, strong and healthy."

Hood's Pills cure constipation by restoring the peristaltic action of the alimentary canal. They are the best family cathartic.

An old smoker declares that he has been using "Myrtle Navy" tobacco ever since the second year of its manufacture, and that during that time he has never suffered from a blistered tongue or parched tonsils or any other of the unpleasant effects which most tobaccos will leave behind them. His experience, he says, is that no other tobacco which he has ever tried is quite its equal, and that in value for the money "no other comes anywhere near it."

Soft, White Hands.

These desirable adjuncts to the beauty of the ladies can be attained by using Dyer's Jelly of Cucumber and Roses. Try it. Druggists keep it. W. A. Dyer & Co., Montreal. 618

DYSPEPSIA in its worst forms will yield to the use of Carter's Little Nerve Pills. They not only relieve present distress but strengthen the stomach and digestive apparatus. dw

Worms cause serious sickness. Dr. Low's Worm Syrup destroys and expels all kinds of worms quickly and surely.

Small Sugar-coated Burdock Pills do not gripe or sicken. They are mild and effectual.

The Royal Rheumatic Remedy, taken internally, strikes directly at the foundation of the disease. At once relieves pain by removing the cause of disease. The cause removed, a cure is effected. dw

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

ALL disorders caused by a bilious state of the system can be cured by using Carter's Little Liver Pills. No pain, griping or discomfort attending their use. Try them. dw

WHY COUGH,

WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use

Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefits I have derived for my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the winter of 1885 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 180 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—G.W. Youker, Salem, N. J.

"Last winter I contracted a severe cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Russell, Secretary Holston Conference and P. E. of the Greenville District, M. E. C., Jonesboro, Tenn.

The Late Mrs. Pusey.

The funeral of the late Mrs. C. J. Pusey took place this (Monday) morning at eight p.m. The remains were conveyed to the G. T. R. station and left on the 8 20 train for Brooklyn, N.Y., where they will be interred in the Brooklyn cemetery. Mr. Pusey was accompanied by his son-in-law, Mr. R. G. Kingan, and his four daughters. The mourning family have the sympathy of the community in their sad bereavement.

Diocesan Women's Auxiliary.

The diocesan branch of the Women's Missionary Auxiliary will hold their quarterly meeting in St. John's school house on Wednesday and Thursday, Jan. 20th and 21st. It is expected that there will be about 100 delegates present from all parts of the diocese, including the city of Toronto. Though the details have not yet been settled it is known the Bishop Reeve of the Northwest will address the meetings. All other addresses will be by women. All meetings will be open to women of the congregation, and the last night will be open to the public.

Funeral of John Frame.

The funeral of the late Mr. John Frame, father of Mr. Thomas Frame, Dalhousie street, took place from his late residence, 575 King street east, Toronto, on Friday at 3 o'clock to Mount Pleasant Cemetery, when a large number of old friends accompanied his remains to their last resting place. The services at the house and cemetery were conducted by the Rev. J. M. Cameron of East Presbyterian Church, of which congregation deceased was one of the oldest and, until a few years ago, most active members. Mr. Frame, who was in his 79th year, was a native of the County Armagh, Ireland, coming to Canada in 1841. He settled in Kingston, where he remained until 1849 when he came to Toronto and settled in the east end, where he resided for 42 years. He leaves behind him a widow and five sons, all of whom are successful business men.

St. Luke's School Room.

CHILDREN, 10; ADULTS, 20C.

Coburg's Castles in Spain.

The *Post* says:—"The railway under construction in the townships of Belmont and Marmora, to connect the mines with the C. P.R., is progressing favourably and but a short distance remains to be constructed to complete the connection. Everything will be ready to haul the iron ore and other minerals early in the spring. A gentleman who is engaged on the work informs us that if the new road from Coburg to the C.P.R. is built, that the shipment of ore will come this way instead of going to Toronto. Our harbour is one of the best adapted for that purpose, besides is convenient to Oswego. To come here the railway rate will be much less and the vessel freight across the lake lower. Should the projectors of the C., N. & P.R. take active steps in the matter, we may yet live to see thousands of tons of the beautiful blue ore of Marmora passing over our harbour. There is no time to be lost, and those connected with it should bestir themselves."

The Dummer Election.

To the Editor of the Examiner:

DEAR SIR,—In reply to a communication signed "Dummer," in your issue of *Friday*. I would like to say that his letter smells too strong of sulphur to have been written by anyone living in Warsaw.

Yours, &c.
SKIP.

Personal.

Sir. Daniel Wilson, the honoured head of the University of Toronto, is seriously ill.

Mr. John Leatch, of Water street, who has been suffering for some time from pneumonia, resulting from "la grippe" is in a serious condition.

Rev. W. H. French, late incumbent of the parish of Emily, has removed from Omemee to Gravenhurst, Rev. Mr. French worked faithfully in the parish and greatly endeared himself to his people.

The many friends of Mr. Thomas Smythe, of Cavan, will learn with great regret that during the past week he has suffered the second stroke of paralysis and is confined to his bed under the care of Dr. Yelland. It is to be hoped that the effect will not be as serious as anticipated.

Miss May McFarlane, daughter of Mr. Andrew McFarlane, leaves to-morrow to attend the Toronto Normal School, to prepare herself for Kindergarten school work. Miss McFarlane was a valuable assistant in the school here and her many friends will be pleased to hear of her successful advancement.

Mr. A. Smith, of Ashburnham, has resigned the position of teacher for S. S. No. 8, Smith, Young's Point, and has been succeeded by Mr. Connolly, of Campbellford. Mr. Smith will leave for a course of training at the Normal School on Monday next. Mr. Smith was a successful teacher at the Point, and his friends will be glad to see that he is still better preparing himself for his future work.

Hon. J. M. Gibson, Provincial Secretary, accompanied by Dr. Chamberlain, Inspector of Prisons and Asylums and other public institutions, assisted by the Province of Ontario, will be in town on Thursday next, and in the afternoon they will pay an official visit to the Nicholls and St. Joseph's Hospitals, the Protestant Home and the jail. In the evening they will be present at the Masonic "At Home."

Mr. James K. Hunter, son of Mr. William Hunter, of Otonabee, has returned from Michigan on a visit to his former home and friends. Mr. Hunter has been away about three years, and is now head book-keeper of the large lumber firm of "The McDonald Lumber Company," of Michigan. He will return on Friday. Mr. Hunter acted in the capacity of correspondent for the EXAMINER when in Otonabee, and afterwards took a course at the Peterborough Business College under Messrs. Bean & Rooney. Mr. Hunter's friends are pleased to see him well and prospering.

Church Chimes.

At St. Peter's Cathedral, His Lordship Bishop O'Connor preached two sermons, morning and evening. At the conclusion of the 8 o'clock mass and the 10.30 o'clock, His Lordship announced that the Christmas offerings of the congregation for the clergy amounted to $1,063, the largest sum yet offered for this purpose.

At the Charlotte street church on Sunday evening, Mr. Forster, of England, uncle of Mr. Joseph Forster, reeve of North Monaghan, who is here on a visit, gave a sound practical address. In the afternoon Rev. Mr. Edwards preached a missionary sermon at Robinson's Corners Methodist church, Smith.

In St. John's church yesterday, the vacant pew of the late W. E. Sherwood, was heavily draped in black, and the Rector in the course of his address referred in feeling terms of the late Mr. Sherwood's faithful services, on behalf of the church, of which he had been a valued and much beloved member.

BURKE.—At Romaine street, on Monday Jan. 11th, 1892, the wife of Mr. —, Burke, of a son.

LEAHEY.—At 373 Aylmer street, on Sunday, Jan. 3rd, 1892, the wife of Mr. Henry Leahey, of a daughter.

DIED.

NUGENT.—In Smith, on Saturday, Jan. 9th, 1892, Rachael Pritchard, relict of the late James Nugent, aged 84 years.

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEHR, 9 N. Railroad St., Kendallville, Ind.

Entertainment at Chemong.

The annual entertainment in connection with the Indian Sabbath School at Indian Village, Chemong Lake, will take place on Friday evening next. Addresses will be delivered by the pastor of the church and Rev. Messrs. Barker, Hosack and Palframan, and Mr. Hall, of Lakefield, and others. Mr. J. R. Stratton, M.P.P., will take the chair at seven p.m.

Address and Presentation.

On Christmas eve Mr. Jas. Hamilton, the well known carriage builder, was pleasantly surprised by receiving a visit from a deputation of his employees, who presented him on behalf of the staff with a handsome easy chair, upholstered in silk plush accompanied by a pleasingly-worded address expressive of the esteem in which he is held and the good will and sympathy that exists between himself and the employees. He was also requested to take charge of a beautiful receiving table for Mrs. Hamilton, and to assure her of their regard and best wishes for her happiness. Mr. Hamilton, though completely taken by surprise, made a suitable reply on behalf of himself and Mrs. Hamilton—*Lindsay Post.*

Oh, What a Cough!

Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

"SLEEP ON CHRISTIANS,"

Although Your Sons and Daughters are in Danger.

A Warning Note From the Rev. William Meikle—He Commenced His Mission in Town Yesterday—The Morning Service in St. Andrew's—Large Congregation—The Evangelist Sang "Throw Out the Life Line"—Then Preached an Eloquent Sermon—He Said it was High Time Christians Awoke From Their Sleep.

Mr. Meikle has many qualities that peculiarly fit him for Evangelistic work. He has readiness in answer, power of making good use of illustration, and the gift of song. He presents a clear, full Gospel with excellent taste and intense earnestness, and is not carried away by any of those hobbies that are apt to mar the usefulness

OF SO MANY EVANGELISTS.

Such in brief is the opinion of Dr. McTavish, of Toronto, regarding Rev. W. Meikle, the Evangelist, who commenced his work in this town yesterday. This opinion was fully borne out at the service he conducted in St. Andrew's Church. He is a man of good bodily presence, of medium height, and appears to be thoroughly imbued with the importance of his mission. He possesses a voice of singular power and clearness and at times assumes a tone which not only arrests the attention of his hearers, but thrills them with its force and vigour. While he has none of the sensationalism that distinguishes some evangelists, yet he is vivacious and eloquent, has a full store of anecdote, and at no time allows the service to become wearisome or monotonous. One of the main features of Mr. Meikle's meetings is his singing. He possesses a good voice and has the happy knack of using it to the best advantage, selecting only those solos that are appropriate to his subject.

THE MORNING SERVICE.

At the morning service a large congregation were present to greet the evangelist at his first meeting in the town. The devotional exercises were conducted jointly by the pastor of the church, Rev. A. McWilliams, and the evangelist. The latter read as the lesson the fifteenth chapter of the second book of Chronicles. During the reading of the lesson Mr. Meikle explained several passages, and said if the church expected or desired a genuine revival of religion they must have the spirit of God. This would be poured out in answer to prayer. The people must put away their idols and sin and begin to pray. It was not new-fangled methods or tomfoolery that was required to reach the masses—it must be an awakening of the Christians themselves to a sense of their duty. They must not only be willing to have revivals, but be willing to work for them, and that it should cost them something, not only in money but also in time. He referred to the unwillingness of some professing Christians to aid in evangelistic work. They were quite ready to give it their sympathy, but did not care to undergo any personal inconvenience to give it their practical support.

Christians must go into this work with their whole heart. If they did this God would send down showers of blessing in Peterborough. If however, they opposed his work, God would punish them in a manner they little dreamed of. The reverend gentleman chose as his text a portion of the 11th verse of the 13th chapter of Romans,—"Now it is high time to awake out of sleep." Before commencing his discourse, Mr. Meikle said that singing always helped him considerably in his meetings. He therefore sang the solo "Throw out the life line," with such great feeling and expression that it visibly affected a portion of the congregation. In introducing his subject, the preacher spoke of the great necessity there was for all who professed to love and serve Christ to awake. He said that the most earnest Christians would admit the great need. When was the world going to be won for Christ at the rate people were working now? Compared with the death and birth rate of the world, the churches were losing ground. The world would never be converted if Christians did not awake. The world would not be the first to awake. God does not work that way. If God's own people do not listen and awake first, what hope is there that the sinner would. There was much work to be done in the world for the Lord, but this could not be done if we were asleep. There was much speaking, visiting and going to be done in our own midst. If any opposed this, bitter would be their punishment. Evangelists met with much opposition from old people, who did not like their methods of work. He made an earnest appeal to all such for their sympathy, particularly those who had sons and daughters of their own. It was to reach young men and young women, more especially those who were away from their own home, that the evangelist laboured. If they could suggest a better way of reaching them than the one that was being pursued they would be glad to

RECEIVE AND ACT UPON IT.

Another reason why Christians should awake was, that Satan was always wide awake. He was at his nefarious work day and night, summer and winter. He very often worked through church members and elders. The preacher said he that expected much opposition and a hard battle from those who did not like his way of working. When people said this they were pleasing the evil one. When Christians slept they were leaving their children in imminent danger. They just allowed things to take their course, not making any effort to save them, as long as they were saved themselves. "Sleep on, Christian, sleep on" said the preacher, and perhaps when you awake it will be too late, your children will have fallen over the precipice of death. Those who were not Christians did not know they were asleep. They could not realize the danger they were in. When a man was asleep he might be

IN DANGER AND NOT KNOW IT.

A vivid word picture was here drawn by the preacher, illustrating this last point. All the unsaved sinners of Peterborough were in danger, and perhaps a great many of them did not know it. They were asleep to the great peril of their souls. In case of fire, the father of a family would not leave his loved ones to perish, while he made good his escape. Those who had become Christians had an even greater responsibility than this. Their unsaved neighbours and children were in danger. They should warn them, and do all they could to awake them to a sense of their true position. When once a person had sunk into a spiritual sleep, it was very difficult to awake them. The sleep became heavier as the days went by. Ministers were sometimes heard to say that the people were getting gospel hardened. This was only too true in a great many cases. It was high time for all to awake from sleep, or it might be too late. Many people only awake on their deathbed. People might not wake in life, or even in death, but a time was coming when all would be wide awake—in eternity.

The sermon was a very powerful one, profusely illustrated with incidents and a number of people present testified to their anxiety to become Christians. The mission promises to be a very interesting and faithful one, and it is probable that the membership of the church will be largely increased through its agency.

THE EVENING SERVICE.

There was again a large attendance at the evening service. The devotional exercises were again jointly conducted by pastor and evangelist. Previous to the sermon, for which the text was the twentieth verse of the fifth chapter of Second Corinthians:—"Now then we are ambassadors for Christ, as though God did beseech you by us; we pray you in Christ's stead be ye reconciled unto God." The preacher's address was largely anecdotal and was at times exceedingly impressive. At the close of the sermon a short prayer meeting was held, at which nearly all the congregation remained.

Card of Thanks.

To the Roman Catholic ratepayers of No. 2 Ward.

LADIES AND GENTLEMEN,—Having been officially notified to-day of my re-election as Separate School Trustee for No. 2 Ward, I desire to return to you my sincere thanks for the votes, which unsolicited by me, you cast in my favor on Wednesday last; and for the interest you evinced in a contest in which I took no personal part whatever, preferring to leave the electors absolutely untrammelled by any promise to me, and satisfied to abide by their decision as expressed at the polls.

I am deeply grateful to the ladies who in large numbers exercised their franchise in my behalf, and I am especially indebted to those gentlemen who spent many valuable hours in conveying voters to the polling booth. To my opponent, Mr. Bogue, my thanks are also due for the quiet and gentlemanly manner in which he conducted his canvass against me.

Considering myself as the representative of the ratepayers, I shall be happy at all times to listen to any suggestions you may be pleased to make in reference to the schools. I shall in the future, as in the past, discharge the duties of trustee to the best of my humble ability, and endeavor to increase to the highest possible degree, the efficiency of the Separate School. I am, ladies and gentlemen,

Your obedient servant,
FRED H. BRENNAN.

Not Hot.

To the Editor of the Examiner:

DEAR SIR,—In your note anent the Township of Dummer Municipal Elections, you say "the fight was a hot one." "Hot" Mr. Editor on one side only! I made no canvass of the township whatever, had no authorized agents—nor canvassers at any polling place in my behalf. As I well understood my opponent had not the necessary property qualification to hold the seat even if he should succeed in election, which most people here thought exceedingly improbable.

Yours, etc.
A. R. KIDD.

THE BIBLE AND ITS CRITICS.

Gladstone Gives Some Advice to Those Who Would Judge Hastily.

LONDON, Jan. 9.—Mr. Gladstone has written from Biarritz a letter on modern criticism of the Bible. He states that he is not an expert in Biblical criticism and is therefore not entitled to pronounce a positive judgment on what is termed higher criticism. Looking at the tone and methods of the destructive side of the controversy, he says:

"I am certainly inspired with misgivings regarding the critics, though it may justly be observed that misgivings are not arguments. My mind, perhaps, is also subject to adverse bias from protracted observation of the controversial parallel on the poems of Homer. In that instance, after long familiarity with the subject, I am driven to entertain a mean opinion of negative speculations. My life has also embraced for a period a battery of able and destructive criticism against a large portion of Roman history. Many now consider that the work of Sir George Lewis has, in turn, destroyed this criticism.

"I consider that the ancient record has undergone a certain amount of revival in credit and authority. I recommend those who are approaching the question to consider:

"First, we must be on our guard against drawing warmth of affection into the field as having the force of argument. We should rather endeavor to defend the Scriptures upon the same principles of evidence and reasonableness governing our mental processes in other matters.

"Second, when the arguments of specialists point to negative conclusions we should beware of haste. We should reserve our judgment, even I yielding provisional assent, until we know the specialists have said their last word and we have had an opportunity to compare their results with the wider considerations belonging to the fields of history, philosophy and reigion at large."

BOND ROBBERY CLEARED UP.

The Gang That Stole $40,000 Between Paris and London.

LONDON, Jan. 9.—The $40,000 bond robbery has been finally cleared up after a year's delay, when Frederick Pemberton Peach, a financial agent, was arraigned at Marlborough-street Police Court. The bonds were stolen on the way from Paris to London, and Detective Albertino of Scotland Yard, was put on the case. He went to Boulogne and spotted four men.

One of them, a man named Powell, when arrested was found chewing something and compelled to disgorge. It was found that he had been trying to swallow a cloak-room ticket of the Victoria Station in London.

Powell also had a cloak-room ticket of Charing Cross station; another of the men had a pass key, which opened all the cafes on the Channel steam packets. These four men represented a long existing conspiracy by which the Channel packets had frequently been robbed of large amounts.

All the bonds were recovered in Vienna, and the entire gang is now in prison, except Peach, who attempted to sell a portion of the bonds in the city.

WHY IT FAILED.

An Infernal Clock Which was Set to Blow up the Czar.

BERLIN, Jan. 9.—The KreuzZeitung publishes an account of the manner in which, it is alleged, the "accident to the Czar's train at Borki, on Oct. 17, 1888, really originated." The account states that a kitchen boy, who was employed on the imperial train and who was supposed to have been killed in the accident, escaped death, and that he was recently arrested on suspicion of being a Nihilist and handed over to the Russian police. According to The KreuzZeitung this youth, since his arrest, has confessed that he placed an infernal clock in the compartment next to the imperial dining room and fearing that it would explode too soon, turned it the wrong way, with the result that it exploded in a downward direction, causing the accident.

Howard Russell Johnson, author and playwright, died at San Rafael, Cal., yesterday.

A QUICK PASSAGE.

From Moville to Halifax in Exactly Seven Days.

HALIFAX, N.S., Jan. 9.—There was considerable surprise about the city yesterday when the Allan Line signal displayed on the citadel denotes that the mail steamer Parisian," which was not expected until to-morrow, was coming up the harbor.

Captain Richardson, who is commanding this trip, received many congratulations on his quick passage. He said the Parisian left Moville at 4 o'clock Friday, and averaged 14 knots on the trip. She was detained about 40 minutes off Cape Race by fog, but during the rest of the passage she experienced fine weather. She was at the wharf at noon, which would make the time of the passage exactly seven days. The Vancouver of the Dominion Line held the record before, having made the passage last year in seven days and some hours.

Houses Burned Down.

MONTREAL, Jan. 9.—Fire has almost destroyed the town of Lachute, a thriving manufacturing centre, 60 miles from this city.

The fire started at 7 o'clock in Broderick's Hotel near the depot and spread with lightning rapidity. Out of 400 houses composing the town fully 300 are destroyed, and three-fourths of the inhabitants are seeking shelter in the churches and public buildings which have withstood the flames.

Now It Is Tarte.

QUEBEC, Jan. 9.—It is alleged that J. Israel Tarte, the unseated member for Montmorenci, has been proven to be a heedler. It is charged that he received a letter of credit for $3000 from the Quebec Government and failed to perform any service therefor. Here is the document which those making the charges put forth in support of their allegations:

DEPARTMENT PROVINCIAL SECRETARY,
QUEBEC, July 17, 1891.

Mr. J. I. Tarte, Le Canadien, Quebec.

SIR: I have the honor to inform you that the Government has decided to entrust you with $3000 worth of printing, so that this sum will be paid you or to your order four months from date. I have the honor to be, sir,

Yours, etc.,
(Signed) CHARLES LANGELIER,
Provincial Secretary.

The Crank Record.

NEW YORK, Jan. 9.—The crank wave is was jailed yesterday on complaint of Miss C. Frank Bush, a German, entered the office of H. C. Kenderin, attorney for the German Legal Aid Society in this city, and demanded $500. Mr. Kenderin's thoughts reverted to bomb-throwers. An officer was summoned. After a hard fight with the crank a policeman succeeded in overpowering him and he was taken to the police court. There he was held for examination as to his mental condition.

A. Mueller, another crank, sent a communication to the police board, which met to-day. What it was all about nobody seemed to know, and it was placed on file.

Musician on Musicians.

Mendelssohn on Wagner: "A talented dilettante."

Weber on Beethoven: "Not quite ready for the lunatic asylum."

Handel on Gluck: "He knows no more of counterpoint than my cook."

Wagner on Schumann: "He has a certain tendency toward greatness."

Beethoven on Weber: "He never could attain more than the art of pleasing."

Schumann on Wagner: "Wagner is, to tell the truth, no musician. His music is hollow, disagreeable and often amateurish."

Do Not Say:

Do not use prepositions needlessly; do not say off of, but off; do not say where have you been too, but where have you been.

Do not say direct your letters to me at Mr. Burton's, but say address your letters.—Household.

Another Terrible Explosion.

SHAMOKIN, Pa., Jan. 9.—A terrible explosion, arising from ignition of gas, occurred in No. 9 vein at the Neilson shaft yesterday resulting in the instant death of a laborer, the fatal injury of a miner and the slight burning of the [illegible] inside superintendent.

The Skibbereen district in Ireland is suffering from a widespread epidemic of influenza. The mortality is high.

Masses of Russian troops have been imported into Poland and it is believed that disturbances are expected there. Bodies of gendarmes have been drafted in towns in Southwest Poland for military purposes.

The London City Council has decided that the wedding gift to be presented by that body to the Duke of Clarence and his bride shall be a diamond necklace valued at 1600 guineas for the Princess and a magnificent silver dinner service valued at 900 guineas for the Duke.

The snow is sodeep at Windsor and other places in Berkshire that it has stopped the royal and other hunts. The storm at Belfast is the worst known for many years. The snow has caused a complete suspension of traffic on the streets.

Influenza of a particularly malignant type has broken out at Trevoux, a town of about 2000 inhabitants, in the department of Aix, 12 miles north of Lyons, France. The efforts of the doctors to combat the disease have in many cases proved of no avail, and many of the people have died.

The Madrid papers strongly insist that Spain cannot allow the status quo in Morocco to be infringed. The Imparcial, while approving the action of France in sending a gunboat to Tangier to prevent British aggression, says it thinks it would have been better if France herself had not encroached upon the west and south of Morocco.

Never permit the system to become run down, as then it is almost impossible to withstand the ravages of disease. Dr. Williams' Pink Pills stand at the head of all medicines as a blood builder and nerve tonic, correcting irregularities, restoring lost energies, and building up the system. Good for men and women, young and old. Sold by druggists or sent on receipt of price—50 cents—by addressing the Dr. Williams Med. Co. Brockville, Ont. dw

Pale, Weak Women need a tonic, strength giving flesh building medicine like Milburn's Beef, Iron and Wine.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

What is REFLEX?

My wife and self had dandruff and lots of it, accompanied by almost continual itching of the scalp. Anti-Dandruff entirely relieved us from both annoyances, and we think it the best preparation known to clean out dandruff, tone the hair and set as a dressing without giving an unnatural appearance.

L. W. KNOWLTON,
Conductor C.P.R. between Montreal and Newport, Vt.

MINISTERS, lawyers, teachers and others whose occupation gives but little exercise, should use Carter's Little Liver Pills for torpid liver and biliousness. One is a dose. Try them. dw

Nothing More Pleasant

than to feel a soft white hand. Any lady using Dyer's Jelly of Cucumber and Roses will always have soft, white hands. Try it. W. A. Dyer & Co., Montreal. 6 8

Winter Sports.

The gay winter season exposes many to attacks of colds, coughs, hoarseness, tightness of the chest, asthma, bronchitis, etc., which require a reliable remedy like Hagyard's Pectoral Balsam for their relief and cure. Known as reliable for over thirty years. The best cough cure. dw

Increase Your Weight.

If you are using flesh and blood, commence at once taking Miller's Emulsion of Cod Liver Oil, which is far ahead of all preparations of the kind in existence. By taking Miller's Emulsion people gain from 5 to 10 lbs. by the time the first bottle is consumed. It is the greatest blessing of the century to all in delicate health, or who suffer with coughs colds, and ailments that tend to consumption. Remember, Miller's Emulsion contains all the constituents found in wheat. It is used in the hospitals and asylums of the country. In big bottles 50c. and $1—at Peterborough Drug Stores. dw

News About Town.

It is the current report about town that Kemp's Balsam for the throat and lungs is making some remarkable cures with people who are troubled with coughs, sore throat, asthma, bronchitis and consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles cost 50c and $1. dw

Dyspepsia.

This disease may be traced to a variety of causes, such as constipation, liver troubles, improper food, etc. There is one cure—Burdock Blood Bitters—which may be thoroughly relied on to effect a permanent cure. It has cured obstinate cases of 25 years' standing. dw

"August Flower"

Perhaps you do not believe these statements concerning Green's August Flower. Well, we can't make you. We can't force conviction into your head or medicine into your throat. We don't want to. The money is yours, and the misery is yours; and until you are willing to believe, and spend the one for the relief of the other, they will stay so. John H. Foster, 1122 Brown Street, Philadelphia, says: "My wife is a little Scotch woman, thirty years of age and of a naturally delicate disposition. For five or six years past she has been suffering from Dyspepsia. She became so bad at last that she could not sit down to a meal but she had to vomit it as soon as she had eaten it. Two bottles of your August Flower have cured her, after many doctors failed. She can now eat anything, and enjoy it; and as for Dyspepsia, she does not know that she ever had it."

Doubting Thomas.

Vomit Every Meal.

GOLD IS LOVE.

In pursuance of which design Elsie presented herself before her betrothed, rousing him from his gloomy abstraction to his usual gentle courtesy.

"What were you thinking of as I came down the walk?" she asked, abruptly.

For a moment he looked confused, but answered, very gently:

"A man's thoughts are not always ready for dress parade, Elsie."

"Were you thinking of me?"

"No!"

"I am glad of that. I should expect to find a dose of arsenic in my next cup of tea, if you had been."

"Did I really look so murderous?" he said, smiling as old people smile at the vagaries of their children.

"You looked—" then she paused, and came nearer to him upon the rustic seat. "Frank," she said softly, and with eyes of womanly tenderness, giving a new beauty to her winsome face, "will you answer my question truthfully? Only one!"

For a moment he hesitated, then with a long, deep breath, he braced himself as if to meet a blow, and said:

"I will!"

"Did you love somebody else when grandfather died?"

"Somebody else?"

"Besides me! Are you keeping the terms of the will because you will not thrust me out of a share in grandfather's will? Are you breaking your own heart—"

"Stop, Elsie! There are many questions."

"Answer my first one, then. Do you love somebody else better than your little cousin?"

"Yes!" was the murmured answer.

"Oh, so do I! so do I! It is all a wretched mistake! Oh, Frank!" in a passion of tears.

Never had he been so lover-like as now, when he renounced her. He took her in his arms, soothed her, kissed her, called her pet names.

"Don't, Elsie, don't sob so. My dear child, there shall be no compulsion. I thought you were heart-whole."

"So I ought to be. I treated him shamefully. I told him I wanted money, money, lots of money. I was hateful!"

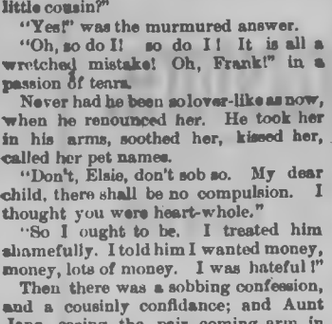
Then there was a sobbing confession, and a cousinly confidance; and Aunt Jane, seeing the pair coming arm in arm, thought:

"Why, dear me, the dear children have come to an understanding, and Frank will forget Agnes, after all. I am so glad!"

* * * * *

The summer had been a long one to Herbert. He worked hard, studied in the evenings, wearied himself in many ways, having much of the same restlessness that had tormented Elsie. He tried to think he had had a wonderful escape in losing his dream of love.

"She would have been always discontented and unhappy," he thought, "and she is hard, selfish and mercenary by her own confession. But I love her! I love her! How I would have worked for her! In time I might have conquered fortune, and given her the riches she coveted. My little love! So patient, so



"OH, BERT, * * * I AM THE HAPPIEST WOMAN!"

industrious, so tender, until this will come to part us."

Unhappy thoughts do not tend to improve health, and in July, Herbert looked haggard and pale. He was entitled to a holiday of two weeks, and took it at L——. Elsie did not dream that he was near her, but he saw her every day, heard the brilliant music that floated out from the window, under the touch of her fingers, saw the dainty riding dress, the pretty home dresses that flitted about the garden, and thought:

"She is happy. She never loved me, or she has forgotten me."

So he was not so much improved by his trip, as he might have been had he taken it in some other locality, and he went back to his office work a little more haggard and paler, than when he left it.

But a wonderful change awaited him. Years before, when he was but a boy, he had gone with his father, long dead, to see a great-uncle, who even then appeared to his youthful eyes a marvel of age. He had a dim recollection of a miserable, shabby house, an old woman-servant, who cooked a horrible soup, and a general impression that his uncle was a man of great poverty, and much to be pitied. And now, when he had almost forgotten his father ever had an uncle, there comes to him a lawyer's letter, brief, formal, informing him that the old miser, has died, and left him sole heir to about a quarter of a million.

It stunned him. He thought he was dreaming. When persuaded that he was awake, he thought of Elsie.

I could win her now," he said exultantly. "I can offer her what she covets. I can buy her love!"

And his manliness revolted, and his heart said, sadly:

"Better lose her forever!"

He was listening to his own thoughts, most hating the good fortune that came too late, when there was a little knock upon his office door, and in a moment there was Elsie!

Surely it was all a dream! For she was sobbing out.

"Oh, Bert, I dared not write, for fear that you could not forgive me! "I am so sorry, I am so miserable— No!" she cried, seeing his face. I am the happiest woman in the world."

It was well there was no one about for really the way the tears and smiles struggled for mastery was very bewildering.

"You have come to me?" Bert said—"come to share my poverty!"

"If you will take me," Elsie answered humbly. "I can get some of my scholars back to help along a little."

"Oh!"

"And I don't mind turning my dresses, or saving car fares for gloves, if only you will forgive me."

"Will you—" he asked, slowly and deliberately; "come with me to-day, now, to a clergyman, and be my wife?"

"Yes!"

And she actually did. She knew nothing about the great-uncle for a month, for Bert wanted to feel the keen happiness of knowing he was loved for himself alone.

But, Aunt Jane sent the whole trousseau to the new home to which Bert took his wife early in September, and at Frank's wedding there was not a guest more beautifully dressed, or more radiantly happy, than the "mercenary little wretch" who might have stood in the bride's place.

The Head Surgeon

Of the Lubon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada.

Dr. Low's Sulphur Soap is a delight shampoo. It cleanses the scalp and darkens grey hair.

Failing Fast.

DEAR SIRS,—My mother was failing very fast after three months' suffering from dropsy being swollen from head to foot, but after she had used one bottle of your Burdock Blood Bitters it was removed, and she felt quite well. We think there is no better medicine, and are true friends to B.B.B.

MISS LEVINA TAYLOR,

A Sensible Man

would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merits of this great remedy. Large bottles 50c. and $1. dw

Billiousness—Fever and Ague.

So pleasantly do Dr. Morse's Indian Root Pills search out and drive away the seeds of disease that all persons living in a country where fever and ague and all other billious diseases, are prevalent, will find they should never be without them. From two to four pills each night upon going to bed, will, in a short time, drive away the sickly yellow look of billious persons, and bring to their cheeks a beautiful glow of perfect health. Dr. Morse's Indian Root Pills are sold by all dealers in medicine.

Familiar Family Friends.

The family store of medicine should contain a bottle of Hagyard's Yellow Oil. Mrs. Hannah Hutchins, of Rosaway, N. S., says: "We have used Hagyard's Yellow Oil in our family for six years, for coughs, colds, burns, sore throat, croup, etc., and find it so good we cannot do without it." dw

A Sensible Statement.

SIRS,—Having used your Burdock Blood Bitters successfully for some time past, I must state that for my complaint of biliousness and acid stomach I have never found an equal, and I continue to use it and recommend it to my friends and neighbors.

SLAUGHTER WAS CHIEF.

AND THE OBJECT OF THEIR BEING WAS TO KILL.

The Descent Upon the Anarchist Club in England Bids Fair to Be of the Most Important Nature--What the Police Found.

LONDON, Jan. 11.—The police at Walsall are making further investigations into the doings of the Walsall anarchists. The authorities are extremely reticent regarding their discoveries, but it has leaked out that their investigations have developed the fact that the prisoners Calles and Deakin, with others not in custody, were hatching a plot resembling in its details the plot of the anarchists in the Chicago market massacre in 1887. It is asserted the documents seized by the police are of an extremely startling nature. Further arrests are pretty sure to follow the knowledge gained by the police, and sensational developments are promised when the authorities make public all the details of the conspiracy. The plotters had evidently little to fear of the police or else they thought the nearer that they were to them the safer from discovery they would be, for their club room was within a stone's throw of the police station. The premises had formerly been occupied as a shop. The rooms are quite large. Since the place has been occupied by the Anarchists' Club it has taken on a very filthy appearance. The windows, which present an extremely unkempt appearance, bear in blue letters the words, "The Walsall Socialist Club."

Among the spoils that have fallen into the hands of the police is a heap of pamphlets and papers found in the club rooms. These contain articles couched in violent language against rich men, monopolists and society in general. Among the papers found are copies of The Chicago Anarchist, besides a large number of cartoons published with American and Continental Anarchist papers. The police regard Slaughter as the most dangerous of the gang. He was born in Norwich, but has lived for some years in the United States. He is a self-educated man, speaks several languages and is rabid in his support of socialistic doctrines. Slaughter came to Walsall six months ago and immediately became a member of the club. He soon developed into a leader and since then has virtually been the prime mover in all the schemes concocted by the Anarchists in that town.

Connected with the Haymarket Massacre.

The police claim to have knowledge that Slaughter was prominent among the Socialists of Chicago at the time of the Haymarket massacre, and has been connected with every big Anarchist movement in recent years. He talks with an American accent. He is tall and slim and wears a sandy mustache. When his lodgings were searched the police found an immense assortment of literature, in which the most violent form of language was used to call Anarchists to revenge themselves on society for the wrongs which they claim to suffer. Among the papers seized was a circular, which read: "Fight or starve. We of the International Secret Society appeal to our fellow-slaves to bear this miserable life no longer. It is a crying disgrace to us workers that we are such cowards as to hesitate to take back the wealth created by our labor. He is a coward only worthy of slavery who allows his wife, his child and himself to die of starvation in the midst of plenty. Is it possible that we are so cowardly that we would rather die than fight? It is better to die fighting than starving. It is true that our masters organized force on their side but all need not fear their force. With our weapons we can have justice. For everyone of us who is doomed to death let a rich robber be killed."

The shells which the police found are of iron with a pewter screw inserted. There are three small apertures in the bottom, in which the cap is fixed and a ring is attached to the bomb to facilitate its carrying.

French Ironclads for Morocco.

PARIS, Jan. 11.—The Echo de Paris says Admiral Recunier, commander of the French squadron in the Gulf of Juan, has ordered several ironclads to proceed to Morocco.

TANGIER, Jan. 9.—The French cruiser Cosmo has arrived here. The rebels in the vicinity of Tangier are displaying much activity. They demand that the Sultan dismiss the Governor of Tangier.

German Retrenchment.

BERLIN, Jan. 11.—In accordance with the recent Government circular, setting forth the necessity for retrenchment in the operation of state railways, a large number of railway employes at Breslau have been dismissed and the number of workingehours for those who retain their situations have been increased.

The Vossische Zeitung condemns the policy of making dismissals in the department in winter. It says the proceeding is likely to endanger the safety of the traveling public.

The Franco-Bulgaria Imbroglio.

PARIS, Jan. 11.—It is stated that Italian diplomacy is likely to reconcile France and Bulgaria, the former sending back her representative to Sofia and the latter withdrawing the decree of expulsion against Chadouin, on condition that he does not return to Bulgaria.

A House for "Collars and Cuffs."

DUBLIN, Jan. 11.—In addition to the fund started by the Countess of Zetland to provide a suitable Irish wedding present for the Duke of Clarence and his bride.

EGYPT'S DEAD KHEDIVE.

NATIVE DOCTOR GAVE HIM AN OVERDOSE OF MORPHINE.

An Official Enquiry Now Being Made Into the Facts and Meantime the Doctor Has Fled—The Duke of Clarence Seriously Ill—Anarchists Make Things Lively in Spain.

BERLIN, Jan. 11.—In this city the opinion is expressed that the Khedive lost his life through placing too much confidence in native doctors. He may have died from an overdose of morphine administered to him by Dr. Salem Pasha, but it is not thought that it was done intentionally. It is supposed that he was alarmed by the symptoms which developed in the Khedive after he had given him the overdose of medicine, and that, fearing that his own life would pay the penalty for the mistake, he decided to run away.

It should be added that the cause of the Khedive's death is looked on here as a matter of secondary importance in view of what the Tories and Unionists style the splendid, bold diplomacy of Lord Salisbury in taking the bull by the horns in Egypt, placing Prince Abbas upon the throne before France recovered from her surprise at the Khedive's death, and thus getting for England an additional and much firmer grip upon the land of the Pharaohs.

Lord Salisbury's prompt action is said to have been worthy of Disraeli himself, and is alleged to show that the "pupil of Beaconsfield" is worthy of the mantle which he is said to have inherited.

Nobody doubts that the youth of the new Khedive will be made to furnish another pretext for another prolongation of the occupation of Egypt by the troops of Great Britain.

Dr. Hesse and Dr. Comanos, the two European doctors who attended the Khedive during the last hours of his life have presented to the premier their promised joint report of the case. They report that the patient had been attacked by infectious pneumonia after being seized with influenza complicated by nephritis, which caused his death. An inquiry into the treatment which the Khedive received is to be held. Dr. Rogers Pasha, chief of the Egyptian sanitary service, will preside. He will be assisted by Dr. Will Agerman, Dr. Binet, a Frenchman, and two native physicians.

LONDON, Jan. 10.—The Cairo correspondent of The Daily News says: Much indignation is expressed here at the native doctor's treatment of the Khedive case and there is a general belief that the Khedive's life might have been saved if proper medical skill had been applied earlier. The local press is unanimous in declaring that British evacuation of Egypt is an impossibility now. The new Khedive will have a difficult task in fighting against the intrigues which must beset him on all sides.

Mr. Gilbert's New Opera.

LONDON, Jan. 10.—Mr. Gilbert's secession from the Savoy Theatre has not disturbed his hold on the public. "The Mountebank," produced at the Lyric Theatre, is thought one of his best compositions, if not the best of all. His humor is as quaint as ever, his dialog as pointed, the surprises as numerous, and his power of seeing things differently from other people in no respect diminished. Mr. Cellier's music is very unlike Sir Arthur Sullivan's, less learned, less serious, so light as sometimes to be flimsy, but as a whole taking and full of the tuneful animation which the text requires.

Safe for Ten Years.

LONDON, Jan. 10.—The swindler Barton, who figured in New York in 1889 as a lieutenant of the Royal Engineers and who married a Miss Miller in Brooklyn, has been sentenced to ten years' imprisonment for burglary since his marriage. Barton had been living at a fine villa at Burgess Hill, Kent. He spent his wife's fortune and then resorted to wholesale burglaries around his residence. When arrested he was in company with the daughter of a well-known London clergyman whom he had been courting with the intention of marrying her.

Mr. Irving's "Henry VIII."

LONDON, Jan 10.—G. W. Smalley cables: There can be no question about the success of Mr. Irving's production of "Henry VIII" at the Lyceum. The enthusiasm of the audience was unbounded, and the critics next morning were also enthusiastic. "Henry VIII." is in great part a scaffolding for scenery and so Mr. Irving has treated it. Irving is a consummate judge of stage possibilities. Accordingly, when he resolved that this piece should figure next in his list of Shakespearean revivals he dealt with it as a show piece. It is his answer, his boldest answer, to the critics who taunt him with upholstery. There is something else, of course. There is Mr. Irving's Cardinal Wolsey. That, too, is a spectacle. He is one of the most picturesque figures ever seen on any stage; and not for his rose-scarlet silk robe only, or mainly. The face, with its pale refinement of power, with its stamp of intellect, of subtlety, of commanding qualities—all standing out with equal sharpness; the bearing, the movement, the gesture—all are admirable in their dignity and expressiveness. His conception of Wolsey is full of subtlety, perhaps too full. There is a suggestion of Mephistopheles. But on the intellectual side it is a masterpiece. Miss Ellen Terry's Katherine was in a minor key throughout, distressful, pleading, often pathetic and touching, not often queenly or authoritative, never tragic.

Children Cry for Pitcher's Castoria

SPANISH ANARCHISTS.

Three Rioters Were Killed and Twenty More or Less Injured.

MADRID, Jan. 9.—An attack was made by the Anarchists at Xeres just as the people were leaving the theatres, and was directed principally towards that quarter of the city in which the prison is situated.

The Anarchists were armed with shotguns, old muskets, scythes, bludgeons, knives tied to poles, etc. They entered the town at various points, shouting "Viva la Anarquia!"

One gentleman, who was caught by the Anarchists as he was leaving the theatre in front of which they were gathered, resisted the attempt made to rob him, and was then and there strangled to death, amid hideous applause and laughter from the desperate wretches gathered about him.

Satisfied with the destruction they had wrought in the centre of the town, the Anarchists became bolder and, with loud shouts of "Free the prisoners," they marched in a body upon the prison, determined to release all the convicts there confined. Arriving in front of the prison, the Anarchists demanded the officials in charge to open the gates. The latter refused and an attack upon the prison was commenced. Some of the Anarchists opened fire upon the prison windows with shot guns and stones, while others attacked the gates with sledge-hammers and beams used as battering rams. The gates, however, stubbornly held their own.

The troops stationed at the prison made a sortie and repulsed the rioters, while the gendarmes were routing a number of scattered bands which were creating disturbances in other parts of the city. After a stubborn resistance by the Anarchists three of their number were killed and 20 were more or less seriously hurt. An innocent spectator was killed during the fight by an Anarchist. This rioter, with 30 of his companions, was placed under arrest and quiet was finally restored.

The Cabinet Council Saturday discussed the Xeres affair and ordered the authorities to deal with the rioters with the utmost rigor.

The audacity displayed by the Anarchists in attacking a city where a battalion of infantry and a regiment of cavalry are quartered is regarded as alarming and inexplicable.

Xeres, or Jeres de la Fronterr, where this bold Anarchist demonstration took place, is a town of Andalusia, not more than 16 miles from Gadiz. It is noted for its wines, known under the name of Sherry. It has a population of about 40,000 people.

The Influenza Bacilli.

PARIS, Jan. 10.—Cornil of the Paris School of Medicine in an interview to-day said that Dr. Pfeiffer's discovery of the supposed germ of influenza will probably prove a great step in science, but that further experiments must be awaited before his views can be definitely accepted.

Verdi's "Falstaff."

MILAN, Jan. 9.—In an interview yesterday, the composer Verdi said his opera "Falstaff" was practically completed. His utterances indicated that in the composition of this his latest work he had completely abandoned the Wagnerian method and returned to the spontaneity of Italian music, and the comedy traditions of the composers Porgolesi, Paisiello and Cimarosa, without losing sight of the modern progress of his art. He had thus, he said, fulfilled the dearest aspirations of his life.

Union of Russia and France.

ST. PETERSBURG, Jan. 11.—The Novosti recommends that there should be solidarity of union between Russia and France to meet the union of England and the Dreibund on the Egyptian question. It declares that the legitimate of the British occupation must never be admitted.

Still Claiming Victims.

PARIS, Jan. 10.—M. Peyron, ex-Minister of Marine, died to-day of influenza.

The Empress of Austria and the widow and daughter of the Khedive of Egypt are ill with the same disease.

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. HENRY BEST,
d137-w Up Market Block.

Death of Charles Peace's Widow.

LONDON, Jan. 12.—The widow of the notorious burglar and murderer, Charles Peace, died on Saturday at Darnall, close to Sheffield. She was 72 years of age, and for a long time had lived with her daughter and son-in-law, keeping a small provision shop. Although she was on several occasions a victim of Peace's brutality she remained faithful to him during the years he eluded the police. She visited him under sentence of death, and it was through her that the first intimation crept out that Peace was preparing a statement acknowledging he was the man who shot Police-constable Cook whilst attempting to commit a burglary near Manchester, and for which a young man named Habron had been sentenced to penal servitude for life.

Balfour As Patron of Crown Livings.

LONDON, Jan. 12.—Mr. Balfour's duties as first Lord of the Treasury include that of patron of Crown livings, and some curiosity is not unnaturally evinced as to the type of clergyman he may select for preferment. The first valuable living that has fallen to his gift is the rectory of Nuneaton, in the diocese of Worcester, which he has just offered to the Hon. and Rev. J. G. Adderley, Warden of the Christ Church (Oxford) Mission at Poplar. Mr. Adderley is a son of Lord Norton, and has been exceedingly popular in the East End. This is Mr. Balfour's second nomination to a church living, the other being that of Mr. Musgrave Brown to the incumbency of St. Alban's, Bevington, Liverpool.

Woman Political Leader Dead.

LONDON, Jan. 12.—Lady Victoria Alexandrina, wife of Baron Sandhurst, and one of the foremost women politicans in Great Britain, is dead, aged 37 years. She was a leader in the Woman's Rights cause.

Baby Cleveland Christened.

NEW YORK, Jan. 12.—Baby Cleveland was officially christened "Ruth" by the Rev. Dr. Smith at Lakewood, N.J., yesterday. She did not shed a tear nor utter a cry during the whole performance, and when the father handed her back to the mother after the ceremony was safely ended his face beamed with pride. The affair was strictly private.

Twins or Triplets Every Time.

COLD SPRINGS, N. Y., Jan. 12.—Mrs. Ellsworth Miller gave birth to her second pair of triplets yesterday. In seven years she has given birth to 14 babies, twice triplets and four times twins. They come in pairs or three of a kind every time. Mrs. Miller is only 30 years old.

Bricks Instead of Whisky.

HALIFAX, Jan. 12.—At Halifax the other day a car of brick was loaded for Eureka, Pictou, and a car of whisky for Toronto Ont. By some mistake the cars were wrongly ticketed, and the Eureka Iron Company were surprised to receive a car of whisky, while the other consignee at Toronto was equally surprised and much disgusted in receiving a car of dry brick.

THE FAIRBANK MYSTERY

HANDCOCK ON TRIAL FOR THE MURDER OF HIS DAUGHTER.

Immense Interest Shown in the Trial—The Finding of the Body of the Dead Girl—Prisoner's Efforts To Make the Affair Seem to Have Been An Accident—The Medical Testimony.

TORONTO, Jan. 12.—Edward Handcock was arraigned before Mr. Justice Street at the Criminal Assize Court yesterday on the charge of murdering his daughter Sophia. The prisoner was brought over from jail by two county constables at an early hour and lodged in the Court House cells. Mrs. Handcock, long before the hour fixed for the court to open, arrived and took a seat as closely as possible to where the prisoner, her husband, would sit in the dock. Polly Handcock, Mrs. Einboden, Dannie Handcock, Tom Handcock and all the other members of the family were also seated near their father, who bowed and smiled in recognition of them when he was escorted to the dock. The indictment was read to him, after which he pleaded not guilty and the court proceeded with the swearing in of the jury, the prisoner remaining standing. The full panel was gone through and it was not until 21 names had been challenged by the defence and four by the Crown that the 12 men were chosen. When they had been sworn in it was found that their number consisted of three farmers and nine artisans or tradesmen of the city, the defence having made a dead set against the acceptation of farmers on the jury.

The following is a synopsis of the evidence adduced:

Mrs. Decoff's Evidence.

In all over 70 witnesses are to be called. Mrs. Annie Decoff, a neighbor, whose house is about 300 yards from the store in which the murder was committed, said the prisoner had hurried directly to her house and excitedly informed her that Sophie "was bleeding" and asked her to come over at once. She ran over, while Handcock went for Mrs. O'Brien, another near neighbor. The witness found the girl lying on her face on the dining room floor in a large pool of her own blood, which was flowing from her nose and mouth and from a terrible wound in the left side of her head, above the ear. She asked Handcock how it had happened. He said he came in for lunch, and finding it not ready had told her he would be back in five minutes. He went but a short way from the house, when he concluded to return, and re-entering the house he had found the daughter where she lay when the witness saw her. She told him to go for a doctor. He told her he had no horse and she suggested he could get one from the McFarlane's, who keep a hotel at Fairbank. He "snapped out" that he wouldn't.

In cross-examination it was shown that he had refused to go there because Frank McFarlane kept a hotel. He at once started for his son-in-law's, but being overtaken by Mr. McFarlane he got up into the buggy with him and went for the doctor.

This witness, as well as all the others, spoke of Handcock as a good neighbor and kind father.

After lunch Mrs. Mary Ann O'Brien gave her testimony. She was the next to arrive after Mrs. Decoff, whose story she corroborated.

David McComb, the letter carrier, told substantially the same story.

"That Man of Theory."

Then Isaac Dollery, whom Mr. Murdock styled "that man of theory," came to the box. He was the first man to suspect foul play and also to consider the father the probable murderer. He described the position of the murdered girl, as had been already given, and mentioned that he saw where clay had been scattered in the pools of blood. He accounted for the women's not seeing it by saying that he was more cool and collected than they. It was owing to the fact that this witness was absent in British Columbia that the trial was not brought at the last court. He had understood that the court began on Oct. 24, but while in a bar room in Victoria he heard that the case had been left over to the next court because the defence was not ready. There was a gang of men working on the Belt line at that time not far from Fairbank.

Weaving the Prosecutor's Web.

Frank McFarlane swore that he had taken Handcock up the morning of the tragedy while the latter was on his way for a doctor. Handcock had called his attention to the blood on his hands.

Mrs. Mary Lloyd, another neighbor, remembered having ridden from Wells' Hill to Fairbank last spring with the prisoner when he told her he was badly in debt, and that he had not lived with his wife for a year. She admitted this last might have meant that he and his daughter were running the shop at Fairbank, and that Mrs. Handcock kept the store in Seaton.

The Doctor's Evidence.

The next witness, Dr. Harrington, stood in the box for several hours and gave some very important and learned testimony regarding the case. He was the doctor called by the prisoner. He arrived about noon. When ascertaining the character of the injuries he had sent for Dr. Macbeth and for the necessary surgical instruments. Together they removed the pieces of bone they found embedded in the brain. The girl's condition improved in the evening, but she died about 11 that night.

The body was exhumed on Aug. 6, when particles of lead were found on the edge of the wound in the skull, and on the same day an indentation was found in the door near where the murder occurred which also contained pieces of lead. The doctor did not place much confidence in this. He was firmly convinced that the blow was dealt upward from behind with much more force than a pistol shot, as the skull was so fractured as to be almost ready to fall off when the scalp was cut away.

After further evidence was given the case was adjourned until this morning.

A Poem in Frills and Furbelows

WORCESTER, Mass., Jan. 12.—Carmencita was placed in an awkward dilemma while dancing at the Worcester Theatre Saturday night. She was pirouetting as a sort of finale when, to the unutterable horror of the ladies in the audience and the undisguised merriment of the men, a white petticoat, with frills and flounces, and things all round it, began to drop beneath Carmencita's voluminous skirts. The fascinating Spaniard, all unconscious of the tragedy that was being enacted under her skirts, danced gayly on, and it was only when she gave the last final whirl that she found her feet entangled. She cast a quick glance toward the encumbrance. There lay the white petticoat, with the frills and flounces and things a silent but terrible witness to the demoralizing effect of a hasty or careless toilet.

Carmencita was covered with confusion for an instant, then she burst into a hearty fit of laughter, kissed her hands vehemently to the audience and hurried off the stage. The audience appeared to find the adventure of the petticoat the most delightful part of the entertainment.

DOWN A BANK TO DEATH

FRIGHTFUL RAILWAY ACCIDENT IN INDIANA.

Three Coaches Go Over an Embankment and Take Fire—Several Killed and a Number Injured—Three Members of Theatrical Companies Among the Wounded.

CRAWFORDSVILLE, Ind., Jan. 12.—Between 2 and 3 o'clock yesterday afternoon the northbound Monon train ran off the track about two miles north of here at Nicholson crossing. The accident occurred on a 50-foot embankment, down which four cars rolled, the engine and one baggage car keeping the track. The trouble is supposed to be due to a broken rail.

The first passenger coach rolled over three times. It was full of passengers and caught fire from the stove, but all occupants escaped alive. The baggage and express car went over, but no one in it was seriously hurt. The ladies' coach was literally torn to pieces, as was also the parlor car. Here was the greatest damage. There was hardly a passenger on the train who escaped injury. Help was soon at hand, and in a few moments the roadway was full of the maimed on their way to the town. There were three theatrical troupes on board, one of which was the City Club Burlesque Company, and was completely broken up, nearly every member sustaining serious injuries.

The Killed.

BENJAMIN HAMBURG, Cincinnati.
A traveling man.
MADAM EINA VAN ROKEY of the City Club Company.

The injured of the City Club Company are:

Mack Rogers, badly hurt in the legs and back; Gus Rogers, back injured; Stella Clifton, legs and back injured; Helen Love, internally injured; Cora White, Syracuse, N.Y., slightly injured about the head; Fanny Everett, St. Louis, internally injured; Olla Lewis, bruised about the head; Henry C. Bryant, Philadelphia, back sprained and head hurt; Madge Larner, Pittsburg, head bruised; M. M. Ruttledge, porter chair-car, face smashed; C. N. Cromwell, roadmaster, internal injuries; John Winchester, Louisville, baggagemaster, injured about shoulder and back; George Cutter, express messenger, Louisville, internal injuries; William Snyder, newsboy, Chicago, shoulder broken; William Bishop, brakeman, severely burned; John Dills, conductor, hurt internally; Nellie Hanley, crushed, will die; Ezra Hibbs, left arm broken, right hand cut off; Mrs. Ann Hibbs, face smashed; Dr. E. Whitesides, spine seriously fractured; Dave Maltaby, Romney, eye gouged out, leg and arm broken; C. N. Cheek, Greencastle, Ind., right leg cut off below the knee; Fox, New Albany, head cut and leg smashed; Paul Allen, head crushed; Thomas Monaco of the opera troupe, hurt internally; C. F. Hoyt, side and back and head badly injured; C. V. Lowden, Salem, leg badly crushed; Eva Marshall, Ellottsville, side and face crushed; J. J. Enwright, Chicago, knee and head hurt; Melvin McKee, Chicago, head, hip and back injured.

A number of those hurt will probably die. The excitement has been intense and hundreds have visited the scene of the accident.

It was one of the most terrible catastrophes that has ever occurred on the road. The postal car went over, but Clerks Fox and Clark while badly cut are not seriously hurt.

The scenes about the wreck were heart-rending. Rescuers are now searching for the body of a little girl supposed to be buried in the debris.

More Bye-Elections.

OTTAWA, Jan. 12.—Writs were issued to-day for elections on Thursday, 28th ult., in Lincoln, Kingston, Prince Edward, Halton, Lennox, East Middlesex, East Simcoe and Peel; nominations will be held Thursday, the 21st inst.

OTTAWA, Jan. 12.—The Citizen yesterday announces editorially the appointment of Col. Ouimet to the portfolio of Public Works and Hon. John Haggart to be Minister of Railways and Canals, of which Hon. Mr. Bowell is now acting Minister. It is also said that Sir Adolphe Caron will be placed in charge of the Postoffice Department and Hon. Mr. Bowell made Minister of Militia.

Rumor to-day places Hon. J. A. Chapleau as successor to Hon. Mackenzie Bowell as Minister of Customs.

Another rumor is to the effect that W. R. Meredith will not be called in and that Mr. J. C. Patterson, ex-M.P. for North Essex, had been offered a portfolio.

The Liberal Elected.

SOREL, Que., Jan. 12.—The election today in Richelieu to fill the vacancy caused by the resignation of Sir Hector Langevin resulted in the election of Bruneau (Liberal) by 104 majority. The latter's majority in Sorel alone was 186.

The Dead and Missing.

MCALLISTER, I.T., Jan. 12.—The sister cities of South McAllister, McAllister and Krebs have the appearance of the deepest mourning. All business places were closed and draped. The sole topic of conversation and of thought is the terrible disaster that has befallen the community. The list of dead, as far as can at present be ascertained, numbers 51, with 14 missing and 57 injured.

Reducing Moulders' Wages.

HAMILTON, Ont., Jan. 12.—All the foundrymen in the city have notified their moulders that they intended to make a reduction of 10 per cent. in wages for all piece work and 25 cents a day from $2.25 on day work. The moulders will be given until Saturday next to reject or accept the offer. The foundries have all been closed down since Christmas.

Lord Mountstephen's Mother Ill.

MONTREAL, Jan 12.—Mrs. Stephen, mother of Lord Mountstephen, is very ill. It is only a short time since her husband was buried. William Stephen, her son, is suffering from a severe attack of the grip.

Shocking Death of a Halfbreed at Winnipeg Station Last Night.

WINNIPEG, Jan. 12.—A young man named Erasmusson, a halfbreed, was run over by a Canadian Pacific train here last night and instantly killed. He got on the train at Bird's Hill, a small station a short distance away, and when the train was about 400 feet from Winnipeg depot he jumped into a snowbank, but missing his footing slipped under the cars. His head was severed clean from his body and both legs were torn off. His flesh was strewn all along the track for a hundred feet.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are BLOOD BUILDERS, TONIC and RESTORATIVE, as they supply in a condensed form the substances actually needed to enrich the Blood, expel all diseases arising from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD UP the BLOOD and SYSTEM, when broken down by OVERWORK, mental WORRY, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN Who finds his mental faculties dull or failing, or his physical powers flagging should take these Pills. They will restore the lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them These PILLS will make them regular.

For sale by all druggists, or will be sent upon receipt of price (50c. per box), by addressing THE DR. WILLIAMS' MED. CO. Brockville Ont.

FRED W. WILKINS, D. T. S.

SHILOH'S CONSUMPTION CURE.

This GREAT COUGH CURE, this successful CONSUMPTION CURE, is without a parallel in the history of medicine. All druggists are authorized to sell it on a positive guarantee, a test that no other cure can successfully stand. If you have a Cough, Sore Throat, or Bronchitis, use it, for it will cure you. If your child has the Croup, or Whooping Cough, use it promptly, and relief is sure. If you dread that insidious disease CONSUMPTION, *don't fail* to use it, it will cure you or cost nothing. Ask your Druggist for SHILOH'S CURE, Price 10 cts., 50 cts. and $1.00.

The Daily Examiner is delivered to any part of the Town for 10c. a week, 25c. a month, $2.00 for six months.

Daily Examiner.

TUESDAY, JANUARY 12. 1892.

Jamaica's Start of Canada.

The Jamaicans are well pleased with the reciprocity arrangement they have just concluded with the United States, particularly as it does not entail as heavy a loss of customs revenue as had been expected. Some of them figured that the reduction of tariff demanded by the Americans would represent a loss of £100,000 or so of customs receipts, whereas the loss is only £25 000. The *Gleaner* of December 28th says:—

"The Americans need what we can send, and they will need it always, so that with their markets at our door, as it were, they and we are naturally constituted the customers one of the other. Any arrangement that allows the trade which is involved in this to be carried on as freely as possible is a gain to both, and to us it is a large one. We have no other market so convenient to us, and in the immediate future we will have none so large and so steady. The 63,000,000 of people in the United States are increasing in numbers, power and wealth more rapidly than any other of the larger populations of the world, and their growth has not, for a century to come, any visible check before it, so that to us the keeping of the road to and from the American seaboard well open is a matter of the utmost consequence. We consider therefore that the adjustment of tariff proposed is a security for the future that is well worth any little temporary inconvenience, though in our opinion it will turn out that that is a mere flea-bite."

Mr. Blaine has just sent notes to the diplomatic representatives of Austria-Hungary, Colombia, Hayti, Nicaragua, Honduras, Spain (for the Philippine Islands) and Venezuela, informing them that if they do not enter into reciprocity arrangements under the McKinley Act by March 15; duties will be imposed on the sugar, molasses, coffee and hides which they send to the United States.

Never permit the system to become run down, as then it is almost impossible to withstand the ravages of disease. Dr. Williams' Pink Pills stand at the head of all medicines as a blood builder and nerve tonic, correcting irregularities, restoring lost energies, and building up the system. Good for men and women, young and old. Sold by druggists or sent on receipt of price—50 cents—by addressing the Dr. Williams Med. Co. Brockville, Ont. dw

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

DYSPEPSIA in its worst forms will yield to the use of Carter's Little Nerve Pills. They not only relieve present distress but strengthen the stomach and digestive apparatus. dw

Just why so many people suffer pain when a remedy of known and certain effect like Hagyard's Yellow Oil may be had at every drug store, is not very clear. This peerless pain soothing remedy is a prompt and pleasant cure for sore throat, croup, colds, rheumatism, lame back, etc. Price 25 cents. dw

Children Cry for Pitcher's Castoria.

GOUGH BROTHERS
SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know that you know where you can get the values. Fair Dealing makes Fast Friends. We have had ample proof of this, and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the requirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be bettered than by your buying! A noticed point is to get value! This you can positively receive by buying your

Overcoats, Suits, Silk Mufflers, Ties, Slippers, Boots and Shoes, and Overshoes,

at our Great Sale now on. Make a Christmas Present of an Overcoat to Brother, Husband or Lover.

GOUGH BROTHERS wish their Thousands of Customers (and every Customer is a Friend) a Cheerful, Bright Christmas, and a Happy, Prosperous New Year.

GOUGH BROS,.

THE WONDERFUL CHEAP MEN, - - - - - PETERBOROUGH, TORONTO, BRANTFORD.

Honest Government.

To the Editor of the Examiner:

DEAR SIR,—Now that the ratepayers have shown by their votes that they want honest municipal government, their representatives will be expected to do their duty without fear or favour. To begin with, the council should let the market tolls to the highest bidder. This town has one of the best markets in the country, Toronto excepted, therefore, Peterborough ought to get more for the market tolls than Guelph, Belleville, Lindsay and other places, whereas, as a matter of fact they rent for about half of what these places get. The next thing thing I would call the attention of our councillors to is the fire department. The town should own the horses employed in the fire department and the street and scavenging departments, and when not so employed, repairing streets or watering them. The work should also be divided, so that one person would not monopolize the whole town work. The town spent considerable to build a new market; better accommodation should bring a better income to the town.

Yours very truly,
PRO BONO PUBLICO.

Peterborough, Jan. 10th, 1892.

A REMARKABLE CASE.—Mr. Walter Wheeler, of the Washington Mills Lawrence Mass., for two years afflicted with varicose veins, accompanied by a troublesome eruption, was completely cured after taking only eight bottles of Ayer's Sarsaparilla.

MINISTERS, lawyers, teachers and others whose occupation gives but little exercise, should use Carter's Little Liver Pills for torpid liver and biliousness. One is a dose. Try them. dw

My wife and self had dandruff and loss of it, accompanied by almost continual itching of the scalp. Anti-Dandruff entirely relieved us from both annoyance, and we think it the best preparation known to clean out dandruff, tone the hair and not as a dressing without giving an unnatural appearance.] ¢ ¢

Self Application of Electricity

FOR MEDICAL PURPOSES

BY THE

DORENWEND ELECTRIC BELT

And Attachments.

HEAD OFFICE—103 Yonge St., Toronto

THE WORLD'S BEST.

ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT of QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DECLINE and all diseases of the Nervous and Vascular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a consultant electrician, and therefore the best in the world; we defy anyone to bring proof to the contrary.

Do not steam this Belt with the hundred combinations of leather and metal with which the country is being flooded. If you want a permanent cure cheap articles will not suit you, if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book of Home Electro-medical treatment and mention this paper. J. D. TULLY, Agent, Peterborough. 2 and w

LOOK BEFORE YOU LEAP

The bleak wind rushed in at the door of the Herrick farm house as Tom flung it open, banishing in an instant its warmth and comfort and a savory odor of something good browning in the oven.

Flecks of snow slipping from his boots, made a dirty white track across the bright red and green stripes of the rag carpet, and the cat fled with a frightened spit from the old settee as he flung his wet hat upon it.

He dragged his chair close to the stove hearth and flung himself into it, clasping his fingers, red with his cold walk from the station, behind his curly black head, and scowling as only a man with such dark, bushy brows could scowl.

His sister Hulda, kneeling beside the oven, had no need to ask questions. She sat back upon the floor, embracing her knees after a childish fashion all her own, and waiting; her big, bright eyes seeming quite ready to face a great trouble bravely, until he should choose to speak. Presently he did so.

"It is all up," he said; "the case has gone against us, Hulda. We're a couple of beggars at last."

"Oh, no, Tom. We have our eyes and our limbs and strength and youth yet," said Hulda. "Not beggars."

Tom made a contemptuous motion with his head.

"Not an acre," said he. "Oh, Hulda, it was selfish of our father to leave us at the mercy of that ridiculous old will of grandfather's—selfish and cruel. I will say it."

"Tom, Tom," cried Hulda, "don't speak so of poor pa. The dearest, best father who ever lived. You sh'a'nt blame him. You know how suddenly he died."

"Oh, I know everything," said Tom, irritably. "I know that I was brought up to farm my own land; I can't be anybody's day laborer. I have no trade, no profession. I'm too old to begin to learn one; and there is Millicent; I must give her up, Hulda."

"Does she say so?" cried the sister, with flashing eyes.

"No," said Tom. "She only cries."

"Millicent always cries; that goes without saying," said Hulda, with a certain fine scorn of tears in her voice, which Tom quickly resented by a glance.

"She has reason to cry," he said. "Captain Brown told me plainly that he gave his girl to me when he thought I could support her;' and that as he had nothing to leave her—his annuity dies with him—he should 'consider the affair at an end.' "

"But it can't be at an end if you both stick to it," said Hulda. "Come, Tom, things are never so bad but that they can mend. Keep up a good heart, and trust in Providence."

"Trust in Providence, indeed!" said Tom, furiously. "You may carry that too far. Father trusted in Providence, and put off making his will; you see what comes of it. I'm out of Sunday school for my part."

"I should say you ought to go back to it at once, Tom," cried his sister, in horrified little tones; and then her brother caught up his hat and dashed out of the door.

Hulda went to the window and looked. Daylight was gone, the wintry landscape was all gray and black, lightened by a touch of snow, that rested on the bare branches, the eaves of the out-buildings and the fence-rails.

Presently she saw Tom's lantern swinging about amongst the barns and stables, and a pang cut her heart, knife-like, as she thought that the dear old place would soon belong to strangers—the place where three generations had been born and had lived.

For three long years had Calvin Herrick's son and daughter fought the law inch by inch, and all because the word "intestate" had caught their grandfather's fancy as a fine one to use in making his will.

He had left everything to his son Calvin, with the proviso that should he "die intestate," all should revert to a certain "noble charity," which he specified. Had he said what he meant, which was, if Calvin died childless, all would have been well. When the will was made Calvin was a bachelor, had "come to forty year," and hated women. At forty-five, however, he met a woman he did not hate, and married her, and there had been four children.

Two shortly lay with their mother in the grave-yard. Tom and Hulda survived. Calvin Herrick had always kept his father's will in mind and had known the need of making one of his own.

When he was found at the foot of a ladder in the barn, whence he had fallen in a fit of apoplexy, no one doubted that he had provided for the children who were so dear to him, but events proved otherwise. There was no will. The "noble charity" was not noble enough to waive its claim. In fact, the officers declared that they had no right to do so, being but trustees for the poor; and, oh! those weary three years the case was carried from court to court. What money the orphans had, went to the lawyers, and this was the end.

"But I will trust to Providence; I will hope for the best," said Hulda. "If I once let go of that, I shall die. Some one must comfort Tom, and it won't be Millicent. How many gallons has that girl wept since our troubles began, I wonder?"

And Tom found his supper ready, and his sister smiling when he came in.

It angered him to see her so cheerful. Millicent's tears seemed more sympathetic. He looked about the quaint old room, with its curious fireplace full of tiny cupboards, its high-backed settee, its tall clock, its great dresser, all the tokens of its stout hundred years upon it, (he had always been so proud of its age,) and groaned in spirit. But for shame he could have sobbed, crushed as he was by that mighty sense of humiliation which falls upon the whilom land-owner when he chances to lose his little slice of this round earth of ours. The supper left the table scarcely tasted. Afterwards Hulda sat in the Boston rocking-chair with her knitting, and Tom lay, face downward, on the cushioned settee for two mortal hours. The silence was only broken by the clock's slow ticking.

"Everything gone! Everything gone!" Tom muttered it repeated, until he came to hate it, as if it were a living thing that taunted him. At last Hulda spoke of something that was on her mind.

"Tom, dear," she said gently, "shall I buy the turkey to-morrow? I'd like to stuff it in good time."

"The turkey? What turkey?" asked Tom, almost brutally.

Usually he was the kindest of brothers, but this was not Tom, to-night.

"The Christmas turkey, dear," said his sister. "I invited the captain and Millicent two weeks ago, and the Widow Warren, and little Dick Barley, and a turkey must be dressed in season, you know."

"Do you actually think of keeping Christmas this year, Hulda?" asked Tom, in a sort of smothered fury.

"Oh, yes, Tom," said Hulda. "Why not? It's not like a common holiday, Christmas is not. You know the beautiful reason for it as well as I do. Yes, Tom, we'll go to church and keep Christmas, for all that has happened, just as we've always done."

"Will we!" said Tom. "You'll go to church alone, and eat alone, too. Catch me keeping Christmas any more, unless I set it aside as a special time for cursing the hour that I was born."

With which unrighteous speech poor Tom crashed out of the room and stumped his way up to bed.

"How awful!" sighed Hulda; "but I'm sure that God as well as I knows Tom doesn't mean that, and he shall keep Christmas. I'll buy the turkey out of my own money."

Then she bolted the door and carried the lamp off to her own room, for the kitchen was growing ghostly with old memories.

Her room was ghostly, too, for the matter of that. Never had her curly little head rested so uneasily before.

Tom's feet went to and fro overhead. Thoughts of her dead parents brought her that sick regret which most of us know only too well, and the loss of the old home was very hard to bear; but she folded her hands and breathed her simple prayer, and her last waking words were these:

"I will trust in Providence and keep the holy Christmas Day as long as I live."

(Concluded to morrow.)

Winter Sports.

The gay winter season exposes many to attacks of colds, coughs, hoarseness, tightness of the chest, asthma, bronchitis, etc., which require a reliable remedy like Hagyard's Pectoral Balsam for their relief and cure. Known as reliable for over thirty years. The best cough cure. dw

ALL disorders caused by a bilious state of the system can be cured by using Carter's Little Liver Pills. No pain, griping or discomfort attending their use. Try them. dw

Familiar Family Friends.

The family store of medicine should contain a bottle of Hagyard's Yellow Oil. Mrs. Hannah Hutchins, of Rossway, N. S., says: "We have used Hagyard's Yellow Oil in our family for six years, for coughs, colds, burns, sore throat, croup, etc., and find it so good we cannot do without it." dw

A Sensible Statement.

SIRS,—Having used your Burdock Blood Bitters successfully for some time past, I must state that for my complaint of biliousness and acid stomach I have never found an equal, and I continue to use it and recommend it to my friends and neighbors.

WHY COUGH,

WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use

Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefits I have derived for my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the winter of 1885 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 180 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—C. W. Youker, Salem, N. J.

"Last winter I contracted a severe cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Russell, Secretary Holston Conference and P. E. of the Greenville District, M. E. C., Jonesboro, Tenn.

W. H. COMSTOCK,

BROCKVILLE, ONT. MORRISTOWN, N.Y.

Some women imagine that nothing will stand the peculiar breaking strain of their forms on corset "bones."

They don't know Kabo, which neither breaks or kinks.

If B. & C. corset boned with Kabo breaks or kinks in a year, go back to the store at which you bought your corset and get your money again, every cent of it.

If the corset doesn't suit you, after wearing a week or two or three, go back for your money.

There's a primer on Corsets for you at the store.

SUN LIFE

ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,355.98
Increase over previous year	3,421,372.84
New Applications received in 1890	6,271,599.15
Increase over 1889	2,265,888.60
Cash income for year ending 31st December, 1890	889,078.87
Increase over 1889	325,936.35
Assets at 31st December, 1890	2,473,514.19
Increase over 1889	687,691.47
Reserve for Security for Policy-Holders	2,109,282.68
Increase over 1889	567,732.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	142,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec.,	1881, (five years)	$64,824 07
" " " "	1886, "	80,452 97
" " " "	1890, (four years)	232,175 69

W. H. HILL, Manager for Central Ontario.

Office: 400 Water Street, Peterborough. dw

Sliferers Beware.

The EXAMINER has been asked by the managers of the Mechanics Institute to warn those persons who are in the habit of using the reading room, and who in moments of mental abstraction carry away the periodicals, that subsequent kleptomaniac manifestations will be strongly suggestive of the restraining interference of the law.

Our Women are Fair and Lovely!

Our Canadian women are amongst the most beautiful in face and form to be found in the world, yet thousands of them are suffering from ailments which must mar their beauty and attractiveness. Many are weak, tired, sleepless, have headaches, and many other ills peculiar to their sex. Paine's Celery Compound is the true remedy for all the above troubles.

George Street Anniversary.

Last evening the George Street Methodist church was crowded to hear Dr. Johnston give his illustrated lecture. The Sunday school children were present in a body. The subject of the lecture was "From the door-steps of England, to the instep of Italy." The reverend gentleman who appeared to have quite recovered from his indisposition, gave a very entertaining and instructive lecture, interspersed with anecdotes, both humorous and pathetic. It was illustrated by dissolving views shown by the aid of a powerful lantern and manipulated by two gentlemen friends of the lecturer from Toronto. Views were shown of the principal buildings, churches, and objects of interest in Liverpool, London, Paris, Lausanne, Turin, Milan, Venice, Rome, Florence, Pisa, concluding the journey at Naples. Beautiful views were also shown of Mount Blanc, Mt. Roche, Vale of Chamouni, and the Mer de Glace. Four views of the castle of Chillon immortalised by Byron in his beautiful poem. At the conclusion of the lecture, which was listened to with intense interest by all present, a large number of miscellaneous views were thrown on the screen. Groups of statuary, flowers, and humorous pictures, the whole concluding with the evergreen "good night." A very enjoyable evening was spent, and all, both parents and scholars, appeared to be well pleased with the entertainment provided.

The Royal Rheumatic Remedy, taken internally, strikes directly at the foundation of the disease. At once relieves pain by removing the cause of disease. The cause removed, a cure is effected. dw

A Coming Musical Treat.

A telegram has been received from the agents of the Whitney Mockridge Concert Company, announcing the appearance of this thoroughly first class musical organization in Bradburn's Opera House, on Wednesday evening, January 20th. Mr. Mockridge is a peerless tenor, and is creating a furore of enthusiasm wherever he appears. He will be supported by a strong company of leading stars, vocal and instrumental, consisting of Mrs. Mayo-Rhodes, prima donna, soprano; Belle Werner Botsford, the talented violin virtuoso, Mr. Arthur Beresford, the great English basso, and Miss Hattie Mockridge, pianiste and accompanieste. Mr. T. Dana is bringing the company here, and the public may expect a musical treat of the highest order. Further particulars hereafter.

A Splendid Catalogue.

The EXAMINER has received the most handsome catalogue of seeds, bulbs, plants, etc., ever sent out in America, from the well-known Canadian firm of The Steele Bros. Co., Toronto. The immense business success of this enterprising house is wonderful. They attribute it to the high grade of seeds they supply—coupled with business energy and care. For '92 they offer Campbell's white chaff wheat, a great yielder, Early Gothland, and Golden Giant oats, three new potatoes, and the wonderful Printzeken onion, besides an endless array of novelties in flowers. Stanley's Wash Tub, Spider Lillies, Air Plant, Sword Fern, etc. They make a special offer to mail two Chinese Sacred Lillies (to plant in water now), value 40c., and their grand new catalogue, with 477 Illustrations, value 20c., all for only 25c. Farmers, gardeners and amateurs should all send for them at once.

Obituary.

The Late Arthur Rutherford.

This morning Mr. Arthur Rutherford for many years a prominent citizens of Peterborough, succumbed to a long illness. Mr. Rutherford was a native of Durham England. He came to Peterborough in 1852 and did his first carpenter work on the old town hall. Since that time he has actively carried on the building and contracting business, his name in this capacity being associated with many of the public buildings; St. John's and St. Paul's churches restorations, Nicholls and St. Joseph's hospitals, the Clarkton block, etc. His last work was the enlargement of the Collegiate Institute building. Mr. Rutherford was an active member of the town council for nearly a score of years, and for eighteen years a member of the school board, and for many years he has fulfilled the duties of an active and useful citizen. He was a prominent member of the Methodist church, a member of Otonabee lodge, and of Peterborough Lodge of the Sons of England, under whose auspices the funeral will be conducted on Thursday, at 2:30 p m

The Late John Leitch.

Mr. John Leitch, a well known citizen, passed away at his residence 509 Water street, this morning after about a week's illness. The deceased gentleman was born in Kelso, Scotland, 78 years ago. When a young man he came to Canada and settled at Cobourg where he remained a number of years, removing subsequently to Peterborough. Here he engaged in contracting and building, being associated with Wm. Toole. He was concerned in the construction of a large number of existing business and residence buildings. The last block he constructed is that now occupied by Mr. John McClelland, corner of George and Hunter streets. For the past twelve or fifteen years he has lived in retirement from active affairs, enjoying the fruits of his labours. He leaves behind him a wife, but no children. In religion he was a Presbyterian, and in politics a Liberal. Funeral from family residence at 2 30 p.m. on Thursday.

The Late Mrs. James Nugent.

Mrs. Nugent, relict of the late James Nugent, Smith, passed away to her rest on Sunday last, at the age of 84 years. The deceased lady's maiden name was Rachael Pritchard. She was a native of County Cavan, Ireland, and came to Canada with her husband nearly 60 years ago—in 1834. They settled at first in Cavan, from which, after eight years, they removed to lot 29 in the 14th concession of Smith, where they passed the remainder of their days, the husband dying about for years ago. Mrs. Nugent was a faithful member of the Presbyterian church. Of the nine children she bore—seven sons and two daughters, all survive her. The remains were followed by a large concourse of neighbors and friends to Ray's cemetery.

Personal.

Miss Taylor, of Rosalre, Niagara Falls, south, is in town visiting her sister, Mrs. W. H. Hill.

Professor Ketcham has been attacked with "la grippe" and is unable to leave his residence.

Mr. Dickson Davidson has accepted a position in Montreal and left for that city on Monday. Dickson's numerous friends wish him every success.

Professor Greenside, and T. Linfield, B.S.A., of Guelph Agricultural College, and D. W. Beadle, Esq., Horticulturist, of Toronto, are guests at the Oriental.

Mr. Geo. Y. Payne returned home from Manitoba last night, and looks as if the climate agreed with him. He has been with his cousin, Mr. J. C. Davidson, and says Jim is the same jolly fellow as ever.

Bro. W. H. Smith, D.D.G.M., Ancient Order United Workman, of Colborne, is in town to-day, and will pay an official visit to Peterborough Lodge No. 135 this evening, and instal the newly-elected officers. All members are particularly requested to be present at the regular meeting to-night.

Are You Able and Prepared?

When the back aches, and you feel unable to attend to business, rest assured that your kidneys are disordered. The symptoms cannot be misunderstood; they are serious, and demand instant attention. Paine's Celery Compound will banish all trouble almost instantly. Its effects are wonderful and lasting.

DIED.

CROZIER.—At Manvers, on Dec. 30t . 1891, Mr. James Crozier, aged 74 years.

DIED.

LEITCH—At Peterborough, on Tuesday, 12th of January, 1892. John Leitch, aged 78 years.

The funeral will leave the family residence, 509 Water street, on Thursday afternoon, at 2 30 o'clock.

Dyspepsia

Intense Suffering for 8 years—Restored to Perfect Health.

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 162 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Sarsaparilla had cured his wife of Intense Suffering Hood's dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla." 8 Years

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

Oh, What a Cough!

Will you heed the warning. The signal, perhaps, of the fare approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it? We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

The Peterborough Session of the Institute.

At the Morning Meeting Mr. J. Brown Speaks on Swine Breeding and Prof. Grenside on Horses and Horse Stables.

The second day of the West Peterborough Farmers' Institute was held in the Council Chamber of the Court House, Peterborough, this morning, the president, Mr. D. Kennedy, in the chair.

Mr. J. Brown was the first speaker, his subject being "Swine breeding." This was not carried on as extensively as it might be, perhaps owing to the mistaken idea of some farmers that it was a dirty animal, eating all *kinds of* garbage. This was not so. When properly fed and cared for, pigs supplied a wholesome and most nutritious article of food, which, when properly treated, will keep for an almost indefinite period. They should be fed on skim, buttermilk, or clear water with oatmeal stirred in it, and should be allowed to run on good grass. When so fed, they would turn away in disgust from foul garbage. It would pay farmers to raise more pigs of the early maturing kind, and they would find a ready market for them. The size the pork packer wants them is from 200 to 250 lbs. which weight should be gained, when they are about eight to ten months old. In fact a market can be found for them at almost any age, after weaning. Berkshires, Poland, Chinas, and Chester white pigs were mentioned and the speaker went on to mention some of the points that characterised the best animals. Amongst others he said that the best selling pig was one with good body, shoulders and firm good hams. The colour of a pig does not make much difference in the market price of the pork. The only difference was that black pigs were much more annoyed with flies than the white ones. The ancestry of pigs was of great importance to the breeder.

Mr. Kennedy referred to the methods pursued by farmers in the Western States, and asked Mr. Brown what was the most profitable way of feeding a hog.

Mr. Brown, in reply, said when young should be kept in a warm, dry place. They should be taken away from the mother at about six weeks old. The feed should be warmed before being given to the animals. White meal mixed with milk, and when grass was handy they could make part of their diet from it.

In reply to other questions he said an animal just proportionally formed would be of good quality. The skin did not make any difference. A small boned pig would not be desirable. With regard to killing, a hard and fast rule could not be laid down. The farmer's own judgment must be used as to the proper time for slaughtering. Some discussion here took place, joined in by most of the farmers present, various opinions being expressed as to the best time to kill. Mr. Linfield quoted from reports referring to this, from various experimental stations. After which the president closed the discussion.

Professor Greenfield then gave his lecture on, "The Economical management of horses and horse stables." This was fully reported in our account of the meeting held last week. Before the professor had concluded his address, the meeting adjourned for dinner.

A Victoria Cross Hero.

The Gallant Brother of a Smith Resident Passes Away.

Extended notice is taken in the English papers of the death of Sergeant-Major W. Lendrum, V. C. He was a son of Mr. W. Lendrum, civil engineer, formerly of Ottawa, and well remembered by many in the capital. Mr. R. W. Lendrum, P.L.S., of Vankleek Hill, and Mr. J. W. Lendrum, of Smith township, are brothers of the late sergeant-major.

THE DEAD SOLDIER'S CAREER.

The London *Times* has the following notice of the dead soldier:

We regret to announce the death of Sergeant-Major W. Lendrum, V.C., of the Staff College, Camberley, which took place at 2.30 a.m. on Saturday last. The deceased had had 46 years of military experience, 22 years of which had been spent as instructor of field works at the Royal Military and staff colleges, and sergeant-major at the latter establishment. Among those who have been awarded the proud distinction of the Victoria Cross no one's name shines out more brilliantly for deeds of valour while upholding the honour of our country's flag than that of the deceased soldier.

After a short service in the Royal Navy, William Lendrum joined the Royal Engineers, which was then still known as the Sappers and Miners, and was drafted to the Crimea as corporal of that distinguished corps.

For conspicuous bravery in the Crimean war he received the Crimean medal, the French, Turkish and Sardinian war decorations, and subsequently he received from the hands of Her Majesty herself the most prized of all rewards of valour—the Order of the Victoria Cross.

The late hero was an enthusiastic Free-Mason. His remains were laid to rest with military honours in the cemetery of the Staff College, and the London *Times* states that such a distinguished military pageant has not been witnessed since the funeral of General Wetherall, a former governor of the college.

"Who said Hood's Sarsaparilla?" Thousands of people, who know it to be the best blood purifier and tonic medicine.

Watch for Armstrong & Co's silk sale. One week of silks at such prices. 6d-4

J. R. STRATTON.

Evangelist McKibbin Labours in St. Andrew's.

Last evening, notwithstanding that there were so many other special attractions, a large number assembled at St. Andrew's to hear the Rev. Mr. McKibbin, whose labours at Ottawa and elsewhere have been so abundantly blessed. Few indeed have been so successful in this special work as he. Let none miss these meetings who can possibly be present. Bring your Bibles and hymn books. The hymn book that shall be used during these meetings will be "Sacred Songs and Solos," 750 pieces. Please secure a copy at any of the bookstores. Members of other choirs are invited and expected to take a seat in the choir, so far as room will permit, during these meetings. Provision has been made for a large number. Come then directly to the choir to assist in the singing. These meetings will be held in the different churches that have united. This week they will be in St. Andrew's church, commencing with a song service, at 7.45 sharp. There will be an afternoon meeting for all on Tuesday and Thursday, commencing at 3 p.m.

A collection will be taken at the close of each evening service during these meetings. Let the Christians then be much in earnest prayer and active in the Lord's work that a rich blessing may rest upon these services.—Com.

A True Ghost Story.

Apparition Seen by a Farmer's Son in Prince Edward County.

Mr. J. B. Ashley, a well-known resident of Prince Edward county, in a letter to the Belleville *Ontario*, Friday, relates the following ghostly experiences of a farmer's son, at whose house he boarded a few years ago. On a high ridge near the Bay of Quinte is a small burying place, and one summer's evening the boy in question was passing the enclosure when he saw a woman clad in a light dress and with a white covering over her head, walk leisurely across the grave yard from one of its gates and step near a bush in the eastern part. The boy thought it was a neighbor caring for the grave of a child, and came near to converse with her. He could distinctly see the features when by the fence and recognized them as those of a young woman of the neighborhood. He spoke to her, but received no answer, and soon after reaching the bush above mentioned, and gazing for a few minutes at the ground, the woman suddenly sank into the earth and suddenly disappeared. Then the boy was frightened, and hurrying home related what he had seen. His tale was received with ridicule by his father, but a few days after the young woman named by the boy died and was buried in the identical spot where the lad said he saw her disappear.

News Nuggets.

—There was no police court this morning.

The Fisk Jubilee singers have arrived in town, and are staying at the Grand Central.

—The January thaw has come, and has brought with it lots of influenza, or as it is more commonly called "La Grippe."

—The "beautiful snow" is fast disappearing under the influence of the sudden rise in temperature.

DAVIES

FARMERS SHOULD KNOW

More About Horse-Shoeing and Horses Feet.

West Peterborough Farmers' Institute Meets at Lakefield—Good Attendance of Farmers—Professor Grenside Explains the Structure of the Horses Feet—Rev. John McEwan Lectures on Bee Keeping—D. W. Beadle, Esq., Treats of Fruit—And T. Linfield, B. S. A., of Small Leakages on the Farm.

The meeting was opened in the Town Hall Lakefield, by Mr. Kennedy, the President of the Institute, a fair number of farmers being present. Professor Grenside was first called upon to give an address on "Diseases of the stomach in cattle."

The Professor in introducing his subject, said he would speak of two diseases of the stomach of the ox. In stall feeding the stomach is subject to a severe strain. With regard to cattle, the stomach of the ox was much larger than the stomach of the horse, and was much more subject to diseases. Ruminants were sometimes spoken of as having four stomachs. This was not so. The stomach had four compartments, the first three of which were simply a kind of storehouses. When food passes into an ox, it enters the first compartment or paunch, and then begins to move. Owing to muscular action, after the food has been moved about, the rumination or chewing the cud begins. The second compartment was called the honeycomb, but its office was not very well known. The chewing of the cud was here very fully explained and illustrated by the lecturer, and the process of digestion. The first ailment he spoke about was "bloat." When food ferments in the stomach, it causes this trouble. The kind of food most likely to cause this ailment, distension of the stomach, were foods of a succulent nature, particularly grasses and frozen roots, also heavy kinds of meal

WHEN EATEN ALONE.

This disease may be easily recognized by the bloated appearance of the left side and which feels almost like a drum. Animals, if not treated immediately when suffering from this, are in danger of the animals dying from suffocation. Sometimes it causes also rupture of the stomach and blood poisoning. When an urgent case the animal must be tapped. This may be done by piercing the stomach. An ordinary knife may be used. It was best to insert a small tube in the cut so as to allow all the gas to escape. When the case is not urgent however, a good remedy is the following.—Take 1 to 1½ pints of raw linseed oil, mix with it from 4 to 8 tablespoonfuls of oil or spirits of turpentine. Ordinary cream would do instead of the oil. This relieves the disease and the animal should then be starved for a time. A good dose of physic was then very helpful. A good purgative is 1 lb epsom salts, mix with 1 pint warm and 1 pint cold water, add to this twenty to forty drops of croton oil. This made a very effective dose. Another disease is "Mawbound," or "impaction of the rumen." The symptoms of this were: the animal ceased to eat, stops chewing the cud and was constipated. This was due to inaction of the stomach. This could be easily relieved by the purgative given above. In answer to questions, the professor said that belladonna, the fluid extract, was very good to relieve pain. The dose should be about one and a half tablespoonfuls in water. In the case of a cow that refused to eat for a length of time, when accompanied by constipation, a purge should be given first. Afterwards ale was very good as a stimulant. A little nux vomica might also be given in ale three times a day. Flat, sour or hard ale was not good for cattle.

Mr. T. Linfield, B.S.A., next gave his lecture on "Small leakages on the farm," which covered the same ground as that taken by this gentleman at the session held in Keene and reported last week.

In answer to questions, Mr. Licfield said that coal ashes were of no use as manure. It makes a good roadbed, however.

At the close of the morning session, the president briefly spoke of the advantages of belonging to a farmers' institute, and invited all present to join.

Mr. Wm. McMillan, the Emigration Commissioner of the Manitoba Government, briefly addressed the meeting, urging the claims of the Northwest upon the surplus population, and touched upon the advantages to farmers that existed there.

THE AFTERNOON SESSION

was called to order at 2 p.m.; the president, Mr. Kennedy, in the chair.

The first speaker called upon was Mr. D. W. Beadle, who delivered an address on "The Growing of Apples, Plums and Cherries" In growing fruit for market the farmer had a great deal to do with the success of this venture. It must be one of the things to receive the most prominent attention. The orchard needs constant care and watchfulness. If the farmer turns aside from his orchard and gives his attention to something else, the fruit-growing would not be a success. The soil should not be in low lying valleys, or wet, springy places. Apples do not grow well in these situations. The northern side of a hill for growing the trees is preferable owing to the spring sun not being so hard on them. Some varieties of apples could be grown for the British market in Lincoln county with success, but not in Peterborough county, such as the Baldwin. The yellow transparent and the red astrachan are good summer apples for this part of the country. A later apple which would do well in this region is the Duchess of Oldenburg. The Ben Davis was a very good and productive apple, which could be raised with advantage, and sells well in the English market, reaching there in good condition. One serious defect was that it was not of high class quality. The snow apple does not keep very well, but it finds a ready market in New York. It is troubled, however,

WITH THE APPLE SCAB.

Graham's Golden Pippin was next treated upon. It was very hardy and bears abundantly. The quality of the fruit is A 1. There will be a great demand for this apple in England when it has become better known. This is a first-class apple and will be in great demand in the English market. The Hubbardson Nonsuch was spoken of as being a very good apple, had a fine flavour, and kept even longer than Graham's golden pippin. It was also a very productive fruit. The Ribstone pippin as grown in this country were even superior to those grown in the Old Country. The king apple was a very nice one, but would not prove very profitable to the farmer. The Newton pippin could not be grown here to any perfection. The northern spy had some good qualities and also some bad ones. It was a very hardy tree and grew in the same way as the poplar. It bears well when it comes to bearing, but its very slow in beginning to bear. A good crop could not be taken from it under ten years. Grafting on other trees did not make it bear any earlier. They need very careful handling, more so even than other kinds, and they found a very ready market in England. The Pewaukee was a first-class apple and this would take a first place in the English market. It was a seedling from the Duchess of Oldenburg. Several other varieties of apples were mentioned, after which the speaker in conclusion referred to packing apples for the British market. Canadians had the reputation now of packing honestly and he urged the farmers present to try and

MAINTAIN THAT REPUTATION.

Questions were invited, and in response Mr. Beadle said that a clay loam was preferable, if possible, to a sandy loam. The best fertiliser that could be given to any kind of fruit bearing tree was hard wood ashes, spread broadcast over the orchard. With regard to plums, the Lombard was a very hardy tree, unless allowed to overbear, when they bear themselves to death. The Bradshaw, Cole's Golden Drop, German Prince, Imperial Gage and Mr. Glass' seedling were briefly touched upon, and the lecturer said the Jefferson was the plum that most nearly approached the English green gage. Spraying plum trees with Paris green was very good for curculio.

Professor Grenside was the next speaker, his subject being "What farmers should know about horse-shoeing and horse's feet." Both the farmer and the shoeing smith should know something about horse-shoeing. A horse's foot was of great consequence to a horse's value. It was a means of support for the horse and also an organ of touch. All efforts for purposes of locomotion took effect in the foot. It was easier to keep a strong foot in a state of health, than a weak one. The tendency of weakness of the feet was hereditary and transmitted to offspring. A good foot is one of proportionable size. Not too large and not too small. Some disadvantages of too large or too small feet were here enumerated. Must be of moderate size and have good horn in it, nor shelly. A horses toe should not be allowed to grow too long. Cases of ringbone have been caused by this. The hoof should be well rasped even in young colts. The principles of shoeing and the interior structure of the foot were not always well known by the blacksmith. A section of an horse's foot was here produced and the interior arrangement was fully elucidated by the professor, in such a simple, yet comprehensive style, that all present could not fail to understand. The process of shoeing was next touched upon, and the speaker said that a horse should be re-shod every four or five weeks. If this were not done, he would have corns or the toe would grow too long. There was no necessity on a farm to have the hind feet shod, particularly if engaged in ploughing. The Professor then explained how the hoof should be prepared for shoeing. After the hoof had been rasped, that was all that was needful. The knife *should not* be used in the way that blacksmiths usually did, to cut the hoof after being rasped down. The frog should not be touched, or the results will be serious to the horse. Neither the hoof nor the frog should be mutilated. The rasping of the wall of the hoof was all that was necessary. The form of shoe was next dealt with. The best shoe was one having the upper surface perfectly flat. The bevelled shoe was an injurious one. The lower surface of the shoe should be bevelled, thus giving a firmer grip on the ground. A horse should not be shod too heavily, as the horse were much more easily fatigued. After the shoes are fixed on, the outer surface ought not to be rasped. Interfering in horses was then dealt with briefly by the speaker. This was caused sometimes by the mouths not being properly fitted. The shoeing should be done as near nature as possible. A horse that has been striking should be allowed to rest until the place should be healed up. Methods of treating a horse that was accustomed to forging, were in conclusion dealt with by the professor, in a very clear and explicit manner.

The Rev John McEwan was next called upon to read a paper on "Bees and the Beehive." The reverend gentleman began by contrasting the soil of the different countries round about. Bee keeping was a source of income, when carried on in a proper manner. He jokingly referred to the general lack of enterprise on the part of Peterborough farmers, on this line; very few of them kept bees. It was not profitable to keep bees to let them take care of themselves. If the frame system were carefully adopted however, it could be made to pay. The great secret lay in having healthy queens, and by careful, watchful handling of the stock. The three classes of bees, drones, workers, and queen bees, were fully explained by the speaker in a most entertaining and practical manner, together with their propagation and domestication. In speaking of his early experience in bee-keeping, he said that he found that keeping from twenty-five to forty-five colonies of bees one would make a living. It would be a most profitable business for farmers to take up. He concluded by urging all present to take this most important matter into consideration. Double hives were far better to use than single ones. In answer to questions the speaker said he thought Italian bees were best to keep. The cost of commencing was only about $5 a colony for this kind of bee. A double hive was one hive inside another, leaving an air wall between, thus keeping a

MORE EQUABLE TEMPERATURE.

A vote of thanks was moved and seconded to the Rev. John McEwen for his able and instructive address. This was carried unanimously, and the reverend gentleman briefly replied.

CORN AS A FODDER CROP

was the subject dealt with by Mr. T. Linfield, B.S.A., in his usual exhaustive and happy style. The address was fully touched upon in the report of the Keene meeting last week At the close a few questions were asked by the farmers present, which being answered by Mr. Linfield, the session closed.

THE EVENING SESSION

was well attended, a large number of ladies also being present. Prof. Grenside gave a short practical talk on "Horse Education," and D. W. Beadle, Esq., was heard on "Small Fruits." Mr. T. Linfield, B.S.A., gave a very interesting and instructive account of a course at the Agricultural College, Guelph This was listened to with great attention by all present. During the meeting a programme of vocal and and instrumental music was well rendered, and a very enjoyable evening was spent.

The great popularity of Ayer's Pills as a cathartic is due no less to their promptness and efficacy than to their coating of sugar and freedom from any injurious effects. Children take them readily. See Ayer's almanac for this year, just out.

Failing Fast.

Dear Sirs,—My mother was failing very fast after three months' suffering from dropsy being swollen from head to foot, but after she had used one bottle of your Burdock Blood Bitters it was removed, and she felt quite well. We think there is no better medicine, and are true friends to B.B.B.

"German Syrup"

Martinsville, N.J., Methodist Parsonage. "My acquaintance with your remedy, Boschee's German Syrup, was made about fourteen years ago, when I contracted a Cold which resulted in a Hoarseness and a Cough which disabled me from filling my pulpit for a number of Sabbaths. After trying a Physician, without obtaining relief—I cannot say now what remedy he prescribed—I saw the advertisement of your remedy and obtained a bottle. I received such quick and permanent help from it that whenever we have had Throat or Bronchial troubles since in our family, Boschee's German Syrup has been our favorite remedy and always with favorable results. I have never hesitated to report my experience of its use to others when I have found them troubled in like manner." REV. W. H. HAGGARTY, of the Newark New Jersey, M E. Conference, April 25, '90.

A Safe Remedy.

G. G. GREEN, Sole Man'fr, Woodbury, N.J.

MR. KIPLING, SENIOR.

A CURIOUS BOOK BY THE FATHER OF RUDYARD, THE NOVELIST.

Legends of an Eastern Land—Where the Kine Never Low—Why Monkeys Don't Talk—Some of the Sketches Which Illustrate the Work.

Rudyard Kipling's father, John Lockwood Kipling, has just published a book entitled "Beast and Man in India." He says that neither ox nor cow ever lows in India. Native students are often puzzled by the line in Grey's elegy "the lowing herd that winds slowly o'er the lea," "Sir," they ask the professor, "What is lowing?"

"The Indian herd, returning to the village, drifts across the wide, grey plain

A PAINTED ELEPHANT BY MR. KIPLING.

silent as the dust cloud that accompanies them." The herdsman is vocal, though not one European in a hundred may understand his rustic chant. The peasant's talk is more intelligible.

When his women folk walk with him they follow respectfully an ordained number of paces behind, and he flings his conversation over his shoulder. A common gibe of Anglo-Indians is that the talk is always about two things—money or food, and there is some truth in this. Sometimes women are the topic; but then the speech is not so loud, shoulder inclines to shoulder, and heads roll with chuckling laughter. In the talk of very poor people there is a curious habit of endless repetitions.

WHY MONKEYS DON'T TALK.

Natives believe that monkeys only refrain from speaking lest, having shown their intelligence, they might be compelled to work. Pious Mahommedans say that the cry of the black partridge is to be translated, "Thine, O Lord, is the power"; while the Indian ring dove, they aver, has persistently cried, "Yusuf Ku" ("Joseph is in the well") ever since its ancestor made this remark when Joseph's brethren showed Jacob his blood-stained coat.

KINDNESS TO DUMB CREATURES.

Mr. Kipling tells a good story about himself. Traveling in Kashmere, he was urg-

A FUNNY BED-FELLOW.

ing on a native the advantages of treating animals kindly. The man was a Mahommedan, so, by way of improving the occasion, Mr. Kipling related how the Prophet once cut off the flap of his coat rather than disturb a sleeping cat, his pet:

"Yes," said my friend, the leader of a gang of kahars or porters, "the sahib spoke the words of truth; it is wrong to ill-use creatures whom God has made. Once before it was my fortune to listen to similar talk from a sahib who also knows of the Prophet. This sahib was a model of virtue; he also would not allow mules or ponies to be beaten, and his regard for men was such that he insisted on paying them double the usual daily rate, while to me—such was the virtue of that sahib—he gave a handsome present."

PAINTED ELEPHANTS.

Mr. Kipling is at great pains to convey a true idea of the character of the elephant, the essential quality of which he takes to be gentleness. He also tells many curious legends about the animal, and about Ganesha, the elephant-headed god, who is not less popular than the monkey-god. The dressing of the elephant for parade is also described. This, although an elaborate process, is not really much more difficult than the dressing of a child for church. The most remarkable part of the process is the painting of the forehead, trunk and ears, which follows a thorough washing. "The designs are often good, and the whole corps, excepting always the elephant himself, is deeply interested. His mind and trunk wander, he trifles with the colorpots; so with each stroke comes an order to stand still. Some mahouts are quite skilful in this pattern work."

INDIAN OXEN.

Mr. Kipling expresses much admiration for Indian oxen, of which he says that it is with them as with the people of India—"the more you learn about them the more you find to interest you." One of the cuts represents roughly the range of their size. Even larger beasts than the largest shown sometimes occur. The smallest belongs to a miniature race, which is not much bigger than a Newfoundland dog. This little creature is exquisitely finished in every detail of ox form, it is full of life and spirit, and when harnessed to vehicles of a suitable size, it trots at a great pace.

IN BED WITH ITS MASTER.

The cheetah is frequently allowed to curl itself under the same blanket with its

THE SMALLEST AND LARGEST OF INDIAN OXEN.

keeper. The keeper, when his bedfellow is restless, "lazily stretches out an arm from his end of the cot, and dangles a tassel over the animal's head, which seems to soothe him." In the early morning Mr. Kipling has seen a cheetah "sitting up on his couch, a red blanket half covering him, his tasselled red hood pushed awry, looking exactly like an elderly gentleman in a night-cap, as he yawned with the irresolute air of one who is in doubt whether he will rise or turn in for another nap." This is mentioned as an instance of the curious intimacy that exists in India between animals and those who have charge of them.

Can You Rely

Upon Hood's Sarsaparilla as a positive remedy for every form of scrofula, salt rheum, boils, pimples and all other diseases caused by impure blood. It eradicates every impurity and at the same time tones and vitalizes the whole system.

Constipation and all troubles with the digestive organs and the liver, are cured by Hood's Pills. Unequalled as a dinner pill.

The Head Surgeon

Of the Lubon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada.

Dr. Low's Sulphur Soap is a delight shampoo. It cleanses the scalp and darkens grey hair.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

Worms cause serious sickness. Dr. Low's Worm Syrup destroys and expels all kinds of worms quickly and surely.

Thanks to J. H. Adams.

As through him I have been freed from chills, biliousness, liver troubles, etc., etc. St. Leon Water did it; is the best medicine I ever found; is so good I tell all my acquaintances to go to your store in Brantford and get a supply. Truly, St. Leon is marvelous. A trial brings conviction. dw

Small Sugar-coated Burdock Pills do no gripe or sicken. They are mild and effectual.

Biliousness—Fever and Ague.

So pleasantly do Dr. Morse's Indian Root Pills search out and drive away the seeds of disease that all persons living in a country where fever and ague, and all other bilious diseases, are prevalent, will find they should never be without them. From two to four pills each night upon going to bed, will, in a short time, drive away the sickly yellow look of bilious persons, and bring to their cheeks a beautiful glow of perfect health. Dr. Morse's Indian Root Pills are sold by all dealers in medicine.

A Sensible Man

would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merits of this great remedy. Large bottles 50c. and $1. dw

News About Town.

It is the current report about town that Kemp's Balsam for the throat and lungs is making some remarkable cures with people who are troubled with coughs, sore throat, asthma, bronchitis and consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles cost 50c and $1. dw

Dyspepsia.

This disease may be traced to a variety of causes, such as constipation, liver troubles, improper food, etc. There is one cure—Burdock Blood Bitters—which may be thoroughly relied on to effect a permanent cure. It has cured obstinate cases of 25 years' standing. dw

Children Cry for Pitcher's Castoria.

CARTER'S LITTLE LIVER PILLS.

A WOMAN'S CUNNING CAUSED THE MAHDI'S DEATH

Poisoned by His Slave—The Duke of Clarence's Illness—Serious Charge Against the British Government—Accused of Encouraging Slavery—The Egyptian Succession.

CAIRO, Jan. 12.—Father Ohrwalder, the priest who escaped from the Mahdists after nine years of captivity, confirms the report that the Mahdi was dead. Father Ohrwalder said he was tired of warfare and withdrew to Obduram to enjoy a life of licentiousness. Among the prisoners who had fallen into the hands of the Mahdi was the daughter of a wealthy citizen of Khartoum. This citizen had refused to accept him as a successor of Mohammed and opposed his schemes. Consequently when Khartoum was captured by the Mahdists his property was confiscated, all his children except his daughter were butchered and his wives were sold into slavery. The fanatical Arabs were struck by the beauty of the girl, and she was accordingly carried to the Mahdi and presented to him. The girl to avenge her wrongs determined to take revenge. She selected for the Mahdi a poison that, while it was sure to produce death, yet was quite slow to bring about the desired result. The poison she placed in a cool drink intended for the Mahdi, and then she gave the cup to her master. He partook of the draught from the hands of his slave, never dreaming for a moment that she was meditating his murder. Everything worked according to the girl's calculations, and shortly after the Mahdi had drunk his cooling drink the effects of the poison began to manifest themselves. Arab doctors were summoned to him, but all their efforts were in vain. The girl had selected a poison that baffled the attempts of the doctors to save her victim. For eight days the Mahdi lingered, suffering all the time the most excruciating agony and torment before death relieved him of his pain.

Father Ohrwalder gave a detailed account of the terrible sufferings he and his companions had undergone during their captivity in the Soudan. In April, 1882, a dervish force was sent by the Mahdi to attack the Austrian mission station in South Kordofan and reduce it. The missionaries attached to the station made a gallant defence, and for five months they stood out against the besiegers. At the end of that time, through treachery of a native, the gallant band of priests and nuns who were working with them fell into the hands of the dervishes. The nuns were sent to the Mahdist captain at Rahid Camp. Upon their arrival they were nominally married and forced to live the lives of Moslems. They accompanied the forces of the Mahdi to Khartoum and were present at the capture of that city. After that time they lived at Obduram nominally free, under the strictest surveilance.

Gruesome Discovery at the London Tower.

LONDON, Jan. 12.—The ground which the Second Battalion Grenadier Guards made use of for parade at the tower is understood to be the site of an ancient burying place. The excavations therefore which are being at present carried on for the purpose of improving the drainage are being made under the most careful supervision. The contractors are forbidden to dig up more than three feet broad at a time, though in depth they may go to some 16 feet, so as to disturb as little as possible the remains that may be beneath the surface. Whilst excavations were being made at the foot of the south wall of St. Peter's Chapel a leaden coffin was exposed to view. This on being opened was found to contain the body of a man in an excellent state of preservation. Decomposition had not set in. The features were plainly distinguishable, and the head was thickly covered with dark brown hair, which was undisheveled, and evidently in the state in which it was arranged at the time of sepulture. The remains were those of a man of over six feet in height and well proportioned. He must have been of some distinction, otherwise the body would not have been placed in a leaden coffin.

Paris' Latest Horror.

PARIS, Jan. 12.—The well-known Parisian manufacturer of portable stoves, named Chubersky, a man of large wealth, and whose showy stock on the Boulevard Montmartre is familiar to all visitors in Paris, left his home in the city on Jan. 1, saying he was going to Russia. He arranged with his wife that she was to follow in a few days and meeet him in St. Petersburg. The wife, in accordance with this understanding, is now in St. Petersburg, while his dead body was found early to-day on the floor of his dressing room in his summer residence on the Avenue Victor Hugo. His house on the Avenue Victor Hugo is untenanted at this season, and it was quite accidental that one of the employes in his factory, which is close by, went there upon some errand and found the body, with a revolver at its side, a bullet hole in the head and a blood-stain on the carpet.

Cinnamon As a Microbe Killer.

LONDON, Jan. 12.—There is certain to be a boom in the price of cinnamon if the experiments made with this spice by Chamberland in Pasteur's laboratory are confirmed. It is generally known that our ancestors used to drink mulled wines and other beverages of a light nature in which strong doses of cinnamon were infused. According to Chamberland they hit upon the best preservative from any infectious microbe for he says that no living germ of disease can resist for more than a few hours the antiseptic power of the essence of cinnamon, which he declares "is more effective in destroying microbes than corrosive sublimate, and even its scent kills them while it does no harm to human beings."

Alarm in Tangier.

TANGIER, Jan. 12.—The rebels are evidently gaining in strength and boldness. They have possession of the trade routes running into the interior of the country and it is believed that through this means they have been enabled to supply themselves with large quantities of provisions, etc., destined for Tangier. At least one Moorish caravan has fallen into their hands. The rebels seem to have no fear of the forces of the Sultan, for they are now approaching the city.

The Egyptian Situation.

PARIS, Jan. 12.—The Soleil says: France being alone in opposition to England, and M. De Freycinet having presided over the Cabinet which allowed England to enter Egypt alone, it is more than probable that the Government will do nothing whatever with regard to Egypt, especially as Turkey is certain to back out of any difficulty.

CONSTANTINOPLE, Jan. 11.—The Sultan gave audience to the French Ambassador yesterday. In the course of the interview the Sultan said he thought it right to keep to the letter and spirit of the compact made with Egypt by Abdul Aziz. It has been agreed, he said, that Egypt should be independent, and he was not going to quibble about this subject, but, by plain, fair dealing, he was going to avoid dangerous responsibility. He consented, therefore, that Abbas Pasha should succeed his father.

Adequate Satisfaction For Its Offence.

PARIS, Jan. 12.—La Liberte announces that the Bulgarian incident is closed, the Bulgarian Ministers, in a meeting at Sofia, having decided to give adequate satisfaction to France.

It is said that the French Ministry is decidedly relieved by this result, and that the satisfaction awarded is merely an unsubstantial pretence conceded by Bulgaria to cover the French retreating on the extreme demand for satisfaction in the first place.

The French Cabinet found that not even Russia was willing to sustain any decidedly aggressive measures, and that the Porte was also unwilling to antagonize the Bulgarians. It is understood, however, that the Porte was influential in inducing Stambuloff to give France the opportunity for a graceful adjustment.

Marengo, a correspondent in Paris of certain Turkish newspapers, has been conducted to the frontier under a decree of expulsion. The charge is that he has been misrepresenting the affairs with Bulgaria and other matters affecting France in his correspondence. In some quarters the act is looked upon as a rebuke to Turkey for not actively espousing the cause of France in the Chadouine affair.

The Prince's Illness.

LONDON, Jan. 12.—Alarm has been caused in royal circles by the illness of the Duke of Clarence and Avondale, oldest son of the Prince of Wales. When the news of her lover's condition was carried to the Princess she showed the deepest anxiety and wanted to go immediately to his side. Enquiries are pouring in from all quarters as to the duke's condition. Should the duke become a victim of the disease which has been playing havoc in England and on the Continent, his place as heir to the throne after the Prince of Wales, would be taken by the sailor prince, George, who is a more popular favorite than any other member of the royal family. Already there is speculation on this subject, although at present there is no reason to apprehend a fatal result of the duke's malady.

The following telegram was received at Marlborough House from Sandringham tonight: The illness of the Duke of Clarence pursues a somewhat severe course, but his condition and strength are favorable.

Death Through a Wager.

LONDON, Jan. 12.—Some details of the death at Belgrade of the Hon. Ernest Lyon are given by The Daily News Vienna correspondent, who writes: "There had been a dinner at the British Minister's house and Mr. Ernest Lyon, who is the third son of the Earl of Strathmore, left the assembled party at 11 at night to ride to Topschider. Half way to that castle, near the brewery of Weifurt, he fell from his horse and lay on the ground senseless and covered with blood. At midnight the horse came home without the rider. His friends immediately set out to search for him. They found him, but he did not recover his senses and died at 2 o'clock. Later telegrams from Belgrade state that rumors are current to the effect that Mr. Lyon risked his life by violent riding in trying to win a bet. He had made a heavy wager with some Englishmen to cover on horseback a distance of 15 kilometres, from Belgrade to the station at Ripanj, sooner than the train. He thus lost both his life and the wager."

The Old Story with the Same Ending.

WINDSOR, Jan. 12.—Edith Boyd, taken to Grace Hospital, Detroit, Saturday night suffering from laudanum poisoning, is out of danger and admits she took it with suicidal intent. Her maiden name was Edith Rachel Boyd and her home Toronto. When 15 years of age she was betrayed by a railroad brakeman and they eloped to Windsor, where they were married. After her child was born, about nine months ago, they quarreled and separated. For some time she has been living at 268 Jefferson-avenue. She was driven to the deed by brooding over her troubles.

INTERESTING ITEMS BY WIRE.

Walt Whitman has had another relapse.

The street car strike at Indianapolis, Ind., continues.

Governor McKinley of Ohio was inaugurated at Columbus yesterday.

The United Senate yesterday ratified the Brussels anti-slavery treaty of July 2, 1890.

By a gas explosion at Bridgeport, Conn., yesterday a building was wrecked and two men killed and several injured some of whom will die.

At Boston yesterday Judge Coller of the United States Court decided that common goat hair is entitled to be entered free of duty. A duty of 12 cents per lb, has been collected and the decision involves millions of dollars.

There has been issued an imperial decree which extends to Finland the prohibition of the exportation of wheat from the Russian empire.

The heavy snowfall in the north of Ireland has greatly impeded traffic. The roads in many places are utterly impassable. At Tyrone a funeral procession became lost in the storm and it was found necessary to abandon the hearse in a snow drift.

Severe snowstorms continue throughout Great Britain. Traffic is badly interfered with. A blinding snowstorm prevails in Vienna. At Valencia, Spain, a violent storm has caused much damage.

Two Nihilists have been arrested in Moscow. It is said there is evidence that they laid bombs with an electrical attachment under the line over which the imperial train was to pass. The plot was discovered through an anonymous letter sent to a Government official.

The Italian College of Cardinals has been divided on the subject of resuming pilgrimages from France and other countries. The portion headed by Cardinal Parrocchi seems to have carried the day and the pilgrimages will be resumed immediately after Easter.

As the result of Emperor Williams strictures upon immorality the police are making sweeping evictions throughout the entire districts in Berlin' slums. Their proceedings have revealed a dreadful state of overcrowding in these noisome localities, including the huddling together of persons of both sexes in rooms unfit for habitation and completely lacking sanitary appliances.

Necessary for Man and Woman!

Sound sleep is necessary when the strength and spirits are exhausted by hard labor or severe mental efforts. To the sleepless we would say, use at once Paine's Celery Compound which will give quiet and rest to the over-taxed nervous system.

An old smoker declares that he has been using "Myrtle Navy" tobacco ever since the second year of its manufacture, and that during that time he has never suffered from a blistered tongue or parched tonsils or any other of the unpleasant effects which most tobaccos will leave behind them. His experience, he says, is that no other tobacco which he has ever tried is quite its equal, and that in value for the money "no other comes anywhere near it."

IMPORTANT.—*Capilline* contains no noxious substances like so many other Hair Restorers, but to the contrary it is the best Hair Tonic and at the same time the most agreeable Toilet Article. 1d
